# HOME TOWN

f year when everything is in a tate of suspension, to say the ast. And confusion. . .because New Year really starts with the tearing of the last sheet from the calendar of the old year, and some people don't get around to that chore for at least a couple of days.

Anyway, it's time to put another patch on last year's resolutions . . but man is what he is, and nothing can change that. Besides that, who can take the time?

A thought on the New Year: Many people hope the New Year will bring them the things they wouldn't think of working for.

It might be a good idea in this first week of 1964 to remind everyone that this will be a very important year, electionwise, and that January is the last month in which you can pay your poll taxes. There'll be Roger W. Babson's school elections, city elections, ounty elections, state elections, nd on up. As yet, the poll tax till is required for voting in exas, and if you don't have he slip of paper, you won't get far when voicing your opinion in an official way.

ar for Winters . . . the town nd much more which can be ne; it only takes people with sense of forwardness and dermination and a goal. These e have in Winters . . and we spect that the tracks made by

# MAKE YOU FEEL OLD

After 35, common Kidney or Bladder Irritations often occur and may make you tense and nervous from too frequent passages both day and night. Secondarily, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CVSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analysis pain relief. Get CYSTEX at druggists. Feel better fast.

### HOLIDAY VISITORS

Miss Carolyn Scott, Mr. and Mrs. George Scott of San Angelo, Mr. and Mrs. Winford of Kingsville, former residents home of Mr. and Mrs. Gotts- Hogan, Mark, Mike and Melvin chalk at 3 p. m. Dec. 27, with of Clyde were holiday visitors in the home of Mr. and Mrs. Donna Hope, Ruth Jansa, G. W. Scott, Jr. Other visitors Myra Minzenmayer, Dorothy were George Scott of Bradshaw, and friends. (Continued from page 1)

Interest Rates uphold the value of the dollar.

**Devaluation Of Gold** I forecast that there will be match it. no devaluation of gold during 1964. I am personally acquainted with conditions in Africa, and will say that those who should consider Americandown as well as up, in accordance with many different conditions.

Profits I forecast that corporate profits will continue to rise in 1964. though possibly at a somewhat

\$ 47,147.03

slower pace than recently. Copper Prices Commodity prices are dependent on two factors: Demand and supply. Take copper: I believe demand will continue to increase during the electrical era we are now in. And, since my visit to Africa, I feel the supply of copper is almost un-\$363,383.09 limited. Hence I forecast little change in price on balance in

Other Basic Raw Materials With some few exceptions, the above applies generally to many basic raw materials, including iron and steel, and especially aluminum. The present firming in quotations will not carry much further and could be subject to setbacks later in the

Sugar Sugar prices, however, will hold in a generally high range all through 1964.

Building-Suburbia I forecast that new building will continue around present levels through 1964, with additional growth in "suburbia". \$363,383.09 This applies to single homes and to apartment houses, which could easily be overbuilt as the hotels and motels have been.

**Public Construction** Otherwise, strength in building will occur mainly in the public sector-especially roadbuilding.

Real Estate I predict that farms on the "right side" of cities will constantly increase in value during 1964. I say "right side" because every city seems to have some one best direction in which to grow. This usually is often to the west; but this is something subdivision develop-

ers must watch very closely. Rural Areas As I have said before, the way to buy real estate profitably is to drive out the main road away from the city in which you live, on the "right" side. Every few miles, stop and inquire the price of land; so \$367,513.87 long as it is quoted by the foot, get back in your car and drive until it is quoted by the acre. Everything else being equal, I forecast that the purchase of this land in 1964 will show you

a profit over the long term. Florida Property There is still a lot of land in Florida, and there are many \$ 11,300.31 retired people who are hoping to move there. I forecast that your best Florida buy in 1964 will be waterfront property. \$139,300.31 God made only so much waterfront land; but there is an enormous amount of interior land which for many years will be good only for pasturage. Do not buy land-anywhere-until you see it; don't depend on blueprints, catalogs, and super sales organizations.

Florida Home I believe a small home in a small Florida city, and ownership of the vacant lot on each coming in regularly from the

Advertising While TV advertising will confinue strong for patent medi- food supplements, new chemicines and some other products, I forecast that honest news-\$ 25,421.18 paper advertising will hold its search. \$ 60,391.00 own. Newspaper ads can be cut out and kept for reference. which is impossible with radio or TV ads

Newspapers

newspapers will continue to decides to withdraw in a swap LEFT SUNDAY 64 Predictions-- consolidate; and there may of some kind with the U. S. in Miss Marie Hill left Sunday possibly be a return to the days connection with Berlin or West for Abilene to spend the New when newspapers represented Germany. the opinions of some one man

I forecast that interest rates with courage, influence, and gold here in this country and something television is already I, however, am watching caretrying to develop in its news fully how President Johnson reports, and newspapers must and Premier Khrushchev get

Strikes

Wages 1964, it will get the equivalent in "fringe benefits".

**Employment** I forecast employment will rise further in 1964, due to a prosperous economy with new and expanding operations. Unemployment will rise, too, because of the influx of young job seekers and displacement of unskilled workers by automation. Work Week

There will be continuing agitation to cut the 40-hour week in 1964 to a 35-hour week with the same pay. I forecast this will not be accomplished. There may be a compromise to 37 1-2 hours, though this will depend largely upon President Johnson. Foreign Trade

Rising automation in the U. S. in 1964 will enable us to compete more effectively with lower per - manhour labor costs in Europe. Labor costs in Italy are already rising, and inflation is threatening Europe. . . . . particularly Italy and France. Inflation

Like the rest of the world we will be tempted to resort more and more to inflation; but I forecast this will not be a vital factor in 1964.

**Living Costs** There will be continued upward pressure on living costs during 1964, even though the Administration may soft-pedal any abnormal rise in the Labor Department's index to prove that costs are being held down.

Retail Sales I forecast that 1964 will show an increase in retail sales and in installment purchases. Recreational Equipment

I forecast that the great in crease in leisure time and the consistent gains in personal income will give manufacturers toward the higher land and of recreational equipment a prosperous year in 1964. Synthetic Clothing

I forecast that this new industry will develop notably in the United States during 1964 particularly as regards specialty work clothes. Auto Parking The auto companies are de

voting much study to the parking problem. I forecast real progress toward mechanical parking in 1964. Seat Belts

I predict that insurance companies will put added pressure during 1964 on all state governments to enact legislation requiring 'roll-up' seat belts on all cars. **New Inventions** 

I forecast that rapid strides will be made in 1964 in the direction of transferring mass through matter

**Electronic Production** I forecast a great increase in electronic manufacturing in 19-64. . . . with emphasis on adaptation of space efforts to military applications.

Air Conditioning I predict radical changes in air conditioning in 1964 via the reduction, and later elimination, of moving parts in the heat - withdrawal machinery

Electric Heating I forecast experiments in side thereof, will prove a safe electric heating in 1964 whereby and attractive investment in radio waves will heat only the 1964 for anyone who has a check individuals in the room, but not the air.

Oceanography I forecast great developments in 1964 in mineral recovery. cal derivatives, etc., obtained through oceanographic re-

# Page 7 Funeral Rites For R. L. Williams

Funeral services for Roy L Williams, 74, farmer for many years in the Wingate community, and an Abilene resident since 1952, were held Tuesday at 2 p. m. in Spill Memorial

Mr. Williams died in Hendrick Memorial Hospital in Abilene at 4:50 a. m. Monday, after having been in ill health for several months and in the hospital since Nov. 25.

The Rev. Wayne Allen, pastor of Crescent Heights Baptist Church in Abilene, officiated at the services, assisted by the Rev. Bobby James, pastor of the Winters Assembly of God Church. Burial was in Lakeview

Born Feb. 6, 1889, in Rock-dale, he married Mrs. Georgia Trible Morris in 1914 at Caldwell. They came to Runnels County in 1919, settling in Winters. For a short time, he lived in San Angelo. His wife died

Survivors include five sons, Lonnie Williams of Coalusa, Calif., H. C. Williams, Bill Mor ris, and L. G. Morris, all of Abilene, Clarence Morris of Lawn; two daughters, Mrs. Willie Jonas of Abilene, and Mrs. John Fletcher of Bangs; 23 grandchildren and a number of great-grandchildren.

Also surviving are four brothers, H. D. Williams and Albert Williams, both of Abilene: J. T. Williams of San Angelo and E. E. (Red) Williams of National City, Calif.; one stepbrother, Harry Statan of Abilene; three sisters, Mrs. J. F Bud Eoff and Nickie, Mr. and Franklin, and Mrs. Sadie Kir-Mrs. Pete Eoff, Tony, Zane and by, both of Abilene; and Mrs. Debbie, Mr. and Mrs. Edgar Mattie Rogers of Arlington; one step-sister, Mrs. Zella Stephenson of Abilene.

### **Funeral Rites** Dumas, Karen, James, Tuesday For Donna Kay, Roswell, New Mex-Mrs. Hillyard

Tawnya, San Angelo; Mr. and Funeral for Mrs. D. M. (Min-Mrs. Earl Mueller and Natalie nie L.) Hillyard, longtime resident of Winters, was held at 11 a. m. Tuesday in Spill Me-morial Chapel, with burial in Fairview Cemetery.

Mr. and Mrs. A. W. Libbe Mrs. Hillyard died at 9:30 a. spent the Christmas holidays in m. Monday in Sunshine Nursing Dallas visiting her mother, Mrs. Home in Abilene, where she had C. G. Tate and in the home of been a patient since Nov. 15. her sister, Mr. and Mrs. Dexter She had suffered a stroke Nov.

> Born Minnie L. Shurtleff near Stamps, Ark., Oct. 19, 1879, she moved with her parents to Rogers, Tex., when she was ight years old

She married Mr. Hillyard Dec. 11, 1898 at Rogers, and in 1908 they moved to Ovalo, where he was associated with the bank. They moved to Winters in 1912, and he helped reorganize the First National Bank

Mr. Hillyard died in 1921. A daughter also preceded her in

Mrs. Hillyard had lived in Winters since 1912 except for a period between 1924 and 1928 while she lived in Abilene while her son attended college.

She was a Baptist and was active in the Eastern Star and Rebecca Lodge

Survivors include a son, Otha, of Abilene; a brother, Houston Shurtleff of Colorado City, and a number of nieces and
