## HOME TOWN Talk

about this time every year there is no reason why there should not be about football. It's way of life, and is the most popular of sports, and seems to be in popularity each year and that is possible.

It has not always been so. In fact, it was once banned in England, for a period of about 300 years.

There are differences of opinion as to the origin of football, just as there are differences regarding everything under the sun. Some say it is descended from a game called harpaston, which was played in medieval times, and was a spectator sport of most of the population. Then, there were 27 on a team, and line and formations similar to modern football were used.

## Girl Scout Drive Now In Progress

The current campaign to raise funds for the operation of the Winters Association of the Girl Scouts will close Saturday, Sept. 28, John Gardner, chairman of the drive has announced.

Gardner, assisted by Mrs. W. L. Collins and others are conducting a planned campaign to raise money to see the local Girl Scout organization through another year. Mrs. Collins is chairman of the VFW and VFW Auxiliary Girl Scout committee.

In asking people of the Winters community to lend their full support to the campaign, the campaign committee members have pointed out that "Girl Scouting is built on the democratic philosophy on which our country was founded. Helping others, giving service whenever and wherever it is needed, working with a group toward a common goal and developing qualities of leadership, are some of the many things packed into the Girl Scout program, they said.

Beginning this fall, Girl Scout troops will operate in four age levels, they explained. The Brownie Girl Scouts will consist of girls in the 7 to 8 year bracket; Junior Girl Scouts, 9, 10 and 11 years; Cadette Girl Scouts, 12, 13 and 14 years; and Senior Scouts, 15, 16 and 17.

The Winters Association is under the supervision of the Heart of Texas Council, it was explained. This affiliation entitles the Winters Association to direct services in the way of professional training and guidance.

More leaders are needed to work with the Girl Scouts, Association members said. Persons interested in helping to promote the advance of the program, which embraces teaching emphasis on honesty, integrity, alertness, understanding of and compassion for others, are urged to volunteer their services.

In the current campaign to raise funds, it is possible that some people will be missed, the committee explained. In such case, contributors are asked to call John Gardner, PL4-2331, or Mrs. W. L. Collins, PL4-4131, and contributions will be picked up.

**P. O.'s Mr. ZIP Becoming More Popular With Mailers**

Although just a bit more than six weeks old, Mr. Zip, the Post Office Department's new baby, is becoming more and more popular with patrons of the post office.

Winters Postmaster Rankin Pace said that people have accepted the Department's new idea to help speed the mail on its way, and are using the ZIP number in ever-increasing numbers.

Post offices in big cities where mass mailings are made probably will benefit more from the new number system than smaller offices, Pace said, but it has been of considerable help in the smaller cities such as Winters. For example, he said, many times when letters are addressed by hand, the address is illegible; if the ZIP number is included in the address, the letter can be dispatched immediately.

Most companies and individuals who have return addresses printed on their envelopes are using the new ZIP code, Pace said. This encourages the use of the number by those receiving the mail, he said.

**Committee Plans For Open House For New Library**

Open house for the Winters Library, which recently moved to new quarters on North Main Street, has been planned for Sunday, Oct. 13, from 3 to 5 o'clock.

A meeting of the committee to make arrangements for the affair was held Tuesday evening. The committee has asked that any gifts which visitors attending the open house might bring be additional books for the library.

Present for the meeting were the Rev. Edgar Graham, Mrs. Noel Reid, Mrs. A. W. Holck, Mrs. Sam Jones, Mrs. Douglas Cole, Mrs. Bob Hatcher and Mrs. Ted Meyer.

## Gas Tax Forms Available At C. of C. Office

Mrs. B. B. Bedford, secretary-manager of the Winters Chamber of Commerce, announced this week that her office has a supply of forms to be used by farmers in claiming refund of federal tax on gasoline used on farms.

Mrs. Bedford said there would be no charge for the forms, and that this is one of the many services provided by the Winters Chamber of Commerce.

## Work Begins On New Paving On Rogers Street

Preliminary work was started this week on paving of Rogers Street, from East Pierce north to the Novice Highway. The contractor who will do the paving was scheduled to begin his part of the work sometime this week. Work now being done is by the City street department.

A total of 2260 feet on this street will be paved, 30 feet wide.

More new paving is promised for this year, with plans going ahead to complete one and one-half blocks of North Concho. There also are plans being discussed to pave short sections of other streets in the city.

Residents and property owners were again reminded this week that if paving is desired this year, completed plans must be ready within the next few days. After this present paving project is completed, no more will be undertaken until next spring, it was announced.

## Rural Carriers Met In Winters September 14th

The Concho Valley Rural Carriers Association met at Vernon's Cafe in Winters Saturday, Sept. 14, with W. L. Collins of Winters, president, presiding.

Ray Hollingshead, Winters carrier, gave the invocation, and routine business was conducted.

The next meeting will be held in Ballinger on December 7, for a Christmas party and election of officers. Mrs. E. H. Forgy of Ballinger, president of the organization's auxiliary unit, will be in charge of the December meeting arrangements.

Present at last Saturday's meeting were Mr. and Mrs. E. H. Forgy, and Mr. and Mrs. L. W. Murray of Ballinger; Frank Coker of Paint Rock; Ray Hollingshead, Mr. and Mrs. R. D. Collins and Mr. and Mrs. Weldon Collins and Sherri, all of Winters.

**ENTERS TEXAS TECH**

Gary Vaughan left Wednesday for Lubbock to enroll at Texas Tech for the fall semester, to begin his sophomore year.

## Council Approves Purchase Of New Garbage Truck

Winters City Council last week approved the purchase of a new truck and garbage pick-up unit for use by the City Sanitation Department. The new unit will replace a truck which has been in service for about seven years.

Purchase of the unit and truck was made after study of bids which had been submitted by several companies manufacturing such garbage units, and submission of bids by local truck dealers.

Delivery of the unit will be made within about eight weeks, it was estimated. Total cost of the truck and unit will be \$7,876.08.

The unit will be mounted on a Chevrolet truck, purchased from Waddell Chevrolet Co. of Winters.

The garbage unit itself is a Collectomatic Mark II, manufactured by Heil Company of Milwaukee, Wis. The truck will be delivered to Milwaukee, where the garbage unit will be mounted, and then delivered ready for service in Winters.

The new garbage pick-up unit will have a capacity of 16 cubic yards, considerably larger than the unit now in operation. Loading will be from the rear, with automatic hydraulic packing. With this new unit, city officials said, it is hoped that better and more efficient pick-up service can be maintained. The larger capacity will make for fewer trips to the dump grounds, hence providing for a possible increase in the frequency of collections, it was hoped.

## School Enrollment Climbs To All-Time High For Winters

Student enrollment in Winters Public Schools has climbed to a record ten-year total, and probably to an all-time high. School Superintendent James B. Nevins said this week.

For the first week, 1101 students were registered. During this week, the third week of the 1963-64 school year, the total reached 1199. This is more than a hundred additional students over the 1080 reported for the same time last year.

Of the total number, 405 students are coming to Winters schools by bus, Supt. Nevins said. Total enrollment includes 15 children enrolled in Alder Elementary School, it was reported.

Supt. Nevins stated it is expected that as many as 1200 students will be enrolled in Winters schools within the next week.

## Cotton Crop Is Earlier This Year Than Last

Earlier maturing cotton has been the cause for an increase in the number of bales ginned by local gins this year, over the total for the same period last year.

Representatives of Winters Warehouse Co. said that 1493 bales had been ginned to Wednesday morning. This is slightly more than had been brought in at this time of the season last year, they said.

Cotton comes in to the Winters warehouse from two gins in Winters, and two in Wingate.

## Pvt. Earl Workman Completes 3-Week Anti-Tank Course

Army Pvt. Earl D. Workman, 18, son of Mr. and Mrs. Albert R. Workman, Route 3, Winters, completed a three-week antitank platoon training course at The Infantry Center, Fort Benning, Ga., Sept. 6.

During the course Workman received instruction in the techniques, procedures and maintenance requirements of the antitank platoon.

He entered the Army last February and completed basic training at Fort Polk, La.

He is a 1963 graduate of Ballinger High School.

## Looking For Win No. 2!

# Blizzards Meet Brady Friday

The Winters High School Blizzards, undaunted by their defeat at the hands of Mason last week, go out of the district again Friday night, to meet traditional rival Brady.

The Big Blue team will be meeting the Bulldogs on an equal basis, so far as the season record is concerned. Brady suffered a loss to Ballinger in their first game of the season, 28-24, a squeeze-out, and then won over Lake View 36-6 last week. Winters chalked off Triple-A Colorado City 22-8, and then lost to Mason 6-0.

## AROUND THE 6-AA FOOTBALL LOOP

The armour of District 6-AA was pierced slightly over the past weekend, but the wound would appear to be only superficial, as the district girded itself for another attack from outsiders again this week.

The armour-piercing was accomplished by the highly-touted Mason Punchers, who kept the Winters Blizzards from the scoring line, and marked up six points.

The other five teams of the district held their own against invaders, in pre-conference games which serve only to get district squads in condition for the inter-district squabbles which begin in about three weeks. District combat teams rolled up 86 points to opponents' 44 last week.

The leadership of District 6-AA is still up for grabs, with the Blizzards still the favorite for the championship, even in the face of their loss to Mason. As one football fan quipped, one swallow does not make a whole drink.

This week, the Blizzards travel to Brady, an old rival in football. Brady has a 1-1 record, having fallen to Ballinger 28-24 in their opener, and then swamping Lake View 36-6 last week. This week's game has the makings of a considerable skirmish.

Ballinger stomped San Saba last Friday night, 21-6, for their second win of the season. FB Grant Lee was credited for two TDs in that encounter, in which first downs were close, Ballinger 12, S-S 10. Rushing yardage made a big difference, as the Bearcats tallied 162 to S-S's 45. Ballinger has 49 points for opponents' 30 this season. The Bearcats rest this weekend.

The Hamlin Pied Pipers, who lead the district in points scored this season, with 62 to 19, whipped Childress 21-12 Friday night, in a see-saw contest at Hamlin. They take on the Spur Bulldogs at Hamlin Saturday night.

Haskell, with a 2-0 record, scoring 60 to 32, hosts Burk Burnett this weekend. They rolled over Clyde Friday night, 25-14, but with lower rushing yardage figure 136-193, and lower passing yardage, 30-88.

Stamford, the only squad in the district to hold their position to a zero count, but racking up only 27 points on their own this season, blanked Cisco 6-0 Friday night. Their score came in the second play of the game, and they played defensive ball the rest of the evening. The Bulldogs go to Seymour this week for a try at the team beaten 33-18 in the season's opener by Haskell.

The Anson Tigers wrapped up Iowa Park last week, 13-6, using the air for their attack. They outpassed the Hawks, but trailed in rushing yardage, 80-139. Anson meets the high-ranking Single-A Albany Lions at Albany this week.

Coach L. G. Wilson said this week that the Blizzards are in good shape and will be ready to go against Brady. No injuries are reported, and the entire squad will report for duty. Their loss at Mason has not hurt their spirits, and they are determined to keep their name on the top of the list as favorites in 6-AA. Although they lost their second game—to a much stronger team, undoubtedly—their attitude has been that each game adds just that much more experience, and their eyes are on the district games three weeks hence.

Friday night will be "Dad's Night" at Brady, and the Bulldogs will be out to show Papa their prowess in the game of football. Brady has 16 returning lettermen, with several of these top-hands. They make up a smooth, sharply-honed squad, and will be out for revenge for the 40-0 drubbing they took from state semi-finalist Winters last year.

## September Rains Bring Total To 20 Inches For '63

Local showers during the first half of September brought total rainfall for Winters proper to 20 inches for the year.

Other sections of North Runnels received considerably more rain than Winters, while some received only traces during the first 15 days of the month.

Hard local showers last week gave an indication of much more rain falling than actually was gauged. On Sunday, showers fell in areas south of town, but only a trace of moisture was received in Winters.

## ROGER BABSON

### Back-To-School Buying Second Only To Christmas and Easter Season Sales

Babson Park, Mass. Every fall I become interested all over again in the continuing expansion of our school system, affecting every part of our country. Being an economist, I am particularly fascinated by the impact of the "school explosion" on many different business fields.

**Back-to-School Sales Bonanzas**  
 It is estimated that this season will see approximately 50,000,000 youngsters going to school, some for the first time, most of them moving up the education ladder. Practically every state in the union is spending more and more money on public schooling, trying desperately to keep up with the enormous increase in the total of young citizens. Think what these unending expenditures mean to dealers in cement, stone, bricks, steel, glass, gravel, tile, lumber, and a wealth of additional items involved in building, furnishing, and operating schools.

At this season, department, discount, variety, and chain stores are crammed with mothers and their youngsters buying a vast variety of back-to-school essentials: Pencils, notebooks, typewriters, shoes, raincoats, dresses, suits, sportswear, and many more. In fact, back-to-school buying is the third-largest merchandising event for such stores—exceeding only by Christmas and Easter Sales. This year, purchases in the field are topping those of last year by approximately 5 percent, reflecting the climb in consumer spendable income. My studies of population trends show that there will be no letdown in school building or in the purchase of school supplies for many years to come.

**Ripples Widening Out**  
 As a matter of fact, I look for the climb in school costs to have a steadily more powerful effect on business in general over the years ahead. One line that has been radically changed by the swift growth of school-agers is textbook companies have to run full tilt all the time to keep up with the need not only for more books but for new books with a

modern slant. Educational processes have been changed greatly, and new teaching approaches are generally employed. This means a great boom for textbook houses, and they expect sales for the current fiscal year to top last year's by 10 percent - 20 percent.

Recent reports show that school-room furniture has become a tremendously important business as a result of the big spurge in school construction. Definite figures are hard to come by, but best estimates indicate that companies which make school chairs, desks, tables, etc., are selling about \$100,000,000 worth annually. Special emphasis is placed upon movable furniture, since the trend today is toward classes of varying sizes and special groups for different categories of study.

**California A Prime Example**  
 With California now adding people faster than any other state, it is interesting to look at what is going on there. As of now, the Californians are laying out more than \$2,000,000,000 a year trying to keep up with the demand for school space at all public educational levels. The scope of this demand can be graphically demonstrated when one set of figures is shown: Back in 1947 the school population was increasing some 90,000 annually; at present the rate of growth is 200,000 per year. There is every indication that the gain will persist.

So wide are the needs of the nation's school system that a tremendous number of products are absorbed, either directly or indirectly. So I advise my readers who manufacture goods to look into the possibility of selling them to those constructing, furnishing, or running schools. Many services may also find markets in this important field.

**What About The Years Ahead?**  
 More billions are going to be spent in the years just ahead, and those on the inside track will get the largest slices of this pie. It will be worth while in many instances to watch for school building intentions. Also, get to know

MR. AND MRS. HENRY A. WITTE and Mrs. Henry A. Witte Observed their Wedding Anniversary Recently

Mrs. Henry A. Witte of Winters celebrated their silver wedding anniversary at the Fire Hall at Giddings last Saturday, August 24. The celebration was held in Giddings because the big majority of relatives live in Lee County. The original wedding day is now 25 years ago, but the celebration was held on the 24th, as more suitable for a weekend. Children of the anniversary were present, Mr. and Mrs. Witte and Dawn Alisa of Winters. Billie Witte of Winters, a friend of Mrs. Erwin Witte, graced the table. A delicious barbecue and all the other things were served to about 85 guests.

Rev. Fred Mgebroff, pastor of the Martin Lutheran Church, presided at the celebration with a prayer and scripture reading. In attendance were the bride, Mrs. Fred Mgebroff, Mr. Ben E. Fischer Sr. of Giddings, Mr. and Mrs. James Bruce, Austin; Mr. and Mrs. E. Fischer Jr., Keith; Mr. and Mrs. Long, David, Ken, and Mrs. Brenham; Mr. and Mrs. Fischer, Calvin and Catherine; Mr. and Mrs. Heffner, Austin; Mrs. E. ## "Spencer's Mountain"

Enriching the screen with its glowing portrait of family love, selflessness, heartbreak, sacrifice and triumph, "Spencer's Mountain," starring Henry Fonda, Maureen O'Hara, James MacArthur, Donald Crisp and Wally Cox, shows Saturday and Sunday at the Fiesta Theatre. Producer-director-scripter Delmer Daves filmed the tender and appealing romantic drama against the majestic splendor of the towering peaks of Grand Teton National Park.

The soaring Tetons with their swirling trout streams, flower-blanketed fields and pine forests were the perfect site for the story of a rugged mountain community and the robust family that dominated it.

Portraying the hard-working, hard-living, hard-drinking, hard-loving, rough-talking father of nine, Fonda etches an unforgettable portrait as the screen shines with his earthy humor, roars with his anger and bristles with his determination to achieve the best for his brood.

Henry Fonda heads the cast of "Spencer's Mountain" with Maureen O'Hara starring as his wife in the Warner Bros. romantic drama showing Saturday and Sunday at the Fiesta Theatre. Fonda portrays the rugged, hard-living father of a family of nine who is determined to achieve the best for his brood. The Delmer Daves production, based on the novel by Earl Hamner, Jr., was filmed in Technicolor against the magnificent backdrop of the towering Tetons.

## Literary, Service Club Begins New Year At Dinner

New club year of the Literary and Service Club began with the president's dinner in the home of the vice president, Mrs. A. W. Holck. Each member carried a covered dish.

Mrs. Loyd Roberson led the prayer and the president's message was given by Mrs. E. E. Thormeyer. "A summer experience," was shared by each member answering roll call. The constitution and by-laws were read by Mrs. Charles Kruse Jr.

Mrs. Holck presented the year-books and gave the program plans for the coming year. The course of study for the year will be "Sharing, Caring, Giving." The year books are dedicated to the memory of Mrs. L. E. Low, who was an honorary member at the time of her death.

Mrs. A. N. Crowley was elected to membership in the club.

Those present for the dinner were Mrs. Earl Dorsett, Mrs. A. W. Holck, Mrs. Charles Kruse Jr., Mrs. M. G. Middlebrook, Mrs. H. M. Nichols, Mrs. Loyd Roberson, Mrs. W. D. Sanders, Mrs. H. A. Stanford, Mrs. E. E. Thormeyer, and Mrs. T. H. Worthington.

## TO MUSIC WORKSHOP

Mrs. Earl Dorsett attended the music workshop for elementary music teachers at McMurry College in Abilene Saturday. The clinician for the workshop was Miss M. Hickson, music consultant for the Allyn & Bacon music books that have recently been adopted by the State Education Department for Texas schools.

**Captain Sindbad.**

Those who have been asking for motion pictures which the whole family can enjoy will find their answer in a wonderful new Metro-Goldwyn-Mayer attraction, "Captain Sindbad" showing Friday and Saturday at the State Theatre.

John Wayne stars as "Donovan" and "Donovan's Reef" is the name of a saloon that he owns. He is an adventure-loving World War II hero who stayed in the islands after the war, and has since become a fairly prosperous businessman with a fleet of sailing ships, and of course, the saloon. With him on the island are two of his wartime buddies: Lee Marvin, who plays a drunken, brawling beachcomber; and Jack Warden, an idealistic doctor who stayed behind to build a hospital and furnish medical care for the natives. Also on the island are Cesar Romero, who plays its floppish, fortune-hunting Governor; and Dorothy Lamour who plays Fleur, the local torch singer who has been trying to marry Lee Marvin for years. As the movie begins, everything is peaceful on the island except for an occasional friendly battle between Wayne and Marvin.

Half the young men examined as selective service registrants were rejected in 1962.

**Just For Fun.**

Bobby Vee, the teen-age record idol who is one of the singing stars in the Columbia Pictures release, "Just For Fun," shows Friday and Saturday at the State Theatre, is one of the phenomans of the entertainment world. From singing in the taverns of the provinces, his very first recording brought him an enviable reputation, the sale of a million records, the hysterical admiration of teenage fans, and into the "big-time".

In "Just For Fun," his rendition of "The Night Has A Thousand Eyes" will probably bring him a host of new fans and—no pun intended—still another recordbreaking sale of his most popular recording.

## IT'S THE LAW—

### HABEAS CORPUS—CORPUS DELICTI

Two legal phrases which are probably more misunderstood and misused by laymen than any other are "habeas corpus" and "corpus delicti."

The words "habeas corpus" are Latin for "you have the body." They are commonly used in the legal profession to describe a writ or order signed by the judge directed to the sheriff or jailer holding a prisoner or to any person who is physically detaining another, and commanding him to produce the body (alive) of the prisoner (or person detained) before the judge. The purpose of such an order is to allow the judge to determine whether the prisoner is being held lawfully or whether he should be set free.

The writ of habeas corpus prevents law enforcement officers from abusing the constitutional right of personal liberty and has been a jealously guarded privilege.

The words "corpus delicti" are Latin, and, liberally translated, mean the elements of the crime or wrongdoing. Laymen incorrectly interpret corpus delicti as

meaning literally "the body," as in a murder case.

Speaking technically in a legal sense, corpus delicti is that which must be proved in every criminal case. Such proof must show that an unlawful act has been committed and that it has been committed by a human agency. The mere finding of a dead body or a burning building does not mean that there is murder on the one hand or arson on the other. To prove murder, it must be shown that the death was unlawfully caused by a human agency. Contrary to popular belief murder can be proved even though the body cannot be found. In the case of the burning building, it must be shown that the building was unlawfully set on fire by a human agency.

To sum up then, habeas corpus is a writ designed to prevent the unlawful detention or imprisonment of any person. Corpus delicti, on the other hand, literally means the body of the crime, or, in general, the substance of crime.

From 1950 to 1962, the Federal Government debt increased from 266 to 340 billion dollars; the total debt of private persons and organizations from 276 to 755 billion dollars.

Some of us work so hard at fishing, we take all the joy out of it.

We spend so much of our time trying to catch a fish, or just covering the water, that we fail to get the complete relaxation that a fishing trip should provide.

Recently I was pleasure boating on a central Texas lake when I saw three fishermen, all of whom I knew. Each was working the shore line with his plug.

They had boated a few fish in the wee hours of the morning. But they hadn't caught a fish in more than two hours. Nevertheless, they were still hard at it—with the hot summer sun beaming down on them.

Before I got to their boat I could tell that each cast had lost its vigor. The men were tired. They admitted they had not stopped to rest all day.

I had a few bottles of soda pop in my ice chest so I pulled over to the shore, got out and offered each a drink and a chance to stretch his legs.

They had been sitting in a cramped position in the boat so long they could hardly stand. Their fish had been caught long before noon, but still they were plugging.

Too many of us fish that way. Most of the time we have but one day a week—sometimes only one day a month—when we can get out and fish. Then, of course, we try to crowd everything into that one day. So we fish without regard for rest, or even food or drink.

I know a guide on a nearby lake who requires that his customers take time off to rest.

He gets them out at the crack of dawn, when fishing is at its best. About 10 o'clock he tells them they'll have just 30 minutes more of fishing. By 11 o'clock they are back at the dock.

He tells them to get into some lounging clothes, eat a good meal and meet him back at the dock at 3 o'clock. Then they will fish until sundown.

Once they've had a good meal, and their arms and bodies have had a chance to fully relax, they can fish hard the remainder of the afternoon and finish up at a time when the sunset is beautiful.

Another guide I know carries along a pint sized vacuum bottle of coffee for each fisherman in his boat. Along about 8 o'clock he stops for coffee and urges them to do likewise. At noon he refills each bottle with lemonade, orange juice, or milk.

## Sister of Rev. B. T. Shoemaker Dies At Childress Sunday

Funeral services for Mrs. T. E. Carter, sister of Rev. B. T. Shoemaker, were held at Childress Monday afternoon in the First Methodist Church.

Mrs. Carter died in the hospital at Childress Sunday after a several months illness. She had lived in Childress for many years, having taught school there before her marriage.

She is survived by her husband of Childress and one daughter of Houston; her mother, Mrs. E. E. Shoemaker of Commerce; three sisters, Mrs. G. B. Coryell of Bristow, Oklahoma, Mrs. H. P. Kuser of Dumas and Miss Mackie Shoemaker of Commerce; and one other brother, Ed Shoemaker of Marshall. Two grandchildren also survive.

The Rev. and Mrs. B. T. Shoemaker, Bob, Betty and Ben returned from Childress Tuesday.

MRS. JAMES BURNELL JOHNSON  
**Stephens Weds James  
 Johnson At Stephenville**

Miss Jennie Albright of Dallas served as the bride's maid of honor. Bridesmaids were Nadyne Baulkenberry of Seagraves, and Tulisha Shahan of Bracketville. Their street length dresses of silk organza over taffeta featured scooped necklines and soft bell skirts. Pastel colors of yellow, green and blue were worn. Each carried an ivory fan centered with Fuji mums, pom-poms and English ivy.

Lt. Rex Carey of San Angelo, and formerly of Selden, served the groom as best man. Alvin Lynn of Matador and Bob Bain of Stephenville were groomsmen.

Ushers were Terry Lynn Stephens, brother of the bride, Bill Vandaveer and Ronny Hilburn, both of Stephenville.

A reception followed the ceremony at the home of the bride's parents, Miss Love Smith of San Francisco, California, aunt of the bride, served the double wedding ring cake. Mrs. Sandra Partain Killian of Denver City served punch. Rosemary Heffley sat at the bride's book. The book had been handpainted by the bride.

For going away, the bride chose a suit of charcoal grey lined in red with red hat and black accessories. She wore a corsage from the bridal bouquet.

Both the bride and groom are graduates of Texas Technological College. Mrs. Johnson's Sorority was Alpha Chi Omega and Phi Upsilon Omicron, an honorary Home Economics professional fraternity. She carried a double major in Home Economics.

Mr. Johnson's major was in business economics.

The couple will be at home at 1903 14th Street, Apartment 109, Lubbock.

**HEALTH LETTER**

Civilized man, the toothbrushes for the teeth what raw and massaging foods did teeth of primitive man.

Removes the food debris in the acid producing bacteria mouth thrive.

Function of the toothbrush is to clean the teeth and to help the gums in a healthy condition.

There are three conditions that exist in the mouth before results. These include bacteria, fermentable foods, and sheltered places.

Maintain the food debris on the food and build up sufficient strength to attack the tooth enamel.

Function of the toothbrush is to prevent deposits of tartar or calculus.

Brushing correctly is important. Equally important is regular brushing. It is the responsibility of parents to develop the habit of regular brushing after meals in each child so that regular brushing will become a natural pattern of his life. Check with your dentist concerning the proper size toothbrush and grade of bristle and also change toothbrushes when they become too soft.

Let's face it we don't eat the coarse, raw or abrading foods of primitive man, so we have to brush our teeth.

**Daughter of Local People Will Appear On Television Show**

Mrs. Dane Grant, of Lubbock, daughter of Mr. and Mrs. Milt Bunger of Winters, will appear on the television show, "The Price Is Right," next Wednesday.

The show, which is televised in the local area one week late, was taped in New York Wednesday of this week.

Mrs. Grant and her husband flew to New York this week, from Lubbock. Their 13-month-old daughter, Rachel, is spending the week with her grandparents in Winters.

The tissues covering the gums will become toughened and thickened, just as calluses form on a hand doing hard labor. If, however, the bleeding persists from brushing, the condition should be checked by a dentist.

**IT'S THE LAW-  
 IN TEXAS**

**"Constitution Week"  
 Significant**

The week of September 17-23 has been designated as "Constitution Week". Each year an observance is scheduled throughout the nation in recognition of the importance of the federal constitution, which forms the basis of our national government. It insures a stable balance of powers between the legislative, executive and judicial branches of government by providing curbs upon the authority of each.

For instance, mighty as our Congress is, the Constitution does not give it certain powers:

1. Neither Congress nor anybody else can suspend the writ of habeas corpus (unless the public safety demands it during rebellion or invasion.) All officers or others must obey a court and bring in anyone in their custody to see whether he is held lawfully.
2. Congress cannot pass "bills of attainder," special acts to punish someone. Congress cannot bypass the courts.
3. Congress cannot pass an ex post facto law — a law which makes an act a crime which was not one when done, or which punishes the offender more than called for when done.
4. Congress cannot tax exports from any state nor by regulation

favor one state's ports over another's, nor make one state's vessels clear or pay duties to another state in order to enter.

Besides these denials from within, the constitution curbs Congress and the executive and judiciary in the amendments, especially the first ten.

Among other things, Congress cannot make a law respecting establishment of religion or prohibiting its free exercise, or abridging the freedom of speech, of the press or the right of the people peaceably to assemble and to petition the government for a redress of grievances.

The constitution also curbs the courts (for example, they cannot deny a person a fair hearing duly represented by counsel.) It curbs the executive (he cannot, for ex-

The Winters Enterprise, Winters, Texas, Friday, September 20, 1963

ample, take private property for public use without just compensation.)

The constitution, which divides the work of the three branches of government, winds up by telling where the rest of the power rests — just in case anybody gets any fancy ideas of dictatorship. There are things no state can do, for instance, "make or enforce any law which shall abridge the privileges or immunities of citizens of the United States."

If there are any powers not given to the United States government or reserved to the states, they belong to the people. The constitution does not seem to limit the people.

**Gov. Connally Blasts What He Calls 'Self-Seeking Politicians'; Hottest Yet**

By—Vern Sanford  
Texas Press Association

Gov. John Connally has taken the offensive against his potential 1964 opposition backers in spectacular fashion.

He surprised a poll tax rally here by lowering the boom on Bexar County Commissioner Albert Pena, state chairman of the Political Association of Spanish-Speaking Organizations (PASO). Pena is among Texas liberals who have been critical of the Governor's opposition to federal civil rights legislation.

Connally charged that "self-seeking politicians" are out to turn the poll tax repeal campaign into "a sideshow for their own purposes." Their aim, in the Governor's view: bloc voting.

He blasted Pena as a "would-be political boss" who builds his power by erecting a wall between

Mexican-Texans and Anglo-Texans, using Teamster Union organizers as bricklayers.

Pena, who played a big hand in the city council election in Crystal City early this year, denied he is a "boss". He said the Governor's speech was a "sadistic, under-the-table, oblique way of telling the people he favored retaining the poll tax."

Connally's friends applauded his sizzling speech, one of the hottest he ever has made.

Pena's friends, including Don Yarborough of Houston who evidently will be running against Connally again next year, rushed to his defense and heaped new criticism on the Governor.

**REPUBLICANS**

First announced statewide candidate to emerge on the pre-1964 political scene is a Republican. He is George H. W. Bush, 39, of Houston, who seeks his party's nomination for the U. S. Senate.

Bush and other Republican hopefuls have been discussing their chances with the GOP State Executive Committee.

Present were Jack Cox of Houston and Dr. Milton V. Davis of Dallas, mentioned as Senate race starters; also Des Barry of Houston, who ran for congressman-at-large last year, and State Rep. Horace Houston of Dallas, who has said he might run for Governor.

GOP Congressmen Ed Foreman, Odessa; Bruce Alger, Dallas; and Sen. John Tower were

on hand when the committee talked finances, organization, and voter registration.

**PARKS REPORT**

A two-year study, recently completed and presented to the Governor, proposes expenditures of \$305,000,000 to acquire and develop 373,000 more acres of Texas parks by the year 2000.

Connally, lauding the report, suggested organization of a citizens group to follow through on needed parks programs. He also revealed he is studying possibility of buying part of the 72,000 acre J. C. Hunter Guadalupe Mountain ranch as a State Park.

Parks experts who prepared the report argue that proper development of the recreation, historical and scenic areas would boost the state's economy \$200,000,000 a year.

**CREDIT INSURANCE**

State Board of Insurance heard praise and criticism of its proposed new rules regulating credit life, health and accident insurance at a second hearing here.

The 58th Legislature gave the Board authority to regulate life, health and accident insurance on loans. For the first time, group credit insurance also was included.

The agency came up with a proposal to establish a test for reasonableness of the relation of benefits to premiums. Some companies claimed the suggested formula resulted in too-high rates. No decision was reached as to when the rules will take effect, pending completion of an attorney general's opinion.

**TRAVEL RECORD**

State Highway Engineer Dewitt C. Greer says Texans will set a new all-time record for miles traveled this year—49,500,000,000 vehicle miles, an increase of two billion miles over last year.

Half of the mileage will be logged in urban areas. In other words, seven per cent of Texas highways will carry 50 per cent of the traffic. Other 50 per cent will be scattered over 93 per cent of the road system.

A "disturbing discrepancy," says Greer... "one we must certainly deal with as we plan for the future. Big question is whether we can continue to modernize and upgrade the Texas Highway system quickly enough to take care of this traffic efficiently — and above all, safely."

**APPOINTMENTS**

Leslie G. Burnett of Austin, Claude Brown of McCombs, and J. B. McDuff of Crockett have been named by Governor Connally to the Texas Industrial Commission. Ray Horton of Houston was reappointed.

Brown, auto dealer and oilman, replaces San Angelo publisher Houston Harte, who resigned. Burnett, labor official, succeeds Jack A. Martin, San Antonio union leader.

McDuff, telephone company executive, succeeds Jack H. Drake, Weslaco Chamber of Commerce executive.

Another appointment by Connally was Judge Solomon Casseb Jr. of San Antonio as presiding

judge of the 4th Administrative Judicial District. Judge Howard Green of Cuero resigned the post to accept appointment as chief justice of the new 13th Court of Civil Appeals at Corpus Christi.

**TOURIST AGENCY**

Texas' brand new Tourist Development Agency has opened offices in the Sam Houston Building on the Capitol concourse.

Director Frank Hildebrand Jr. hopes to get together with his advisory board this month to review advertising presentations.

Agency will be out to prove itself to the legislature. It hopes to demonstrate that it can do enough for the Texas economy with its initial \$200,000 advertising appropriation to justify a bigger budget in the future.

**WATER WARNING**

Chief Engineer John Vandertulip of the Texas Water Commission warns that the five wet years since 1957, when the last drought broke, have lulled community leaders to sleep. As a consequence Texas cities and industries are in danger of running shy of water.

Vandertulip reports that existing reservoirs will not supply present cities and industries with sufficient water if another seven-year drought develops.

**SHORT SNORTS**

A special election to fill vacancies in the House of Representatives created by resignations of Dallas Democratic Reps. Robert H. Hughes and Bob Johnson will be held on November 9.

Texas Municipal League President Robert Willis Jr. of Livingston called on all city officials to give "active attention" to revision of municipal revenue policies and

**Officers Elected By St. John's Evening Circle**

Members of the Evening Circle of St. John's Baptist Church elected officers for the new year during their regular meeting in the educational building Monday evening at 8.

Miss Estella Bredemeyer was elected president, and Mrs. James Burson, treasurer. Mrs. A. W. Holck was named Secretary of Education, and Mrs. A. N. Crowley, reporter.

Mrs. Crowley served as hostess for the Monday night meeting.

Miss Bredemeyer opened the devotions with the song, "Savior, Teach Me, Day By Day," accompanied by Mrs. A. W. Holck at the piano. The Bible reading was taken from Spheasians 5:15-27, and Mrs. Crowley presented the Bible study, "Christ Is Our Lord," taken from Colossians 3:18-4:6. She also led a group discussion.

Mrs. L. R. Hoppe gave the offering meditation, and a free will offering was collected.

The business session was con-

ducting by the president, Mrs. Willis Whittenberg, and Miss Minnie Belitz called the roll with members answering with Bible verses. The treasurer's report was given by Mrs. Crowley.

Refreshments were served by Mrs. Crowley to Mmes. A. W. Holck, Charles Kruse Jr., James Burson, L. R. Hoppe, Willis Whittenberg, and Misses Bredemeyer, Belitz, and Helen Lisso.

**Mrs. Floyd McCoy, Longtime Nurse, Died Saturday**

Mrs. Floyd D. McCoy, 70, who was a well-known nurse in this area, died at her home early Saturday morning following an illness of eight months.

Funeral services were held Monday afternoon at 2 o'clock at the First Baptist Church, with the Rev. L. L. Trott of Abilene officiating. Burial was in Lakeview Cemetery under direction of Spill Funeral Home. Pallbearers were Mord Tucker, Joe Baker, B. G. Owens, Bill Millhorn, W. G. Bedford, and Frank Pumphrey, all of Winters, and Sam Behringer and L. B. Rudder of Ballinger.

Born Florence Cammack Feb. 1, 1893, at Jonesville, La., she attended schools there and later went to the Southwest College at La Fayette, La. In 1918 she entered nurses' training at the Memorial Hospital in Winters. She graduated from the hospital in 1921. She was married to Floyd McCoy at Houston.

Mr. and Mrs. McCoy lived in Houston for a while, then moved to Dallas. In the early 1930s they moved to Winters. Mr. McCoy died during the 1930s. Mrs. McCoy had been in the nursing care of her husband, she worked until early in her life, and for years had been a member of the First Baptist Church. For the past 19 years she has been secretary of the Department in the Winters Missionary Union.

Survivors include a daughter, D. McCoy Jr., of Abilene; two sisters, Mrs. Helen Wilson of Bay City, and Mrs. J. E. Commey of Dallas, and M. I. Commey of Dallas.

### Ex-Congressmen Get Pick of Political Jobs As Reward for Party Backing

By Congressman O. C. Fisher

Here in Washington practical politics is taken for granted. I recall hearing the late Sam Rayburn's much-quoted admonition, made during a heated partisan debate: "Those who go along, get along." For years every President has knocked himself out to take care of those in Congress who have hewed the party line. A defeated Senator or House member, if he was faithful, is often reward-

ed with a lush government job. That is one of the rewards of the party faithful as our political system has evolved. Roosevelt did it. So did Truman. And Ike followed suit.

The New Frontier has been generous in that regard. Gracie Pfost, former Congresswoman from Idaho, a party faithful, defeated last year in a bid for the Senate, holds an \$18,000 job in Federal Housing; Sidney Yates of Illinois, a former House member who tried to unseat Senator Dirksen last year, was put on the UN staff at \$22,500. Frank Smith, Mississippi House faithful, after his defeat was rewarded with membership on the TVA board.

Don Magnuson of Washington, bumped off by a Republican in a re-election bid to the House last year, was consoled with a \$16,000 job in Interior. Floyd Breeding, an able House member from Kansas, draws \$18,000 a year in Agriculture, following his defeat last year. Walter Moeller of Ohio, another defeated party faithful, draws \$16,000 in the Space Agency.

Ex-Congressman Frank Kowalski of Connecticut, who challenged Abe Ribicoff for the Senate, was appointed on the Subversive Control Board at \$20,000 a year. Ex-Congresswoman Kathryn Granahan, a Philadelphia party faithful who lost out in re-districting, now gets \$20,000 a year as U. S. Treasurer; and Catherine Norrell, also a victim of re-districting in Arkansas, was made Assistance Secretary of State.

Many of these appointees are, of course, very capable people. But the general practice causes observers to recall Stonewall Jackson's jibe: "To the victor belongs the spoils."

knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner. Names and addresses of individuals who are stockholders of a corporation which itself is a stockholder or holder of bonds, mortgages or other securities of the publishing corporation have been included in paragraphs 7 and 8 when the interests of such individuals are equivalent to 1 percent or more of the total amount of the stock or securities of the publishing corporations.

### Mrs. Lena Burrus Died At Home In Crews Saturday

Funeral services were held Sunday afternoon at 2:30 at the Crews Baptist Church for Mrs. Lena Burrus, 79, who died at her home in the Crews Community early Saturday morning. She had been ill for several weeks.

The Rev. G. C. Henry of Mullins, and the Rev. C. L. Carrolls of Talpa officiated, with burial in Crews Cemetery under direction of Spill Funeral Home. Grandsons were pallbearers.

Born Lena Forrest McKnight Sept. 25, 1884, in Magnolia, Ark., she was the daughter of the late Dr. and Mrs. D. M. McKnight. At the age of 10, the family moved to Oklahoma. It was there that she became a member of the Baptist Church, an affiliation she held since. She had been a member of the Crews Baptist Church for the past 50 years.

In 1901 she was married to Ira McBeth at Byers, Okla., and in 1907 they moved to Abilene. She later married W. P. King and they

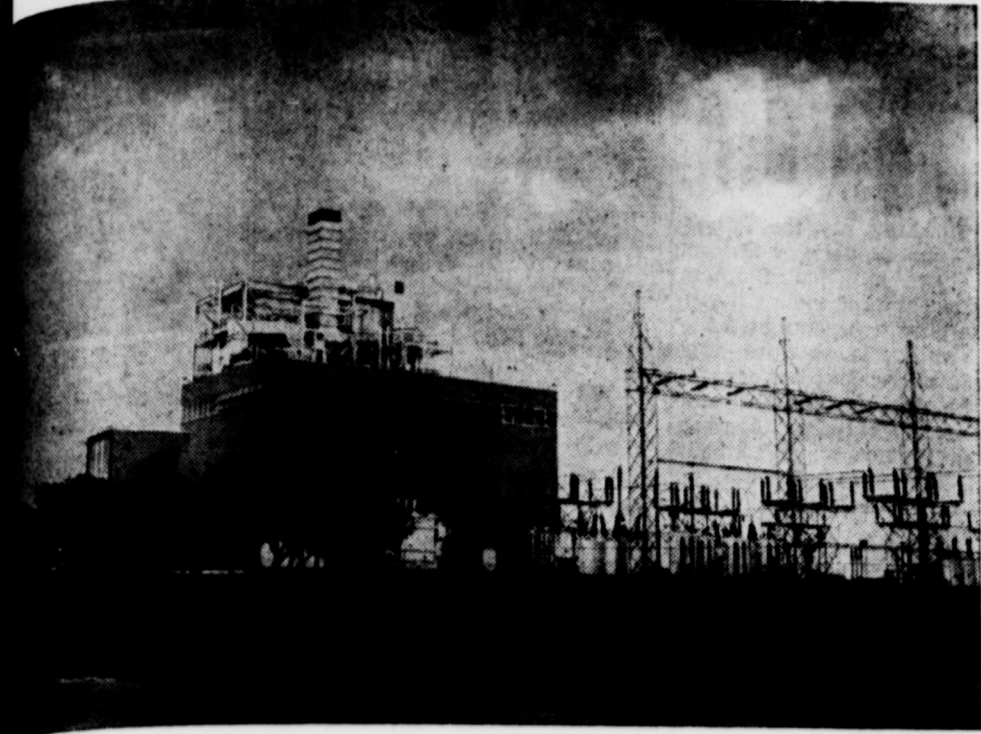

moved to Crews in 1911, where she had lived since. Mr. King died in 1925. In 1944 she was married to Dr. R. E. Burrus of Winnboro, where they lived for two years, before they moved to Crews. Dr. Burrus died in 1949.

Mrs. Burrus was active in community affairs and in the church throughout her life.

Survivors include three sons, Lloyd McBeth, Sweetwater, Chester McBeth, of the Crews Community, and M. M. King, Lubbock; three daughters, Mrs. Grelda Schwarts of Winters, Mrs. Mabel White of Tuscola and Mrs. Pinkie Irvin of Winters; two stepsons, W. W. King of Winters and C. C. Burrus of Texarkana; one step-daughter, Mrs. Paul W. Porter of Houston; one brother, Carl McKnight of Little Rock, Ark; 14 grandchildren and 20 great-grandchildren.

## WMS Observed Week Of Prayer For State Missions

Observing the week of prayer for state missions September 9-13, the Woman's Missionary Society of the First Baptist Church met each morning in the educational building.

Theme for the week was, "Before Thee and Open Door" and the theme song was "Here Am I, Send Me". Mrs. R. D. Collins led the group singing each day and Mrs. Joel Butts accompanied at the piano. Thirty-eight women attended for the week.

Mrs. J. F. Priddy was the leader for Monday's program on education. Mrs. Ed Brandon told of the Mexican Baptist Bible Institute in San Antonio and Mrs. Jake Smith described the Valley Baptist Academy in Harlingen. The 92 Latin American students now enrolled in colleges was discussed by Mrs. Joe Baker. Mrs. Bill Mayo brought the closing meditation.

Tuesday's discussion was "Woman's Missionary Union and Latin American Missions." Mrs. Monroe Boles was narrator and those on program included Mrs. R. D. Collins, Mrs. Loyd Roberson, Mrs. Gayland Robinson, Mrs. Marel Wilson, Mrs. M. E. Bains and Mrs. George Poe gave the devotional.

The Latin American Evangelistic Crusade for 1964 was presented at the regular prayer service on Wednesday by Pastor B. T. Shoemaker. There are now two million Latin Americans living in Texas.

Mrs. W. R. Kennedy directed the program on Thursday. Mrs. W. S. Cooke discussed the pioneer mission work that is being sponsored by Texas Baptists in the two-state area of Wisconsin and Minnesota. Mrs. Bernice Gardner presented the different phases of the church building department that has been established as a part of the missions division. Mrs. W. W. King gave the closing devotion.

No formal program was held on Friday, but it was a day of meditation and directed prayer. Mrs. Bobby Rogers was in charge with Mrs. Jessie Lee Bailey, Mrs. Joel Butts, Mrs. Jack Pierce, Mrs. B. C. Jackson and Mrs. Dennis Poe taking part.

Mr. and Mrs. Troy Harter and Denise Rodgers visited Mrs. Harter and Leila Sunday. Grace has been here this week from Sonora for a two day visit.

Mrs. Tilda Johnson is visiting in Merkel this week with Jack and family.

Mr. and Mrs. W. T. Holder visited the Joe Holders in Merkel Sunday. Visiting the Holders Saturday were Mr. and Mrs. Dean Holder, Kirk, Kenneth, and Randall Holder all of Abilene.

Oscar Childers has returned home from the hospital.

Mrs. Sheppard is still a patient in the hospital.

Mrs. B. H. Denson is visiting her sons, Dessie in San Angelo and Jr. and Patty in Colorado City.

Mr. and Mrs. C. R. Lowe visited the D. E. Pinegars Saturday.

The Don Bales and Shorty Workman families were also visitors in the Pinegar home.

## Kraatz Family of Eight Seek Various Fields of Education

At one time eight years ago, Mr. and Mrs. Walter Kraatz of Route 1, Winters, had eight children attending Winters Schools. This year, there are three in high school, three in colleges and universities, one married and one in the Marine Corps.

Joe Frederick Kraatz enrolled Monday in Capitol Seminary, Columbus, Ohio, as a senior student.

Willie Kraatz left Sunday for Seguin to enroll as a junior and accounting major in Texas Lutheran College. He has been an honor student for two years at TLC.

Walter Karl left Wednesday for Ft. Wayne, Ind., to enroll in Indiana Institute of Technology, where he will be a senior electronics major.

Charles Wayne is a Private First Class in the U. S. Marine Corps, stationed on Okinawa.

Christine (Mrs. Dale White) is a graduate of WHS, and attended business college before her marriage.

Ronald, a senior student in WHS this year, is president of the student council, on the Blizzard football team and is district president of the Future Teachers of America.

Margie Ann is a junior in high school, and Roselyn Jan is a freshman.

Although raised on the farm, and returning to the farm each summer to work and save money for the next year's school expenses, none of the boys have expressed an interest in farming. Instead, they have chosen the ministry, the business world and the field of electronics.

## Blizzards Bow To Mason Punchers In 6-0 Whizzer

There was a storm warning out for the City of Mason last week—a blizzard was expected. However, the Blizzards arrived, and was quickly tamed by the Punchers, who returned it to Winters from whence it came.

The mighty Punchers of Mason High School rode the Winters Blizzards under to the tune of 6-0, for Big Blue's first defeat of the season. Led by 170-pound Arliz Zesch, who made 155 yards rushing, the Punchers claimed 332 yards on the ground to 104 for the Blizzards.

The first half was very close with a 0-0 tie until just 6 seconds before halftime. Then with two surprise plays, the Mason team took a 6-point lead, with an unsuccessful try for extra points coming after the clock had run out.

The first quarter was a back-and-forth relay of the ball between the 35-yard lines. Early in the second quarter, after receiving a fourth-down punt, on the Winters 15, it looked as though the Blizzards had found the formula as Steve Grissom cut loose to the mid-stripe. Larry Awalt gained 2 yards in as many downs, but then Big Blue received one of their four 15-yard penalties, and punted from the 47 on fourth down.

Two plays later, the Blizzards were given new life as Zesch fumbled on the Mason 21, and Donald Parker recovered.

From the 25, Grissom moved for a first down to the 15; Awalt claimed 3 to the 12, but the Blizzards could not hold on to the ball, and fumbled, with Mason recovering.

Both teams were playing in fumble alley, with the Punchers running on play, only to fumble again, with Parker again recovering.

From the 31, the Blizzards moved to the 9 in six plays, but were unable to come up with the 6 inches needed for the first down.

Here, on their own 9-yard line, and about 6 seconds left in the first half, Mason began their touchdown drive. After a couple of runs by Zesch to give them working room, Quarterback M. Durst passed from his own 27 to T. Loeffler who was finally brought down on the Winters 29. Using a time out to stop the clock, the Punchers regrouped on the Winters 29 with 4 seconds left to play. Tony Tratt, 139-pound wingback, had been denied the right to touch the ball all this half, but was given the privilege of going wide, for the TD. With no time left, the try for extra points was not effective, thus the final score was reached, Mason 6, Winters 0.

After the halftime kickoff, the Blizzards moved from the Mason 47 to the 20 before Aldridge fumbled. The Punchers recovered the ball, but returned the favor three plays later, as Hank McCreight recovered a Mason fumble on the Winters 33.

Unable to move on the ground, Aldridge took to the air. However, with two incomplete passes and third down, the Blizzards punted to the Mason 20.

The Punchers moved 57 yards in eight plays, all by Zesch off right tackle, to the Winters 23, before losing the ball again on a fumble, which was recovered by Roger O'Neal.

The Blizzards, late in the fourth quarter, made one more bid for a score. From their own 13, alternating passes and running plays, the Blizzards moved to the Mason 40. With fourth down, and that inevitable 6 inches needed, the Punter line proved too strong for the Blue team, and the ball went over with 6 minutes left on the clock.

One last thrill was in store for the Mason fans. With 1:24 left to play, the Punchers moved from the Winters 43 to the Winters 2, as the clock stopped the action.

There is a Blizzard forecast for Brady this week. Maybe this weather report will hold.

## ROGER BABSON

### Everyone Should Seek Knowledge And Develop Tolerance In All Things

Babson Park, Mass. I trust that the millions of readers of this syndicated weekly column of mine will forgive me for making today's discussion so personal. I have never done it before in quite this way. The fact is, however, that I have just returned from the grave where I have buried my dear wife. This column, of course, must be written; and I cannot think of anything else.

#### Thousands Of Husbands—Are You One?

Here is a very important thought that occurred to me yesterday; namely, that some thousands of husbands in this country are today suffering the same bereavement. They are burying their dearest friend. We are often too self-centered to recognize this fact. We think too much about ourselves alone, and forget these nine hundred and ninety-nine, or even thousand and ninety-nine, others who are suffering the same tragedy.

#### Knowledge And Tolerance

As I look over my morning newspaper, I feel that we are not only guilty of the self-centeredness mentioned above, but that we have missed or are lacking in some fundamental training by our parents or teachers and friends. First, we have failed to seek out and appreciate the facts of life. We read the headlines of our newspapers, but neglect the fine print. How many of us actually seek know-

ledge rather than mere news?

The second lack in our education has been our failure to develop tolerance. We neglect tolerance—in our family life—with our neighbors, in our religion and politics. This intolerance—between members of the same families, between employers and wage-workers, between rich and poor, between different races, colors, and nations—is the real reason for revolutions and wars, both "cold" and "hot". So, on this sad morning, I shall resolve to be more tolerant with those who are still living.

Again I ask my readers to forgive me for making this week's column so personal; but I cannot help it. "The show must go on," as the song on a record so poignantly points out. But I am still human—and I hope I shall continue to be so throughout my life. My late wife was very human. One of the thoughts she kept constantly before me was our dependence on our fellowman and our need for faith in God and in the power of goodness.
