

HOME TOWN Talk

By R. C. THOMAS

There's been so much said about "paid" poll tax receipts, and "not paid" receipts, that there are some people who are still confused with the whole issue. This includes many public officials, who have not received the final word.

In a nut shell, however, this is what has happened: The ratification of a constitutional amendment prohibits the requirement by states for payment of poll taxes in order for voters to vote in national elections. Texans, living in one of the "poll tax states," refused last fall to kill the poll tax requirement, and in so doing, created a "double standard" situation. Now, as a result, a "paid" poll tax receipt permits one to vote in ALL elections, . . . and a "not paid" receipt, or registration slip, or whatever may come later, qualifies only for elections on a national level.

The end result is this: If you have put off getting that poll tax paid, you have only one more day—Friday, January 31—in which to fully qualify. Indications are that the payment of poll taxes is off, even in face of a big election year. Those few who have paid their poll taxes will be the ones who run things in the cities, precincts, counties and states.

The Winters Sportsman's Club has a worthwhile project in view for this year. They will work toward building a boat loading ramp at the Winters lake, and to build a dock. They also want to create better and more attractive picnic sites at the lake.

There have been picnic sites at the lake, but the tables and benches have been broken up in many instances, and rubbish has been left in the area, so that there is not much desire on the part of picnickers or anyone else to frequent the lake. Vandals are responsible for much of the destruction of facilities out there. But then there are the irresponsible acts of thoughtless people, who under ordinary circumstances would not think of defacing such public facilities. Trash and rubbish has been dumped, without regard for the rights of others. At the rifle range, built by the Sportsman a couple of years ago, persons unknown have on several occasions placed bottles around the area to use as targets for rifle practice, with dangerous and unsightly results. Talk or attempts at persuasion will not prevent this—something else is needed, to set an example.

A lot has been written about the so-called evils of poll taxes—the forcing of payment for the right to vote. Many politicians look only at the number of ballots in the box, in their favor, without regard for the manner in which they were cast. It would seem that as much or more concern should be directed toward a more informed vote, and a requirement that all voters at least have the ability to understand what they are doing when they mark a ballot.

If we agree to "talk" about the Panama Canal, it may start a chain reaction; we'll probably have to "talk" about Guantanamo. Then, who can say, we may have to "talk" about the purchase of Alaska from Russia; and maybe even "talk" about the Louisiana Purchase!

Digging down to the bottom of the file basket, we came across a little item about "The Left-Handed Dictionary," written by a Leonard Louis Levinson. It's got some right interesting definitions: AAAAA, an organization for drunks who drive. YOKEL, the way people talk to each other in the Alps. YES MAN, one who stoops to concur. WORRY, interest paid on trouble before it falls due. WOMEN, the plural of whim. WIFE, one who wears nylons in zero weather, but demands 90 percent of the blanket. UNBIASED, having the same prejudices as you have. COLUMNIST, a paragrafer. COMMUNIST, one who borrows your pot to cook your goose in.

Bill Little and Associates Are Book Publishers

Performance and record of the 1963 University of Texas football team is the subject of a magazine-type book recently published by a group of journalism students at the University, and now on sale in book stores and newsstands throughout the state.

The book, in a 9-in. by 12-in. format, is a handsome 34-page publication, with full color photographs of the 1963 UT championship football team and the Tower of the main administration building at the university. Some of the pictures in the book were furnished by the Associated press.

Published by a group of students called Little and Associates, the book is the result of a determination on the part of the publishers to publicize the historic record of the national championship team, from the beginning of pre-season practice through their defeat of the Navy team in the Cotton Bowl game.

Little and Associates is headed by Bill Little of Winters, son of Mr. and Mrs. Eddie Little. Other members of the group are Bob Draddy, a UT junior, Jim Gossett, a freshman, Everette Hullum, a senior, and Joe Sneed, a junior. Little is a senior at the university.

Publication of the book is a private endeavor on the part of the group of students, and in no way is connected with their studies or activities in the journalism department at the university.

When the idea of publication of the book was first conceived, the group began to cast about for some means of financing the project. There is no advertising of any kind in the publication, so all revenue must come from sale of the book. Merrick Spill of Winters, an ex-student of the University of Texas, came forward and offered his assistance in the publication. In the book, the publishers have expressed a special thanks "to Merrick Spill, without whose help the publication would have been impossible." Ten thousand copies of the book have been printed, and will be sold on newsstands, in department store book departments, and through the mail.

Friday, January 31, is the deadline for obtaining a "paid" poll tax receipt.

Blizzard Basketballers Lose To Anson; Will Meet Ballinger Here Friday Night

The Winters High School Blizzard basketball team has hit a snag in their first round bid for District 6-AA cage recognition, dropping four games of the first five-game go-around.

The second stanza of district play will begin here tonight (Friday) when the Blizzards host the Ballinger Bearcats on home hardwood.

The Winters team went against Haskell last Friday night, dropping that contest 57-55. They visited Anson Tuesday night, coming home with a 70-51 loss.

Winters' girls rapped Anson 48-45 Tuesday night, and are now 3-2 in district, and tied with Haskell for second place in the standing. In Tuesday night's game, Nicki Eoff was high pointer for Winters, with 14 counters. Elaine Beard netted 13, and Ida Martin, 12. High for Anson was Madeline Hurt, with 17.

Anson's win over Winters Tuesday night kept the Tigers' scoreboard untarnished for district competition, with a 5-0 record. They had clipped Ballinger Friday night 70-51.

Stamford slipped by Hamlin last Friday night, 64-60, and then nipped the Ballinger Bearcats 74-62 Tuesday night, to wrap up a 4-1 record for the first half of district competition.

Haskell hit Winters Friday night 57-55, and then repeated their performance by bouncing Hamlin 61-53 Tuesday night.

Candidates Must File By Feb. 3rd

With the rapid approach of the February 3 filing deadline, political activity within the county and in the districts has reached a critical stage. Several announced Democratic candidates had no opponents as of Wednesday noon this week but this picture could be changed to a great extent by next Monday, the deadline for filing and paying the \$50 per county filing fee.

No activity has been noted in the Republican camp in Runnels County.

Several county offices, along with some district offices, will be up for grabs this year. A race is developing for the office of Runnels County District Court Clerk. Although this office is normally a four-year office, candidates for the position will be seeking election to finish out the unexpired term of the late Willie Stevens, who died in office last year. Two years remain of the four-year term, and the winner in this race will be faced with a bid for re-nomination two years hence.

Winters Schools Enter "Pilot" Tele-Class Study
Winters schools have been invited, along with five other schools in the state, to serve as a "pilot school" for a tele-class.

Offered by the Extension Department of the University of Texas, the experiment will consist of teaching a class simultaneous in six cities by telephone. The telephone line will be connected to a loud speaker system, and in conjunction with the tele-lecture, transparencies will be used with an overhead projector to show pictures on a screen.

There also will be a time for a question and answer period.

The class will be for adults, primarily teachers, and will be titled "Mathematics 360 M—Topics in Modern Math for Elementary Teachers." Instructor will be B. G. Nunley of the University of Texas Mathematics Department.

The course will be offered beginning February 3 in Room 21 of the Elementary Building, and approximately 28 Winters teachers and substitute teachers have signified an intention to enroll. Classes will meet twice each week for one and one-half hours beginning at 4:15 p. m.

Schools participating in this pilot study are:

Iraan, group 1; Lampasas, group 2; San Angelo, group 3; San Antonio, group 4; Winters, group 5; Austin, group 6.

Unless someone else announces by Feb. 3 as a candidate for State Representative from the 77th District, Ben Barnes will face no opposition in his bid to return to that office, representing Comanche, Brown, Coleman and Runnels counties.

The same holds true with the office of Congressman from the 21st Congressional District. Cong. O. C. Fisher is the only announced Democratic candidate.

Senator Dorsey B. Hardeman of San Angelo is running for re-election to the 24th Senatorial District, and has no announced opposition.

The filing deadline for the May Democratic primary is at 12 midnight, Feb. 3. Primary will be May 2, the first Saturday in May, with the runoff primary 30 days later.

Several county officials have expressed concern over the low number of persons paying poll taxes. Friday, January 31, is the last day the poll tax can be paid. Those persons not paying a poll tax will be able to obtain a "not paid" poll tax receipt for a period of 30 days. They will be restricted, however, in voting only for national offices, and will not be allowed to participate in state and local elections.

Sportsmen Plan To Build Dock, Loading Ramp
Main objective of the Winters Sportsman's Club for 1964 will be the building of a boat dock and loading ramp at the Winters Lake. There is no boat loading ramp at the lake, and the docks which were built several years ago have been torn out.

A membership drive is underway in the sportsmen's organization. Membership dues will be \$5.00 this year, it was announced, and cards and information may be obtained at Western Auto, Harrison Auto Parts, Talley's Garage and at Hatler & Robinson Barber Shop.

The first meeting of 1964 of the Winters Sportsman's Club was held Thursday, Jan. 23. Plans concerning the membership drive and the organization's projects were discussed.

Mrs. M. A. Foy, who was appointed acting District Court Clerk after the death of Willie Stevens, has announced for election. Her opponent will be Mrs. Otis Power.

Another race will be seen for the nomination of Judge of the 119th Judicial District. The incumbent, O. L. Parish, has announced his intention to retire following the present term. District Attorney E. C. Grindstaff of Ballinger is an announced candidate for the office. His announced opponent in the May Democratic primary will be Glenn Lewis of San Angelo.

No information was available the middle of the week concerning candidates for the office of Runnels County Attorney. The incumbent, O. L. Parish, had not made known his plans by that time.

There also will be a contest for the office of Runnels County Tax Assessor-Collector. The incumbent, Pannel Legg, has announced for re-election. He will be opposed in the primary by Clyde Simmons.

Two of the county's commissioner offices will be filled again this year, Precinct No. 1 and Precinct 3. Clyde Chapman, commissioner from Precinct 1, has announced for re-election, and by Wednesday no opposition was in sight.

In Precinct 3, Pat Pritchard, incumbent commissioner, will face Virgil Low in the May Democratic primary.

Although there had been some talk of a race for the sheriff's office, no official announcement had been made the middle of this week. Don Atkins, Runnels County Sheriff for many years, has announced for re-election.

Unless someone else announces by Feb. 3 as a candidate for State Representative from the 77th District, Ben Barnes will face no opposition in his bid to return to that office, representing Comanche, Brown, Coleman and Runnels counties.

The same holds true with the office of Congressman from the 21st Congressional District. Cong. O. C. Fisher is the only announced Democratic candidate.

Senator Dorsey B. Hardeman of San Angelo is running for re-election to the 24th Senatorial District, and has no announced opposition.

Many First Year Pupils Not Yet Registered
James B. Nevins, superintendent of Winters Independent Schools, said this week that many parents of children who will be starting to school for the first time next September have not registered their children with the school.

It is very important, he said, that parents call the school business office if they have not already signed a census slip.

Registration of first year pupils is necessary in order to determine state financial assistance and in setting up first grade sections for 1964. If parents or friends have or know of six-year-old children who have not been enumerated in the current census, they are asked to notify the school immediately. This week is the last week in which this can be done, the superintendent has warned.

Labor Required For Texas Beef

How many hours do you spend annually caring for your beef cows? This information should be helpful in determining how to better use your labor next year, says Tom Prater, farm management specialist with the Texas Agricultural Extension Service.

Operators who have other enterprises competing with their beef program for labor, and those that work off the farm or ranch will be especially interested in knowing how much time they spend with their cows, he says.

A recent USDA report indicates that about 12 hours of labor were required annually per cow on beef operations in Texas, says Prater. This amounts to about 3.6 hours per 100 pounds of beef produced, he adds.

The hours required per cow will vary on each operation depending on management, and other factors of production. Texas studies indicate that 18 hours

meeting was closed by the group reciting the Lord's Prayer in unison.

per cow annually are needed on the Blackland farms of the state, 14 hours on Grand Prairie farms, just over 18 hours on the Northeast Texas farms, and some West Texas ranches indicate labor requirements of about 10 hours, according to the specialist.

In comparison, in the Mountain States such as Montana, Idaho, Wyoming, Colorado, New Mexico, Arizona, Utah, and Nevada, about 10 hours are required per beef animal, with 2.4 hours needed per 100 pounds of beef produced. The Delta States of Mississippi, Arkansas, and Louisiana require 15 hours per cow and in the Southeast States of South Carolina, Georgia, Florida and Alabama, 14 hours are needed.

This shows that Texas compares favorably with other beef producing states in the amount of labor required per cow for beef operations, Prater says.

The American Legion Roy Scoggins Post will meet Monday evening February 3, 7:30 o'clock at the Post home. All members are urged to be present and hot tamales will be served, hot and good.

Given in marriage by her father, the bride wore a wedding gown of white slipper satin with a full street-length skirt attached to a sleeveless fitted bodice with boat style neckline. She wore a short fitted jacket of Alenon lace scalloped at the bottom and designed with boat style neckline, leg-o-mutton sleeves buttoned at the wrist with tiny lace-covered buttons. It fastened down the back with small buttons and was shorter than the waist line of the dress to accent the cord finish of the waistline. The jacket was lined with silk organza. Her shoulder-length veil of white tulle fell from a tiny white brocade satin pill box and she carried a cascade of feathered carnations with streamers atop a white Bible given to the bride by her parents.

A reception was held in the church parlors immediately following the ceremony.

Mrs. Johnnie Garner of Abilene, cousin of the groom, served the three-tiered pink and white decorated wedding cake. She was assisted in serving by Miss Raytheda Dubberly of Dallas, who laded punch and Miss Eva Nell Benson of Austin, sister of the groom, poured coffee.

Guests were registered by Miss Nancy Spill of Winters, cousin of the bride.

For traveling the bride changed to a beige wool suit, silk figured blouse of harmonizing colors and dark brown accessories.

The bride was reared in Winters and graduated from the local schools with the class of 1959, and the Methodist Hospital School of Nursing in Dallas in 1962. She recently received her degree from the Texas Christian University in Fort Worth in Nursing.

Mr. Benson also graduated from Winters High School in 1959, and is now a senior student at the Texas University in Austin, majoring in Psychology.

Mr. and Mrs. Benson will make their home in Austin.

Members present were Mesdames C. E. Whitmire, Eddie Voelker, R. B. Osborne, J. D. Vinson, L. C. Hill, T. D. Coup-land, Miss Emma Henniger and two guests, Mrs. R. C. Thomas and little daughter, Kelly.

"The Man Who Knew Too Much"

Devotees of that special kind of suspense-thrill entertainment which is Alfred Hitchcock's enviable trade-mark are due for a double treat when his terror-filled drama, "The Man Who Knew Too Much," starring James Stewart and Doris Day, showing Friday and Saturday at the State Theatre.

In "The Man Who Knew Too Much," Hitchcock pulls all the tension stops for which he is so justifiably famous. A story of political intrigue, kidnapping and murder, it was filmed in Technicolor against the dramatically different worlds of French Morocco's sinister, danger-paved alleys and bazaars, and London's plush Albert Concert Hall, luxurious Embassy Row, and seldom-frequented, mysterious side streets.

Stewart and Miss Day are cast as an American doctor and his wife vacationing with their

young son in Marrakech. Stewart witnesses the knifeing of an Arab in the city's back streets, and while tending the dying man, is given information of an impending assassination. He thus becomes a dangerous man to the plotters, and from that moment on neither he nor his family are safe.

"Palm Springs Weekend," Every year at Easter time, thousands of young Americans scatter to the nation's sunny resorts for a fling at fun and romance before resuming their studies for the rest of the school-year. That is the background and the source of the plot of "Palm Springs Weekend," new Warner Bros. comedy in Technicolor which shows Sunday, Monday and Tuesday at the State Theatre.

"Palm Springs Weekend" is a youngsters' picture, dominated by young people and devoted to the personal stories, the pursuits, the pangs and the pranks of youth today. All but three of the nine "Palm Springs Weekend" stars are youthful, and they are backed by a contingent of seven more young supporting players.

REP. BEN BARNES

State Representative Ben Barnes Announces For Re-Election To Office

State Representative Ben Barnes of DeLeon has announced for re-election to the Texas Legislature, where he represents the counties of Brown, Coleman, Comanche and Runnels.

Although serving only his second term in the Legislature, Rep. Barnes is already established as one of the top leaders of Texas state government.

For example, the Houston Chronicle recently described him as the "floor whip for both Governor Connally and House Speaker Tunnell." The Amarillo Daily News referred to him as the "floor whip for both between the House and Governor Connally." The Fort Worth Star-Telegram tabbed him "one of the workhorses of the Texas House." And the San Angelo

Standard-Times said "those close to the political situation declare Ben Barnes is destined for a 'high place in Texas affairs.'"

His popularity, both outside and inside his home district, was very evident in December, when a "Ben Barnes Appreciation Dinner" was held at Brownwood. It was first planned for a hotel room, then moved to Brownwood's new coliseum, however, many people had to be turned away as the dinner crowd overflowed.

Among those who came to Brownwood to help honor Rep. Barnes were House Speaker Byron Tunnell, who said "Ben is my right hand in the Legislature," and Lieutenant Govern-

nor Preston Smith, who said "Ben has shown outstanding leadership and devotion to duty."

Governor Connally, who was still recovering from an assassin's bullet, talked to the appreciation group via bedside telephone, saying that Rep. Barnes is a "young statesman destined to a distinguished career in his district, his state, and his nation."

Also speaking to the group by telephone was State Attorney General Waggoner Carr, who was in Washington. He called Rep. Barnes "completely dedicated to the highest principles of government."

Many people in Austin think it incredible that Rep. Barnes has managed to reach such an influential position in only three years at the State Capitol. One possible explanation is that Rep. Barnes follows the late-to-bed and early-to-rise philosophy. No doubt his tremendous energy springs from his relative youth (26) and an energetic wife (the former Martha Morgan of DeLeon).

As chairman of the House Rules Committee—certainly one of the top committees in Legislature—Rep. Barnes undertook a personnel job that is matched only in the larger companies. Among other things, it calls for supervising the hiring and work of more than 500 employees who work at the State Capitol during sessions of the Legislature.

The Rules Committee Chairmanship also put Rep. Barnes in charge of operating procedure in the House of Representatives. Together with House Speaker Tunnell, he initiated many changes in House "decorum" and the rules under which the house operates.

In addition to the Rules Committee assignment, Rep. Barnes also served on four other top committees—Agriculture; Oil, Gas and Mining; Revenue and Taxation; and Banks and Banking (of which he was Vice-chairman.)

Although Rep. Barnes was recognized as one of the floor leaders for both Governor Connally and Speaker Tunnell, he personally carries an abnormal load of legislation. He was extremely instrumental, however, in passing legislation which set up a special investigation of

slant-hole drilling; establishing a committee to study education beyond the high school; removing of the Attorney General from several state boards which proved too time consuming.

Rep. Barnes was an honor student at DeLeon High School, and attended Tarleton State College at Stephenville, TCU at Fort Worth, and the University of Texas at Austin. He was a business administration major at the University of Texas and also attended the University of Texas Law School.

He worked for the State Department of Health prior to his election to the Legislature in 1960. He and Martha are members of the Methodist Church, and have two children Greg, 5, and Amy, 2.

Gleaners SS Class Met In Eoff Home

Members of the Gleaners Sunday School class of the Southside Baptist Church met in the home of Mrs. Pete Eoff Monday afternoon, with the class president, Mrs. Bill Hendrix, presiding.

Mrs. Clem Rozman led the opening prayer, and old and new business was discussed.

Mrs. Virgil James gave the devotional and the closing prayer was given by the teacher, Mrs. Bill Hill.

Refreshments were served to Mrs. Arthur Clark, Clem Rozman, Ora Vialpando and Kathy, Bill Hendrix, Virgil James and Mrs. Bill Hill.

**WASHINGTON NEWSLETTER:
Tariff Question
Cause for Jitters
Among Ranchers**

By Congressman O. C. Fisher
The ever-recurring issue of tariff adjustments is giving sheep and cattle raisers the jitters this year—and for good reason. This is the year for trade negotiations at Geneva, when the big trading nations assemble to bargain on tariffs and trade restriction policies. And the United States has seen fit to place wool and meat, and their products, on the agenda for possible negotiation as to tariff rates, quantitative restrictions, etc.

The Congress ordered that when such negotiations are set, affected people may present their views to a tribunal—namely, the U. S. Tariff Commission. That group has no power to do anything about the complaints that are registered, but is obliged to make findings and recommendations to the President, based upon the record that is made by the witnesses. The negotiators may then make use of the findings, or they may ignore them.

Many of us are deeply concerned about what may happen at Geneva. It is well known that many of our State Department and other trade negotiators are disciples of free trade. And they have the final word, so far as the U. S. is concerned. An avalanche of evidence has been presented to the Tariff Commission in opposition to any reduction in present tariffs on wool, lamb and beef. I have appeared before the Commission on two occasions this year—once to oppose any reduction in protection on beef, lamb and mutton, and the second time to oppose any cut in the duty on wool and wool textiles. In fact, on each occasion, I urged the need for quantitative restrictions on the amount of such products that may be imported each year.

I reminded the Commission that nearly a third of all our woolen mills have been forced to close down during the past few years, because of the low-cost foreign competition in countries where wage rates, etc., are far below ours. And woolen mills continue to close at the rate of about one each month. Only a few years ago 67,000 people worked in these mills; today only about 60,000 are retained.

We are hoping, of course, that our negotiators at Geneva will take into account the very serious effects now being felt in this country of excessive im-

**FB Will Begin
Member Drive
Next Tuesday**

A "kickoff" supper for the beginning of the membership drive of the Runnels County Farm Bureau will be held in the offices on Hutchins Avenue in Ballinger Feb. 4 at 6:30 p. m.

Ben Frerich, of Rowena, president of Runnels FB, and B. B. Campbell of Hatchell, first vice president and chairman of the membership committee, will present the program.

Guest speakers for the evening will be B. J. Gist, director of District VII of Abilene, and Ed Cumbe, area field representative of Bronte. A special entertainment program will be presented.

All directors, their wives and other membership workers are urged to attend the meeting. The membership drive of the Runnels FB will officially begin Feb. 3 with five delegates attending a special meeting in Lubbock. This meeting will be one of three meetings held Jan. 3 to begin membership drives all over the state. The other two meetings will be held in Dallas and San Antonio.

The membership drive is marked to begin on the first day of Farm Bureau Week in Texas.

Those who will attend the Lubbock meeting will be B. B. Campbell, first vice president and chairman of the membership committee, Neuman Smith of Hatchell, second vice president, Hugo Vogelsang, of Winters, M. L. Dobbins, Winters, and Ben Frerich.

**Father and Son
Show Champion
Red Angus Steers**

A father-son team from Winters exhibited the champion and reserve champion Red Angus steers at the 1964 Southwestern Exposition and Fat Stock Show now going on in Fort Worth.

Bob Colburn, student in the Winters school, showed the champion steer in the Red Angus division, and his father, Billy Joe Colburn, exhibited the reserve champion. Both steers were judged on the hoof.

In addition to the honors won by the steers on foot, the entries by the father-son team won champion Red Angus carcass and reserve champion carcass for all breeds.

The animals were bred by Joe Rawlings of Bronte.

Mr. and Mrs. Colburn and their son Bob went to Fort Worth Thursday where they attended a banquet of the Red Angus Association, where Bob was presented a trophy by the association.

The Red Angus is a relatively new breed for registration, and breeders of the line have a nationwide organization, the Red Angus Association of America, with headquarters at Ballinger. Mrs. C. T. Parker, of Ballinger, is secretary of the national organization.

Significance of the honor received by the father-son team from Winters is underscored by the fact that 5,824 cattle, sheep and swine—topping last year's total by 370 head—were entered in this year's show in Fort Worth. Total entry list of all departments exceeds 10,500.

The Fort Worth stock show is scheduled to run through Feb. 2.

**Changes Noted In
Screwworm Fight**

Highly successful eradication measures, cold weather and the need to conserve funds have prompted screwworm eradication officials to cut the production of sterile screwworm flies by 50 percent.

An average of 70 million flies per week will be reared in the weeks ahead; production had hovering near the 140 million per week mark during the fall. Eradication workers are confident this number will be sufficient to adequately treat those areas of Texas where native screwworms can survive the cold temperature.

The sterile flies, which are released by airplane over screwworm-infested territory, mate with native, fertile female flies, but no offspring are produced. Nearly six billion sterile flies were reared and sexually-sterilized at the huge "fly factory" near Mission last year.

Eradication officials stated that the decrease in fly production, as well as a cut-back in personnel of nearly 175 employees, was made possible by a significant reduction in the number of screwworm infestations in the past month. At the time that the decision to hold back production was made, several weeks had elapsed with no cases being reported in any of the five states in the eradication area. Authorities also said that it is important to conserve funds now to insure that money is available to initiate emergency measures that may become necessary later in the season.

Bill Little--

(Continued from page 1)
Little, a graduate of Winters High School and who organized the publishers' group, will graduate from the University in August. He has been sports editor of The Daily Texas, university newspaper, for a year and a half. Prior to that, he was assistant sports editor under his brother, Harvey Edward Little, who was sports editor of the newspaper. Harvey Edward now is a student in the University Law School.

During the time Bill Little has been with the Daily Texan, he has received special recognition for his work several times. Last year he won a first place in the Hearst Newswriting contest for university journalism students. This year he has won an honorable mention in the same contest for articles he has written. This award is significant because only a small number of journalism students in the top universities of the nation are eligible for the award.

Rankin Pace, Winters postmaster, bought the first copy of the recently published book. A copy was presented by the group to Merrick Spill in thanks for his assistance in the project.

Texas counties reported 4,916 screwworm cases; the previous year, 49,484 cases were detected in 242 counties. While this indicates a 90 percent decrease, officials feel reporting was so much more effective than during 1962 that an even greater degree of control may have been achieved than the totals indicate.

THE \$10.00 RACK
Talk about your money's worth! We have our thoughts and you will more than likely have yours when you see these. Maybe we are not justified in taking the stand but we are sick of them—2 Short Stadium Coats, 13 wnt. Wool Sport Coats, 7 men's suits and 3 lt. color Men's western coats with the big border at the bottom, and maybe we will add a few other "white elephants" by the time you come in. Take your pick for \$10, if you will.

MEN'S SHIRTS
The worst looking ones of the fall season... button down collars, flannels, heavy suitings, slims and trims... It is hard to realize that at one time we thought these were nice.—we hope you won't look too close at \$1.98 each.

LADIES' SILK SLACKS
Fully lined for shape retention and if you don't have the shape you had better pass these up because they are cut for a perfect contour fit and how. Beautiful fall colors, maybe too loud... will you look at them for \$2.98 a pair—just exactly 1/2 of the reg. price.

CHILDREN'S WESTERN SUITS
These are the misses' ultra-ultra in matching shirts and western pants with emb... yet we have 2/5, 1/6, 1/7 left. \$8.95 at start of fall, now... \$3.98.

LADIES' WESTERN SLACKS
These aren't the best fitting nor the hottest colors of the fall season but at 1/2 Price you could at least look them over...

LADIES' FLANNEL SKIRTS
The good ones or the so-called fancies in 45" wool... the desirable colors and patterns have very little on the roll but if it wasn't such a good pattern there would be plenty. We sold it as high as \$3.98 yd. Now \$1.98 yd.

CULOTTES
1/2 skirt, 1/2 pants, and I think about 1/2 mistake we ever bought them. How about you buying 'em at 1/2 Price?

LADIES' HOSE
It looks kinda lazy not to want to have seams in your hose just because you will have to straighten them. But who are we to argue? If you won't buy these at 29c Pair we will mix them in with the trash.

LADIES' HATS — WE THINK
They are "no good" but who can tell who will like what in ladies' hats. If you like them you can buy the best or the worst for \$1.00.

COSTUME JEWELRY
There may be something you will buy... we doubt it. 1/2 Price!

LEOTARDS
Hot and hot sellers when it is cold weather. Maybe if enough of you see this ad we will sell a pair or 2 at \$1.00 pair.

SHORT OVERCOAT
Only one of these and we are glad! Made by Curlee to sell for \$29.95... We hope you will buy for \$9.98!

ALL-WEATHER COATS
These all-weather coats have zip-out pile linings and were the leading sellers in coats for all fall... except we sold the dark ones and these are the light ones. Who would like a light one for only \$9.98?

MEN'S SLACKS
22 pairs men's all-wool slacks that sold as high as \$12.95. There is something the matter with each pair of them—one is too soft, the other the wrong color... some have been altered and the length was made too short... Anyway, want a pair? \$5.00 ea.

PENDLETON ROBES
Just too high at \$25.00, I guess. Anyway, we have 2 left. Want to buy one for \$10.00?

MEN'S T-V JACKETS
It looks like a great many people are watching T-V without the correct jacket. The salesman told us that every man would want one of these... How about a couple of you that missed the boat? We have 2 left — were \$9.95, now \$5.00!

GIRLS' PAJAMAS
These are the odds and ends of nylons and flat knit pajamas. The color is usually wrong but you can surely close your eyes to the color at \$1.00 Pair!

CHALLIE DUSTERS
6 only, misses' challie dusters that were \$1.98, now only \$1.00 ea.

LADIES' CORDUROY SLACKS
These are supposed to be slacks but they fit more like capris... a little short and a little tight. So what!... You figure out where to wear them or give them to your sister-in-law... \$1.00 pair!

CHILDREN'S COATS
We are stuck here with a few. Try one, only \$4.99!

SCHLANG WOOLENS
Final sale of all the solids and fancies in 45" wool... the desirable colors and patterns have very little on the roll but if it wasn't such a good pattern there would be plenty. We sold it as high as \$3.98 yd. Now \$1.98 yd.

PIECE GOODS, \$1.00 YARD
We don't know if anything is a bargain or not in this entire lot but we do know that at the above price we could not buy it back. (Who wants it back?) Quilts, Folkier suitings, Ameritex cottons. Values to \$2.50 yd... \$1.00.

PIECE GOODS—2 YARDS \$1.00
This is the whole assortment that we figured would not sell as high as \$1.00, and we want it to move. Out it goes at 2 yards \$1.00!

BRASSIERS — GIRDLES
We sold the matching items to this Christmas Red Set. Gee, it was pretty for the holidays, but now it looks just "red"... Anyway, want one of these that sold at \$2.98 and \$3.95 for \$1.00?

LACES
Cottons and nylon, embroideries, imp. lace fringe, eyelets, braids, trimmings... about 50 varieties to choose from. These are manufacturers' surpluses or maybe something he would not use when he saw what it looked like. They are supposed to be goods that sell at up to 49c per yard... You can see what we think of it... 5c yd.

BOYS' OVERALLS
These have been dusted so much that actually they are getting a little thin in places. We really need to sell the cotton knits, sizes 1 to 6. \$1.00 pair.

BOYS' SPORT COATS
Be sure to let the boy see these before you buy him one and expect him to wear it. He just might turn it down 100%. Maybe at the price he will be good... They have been offered at \$5.95 to \$9.95... Now \$2.98!

BOYS' FLANNEL SPORT SHIRTS
Actually we thought that they were nice but you are the one to make the final decision and we do have some left... The price was up to \$1.98. Can you take a few to finish out the season with at \$1.00?

BOYS' SUITS
Six only boys' suits that were supposed to sell at \$10.00—Now \$2.98!

BEDSPREADS
When we buy drapes and spreads to match we always have a few of one or the other left and I don't believe that they will ever come out just even. We now have nine spreads "double size" left that sold up to \$12.95, to close out for \$5.00!

MEN'S SWEAT SHIRTS
No styles to run out... we just bought the good HEAVY one and were supposed to sell it for \$1.49—anyway there was one on the market for \$1.00 so we decided to sell this A-1 good one for 98c!

MEN'S HATS
Regular \$20.00 Borsalinos, mostly large sizes. Want one for \$10.00? Stetsons, odds and ends in Royals, and 3X Beavers, \$7.99. Small brim "dude" hats, regular \$3.95, now \$1.98. If you have thought you would like to try a hat you can no do so for \$1.98. Once you see these you may decide to never wear a hat!

MEN'S SWEATERS
These are sweaters that sold as high as \$12.95 and have good name labels and all-wool labels and virgin wool and all the dope. BUT the truth is they are nothing but odds and ends. You won't like the color and styles and probably will be peeved at yourself if you do buy one at \$5.00!

CURTAIN SALE
Use these on the side of the house where you do not care about the neighbors. They are sure to make a fuss if you put them up. If you don't care however, we can offer you a few for 1/2 Price!

WESTERN SHIRTS FOR MEN
Some of these are so loud that they are the kind you see in the shoot 'em up western TV's. We can't help it if they are supposed to sell for \$4.95 and \$5.95. We will be real grateful if you will buy them for \$3.98!

FEATHER STEP PIXIES
We have seen the time when you couldn't buy enough of these. They wore them for househoses, street shoes, parties and dances. Now they must be going without or just sitting home watching T-V. They are loaded and need the space to try something else... Want a few pairs of these \$1.98 shoes for \$1.00? Just come in...

MEN'S BLACK STADIUM BOOTS
Here is a little lot that we want to clear out... \$13.95 values for \$9.95!

ACME COWBOY BOOTS
If we get them plain most people prefer the fancies, and if we get them fancy most prefer plain ones... these are real fancy... should sell for up to \$22.50... if we have your size you can have them for \$12.88!

BOYS' SPORT SOX
We did not make a mistake on this one... when we bought it at 39c a pair they were using them—now they all want stretch sox. We now have these bagged in cello bags so you can't see what you are getting but they do have the true sizes on the bags, at 4 pairs for \$1.00!

MEN'S TIES
It hasn't been long since Xmas, and "it is said" that he never wears the ties you select for him anyway, so why be choosy about these \$1.50 and \$2.50 values now 97c?

LADIES' SHOES
We have fooled around with 1/2-Price and Penny Sale as long as we can on these, now we need the room. If you don't want to buy some carry over fall shoes you had better not come around because if you are the least bit price conscious you cannot turn down these shoes at these prices. No flats in this lot... all medium or high heels that sold as high as \$12.95. Now in two groups, \$3.00 and \$5.00. Hope we have your size.
