Talk

By R. C. THOMAS

They predicted 36... but as of early Tuesday morning, with the final count yet to come, there had been 38. These figures for the State of Texas alone, nationwide, there were 499 — a figure which probably will have to be adjusted as the totals are tabulated. Last year, there were 557.

We're talking about the number of people who died on the highways during the long Labor Day week end just ended.

That isn't all: Over the nation 17 people lost their lives in boating accidents, and 55 drowned. The death count began Friday at 6 p. m. and ended at midnight Monday, a period of 78 hours. On a previous count, for a nonholiday week end period of 78 hours, an Associated Press survey showed 456 people had died in auto accidents alone.

All this seems so useless. On the highway, most of the accidents could have been avoided if a little more thought and common sense had been used instead of the ever-increasing attitude on the part of most drivers that they are the only ones entitled to a driving spot. High speeds in low-speed areas; passing on hills and curves; driving onto highways without clearing; and general carelessness accounts for most of the highway deaths.

Boating accidents which continue to take a toll every year can be said to be avoidable, too. But the same kind of people who insist upon ALL the rights of the highways also insist that they alone are entitled to the use of the water.

Drowning comes in the same category, so much of the time. Too many people take to the water when they are unable to swim, with the idea that "this water is not too deep; or too swift."

With the increase in the population and the resultant increase in automobiles on the highways — more so on a long holiday week end — and also the increase of water activity, there is bound to be an increase in accidental deaths. But the way some of them happen it would seem that they are not "accidents," but "planned" from the start. The only answer would seem to be a continuing, and constant pounding on the subject. It may get old to some people — this forever harping upon safety — but if it could be responsible for the saving of even one life, it would be worth the effort.

That total — 571 — should help to give us all reason to pause and reflect, because: A city approximately the size of Winters could be wiped out every week.

We took a little trip during the long weekend, down into Central Texas. Drove on some poor highways, some good highways, and some excellent four-lane divided highways. There was a lot of traffic, and it was moving right along. However we saw only one or two instances of obvious disregard for the rules of the road; everyone seemed to be taking a little more care in their driving... either that, or we have lowered the standards by which we judge drivers.

Our old friend out on Bluff Creek has begun to cast about for a few new and different thoughts, now that the creek has gone down and he can get to his "fallout" shelter. This time he's reflecting on the possibility of televising all court trials. There's a lot of material being neglected, he figures, which would put the soap operas out of business.

Just think, he points out, how a jury would be picked: A lawyer wouldn't dare pick a common man — he probably would not be photogenic. And a lawyer himself probably would be more or less barred from the court room if his features were not those of a matinee idol. Juries probably would give the verdicts a little more thought if they thought their decision might be unpopular with the tv viewing public. Judges would of course have to be screened to find the ones who would photograph properly, and who would have audio-acceptable voices. None of those high, squeaky voices.

And think of the possibility of a good juicy court case which could demand nationwide attention! It could be put on a national hook-up, and the commercials sold could go a long way toward eliminating taxes. Our Bluff Creek friend figures

City Officials Set Tax Levy At \$82,500 for '64

City officials expect about \$3,000 more in 1964 taxes than was received in 1963 taxes, based on an increase in taxable property.

A total of \$82,500 tax levy on real and personal property for 1964 has been set by an ordinance passed Tuesday night at the regular meeting of the City Council. The ordinance fixed the tax rate at \$1.50 per \$100.00 valuation for the year. A 50 per cent basis is used for tax evaluation.

Taxes in 1963 were set at \$79,500, with more than 100 per cent collection through July it was reported. Through July according to the City Secretary's office, a total of \$79,961.48 had been collected on current taxes, with collection of delinquent taxes totalling \$5,871.59.

The tax levy ordinance passed Tuesday states: "There shall be levied and collected a tax in the amount of 91 cents per \$100.00 valuation for General Fund purpose. There shall be levied and collected a tax in the amount of 59 cents per \$100.00 valuation for the interest and principal coming due for the year 1964, upon 1956 refunding bonds, hospital bonds, 1951 water and sewer improvement bonds, 1951 street improvement bonds, 1951 City Hall and Fire Station bonds, 1954 park bonds, and City of Winters General Obligation Refunding Bonds, and Refunding Bonds 1960 series."

Bonded indebtedness for the City of Winters General Fund as of 1964 totals \$31,685.00. Of this amount, principal totals \$17,000, and interest amounts to \$14,685.

ACCEPTS POSITION

Nancy Norman, a summer graduate of Hardin-Simmons University, has accepted a position with the Southcrest Baptist Church of Lubbock, Texas, as secretary to the Pastor J. B. Fowler, Jr., who formally was pastor of the First Baptist Church of Ballinger, and has recently been called as pastor of this church. Nancy is the daughter of John W. Norman.

Riding Club To Lease Lake Area For Rodeo, Roping

Winters' City Council Tuesday night accepted a bid from the Winters Riding Club to lease approximately twelve and one-half acres of land in the old City Lake area north of town, to be used for installation of rodeo and roping facilities by the club.

The City advertised the area for lease, and the only bid received was from the Riding Club. The lease will be for a 15-year period, with a 15-year option. Final terms of the lease will be announced at a later date, following a study of the requirements of the City, it was explained.

According to information from spokesmen of the Riding Club, the organization will build a rodeo arena in the area. They plan to also build bleachers and other facilities and re-organize an annual rodeo for Winters. It was also understood that there will be roping contests held all during the year after installation of facilities has been completed.

Council also heard Tuesday night a report that there still are several residents who have not complied with a recently passed ordinance to replace big oil drums and other non-regulation garbage cans with cans which meet City specifications. The Council again has asked that everyone comply with the ordinance so that health standards can be met. It has been pointed out again that the Sanitation Department will no longer pick up garbage and trash which is put in big oil drums or is not prepared in accordance with the ordinance.

TO SAN ANTONIO

The Rev. and Mrs. Edgar H. Graham of the First Presbyterian Church of Winters were among the 400 persons who attended the 1964 annual meeting of the Synod of Texas of the United Presbyterian Church, U.S.A. and the Texas Women's Synodical Society this week at Trinity University.

IN KRUSE HOME

Recent visitors in the Dick Kruse home were Mr. and Mrs. Joyce Lucas and children of Midland and Mr. and Mrs. Drew Cromer and children of Dallas.

Dr. E. L. Bowden Speaks To Runnels Children's Group

Dr. E. L. Bowden, chairman of the Department of Education at Hardin-Simmons University, Abilene, was the guest speaker at the September 4th meeting of the Runnels County Association for Retarded Children. Dr. Bowden discussed "Testing — Who, when, and why" in regard to retarded children.

He praised the Runnels association for its excellent beginning, and its accomplishments since its recent organization. Dr. Bowden stressed the civic support, awakening the parents interest, and getting a legislation passed to help with the program. The educator said that establishment of special education units in our public schools can be sped through an educated public. He told the members "Keep reading, keep listening, and keep learning."

The psychologist doing the psychological testing must be well qualified and testing should be done leisurely, and have an overall aim in understanding a child as much as possible, he said.

In discussing the retarded child, Dr. Bowden said that the I. Q. program should be avoided. Find out what the child can do and the type of work he can do; find out what his weaknesses are and what his possibilities are; and what the potential possibilities are for the future.

RCARC members were encouraged by Dr. Bowden to devote more time to the task at hand by doubling their efforts, and keeping at the job.

Dr. William Tatum, vice-president, conducted the business meeting in the absence of the president, Mrs. Buddy Casey. Reports were given by Doyle Hubbard, treasurer, and area vice-presidents Mrs. Sidney Horton of Norton, and Mrs. Walter Adami of Winters. Ralph Byers, program chairman, announced guest speakers have been selected for the next three months.

Ernest Caskey, school superintendent, announced that a Certified Child Psychologist will be in the Ballinger Elementary School soon, for testing children to qualify them for special education classes. The application for testing the child must be signed by the parents, and approved by the state.

Dr. Tatum appointed a committee to investigate the buying of an air conditioner for Mrs. E. H. Forgy's special education classroom.

Miss Mayme Ruth Booth, stated that the organizations membership now stands at 97. An announcement was made that RCARC will receive \$450 from the Community Chest, and that a tax exemption has been granted up to June 1, 1965.

A letter of thanks was read from the Abilene State School for a \$10.00 contribution to be used by Runnels Co. indigent students as spending money.

There are sixteen children from this area in the Abilene State School.

FROM SAN ANTONIO

Mr. and Mrs. Newby Brown and children of San Antonio were week end visitors in the homes of their parents Mr. and Mrs. J. S. Brown, and Mr. and Mrs. Henry Vogler.

RETURNED HOME

Mr. and Mrs. Brodie Gray, Mrs. Vernon McCartney and children, have returned to their homes after a two weeks stay at the bedside of their father, S. P. Gray.

A PROCLAMATION

WHEREAS, a singular honor has come our way in that Bill Miller, a graduate of Winters High School, has been chosen to compete in the Broad Jump Tryouts for the Olympics, and

WHEREAS, Bill Miller has proven himself to be an outstanding athlete of exceptional character; and

WHEREAS, Bill Miller is well known to this community as the type of young person we are proud to have call Winters home;

NOW THEREFORE, I hereby pronounce Saturday, September 12, 1964 as "BILL MILLER DAY IN WINTERS, TEXAS". I do ask the citizens of Winters to recognize and encourage Bill Miller on this day, for this is the day he will be called upon for his greatest effort to prove himself eligible to compete in the Olympics. Words and messages should convey to Bill Miller our hope that on this day he will be successful in proving himself a world-famous athlete.

GIVEN UNDER MY HAND AND SEAL OF OFFICE this the 9th day of September, the year of our Lord 1964.

More Than Hundred Attend Drasco Homecoming Held On Labor Day

Sixth annual Drasco homecoming was held Labor Day at the Abilene State Park with 104 persons signing the register. The morning was spent visiting and greeting old friends.

Games of Mexican dominoes and "42" were played before lunch and soft drinks were served throughout the day.

A basket lunch was served at noon. The Rev. James Alexander of Abilene gave the invocation.

M. L. Dobbins, president of the organization, presided for the afternoon session and Elmo Mayhew led the group in singing "Blest Be The Tie That Binds." The secretary, Mrs. Elmo Mayhew, gave the report of the previous meeting.

Rankin Pace of Winters was elected president for the year. H. O. Abbott, Sr., vice president and Mrs. M. L. Dobbins, secretary-treasurer.

Speaker for the afternoon was the Rev. Roy Crawford. An informal program was held and open to anyone who wanted to speak. Mrs. Zora (Mitchell) Hill, a former teacher of the community, had recently found an old brown-back speller for the grades 1 through 7. Inside she found Elmo Mayhew's name and he had written headmarks in the book. She presented the book to Mr. Mayhew as a keepsake. Mrs. W. A. Mayhew was recognized as having a birthday on Labor Day and Jerry Dobbins on the 5th.

Names of the deceased during the past year were read and a moment of silence was observed in their honor, with the Rev. Roy Crawford offering a prayer.

David Douglas Dobbins was presented a gift as the youngest present, gift for the oldest present was received by Mrs. A. M. Hoots, age 87, of Waco, and a gift for traveling the farthest distance was received by Albert Porter Baker's family who came from El Paso.

A gift for the largest family was received by Mrs. D. A. Dobbins of Winters. Mrs. Lail donated one of her paintings to be presented to the person guessing a lucky number. Mrs. David Dobbins received the picture.

Mrs. Lail was the person who started the organization of the Drasco Homecoming six years ago. She was honored with a gift in appreciation of her work and time spent in organizing the group.

The homecoming will meet again next year on Labor Day, but no place was designed for the meeting.

Those present were: Mr. and Mrs. Hubert Smith, Tom L. Massena, Mr. and Mrs. P. F. Lail, Mrs. Vada Mae Babston, Louella Wilson, Mr. and Mrs. W. G. Daniels, Alma Daniels, Nita Cummings, Mr. and Mrs. Cullen Mills, Mr. and Mrs. Robert Baker, Mr. and Mrs. M. L. Dobbins, Mrs. D. A. Dobbins, Mr. and Mrs. H. O. Blizzards Meet Mason Friday

It was a bruised Blizzard team which returned from Lakeview last Friday night, but this is not unusual following a first game, says L. G. Wilson, head coach, and the Big Blue team should be in good shape by Friday night, when the Punchers of Mason come to Winters.

Quarterback Denny Aldridge's broken collarbone, received

AROUND THE 5-AA FOOTBALL LOOP

The walls came tumbling down for the 5-AA favorites, the Winters Blizzards, Friday night, in a hapless encounter with AAA Lakeview at San Angelo. Having reached the top of the ladder via past season's experiences, the Blizzards ran onto some tough competition and hard luck in their opener, and therefore skidded toward the bottom of the ranking team lists.

Ace Quarterback Denny Aldridge, who went through the 1963 wars, received a broken collarbone shortly before the halftime gun Friday night, and was forced out of play, with the Blizzards leading 6-0. After that the Big Blue was forced to change their whole line of attack and came out of the game 6-7.

Friday night's loss, and the loss of the starting quarterback, was reason for the Blizzards to be skidded toward the bottom in the state polls. The Star Telegram rating listed Winters in the No. 6 spot this week, and the Dallas News rating placed the Blizzards in the No. 10 spot. The Big Blue team hosts Mason Friday night.

The Bearcats of Ballinger tromped Brady Friday night, 20-14, to keep their name in the headlines and move up to No. 2 spot, replacing Winters. The statistics told a different story, however, with Brady racking up 137 yards rushing to Ballingers 68, and totaled 13 first downs to the Bearcats' 5. The results are seen on the scoreboard, though and the Ballinger squad will be out to deal a lot of misery to a lot of teams this season. They are definitely contenders for the district crown — and possibly beyond. The Bearcats go to Post Friday night.

Only two teams of 5-AA lost their opener Friday night — Winters and Colorado City, and C-City, in Double A ranks for the first time this year, really lost — Phillips, the No. 1 AA team in all ratings, clobbered the Wolves to the tune of 35 to 9. David McKay, quarterback for the C-City Wolf pack, gained a lot of recognition Friday night but encountered a streak of bad luck when Phillips territory was threatened. The Wolves will meet Ector of Odessa in C-City this week.

Anson, under the direction of Quarterback Jerry Andrus, edged Aspermont 7-6 Friday night. That game was pretty well even with Anson chalking up 117 yards rushing to Aspermont's 116. The Tigers did take to the air for 27 yards to the Horne's 0 — but one of Andrus' passes was snagged by Aspermont's David Frazier who took it 45 yards for their lone counter. The Tigers completed three of eight tries in the air. Anson meets Coleman this week.

Hamlin's Pied Pipers piped their way to a 41-13 victory over Rotan Friday night, keeping to the air a lot of the time — 169 yards passing earned. They trailed Rotan on the ground, 92-96, and marked up

(Continued on page 8)

during the first half of the game with Lakeview last Friday night, gives reason for revamping the entire offensive attack — it may not look like the same team when they take to the field against Mason.

Coach Wilson said that although the loss of Aldridge has been a big blow, and that some of the boys were bruised considerably, they should be ready for Mason. Richard Puckett is stepping into the QB slot to replace Aldridge. He has been slowed to some extent, but will be ready to go Friday night.

Mason will present a hard-running team, using power plays. A halfback by the name of Mark Kethmann — wearing No. 22 — does 50 per cent of the running for the Punchers. He is supported by big 261-pound No. 30. Full back Terry Plueneke, a senior student.

The Punchers are one of the top rated teams in their district, according to information received. They have seven returning starters from last year. Blizzard game captains for Friday night's game will be Richard Shade, Chester Puckett and Hank McCreight.

Mail Carriers Begin Distributing Acreage Survey Cards

Postmaster Rankin Pace announced today that Rural Mail Carriers will begin distributing 1964 Acreage Survey Cards to patrons on their routes about September 12.

The Post Office Department assists U. S. D. A. in making this survey each year. These reports, directly from farmers, are the basis for official estimates for Texas acreage of all crops harvested in 1964.

To be sure this community is well represented in the survey, Postmaster Pace urges each patron receiving a card to fill it out and return it to his mailbox.

Rural mail carriers working on this project are: Sam Cooke, Route One; Ray Hollingshead, Route Two; Weldon Collins, Route Three; Eddie Little, Route Four.

Mrs. J. C. Hodnett Hosted Class Meet Of First Baptist

Mrs. J. C. Hodnett was hostess for members of the J. O. Y. Sunday School class of the First Baptist Church when they met in her home for the monthly session.

Mrs. Kenneth Sneed was in charge of the program and Mrs. Eldridge Cox opened the meeting with a prayer.

Roll call response was given on the topic "Children of the Bible." The secretary gave a report of the last meeting.

Mrs. Loyd Roberson, teacher of the class, appointed a nominating committee to select new officers for the new year, also a committee to plan the installation dinner.

Mrs. Ellis Zane Moore gave a very interesting devotional on "Faith." The meeting closed with prayer by Mrs. Ted Meyer, president of the class.

Refreshments were served to Mesdames Monroe Roles, B. T. Shoemaker, Ivey, Loyd Roberson, Kenneth Sneed, W. O. Webb, Calvin Holloway, Eldridge Cox, J. C. Hodnett, Robert Mayfield, Garland Crouch, Spurgeon B. Parks, Ted Meyer, and Ellis Zane Moore.

HOW ABOUT THIS?—Not everybody can blow a bubble this big, so Johnny Lawler is proud of himself. Moments later, Johnny overdid it a bit, and the big, gooey bubble was plastered all over his face and neck.

Do Fish Grow? Oh, My Tackle!

Game Warden Lawton Peacock of the Parks and Wildlife Department can attest to the rapid growth of pond-raised fish.

Peacock was present when Thomas Harwell of DeKalb stocked his three-quarter acre farm pond with fish from the State Hatchery three years ago. This year Harwell tried his luck with rod and reel. He hooked three fish, two of which he landed. One weighed three and one half pounds and the other a pound heavier. The third one? Oh, broke his line and got away!

Every year brings another September. September is the month when schools open and young minds tackle new problems of the three R's, and older minds combat the barriers, the road blocks of life.

Lutheran Church Ladies' Aid Circle Met Last Thursday

Regular meeting of the Ladies Aid circle of St. John's Lutheran Church was held last Thursday in the basement of the church, with the president Mrs. Herman Frick presiding.

Mrs. W. W. Ahrens gave the devotional using scripture from Matthew 28: 28-30.

Following the singing of the theme song, "Breathe on Me Breath of God," and the hymn "Fellow Christians, Let Us Gather," the circle was divided into four groups for the Bible study on Acts 16-18, under the leadership of Mmes. Ted Hantsche, J. J. Wessels, Fritz Deike and Raymond Kurtz.

The birthday number was a quartet, "Break Thou the Bread of Life," sung by Mmes. Louis Ernst, Mary Frick, Walter Andrae and Charlie Adami, with Mrs. W. F. Minzenmayer at the piano.

Mrs. George Pruser, Sr. called the roll and Miss Emma Henniger gave the treasurer's report. Mrs. Herman Spill led the offering meditation.

Mrs. W. W. Ahrens gave a discussion on parish education concerning the activities of the Sunday School. The group voted to have a clean up day in the church basement October 8.

The meeting closed with the group praying together the Lord's Prayer.

Hostesses were Mmes. Albert Holck, William Kiefer, Lena Sentz and Miss Emma Henniger.

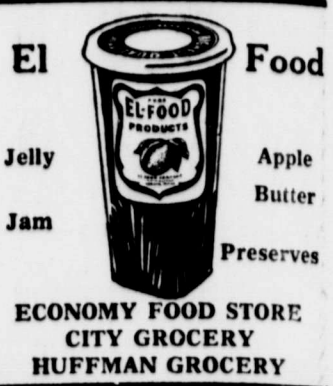

'Velvet Horns' To Be Studied

A pioneering study of velvet horned deer will enter a new phase in the Kerr Wildlife Management Area just as soon as a twelve stall "deer pen" is completed, reports Al Springs, coordinator for wildlife restoration in the Parks and Wildlife Department.

The subjects will be young buck deer, born normal but developing sterile traits, most conspicuous of which are velvet antlers that are not shed in the spring like those of normal

buck deer. Springs said scientists are interested in determining what effect various diets have on the extraordinary white-tailed specimen. And controlled conditions as offered by the "deer pen" should shed additional light on the subject.

While all crows may look alike, they are not. Each is a different bird character.

Blizzards Lost Opening Game To Lakeview; Quarterback Injured

Publicity has become an important part of our everyday world — often being referred to as the power of the press. However, the Lakeview Chiefs apparently do not believe everything they see in print.

By all the wise sports predictions of the past several weeks, Winters was at the top of the State 2A class, and supposed to stop all comers. The Chiefs set about to write their own interpretation of the news last Friday night at Chief Stadium to the tune of a 7-6 victory over the highly rated Winters Blizzards.

Controlling the ball for 62 of the 103 offensive downs in the game, the Chiefs claimed 162 yards rushing to Winters' 40. Not only did they win on the scoreboard and in the state column, but they also scored a point for the next five or six teams which will meet Winters by eliminating, near the end of the first half, QB Denny Aldridge with a broken collarbone.

Winters received the ball on the initial kickoff, and began their drive on their own 29 yard line. Aldridge called for the keeper, moving 9 to the 38. Wingback Jimmy Adams completed the first down to the 41. Larry Awalt carried for one and Larry Spill for four to the 46. Aldridge claimed six, but the play was nullified for the first of the Blizzards' five penalties. The Blizzards were forced to kick on fourth down.

From their own eight yard line, the Chief's moved in three first downs to their own 44. With 21 yards needed for the first down the Chiefs attempted a third down quick kick. Big Mike Patterson moved in and

blocked the kick, so Chip Puckett took the free ball and sprinted 39 yards for the only Winters TD with 3:32 left in the first quarter. The Spill kick was wide.

On the offensive again, the Chiefs took to the air, only to see their second pass attempt snared by Chip Puckett on the Winters 46.

Puckett moved to the Lakeview 28. After a series of penalties, the Blizzards finally got going with first down and 20 from the 38. An Adams pass was intercepted by Lakeview's John Kite on the eight.

Again the Chiefs were on the go from deep in their own territory. They moved with C. L. Avants to their own 43 where a fumble was recovered by — who else but Chip Puckett? The teams took turns running three plays and kinking until the half ended. With Aldridge on the sidelines and Richard Puckett on the wheel.

The first of the third quarter was again a turnabout game until Robert Morse, Chief halfback took one of Patterson's punts on the Lakeview 43 and returned all the way for the only other tally of the game. Wayne Cook paraded the uprights for the extra point, with 3:51 left in the third quarter.

Early in the fourth quarter the Chiefs invaded the Blizzards 20 yard line for the first time offensively, moving to the 11. The big defensive line of Winters tightened up and held. The only other hope of the Blizzards came late in the game with 3:47 left as they stopped another drive on their own four and Richard Puckett took to the air.

Puckett completed a 15-yard pass to Larry Awalt. From the 19 his attempt to hit Adams was incomplete the first time, but good for seven the second time and 10 the third to the 36. With seconds to play, Puckett

Hunters Get Manners Tip From Watson

Hunters got a friendly warning from J. Weldon Watson, executive director of the Parks and Wildlife Department, that their manners on location often times goes a long ways toward landowners' receptions.

"Plus the age-old problem of gates left open, fences torn down, fields set afire, and live-stock endangered," said Watson, "we now have a new and more poisonous plague. This is the 1964-model litterbug who has become the scourge of all civilization."

"We all know about the litterbug. Some of us unknowingly qualify for this parasitical pack. And some unknowingly close the door to being invited back. Because a farmer or rancher, besieged by nature's assorted problems, seldom has any patience left when he finds that hunters have scattered refuse all over his place and have generally desecrated the landscape.

Watson said he had received reports that some landowners in the Rio Grande Valley had become so annoyed by the expense of cleaning up after white-wingedove hunters that they are considering putting up POSTED signs for the first-time.

The Executive Director, balm-ing much of the trouble on "the plain unthinking carelessness," admonished hunters to "set up their own rules of conduct and just act like they were hunting on their own land."

"And," he concluded, "the old head in the hunting business knows best that after you have been the perfect gentleman a-field share your game bag with the landowner. And be sure that you pick his birds first, so that little extra tribute of gratitude definitely will be taken care of."

Runnels County Women Attend State Meeting

Mrs. B. M. Batts, Sr., county Texas Home Demonstration chairman, for South Ballinger Club, Mrs. J. E. Allbright, Ballinger Club, and Mrs. Alfred Multer, Olfen Club, are the elected delegates to represent Runnels County at the State Home Demonstration Association meeting Sept. 16 and 17 in Houston at the Rice Hotel.

"The American Woman — Her Changing Image" will be the theme of the 32,000 member homemakers' organization.

Director John E. Hutchinson of the Agricultural Extension Service at Texas A and M University, will be featured speaker. Other program highlights will be an election of officers and special workshops in civil defense, citizenship, 4-H, safety and health, family life, publicity and recreation.

More than 800 home demonstration members of the state are expected to participate in the meetings.

Other addresses are slated by Mrs. Jean Adams, of the Houston Post, and Bonnie Cox, Extension Organization Specialist. Musical selections will be presented by the Texas Chorus under the direction of Mrs. L. N. Parker, of Liberty Hill.

WHAT'S BEEN GOING DOWN

UP

AND OUT

FOR YOUR BENEFIT?

DOWN and down the unit price of electricity has dropped over the past years. Today in homes served by WTU, the cost per KWH is 17% less than it was in 1953. While the cost of living continues to rise... the cost of electricity continues to fall.

UP and up has gone the amount of electricity the customer is using. WTU has grown in the past years and will continue to grow... staying ahead of its customer's needs.

OUT in every direction have gone power lines to supply electricity for all. Customers all through West Texas are provided with benefits from the most modern and efficient generating plants.

More Diesels in Expanded 1965 Chevrolet Truck Line

To meet customers' needs for more specialized trucks, Chevrolet has greatly expanded its 1965 truck line to 327 models, largest number in its history. Most expansion is in the diesel field, extending down to the 1½-ton class for the first time. New to the line are an economical in-line, 3-cylinder two-cycle diesel of 94 hp for city pickup and delivery work, and three V6 four-cycle diesels of 130, 150 and 170 hp. A 230-cu.-in. 140-hp six-cylinder engine will be optional in the Chevy-Van, replacing the smaller 120-hp six previously offered as an option.

1965 Chevrolet Truck Line Is Expanded To Meet Specialized Needs

To keep pace with the trend toward diesel power in the city-pickup and delivery service, the division will offer a medium-duty model with an economical in-line 3-cylinder, two cycle 159 cu. in. engine developing 94hp. It is especially well adapted to stop and go operations with a high idling time because of its exceptional fuel economy.

Also new to Chevrolet are three four-cycle, V6 diesel engines, names the Torq-Flow line. One is 351 cu. in. displacement and develops 130 hp. The others are 478 cu. in. displacement with ratings of 150 and 170 hp.

The engines are proved power plants offering the fuel economy and low maintenance of a diesel, but with only a moderate weight and cost differential. Because of their short-stroke design, piston speeds are reduced and friction power loss is low. Short, high-swirl inlet manifold passages, short exhaust manifolds, and a high pressure fuel injection system contribute to high efficiency.

In line with the trend toward a higher ratio of load space to over-all truck length and better maneuverability in metropolitan traffic, Chevrolet has more than tripled the number of tilt-cab models for 1965 to a total of 71, of which 47 are diesels. Low cab-forward models also are increased — to a total of 52, with 31 of them diesel powered.

To meet customers' need for metropolitan delivery trucks with greater load capacity, Chevrolet is introducing two new forward control chassis. Available in 157 and 175 inch wheelbases, they will accommodate large van bodies for hauling bulky and heavy cargoes

Vehicle Inspection September 1, Will Last Until Apr. 15

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, announced today that the time has arrived for Texas motorists to have their vehicles inspected again. Garrison said September 1 marked the beginning of the 1965 vehicle inspection period as prescribed by the Public Safety Commission. As in previous years, the period will end on April 15, 1965.

"This means that between now and April 15, 1965, more than 5,200,000 Texas registered vehicles will have to be inspected at the 5,200 official inspection stations in Texas," he said.

Garrison urged motorists to have their vehicles inspected in the routine visits to garages for ordinary maintenance and repairs and thereby eliminate the necessity of having to wait in line at a later date for an inspection sticker. He further pointed out that with the ever increasing number of vehicles registered in Texas, it is becoming ever more difficult for the motorist to get an inspection sticker without some delay.

"With the hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked for the winter months ahead," Garrison said.

In announcing the new inspection period, the Public Safety Director pointed out that vehicle inspection in Texas has apparently been a valuable tool in reducing traffic accidents due to vehicle defects. When compulsory vehicle inspection began in 1951, 19 per cent of all vehicles involved in fatal accidents had a defect that contributed to the accident, while in 1963, that percentage had been reduced to 4 per cent. In non-fatal accidents, vehicle defects as a contributing factor were reduced from 20 per cent in 1951 to 5 per cent in 1963.

CAPT. AND MRS. GERALD KEITH TERHUNE

St. John's Lutheran Church Scene Of Presley-Terhune Wedding Sunday

St. John's Lutheran Church was the scene of the wedding Sunday at 6 o'clock in the evening, uniting Matilda Ann Presley, daughter of Mr. and Mrs. Jake Presley, and Capt. Gerald Keith Terhune.

The bridegroom is the son of Mr. and Mrs. George Terhune of Menlo Park, California.

Pastor A. W. Holck officiated for the double ring ceremony before the altar where sets of candelabras holding lighted tapers and baskets of pink and white carnations formed the setting for the wedding party.

Miss Emma Henniger, organist, accompanied Miss Estella Bredemeyer and Erwin Henniger to sing "My God and I," and "Bless This House."

Candlelighters were Lynn Odem of Missouri and Bob Frazier of Dyess AFB.

Maid of honor was Brenda Presley, sister of the bride. She wore a pink satin street length dress and pill box hat with circular veil. She carried a colonial bouquet of feathered carnations.

Mr. Presley gave his daughter in marriage. She wore a street-length two-piece lace dress and carried an orchid surrounded by pink roses. Her short veil fell from a satin box trimmed with seed pearls and she wore a string of pearls, a gift from the groom.

A reception was held in the church parlor following the ceremony.

Members of the house party were Mrs. Deibert Kruse, Mr. Calvin Hoppe, Mrs. Herman Frick, Mrs. George Pruser, Sr., Mrs. Wilkens Hoppe, of Ballinger, Mrs. Bill Heine of Fort Worth; Mrs. Bill Narrell of

Mrs. August Vater Hosted Meeting Of Methodist Circle

Mrs. August Vater was hostess for the regular meeting of the Charity Caroline Circle of the Methodist Church in her home Tuesday. Mrs. M. E. Leeman presided for the business session.

Members voted to give a Life Membership and Junior Membership with donations for Mrs. Mary McKiel and Mrs. W. A. Pace.

"Shall We Unite?" was the topic of the devotion and program which was presented by Mrs. C. R. Willey.

Members joined hands and dismissed with a prayer.

Those present were Miss Frances Stricklin, Mesdames V. M. Babston, M. E. Leeman, W. A. Pace, E. L. Crockett, August Vater, David Dobbins, C. R. Willey, C. E. Briley and H. O. Abbott.

Mary Martha Circle Of Methodist WSCS

Mrs. Alma Daniels hosted the regular meeting of the Mary Martha Circle of the Methodist Womans Society of Christian Service in the church parlor.

Mrs. J. D. Vinson presided for the business session and the group sang, "The Churches One Foundation." Mrs. Daniel led the opening prayer.

"Shall We Unite?" was the topic of the program led by Mrs. W. W. Parramore. Mrs. Vinson gave the devotion taken from Ephesians 4: 1-8-11-16.

Mrs. D. A. Dobbins dismissed the group with a prayer.

Present were Mesdames F. R. Anderson, W. T. Stanley, George Rosson, Roy Crawford, Gattis Neely, Alma Daniels, J. D. Vinson, D. A. Dobbins, and W. W. Parramore.

Williams Family Reunion Held In Bomarton

Descendants of the late Mr. and Mrs. T. C. Williams met Sunday for a family reunion in the home of Mr. and Mrs. Dean McCaulley of Bomarton.

Twelve of the thirteen children are living and all were together for the first time in over thirty years. Their combined ages are 860 years and each one is still very active except for one brother.

The family includes T. W. Williams of Ballinger formerly of Winters; Jerry, Walter, Luther and Grady Williams of Goree; Amos Williams of Seymour; Curtis Williams of San Antonio; Lonnie Williams and Mrs. Bernice Rutherford of Lubbock; Mrs. Mae Lowe of Weinert; Mrs. Buella Dobbins of Hereford and Mrs. Hattie McCann of Houston. Lee Williams died in 1937.

Attending the reunion from the T. O. Williams family were Mr. and Mrs. T. O. Williams of Ballinger, Mrs. O. D. Montgomery of Odessa; Mr. and Mrs. Fred Crow of Morton, Mrs. Bede England and Mr. and Mrs. L. Q. Sneed and family of Winters.

Runnels Farmers Must Fight Wind And Water Erosion

Most soils in the Runnels Soil Conservation District are subject to wind and water erosion when left bare, states Glen Green of the Soil Conservation Service. Erosion by wind and water usually starts what is known as sheet erosion. Green said, sheet erosion is hard to see and it damages the soil by removal of the top soil, which contains most of the soil fertility. Green says this type of erosion can be controlled by leaving a protective cover of crop stubble on the surface of the soil. He said that plow sweeps set flat, and run under the roots of small grain and sorghum, leaves all the stubble on top of the surface of the soil to protect it from wind and water erosion.

Residues left on the surface, Green said, help conserve the moisture and keeps the soil open so it will take water better. Checks showed, after the recent rains of 3 to 4 inches in the Wilmett community, that the rain soaked to a depth of 18 inches where the stubble was left on the surface of the soil, while on flat broke land it soaked only 6 inches deep.

Green said field experience in the Runnels Soil Conservation District, and research, have showed that at least 1,500 pounds of stubble from row crops and 750 pounds from drilled crops, are needed through the critical wind erosion season of fall, winter and early spring.

Junior Culture Club Husbands' Party Held Saturday Nite

Members of the Junior Culture Club entertained their husbands with a Beatnik Box Supper on Saturday, August 29th, at the Country Club.

The room was decorated with colored lights and a murd of Beatniks and entertainers. Low burning candles were centered on red tablecloths.

Joe Vickers auctioned the box suppers. Bob Jackson and Jerry Dry were awarded prizes for the two most like Beatniks, and Roy Ann Vickers was presented the prize for the best decorated box.

Special entertainment was presented by the Stingers. Hostesses were Jerry Dry, Pat Funderburg, Zella Colburn, Roy Ann Vickers and Marthiel Russell.

Members and their husbands present were Jerry and Hal Dry, Zella and Mutt Colburn, Pat and Junior Funderburg, Roy and Joe Vickers, Marthiel and Tommy Russell, Margie and Donnie Oaks, Charlotte and Gayland Robinson, Doris and Bob Jackson, Dianna and Lynn Billups and Barbara and Dennis Rodgers.

MOVIES

"The Stripper"

In the title role of "The Stripper," Joanne Woodward turns to another of those demanding dramatic performances like the one which brought her an Academy Award. Joanne plays the part of Lila Green, a beauty contest winner who winds up touring with a sleazy magic art.

The 20th Century-Fox CinemaScope release which shows Saturday and Sunday at the Fiesta Drive-In is the valedictory of filmmaker Jerry Wald.

"The Dream Maker"

"The Dream Maker," Universal's sparkling new musical, in color, starring the internationally popular singing star, Tommy Steele, will show at the State Theatre Friday and Saturday.

Steele, whose records have sold in the millions, is assisted by 12 famous guest stars who introduce 16 tuneless song hits in a glittering array of production numbers ranging from the riotous rock 'n' roll and twist, to soulful ballads.

"The Third Secret"

"The Third Secret," which shows Friday and Saturday at the State Theatre, has such an unusual story line and unexpected climax that the management strongly recommends that audiences see it from the beginning so as not to spoil the suspense effect.

This production of Robert L. Joseph, for which he also wrote the original screenplay, is the first film venture of this successful Broadway impresario. The well-known cast is headed by Stephen Boyd with guest stars Jack Hawkins, Richard Attenborough and Diane Cilento and also stars young Pamela Franklin. Directed by Charles Crichton, it is a 20th Century Fox CinemaScope release.

"The Patsy," Jerry Lewis' new Technicolor

comedy from Paramount, "The Patsy," shows Sunday, Monday and Tuesday at the State Theatre. The film is Lewis' 30th motion picture.

"The Patsy" is about a group of show business professionals who's meal-ticket, a famous comedian and movie star, suddenly dies. They decide to build a nobody star, substituting the newcomer for the dead comedian, and continuing with their lucrative jobs. For their replacement they select a bellboy (Jerry Lewis) who shows signs of having talent, and what results is sheer bedlam.

only 12 first downs to Rotan's 11. The Pipers' Halfback Robert Pearce passed, ran and kicked the game to victory. He returned a punt 60 yards for a counter, swept the end for another, passed to end Mike Shivers for a third. Then he kicked four extra points, and set up other touchdowns with his passes. The Pipers met Olney this week.

The first time the Bulldogs of Stamford got the ball last Friday night, they scored. Then they waited until the fourth quarter to score again. With a two-point conversion following each teedee, they held Quannah 16-12 for the evening. Harrison Cole, the Dogs' halfback, chalked up the first counter with a 30 yard run off tackle. Ronnie Jenkins made a spectacular 71 yard run on a fourth and three situation in the last of the fourth period to run the score 14-12 for Stamford. Cole made the extra two points around the left end to rally the final score. Max Jones of Stamford made the first two - point conversion. Still in pre-district play, the Bulldogs will play Iowa Park this Friday night.

The Indians from Haskell went on a mild warpath Friday night to scalp Electra 20-6. The game was only two minutes deep when Joe Josselot ran from Electra's 21 for the first score of the game. With his shoes off, Bill Perry kicked the extra point. Haskell ran 294 yards to Electra's 162. Haskell hosts Clyde this Friday night.

South African Eyes Texas

The current population explosion in Texas hasn't yet reached its zenith, if reports from South Africa may be counted on.

From that distant area, a 17-year-old student wrote the Park and Wildlife Department for a briefing on Texas, since, she said, she intends to move there.

"I have always been interested in Texas and I intend to live there when I have finished my studies, which will be for some years yet, as I am still seventeen," wrote the girl in a distinctive word-printing style.

"However, I went to the USIS (United States Information Service) office in Nairobi and they told me if I wrote to you you would send me some colored postcards. If you could send me a detailed map of Texas, perhaps in a few sections as it would be more detailed in this form, together with some informative pamphlets and postcards (preferably of scenic places) I should be very grateful. I shall, of course, pay for any expenses incurred."

The prospect was referred to the Texas Tourist Development Commission.

The Arkansas River is 1,450 miles long, second only to the Mississippi.

Patience waiting is often the highest way of doing God's will.

**WASHINGTON NEWSLETTER:
Congress Is Studying State Re-Districting**

By Congressman O. C. Fisher

Main reason why the Congress is still in session, following recess for the Democratic Convention, is to consider apportionment legislation. The House passed a bill to prohibit the Supreme Court from exercising jurisdiction over apportionment relating to the state legislature, and it is now pending in the Senate, where it may be side-tracked.

Senator Dirksen and Mansfield are sponsoring an amendment to another bill, now pending in the Senate, to suspend the effect of the Supreme Court's decision of last June 15 which makes it mandatory that all state legislative districts, both House and Senate, be apportioned on the sole basis of population. The Dirksen - Mansfield amendment would postpone the effect of that decision for at least two years, and give the Congress and the state legislatures some time to try to work out a solution and avoid the chaos that will result otherwise.

Our trouble is that the radical - liberals, headed by Senator Douglas of Chicago, are fighting this, and they have considerable support, including that of vice - presidential nominee Hubert Humphrey. The liberals have been trying to talk the Dirksen - Mansfield amendment to death by preventing the Senate from having a chance to vote on it.

All sorts of witticisms and wisecracks are springing up on the wage of the national conventions. One barb on Goldwater has it that the Senator said he was definitely going to take 10 states - and that he would concede the other three to Lyndon!

Another one, in the form of an interview with Bill Conner, the colorful Alabama delegate to the convention, who when asked for his comment on the selection of Hubert Humphrey for vice-president, quipped: "Johnson knew what he was doing; he was taking out an insurance policy on his life. He knew that if Hubert is elected vice-president, no one would be so stupid as to assassinate the President, with Hubert next in line to succeed him!"

CARD OF THANKS

We want to express our many thanks to the ones who visited and sent the lovely flowers and cards, the comfort of kind words and many prayers during the illness of Mr. Sam Gray's two week's stay in Hendrick Memorial Hospital, Abilene. To the hospital staff of third floor, help and kindness of Dr. Chapel and Dr. Smith when he was so low. Also to Rev. J. E. Bagley and Rev. Wayne L. Allen. May the Lord be with each of you in his loving kindness as he has been with us. Mr. and Mrs. Sam Gray and Children. Itp

Baptist Group Held Regular Meeting In Puckett Home

Regular meeting of the T. E. L. Class of the First Baptist Church was held in the home of Mrs. W. E. Puckett, 420 East Dale.

Mrs. Puckett told the group "just to prove to my class I really went fishing and not just gadding about," she served a fish dinner.

Mrs. J. Drake returned thanks and following the dinner each member answered roll call with a Bible verse. Mrs. Cora White read the 100th Psalm.

Those present were Mesdames W. E. Puckett, Cora White, Lela Wood, Ethel Bishop, Ethel Gardner, Ima Sims, W. B. Cotton, W. H. Cain, W. A. Booker, M. H. Nelson, J. Drake, T. A.

Hunters Aid Science In Dove Study

People at play will outnumber the men at work by a vast margin during the Rio Grande Valley white-winged dove hunt, September 5-8 and September 12-13. But the minority group will provide the basis for the scientific studies ahead.

The process begins via paper sacks placed at convenient places along the routes leading to the hunting grounds. A system of signs guides the hunters at the unmanned stations. The first - a gaudy orange canvas - hangs from metal supports along the shoulder of the road. It is designed to alert the hunters for the second sign, readable from the car, concerning instructions for dispensing small paper bags.

The paper bags will contain instructions for the hunters to record the date, the number of hunters in the car, the number

of whitewings bagged, the number of mourning doves bagged, the number of whitewings killed or wounded and not retrieved and to place in the bag one leg from each whitewing killed.

The hunters complete their cooperative stint by leaving the bag at the base of the check station as they depart from the hunting area.

Clark emphasized that the hunters, regardless of how many in the car, should take only one bag and that only one leg be left from each whitewing taken. Otherwise, the studies could be compromised, he said.

From the data provided by the hunters, the biologists are able to determine the number of hunters in the field, the total kill, the age ratio of the birds and other information indispensable in management of the species.

can assure success. The simple routine for the hunter in reporting the number in their party, the total kill and leaving dove leg samples will provide the basis for the scientific studies ahead.

Late Rainfall Helps Wildlife

Late summer rainfall that blanketed much of West Texas is giving young wildlife of all species a much needed shot in the arm, according to Pierce Uzzell, wildlife supervisor for the Parks and Wildlife Department.

Young already on the ground will now have some late summer succulent greens to help prepare them for the coming winter, but recent rainfall came too late to materially boost hatching success, relates Uzzell.

The winter survival of game birds depends primarily on the seed produced during the summer, and this past summer was too hot and dry to produce a substantial food crop. Consequently, food availability for game birds will likely be short this winter throughout West Texas.
