## HOME TOWN Talk

By R. C. THOMAS

If your organization or club has been casting about for a project, there could be none more worthy than that of "adopting" a room at the Winters Municipal Hospital.

There is currently an attempt to have all the rooms at the hospital redecorated, the furniture re-finished and new drapes put up.

To get the ball rolling, John Waddell last week presented a check to the hospital administrator to pay for having one room redecorated. That has been done, but there are several more which need work done.

Cost of the project will run about \$100.00 per room. For that, walls are re-plastered where necessary, and painted, and all furniture re-finished.

A complete new roof was put on the hospital last fall, and the outside walls covered with a water-proof coating to prevent water from seeping through the walls and ruining the inside finish. Now that that has been done, work can go ahead in redecorating the rooms—it will stay in good shape for a long time to come.

A hospital probably is the most important facility a community can have. For that reason, it is to the best interest of each and every person in the community to see that it is kept in good repair and operating. The financial success of any hospital, whether private or municipal, is a touch and go proposition. If the administration can make ends meet and come out even at the end of the year, it is considered a success. Often, there must be outside funds channeled into a hospital, but it always is a good investment. It becomes a tangible asset.

Most fund-raising campaigns conducted in this community usually realize a fairly high mark of success. It is believed that a campaign to give organizations and clubs, and individuals, an opportunity to do something about making our hospital a more beautiful, and a more comfortable facility, will also realize a big success. Many people probably are just waiting for the chance to be asked to lend their assistance to such a project.

The old mesquite tree, over the years, has been used as a signpost for the seasons. For instance, the late Frank Grimes of the Abilene Reporter-News used the tree for calling the changing of the seasons, from winter to spring, and from fall to winter. But there are times when even the most dependable signposts get mixed up. A report has come in that a grove of mesquites on the north side of a mountain northeast of Bradshaw in South Taylor County still were green just a few days ago—while the ground was covered with snow.

What is the difference between 3.625 percent and 4.2 percent? And between \$4,800 and \$6,600? This is not just an abstract little mathematical quiz. It was felt—in the pocketbook—on January 1 by everyone who is subject to the social security tax. And it will be felt on every payday from now on.

The story is this: For 1966, the social security tax rate has been raised from its former 3.625 percent of taxable income to 4.2 percent. Additionally, the taxable income figure has been increased from \$4,800 to \$6,600. The employer pays the same amount as the employee. And the rates are due for more increases in the future.

Some of the increase will go for increased payments to social security recipients. Some will go to finance, or help finance, the new medicare program, whose ultimate cost is not a matter of conjecture. In any event, these tax boosts will largely or wholly offset the tax cuts that have been made in late years.

## Low-Rent Housing Projects Explained At Meeting of Winters Businessmen

About 35 Winters businessmen and city officials last Thursday night heard an explanation of the provisions of Federal acts which provide for assistance to communities for building low-rent housing. The public meeting, under the auspices of the City Council, was held in the City Hall.

Elwin Fitch of Houston, whose company, Elwin Fitch & Associates, has planned and built such housing developments, showed slides of low-rent housing projects which have been completed in other localities, some in large cities and others in small towns. One of the projects is located in Santa Anna, completed over the past several months.

Mayor W. M. Hays, who introduced Fitch, explained to the group that the public meeting was called so that business men could learn more about such housing projects. He pointed out that the City Council had not taken any action, for or against, commencement of such a project in Winters. Several persons have in the last several months expressed an interest in such a project, he said, and wanted additional information. The public meeting was called for that purpose. Whether such a project would be proposed or started in Winters would depend entirely upon the desire of the people of the city, he said.

Fitch pointed out that such housing projects would be financed by sale of bonds, with payment guaranteed by the Public Housing Administration, a constituent agency of the Housing and Home Finance Agency. Bonds would be paid off with funds derived from rent on the units, over a period of about 40 years, and would not become an obligation of the City.

Administration of such a project is left to a local board, under rules set forth by the PHA. It was explained. The local board would be appointed by the City Council, he said.

Under the program, it was explained, two categories of housing units are available: for low-income families and for the elderly. Units probably would be two-family duplexes, it was said, with an approximate cost of \$10,000.00 per family, or \$20,000.00 for the complete unit.

Rent would be based on the income of families renting, Fitch said, with a minimum of \$24 per month for each family unit. This rental would include electricity and gas, but would not include water and other public services. The locally-appointed Housing Authority board would set the rent scale.

To be eligible for assignment to one of these low-rent units, families would have to be classified in the "low-income" bracket, Fitch said, with a maximum annual income of \$2700.00 per year. An annual income of more than that amount would disqualify persons seeking to rent a unit in the project.

The City would provide all services, water, fire protection, police protection, sanitary service and the like, it was said. In turn, a percentage of the rent received by the local Housing Authority, the administrators of such a project, could be paid to the City in lieu of taxes. It

## Campaign On To Promote Work At Hospital

A drive to promote a project of beautification of rooms at the Winters Municipal Hospital has been undertaken during the past several days by interested individuals. No organization or committee has been formed; promotion has been on an individual basis.

All of the rooms at the hospital are in need of painting and redecorating, and the furniture needs refinishing, and new drapes put up. Cost to do this work will be about \$100.00 per room, it has been said.

One room already has been refinished, with the work paid for by John Waddell of Waddell Chevrolet Co. He said it was an expression of his thanks for the "wonderful treatment" he received while he was a patient in the hospital several weeks ago, and that everyone must support the local hospital, because it means so much to the welfare of the entire community.

Those supporting the campaign to redecorate the hospital rooms have expressed the hope that several organizations will adopt such an idea as an organization or club project.

## Jim Chaney Candidate For Council

One candidate has filed officially for a seat on the Winters City Council, the City Secretary's office reported late Wednesday afternoon.

Jim Chaney, employee of Pan American Industries, has filed as a candidate in the election to be held April 5.

Electors will fill three vacancies on the City Council. Three older men, Homer Hodge, James C. (Mutt) Colburn, and R. C. Thomas, complete their two-year terms of office this April. No official announcement has been made by any of the incumbents as to their plans.

## Only 618 Pay Poll Taxes At Local Office

A slight drop in local payment of poll taxes for this year from the total in the last general election year, 1964, has been reported by Travis Jordan, deputy tax collector.

Jordan said that 618 persons had paid poll taxes through his sub-office in Winters for this year. In 1964, he said, approximately 700 poll tax receipts were issued. A misunderstanding of the status of the poll tax could be some cause for the slight decline, it was said. Also, 1964 was a presidential election year which always draws more interest than other years.

In addition, Jordan said, 10 underage exemptions have been issued from his office this year. The issuance of poll tax receipts and exemptions through the Winters sub-office is in addition to those issued to local residents who obtained their receipts from the tax collector's office in Ballinger, Jordan said. Many people pay their poll taxes when they pay their regular county taxes, some of them in the last two months of the year.

January 31 was the deadline for payment of poll taxes. Those who paid their taxes will be eligible to vote in any election during 1966, in which they are otherwise qualified.

## Eldon Mahon Files As Candidate For Congress

Eldon Mahon, Abilene attorney and an announced candidate for congress, was in Winters Wednesday last week talking to businessmen and preparing for his political race.

He will be a candidate in the Democratic Primary against the incumbent, Omar Burleson of Anson, in the newly re-districted and expanded 17th Congressional District.

Twelve new counties have been moved into the 17th District along with 12 holdover counties of the old 17th. Runtels County has been moved from the 21st District to the 17th.

Mahon is a former 32nd district judge and district attorney. He has been in Democratic Party politics in West Texas for almost 20 years, and has pledged "a strong campaign in every county in the district."

"I am a democrat without apologies," he said in an announcement.

"However, I will not be a rubber-stamp Congressman to Democratic administration programs. Neither will I be a rubber-stamp opposition to progress—saying 'no' automatically to every new proposal. I pledge to be a representative of all the people of the 17th District without ties to pressure groups and political cliques."

Mahon, who began his public service career as county attorney of Mitchell County, is partner in the Abilene law firm of Mahon, Pope and Glendon.

For 13 years he served as district attorney for the 32nd District following tenure as county attorney. He lived in Colorado City during his terms as 32nd District attorney and judge until 1963 when he moved to Fort Worth to join the executive staff of Texas Electric.

He is a lay leader in the Methodist Church and on the board of McMurry College, where he was graduated before obtaining a law degree from the University of Texas.

## String of 'If's' Stands Between Blizzards, Crown

The Winters High School basketball team could still win the outright championship of District 5-AA, but the road is rugged and beset by "if" obstacles—all the way to the finish line.

Now in a tie with Colorado City for what is called the second spot on the totem pole, the Blizzards have a 6-3 record for the season, and still have three tough rows to hoe out. There's where the "if's" pop up. IF they can go the distance without defeat; and IF Anson and Haskell stub some toes in the final stretch . . . IF, IF, IF . . . then the Blizzards could come out on top. Or . . . they could, IF the ball bounces in the right direction, tie for the lead with either Anson or Haskell.

Anson and Haskell each have two losses for the season; tough Anson has four more games to play. Ballinger is way down the pole, followed by Stamford and Hamlin.

Haskell hit Stamford 69-64 Tuesday night, and Colorado City bounced top-flying Anson 46-36.

ANSON TAKES BLIZZARDS 57-55 IN OVERTIME

In a postponed game played in Anson Saturday night—the roads were icy Friday night—the Tigers used a second overtime to jump ahead of the Blizzards 57-55. That win gave Anson a 6-1 conference record, Winters 5-3.

High pointer for Winters was Johnny Beck with 24. Paul Jones and Larry Hensley hit for 10 each.

In the girls' game, Winters beat Anson 64-60, with Ida Martin scoring 42 points.

WINTERS (55): Beck 7 10 24, Jones 4 2 10, Davis 4 1 9, Hensley 4 2 10, Cathey 1 0 2; Totals 20 15 55.

ANSON (57): McGlathlin 6 2 14, Faulks 2 1 5, Andrus 10 6 26, Brown 2 1 5, Zustann 1 1 3, Boyd 1 2 4; Totals 22 13 57.

WINTERS WON OVER PIED PIPERS 62-60 TUESDAY NIGHT

A last minute field goal, sunk by Larry Hensley, gave Winters a victory over Hamlin, 62-60, in a conference contest here Tuesday night.

Johnny Beck led the pack of Blizzards with 20 points. James Ledbetter of Hamlin was the game's high scorer with 36 points.

Winters has a 6-3 record in district while Hamlin is 0-8.

Hamlin won in a girls game, 40-31. Ida Martin scored 19 for Winters.

WINTERS (62): Beck 8 3 10, Jones 5 2 12, Davis 5 0 10, Hensley 6 4 16, Cathey 1 2 4; Totals 24 12 60.

Lee D. Herring, Grand Prairie banker, will be the principal speaker at the annual banquet of the Winters Chamber of Commerce Friday evening, Feb. 4. The banquet will be in the school cafeteria, and will begin at 7:30.

W. L. Bean is the outgoing president, with Harvey D. Jones elected to head the business and commercial organization for 1966. New vice president is Nelson Bahlman, and treasurer, George R. Hill. Vice president during 1965 has been F. R. Anderson. 1965 treasurer was Nelson Bahlman. Mrs. Emma Marks is secretary and acting manager.

Wives of directors of the chamber of commerce are in charge of decorations for the banquet.

Lee D. Herring is much sought after as an after-dinner speaker throughout the state. Tex Adams, editor of the Grand Prairie Daily News-Texas, has said about him, "He figures he's gained from every one of the 100 speeches he made last year to clubs, conventions, civic groups, trade gatherings. About the only public caucus he missed was an old-fashioned Fourth-of-July, country picnic. But he had an oration ready for that—just in case."

He is vice president of the Grand Prairie State Bank. He completed high school in Mineral Wells, attended the Academy in Bryan, and Texas Tech. He played football at Tech under Pete Cawthon, making a Cotton Bowl appearance in 1933.

He is a graduate of the Southwestern Graduate School of Banking, SMU. He is past president of the Grand Prairie Rotary Club, a thirty-second degree mason, a six-year member of the Grand Prairie Independent School Board, and has worked with the United Fund Drive, worked with Boy Scout Circle 10 Council, the Grand Prairie Chamber of Commerce.

Herring's speeches to banking organizations include those to American Institute of Banking, National Association of Auditor and Control, Texas Bankers Association Conference, Panhandle Bankers and Oklahoma Banking Conference. BEN BARNES . . . Candidate for Re-Election

Representative Barnes Announces For Re-Election, Now House Speaker

State Representative Ben Barnes of De Leon announced today for re-election to the Texas Legislature, where he serves the 64th District counties of Brown, Coleman, Comanche, and Runnels.

Representative Barnes is presently serving his third term as a legislator and first term as Speaker of the Texas House of Representatives.

He was first elected in 1960, in a fast-moving campaign featuring energy, hand-shaking, and shoe-leather. He had no opposition in re-election bids of 1962 and 1964.

His rise to leadership in the 150 member House of Representatives has few parallels in Texas history. At the age of 26, and with only two terms in the Legislature, Rep. Barnes was the unanimous choice for House Speaker.

Under his leadership last January to May, the House moved swiftly and with a minimum of discord to correct long-standing problems of state government. Giant strides were taken to revitalize the higher education program and initiate long-range programs for development of Texas water resources. Several State agencies were reorganized to clarify their duties and responsibilities. Governor Connally and others called the 58th Legislature "the most productive of the 20th Century."

Although the job of House Speaker requires Representative Barnes to devote much of his time to state-wide problems, he continues to give special at-

## State Capital Highlights—

### Increase in State Spending Termed "Almost Inevitable" For Next Year

By—Vern Sanford  
Texas Press Association

Gov. John Connally is going along with forecasts that a "substantial amount" of new government spending in the next fiscal period is "almost inevitable."

However, Connally declined to join in predicting specific new taxes. He called such forecasts "premature," although the Committee on State and Local Tax Policy earlier had indicated it agrees with the predictors.

"It's almost inevitable that we are going to be looking at increased expenditures in a substantial amount," Connally told a press conference. "But I don't want to try to estimate the magnitude of a tax program, if any, or the expenditures."

Meanwhile the tax policy committee held its first meeting, ordered Texas Research League studies on impact of sales tax adjustment and an unusual appraisal of how to equalize the widely-varying state property tax.

Rep. Ben Atwell of Dallas, committee chairman, reported that all members of the panel seemed to feel that more revenue will be necessary when the Legislature writes the new budget for Texas government operations next year.

Atwell said the committee will be taking a reading on revenue which could be obtained from raising the sales tax rate (now two per cent) and removing various exemptions.

These exemptions apply to food, drugs, farm machinery, alcoholic beverages, industrial and agricultural fuel and power.

Atwell doubts that the legislature will tamper with the food, medicine and farm implements. He expressed a personal preference for a rate hike if new money is mandatory.

Committee also is going to study the likely effect of income taxation and corporation tax formula adjustments.

As a possible method of equalizing the property tax, the committee will evaluate results of assigning each county its equitable share of the ad valorem loan on the basis of estimated fair market values. Voters would have to approve such a procedure by Constitutional amendment.

Citizens of some counties now are paying seven times as much tax on property with the same value as do citizens of other counties.

#### DRAFT RULES TIGHTENED

Young Texans served draft orders no longer can get them cancelled by joining reserve or national guard units, Col. Morris Schwartz, State Selective Service director, announces.

A man still can enlist in regular active-duty forces after receiving his draft orders—if he can be signed up before induction date, Schwartz said.

#### CANDIDATES ANNOUNCE

In a press conference at the Capitol, Stanley C. Woods, 43, of Houston and State Rep. Bill Hollowell, 37, of Grand Saline announced as team candidates for Governor and Lieutenant Governor respectively.

Judge Joe Greenhill announced his candidacy for re-election as Associate Justice of the Texas Supreme Court.

#### COURTS SPEAK

Third Court of Civil Appeals here upheld the State Banking Board in granting a charter to Northline State Bank of Houston, thus reversing the decision of District Judge Tom Reavley of Austin. Airline National Bank of Houston brought suit claiming there was no public necessity for a new bank.

State Supreme Court declined to give special consideration to adequacy of legal services rendered to a Robstown couple by the Nueces County legal aid office in a suit where they stand to lose their home.

Court of Criminal Appeals sustained the death sentence conviction of Walter Lee Sirois in the rape of a Houston woman.

#### CONNALLY TO SOUTH AMERICA

Governor Connally is considering a week's tour of major South American countries starting February 21 to drum up participation in San Antonio's 1968 HemisFair.

He said he hopes to visit presidents of Venezuela, Brazil and Argentina — and perhaps Chile and Peru — and ask their cooperation in staging HemisFair exhibits. Connally doubles as commissioner general of the "Fair of the Americas."

"We are running out of time," Connally told a press conference. "The fair is scheduled to open in April of 1968. Exhibits must be built in a little over two years. Once the line is broken, I think they (all the major South American countries) will come in."

#### OIL AND GAS ARGUMENTS

Oil and gas operators in 15 West Texas counties have been given a chance to show why they shouldn't be ordered to stop using open unlined surface pits for salt water disposal.

Texas Railroad Commission set Feb. 24 for hearings on fields in Young and Archer Counties.

A March 10 hearing has been set on fields in Hemphill, Swisher, Andrews, Martin, Bailey, Hale, Cochran, Dawson, Gaines, Hockley, Lynn, Terry and Yoakum Counties.

Hearings are a part of the commission's activity in the water pollution control field. Chairman Ben Ramsey says such hearings now are consuming 40 per cent of the time of the commission's field inspectors.

#### WATER RIGHTS MAY BE CANCELLED

At a March 15 meeting in Austin, the Texas Water Rights Commission proposes to cancel water rights for all who fail to exercise them by that date. Only five rights are scheduled to be heard at this time.

This is the first of more than 200 hearings expected to be held in 1966 as the state moves to erase "paper rights" to use stream water. Then the state will be able to show how much water really is available for future use in Texas rivers.

#### POLICE REPORT COMPLETE

Out of almost 300 police agencies employing 9,000 officers, less than half have established formalized minimum requirements for employment. So states

the Texas Commission on Law Enforcement Officer Standards and Education.

In addition, less than a fourth of the agencies require any sort of formal training before officer assignment.

#### SOME WIN, SOME LOSE

Some Texas cities have been adversely affected by the recent closing and reduction of 126 military bases in the nation. But this may turn out to benefit other communities in need of airport equipment.

Texas Aeronautics Commission will act as a go-between for communities seeking surplus property.

Austin and Abilene both had Nike facilities declared excess recently and Bellville and Huntsville lost Naval Reserve installations. Towns interested in securing the surplus equipment should contact the Aeronautics Commission.

#### INTEREST EARNINGS UP

Texas state government now has \$228,800,000 in time account deposits.

State Treasurer Jesse James estimated the money will earn \$9,100,000 this year at four per cent interest.

James said the interest will average at \$762,832 a month, or more than \$25,000 a day. Total exceeds that of recent years.

#### SHORT SNORTS

U. S. Development Administration has opened a nine-state regional office here. . . . Two district judges have power to appoint and remove Bexar County grand jury bailiffs, but county commissioners set their pay and car allowances. Atty. Gen. Waggoner Carr said in an official opinion . . . A \$34,051 federal grant for Head Start program in Brownwood Independent School District has been approved by Governor Connally to aid 120 pre-school children. . . Connally has reappointed Roy L. Elizabeth Taylor and Richard Burton are the principals of a vibrant love affair in Metro-Goldwyn-Mayer's "The Sandpiper," showing Sunday, Monday and Tuesday at the State Theatre. Eva Marie Saint also stars in the new Martin Ransohoff Production, directed by Vincente Minnelli and filmed in Panavision and color largely on locations in California's Big Sur country.

### "Die, Monster, Die!" "Planet of The Vampires"

Boris Karloff returns as a monster for the first time in thirty years and in his first non-Frankenstein creature role while Barry Sullivan stars as the leader of spacemen exploring a mysterious planet in a far-away galaxy in two terrifying science fiction thrillers from American International showing Friday and Saturday at the State Theatre.

Karloff stars in "Die, Monster, Die," chilling color and scope tale of a mysterious monster-breeding object from outer-space which terrifies a quiet country family. Nick Adams and Suzan Farmer also star in the fantastic adventure film which blends science fiction with old fashioned terror suspense.

Sullivan stars with Norma Bengell in the companion color and scope feature, "Planet of the Vampires," which takes place on a mysterious Earth-like planet of a distant sun. What happens when Sullivan and his fellow space explorers try to do battle with an intelli-

gent but unseen foe with human-like qualities makes for spine-chilling science fiction action. "Die, Monster, Die!" and "Planet of the Vampires" make for one of the most unusual and most imaginative film combinations ever paired on theatre screens. It's a double dose of nightmare — producing, terror thrill-packed motion pictures.

"The Sandpiper," A vibrant love story set against some of the world's most beautiful scenery, the Big Sur coast of northern California, is unfolded in Panavision and color in "The Sandpiper," with Elizabeth Taylor, Richard Burton and Eva Marie Saint the protagonists of a compelling romantic triangle.

"The Sandpiper," based on a story by producer Ransohoff, might have been written to order for Miss Taylor, who is given a role of striking dramatic range and who has never looked more beautiful in the costumes created for her by Irene Sharaff.

The new Martin Ransohoff production, presented by Metro-Goldwyn-Mayer and Filmways, marks Elizabeth Taylor's first screen appearance in two years and her first role opposite Richard Burton since their outstanding hit in "The V.I.P.s."

Shows Sunday, Monday and Tuesday at the State Theatre.

### HOODED T-SHIRTS

These are the leftovers from a full season—but still plenty of colors and sizes left, especially if you like red. . . . These have warm hoods but no zippers—you have to slip them over the head—maybe the reason we sell them so cheap. Men's or boys', \$1.00 each.

### MEN'S SWEATERS

Most of these long sleeve sweaters are slip-overs and been hanging so long that they look like SLIMS only. We will have to pay much more to buy them back but we are tired looking at these. We aren't holding back a thing—sweaters that sold up to \$14.95 — take your pick—\$5.00.

### THERMAL UNDERWEAR

Last year the single hottest item as far as selling was concerned . . . this year just about the stinkiest. We have offered them at \$1.00 and 98c all season but to tell you the truth, anyone that had them last year won't buy them again. So—well, if you haven't tried them it is your turn . . . be sure to buy them big as they may shrink pretty good. Shirts or drawers, 66c a pair.

### MEN'S SOCK

One of the national brands advertises that the thing to wear is over the calf sock — we got carried away — and bought far too many . . . Yes they have sold but we are still loaded so we figured to sell them real cheap and maybe you would help us split the load. They are \$1.00 sock — how about a few pairs at 39c?

### MEN'S SUITS

These are the leftovers. The best models, the best colors sold right after Christmas. Sizes are badly broken too. There's no use to hurry . . . most likely we can't fit you anyway. The trend seems to be plain fronts—these are all pleated styles. Anyway we will put them all on one rack so you won't waste any more time than possible. 1/2 PRICE!

### BOYS' WARM CAPS

The hoods (that is hooded coats) have just about killed the boys' cap business. We are just now waking up to the fact with more than 100 caps still in stock that sold up to \$1.98 each! If you are one of the more unfortunate ones and do not have the hooded coat you can get one of these NOW for only 88c!

### MEN'S SLACKS

We have broken sizes in winter weights that are undesirable. In fact you will probably be sorry you bought a pair of these. You might should just wait and get a pair of the new ones. Anyway, you can now have values up to \$20.00 for \$4.88!

### MEN'S HATS

Don't buy one of these hats just for the looks. It won't do the job. If you are baldheaded and need some protection then take a look. They are mostly size 7 1/4, but a few other sizes too. Hats that sold as high as \$10.00 only \$2.99! 6 only BORSALINO Hats left, 4—7 1/4, 1—7 3/4, 1—7 1/2. If you can wear the size you can buy a \$20.00 hat for \$8.88.

### MEN'S WARM SPORT SHIRTS

You just won't believe your eyes when you see these long sleeve sport shirts. How any manufacturer could ever make shirts like these . . . From the claims on the cello bag they're in you will think that you have found a bird's nest on the ground. Some corduroys are fine imported ones from Hong Kong, others are Japanese-made and a few flannels made in America by American labor. Help us to get rid of these and we will do our best to buy better ones next time. Don't get carried away—just buy one or two . . . \$2.98 values \$1.48 each!

# WHITE ELEPHANT SALE

## Grab Box

A real IDEA to get rid of things that you wouldn't buy if you could see! Are you still miffed at something someone gave you this Christmas or birthday? If you are, here is a chance to get even . . . grab a box for the next present you MUST give them! We will guarantee that your chance of getting your money's worth is probably better than horse racing! . . . want to take a chance? . . . try a few GRABS! Another thing, everything on this table is at least **HALF PRICE or LESS . . . positively . . .** but all sales are final . . . no returns after a grab is made . . . Take a chance . . . it should be fun!

### BOYS' SHIRTS

If you are in need of good looking shirts you can just skip these . . . there's nothing good about this group — they are knits, cotton broadcloths, mostly long sleeves. Anyway we probably don't have your size. Regular \$2.00 to \$4.00 values . . . \$1.00 each.

### BOYS' SWEATERS

Broken sizes 6 to 20 in pullovers and cardigans — only the worst styles and colors are left. The girls bought the best looking ones for themselves. You boys wouldn't want to humiliate yourselves by buying what the girls have left, would you? \$5.98 to \$7.98 values for \$2.00, \$8.98 to \$10.98 values, \$5.00!

### MEN'S TV SOX

What's gone wrong? Aren't you fellows watching TV anymore? If you are better get some of these just in case you need to get a drink or something while the commercial is on . . . \$2.98 values only 98c! You can afford to save your regular sox at this price!

### KNIT CAPS

If the weather hadn't turned cold these would have probably had a date with the man who picks up the empty boxes . . . actually they are so light he probably would have not known the difference. We felt smart the last two weeks as probably about 90% of the kids had one of these on during the snowy weather. Now take the balance of these light ones at 25c and any of the heavier ones at 1/2 PRICE!

### MEN'S DRESS SHIRTS

4 or 5 Arrows that are half worn out from pinning and unpinning . . . 8 or 10 of the 100% cab-o-lene nylons made in Hong Kong. Positively no ironing — and a full range of sizes of men's white 'Envoy' broadcloth shirts made in the Philippines. Actually we don't blame you if you won't buy these 'imported' shirts—we wish that we hadn't! Help us this time and we won't do it again. \$2.98 to \$5.00 values, \$1.88 each.

### MEN'S OVERCOATS

Actually we don't know what to say — we haven't had enough people looking for overcoats this year to keep up our sales pitch! What would you say? They are warm, they are all-wool . . . but who wants a coat and for what reason? They are in the way when you are trying to get into a heated car, hard to hold at a basketball game . . . just completely useless! I guess we will finally have to concede that they are obsolete. We knew it when we bought them but still bought them—what dopes! Help us out once more with these 12 that are left from the 15 we bought. Dark colors, regulars and longs, \$34.95 values — \$15.00 each!

### ALL-WEATHER COATS

We've had it . . . coats and weather too! Broken sizes in black, olive and brown, guaranteed not to completely shed rain, cold or wind but piled-lined with zip-out lining. You may want to wear them once or twice and then keep them for next year's football games. We wish you would! \$19.95 values only \$12.88!

### BEDSPREADS

8 only of these spreads in assorted sizes, styles and colors . . . and not a one will do for your guest bedroom! You did not like them when they were \$7.98 to \$10.98, and they don't look any better now at \$3.98!

### PAJAMA SETS \$14.95

7 pairs of these pajama sets in the worst colors. The pajamas are plain nylon while the top is matching but quilted. Another 7 reasons why husbands would prefer not to go home. Don't take a chance and buy these at \$7.50!

### WOMEN'S COATS

Some of you women double crossed us! You asked us to buy some cashmere coats but you left us holding the bag. You act like you never heard of cashmere! Now these coats mostly in beige that sold up to \$99.50 are down to 2 at \$25.00 each and 3 at \$39.95 each!

### WOMEN'S DRESSES

2 special groups of dresses from our regular stocks! All because of some fast-talking traveling salesmen! Included are dresses of all fabrics and colors, styles that have been picked over day by day since before Christmas. However the prices used to be much higher, now they're down to \$5.00, \$7.00 and \$9.00!

### MEN'S PARKAS

Alpina Parkas, 100% nylon, waterproof in red, white, royal and black. These were made in Japan so maybe you prefer to skip them. They were \$5.95, Now \$2.00!

### MISSIE'S WARM OUTING FLANNELS

Gowns and pajamas, sizes up to 14. Reg. \$2.98, NOW—\$1.49!

### WOMEN'S CAR COATS

Car coats that are warm as toast, long wearing, moth proof and easy to clean. . . . Maybe they are too heavy or too light or too picked over but the values and prices will surprise you. If you buy these out we will be surprised, too! Even including the Betty Rose ones!

### CHILDREN'S DRESSES

What we want to sell out of this lot is the wools and the velveteens . . . if you are the least bit interested why don't you ask to see these? They were marked \$4.95 to \$7.95, but now only \$2.98!

### CHILDREN'S HAT SETS

Not enough of these left to sell or not sell but if you want one you can get a hat and a bag for only \$1.00 for the set!

### MEN'S SPORT COATS

You'll be wasting your time to look at these . . . they're the worst yet. No woman would approve. It's like getting down to the end of the row. We estimate there may be 25 of these including two Pendleton leisure type coats, now \$10.00 each.

### CHILDREN'S SHOES

Actually we must have had too many shoes . . . some of these look like they have never been out of the box. They are now tough and just because they sold up to \$5.95 doesn't mean a thing. How about \$2.98?

### LADIES' SWEATERS

Yes, once again . . . it happens every year . . . right after Christmas we have a clearance but there are always some things that have just come in that we hope to sell at regular price or a little off . . . Now these Bobbie Brooks and Donovan sweaters were marked down from \$12.95, \$14.95, \$16.95 to \$7.88, \$8.88 and \$9.88 — and THEY ARE STILL HERE! We are not fooling, we need the space worse than the money so you can now take your pick at \$4.88 each!

### LADIES' PANTS

What do you women want when you go in for sports? We wish we knew! We have 22 pairs of Bobby Brooks pants in corduroys, quilts and hopsticking . . . they are mostly in Juniors. Our salesladies say they should have been in sizes 8 to 20 . . . we say they are left. They were priced at \$8.95 to \$10.95 . . . you can see if you can use them at \$3.88! . . . and wait a minute — we can match most of them in a conglomeration of tops . . . if you can find one that matches and that fits you it will be only \$2.98 even though it should have sold as high as \$6.95.

### WOMEN'S TEXTURED HOSE

A year ago textured hose were all the go. We couldn't get enough of them. Now that women have discovered how unattractive they really are we doubt if we can unload these \$1.00 values for only 39c!

### WOMEN'S HATS

Don't buy them . . . but if you do, make up your own story! We can't figure out how in the world to describe last season's hat! Values to \$10.95 . . . \$1.00 each!

### ROOM RUGS

So-called 9 x 12, but we will guarantee that they will be at least 6 inches shorter and 6 inches narrower . . . however, they are heavy viscose with heavy weight foam backing — formerly \$19.95. Save a ten spot — only \$9.95!

### PENDLETON ROBE

One only—Men's Pendleton robe, large size, preticketed at \$25.00. How about \$7.50?

### WOMEN'S SHOES

240 pairs left in this grouping of women's wedges, casuals, flatties and heels. We guarantee that this is the worst looking lot of 240 pairs of shoes that you could select . . . now after this will you still buy a pair at 1/2 PRICE?

### WOMEN'S AND CHILDREN'S BOOTS

The rage for the white boot with the zipper in the back gave us ideas that boots would be quite the thing . . . The Whites are O. K. but these others are the best fillers for our bargain racks! We have them in short ones, long ones, lined ones, unlined ones for little sister, big sister, mother and even for grandmother. Gee, can't you be enthused once? If not for the boots then for our efforts to sell these values to \$10.95, \$2.98!

### MEN'S BLAZERS

These blazers were to be the answer to the kid that used to wear the white coats to all school functions and to his dates! We swallowed the pitch and bought them but we can't get the boys to do the same . . . Do you want to start the trend in your class? We have all colors — \$24.95 values now \$13.88!

### BLANKETS

The craze for thermals has left us with a few more regular blankets than we care to keep till next blanket season. It looked like almost every customer put her 50c down on a Thermal during our blanket sale. We find that we have a few big 72x90 size blankets from Beacon left — You may be familiar with their names . . . Glenaire (dark plaid), Fantasy (a high loft solid), and Harvest Festival (floral) . . . these sold at regular prices at \$5.95 to \$7.95. SALE price \$4.88 to \$6.88. Now take your pick of what's left at \$3.88!

### CANNON ASCOT

A plaid sheet blanket. They really look too thin for these cold days but they are full 70 x 90 size and were \$2.98. If you only need a blanket to look pretty how about one for \$1.98?

### COTTON BATH MATS

The pile is too thin and even the colors are not pretty. Why not step on a towel? 24 x 36 size with lid covers, values to \$2.98 . . . \$1.77!

### THROW PILLOWS

There's nothing more useless around the house than these throw pillows. They'll fade and even the colors are not so bright right now. You will probably be sorry if you even buy them for your lake cabin. Values to \$2.98 — 99c!

### FABRICS

A busy fabric season has left us with odds and ends! Many fabrics that are not worth carrying home — not counting the time it would take to do all the sewing. Most women would prefer to wait for the new spring fabrics. None of these are anything special!

A. One group of fabrics including corduroy, arnel and rayon suitings, rayon and cotton broadcloth, rayons, values to \$1.29. 2 yds \$1.00!  
B. Schlang woolsens, 54 in. wide, 1pc. tweed, 1pc. solid and 4 pieces of plaids left in this group of \$2.98 and \$3.98 goods . . . \$1.98 yd!  
C. Short length outtings in prints, stripes and solids. 4 yds \$1.00!

### PURSES

You probably have looked at these purses already during our January Clearance Sale, but if you didn't buy one maybe you still will when you see that we have the whole group of \$2.98, \$3.98, and \$4.98 ones for \$1.98!

### LADIES' PARKAS

Really it looked like the price was right! Maybe the color was wrong. We do know that they are still here! Can you use an all-weather parka, 100% cotton front with waterproof back? \$3.00!

### GIRLS' CAPS

Face masks, pony tails, bonnets . . . the whole works! Values to \$1.98. \$1.00 each!

### GIRLS' JEANS
