## HOME TOWN Talk

By R. C. THOMAS

Many readers have said they have enjoyed the "Dateline: Tanzania" series which has been running periodically in The Enterprise for the past year and a half. Some of them have even written to the author, much to his enjoyment.

The last of the "Tanzania" series will be published either next week or the following week, and then will be discontinued. For the next few weeks following we hope to have other articles by the same writer, but with datelines: Athens, Naples, Rome, Florence, Venice, Zanzibar, Vienna, Prague, East Berlin, West Berlin, Copenhagen, and others.

"Tanzania" has been the work of Bill Pumphrey of Winters, who has been in Chungu, Tanzania for the past couple of years, a Volunteer in the Peace Corps. In past articles he has described his work there, as a teacher; he has painted word pictures—and has sent some photographs—of life in that East African nation. These articles he has written on his own time, which obviously has been filled with his regular duties.

The writer has received some mail from readers of The Enterprise as a result of the articles. To a person stationed so far from home, among strangers, those letters have been a great boost to his morale—he has said that, and we are passing it on. He has appreciated it very much.

Pumphrey will complete his Peace Corps assignment in Africa about September 15. He will be leaving Tanzania shortly after that, and plans to make a tour of parts of the Middle East and Europe, before returning home. He plans to write many articles as possible while on this tour, and we will publish them in The Enterprise as they arrive. In addition to the places already named which he plans to visit, on his itinerary are Glasgow, Dublin, London, Amsterdam, Brussels, Paris, Stuttgart, Munich, Zurich, Nice, Barcelona, Madrid, and Lisbon. He said, "I hope I can get a story sent from each city."

There are few weekly newspapers who have the opportunity to publish articles from around the world, written by trained journalists, and The Enterprise has been fortunate in having "Our Man in Tanzania," or now perhaps, "Our Man in the Middle East and Europe." We hope readers have enjoyed these articles—which have served a several-fold purpose: An inside report on the work of a Peace Corps Volunteer and an opportunity for this Volunteer to describe the country he has been visiting; also an opportunity for a writer to continue in his chosen field. Pumphrey is a graduate of the University of Texas, with a journalism degree.

Bill Pumphrey is the son of Mr. and Mrs. Doyle Pumphrey of Winters, and is a graduate of Winters High School.

Our old friend who tries to make a living out on Bluff Creek says the trouble with most "investigative" committees and legislative groups is, instead of trying to "solve" a problem, they try to "salve" it—and with his money.

There's one organization which threatens court action against police departments that use a harmless so-called chemical mace to halt riots and other civil disorders. The man down the street says, fine, then we can get court orders preventing policemen from bothering the robber and burglar and the killer; to prevent firemen from squirting water on someone's ten-story million-dollar bonfire; and to prevent the tax collector from even sending us a bill. Then we can all sit back and enjoy anarchy—as long as we exist.

## Cattle Round-Up For Crippled Children Sept. 25

The Cattlemen's Round-Up for Crippled Children, an event "unique concept among humanitarian philanthropies," will be held in Abilene September 25.

Proceeds from the sale will go to help finance the work being done at the West Texas Rehabilitation Center in Abilene.

For the Cattlemen's Round-Up each fall, stockmen donate a calf, or pen of calves, sheep, goats or other livestock to be sold at special auctions. The horse auction will be held in Abilene September 30, and the sheep and goat auction at Coleman October 2.

The Cattlemen's Round-Up Committee is composed of ranchers and stockmen and other citizens interested in the Rehabilitation Center. In Runnels county, committee members are W. T. Billups, Rosy Burns, and Walter Spill of Winters; Paul Michalek of Wintate; Earl Barr and Caddo Wright of Ballinger.

Livestock donated for the sale will be transported to the sale site without charge, the committee said. This is the seventh annual sale.

The West Texas Rehabilitation Center is a private, non-profit organization with facilities valued at approximately \$750,000, with a current annual budget of approximately \$260,000. The Center provides treatment free of charge, without regard for race, creed, color or financial circumstances, to the handicapped and disabled. There are no geographical restrictions, and patients come from far-flung areas to benefit from the Center's advancing program of therapy and research. All patients are referred by licensed physicians.

WTCR started August 1953, with a staff of three. Today there is a staff of 43. More than 1600 patients are being treated at the Center at the present time, in fields of physical therapy, occupational therapy, language therapy, audiology, physiotherapy, pre-vocational, evaluation.

The Center also loans wheel chairs and other invalid appliances to individuals who are unable to provide this equipment.

All this has been done without any form of government aid.

The Center is in no way tax supported, and depends upon the generosity and concern of the people of West Texas and other areas interested in the work being performed.

In addition to livestock donations, the Center accepts any kind of contribution. Those wishing to donate or make cash contributions, may contact any of the committee members.

## N. D. Waggoner Going To Tulia As Electric Sup't.

N. D. Waggoner, superintendent of Winters Municipal Light Department since 1962, has accepted a similar position with the Tulia Municipal Power Department, it was announced this week.

No announcement has been made by the City Council regarding Waggoner's successor as head of the local City-owned light and power plant.

September 15 will be the effective date of the superintendent's resignation, at which time he will move to Tulia.

In making the announcement of Waggoner's resignation, City officials expressed regret at losing him as superintendent of the department. They were expressive in their stated opinions of his work in the Winters Light Department, and pointed out that the department had undergone considerable progress under his superintendency, and has been constantly making money.

Waggoner started working with the City Light Department in 1948, following his discharge from the U. S. Army. During World War II, he served in Korea. A member of the Army Reserves, he was recalled to active duty for a year in 1950, returning to the department upon his release from duty.

Waggoner was appointed superintendent of the Municipal Light Plant, which included the generating plant and all transmission facilities, in 1962.

Active as a member of the Winters Volunteer Fire Department, Waggoner served as Fire Chief, Captain of A Company, and was City Fire Marshal. He attended A & M fire-fighting schools several times.

## Blizzards Meet Lakeview Here

The Winters High School Blizzards have a bone to pick Friday night. And, as it happens that the Lakeview Chiefs from San Angelo way will come calling that evening, the Blizzards will make a determined effort to rattle a few three A Indian skeletons.

Still smarting from the season-opener 30-0 shellacking they were handed at Lakeview last

year, the Blizzards are happy to point out that they are not handicapped by injuries this week. (Jerry Awalt and Randy Boles were out because of injuries last year at this time.)

The game originally was scheduled and advertised for Saturday night, but the schools agreed to change the date to Friday. Game time is 8.

The Blizzards made a good showing in pre-season scrimmage against Ranger last Friday night, and worked out a lot of kinks. They exhibited good team speed and coordination—plus a heavy defense wall—just the thing for the evening's tour with the Triple-A Chiefs.

On offense, Mike Kozelsky, a Junior up from last year's successful "B" team, will be down under in the QB slot, receiving from Big Boy Sam Scott at center. Protection will be provided by Jimmy Vaughan and Dick McNeil at guard positions, and tackles, Lanny Bahlman and Danny Killough.

Out on the ends of the line, Charles Mathis and Kye Nitsch. John Sims will be in the full-back spot, with Fred Wilder at half, and Randy Boles at wingback.

On defense, Lanny Bahlman and Jimmy Vaughan will be at tackle; Danny Killough and Kye Nitsch on the ends; Jerry Tischer and Robert Moore, corner linebackers; Donald Wade and Donnie Killough, inside linebackers. Halfbacks will be Fred Wilder and Randall Boles. Charles Mathis will be safety.

Winters coaches are L. G. Wilson, William Grissom, Jerry Neely and Bud Busher.

Game co-captains will be Jimmy Vaughan and Danny Killough.

Team managers are Jimmy Fine, Benny Fine, and Tommy Smith.

Total received in Winters proper amounted to 4.3 inches for the weekend; total for the year now is 18.2 inches.

## Cong. Burleson Says Session Long, Less Work

Congressman Omar Burleson who has been in Winters during the Labor Day recess, said the Congress, said "I can't remember a session when we have worked harder and actually accomplished less in the legislative process of government."

Cong. Burleson has been filling a number of speaking engagements during his visit to his home district, including a barbecue on Lake Colorado City, Lions Club Luncheon in San Saba, a dinner in Lampasas and meetings in Lometa and other places.

"The congressman said, 'There are many problems yet to be disposed of (in the Congress), including the proposed 10 percent surcharge on income taxes.' He added, 'My correspondence from the folks here in the district has been extremely heavy this year, largely in regard to the Vietnam war, the rioting and looting problems, and the surcharge on income taxes.'"

He continued, "My mail and personal contacts suggest to me that people are extremely disturbed over things that are taking place and rightfully so. I share that concern."

"The Congress stays in session so long each year anymore," Cong. Burleson said, "and with the increased size of the District, it is very difficult if not impossible for me to get around and visit over the district as much as I would like to, even utilizing holidays and the 'short falls' in recent years."

As It Looks From Here

Omar Burleson, M. C. 17th District, Texas

On February 23, 1956, the subject of this column was Lobbying and Lobbyists.

In the minds of many, the organized lobby has a mysterious and clandestine meaning.

As a matter of fact, lobbying activity has a long history. It actually started in George Washington's Administration on the Tariff issue. It reached unsavory heights in the decades from the Civil War to the turn of the Century.

Lobbying Activity in Washington today seems tame as compared with the record back in the 1870's when Jay Gould offered Members of Congress \$1,000 in cash and \$5,000 to \$10,000 in bonds after a Bill was passed to approve a railroad route across the Continent.

Webster defines lobbying as "The effort to influence the proceedings in Congress." If this definition is left without qualification, everyone who writes a letter to his or her Congressman in behalf of legislation might be classed as a Lobbyist.

There is hardly an organization of any size, whether business, professional or otherwise, which does not have a "representative" in Washington. He is here to watch bills to determine how they affect their particular interest. Many Lobbyists are never seen personally. When legislation is introduced affecting a certain group, their representative in Washington interprets the effect and writes the membership back home, requesting that they, in turn, write their Congressman. These organizations are often referred to as "pressure groups." This is really basic to our system, and since every individual can not come to Washington and since the Government is so deeply involved in so many people's business, it becomes necessary as a matter of defense that they belong to one of these groups and have someone in Washington to look after their interest.

Even ministers have lobbies in Washington. Educational institutions, churches, foundations, the Indians, hundreds of big corporations, farmers, veterans, labor unions and just about everything and everybody has lobbyists in Washington.

From time to time the newspapers have played up the evils of lobbying when something comes to light having the appearance of wrongdoing. In the minds of some, there is a suspicion of both lobbyists and the politicians. This hunting ground for sensation is often fertile. The evils of lobbying come from the evil that is in a few unscrupulous people. It takes a combination of the unscrupulous lobbyist and the unscrupulous official to produce evil. The evil is not inherent in lobbying, as such.

As a matter of fact, it can and does serve a useful purpose for a Member of Congress. Thus far, in the current Session, more than 12,000 bills have been introduced in the House of Representatives. Another 2,000 have been introduced in the Senate. Some of these bills are identical. There still remain enough to make it physically impossible for every Member of Congress to be fully familiar with the contents of each measure.

So, Lobbyists perform a useful function in bringing to the attention of Members the attitude of the citizens they represent. Their numbers and interests are as varied as the segments of our society. The lobbyists are representatives of a particular interest, specialized and able to present arguments for or against a particular measure, from their viewpoint. Then, it is up to the Member of Congress to exercise judgment in whether he considers the arguments persuasive or not. The idea that lobbyists of special interest groups offer things of value as an incentive is undoubtedly overdrawn in the mind of the general public. Not knowing the attitude of every Member and every lobbyist, one could not say it does not happen. On the other hand, veteran observers feel that when it does, it is rare indeed.

Lobbyists are required under the law to register and to file financial statements of expenditures with details of the wheres, whens, and what-fors included.

The easiest way to sell that "white elephant" of yours is to advertise it in The Winters Enterprise Classified Column.

MRS. PAUL J. JONES (Little Photo)

Linda Schwartz, Paul J. Jones Wed At Winters Church of Christ

Linda M. Schwartz, daughter of Mr. and Mrs. Halley C. Schwartz became the bride of Paul J. Jones when they recited their marriage vows Friday evening, September 1, at 8 o'clock in the Winters Church of Christ. Parents of the bridegroom are Mr. and Mrs. James J. Jones, Winters.

Glenn Gray, minister of the church, officiated for the double ring ceremony. Forming the background for the wedding party were tall candelabra entwined with greenery and satin ribbon bows. Baskets of white gladioli were at either side.

Tommy Jones, brother of the bridegroom, and Earl Scott, Jr., of Andrews, cousin of the bride, lighted the candles and served as ushers.

Kenny Davis, Winters, was best man. Groomsmen were James J. Jones, father of the bridegroom, and Robert Schwartz, Lubbock.

Maid of honor was Florette Jones, sister of bridegroom, and bridesmaids were Janet Schwartz and Kay Schwartz, both sisters of the bride. The attendants wore dresses of peau de soie. Their matching veils of American beauty rose were attached to bow headpieces. They carried nosegays of pink feathered carnations.

Presented in marriage by her father the bride wore a peau de soie gown with chapel train. The gown was ornamented with appliques of alencon lace re-embroidered with seed pearls. A cabbage rose with wide streamers was at center back of waistline. Holding her illusion veil was a jeweled band with small rose at the center back. She carried a colonial bouquet of feathered carnations atop a white bible.

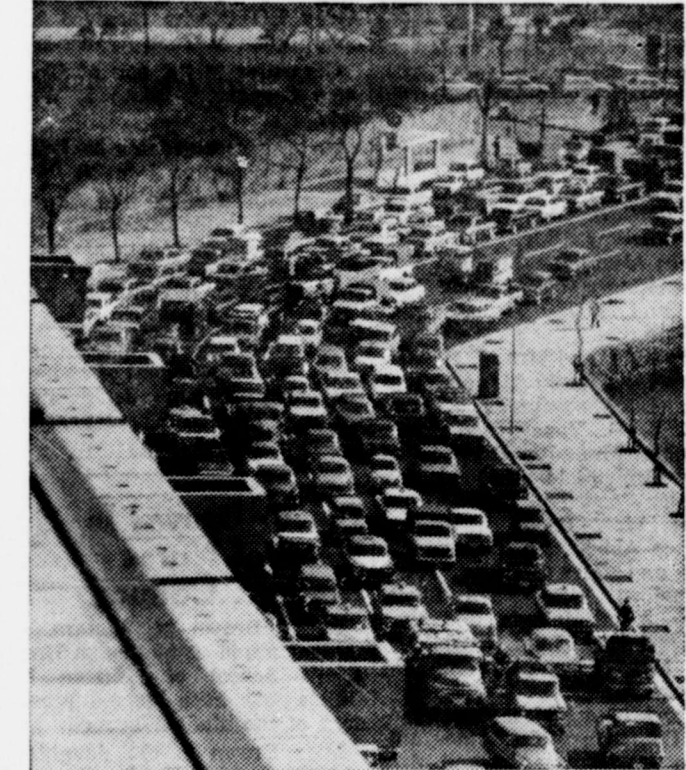

A reception was held at the Winters Country Club following the ceremony. The all white bride's table held the three tiered bridal cake, silver punch service and candelabra.

For the wedding trip the bride changed to a beige suit with black accessories.

The bride graduated from Winters High School with the class of 1966. Last April, 1967, she graduated from Durham's Business College in Austin.

The bridegroom, also a 1966 graduate of Winters High School will be a sophomore Bible major at Freed-Hardeman College in Henderson, Tennessee, this fall.

The bridegroom's parents hosted the rehearsal dinner at the Huffman House on Thursday night.

The Things We Say

By RUBY SHANNON

"Make" is used in more idiomatic phrases than just about any other word in the American language.

To "make hay while the sun shines" means that you do a job hastily. To "make way" means to progress; but to "make away with" means to steal.

To "make believe" is to pretend; while to "make one's pile" or "bundle" means to amass money.

To "make good" means either to correct, or that you are a success; and to "make time" means to be off in a hurry.

"Make up" has many connotations. It might be anything from eye shadow and rouge to the arrangement of columns and headlines in a newspaper. It is also what lovers do after they quarrel. My mother used to cook for the threshing crew when they harvested my father's wheat. She always had to serve two or three tables at the same time and her favorite question was this: "Is everyone making out all right?" Meaning, did they have plenty of bread and butter on their table and ice tea in their goblets?

Today, however, "making out" has even more wide and varied meanings, including some of special interest to teenagers.

RETURNED HOME

Mrs. T. V. Jennings of Winters and Mr. and Mrs. Clyde Gardner of Corpus Christi returned Tuesday from an eleven-week tour of the western states and the Pacific Northwest. They attended the Wally Byam Air Stream rally at Santa Rosa, Calif. They also flew to Honolulu for a six-day tour with a party of 503 air-streamers.

### Mrs. C. T. Rives Jr. Hosted Luncheon For Bridesmaids

Bridesmaids for the Bean-Kraatz wedding were honored at a luncheon Saturday in the home of Dr. and Mrs. C. T. Rives, with Mrs. Rives as hostess. The luncheon climaxed a series of social events honoring the bride-elect.

The dining table, laid with Mexican hand-made linen, was centered with an arrangement of Shasta Daisies in ceramic curry-colored container.

The two-course luncheon menu was served buffet style from foursome tables laid with white linen. Baskets of Shasta Daisies centered the tables. Small French brandy crystal glasses holding floating daisies were used as plate favors to hold place cards tied with yellow satin ribbon.

The bride-to-be presented her bridesmaids and the hostess with gifts. The hostess gift to the bride was a sterling silver serving tray.

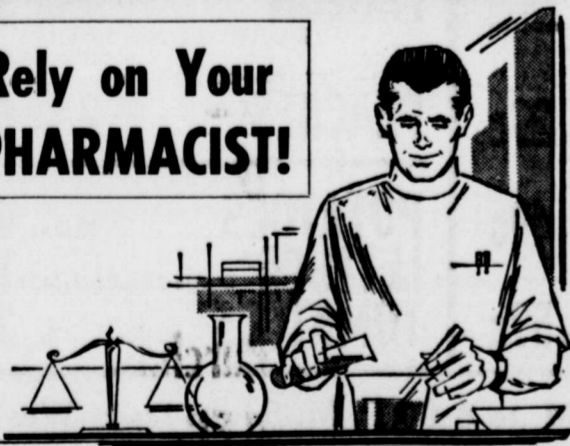

Guests were Misses Linda Davis and Pat Moran, both of Dimmitt, Su Cunningham of Temple, Becky Brown of Dallas, Kathy Shaw, Ginger Gardner and Becky Brown, all of Winters and the honoree, Ann Bean.

## State Capital Highlights—

### Enrollment In Texas Schools Is Up By 42,000 Students This Fall

By—Vern Sanford  
Texas Press Association

With the tolling of school bells, some 2,598,000 students are back in Texas classrooms. Enrollment is 43,000 more than last year.

An estimated 122,000 professional people (teachers, principals, and superintendents) are required in the 1,275 school districts in Texas.

Texas State Teachers Association reported a month ago that there were only 450 applications for 1,951 vacancies.

Texas Education Agency estimates \$1,350,300,000 will be spent on public school education in 1967-68. This is a four per cent, or \$55,700,000, increase over last year.

During the coming year, Texas will be spending \$505 for each pupil. Average cost per child for 1966-67 was \$479.

With an anticipated continuing teacher shortage, TEA expects an increase in the number of teaching aides employed to do clerical and other non-teaching tasks. Nearly 5,000 of these aides are expected to be employed over the state, compared with 4,317 in 1966-67.

While enrollment continues to grow, some observers have noted that the two per cent increase this year is not nearly as dramatic as the increases in prior years.

Grades one to six will enroll approximately 1,418,000 pupils and grades seven to 12 about 1,179,000.

**CITY SALES TAX**  
A dozen Texas cities—including Austin—are rushing into special elections on the new one per cent local option sales tax which became legal on August 28.

Here's what the big hurry is all about: local levies approved in elections this month will be collectable January 1. Elections after October 1 would not provide money in the till until April 1.

Thirty days' notice is necessary to call elections—either by order of city governing bodies or in response to petition by citizens.

First cities to vote on the sales tax will be Elgin and El Paso. Their elections will be held on September 27.

Aransas Pass, Corpus Christi, Electra, Henrietta, Nacogdoches, Orange Grove, Texarkana and Wichita Falls will vote September 28.

Voters in Austin and Taylor will go to the polls on September 30.

**CONNALLY UNDECIDED**  
Gov. John Connally returned from his African hunting expedition undecided whether he wants to travel Texas campaign trails again.

He told reporters that he may take several weeks or even months to make up his mind whether to seek a fourth term. Lieut. Gov. Preston Smith says he will run for governor whether Connally does or not. Other candidates said to be considering 1968 races are: Don Yarborough of Houston, a liberal who has opposed Connally twice. He may run for the gubernatorial post again next year.

Former Sen. Franklin Spears of San Antonio, who may run for lieutenant governor.

House Speaker Ben Barnes who is ready to announce for lieutenant governor if Connally runs again and for governor if Connally retires.

**COTTON PLOW-UP**  
John C. White, State Agriculture Commissioner, has extended the cotton stalk plow-up deadline to September 10 in Cameron, Willacy and southern portions of Hidalgo and Starr counties.

White said 100 per cent mop-up is necessary to destroy winter hibernation quarters of the destructive pink bollworm. Bollworm used to destroy every third bale of cotton in Rio Grande Valley. Now it does only nominal damage, usually late in the season, says the Commissioner.

**NEW LAWS EFFECTIVE**  
Major new laws went into effect within the last week.

Among the most significant: "Medicaid" implementing act to provide free medical benefits to 350,000 Texans on welfare rolls;

Minimum age for drivers increased to 16;  
Changes in the 1965 Texas Code of Criminal Procedure designed to strengthen law enforcement officers;

New hours for Texas liquor stores—10 a. m. to 9 p. m. except Sunday;

Eligibility of 10,000 non-citizens for old age assistance payments—if they have lived in the U. S. 25 years or more.

**PROJECTS FOR AGED APPROVED**  
Governor's Committee on Aging has approved for continuation special projects to benefit senior citizens in Austin, Dallas,

Galveston and Houston. An outlay of \$57,058 for second-year financing was cleared.

Committee also approved new projects in El Paso for \$23,816 and Wichita Falls for \$22,934. El Paso will establish an information and referral center for senior citizens.

Wichita Falls project calls for establishment of a day center for leisure time activities.

**LOTS OF ROADS**  
Besides hearing a request for a single designation of the hugh-coast highway from Orange to Brownsville, the Texas Highway Commission authorized a number of road projects.

Included were a 4.2 mile FM road in San Jacinto county (from Camilla northwest to FM 1514); a loop around Huntsville; a route for US 271 from Paris to the Red River; a 12-mile FM road in Atascosa County where FM 2925 ends northwest to US 281 at Campbellton; two miles of FM 1397 in Bowie County; a one-way street pattern in Garland; six farm to market roads to serve Sam Rayburn and Toledo Bend reservoirs in San Augustine, Nacogdoches, Angelina and Newton Counties; sections of US 281 and SH 79 in Wichita County; four miles of FM road in Polk County from US 190 southeast to FM 350; planning of US 82 through Nocona; widening of SH 327 in Silsbee; and two interchanges on US 87 in Hale County.

**AIR CONTROL**  
State Air Control Board, armed with new powers and money, has called on major cities and counties to set up local air control programs, promising help and cooperation.

San Antonio, Dallas and Houston all have city-county programs underway. First evidence of the success of such cooperative efforts came in Harris County when operators of 11 private garbage dumps were persuaded, without court action, to abandon the burning of trash and to install sanitary land-fill methods of garbage disposal.

City and state air pollution control engineers provided technical advice to the operators, and the threat of an injunction and civil penalties ranging up to \$1,000 a day under the new law was enough to convince the operators they should make the change.

**SCHOOL ORDERS ISSUED**  
Education Commissioner J. W. Edgar has upheld a Harlingen school board order closing Wilson Elementary School at Primera (Cameron County) and requiring transportation of 200 pupils to Stewart School, Harlingen, and Dishman School, Combes.

Edgar overruled transfer from the Golmer to the Glade-water Independent School district of 45 pupils who live in what used to be East Mountain District which recently consolidated with Gilmer. Parents brought suit to block the consolidation, claiming the Gilmer Schools were inaccessible to their children.

**SHORT SNORTS**  
Acting Governor Preston Smith ordered a special election for November 11 to replace Rep. Jesse T. George of Levelland who resigned effective September 5 to accept a Washington post as congressional liaison officer with the Small Business Administration.

Atty. Gen. Crawford Martin has announced these additions to his staff as assistant attorneys general: Jim D. Vollers, Goliad; Alfred L. Shepperd, Odessa; H. Wayne Gillies, Angleton; Donald Keith, Houston; and Robert B. Davis, Jourdanton.

Railroad Commission ordered Eastland County oil and gas operators to stop using unlined pits to dispose of salt water. GOP State Chairman Peter O'Donnell Jr. has appointed two new chairmen to Texas Republican Task Forces: James O. Reese, Odessa stockbroker, to the Task Force on Job Opportunities and Dr. William Rector, Wichita Falls physician, to the Task Force on Human Rights and Responsibilities.

In a receivership hearing brought by Insurance Commissioner Clay Cotten, Pioneer Casualty Company and Pioneer General Agency of San Antonio remained in business as District Judge James Meyers entered as order finding the firms solvent but restraining them from disposing of assets until he gives permission after an audit.

**IN IRVIN HOME**  
Mr. and Mrs. Jerry Irvin and Jay of El Paso, Mr. and Mrs. Jack H. Davis, Mr. and Mrs. Jack R. Davis, Johnny and Jennifer, Mr. and Mrs. Aubrey Keith, Brian and Carrie Ellen, all of Dallas, were Labor Day weekend visitors in the home of Mr. and Mrs. Joe Irvin.

On returning to the United States, Stevens and his production staff studied the six major translations of every word spoken by Jesus during His lifetime and consulted with religious leaders of every leading faith.
