

HOME TOWN Talk

By R. C. THOMAS

Next week, October 4 - 10, is Texas Highway Week, so we thought we'd throw in a little something about the highways - or a slight mention, it is. A good ghost story in always appropriate, even during Highway Week. And the Texas Highway Department can boast of one of the most authentic ghost stories about highways that we've ever heard.

It's the Ghost Light of U. S. 90. People who have seen it say the best vantage point is on U. S. 90 about 12 miles west of Alpine in West Texas. If it's shining, it will be visible on the horizon to the southwest, at the foothills of the Chinati Mountains.

But that's the thing about the Ghost Light. It shines now and then, unpredictably, and it never shines when anyone tries to trace it down.

For a hundred years, everyone from Boy Scouts to ranchers and scientists have tried to stalk the source of the light. They have tried to sneak up on it by jeep, on horseback, on foot and by helicopter. In almost every instance, the light shines brightly as its stalker advances upon it, but each time the light flickers out.

Legend has it that the light is a campfire kindled by the restless soul of a wayward Apache brave condemned to roam the Chinatis forever. If this is so, the old Apache is a mighty whimsical ghost.

The light is visible most nights winter and summer. But capricious ghost that it is, its behavior is erratic and it may not appear for several hours. And some night not at all. And when it does choose to glow, it may appear a few degrees to the left or right of where it shined before. The Chinati ghost is manifestly a gadabout.

What could the Ghost Light be? There is a choice of theories, none very good.

One explanation is that the light is the moon's reflection from a vein of mica. But no such vein has ever been discovered. And besides, the Ghost Light beams when there is no moon.

It has been suggested that the light could be caused by the phenomenon known as "swamp gas." But Texas is no swamp. And geologists discount the possibility of natural gas reserves in the area.

So maybe it's a mirage? Why Not? Mirages do occur in such stratified air as that region boasts. But abide, Mirages, after all, are reflections of distant lights. The Ghost Light of the Chinatis has been seen now for more than 100 years. And a hundred years ago, the brightest light in those parts was a pioneer's kerosene lantern - hardly sufficient to refract with the brilliant candlepower of the Ghost Light, which sometimes glares like the leadlights of an oncoming train.

What else might it be? The work of a prankster? A prankster more than 100 years old? Hardly. Well, then, several generations of the pranksters? Not likely. Forty miles is a long way to hike for a gag. Besides, none of the many expeditions which have sought the Ghost Light's source has turned up a sign of life.

It is almost ironic that not far away astronomers at McDonald Observatory are probing the secrets of stars a billion light-years distant. Yet they are as perplexed as anyone by the riddle of the Ghost Light of U. S. 90. The mountains have kept their secret well. In 100 years and more, they have yet to give up the ghost.

And those who have seen it may invoke the wonderment of our childhood astronomy. Of stars and ghost lights, one may ponder, "How I wonder what you are."

After reading about the U. S. Labor Department's conclusion that longshoremen at Galveston are working too hard (on their own accord), and that hard work is obviously not good for anyone, our old friend out on Bluff Creek says he wishes that bunch of people minders had been around when he was following old Bill and Beck down the long cotton rows 30-40 years ago. If they had been, he figures, he'd not be so stoved up now that a 10-hour day leaves him kinda winded. He figures though that the conclusions are drawn from the fact that if some people didn't work so hard, they'd have (Continued on page 6)

Oil and Gas Activity In County Is Multi-Million Dollar Business

A \$14.5 million a year ingredient in the prosperity of Runnels County is the production of oil and gas, the Texas Mid-Continent Oil and Gas Association says in its current survey of economic factors stemming from petroleum operations here. Using just - published U. S. Bureau of Mines figures as a base, the Association has projected what oil and gas activities mean in this county. In 1962 Runnels County was producing more than 4.4 million barrels of crude oil and 11 billion cubic feet of natural gas. The oil was valued at \$13.1 million, the natural gas at \$1.4 million.

Runnels County ranks seventh - fourth in the state as total value of oil and gas production. "Demand for Texas crude picked up enough last year to give us an increase of about 3 per cent over 1962 on a statewide basis. This slightly improving trend seems to be holding this year as more autos are put on the road and nationwide business conditions accelerate," said James L. Sewell, president of the Association. "It will be several months, however, before we know to what extent individual counties are participating in the current market."

The dispersion of oil dollars through Runnels County healthy effect given property values by petroleum industry activity are indicated by several figures published by the Association.

It is estimated that royalty payments to Runnels County landowners who are fortunate enough to have producing wells on their property create a "crop worth \$1.8 million annually. These and other farmers and ranchers who have leased acreage for exploration receive additional rental and bonus payments, but sufficient current data is not available for measuring the amount.

Oil and gas operators invested an estimated \$8.5 million in Runnels County last year in the search for new fields and in the development of zones where production has been found. The Oil and Gas Journal reports that 176 wells were drilled in the county in 1963, resulting in 79 oil wells, 6 gas wells, and 91 dry holes.

Boy Scout Fund Drive In Progress; This Year's Goal Set At \$999.99

The annual drive to raise money for the Winters Boy Scouts is now underway, with the special gifts committee already turning in \$214.50. More is expected to be received in the way of special gifts, before the general campaign begins with a kick-off breakfast Oct. 13.

A goal of \$999.99 has been set for this year's drive.

At the breakfast Oct. 13 general campaign tactics will be mapped, and group captains and workers will be given their assignments. J. C. Martin will head up the general campaign.

J. W. Bahlman, special gifts chairman, has reported that response to this year's campaign for Boy Scout funds has been enthusiastic. He expects to collect much more before his committee's part of the drive is completed.

VFW Will Again Sponsor Heritage Program in School

Veterans of Foreign Wars Post 9193 and its Ladies Auxiliary will again sponsor the American Heritage Program in the Winters Public Schools, it was announced this week by Max Lewis, post commander.

According to George Beard, principal of the Winters Junior High School, the exact details of the program will be announced at a later date, but the program will be similar to last year's program, with films and other methods used for every grade level.

Local Scouts To Take Part In Canoe Exercises

Several Winters Explorers and Boy Scouts will take part in a canoe school for all Scouts in the Southern District of the Chisholm Trail, Oct. 3 at Hord's Creek Lake. The Saturday event will begin at 9 a. m. and terminate at 5 p. m.

Mike Hays, Winters Explorer who has been assisting in scoutmaster duties with the local Scouts, will be one of the instructors in the canoe school. Explorer Hays was a counselor at Camp Tonkawa summer camp last summer, and also made a long canoe trip into the wilderness of Canada two or three summers ago.

The other instructor will be Lynn Prater of Coleman Explorer Post 21.

The canoe school is for all boys now registered in scouting who wish to earn the canoeing merit badge. However boys who want to learn to canoe and who are not eligible for the merit badge are invited to attend the session.

Items needed for the school include canvas shoes, bathing suits, sack lunch, change of clothing, and kneeling pad. Scouts will meet at the western entrance to the lake on the Winters-Coleman Highway. Each boy attending from Winters will arrange his own transportation.

Seeking Names, Call Letters Of All CB Operators

An attempt is being made by the Midway CB Club to contact all owners and operators of Citizen Band radios in this area, it was announced this week.

All operators are being asked to send a postcard, listing their name, address, and station call letters, to Arnold Allcorn, Box 237, Talpa, Texas.

It is understood that this information will be used to compile a complete roster of all CB stations in the area to be used for emergency.

LEGION MEETING

The regular meeting of Post 261 of the American Legion will be held Monday evening, Oct. 5. All members are urged to attend and help with the posts' work for 1965. Arthur Bates, the commander, reminds members that it is time to pay 1965 dues.

RSCD To Hold Supervisor Elections Oct. 6

Plans were completed today by the Board of Supervisors of the Runnels Soil Conservation District to hold a supervisor election next Tuesday night, on October 6, at 7:30 p. m., according to Arthur Eggemeyer, Vice Chairman of the board. Eggemeyer said the election will be held in the Runnels County District courthouse.

The election will be for a supervisor to represent all the landowners in subdivision 1 of the District on the local conservation program. The incumbent supervisor is A. (Pete) Giescke, who ranches east of Ballinger. Eggemeyer said subdivision 1 of the Runnels SCD is all that land in Runnels County between the Ballinger - Coleman highway and Ballinger - Paint Rock highway. He said all people who live in Runnels County and own land in this area of the district are eligible to vote. No poll tax is required and both man and wife are eligible to vote. There are some landowners in this zone who live in Runnels County.

Eggemeyer said Hugo Vogel-sang of Norton has been appointed by the board to be in charge of the election. He said immediately following the election a good program suited for the family, including a sound and color film of the famed Flat Top Ranch, has been planned by county agent C. T. Parker and Woodrow Hoffman of the local Soil Conservation Service.

All landowners who have land in this zone are urged to come to this election and cast their vote for a fellow landowner to fill this important job on the board of supervisors. The Runnels SCD is not a federal agency but a governmental subdivision of the State of Texas like a county or school district. For this reason, Eggemeyer said it is important that the local people keep the district strong because it can be no stronger than the support it gets from the people who live in it.

Frank O. Deike Taking Part In Nato Exercises

PFC Frank O. Deike, son of Mr. and Mrs. Fritz F. Deike, Route 3, Winters, and other members of the Seventh U. S. Army, are participating in Exercise FALLEX 64, an eight-day NATO directed and controlled training exercise in Germany, ending Sept. 28.

The bi-annual exercise is designed to test and evaluate command communications with in the North Atlantic Treaty Organization military structure in Europe. Orders and communications between headquarters command posts and the dissemination of information to lower headquarters are being stressed to insure maximum proficiency during the training exercise.

The 21-year-old soldier, a member of the 23rd Ordinance Company of the 101st Ordinance Battalion near Heilbronn, Germany, entered the Army in September 1963 and completed basic training at Fort Polk, La.

He attended Winters High School.

IN CROCKETT HOME

Mr. and Mrs. Billy Crockett and daughters, Lorie and Marietta of Cameron were week end visitors in the home of his parents, Mr. and Mrs. E. L. Crockett.

RECEIVES DISCHARGE

Dean Maas, son of Mr. and Mrs. H. B. Maas, returned home Saturday from Fort Polk, Louisiana where he received his discharge after 6 months training in the National Guard.

School Children Will Be Awarded Prizes For Fire Prevention Posters

Fire prevention posters will be displayed and judged at the Winters Schools next week, in conjunction with the national observance of Fire Prevention Week. All school children have been asked to prepare fire prevention posters to enter in the contests, in which a total of \$45 cash will be awarded to winners in two divisions. Also, ribbons will be awarded to first, second and third place posters in each room. The contest is being sponsored by the Winters Volunteer Fire Department and the Winters

AIRMAN ADOLFO ARROYO

Adolpho Arroyo In Aircraft Training Program

Airman Adolfo Arroyo, son of Mr. and Mrs. Cruz Arroya of 709 Quannah St., has completed the first phase of his Air Force basic military training at Lackland AFB, Texas.

Airman Arroya has been selected for technical training as an aircraft equipment repairman at the Air Training Command (ATC) school at Chanute, AFB, Ill. His new unit is part of the vast ATC system which trains airmen and officers in the diverse skills required by the nation's aerospace force.

The airman is a graduate of Winters High School.

AROUND THE 5-AA FOOTBALL LOOP

It hasn't mattered one way or another - so far as the district championship is concerned - just what has happened to this or that team around the circuit during these past few weeks, because all games have been off the cuff... they're non-counters.

It's going to be different beginning this Friday night, however, with all signals to "fire for record," as they used to say in the Army. Everybody will "go for broke," and there's just not much telling how it will come out along in November.

While only four games deep in the season, 5-AA again this year is a center of attraction for Double A football fans. Of the eight teams in the area which have gone without a loss so far, four are from this district - Ballinger, Anson, Haskell and Hamlin. (Hamlin has played only three games.) That picture may change come Friday night, though, because the road gets rockier at home.

In action last week, the Winters Blizzards added their second win for the season, downing Single A Albany 12-7 in Albany. Outclassing the Lions most of the way, the Blizzards ran up a total of 19 first downs and 263 yards on the ground, to Albany's 9 firsts and 162 yards. In the air, Winters gained 34 yards to the Lions' 6.

The big crowd of Winters fans accompanying the Blizzards to Albany got an extra thrill during the evening when the Big Blue backfield, backed up by a forward wall, suddenly exploded jackrabbit plays all over the field.

LeRoy Kettler, who has seen comparatively little action this season, sparked the Blizzards with 110 yards gained on 16 carries. Kettler, running high-kneed and in spurts and flashes, accounted for the two touchdowns which gave Winters the win.

Winters goes against unbeaten Anson this week, and the result is expected to be a shambles - one way or another. Anson socked Albany 43-12 the week before, and then edged Cisco 21-19 last week. They previously had whipped Coleman 12-0, and Aspermont 7-6.

When the Blizzards take on the Tigers Friday night, the man to watch, according to the scouts, will be Jerry Andrus.

(Continued on page 6)

First District Game

Blizzards Meet Anson Friday

With four pre-conference games behind them, and a winless record of 2-2 for the season, the Winters High School Blizzard football team opens conference competition Friday night against Anson, at Anson. The game will begin at 7:30, as will all other conference games. Pre-district games started at 8 p. m.

All teams in the District 5-AA will begin conference play Friday night (with the exception of Ballinger, who has a night off), and most eyes in the district will be on the Winters - Anson game. This because in pre-season predictions, Winters was picked as the No. 1 team in the district and Anson received so-so attention. Subsequently, Winters has wrapped up a 2-2 record, and Anson has won a 1-1 four pre-conference tilts.

Coach L. G. Wilson reports good workouts this week in anticipation of the Anson game. No injuries will bother the Blizzards at the start this week, except the loss of Denny Aldridge who was injured in the first game of the season and is expected to be out for a few more weeks. Bo Killough, who has missed starting the last two or three games, will be back in the lineup this week against Anson.

Denny Aldridge and Chester Puckett have been named team captains for the rest of the season.

Further shifting in starting lineups is planned for this week, according to Coach Wilson. Richard Shade will be moved to

Booster Club Heard Review of Albany Game

Coach L. G. Wilson gave a short review of the Winters - Albany game at a meeting of the Blizzard Booster Club Monday night at the City Hall. He said that blocking and backfield play by members of the Winters team was improving all the time, and that in the game against Albany, the Blizzards held Albany to only two first downs during the second half.

Jerry Cunningham, who scouted the Anson team in action Friday night, pointed out to club members that a backfield man on the Anson team, Andrus, will bear some watching during the Winters - Anson game this week in Anson.

Coach Wilson said that the local team is building a greater desire to win all the time, and is working hard in anticipation of the district competition that starts with the Anson game this week. He also named the team captains for the rest of the season, Denny Aldridge and Chester Puckett.

There are now 146 members of the Booster Club, according to Wade White, president.

Schools Will Dismiss Early For Grid Game

Winters schools will be dismissed at 2:30 p. m. Friday, Oct. 2, in order for team members and students to reach Anson by 7:30 for the first district football game of the season.

Buses will leave on regular routes at 2:30 and buses going to the Anson game will leave Winters at 4:30 p. m. There will be a short stop at Laverder's Cafeteria in Abilene enroute to Anson.

tackle position of the offensive lineup, to replace Hank McCreight. Two changes probably will be made in the defensive lineup, the coach said. Mike Patterson will go in tackle position replacing Shade, Bo Killough out previously because of injuries, will be in an inside line backer position in place of Patterson. No other changes are contemplated at this time, it was said.

In Anson, the Blizzards face a tough team with a lot of experience in the backfield. Practically the entire backfield is returning from last year. Foremost among them is Jerry Andrus, a fast and dangerous man who has claimed almost 200 each in the last two games, against Cisco and Albany. Then there is big Pienda, a fullback with lots of drive and wingback Probst, and Quarterback Hunt.

Anson will go all out to win this game to make things a little more enjoyable for a homecoming crowd. Although not given up to be a passing team at the start of the season, they came through in fine style and started to take the air route for a lot of their yardage.

Both Winters and Anson have played Albany. Anson defeated Albany two weeks ago 43-12. Winters defeated Albany 12-7 last week. However, it is reported that four men were out of action in the Albany lineup when they went to Anson.

Statistics show that the two teams are about even, even though Winters has a 2-2 record and Anson a 4-0. In first downs for the season - four games each - Winters has made 46, Anson 50. Yardage gained rushing, Winters 607, Anson 606. Passing yardage, Winters 173, Anson 140.

Scorewise, Anson has rolled up 83 points for the season, and allowed opponents to score 37. Winters has 40 points for the season, and given up 28.

Roger Babson Says—

Business Of Individual Companies Greatly Affected By Boss' Health

Babson Park, Mass. Our business editors and columnists dig into just about every political, industrial, commercial, and financial influence on our economy. Now and again I am struck by the fact that they seldom take into consideration how much business—especially individual companies—can be affected by the health of the executives at the helm.

CORPORATION MEN AND HEALTH

For a half-century I have been making a detailed study of company earnings. On a great many occasions I have found that failing health on the part of a key executive has been responsible for declining business. This shows up most clearly when one firm in a field that is booming is unable to buck the competition and chalk up satisfactory profits.

An executive, for instance, may be at his desk every day and put in his full total of hours; he may attend conscientiously to his mail, his telephoning, his meetings. The difficulty may be that he is not really well enough to make that important extra effort that goes into the making of a top-notch official. He may not have the special zest to extend his lines and his territories sufficiently to hold his company at the top of the heap.

WHAT AILS SUCH BUSINESSMEN?

The reason why such conditions are seldom diagnosed is that illness is often thought of in terms of heart trouble, high blood pressure, chronic ulcers, viruses, etc. What I have come upon in my studies has usually been stress and strain caused by worry—a condition that often only a trained specialist would suspect. Men who seem to be doing their important job faithfully are seldom thought of as "trouble spots."

Look, however, at the stocks listed on the Big Board today and you will see that certain issues—in lines even that are breaking through all-time highs are crab-walking sideways, with no pep. I wonder what would be found by doctors who examined the head men of some of these firms? There may well be a day, I predict, when company directors will distribute to their stockholders annual health reports on all their key men, along with their financial audits. This could result in some of the "steeper" companies climbing

TWO KINDS OF FIGURES

Studying figures has been one of my most important occupations. I learned long ago, however, that the "human figures" have got to be in condition if the "mathematical figures" are going to please stockholders. The businessman who is going at top speed every waking moment in his social or business commitments during the evening, and living on headache pills, pep pills, and sleeping pills is not going to keep a jump ahead of his competitors for very long.

I am convinced that there will come a day when top corporation men will be retired and pensioned strictly in accordance with their physical condition rather than with their age. Some people, of course, have far more vitality than others and can stand the modern "rat race" for longer periods of time. The real solution to the problem is avoiding unnecessary worry and pressures, cutting out useless or repetitious work, streamlining unaided or inefficient departments, and delegating jobs that could just as well be handled by competent assistants.

SPIRITUAL RESERVES ESSENTIAL

Remember, too, that not even physical or financial reserves are worth anything unless they are accompanied by genuine reserves of the spirit. I have pointed out before that Jesus was called "The Great Physician" because He constantly taught that stress and worry are futile, that men must not be over-anxious for material things. It is significant that there is actually not a great deal written in the Bible about the followers of Jesus indicate that they died of illness; those who were not martyred lived apparently to an extremely old age. Surely a spiritual rebirth would be the answer for most of us to the strains that beset us in these difficult tension-ridden days.

Diversity Club Had Luncheon As First Meeting of Year

"To Be Aware of Our Club Obligations" was the title of the program for the luncheon given Saturday, as the opening meeting of the new club year at the home of Mr. and Mrs. Fred Young, Mrs. C. R. Kendrick was co-hostess with Mrs. Young.

The table was centered with an arrangement of International flags and tube roses. Mrs. Edgar Graham gave the invocation and Mrs. Z. I. Hale, the president's greetings. A resume of the Diversity Club's Activities was the subject of a talk by Mrs. Earl Roach. Mrs. Young presented the year books for 1964-65.

"My Home Project" was the response to roll call and Mrs. James Glenn read the constitution and by-laws.

Members present were Mesdames C. R. Bellis, W. T. Billups, Roy Crawford, James Glenn, Edgar Graham, Z. I. Hale, Sam Jones, C. R. Kendrick, Clarence Ledbetter, M. E. Leeman, W. E. Mayhew, Rayburn Merrill, Earl Roach, J. E. Smith, Fred Young, Roy Young, and John O. McAdams.

It's wonderful to be lazy, if you know how. It spares your heart, saves your energy, relaxes your mind.

Be too lazy to frown, fidget and worry.

MOVING TASK—Handling a gator seems to be no easy task as Roy Hurst grabs the body. The problem was to move the angry alligator from a trailer to a pen in Chicago.

Dinah Gray Models In New York For "Seventeen"

Dinah Gray, daughter of Mr. and Mrs. Doyle Gray of Abilene and the granddaughter of Mrs. R. T. Gray of Winters, was among the 12 coeds chosen by Seventeen magazine to model for its January issue.

Miss Gray is a freshman student in Texas Tech at Lubbock. She left Sunday by plane for New York and was photographed Monday and Tuesday. She was expected to return to Lubbock on Wednesday. Her parents and her grandmother, Mrs. R. T. Gray went to Lubbock Saturday to see her off on the trip.

While in Cooper High School in Abilene where she graduated last year, Miss Gray was chosen homecoming queen, FFA Sweetheart, Miss United Fund and Miss Datesetter. She won the Texas Junior Miss Title and a \$1,000 scholarship at the State Judging last February in New Braunfels and represented Texas at the National Junior Miss pageant in Mobile, Alabama.

In high school she was prominent in school activities, serving as home room president, Future Teachers Club, Student Council and served as a Candy Stripper. She also helped with the United Fund in Abilene and the March of Dimes for three years. Miss Gray is a member of the First Baptist Church.

The greatest results in life are usually attained by simple means and the exercising of ordinary qualities, common sense and perseverance.

Lady Golfers Honor Mrs. Kenneth Knapp

Mrs. Kenneth Knapp, who is moving to Wichita, Kans., soon was honored at the luncheon held by the Women's Golf Association at the Country Club Tuesday.

Further plans were made for the Halloween Carnival planned by the association, to be held Saturday night, October 31. A vote of thanks was given to Spill Bros. Co. for the carpet donated for the ladies' lounge in the club house.

In golf play, Mrs. H. L. Speer won a golf ball for guessing her score. Fourteen members were present.

Smiles and kindnesses and small obligations given habitually preserve the heart and secure comfort.

Joint 4-H Club Meeting In Wingate

The Wingate 4-H Joint Club met in the school cafeteria with Sam Helmers, the assistant county agent, giving the program on "The Organization, Progress and 50 years of 4-H Club."

There were 18 members present, fifteen visitors and parents present.

Six new members were accepted into the club. The new members are: Vickie O'Dell, Maria Smith, Martha Pritchard, Jan McNeil, Rebecca Sue Dean and Jan Stevens.

Refreshments were served to Mr. and Mrs. Hollis Dean, Rebecca, Ricky, Teresa and Carla Jo; Mrs. Suveron O'Dell, Phyllis and Vickie; Mrs. Gilbert Smith and Maria; Mrs. Jack Pritchard, Rex and Johnny; Mrs. Doug Stevens, Janice; Mr. and Mrs. Carlos Walker, Carla and Landa; Mr. Walter Green and Cary; Frank K. Antille and Tommy, Gary and Cindy, Dickie McNeil, Judy McNeil, Zane McNeil, Jan McNeil, Mrs. Pat Pritchard, Mary Lynn, Martha and Joe; and Mr. Helmers.

Don't wear yourself out carrying out the needless weights of grudges, prejudices and envy. He who listens at doors hears much more than he likes. The worst wheel of the cart makes the most noise. The orange fruit-fly is a native of Mexico.

THE SOURCES OF A BANK'S INCOME

What are these mysterious sources of income banks are supposed to have, that "yield them enormous profits?"

Banks have 3 chief sources of income: (1) Interest from Loans; (2) interest from bonds and similar securities; and (3) reimbursement charges for services rendered. Banks cannot speculate or become partners in any other business. Their operations are rigidly regulated by law.

Profits in banks are moderate because the safest investment bonds, etc., which banks buy always pay the lowest interest. Profitable bank management requires experience, vigilance and common sense. There is no mystery about it.

Mrs. C. Chapman Attended Author's Party In Dallas

Mrs. Charles Chapman returned Monday from Fort Worth where she visited in the homes of her sisters, Mrs. Welsh and Mrs. Jackson. They attended an author's party Sunday afternoon at Lakewood Country Club in Dallas for Dr. W. A. Welsh who has written a book, "Villians On White Horses." This book was given special attention at the party. During the party, an orchestra played throughout the after-

noon and telegrams were read from President Johnson, the mayor of Dallas and others. Also there were a number of Dallas speakers. Coffee, punch and cookies were served to several hundred people.

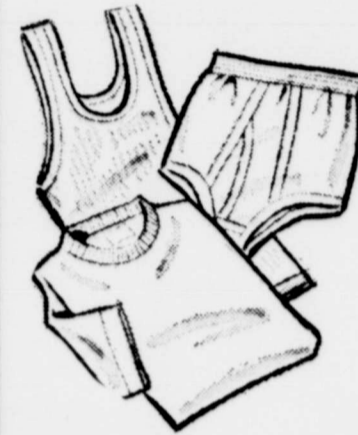

Dr. Welsh is leaving his pastorate at East Dallas Christian Church to become president of the College of the Bible at Lexington, Ky. He also is president of the International Convention of Churches which meets in Detroit Oct. 2, and will be accompanied there by his church secretary, his mother and her friend, Mrs. S. A. Agel and his three sons.

Blizzards Freeze Albany In Last Pre-District Game

Just as every boy needs a hero, every football team needs a star. . . . and the Big Blue Blizzards of Winters displayed their first potential star of the year in Albany Friday night as they defeated the Lions 12-7. The team claimed 237 rushing — 126 of which belong to Leroy Kettler, 150-pound halfback.

Kettler, who had appeared only briefly — four downs — in the Mason game, gave the crowd a startling exhibition of line plunges, broken-field running, and scoring ability, making all 12 points for the Blizzards. We must appreciate the fact there is no such thing as a one-man football team, and must give credit to the offensive line as well as the fine blocking from the offensive secondary.

Defensively the Blizzards also played as though they intended to win the game. The Blizzards received the ball on the opening kick-off against the Lions. On third down from their 22, Blizzard Larry Awalt used the quick-kick to the Albany 35.

In 14 plays the Lions had moved to the Blizzard 14. Winters' defense, headed by Chip Puckett, dug in and the Lions faced a fourth down and seven. Lion QB Jerry Speck chose to pass, and C. Puckett intercepted on the Winters 13.

Their second offensive turn again left the Blizzards short and Mike Patterson punted to the Winters 42.

From the 42 the Lions' big all-state candidate fullback Charles Brewster spearheaded the tee-dee drive. In five plays the Albany team was on the Blizzard three, and it was Brewster for the touchdown with 11:33 left in the second quarter. Bob Oliver kicked the extra point.

After the kickoff the Blizzards owned the ball on their own 35. Richard Puckett moved for three, and Awalt for three to the 41. A Puckett-to-Puckett pass fell incomplete, but Albany moved around, through, and even over several Albany defenders to the seven yard line. One of the key blocks was given, as before by R. Puckett.

First down and goal from the Albany seven — Puckett attempted a pass, but Albany HB Dallas Beeks intercepted behind the Albany goal to stop the threat. The remaining 17 downs were completed within the 35 yard line.

The Blizzards during the first four games have displayed a strong defensive line, a strong offensive line, and seem to have a very capable quarterback in Richard Puckett, who handles the ball with more assurance each game. With the alternating addition of Kettler to the backfield this team is ready for all comers.

JOY Sunday School Class Elects New Officers at Meeting

Officers were elected Friday morning when the J. O. Y. Sunday School class of the Drasco Methodist Church met at 9 o'clock in the home of Mr. and Mrs. Bede England.

Mrs. England was elected as teacher; Mrs. Dick Bishop, assistant teacher; Mrs. Alpheus Hill, president; Mrs. Loyd Giles, vice president; secretary, Mrs. R. Q. West; treasurer, Mrs. Herman Browne and reporter, Mrs. R. Q. West.

Mrs. L. Q. Sneed discussed plans for the coming year. The class will meet the first Friday in each month at 9:00 in the morning.

Present were Mesdames Alpheus Hill, Loyd Giles, Dick Bishop, Albert Lewis, L. Q. Sneed, R. Q. West and the hostess, Mrs. Bede England.

SON TO SMITHS
Mr. and Mrs. J. Smith are announcing the birth of a son, September 25 at Winters Municipal Hospital. The maternal grandparents are Mr. and Mrs. Pat Pritchard.

TO ST. LOUIS
Mike Jones left Thursday for St. Louis, Missouri, where he is enrolled as a junior student at Washington University Medical School.

Henry VIII had a clock installed on London Bridge 423 years ago. It's still telling time.

W. Cecil Taylor, Former Methodist Pastor, Died Wed.

The Rev. W. Cecil Taylor Jr., former pastor of the First Methodist Church of Winters, died at his home in Belton Wednesday afternoon following a heart attack.

Funeral services will be held in the First Methodist Church in Belton Friday afternoon.

The family requests that no flowers be sent. In lieu of flowers, those wishing to do so may make memorial contributions to the Educational Fund of the Methodist Central Texas Conference through the Winters Methodist Church.

Rev. Taylor served four years in the church here before moving to Fort Worth several years ago.

Survivors include his wife, two sons, the Rev. W. C. Taylor Jr., of Ferris and the Rev. J. E. Taylor of Fort Worth; and three grandsons.

Whooping Cranes Now On Their Way To Texas

One of the rare whooping cranes was positively identified recently resting on the Salt Plains National Wildlife Refuge near Cherokee, Oklahoma. Refuge Manager Lyle Stemmerman was able to make positive identification of the bird.

Although Salt Plains National Wildlife Refuge is on the direct migration path to the big birds' preferred wintering grounds, the Aransas National Wildlife Refuge near Austwell, Texas, on the Gulf Coast, the sighting was unusual in that the bird is far ahead of the normal migration timetable. A total of 32 whooping cranes left the refuge in Texas last spring headed for their breeding grounds in northern Canada.

Until the birds return to Aransas this winter, it will not be possible to make an accurate estimate of the success of this year's reproduction.

Travel on interstate highways is considered 2-one - half times as safe as on undivided primary highways.

More Students From Winters Off To College

The long list of young people from Winters attending colleges and universities continues to grow, as information comes in from all around the country.

Several new names have been added to the list since the first roster was published last week. They include:

Southwestern State Teachers
Johnny Smith
Capital University
John Jackson (correction)
San Angelo College
Jim Shook, Mickey Browne,
Glenn Awalt, Donnie Gibbs
North Texas State
Patsy Winton (correction)
McMurry College
Eugene Mathis (correction)
Cisco Junior College
Danny Long, Lyndon McBeth

Mrs. Laura Howell was honored Sunday September 27, on her 89th birthday at the Merri Nursing Home. Her daughter, Mrs. Vivian Tupper and Mr. Ella Mae Sawyer served punch and cake to all the residents of the home, members of her Sunday School class and other visitors.

The three-tiered birthday cake held 89 lighted candles. The combined ages of all those at the Nursing Home made total of 2,793 years.

Mrs. Howell is a long time resident of Winters and maintained her home here until her health failed.

WASHINGTON NEWSLETTER: Senate Refused Twice To Curb Supreme Court

By Congressman O. C. Fisher

On the eve of adjournment Texas was dealt a severe blow by the United States Senate last week. This happened when the Senate liberals, by a vote of 44 to 38, approved an innocuous and meaningless resolution respecting the right of Texas and other states to have one branch of the legislature based on factors other than population alone.

By doing this the Senate scuttled another pending resolution which had some teeth in it. The latter would have postponed the effect of a Supreme Court order on the subject for a couple of

years and allow a little time to try to find means of coping with the Court's usurpation of power. But the Senate liberals prevailed when the Democratic leader, Mike Mansfield, reversed his prior position and voted with the liberals.

The liberals and big city politicians support the Supreme Court's June 15 decision which outlawed the right to apportion one branch of state legislatures on factors other than population alone. Actually, the Supreme Court had no right to make the decision it did. It was a clear abuse of judicial power, and was contrary to the public interest.

In the case of Texas, the state Constitution provides that the lower house be apportioned on a basis of population, but that in the case of the State Senate no one country (regardless of population) shall be entitled to more than one Senator. This is a basic

part of our American concept of checks and balances, and is in accordance with the federal system.

But under our system the Supreme Court has the last word. That court has gotten into the habit of making laws rather than interpreting the Constitution.

In an attempt to curb the Supreme Court's usurpation of power, the House recently passed a bill to remove jurisdiction to remove jurisdiction to review state apportionment actions from the courts. But when that bill was called up in the Senate it was soundly defeated by the Senate liberals.

Thus, the Senate has twice refused to vote to curb the Supreme Court. That was a real bad break for Texas — and for all America, for that matter. The effect, if it stands, will be to disrupt the stability of our system of checks and balances.

New Members Were Initiated In Goal Diggers Club

New Members were initiated into the Goal Diggers Club following the meeting held Monday evening in the home of Mr. and Mrs. Bill Bean with their daughter Ann, as hostess.

The program was given by Jackie, Shirley, Judy and Linda. Scandal was read and refreshments were served.

Those attending were Betty Shoemaker, Becky Brown, Ann Bean, Linda McGregor, Shirley Heath, Zannette Moore, Judy

and will go a long way toward concentrating power and control in the big cities and in the pressure groups — at the expense of fair representation of rural areas, farmers, ranchmen, and the small businessmen.

THE WINTERS ENTERPRISE Winters, Texas Page 5 Friday, October 2, 1964

Matthews, Judy Hogan, Glenda Sims, Glenda Campbell, Jan Merck, Jan Johnson, Jackie Hall, Shirley Lindsey, Robbie Davidson, Sylvia Moore, Phyllis Awalt, Sharon Simpson, Billie Stevens and Geneva Cook.

The meeting was closed with the benediction.

VISITED RELATIVES
Mr. and Mrs. Ralph Lloyd returned home Sunday after a visit with her sister, Mrs. Eva Roberson at Friona, Mr. and Mrs. Roy Bledsoe of South Plains, and Mrs. and Mrs. John Hunnicutt at Fluvanna.

The orchid family has more than 6,000 known species.

Area Towns To Attend Hiway 83 Meeting In Abilene

Scott Hartgrove of Paint Rock, vice president of the segment of U. S. Canada Highway 83 from Abilene to Laredo, is plugging for big attendance at the international convention in Abilene October 2 and 3.

Hartgrove is hopeful that Uvalde, Menard, Ballinger, Winters, Eden, Laredo and all other towns in West Texas south and north will have one or more representatives at the Abilene convention.

News stories of the convention were sent this month to all papers in towns from Laredo to Swan River, Manitoba, Canada, on U. S. Canada 83. The articles from the McAllen Chamber of Commerce solicited attendance at Abilene to help develop a national advertising program.

Exploitation of summer vacations and lake and river fishing in Canada and the Lower Rio Grande Valley as a winter resort and gateway to Mexico will create more travel and that means more tourists dollars on all towns along U. S. Canada 83, the McAllen news stated.

TO LITTLEFIELD

Mrs. Betty Baldwin is visiting her sister, Mrs. Roy Byers at Littlefield and her daughter, Mrs. Dean Cooper and family at Post.

IN SANDERS HOME

Mr. and Mrs. Morris Sanders and Gary of Snyder visited Sunday in the home of his mother, Mrs. J. S. Sanders.

IN SAN ANTONIO

Eleanor White is convalescing at the home of her nephew, Donald White, following eye surgery recently. She expects to be away for some time.

More Post Office Service Planned For Christmas Season

Longer post office window hours, expanded delivery services and large-scale extension of the ZIP-coded parcel post speedup are planned for Christmas, Postmaster John A. Gronouski has advised the local Postmaster, George Rankin Pace.

Postmaster General Gronouski outlined to the Winters postal head three major new steps he has taken "for the best Christmas mail service the Postal Service has ever had:"

1. Expanded post office window hours Dec. 5 to 26 as deemed necessary by the local postmaster.

2. A six-day week Dec. 7-31 for parcel post deliveries, instead of a five-day week.

3. Completion by Nov. 1 of Phase III of ZIP Code parcel handling at about 130 more "sectional center" post offices (strategically-located mail missing points), providing faster delivery up to 24 hours or more for parcels with ZIP Code.

In Phase I and II, approximately 75 offices with receipts of \$5 million annually and above activated faster ZIP Code sorting and dispatch by Sept. 1. The 130 in Phase III includes offices with receipts of \$1 to \$5 million.

In addition, many other sectional center offices with smaller receipts will have the program in operation by early December, in time to help speed delivery of Christmas gifts that are mailed with the ZIP Code.

The Postmaster General told Pace the Christmas plans are part of a nationwide program to bring postmaster into more responsible positions in postal management as "real partners in providing better mail service at all levels."

Consumption of poultry products may jump to 52 billion pounds by 1970.

General Rains Slow Cotton Harvest Here

Rain was general throughout the Abilene Cotton Classing Area and caused a sharp decline in sample receipts. According to B. B. Manly, Jr., Officer in Charge of the U. S. D. A. Cotton Classing Office in Abilene, quality of samples classed was unchanged from the previous week and market activity was nil.

When talking with farmers and ginners, the question, "What makes up grade?" is often asked, says Manly. Grade of cotton is composed of three factors - color, leaf and preparation.

Color or degree of yellowness in cotton varies from Gray bales to Yellow Stained bales. Open cotton that is left in the field exposed to weather may become dark and dull in color and low in grade. Cotton from bolls that open after frost, or from cotton defoliated too early, may be spotted, tinged or yellow stained. Spots are sometimes caused by insects or soil damage to low hanging bolls. Lint cleaners in the gin usually blend the spots into the line; therefore, light spotted or spotted cotton may have a blended color rather than a definite spot.

Leaf includes dried and broken foliage of various kinds. Poor cultural and harvesting practices usually account for unusual amounts of leaf in the ginned lint. Bark from the cotton stalk and grass are difficult to remove from lint and can be costly to the producer.

Preparation is the term used to describe the degree of smoothness or roughness with which lint is ginned. Cotton that is ginned when wet accounts for most "prep" cotton.

The cotton classer determines the grade of each bale by using these three factors. His guide is the Universal Cotton Standards which are prepared according to color, leaf and preparation for each grade. However, many samples will not match the standards in all three factors of grade. The classer then takes the average of the three factors to determine the quality of the cotton.

RETURNED HOME

Mr. and Mrs. Sid Anderson have returned from a two weeks vacation in Washington, D. C. and other points of interest in the East. They also visited relatives in Dallas.

IN BALKUM HOME

Mr. and Mrs. James Duke and family of Fort Worth and Mr. and Mrs. Jim Duke of Sterling City visited Sunday with Mr. and Mrs. R. W. Balkum.

TO CUERO

Mr. and Mrs. Carl Turk and Joann visited in Cuero last week end with Mr. and Mrs. R. O. Turk and attended a rifle meet and fall festival.

IN COOPER HOME

Mr. and Mrs. Ed Lillard of Dallas were recent visitors in the home of Mr. and Mrs. V. D. Cooper.

Mr. and Mrs. Howard Poe To Observe Fiftieth Wedding Anniversary Oct. 11

Mr. and Mrs. Howard B. Poe of San Angelo, former residents of Winters, will observe their golden wedding anniversary Sunday, October 11, with open house at the home of their daughter, Mr. and Mrs. J. W. Dunn, three miles north of Wingate.

The reception will be hosted by their children, Mr. and Mrs. Dunn, Mr. and Mrs. Sedric Poe of Abilene, from 3 to 5 o'clock.

Friends of the family are invited to call during the reception hours.

Around the 5-AA-

(Continued from page 1)

who has been dubbed Mr. Do-It-All! Against Cisco this Tiger tailback scored three TD's kicked an extra point and passed for a two-point conversion! He carried the ball 39 times out of 72 against Cisco last week. He's not a one-man team, though there are other Tigers who will be just as hard to convince that the 5-AA championship trophy is not already engraved with their name. . . . people like Mike Puschell and Joe McCaleb.

The Haskell Indians took their fourth win of the season Friday night, whipping the Munday Moduls 36-0. The Redskins scored at least one touchdown in each quarter, with a little cream added in the third when two counters were rucked up. As in the past, QB Joe Josselot took his share of the scalps, counting for two against the Moduls. He was tied in that department by James Ivy, who claimed a pair. HB Gary Conner made a counter, too, with alternate quarterback taking a bonus two points on a run-over.

Haskell hasn't been in the state rating listings, but on paper they lead the district. They've crossed and kicked for 110 points this season, while allowing opponents only 29 points. Ballinger has crossed for 92 points, but allowed only 20. Again, on paper, the Indians probably will have a chance to add some more this week, as they go against cellar-tenant Colorado City.

Colorado City hasn't had much to show, record wise, since their assignment to the "Little Southwest Conference."

THE WINTERS ENTERPRISE
Winters, Texas
Page 6
Friday, October 2, 1964

The Wolves finally entered the win column last week, tipping Merkel 8-0 at Merkel. They've previously lost to Phillips 0-35, Odessa Ector 6-14, Monahans 0-35. They entered the win column last week for the first time against Merkel, 8-0. In that game, the Wolves' Quarterback Larry Currie carried over. Fullback Roger Proctor took credit for the long gains against Merkel. He rushed 83 yards in 19 carries with HB Donnie Lindsey lugged for 78 yards in 19 trips.

Hamlin, the fourth team in 5-AA with a clean record, rested last week while the rest of the teams were riding circuit. With only three games under their collective belt, they've crossed for 79 points this season and allowed 31. In pre-conference play the Pied Pipers have slapped Rattan 41-13, edged Olney 13-12, and defeated Post 25-6. They go against Stamford this week at Stamford.

Stamford is the other squad in 5-AA with a 2-2 record — along with Winters. They opened the season with a 16-12 victory over Quanah, then took two in a row, only to lose their fourth session to Breckenridge last week 6-23, in a Saturday night game. Harrison Cole, the Bulldogs' HB and Marek Lovorn, and teamed up in a pass play Saturday night to cross the Breck goal line for their lone counter. Breck tripled Stamford's first down total, 18-6, and piled up 174 yards rushing to Stamford's 26. In the passing column, it was about the same story, with 163 for Breckenridge and 35 for the Bulldogs. Stamford's scoring play came in the last few seconds of the game.

Ballinger sits this one out this week, and half of Rannels County probably will be found somewhere north of Abilene Friday night, as scouting players and fans spread out to take a look at what's coming in the future. Every game in 5-AA will be

played in the north section of the district this week.

Last Friday night, the Bearcats knotted another win, over Mason 37-0. As in past games, Quarterback Ronnie Smith kept the spotlight position most of the time, scoring four of the five Ballinger touchdowns. Bill Dees HB, got in his licks with a 25-yard field goal and kicked two extra points. Fullback Milford Wiley got the other Ballinger touchdown and Jimmy Renfro passed to Danny Slaughter for another pair of conversion points.

It's obvious that when the Bearcats start prowling around the District 5-AA beginning next week and lasting up into November, a lot of clawing for district honors is going to take place. But there are other district squads equally as dangerous on the field, and pre-conference records don't mean a thing when the home-fighting begins.

Mrs. Morris Hosted Sew and Sew Club Meeting Tuesday

Mrs. Slatton Morris was hostess Tuesday of last week for the regular meeting of the Sew and Sew Club of Wingate. Sixteen members and one guest were present.

New members were Mrs. John Byrd and Mrs. J. W. Lindsey. Mrs. Carl Green was a guest. The group embroidered and made smocked pillow tops.

The refreshments were served to Mesdames Surverne O'Dell, John Gannaway, Buford Guy, Louis Hord, J. W. Lindsey, Mildred Patton, Marvin Smith, Elmer King, I. N. Phillips, Jack Woodfin, Slatton Morris, Ed Kinard, John Byrd, Walter Green, O. D. Bradford, Carl Green and "Bub" Phillips.

The next meeting will be on October 6, in the home of Mrs. Surverne O'Dell.

VISITED DAUGHTER

Mr. and Mrs. T. F. Hantsche visited Friday afternoon with their daughter, Margrete and family. Among visitors in the Hantsche home last week were Mr. and Mrs. Ted Hantsche Jr., and children of Pampa, Mr. and Mrs. Arliss Hantsche and children, Mr. and Mrs. Eddie Ballard all of Abilene.

IN IRVIN HOME

Mr. and Mrs. Jack Davis of Dallas were week end visitors in the home of Mr. and Mrs. Joe Irvin.

An ideal symphony orchestra has between 100 and 115 players.

WINGATE

L. B. Watkins has been at the bedside of his brother who is seriously ill in Fort Worth.

Visiting in the Edwin Voss home have been Mr. and Mrs. Vanner Voss and Sharon from San Angelo, and Mrs. W. B. Guy and Mrs. Annie Phillips. Sunday visitors were Mr. and Mrs. Henry Vogler and Eris from Winters.

Here from Graham in the Carl Green home have been Mr. and Mrs. Bobby Dunnam and son, and Mr. and Mrs. Waldo Mechum of Lubbock.

Mrs. Owen Parrish is recovering from eye surgery in Hendrick Memorial Hospital, Abilene.

Mr. and Mrs. Ronnie Walker have returned to their home in

County Food Service Association Hears Report At Meeting

Reports of meetings and conventions attended by members were heard at the first meeting of the year of the Rannels County Chapter of Texas School Food Service Association in Miles Sept. 26. Mrs. Maude Canady, president, presided. Mrs. Nelson of Winters is secretary of the organization. Twenty-six members were present.

Mrs. Christine Wade and Mrs. Josie Boswell gave a report on the TSFSA convention in Lubbock last June, and Mrs. Russell gave highlights of what she learned about new methods of meat preparation at a workshop in Lubbock.

Mrs. Betty Brown told of courses in sanitation she attended, and Mrs. La Veda Haupt gave new recipes and displayed samples of new cookies.

The next regular meeting will be held Oct. 31, in the Ballinger Elementary lunchroom.

Mrs. I. G. Hensley and Anita spent Sunday in San Angelo with Joyce and Giner.

Mrs. Lela Sawyer has been a patient in Hendrick Memorial Hospital.

In Holland the reigning House is known as the House of Orange.

Mrs. Betty Brown told of courses in sanitation she attended, and Mrs. La Veda Haupt gave new recipes and displayed samples of new cookies.

The next regular meeting will be held Oct. 31, in the Ballinger Elementary lunchroom.

Mr. and Mrs. Robert J. Monk and daughter of Dallas visited relatives and friends in Winters during the past week end.

John Bailey Curry of Waco, sophomore student in Baylor University, was a visitor Friday in the home of his aunt, Mrs. George C. Hill and other relatives here.

The one person you have to watch if you're going to save money is yourself.

HEIDENHEIMER'S

Helpful Hints For Food Shoppers

Attention to the food market situation may provide helpful hints for many shoppers, reports Mrs. Gwen Clyatt, Extension consumer marketing specialist.

Wholesale beef costs are a bit higher but this has had little influence on general retail meat pricing.

Beefsteaks and roasts and pork spareribs, cured hams and picnics continue as featured items, she says.

Franks, summer sausage and other cold cuts which received promotional emphasis for August Sandwich Month remain a good buy. The vacuum pack in which many of these come will extend the shelf life of the meat for several weeks provided they remain unopened and cold. Once the vacuum packs have been opened, however, quick use is advisable.

Fryers and eggs continue to rate high on the list of attractive summer offerings. Turkey that is in parts is becoming increasingly popular but a whole turkey has points in its favor. A large turkey is generally lower per pound and, once cooked, it will provide a tasty main dish and leave ample leftover meat for sandwiches, salads or cold plates, says the specialist.

The Texas Highway Department is known as the largest landscape gardener in the State of Texas. More than 800,000 acres are planted in grass and wild flowers along the Texas highway right of way each year.

THEIR FIRST FULL-LENGTH MOTION PICTURE IN COLOR!

The pair of beauties surrounding Ernest Borgnine, the "Commander McHale" of "McHale's Navy," are (left) Claudine Longet and Jean Willes. The two girls are the featured feminine interest in Universal Pictures' full-length motion picture, "McHale's Navy." The color comedy shows Sunday, Monday and Tuesday at the State Theatre.

MOVIES

"Tamahine"
When you spring a lovely, uninhibited, seventeen-year-old Polynesian girl named Tamahine on the impressionable students of a boys' public school in England, you can expect some astonishing, explosive and hilarious repercussions.

And that's exactly what you get when Nancy Kwan is sent from a tropical Pacific island to join her uncle, Poole (Dennis Price), at Hallow, the venerable and staid school of which he is headmaster, in the new Metro-Goldwyn-Mayer and Seven Arts comedy-drama, "Tamahine," showing Saturday and Sunday at the Fiesta Drive-In.

"FBI Code 98"
A spectacular and suspenseful inside look at the operations of the U. S. Federal Bureau of Investigation, "FBI Code 98," showing Friday and Saturday at the State Theatre, derives its title from the bureau's code designation for the crime of sabotage.

Filmed with the full and official cooperation of the FBI, the picture has an all-star cast headed by Jack Kelly, Ray Danton, Andrew Duggan, Philip Carey, William Reynolds, Peggy McCay, Kathleen Crowley, Jack Cassidy and Merry Anders. Leslie H. Martinson directed the film from a script by A. Producer Stanley Niss.

"FBI Code 98" tells the vivid story of an attempt to murder three top executives of an electronics firm as they fly to Cape

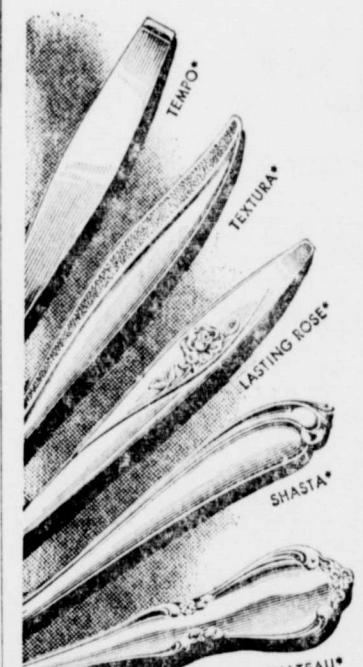

Canaveral, Florida, to observe tests of a guided missile they have developed. When the FBI steps in to solve the attempted sabotage, audiences receive a graphic first-glimpse of the thoroughness of the FBI operation.

"McHale's Navy"
"McHale's Navy," No. 1 show on the ABC-TV network for the past two years, has been brought to the nation's motion picture screens as a full-length theatre feature, and the color comedy is set to show here Sunday, Monday and Tuesday at the State Theatre.

Headlining in the picture is the entire cast of the TV show — Ernest Borgnine as Lt. Com. McHale, Joe Flynn as Capt. Binghamton, Tim Conway as Ensign Parker, Carl Ballantine, Edson Stroll, Gavin MacLeod, Gary Vinson, Billy Sands, John Wright and Yoshio Yoda. In addition, the feature headlines Claudine Longet and Jean Willes in the two important feminine roles.

The highest wisdom and the highest genius have been invariably accompanied with cheerfulness. We have sufficient proofs on record that Shakespeare and Socrates were the most festive companions.

Inks Marina Is About Ready

A new all-weather fishing marina has been anchored into position at Inks Lake State Parks, according to J. Weldon Watson, executive director for the Parks and Wildlife Department.

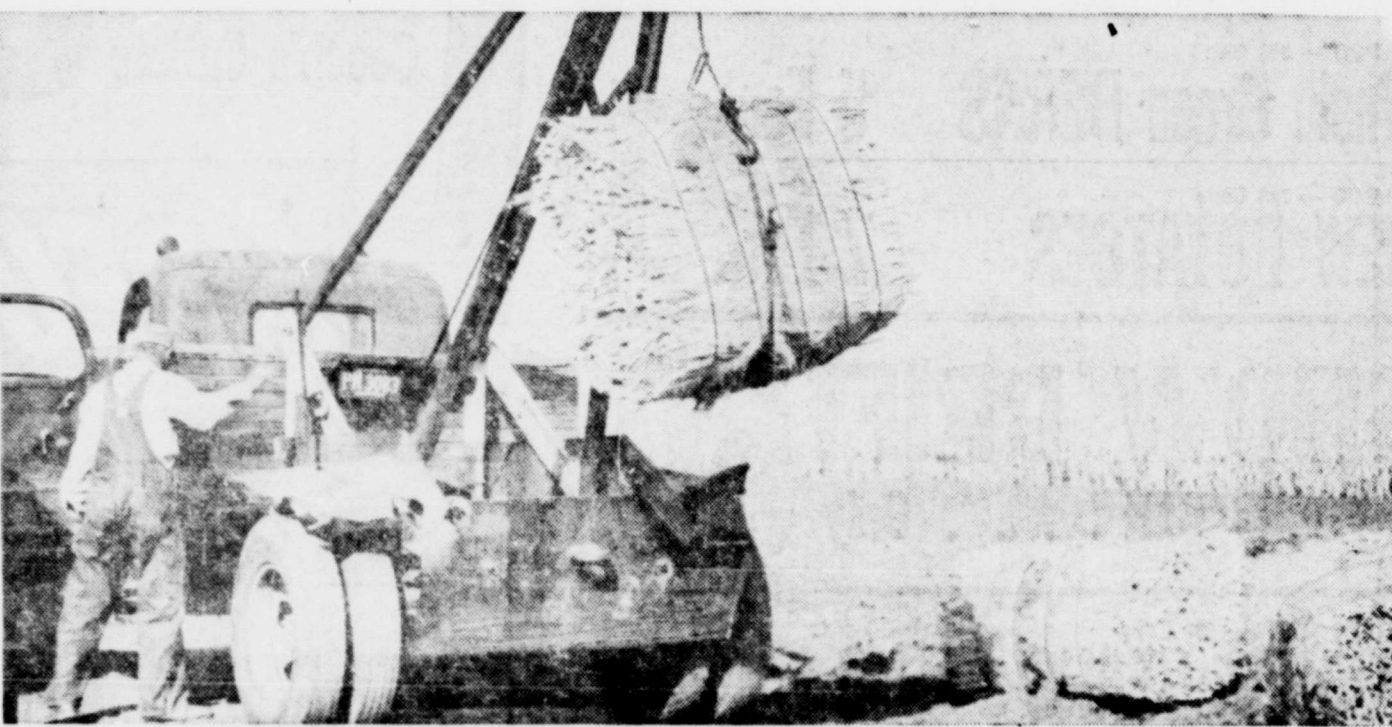

The floating fishing pier rides on a 12-inch pad of styrofoam and will have an overall length of 330 feet when completed. "We can accommodate more than 400 fishermen at a time when the marina is finished," said Billy Joe Fox of Burnet, who will operate the fishing platform as an additional concession in the Central Texas State Park. "There will be bait, cold drinks, tackle and even a TV room for the convenience of our guests," Fox added.

Operating year-round, the marina will have 5,200 square feet enclosed, which will be air conditioned for the fishermen's comfort. Visitors are welcomed to inspect the facilities now. However, according to Fox, the formal opening is set for Labor Day.

"We believe the fishing marina will be a welcomed addition to this very popular park," said Watson. "It's the kind of service and development that people expect from the Parks and Wildlife Department," he concluded.

IN THE CHIPS—The old expression, "in the chips," has a literal meaning here. Barry and Vicki Blake of Jacksonville, Fla., gambol in huge piles of wood chips collected by a nearby paper company.

"THAT AIN'T HAY, BROTHER"—Henry Vogel, of Arcola, Ill., makes a clean sweep of his crop, so to say. The bales are made up of tips of broomcorn gathered after threshing, and will go to the broom factories which make Arcola "the broomcorn capital of the world," according to city fathers.

Winters Independent Schools LUNCH MENU

Toasted cheese sandwich, oven fried potatoes, tossed green salad with spinach, peaches, chocolate cake, milk.

Lutheran Chancel Guild Held Meeting At Church Thursday

Mrs. Charles Adami led the devotion, discussing "The Harvest," when St. John's Lutheran Chancel Guild met Thursday in the church basement. "Liturgical Colors" was the topic discussed by Mrs. Bill Hoppe.

Mrs. Ted Hantsche, president of the Guild, presided for the meeting and led the group in prayer.

The guild discussed a handbook they plan to publish and voted to assist the Evening Circle with their Halloween Carnival.

The meeting was adjourned.

with the group repeating the Lord's Prayer in unison. Refreshments were served by Mrs. Charles Adami and Mrs. Bill Hoppe to Mesdames: Ellis Ueckert, L. R. Hoppe, J. J. Wesels, T. F. Hantsche, Lawrence Jacob, A. B. Spill, Bill Hoppe, Charles Adami, Albert Spill, C. W. Holck, Miss Emma Henniger and a guest, Mrs. Herman Spill.

Walter F. Garrett, president of the U. S. Chamber of Commerce, urged the protection of the Federal Highway Trust Fund from diversion to other purposes, saying: "This greatest construction project in the history of the world will represent a gift from us to our children and their children, and not a heavy financial burden passed to their shoulders because we refuse to bear it."

Listen more than you talk, and see how much better you feel after almost any meeting or gathering.

The census bureau says there are many families with 15 or more children.

Progress Marks New Parks Era

J. Weldon Watson, executive director of the Parks and Wildlife Department, said improvements at Lake Whitney State Park, Falcon State Park and Dam B State Parks have reached the point that he foresees

completion of the mighty \$1,241,566 program in time for the 1965 summer season.

He said the most advanced is the new Falcon State Park near Zapata on the Mexican border but that basic facilities either are ready or will be ready at the other two parks to assure full fall, winter and spring construction operations.

At Falcon, where \$279,416 is being spent under authorization

of the last legislature, Watson said the Highway Department has financed and already completed a new 2.4 mile main park loop drive; has repaired one mile of the old U. S. Highway 83 within the park and has completed a modern boat ramp and access drive. The Highway Department, under an interagency contract, also constructed nine-tenths of a mile of park drives and parking area at a cost of \$18,800 to the Parks and Wildlife Department.

Also at Falcon, a water system comprising 28,480 feet of line has been completed, along with power service embracing 16,700 feet of line to shelters, trailer areas and rest rooms. The main shelter program, including 24 screened units, has been completed for some minor painting and cleanup work.

At Dam B State Park in deep East Texas, earmarked for \$511,050 for the two years ending August 31, 1965, the massive underground power service comprising 18,890 feet of line, is ninety per cent installed; the 40,727 foot of water system line is eighty per cent completed; the park maintenance and service area is completed and a few slabs are being poured at the rate of four per day on 46 screened shelter, costing about \$31,050. Construction of 240 concrete picnic tables costing \$21,600 is expected to follow the shelter work.

Bid letting routine is proceeding for two ranger residences, two park headquarters buildings and six modern shower-rest rooms.

Watson added that the completed projects at Dam B include 325 acres selectively cleared.

Lake Whitney State Park, in north central Texas, is now the scene of assorted activity on what is expected to be a park system showplace. Miles of water and power lines are being readied and routine procedure is already underway to erect 40 screened shelters, a concession building, four rest rooms, park headquarters building, a ranger residence, park shade shelters, picnic tables and grill cookers. The park maintenance building and service area, costing \$5,541 has been completed for several weeks.

Highway Department personnel are now completing survey and field work for two miles of main park loop drive and one boat launching ramp with access drives, costing an estimated \$30,000. The Highway Department later will construct 1.6 miles of park drives and parking area, costing \$18,400.

Hurricanes occur mostly in August or September.

In Sweden, after 200 years, they have decided to be right. Or, to put it another way, a new law will become effective in 1967 providing for driving on the right hand side of the road. Since the 18th century, traffic in Sweden has been on the left side. This will leave only Britain and Ireland steering on the left side.

The Treasury introduces a \$75 Savings Bond

For your convenience, the Treasury Department now offers a new denomination Series E Savings Bond.

It's worth \$75 when it matures in 7 1/4 years. Sells for just \$56.25.

And like all the other denominations of U. S. Savings Bonds, it's dedicated to the cause of freedom.

It's on sale now. Buy it where you work or bank.

Quick facts about Series E Savings Bonds

- You get \$4 for every \$3 at maturity
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed or stolen
- You pay no state or local tax and can defer the federal tax until the Bonds are cashed

Buy E Bonds for growth—
H Bonds for current income

BRADSHAW

One man with courage makes a majority. — Andrew Jackson. Rev. Rhudy Naylor of Hardin-Simmons Sunday morning accepted the call as pastor of the Baptist Church. Linda Wingo of Hardin-Simmons was a morning visitor.

Visitors at the Drasco Baptist Church Sunday morning were Mr. and Mrs. Ray Adams of College Station. Shawn and Jonya Moore of Abilene. For the morning special Pastor sang with Mrs. Dick Bishop at the piano.

O. L. Walters and sons, Ray and Joe and Leon Bagwell of Loop and Richard Hedgecock of Tuscola attended the morning services at the Moro Baptist Church. For the morning special Mrs. Bob Griffith and Mrs. Bud Hicks sang "A Child of the King" with Mrs. J. W. Allmand at the piano.

Tammy, Lorie and Cindy Park of San Angelo were visitors Sunday morning at the Wilmett Baptist services.

Special days next week are for: Mrs. John Sanders and Mark Hendrix the 4th; Mrs. Brewer and Carolyn Hord the 5th; Mrs. L. V. Reeves, Walter (Pap) Daniel and Mrs. Dan Votaw the 6th; Weldon Mills and Maline Gaves Boland the 7th; a wedding anniversary for Mr. and Mrs. Joe Hale the 8th; David Berry the 9th; Blane Hendrix, Sandra Jean Martin, Jimmy Lail, Mrs. Earl Emma Ruth Gerlach Williams and Bud Little, the 10th.

Sunday at the Moro Community Center Mrs. E. J. Reid was honored with a birthday dinner. Attending were Mr. and Mrs. Bud Hicks and Gary, Mr. and Mrs. Clyde Reid, Clifford, Brenda and Howard, Mr. and Mrs. Russell Grun, Marcy and Dwayne, Rev and Mrs. Virgil James all of Moro; Mr. and Mrs. Verlon Reid and Sherry, Pastor and Mrs. Bob Griffith and Glenn of Abilene; Mr. and Mrs. J. W. Allmand and James Wayne of Ovalo; Mr. and Mrs. Elwood Wade and Danna, Mr. and Mrs. Roy Rice, Mr. and Mrs. Kenneth Sneed, Mr. and Mrs. G. W. Sneed and Terry all of Winters and Mr. and Mrs. Odas Caxton, Bradshaw.

With the Calwyn Walters of Moro Sunday were Mr. and Mrs. O. L. Walters, Ray and Joe and Mr. and Mrs. Leon Bagwell all of Loop.

Tammy, Lorie and Cindy Park of San Angelo visited Sunday with their grandparents Mr. and Mrs. E. L. Broadstreet at Wilmett.

Mrs. John Hord of Wilmett is a patient in the Winters hospital this week. Mr. and Mrs. Ray Adams of College Station spent the week end with Mr. and Mrs. Herman Adams at Drasco. Sunday at the Hermans' with the Rays were Mr. and Mrs. Jack Sosebee, Pete, Mike and Patty, Mr. and Mrs. Jack Moore, Tonya, Shawn and Maury, all of Abilene.

With the Reed McMillans at Moro were Mr. and Mrs. Albert McMillan of Norton and Linda Wingo of Hardin-Simmons.

Mr. and Mrs. Barney Gibbs made several Sunday visitations beginning at Ballinger with Leona Sturgess, at Coleman with Mrs. Winnie Critz where Mr and Mrs. Henry Gibbs of Brownwood were; with Mr. and Mrs. John Braswell of Glen Cove and at Winters with Mr. and Mrs. Char-

lie Nall. Mrs. Gibbs reports that Mrs. Braswell was released from the Coleman Hospital Friday afternoon of last week. She had been a medical patient.

Pastor Rhudy Naylor and Rev. and Mrs. Robert Weir had Sunday dinner with the Wayne Hunts. Pastor Naylor also had supper there.

Pastor W. I. Taylor had dinner and supper Sunday with the R. Q. Wests of Drasco.

Pastor and Mrs. Lester Carter had Sunday dinner and supper with the Arvil Hancock of Wilmett.

Sunday afternoon Mr. and Mrs. Grover Orr and Kay visited at the Donnie Oaks home at Winters.

Wednesday of last week Mrs. Leon Walker of Grassbur was hostess to a Stanley party that was directed by Mrs. Corey of Bronte. Others present were Mesdames Danna Mae Shepard, Ed Brewer, J. A. Sneed, Solie Foster all of Shep, Johnny Walker of Grassbur, Jimmy Walker of Happy Valley, H. E. Nicholas of Bluff Creek, Finis Bradshaw of Moro, Lawrence Bryan of Winters. There was another guest from Winters but we do not have her name. Tom children were also present. Cake, punch, iced tea were served.

Ralph, Herbert, Doris, Ruby and Mae Grun of Ozona spent the week end with the Lloyd Gruns at Tuscola.

Visitors with Mr. and Mrs. L. W. Williams have been Mr. and Mrs. B. B. Campbell of Hatchel, Mr. and Mrs. D. E. Coleman of Marble Falls, Mr. and Mrs. L. W. Hove visited at San Angelo with Mr. and Mrs. Jim Nesom.

Rev. and Mrs. Lester Carter had Friday of last week supper with Mrs. Cora Fine.

Mrs. Leon Walker of Grassbur and Mrs. Warren Foster of Winters attended the funeral of Larry Van Brown, 2, at Midland Saturday. Larry Van was the son of Mr. and Mrs. Van Brown of Midland and a grandson of Mr. and Mrs. Lucian Jackson of Abilene.

Monday night of last week a couple of birthdays were celebrated in the home of Mr. and Mrs. Boyd Richards at Abilene. The honored ones were Vyrone Wood, 72, of Drasco and his grandson, Jimmy Richards, 18. Others attending were Mrs. Vyrone Wood of Drasco, Mr. and Mrs. Frank Richards of Caps, Mr. and Mrs. Alton Ballew and Mrs. Otho Leslie all of Abilene. Jimmy left the following Wednesday for San Diego, Calif., to enlist with the Navy.

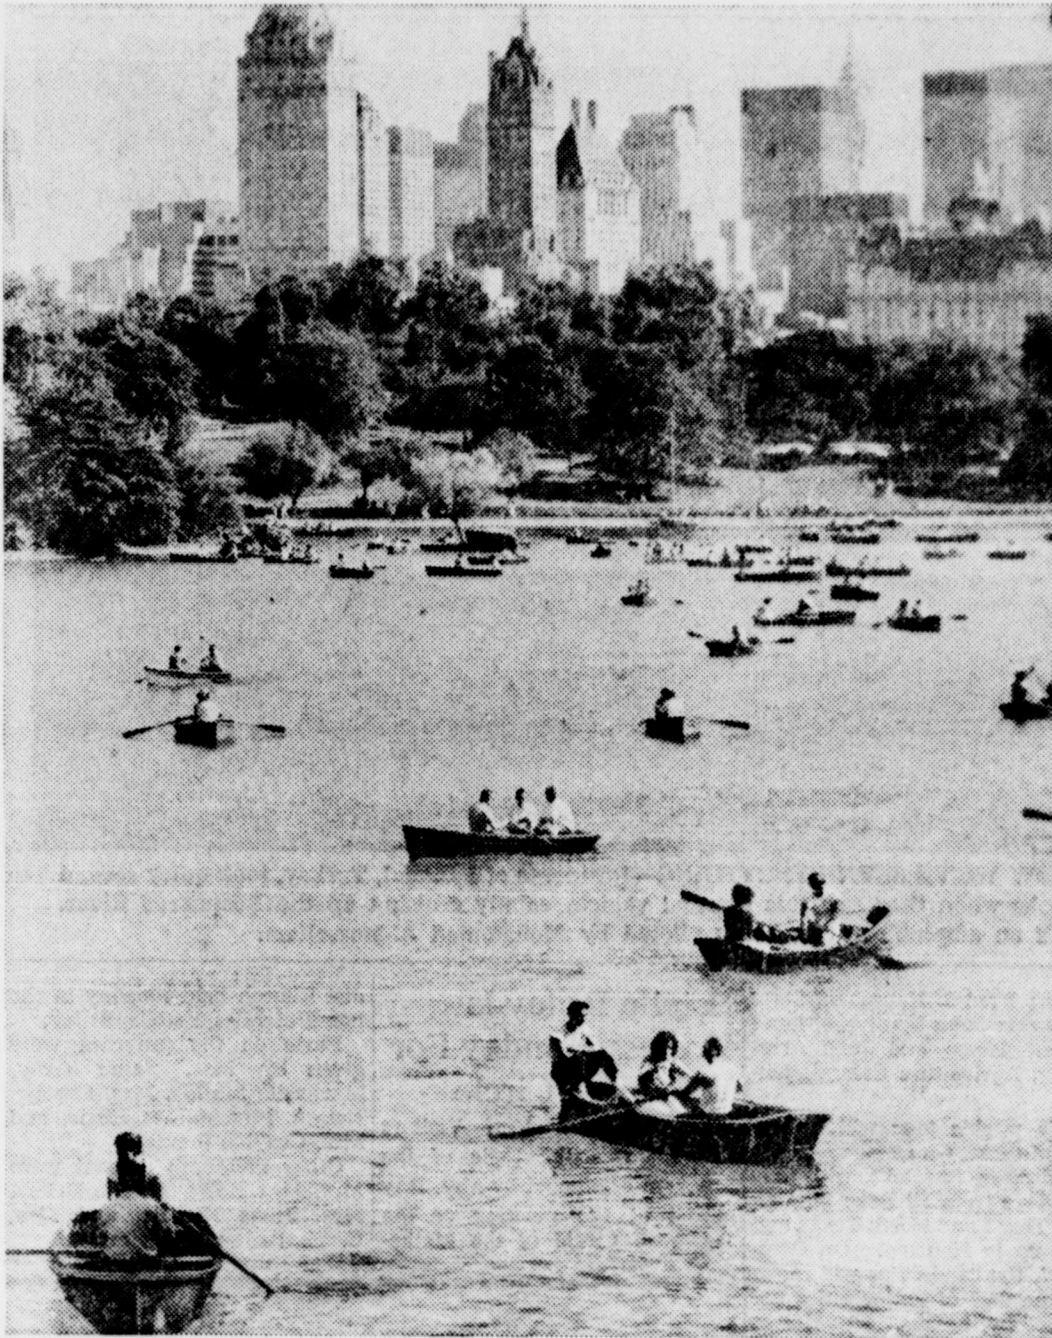

Sunday of last week Mr. and Mrs. Wilbert Washam of Abilene had dinner at the L. Q. Sneeds at Drasco. Monday Mr. and Mrs. L. Q. and Judy had dinner with Mr. and Mrs. T. O. Williams at Ballinger. Friday L. Q. with his brother J. T. of Pumphrey were to see their parents, Mr. and Mrs. W. E. Sneed at Coleman.

Wednesday of last week T. C. Downing of Winters was released from the Winters Hospital, and entered the Senior Citizens Home in Winters. T. C. is a bedfast patient.

Monday of last week Mr. and Mrs. Travis Downing of Drasco visited with her father, Banks Lewis at the Pecan Grove Rest Home in Sweetwater. Mr. and Mrs. Arlie Downing of Abilene had Saturday supper with the Travises.

Sunday of last week the Ronnie Dentons of Wilmett were at the Adron Hales. Wednesday of last week the Hales visited at Roscoe with Mrs. Marie Jones.

Sunday of last week Mrs. Viola Jones and Mr. and Mrs. Billy Talley of Moro had dinner with Mr. and Mrs. Carl Reams of Lawn. Friday of last week Mrs. Jones and the Talleys attended a birthday dinner for Mr. and Mrs. Melvin Talley at the Melvins' home in Winters. Melvin

NEW YORK NAVY—Leaving the glass canyons of New York City behind, residents seek the coolness of Central Park's lakes. During the summer, this pleasant oasis is practically a rowboat marina.

was 334. Others helping with the celebration were Mrs. Melvin and daughters Brenda, Linda and Barbara.

Mr. and Mrs. Raymond Best of Crane visited recently with the Wesley Bests.

A. J. Bishop of Austin and his sister Helen of San Angelo were home at Drasco recently.

Ben Higgins of Anson recently visited with his parents Mr. and Mrs. John Higgins.

Recently at the Lilly and Bill Butlers of Moro were the Archie Butlers of Big Spring and G. H. Carey of Brownwood. Mr. and Mrs. Alvie Yates of Abilene visited Friday night at the Butlers.

Thursday of last week Harlin

Allen of Tatum, N. M., visited at the Finis Bradshaws' and Friday afternoon Mrs. Finis visited with Mrs. Tom Ragsdale of Winters who had been in the Winters hospital for several weeks.

**State Capital Highlights—
General Election Ballots Already
In Hands of Local Officials**

By Vern Sanford
Texas Press Association

It's almost time to vote again. General election ballots already are in the hands of local officials for printing.

Secretary of State Crawford C. Martin has mailed out the sample ballot to the clerks. Along with it went a 44-page certified list of all state and district candidates. Many clerks had been pressing for the material so they could order necessary printing well in advance of the November 3 election date.

Absentee voting begins 20 days before the general election, and clerks must post ballots 10 days earlier than that.

This ballot will list Democratic nominees in column 1, Republicans in column 2 and Constitution Party candidates in column 3.

Three constitutional amendments also will appear on the ballot.

One would remove authorization for transfer of up to one percent a year from the permanent school fund to the available school fund for current spending.

Another would set tougher requirements for creation of special conservation and reclamation districts; and

The third would permit the Legislature to authorize medical care payments (on match-

ing basis with the federal government) in needy persons over 65 who are not receiving old age assistance.

Martin held up his final certification of candidates pending a Supreme Court ruling on a Scary and Bowden Counties suit. Court declined to hear Snyder attorney J. Ray Martin's request for listing as an independent candidate for 132nd district attorney. Martin also sought, unsuccessfully, to keep Democratic nominee for district attorney, Wayland G. Holdt, off the November ballot.

CITIZENS COMPLAIN

A band of citizens from Nolan County came to Austin to call on State Highway Engineer DeWitt C. Greer with a petition requesting his department to reconsider a decision to close the engineering office at Sweetwater.

Greer said the decision to close was due to slackening of the work load in that area, but said that the petition will be given careful consideration.

MENTALLY RETARDED FACILITY APPROVED

Gov. John Connally has directed a fund transfer between two states agencies to create a Regional Diagnostic and Referral Center for mentally retarded at Denton State School.

State Board for Hospitals and Special Schools requested the executive action calling for the transfer of a \$467,000 grant from the Children's Bureau of the U. S. Department of Health, Education and Welfare by the State Department of Health.

Center will provide services in diagnosis, management of the retarded and training of personnel for the North Texas area surrounding Dallas and Fort Worth. The Children's Bureau grant will be used to pay personnel over a five-year period. Application has been made for a Hill-Burton grant to finance construction of a building.

WATER

Water engineers from 17 Western States discussed and swap-

ped ideas on how their states are attacking the coming water crisis at the Association of Western State Engineers' convention.

Marvin C. Nichols of Fort Worth told the group that the proposal of the U. S. Bureau of Reclamation for a canal along the Gulf Coast, to carry surplus waters from the Sabine and Neches to water-shy Gulf Coast areas of South Texas, should be held up until the state gets the money from the Legislature to investigate alternatives. He feels that canals or pipelines, carrying surplus East Texas water to upper points of Central and South Texas streams would be far better. Thus the water could be used more than once.

Leon Hill of Amarillo, regional director of the Bureau of Reclamation, said that engineers can propose plans, but they must be refined into "people plans" before they will gain enough public acceptance to reach reality.

John Simmons of Orange, the general manager of the Sabine River Authority, endorsed the idea of that big river's surplus water being carried to areas which need it. He believes such transfers of water should be made be arrangements between river authorities, under supervision of the Texas Water Commission.

J. E. Sturrock of Austin, manager of the Texas Water Conservation Association, told the delegates that by the year 2010, population growth may necessitate the \$100,000,000 proposal to move water from Alaska to supply the Southwest United States and Northwestern Mexico. He warned the water engineers that it is their responsibility to educate the people on the coming crisis in water, and to be ready with proposals to meet that crisis.

VETS LAND PROGRAM RENEWAL URGED

State Land Commissioner Jerry Sadler says Texans ought to vote again on whether to continue the veterans land program.

It just now is starting to make money for the state, he advises in his annual General Land Office report. Profits were reported as nearly \$3,000,000 last year and eventually should run to \$80,000,000 — maybe \$100,000,000.

Voters last year turned down a proposal to issue an additional \$15,000,000 in bonds to continue the purchase of land for resale of qualified veterans at low interest rates.

BUS TOUR

State Republican Headquarters here announces that a gold-colored bus — called the "Goldwater Special" — carrying Republican candidates for statewide office will arrive in Austin on October 3, following a three-day tour through East Texas, down the Gulf Coast to Corpus Christi, and up South Texas to Alice.

Passengers will include candidates Jack Crichton for Governor; Horace Houston, Lieutenant Governor; John Trice, Attorney General; T. E. Kennerly, State Supreme Court; Don Flanagan, Railroad Commissioner; Dallas Calmes Jr., State Com-

NOW WE'VE SEEN EVERYTHING—Residents of Istanbul, Turkey, took quick second looks when they saw this unusual vehicle calmly cruising up the Bosphorus River. It's an amphibious car, being piloted by Mohammed Al-Mussallam.

troller; Fred S. Naumann, State treasurer; John Matthews, Land Commissioner; and John Armstrong, Agriculture Commissioner.

This week's tour will be the first of three. On October 12, the "Goldwater Special" will tour four days from El Paso through West Texas and North Texas and wind up in Houston. On October 27, the candidates will make a plane tour of major cities not touched by the bus.

APPOINTMENTS ANNOUNCED

Johnson - Humphrey headquarters in Austin announces the following appointments:

Chairman Wm. Hunters McLean Picked Mrs. Eugene Locke of Dallas and Frank Erwin Jr. of Austin, national Democratic committee members, as honorary co-chairmen of the Texas drive.

Mrs. Jerre S. Williams of Austin, formerly of Brownsville, was named women's activities director. Wayne G. Wachman of Houston, Bob Slagle of Austin and Scott Mann of Houston, are chairman of Young Citizens for Johnson.

Wilmer Smith of Lubbock, Dolph Briscoe of Uvalde and Romeo Korth of Karnes City are tri-chairmen of the statewide Rural Texans for Johnson-Humphrey committee.

EMPLOYMENT STILL ON RISE

Non-farm employment in July rose to 3,316,300, compared to 3,314,200 in June, and 3,255,500 in July, 1963, according to the Texas Employment Commission.

Percentage of job-seekers in the period dropped from 4.1 per cent of the state's potential working force to 4.2 per cent — a healthy change from the 4.8 per cent of jobless in July a year ago.

MAKE IT IN TEXAS

Governor Connally hailed the opening of a sugar beet refining industry at Hereford as an example of the "unlimited opportunity" for the processing plants utilizing Texas raw materials.

Connally said, "No other state produces more of the basic chemical feedstock that goes in to making synthetic fibers. Yet not one inch of these fibers is made in Texas. Our greatest challenge is economic development and our brightest opportunity is the attraction of end-product manufacturing to use our raw materials and provide skilled jobs for our growing labor force."

SHORT SNORTS

Texas Law Enforcement Legislative Council will sponsor legislation to establish minimum training standards for Texas law officers. . . . House Speaker Byron Tunnell of Tyler and Reps. Ben Barnes of DeLeon, Paul Floyd of Houston, Gus Mutscher of Brenham, and Bill Parsley of Lubbock, have returned from a National Conference of Legislative Leaders in Atlantic City. . . . A charter for Yorktown Community Bank was challenged in Austin district court where Banking Commissioner J. M. Falkner testified he saw no necessity for the bank and doubted it would operate profitably without injury to the First National Bank of Yorktown. . . . Texas Parks and Wildlife Commission reports a record number of visitors during the past year — 7,900,000.

The Texas Highway Department is charged with the construction of more than 50 boat ramps and collateral facilities on Texas waterways. These free boating facilities are being constructed from boat registration fees collected by the State Highway Department at the direction of the legislature. The 1959 Texas Legislature which passed the Water Safety Act designated the Highway Department as the administering agency to collect a boat registration fee.

**Estelle Briley Is
Hostess Monday For
Wesleyan Circle**

"Spanish American Visitors Speak," was the topic of the program conducted by Mrs. Ray Elliott at the meeting of the Wesleyan Circle of the Metho-

dist Church held Monday in the home of Miss Estelle Briley.

Parts on the program were given by Mrs. Sallie Gray, Margurite Mathis, Mrs. Carolyn Nelson, Mrs. James Hinds, and Mrs. Crayton Stanley.

Other members present were Mrs. Eva Kelly, Estelle Briley, Mrs. Jiggs Nichols, and Mrs. C. E. Briley, a visitor.

**Methodist WSCS
Continues Study
At Thursday Meet**

Members of the Woman's Society of Christian Service of the First Methodist Church met Tuesday morning for the third session of the study "The Church's Mission Among New Nations."

Mrs. C. R. Willey presided for the meeting in the absence of the president. The group sang "Rise Up, O Men of God," and Mrs. Gattis Neely gave the opening prayer.

Mrs. Roy Crawford presented the devotion from Luke 4:16-24. Mrs. M. L. Dobbins was in charge of the study program. Mrs. Neely and Mrs. Frank Mitchell gave an interview on Nigeria which was followed by a missionary tour report about Africa given by Mrs. Roy Crawford.

Mrs. Alma Daniel gave the closing prayer.

Seventeen members were

present including Mesdames Roy Crawford, Paul Tharp, W. W. Parramore, Carl Baldwin, Elmo Mayhew, E. L. Crockett, W. T. Stanley, George Rosson, Ted Nichols, J. D. Vinson, C. R. Willey, Alma Daniel, David Dobbins, M. L. Dobbins, Frank Mitchell, Gattis Neely and Miss Frances Stricklin.

Sixty-three per cent of highway funds are spent for construction among all the states; in Texas, 78 per cent goes for construction (five-year average 1958-63). The national average cost for highway maintenance is approximately 25 per cent, in Texas 15 per cent.
