HOME TOWN Talk

By R. C. THOMAS

One-tenth of an inch of rain was measured in Winters last October 17; unmeasurable traces were noted in November and December. Up to Wednesday of this week—completing the first month of 1967—it had been 106 days since Winters had received any rainfall, and 119 days since rain of any notable amount has been received—2.6 inches fell here October 4.

A glance at the unofficial rainfall record below shows that 1966 was the driest year for Winters—27.8 inches since 1963—24.5 inches. Also, it will be noted that December and January are fairly dry months, usually, with no amounts recorded for three Januaries out of six, and a high of 2.5 inches for one year, 1965.

Prolonged and constant weather conditions of any kind—wet or dry—always seem to be reason to bring out to methalls the type of humor associated with the condition of the moment. Perhaps it is a built-in insulation against adversity, a kind of instinctive protective device. The long period of dry weather we are experiencing is no exception; it's a serious situation, but the stories about the cows giving powdered milk, etc., keep cropping up. We've got one friend who says when he has to spit, he looks around over the place to see which spot needs it most.

Although many of us are reluctant to admit it, we are in a period of fast-changing times; as much as we try to fight it, old ways and customs keep changing. Old ideas are dying out, with new ones being born every minute. One of the reasons is that the median age of the United States' almost 200 million people is 28 years—and getting lower. Fifty-two percent of our population can't imagine a world without television and space vehicles. Eighty percent don't remember when we couldn't buy a legal drink. Seventy percent did not live in the day when payment of income taxes was the prerogative of the very wealthy. Almost seventy-five percent were very young or were not yet born when Social Security went into effect in 1937.

The crowning slap, however, is the announcement of "Bull Durham Cigarettes"—with filter tips, yet!

A high public official has been reported as saying it is wrong to demand or expect that people be good if they expect to stay on the dole list. Other high-ups are recommending that those elderly persons who have saved for their old age, and those who work for a living be taxed heavier and the don't-want-to-work and lazy be guaranteed a minimum income—a reverse income tax system. All of which brings this question to the mind of our old red dirt farmer friend on Bluff Creek: Will there be a "war on poverty" to support the rest of the federal government's poverty fiascos?

L. M. Mitchell Retires From Lone Star Gas Co.

Lewis Murphy (Red) Mitchell, a gauger for Lone Star Gas Company's West Texas District, ended a 41-year career Feb. 1 when he retired from service with the natural gas company. Mitchell has spent 35 years of his career working on the W. S. Warren lease situated ten miles northwest of Strawn. "I have done just about everything there is to be done around an oil and gas field," he said. Mitchell and his wife, Odessa, live in Winters. They have three children and five grandchildren.

TO STUDY WATER—Seven of the ten-member steering committee named Friday night to study development of a water control district on the Elm Creek watershed held a short meeting immediately after the appointment meeting sponsored by the Runnels County Water Authority at the Winters City Hall. Committee members present, seated, left to right, Truitt Billups, J. S. (Slats) Bourn, Charles Clifton, mayor of Ballinger, W. M. Hays, mayor of Winters; standing, Clarence Ledbetter, T. A. Smith and Wade White. Also named to the committee, but not present at the meeting, were Price Middleton, Ralph Kettler and Jake Presley. The appointment of the steering committee was made by the RCWA, Tom Caudle, chairman. (Staff photo)

Water Control District Steering Group Named

A steering committee was named Friday night to further push the study of organizing a water control district for the watersheds area of Bluff and Elm Creeks in Northeast Runnels County.

The committee was named at a meeting in Winters City Hall set up by the Runnels County Water Authority, and includes Clarence Ledbetter, Truitt Billups, T. A. Smith, Wade White, Wesley M. Hays, Jake Presley and J. S. (Slats) Bourn, all of North Runnels County, and Charles Clifton and Price Middleton of Ballinger, and Ralph Kettler, of Rowena.

The steering committee will study the possibilities of organizing a water and flood control district on the watershed of the two streams, and to apply to the State Legislature for special legislation organizing the district. The action follows recommendations made by interested county residents at a meeting in Ballinger three weeks ago, called by the Runnels County Water Authority to discuss possible means of obtaining additional water supply for Winters and Ballinger. At the Ballinger meeting, the RCWA was asked to appoint the steering committee.

Organization of a water control district is a preliminary step toward a suggested study of the feasibility of constructing a dam at the confluence of Elm and Bluff Creeks between Winters and Ballinger for storage of water to be used by both towns. If the plan goes through, a water and flood control district, similar to the Valley Creek project in the western section of the county, would be organized. Such a project would provide for a number of diversion and control dams on the two streams and their tributaries, to trap and provide for slow release of flood waters on the watersheds. It also has been suggested that a Winters-Ballinger dam and lake could be provided for under the same project.

295,000 ACRES IN AREA
Woodrow Hoffman, of the Soil Conservation Service, spoke to the group at Friday night's meeting and explained the proposed project. He said that the entire watershed of Elm and Bluff Creeks, and tributaries, contained 295,000 acres. This is a larger area than is allowed for one water control district, which would be limited to 250,000 acres. But he explained that if the drainage area of Coyote Creek, in the central part of the county, is left out, the area acreage would meet control district requirements. He also said that two projects could be proposed, to include the Coyote Creek area.

Hoffman said that in a strictly water and flood control district, funds could be obtained from the Federal government for construction, with the local district providing only right-of-way and maintenance funds. If the recreational facilities are provided, he explained, the cost of construction would be something like 50 percent by the Federal agencies and 50 percent provided by local districts. Further, if municipal water supplies were provided, cost would be prorated between the two towns—Winters and Ballinger—and the Federal agency.

Runnels FB To Begin Member Drive Feb. 6th

The Runnels County Farm Bureau will stage a county wide drive for members beginning Feb. 6 and continuing through Feb. 10, according to Neuman Smith of Ballinger, membership chairman. The drive will be launched with a kick-off breakfast Feb. 6 at a steakhouse in Rowena. Attending the rally will be community membership captains and workers from all over the county.

Runnels County Farm Bureau has 923 members, and has a goal of 933 for this year. Governor John Connally has proclaimed Feb. 6-10 as "Farm Bureau Membership Week" in Texas, and County Judge W. H. Rumpy has designated a similar observance for this county during the same period.

Officers of the Runnels County Farm Bureau are Marion Hays, president; Neuman Smith, first vice president; and W. J. Cerwenka, second vice president. Membership workers for the drive will include Smith, Leroy Peitzel, M. L. Dobbins, Leon Frerich, Ben Frerich, I. W. Conway, Doyle Condra and B. B. Campbell.

you're defeated to start with." Immediately following the meeting Friday night, members of the newly-named steering committee met and named officers. W. M. Hays was named chairman, with Clarence Ledbetter vice chairman. Price Middleton of Ballinger is secretary. Hays said the committee will meet within the next few days to discuss further steps necessary in organizing the water control district.

Capt. R. D. Allard In Combat Wing In Western Pacific

Captain Raymond D. Allard, husband of the former Betty Bryan of Winters, is now on duty with the 425th Strategic Wing at a forward base in the Western Pacific. Mrs. Allard is the daughter of Mr. and Mrs. E. L. Bryan of Winters. Captain Allard was assigned at Clinton-Sherman AFB, Okla., before arriving in the Pacific to help provide direct support for U. S. Air Force operations in Southeast Asia. The captain, a Strategic Air Command air operations officer, supports KC-135 Strato Tanker aircrews who daily provide aerial refueling to fighter-bomber and reconnaissance aircraft conducting the air war over Vietnam.

914 Voters Register In Winters

Tuesday was the last day for voters to register, and reports from the Winters office of the Runnels County tax collector show a last-minute rush of voters.

Mrs. Bob Hatcher, deputy in the Winters office, said that as of Monday night, 762 voters had registered in the local office. By closing time on the deadline date, Jan. 31, a total of 914 had signed up.

A representative of the tax collector's office in the courthouse in Ballinger said total Runnels County registration centers had not filed complete reports, and also that some mail registrations were expected to be received within the next day or two. The Winters office total of 914 is included in the county count already reported, it was stated.

E. E. Vaughan To Be Candidate For Alderman

E. E. Vaughan, owner of Vaughan Distributing Co., announced Wednesday he will be a candidate for alderman in the City election April 4. Two seats on the City Council will be filled this year, in addition to the mayor's post. Wade White, presently an alderman, is a candidate for mayor. J. C. Jarrell, the other alderman whose term expires this year, has announced he will not be a candidate for reelection.

Student Council Makes Report On Guevara Fund

The Winters High School Student Council has announced the final disposition of their original "Robert Guevara Fund." Originated by the students in the local high school, the fund now will be handled through a central agency, the Winters Chamber of Commerce.

Robert Guevara, a junior student in WHS, was injured in a hunting accident last fall. He was in Hendricks Memorial Hospital for some time, was in John Sealy Hospital, Galveston, for a few days, and then transferred to the Winters Municipal Hospital. Several days ago he was admitted to the Bennett Home, Big Spring.

Draft Board To Give Student Tests March 11

Bulletins of information about an upcoming draft test for students, plus application blanks for taking it, have been received by Texas Local Board No. 21, serving Coleman and Runnels counties.

The test will be administered March 11 and 31 and April 8. Applications for taking the test must be postmarked no later than Friday, Feb. 10.

Colonel Morris S. Schwartz, State Selective Service director, said students could get the bulletins and blanks by writing their local board, or calling at their local board.

To be eligible to take the test, the applicant must, on the testing date, 1. be registered with a draft board, 2. intend to request occupational deferment as a student, and 3. not previously have taken the test.

Taking the test is entirely optional with students. Full details about the test will be found in the bulletins of information, available at the board. Purpose of the test is to furnish information to the draft board.

The application blanks to take the test must be mailed to the Selective Service Examining Section, Educational Testing Service, P. O. Box 988, Princeton, N. J. 08540. A pre-addressed envelope will be furnished with each bulletin of information.

Balloon Blockade To Benefit Heart Fund Saturday

The Sub Deb Club will conduct a balloon blockade on Winters streets Saturday, Feb. 4, with proceeds going to the Heart Fund.

The Heart Fund drive is being sponsored locally by the Veterans of Foreign Wars post and its Ladies Auxiliary.

Prefix letters for license plates to be issued in Runnels County will be HJR and HJS. Mrs. Bob Hatcher, deputy tax collector in the Winters branch office, said motorists can help shorten waiting lines and speed up registration by buying license plates early and by presenting proper ownership documents.

Housing Group Organized, To Ask For Funds

The Winters Housing Authority, appointed recently by the City Council, met in a formal organizational session Monday night, and employed an engineering firm to work toward securing low-cost housing for the elderly in Winters.

Members of the Authority are Nelan Bahlman, Jake Joyce, Neal Oakes, Gattis Neely, and Ralph Lloyd.

Lions Club To Take Applications For Summer Camp

Applications for a summer vacation full of fun for handicapped children in the Winters area are now being accepted by members of the Winters Lions Club.

This unique Texas Lions Camp for Crippled Children at Kerrville will open its first two weeks session Sunday, June 4. Five sessions will be held this summer for youngsters from seven through sixteen years of age.

The Camp is free to eligible blind, deaf, mute or crippled children. Transportation to and from the Camp is supplied by the Local Lions. All requests for summer camp are handled locally by Lions.

Lions Club Chili Supper Friday

The Winters Lions Club will hold their annual chili supper at the school cafeteria tonight (Friday), with serving to begin at 5:30 and continue until everyone is served.

The chili supper is one of several programs sponsored by the Lions Club during the year to raise funds for projects of the organization. Funds raised will be used to purchase glasses for school children, help finance the Texas Lions Club Crippled Children's Camp at Kerrville, and other community projects.

bring total capacity to 550,000 bushels. Steel for the two big tanks has already been received, Ray Alderman, manager of the milling and grain company, said. Concrete will be poured as soon as it can be done without danger from freezing, he said. It is expected that construction will be completed by June.

Dulin and Company, construction firm of Lubbock, will erect the steel storage tanks.

The two new tanks will be tied directly into the elevator and transfer system of the plant, so that grain and concentrates can be moved from any location to another spot in the milling and storage complex.

Alderman said the two tanks will not be used entirely for storage of grain, but will be used for storage of "soft concentrates" used in the milling and mixing of livestock feed. These would include peanut meal, cottonseed meal, dehydrated alfalfa, and others.

It was pointed out that even in the event of short grain crops in the local area, the tanks would be fully utilized to hold protein materials and grain brought in from other areas. Alderman said that "even if there should be a short grain crop locally, we would still need the storage space, because we would buy grain from the high plains areas to manufacture livestock feeds." Too, he said, with the additional storage capacity, the company would be in a better position to obtain protein materials during "off" seasons.

Housing Group Organized, To Ask For Funds

The Winters Housing Authority, appointed recently by the City Council, met in a formal organizational session Monday night, and employed an engineering firm to work toward securing low-cost housing for the elderly in Winters.

Members of the Authority are Nelan Bahlman, Jake Joyce, Neal Oakes, Gattis Neely, and Ralph Lloyd.

The Authority employed Elwin Fitch & Associates, architects and engineers, of Houston, to work with them in drawing up applications for funds from the Housing and Urban Development administration, with which to build housing units for elderly persons in Winters.

No definite decisions have been made as yet, but the Authority will first seek funds to be used to make preliminary surveys. Nelan Bahlman, chairman of the Authority, stated that no further action will be taken within the next few weeks because of the requirements in regulations that there be a 60-day waiting period from time of appointment of the Authority until applications and/or plans are made.

Although nothing official has been decided, Authority members said that thoughts at this time are toward applications for funds to build duplex units; these units would be built in separate locations in the city and not in one housing development grouping.

Although appointed by the mayor and the city council, the Housing Authority is almost completely independent, with total authority as to what types of units will be built if authorized and with full authority regarding administration.

The Authority will meet again within a few weeks to work on further plans on seeking housing for the elderly in Winters.

State Capital Highlights—

State Legislature Completely Organized; 400 Bills Introduced

By—Vern Sanford
Texas Press Association
They're off! And running!
With a hearing Tuesday night on a bill to legalize horse-race betting in counties where voters approve, the Legislature got into full swing. Committee actions soon will lead to final decisions.
Organization of both houses is complete. To date more than 400 bills have been introduced and referred to committees. Meetings will be scheduled mornings, afternoons and evenings to hear sponsors and objectors. . . to listen to those who think the bills should or should not be passed.
Floor action soon will begin

in earnest and the pattern of the session will quickly take form.

CROSS-CURRENTS

One pattern emerging early has been a widening difference between the Senate and House leadership.

Senate majority seemed determined to pass a \$5,200,000 bill to give 20 percent overall pay raises to the 40,000 state employees by March 1. Speaker Ben Barnes and the House leadership seem equally determined to prevent it, and likely will succeed.
Gov. John Connally is reading his tax program. Lt. Gov. Preston Smith, noting that spending from the state's main checking account can be \$217,000,000 higher for the coming two years from currently ex-

pected revenues without new taxes, suggested that the line be held on taxes.

These differences point up the conclusions being drawn by Capitol observers that Smith will go for governor in 1968, even if Connally tries for that unprecedented fourth term.

BILLS, BILLS, BILLS

All 181 legislators have been busy introducing bills they feel should become laws. The range is wide, as always.

Rep. Jake Johnson of San Antonio thinks his bill to legalize the sale of liquor by the drink (labeled the LBJ bill—liquor by the jigger) has a fighting chance. His poll of House members shows 67 for, 41 against and 21 undecided. He's thus only 9 votes shy of the 76 votes needed, with 21 members yet to poll.

Rep. James Slider of Naples has one to make Texas eligible for highway beautification money from the U.S., and to allow the Highway Department to buy scenic easements to move billboards and junkyards off the roadsides.

Rep. Dick Cory of Victoria wants to repeal the new Code of Criminal Procedure lawmen are fussing about, and to restore the old law. Others are proposing changes in the new law, and Rep. James E. Nugent of Kerrville, chairman of the House Criminal Jurisprudence Committee, invited everyone with ideas for improvement to let know.

ELECTION CODE

That exemption from annual voter registration, which citizens over 60 years of age, living in towns of less than 10,000 now enjoy, would be removed from State law, under a bill by Rep. Gene Fondren of Taylor. This to clarify the election law.

Fondren's proposal would also mean that if you forgot your registration receipt, you would have to go back home and get it or get a duplicate, because voting officials would not be able to accept your signature in lieu of that receipt.

MORE SALES TAX

Under a bill by Rep. John Traeger of Sequin, any city in the state would be able to collect a one-per-cent sales tax, if a majority of its qualified voters approved this method of financing city services.

The local-option sales tax proposal, which would be levied in addition to the existing two-per-cent state sales tax, was recommended by Governor Connally at the request of the Texas Municipal League.

LILY TRAP REMOVAL BILL

Relief for waterways clogged with prolific water hyacinths, often called water lilies, would be in sight if the Legislature passes a bill by Rep. Leroy J. Wieting of Portland. It would make possible State Parks and Wildlife cooperation in their removal.

P&W would be able to contribute 30 per cent—in money and/or man hours — to match 70 per cent in federal funds to remove the lily and other insidious water plants where they fill up lakes and river reaches.

RIGHT-TO-WORK LAW

Rep. Don Gladden has filed a bill to repeal Texas' right-to-work law, and Rep. Bill Clayton of Springlake has filed a bill to strengthen the right-to-work law. So the House Labor Committee should be kept pretty busy.

Other labor proposals provide a state version of the Taft-Hartley labor-management relations act, and set uniform determination of prevailing wages for workers on public projects.

CATTLE FEED LOTS

Reps. Tom Holmes of Granbury, Alonzo Jamison of Denton, Delwin Jones of Lubbock and Bill Rapp of Raymondville are authors of a bill to require licensing of cattle feed lots and regulation of their operation. They said, "The Act is designed to protect and promote the public health and welfare by the establishment and enforcement of certain standards in the maintenance and operation of beef cattle feed lots."

It was recommended by the cattle feed lot division of the Southwest Cattle Raisers Association.

APPOINTMENTS

Governor Connally has reappointed John L. Hill of Houston, Secretary of State; Charles H. King Jr., Longview native, Commissioner of the Bureau of Labor Statistics; Maj. Gen. Thomas S. Bishop, Houston, Adjutant General for Army; and Brig. Gen. James M. Rose, Denton, Assistant Adjutant General for Air.

AG OPINIONS

Atty. Gen. Crawford Martin has ruled that a constable is not barred by state law from becoming a surety on a bail bond, but there are circumstances that would make it official misconduct on his part.

Other rulings: That the Veteran's Land Board does not have authority to permit a veteran purchaser to substitute a different tract of land for one covered in a Board commitment prior

to December 1, 1965. . . It is not illegal to catch fish by hand. . . Fraternities at the University of Texas Medical School at Galveston are not exempt from property taxes. . . When a sheriff arrests a person under a writ of attachment, he may elect to accept the arrested person's personal bond, if the civil court order does not specify sureties or other security.

WILDLIFE AREAS SOUGHT

Parks and Wildlife Department has proposed to legislative budget writers purchase of 233,000 acres for inclusion in 16 wildlife management areas in Texas.

PWD said 130,000 acres are needed in brush country—Rolling Plains, West Cross Timbers, Grand Prairie, Trans-Pecos, lower Coastal Prairie and Pineywoods. Another 93,000 acres is requested for expansion of five existing management areas and preservation of native brush in the Lower Rio Grande Valley for nesting use by white-winged doves.

Department asks authority to use unappropriated balances from \$7,000,000 Special Game and Fish Fund No. 9. State money would be matched by federal aid which would provide 75 cents of cash, under proposal advanced.

LRJ PARK SHOWDOWN

Controversy over the value of the last 54 acres of land sought for Lyndon B. Johnson State Park in Gillespie County is roaring toward a showdown.

When a legislator entered the case as attorney for owners, Mr. and Mrs. Earl Sweeney of Stonewall, forcing postponement of the condemnation trial, LBJ Park fund administrator John Ben Shepperd tendered to Gillespie County Court \$62,500 in cash, representing the commissioners' award for the land.

Shepperd said action was taken so plans to develop the park could be pushed forward, without prejudicing the right of either the Sweeneys or the state to have a Gillespie County jury determine the fair value of the land.

Meanwhile, he said Parks and Wildlife Department is entitled to immediate possession of the land and will expect the

Sweeneys to "make every reasonable effort to vacate the premises in the near future."

The Sweeneys' legislator-lawyer indicated a settlement is near.

EMPLOYEES ELECT

William S. Newberry, Texas Highway Department, is the new president of Texas Public Employees Association. He succeeds T. B. Wright. Don Kirby Miller moved up to vice-presidency and Rupert S. Gregory to treasurer.

FARM-AGRICULTURE BOARD APPROVED

Texas Farm Bureau has given official sanction to the move to combine state Agriculture and Animal Health agencies into a single "coordinating board" for agriculture.

Joint board was suggested by the House of Representatives' interim committee on agriculture.

CSO TO BOLINS

Lt. and Mrs. Charles Bolin of Mt. Clemmons, Mich., are announcing the birth of a son on Friday, Jan. 27, at the Base Hospital, Selfridge AFB, Mich. Mrs. Bolin is the former Sammie Lou Jones, daughter of Mr. and Mrs. Sam Jones of Winters. Mrs. Jones left Tuesday by plane to be with her daughter and baby for a few days. The paternal grandparents are Mr. and Mrs. Orville Bolin of Nebraska.

THE WATT and THE KILOWATT

Producing power is a gigantic battle with nature. The windmill produces enough power to pump water from the ground—something a few watts of electricity can do. But the huge generating plants which produce the power transmitted over the vast network of WTU transmission lines which reach from the Red River to the Rio Grande are measured in kilowatts—hundreds of thousands of them. Power enough to serve 166 cities and towns in 50 West Texas counties. You can live better electrically—West Texas Utilities provides the kilowatts.

BE YOUR OWN BOSS
Some of my friends have asked about owning a Western Auto Associate Store like mine... about being independent businessmen. If you would like to find out about becoming a Western Auto dealer, come in and let me tell you about it.
Western Auto Supply Company is the largest company of its kind and serves approximately 4,000 dealers like me nationwide. They have a plan for success that's hard to beat, and the initial investment is very reasonable. Right now, they are expanding their dealer organization in many good towns throughout the country. If you like, I'd be happy to tell you some of the details and then put you in touch with their people for additional information.

FTA Meeting

The January meeting of Alpha Chi Chapter of Future Teachers of America was held in the auditorium, Tuesday, January 25, during the fifth period. President Gary Pinkerton called the meeting to order, with the invocation being given by Randall Boles and the pledge to the flag led by Janis Gray. The program, "What is F.T.A.," was given by Vice President Jimmy Vaughn and was followed by a general business session. Committee meetings followed for the purpose of discussing money-making projects and nomination of officers for next year. The faculty sponsors of F.T.A. are Mr. David Ledbetter and Mrs. Charles Kruse, Jr.

Career Day

The seniors of Winters High School and the seniors from several other schools in the San Angelo trade area attended a Career Day at Angelo State College January 20, 1967 at 3 p. m.

In the morning the seniors listened to several speeches concerning topics of planning futures. Thirty of the WHS students took the GATB, General Aptitude Test Battery, given by the Texas Employment Commission. The eight tests were on vocational aptitudes.

After lunch, each student went to two meetings with consultants of two fields of interest. Speeches of qualities looked for in employees concluded Career Day.

Accompanying the WHS seniors were Mrs. Harrison, counselor, Mrs. Bredemeyer, Coach Hibler, and Coach Grissom.

All-School Assembly

Winters High School gym was the scene of an all-school assembly Wednesday, January 25 at 1:05. Mr. Duke Gordon, one of the world's top skill and trick bow and arrow artists, was the program. In the assembly, Mr. Gordon shot nine arrows one time. He shoots behind his head and with his foot. He successfully attempted to shoot a revolving edge-wise card. He stressed the physical education advantages of the exercise and the mental training involved in the sport of archery.

Library Club

The Blue Northern Library Club met in the High School's library third period January 24. Sally Spill, president, called the meeting to order. Martha Armbricht called the roll and read the minutes. The program, "The History of the Library," was given by Venita Sample and Martha Armbricht. Sally Spill and Sylvia Tinney were chosen to be the two delegates to the Library State convention in San Antonio. The meeting was adjourned.

Sophomore Class

The Sophomore Class of Winters High School attended their guidance period on Monday, January 23 in the high school auditorium. Mrs. Harrison, the high school counselor, showed a filmstrip entitled "I Never Looked At It That Way Before." After the filmstrip a group discussion was held.

Junior Class Meeting

The Junior Class had a special called meeting on Tuesday, January 24. The purpose of the meeting was to select a theme for the Jr.-Senior Banquet. No immediate details are to be released.

Robert Guevara Letters

Winters High has received letters of recognition on their Robert Guevara Work Days from three very important Texans. Letters have been received by the Student Council from Governor John Connally and Senators John Tower and Ralph Yarborough.

F. H. A.

The Future Homemakers of America held their January meeting on January 24, 1967 at 3 p. m.

Linda Kay Whittenburg, president, called the meeting to order with the opening ritual. The old and new business was attended to.

The February Mother-Daughter banquet was discussed. A committee for planning the banquet was appointed.

Janis Gray was selected for the December "Girl of the Month." Janis was elected by the girls for the work she had done on the F.H.A. Christmas float.

Donna Gehrels told the girls of the charms and pins for F.H.A.

Linda Kay closed the meeting with ritual and singing of the F.H.A. prayer song.

Student Council

The Student Council had its meeting on Tuesday, January 24 in the film room. President Danny Killough called the meeting to order. Secretary Joyce Englert stated that no previous minutes were taken as the past meeting had been used for the annual Christmas party.

Plans were discussed for a "clean up campaign" to be held in the near future. The projects committee was placed in charge.

A date of March 1-8th will be

"The Reluctant Astronaut"

Don Knotts' talents are given full play and the result is Universal's hilarious comedy in Technicolor, "The Reluctant Astronaut," which shows Thursday, Friday and Saturday at the State Theatre. And while it is the star's antics that do most to tickle the funny-bone in the title role, he gets outstanding support performances from his co-stars, Leslie Nielsen, Joan Freeman, Jeanette Nolan and Arthur O'Connell.

In "The Reluctant Astronaut" Knotts is a timid soul so afraid of heights and flying that he has to muster all his meager courage to retain a job as operator of a space ride at a children's amusement park. Without his knowledge he is volunteered by his doting father, portrayed by O'Connell, for training as an astronaut in Uncle Sam's space program.

"Those Magnificent Men"

"Those Magnificent Men in Their Flying Machines, or: How I Flew from London to Paris in 25 Hours and 11 Minutes" is a film tribute, in the form of a comic valentine, to those daring men the world over who, at the beginning of the century, took to the air in the first outlandish flying machines. The production, in CinemaScope and DeLuxe Color shows Sunday and Monday at the State Theatre.

For the large cast of "Those Magnificent Men" 20th Century-Fox recruited an imposing roster of internationally famous actors. In the leading roles, Hollywood's Stuart Whitman

teams with a quartet of English stars—Sarah Miles, James Fox, Terry-Thomas and Robert Morley. They are joined in their airborne frolic by Italy's Alberto Sordi, Germany's Gert Frobe, France's Jean Pierre Cassell and Irina Demick, and Japan's Yujiro Ishihara. In addition, there are portrayals by Sam Wanamaker, Eric Sykes, Benny Hill, Flora Robson, Karl Michael Vogler, Tony Hancock and Red Skelton in a cameo role.

"Those Magnificent Men in Their Flying Machines" is the culmination of a collaboration between director Ken Annakin and screenwriter Jack Davies. Annakin had long been considering a serious film on the early days of flying, when he discovered Davies developing an original screenplay treating the comic aspects inherent in the exploits of adventuring aviators in their bizarre flying machines. Annakin collaborated with Davies in the writing, and then they joined their talents to those of producer Stan Margulies.

The film is set in an exciting and colorful era which has been faithfully recreated through the skill of production designer Tom Morahan and the costumes of artist-designer Osbert Lancaster.

MRS. BOB DUANE FOSTER

Doris Jann Allen, Bob Duane Foster Pledge Vows At Church of Christ

Doris Jann Allen, daughter of Mr. and Mrs. Floyd E. Allen, became the bride of Bob Duane Foster of the U. S. Navy, when they repeated their marriage vows at the Church of Christ Friday evening at 8 o'clock.

Parents of the bridegroom are Mr. and Mrs. W. E. Foster of Winters.

Glen Gray, minister of the Church of Christ, officiated for the reading of the double ring ceremony, in a candle lighted setting beneath an arch of greenery and pom poms.

Traditional wedding music was a recording of Abilene Christian College a Cappella Choir.

Candlelighters were Selinda Allen, sister of the bride and Tommy Scates.

James T. Self of Abilene was best man. Groomsmen were Roger Oneal and James Jones of Abilene. Ushers were Johnny Allen and George Mostad.

Mrs. Darr Huckaby served her sister as matron of honor. Bridesmaids were Beverly Castleberry, of San Angelo, Cindy Coward and Judy Foster, sister of the bridegroom, both of Winters.

The attendants wore yellow crepe street length dresses and carried a single white carnation with yellow tulle and ribbon tied in love knots.

Given in marriage by her father, the bride wore a taffeta gown with lace jacket, fashioned with round neck, elbow length sleeves and bell skirt. Her shoulder length veil of silk illusion fell from a star-tipped crown. She carried an informal bouquet of miniature mums and white orchid atop a lace-covered Bible.

Literary and Service Club Elected New Officers Recently

Mrs. J. S. Tierce was elected president of the Literary and Service Club at the January meeting held at the Winters City Hall when new officers for the year were named.

Others elected were vice-president, Mrs. E. E. Thormeyer; the recording-secretary, Mrs. Floyd Sims; corresponding-secretary, Mrs. Charles Kruse, Jr.; treasurer, Mrs. Martin G. Middlebrook. The resignations of Mrs. W. A. McLemore and Mrs. Chester Campbell were accepted.

Mrs. C. T. Hart and Mrs. Chester Campbell were hostesses for the meeting. Response to roll call was "Do's and Don'ts" of parliamentary procedure. A valentine party for February was planned.

Mrs. D. Waggoner and Mrs. Jerry Whitlow presented a program and demonstration on "Fire Hazards" in the home. Present were Mesdames Chester Campbell, Sallie Gray, C. T. Hart, Chas. Kruse, Max Lewis, Elo Michaels, H. M. Nichols, Edward Otwell, Loyd Roberson, Floyd Sims, Nadine Smith, E. E. Thormeyer and J. S. Tierce.

Do They Listen?

Do "they" listen in Austin and Washington when you write to voice your opinion on some issue? Sure they do—if enough people write a Congressman or Legislator.

But, too often the lone individual's plea goes unheeded. Only the strongly organized command attention.

Why not join with others of like interests and make yourself heard where it counts? Farm Bureau is the tool that three out of four organized farmers and ranchers use to protect their interests in Austin and Washington.

WHITE ELEPHANT SALE

One Only—
LADY'S CASHMERE COAT
It's been a long time since women have worn coats as long as this . . . yes, and they shed a bit too. Unless you are pretty tall and skinny there isn't any reason to look at this coat — it was \$79.95 — **NOW \$17.95!**

Five Only—
LADIES' COATS
2 Mohair and wool, 2 all wools with squirrel collars, 1 camel's hair, 1 wool and nylon with MINK collar and one Betty Rose all wool reversible. Previously priced \$59.95 to \$79.95—It's a shame the way moths pick on wool coats when they are packed away for next year so please, if you need a coat take one of these at **\$35.00!**

14 ONLY — COATS
Well, ask no questions and we will tell you no lies! These coats in sizes 8 to 18 were up to \$39.95 but you probably won't like them even at \$10.00.

FINALLY — 24 COATS—
AT 1/2-PRICE!
They really looked better to us when we bought them than they do today. Hope you will have the same feeling as they are coats that really deserve a better fate than to be packed in moth balls . . . You might be glad or you might be sad by fall of 1967 if you buy one of these. Do you want to take a chance?

LADIES' DRESSES
Just odds and ends from our regular stock . . . Why we ever bought these is a puzzle to us! You'll do better to spend a few dollars for alterations on dresses you already own than to buy these picked-over styles! You'll never be happy wearing them. We're trying to forget about the regular prices . . . the dresses are now \$7 — \$9 — \$11!

LADIES SUITS
One only VIP Betty Rose suit in a dirty rust color . . . the best thing we can say about it is that the blouse is 100% wool—the original price was \$40.00! **NOW \$15.00!**

One Only 2-pc.
DOUBLE KNIT DRESS
In black, size 18½. If you think it will sound better you could call this a jacket dress—1st price \$40 . . . **NOW \$15.**

LADIES' ROBES
It is hardly worth mentioning these robes as there are only 3 of them left — 2 quilted ones and one wool fleece. We are not telling you the size so maybe you will take one even if it is too small or too big. **\$5.00 each!**

LADIES' CHALLIE GOWNS AND PAJAMAS
We didn't count them but there aren't too many we are sure because no company would want too many gowns or pajamas out of a print that is so unattractive. They are too heavy for warm and too light for cold—just Mrs. in between—regular \$5 values that could be cut up for dust cloths! **\$1.88 each.**

NYLON PETTIPANTS FOR GIRLS
43 pairs in glaring colors — leave them alone . . . you won't like these regular \$1.69 values even at 25c. We even have a suspicion they might be too long for the new miniskirts.

GIRDLES
Yes, Fortuna Girdles in discontinued styles and colors because very few women liked them. We don't really expect you to have any love for them either. We are afraid that the elastic will die completely in them if they aren't sold REAL SOON . . . \$4.00 values **\$1.00!**

SCHOOL BLANKETS
We have two left—one for TCU and one for SMU . . . they were \$12.95, now \$4.95 . . . you save \$8.00 or just throw away \$4.95!

LADIES' NYLON HOSE
Hanes Diamond Mesh Dress Hose . . . Anyone interested? — One group of dark colors that we bought for dress-up for the holiday season, \$1.95 regularly—White Elephant Price **50c pair!**

80 MEN'S TIES
One customer told us that he had ties in his closet at home that he has had for 3 or 4 years that look better than these . . . and our hunch is that he is absolutely right. **\$1.50 val. Now 66c!**

MEN'S SPORT SHIRTS
When you see this group of 120 men's long sleeve sport shirts you'll wonder why our buyer ever got so stupid . . . Frankly he's gotten cross-eyed in the past 3 months and too hard headed to go see a doctor. Now our only way out is to offer these \$3.00 to \$5.00 shirts for **Only \$1.88!**

LADIES' SWEATERS
Have a sweater in mind? — These are styles that are sold as high as \$16.95 . . . call them Catalina, Bobbie Brooks, Donovan or anything you wish . . . to us they are real white elephants—we've tried them at all prices and still they don't sell so now we are going to put the price to them—5 only \$16.95 Catalinas at **\$7.00**, 3 only Bobbie Brooks Cardigans at **\$7.00**, 1 only Catalina Cardigan Lilac, size 34 and 5 heavy type Bobbie Brooks ski type pullovers at only \$5 each and a big rack of all kinds of sweaters that sold from \$5.95 to \$10.95 . . . at only **\$4.97**. Really you might have something in sportswear to go with these if you bought any sportswear from us this fall. Oh why try to find a reason . . . we doubt you will find your size, color and style, anyway!

LADIES' PANTS
There must be 50 to 100 pairs of these supposedly better slacks from Bobbie Brooks, Stockton and Donovan on this rack! — I have tried in vain to find out what kind of sales pitch that the salesman gave our buyer to get her to buy these to begin with but she can't remember or won't remember and that is the only argument that I know of that would probably make you want a pair. Anyway the price is now **\$5 - \$7 - \$9!**

PURSES
We hoped the White Elephant would get here before our new spring purses arrived but he didn't make it so now we have the fall purses and the spring purses just waiting for their spot. We will put out the new ones just as fast as you buy the fall ones. Reg. \$2.98 and \$3.98 purses only **\$1.66!**

CHILDREN'S SPORTSWEAR
There must have been a whole group of fast selling "traveling salesmen" to have sold us so many children's items like 2-pc. dresses, jumpers, wool slacks, plaid and solid skirts, matching sweaters and other sportswear that we did not sell as one man could not have let us have it so HARD! Come in, just take a side glance at this rack and I'll personally guarantee that you will get the undivided attention of every salesgirl on the floor—we really want to move these out — we're starting with 1/2-price tags!

SKIRTS
Wools in solids and all styles. I don't see how we could have had so many left, they are excellent values to someone but not to us! They sold as high as \$14.95 — now grouped at **\$3.00, \$5.00, \$6.00.**

GIRLS' PAJAMAS
No girl would wear these to a slumber party . . . she would be afraid of what the other girls would say. Broken sizes, 4 to 14, but maybe you can wear at home when no company is around. \$3.00 values . . . **\$1.00!**

NEW COLORS
Rib knits and solids, stripes—you can save money if you make your own matching tops. This was \$1.98 yd, but now only **\$1.49**. This actually looks a little more like what you would expect of Heidenheimer's in quality and value so don't feel too bad to ask about this item.

45-IN. CHECKS
45-in. wide cottons andingham plaids, drip dry, little or no ironing. **2 yds. \$1.00!**

3-PC. SUITINGS
I find no fault with you for not buying this junk. We made the big error—all three pieces of this are black! Rayon and silk nubby and one piece 50-50 rayon and acetate. If you figure to need a black dress you can have this \$1.49 goods for **25c yd.**

MEN'S SPORT COATS
We are baiting you again with these men's sport coats! Maybe if you come in to buy one of these you will buy something else! \$22.50 coats **\$11.88**. Men's blazers, \$24.95 values **\$14.95!** We bought royal and red . . . we sold all other colors . . .

MEN'S SWEATERS
If the slipover styles are supposed to be good and we buy them, then the customer wants the cardigan in either zipper or button. If we buy the cardigan like this year everyone seems to prefer the slipover . . . you guys that want a bargain in sweaters take what we have and you can get a \$12.95 value for **\$5.00!**

GIFT TABLE MERCHANDISE
Ladies, be thrifty! (Also help us get rid of this stuff!) One entire table of gift items including brushes, hand warmers, jewel pouches, pipe racks, ash trays, tie racks, shine rags, barbecue fire starters, flashlights, shoe trees and shave kits and dozens of others . . . **1/2 Price!** Anything else we can do to get you to take this . . . we will gift wrap it, furnish you boxes if you like to wrap, also bows and ribbons . . . anything at all except sell it to you on lay away, and we would do that except we're afraid that you would change your mind . . .

ARROW DECTON DRESS SHIRTS
14 only Arrow Decton \$6.95 dress shirts . . . we would keep them but they don't fit anyone in the store . . . Want to see if we have your size at **\$2.97?**

WHITE SHIRTS
A few left and only a very few of permanent press white shirts, made in Hong Kong . . . \$3.95 values, **\$1.98!**

MEN'S SPORT SHIRTS
Ponderoso styles, long sleeve knits (we will never learn that they like the knits in short sleeves), Banlons, flannels . . . Yes, only **\$1.88!**

MEN'S JACKET
Hot or cold, rain or shine, we always have too many jackets left over! Next year we are going to pick out the jackets we like and then write up an order for 3 out of each 4 we pick . . . maybe that will be just right! Maybe this will be your last chance to buy a jacket from us at real reduced prices . . . we have jackets that were as high as \$19.95 now priced **\$6.88, \$8.88, \$12.88!**

BOYS' ROBES
Just a few of these bright red flannel robes left . . . we doubt he will wear one but you might get him one just the same . . . \$4.95 values **\$2.97**. Matching red flannel pajamas with white piping, \$2.98 values, **\$1.97!**

GIRLS' TIGHTS
These were tight but some of the elastic is getting a little stretched now and they may not be so tight! Lots of colors and sizes, **49c!**

CAPS — GIRLS'
We have been waiting hoping for a little snow (or rain) thinking maybe these would sell . . . it's getting late now. Want to take a chance you will need one? They were \$1.49 and \$1.98, now **88c!**

GRAB BOX
We like to have a little fun and for you to have a little fun, too! Who can resist the old time "GRAB BOX"? We will guarantee you that everything is worth twice or was marked originally twice or more than we are putting it in the grab box for. No, we are not trying to be a good fellow . . . we are trying to unload goods that are probably so bad that we will do better to sell them sight unseen — If you buy one you will have to keep it—NO EXCHANGES, NO RETURNS! There must be someone to give it to if you can't use it . . . Try a grab or two . . . the price is right!

BOYS' WRANGLER JACKETS
Is our face red! This is the staple, like sugar in a grocery store . . . the style is not supposed to change . . . something did . . . maybe it is a new set of boys! We thought these blue denim lined and unlined wrangler jackets would always sell so we waited too long to notice that nobody was buying one! We now have about 100 in stock and cannot find anyone to buy them — you can have the size 1 to 6 for **\$1.00**, and the 6 to 16 for **\$1.98!** Parents, put your foot down—help us to get your boy into one of these!

MEN'S OVERCOATS
This is the star mistake of buying for the year 1966 . . . ! We have 7 men's all-wool overcoats left on this rack . . . 1-34, 1-36, 1-38, 2-40, 2-42 . . . Reg-**\$29.95, now \$16.95!**

BOYS' KNIT SHIRTS
These fine quality knit T-shirts have the No. 14 on the front . . . They sold pretty good but nobody but nobody wanted the letter 14 on their shirt . . . Can you use it if we sold you this \$2.98 shirt for **\$1.00?**

BOYS' SUITS
It's a headache to buy the RIGHT thing in boys' suits . . . The color was right, the style was right, the price was right . . . anyway, I sure would like to talk myself into thinking these are alright as they will probably be in our 1967 stock of little boys' full suits . . . You want a suit at a price before then? Try one of these at **\$5.00**, bargain or not!

BOYS' SPORT COATS
Every customer says let me see the boys' sport coats, but when they find out that we will let them have a suit (coat and pants) for approximately the same price as the sport coat they always say, well, I guess that I will just take the suit and another sport coat is left hanging on the rack. Want your pick of these at **\$5.00?**

BOYS' CORDUROY OVERALLS
If you are the person that wants to trade at home and are figuring on buying corduroy overalls in 1967, you had better come on in and buy them now as all our buyers have strict instructions not to re-buy these next year. We have been giving them away at the low price of \$1.49 for two weeks now — If you didn't get in on it we still have a few pairs left!

MEN'S WOOL SOX
These are stamped all-wool—they sure don't look like it! We sold some when the Christmas shopping was at its peak but when the pace cooled down a bit and the people could get a good look at what they were buying I don't believe we have sold a pair since! You want a few? Try your luck on these 98c sox at **2 for \$1.00!**

MEN'S SOX
The hottest style number for fall . . . it laid an egg for us! Velours including Interwovens, up to **\$1.50, now 2 pairs \$1.00!**

PONDEROSO SHIRTS
or the shirt with the rawhide lacing in front . . . we used to like the TV show that made this a onetime popular number in shirt styling! I can't watch the show any longer for thinking of all the shirts that we have left over in this group! Suedes, corduroys and fancies that sold up to \$5.95 . . . Buy these at **\$1.99** and help us get back on an even keel!

BOYS' KNITTED VELOUR SHIRTS
Kinda sissy looking, but they say they go good with the longer hair and are very, very comfortable . . . If you can think up a reason to buy one, we are not to question why—it suits us — Reg. price **\$5.95, now \$2.98!**
