HOME TOWN Talk

BY R. C. THOMAS

More than ever, this country needs trained, educated people to continue the progress America has made and to take their rightful places in the society that is developing.

Much of the poverty and unemployment that exists today is directly related to the lack of education and preparation by previous generations.

Right now there are 2 million youngsters in this country in the 16 to 21 age group who dropped out of school before earning their high school diploma. Nearly a fourth of them are unemployed. Most of the rest are stuck in dead-end jobs, without any real future.

Large gains have been made in the fight against ignorance, unemployment and poverty during the past several years. Secretary of Labor Willard Wirtz recently reported that 2 million more people are working and 1 million more are in high school and college than the population increase of the last three years accounts for.

The Education Campaign of the past couple of years has helped in this progress. It has paid big dividends by inspiring dropouts to return to the classrooms and encouraging the undecided to finish their education. In 1960 the dropout rate was 25 percent. Last year it had decreased to 18 percent.

But 18 percent is too high for a nation to tolerate. The frightening fact remains that at the current dropout rate by 1975 there will be 32 million adults in the labor force without a high school education—32 million who will be unqualified for most of the jobs available then.

Efforts should be made to keep our youth in school and help them from becoming future victims of deprivation and poverty. But this takes the support and energy and effort of every citizen.

Youngsters who have already dropped out of school need special help. They need to be counseled and guided into training that will help them develop skills for today's jobs. Others on the verge of leaving school before completing their education drop out many times to earn money to support their families or to buy necessities. Something should be done to prevent this.

We can serve our country best by helping to insure that tomorrow's leaders are educated today. We can support the efforts being made by our educators.

A story in the Los Angeles Times July 11 praised the British-repeated, British-postal service, stating: "An average of 66 million letters are mailed every week, and 56 million are delivered."

Here is an interesting item, clipped from Printing and Lithography magazine: "The cost of printing the Congressional Record has gone to about \$110 a page, according to testimony given a House appropriations subcommittee.

"The Record is an official publication of the proceedings in Congress. Members may edit, shorten, or expand their remarks in for the published version and, by unanimous consent—which is never refused—they may insert extraneous matter.

"A recent edition of the Record, smaller than usual because the Senate was not in session the previous day, ran 166 pages for a total cost of \$18,260.

"The following is an unofficial estimate of the cost of printing some of the contents of the Record in that 166-page issue:

"Texts of speeches, sermons, etc. . . DELIVERED ELSEWHERE—by the board chairman of the Caterpillar Tractor Co. on relations with eastern Europe, \$296; by the president of St. Louis College, Havana, Iowa, at a banquet honoring faculty members, \$156; by Methodist Bishop Dwight E. Loder at a service honoring military chaplains, \$165. Just imagine. That kind of stuff goes into the Record every day Congress is in session!

"If everything that doesn't actually happen in Congress were cut out right now, enough money could be saved in a short time to finance another grandchild for President Johnson and a world tour for it at six months!"

TROPHY—Eddie Little, Winters photographer, holds the trophy awarded him for hanging the "best monochrome portrait of a woman" at the state photographers convention in San Antonio. In the background is the winning picture, center, flanked by two other photographers which were chosen for exhibition in the show and which scored high.

Winters Photographer Learns Of Award Won at San Antonio Meeting

Winning awards in photography is nothing new for Eddie Little, Winters photographer. However, his latest award, which arrived on Monday, September 11, had a new angle that put it in a class all to itself.

Having suffered a heart attack last January, Little had been operating only part time until the last of the summer.

So when convention and exhibit time rolled around the middle of August, he pondered whether or not even to enter any of his work to be judged. Finally, the habit of years overcame his reluctance, and he finished prints and shipped them to San Antonio for judging—with a return label enclosed.

The convention came and went, and a week passed without any word.

"Surely they will come back tomorrow—even if they did not hang," his wife, Ruth, began saying each day.

Another week went by, and the Littles decided it was time to start some inquiries if they wanted their prints back.

Little wrote the association officer in charge, and still did not hear. Not realizing that the man was away from home, the Winters photographer decided that his print case must have been lost. He felt sure, since he had heard nothing, that one had been accepted for exhibition.

Still anxious to get his pictures, he wrote the convention and the hotel where the convention was held.

Late last week, a letter finally came from the new president, saying that the prints were supposed to have been mailed and

Football Game, Reception, Meetings Will Highlight WHS Homecoming

Plans have been completed and ex-students of Winters High School notified of the annual homecoming which will be Friday, Sept. 29, in connection with the Winters-Ballinger football game. The game will begin at 8 p. m.

Five of the 12 members of the 1917 golden anniversary class have been located and most of them plan to attend. They are Ronna Reid, now Mrs. Tom Armstrong of Dallas, Jarret Pace of Austin, John L. Cooke of Robstown, Ralph Lloyd and Lucile Jones, now Mrs. I. W. Rogers.

Mrs. J. B. Whitlow and staff are preparing a meal for the convenience of ex-students, for those who have guests and anyone who would like to come to

the school cafeteria. The meal will be served from 5:30 to 7:30 and will be \$1.25 for adults and 75 cents for children.

Following the game there will be a fellowship and business meeting in the school cafeteria where new officers will be elected. Registration fee for ex-students is 25 cents.

A feature of the halftime ceremony will be the crowning of a homecoming queen.

Gayland Robinson, president, along with other officers and directors will be on hand to greet and register the homecoming visitors.

John Gardner, Bill Robinson and Dennis Poe will be in charge of serving refreshments at the after-game reception.

Winters Young People Begin Trek To Many Colleges and Universities

Many young people from Winters have reported to colleges and universities throughout the state and in other states, or will be leaving this week.

In the initial list published this week, Texas Technological College at Lubbock apparently has the largest number of students enrolled from Winters, but the area is well-represented throughout the state.

The following list is not complete; parents or friends of students who are going to college this year but who are not listed below are asked to notify The Enterprise so that additional lists may be published, or corrections made.

Booster Club Will Meet Next Monday

The Winters Boosters will meet at the City Hall Monday night at 8, according to the president, Hal Dry. All members and others interested in boosting the athletic department of the Winters schools, are invited. A film of the Winters-Lake View football game will be shown.

Kickoff at 8:00 P. M.

Blizzards Meet Coleman Bluecats Friday Evening

The Winters High School Blizzards go on their second outing of the 1967 football season Friday night, fishing for 8-AA Bluecats at Coleman. Casting time is 8 p. m.

Described as a "coming" team following their hard battle and cliff-edge 7-6 loss to the more-experienced Lake View Chiefs last Friday night, the Blizzards will be meeting a foe of long-standing at Coleman, and the game is expected to draw a swarm of fans from Winters. No reserved seat tickets were sold for this week's Coleman game.

Last week's opener served as a "feel-out" and testing occasion for the Big Blue, and this week has been spent in smooth-

ing out the wrinkles and honing down the rough spots of this 1967 team. Fans can expect some more of the young-team fitness displayed during the Lake View encounter — plus some added touches.

Winters, the only 5-AA team to lose the opening game last week, is on the bottom of the standing, because of that fate. The Bluecats dropped their opener to 5-AA league-leader Anson, 26-7, and are second from the bottom in their district.

There is little upon which to base a comparison of the two teams this early in the season. Coleman, which has been up and down from Class AAA in recent years, opened their season a-

COMMISSIONED—Clifford L. Lewis, son of Mr. and Mrs. Albert L. Lewis of Route 4, Winters, has been commissioned a second lieutenant in the U. S. Air Force upon graduation from Officers Training School at Lackland AFB, Tex.

Lieutenant Lewis, selected for OTS through competitive examination, is being assigned to Chanute AFB, Ill., for training as a missile launch officer.

A 1962 graduate of Winters High School, the lieutenant received his BBA degree in 1967 from Hardin-Simmons University, and studied at Abilene Christian College. He is a member of Alpha Kappa Psi.

Lieutenant Lewis' wife, Avie, is the daughter of Mr. and Mrs. Virgil Justice of Hereford.

First Bale of Cotton Ginned At Wingate

Roscoe Morrison of Wilmeth delivered the first bale of cotton from the 1967 crop to the Wingate Gin Tuesday.

The cotton was hand picked and weighed 2000, and produced a 468-pound bale. Morrison said he had two more bales open at the present time. He has 300 acres in cotton this year.

The Wilmeth farmer said he has not been troubled with boll worms as yet, but that boll-weevils are bad. He has poisoned three times.

The ginned bale of cotton was brought in to the Winters Warehouse Co.

Rural Mail Men Will Assist In Acreage Survey

Winters Postmaster Rankin Pace has announced that rural mail carriers began distributing 1967 Acreage Survey Cards to patrons on their routes about Sept. 14.

The Post Office Department assists the U. S. Department of Agriculture in making this survey each year. These reports, directly from farmers are the basis for official estimates for Texas acreage of all crops harvested in 1967.

To be sure this community is well represented in the survey, Postmaster Pace urges each patron receiving a card to fill it out and return it to his mailbox.

Rural mail carriers working on this project are: Weldon Collins, Route 1; Eddie Little, Route 2; Donald Kruse, Route 3; and William S. Cooke, Route 4.

Elm Creek Water Board Will Meet

The board of directors of the new Elm Creek Water Control District will be organized at a meeting in the Winters City Hall Tuesday, Sept. 19, at 7:30 p. m.

W. M. Hays of Winters, chairman of the Project Steering Committee, which promoted and worked for legislation for creation of the district, has called the meeting so the district can be formally organized officers elected for the board of directors.

Members of the initial board were listed in the original bill submitted to the legislature last spring—a requirement for creation of water control districts—and were to be appointed officially by the governor. They are Virgil James of Taylor County; J. E. (Buck) Smith, Taylor and Runnels County; Walter Spill and Richard C. Thomas of Winters; and John Purifoy and Charles Hambrick of Ballinger.

Legislation creating the Elm Creek Water Control District was passed by the Texas Legislature in June, and became effective for operation August 28. It was understood that the board of directors must be organized within 60 days following effectiveness of the legislation.

Ronald Rugh, Range Conservationist with the local Soil Conservation Service, assisting the Runnels Soil and Water Conservation District, reported that a field examination will be held on the Elm Creek Watershed within the next six months. The field examination will be conducted by the Texas State Soil and Water Conservation Board and the SCS to determine the amount of local interest and the need for such a project on Elm Creek, Rugh said.

If the district receives a clean bill from the examination, the District may apply for federal aid in building water retarding structures on the upper reaches of Elm Creek and on the creek's tributaries. Elm Creek Water Control District covers area almost twice the size of the Valley Creek project as the western portion of Runnels County. Elm Creek would cover 295,000 acres.

It is the opinion of Soil and Water Conservationists and others who have studied water problems in the county that if the upper areas of Elm Creek and its tributaries, were controlled during times of heavy rainfall and flooding, the water supplies of both Winters and Ballinger would benefit. In addition, flood control structures on the streams would benefit property owners in soil conservation, flood prevention, and probably make live streams of many which presently are dry during much of the year.

DISTRICT HISTORY
The new official Elm Creek Water Control District had its beginning Thursday, Jan. 12, 1967, when a group of Winters and Ballinger businessmen and farmers and stockmen from all sections of the eastern half of Runnels County met in Ballinger to discuss the ever-present water supply problem. First proposed was a joint Winters-Ballinger project to study feasibility of a dam, possibly to be located about halfway between the two towns.

Discussion during the meeting, which was called and sponsored by the Runnels County Water Authority, covered proposals for study of a water control district to encompass the entire watershed of Elm Creek, similar to the project which was developed in the western half of Runnels County several years ago and is now in full progress.

County Judge Henry Rumpy appointed a steering committee to study feasibility of such a water control district. Members of this committee were W. M. Hays, then Winters Mayor, chairman; Clarence Ledbetter, vice chairman; Price Middleton, secretary; and members, Charles Clifton, mayor of Ballinger; J. S. Bourne and T. A. Smith, Winters (both members of the RCWA); Virgil James, Truett Billups, Jake Presley, W. F. Minzenmayer, A. L. Mitchell and Richard C. Thomas.

Members of RCAA shooting at the 1967 tournament were: Bob Wilson, freestyle, class B; Mrs. Bob Wilson, free style, class B; Don Johnson, freestyle, class C; Mrs. Jerry Whitlow, bare bow, class C; Tommy Chambliss, bare bow, class D; and Mrs. Tommy Chambliss, bare bow, class D.

These shooters shot against more than 300 of the best archers in the state. The State tournament starts a series of tournaments leading up to the 19th annual State Tournament to be held at Camp Tonkawa again next year. RCAA members expect to participate in several shoots this season.

Local Archers Won Trophies At State Meet

Runnels County Archery Association, one of the youngest archery clubs of Texas, was one of two clubs to bring three trophies home from the 18th annual Texas Field Archery Tournament held at Camp Tonkawa Sept. 2 and 3.

RCAA fielded eight archers representing free style class, B and C; men; free style class, B and C woman; bare bow class, C and D; men; and bare bow class, C and D; women.

The Winters archers won second place, D class bare bow, women; second class D class, bare bow, man, and third place, C class, free style, man.

Special recognition was given the local club, noting that "such a young club as RCAA could go to the State tournament and return home with three trophies. 'Only about 10 percent of participating archers at State tournaments can win and the rest must enjoy shooting,'" commented Bob Subwalt, master of ceremonies at the awards event.

In addition to placing in their divisions, Don Vinson and Tommy Chambliss received 20 pin awards, pins given for shooting perfect targets. Vinson received the free style 20 pin with 15, 35 fan, and 45 walk yards bars attached. Chambliss received the bare bow 20 pin with 15, 20, and 35 fan yards bars attached.

Members of RCAA shooting at the 1967 tournament were: Bob Wilson, freestyle, class B; Mrs. Bob Wilson, free style, class B; Don Johnson, freestyle, class C; Mrs. Jerry Whitlow, bare bow, class C; Tommy Chambliss, bare bow, class D; and Mrs. Tommy Chambliss, bare bow, class D.

WINNERS—These members of the Runnels County Archery Association won trophies in competition with other clubs at the Texas Field Archery Association State Tournament last week. They are, left to right, Don Vinson, third place; Mrs. Tommy Chambliss, second place; and Tommy Chambliss, second place.

BLIZZARDS — These two members of the Big Blue team will be in action against the Coleman Bluecats Friday night in the second game of the season. Left, Randall Boies, senior letterman and offensive and defensive halfback. He will be a co-captain for this week's game. Boies is vice president of the student body. Right, Jimmy Morrow, senior squadman, defensive corner linebacker.

State Capital Highlights—

Legislature Faces Special Session Next Year To Deal With Tax Figures

By—Vern Sanford
Texas Press Association

Texans will face a \$192,900,000 new tax bill before the 60th Legislature gets through with its work next year, Legislative Budget Board staff predicts.

Gov. John Connally and Speaker Ben Barnes contend the Board's figure is far too high. Barnes says the estimate is "wrong by \$90,000,000."

Lt. Gov. Preston Smith, on the other hand, feels the staff not only is within the ball park but is actually conservative.

"I would not be surprised to see the new revenue need soar to over \$200,000,000 by the middle of next year," says Smith.

Connally made clear he will not call lawmakers into special session to appropriate funds for the second half of the biennium and pass a tax bill until next year. He refused to state what date he has in mind, although

speculation persists that there will be no tax session until after June primary elections.

At the first budget board meeting since the Legislature adjourned last spring, staff members predicted the present general fund spending level will jump from \$452,800,000 to \$470,300,000 next fiscal year.

Staff projections see need for \$6,000,000 increase in funds for health, and hospitals, special schools and youth council facilities; a \$5,600,000 cut in executive and administrative agency spending; \$15,800,000 more for education; and \$1,000,000 more for the Legislature.

VOYING MACHINES STUDIED

A panel of experts conducted a day-long hearing here on new table-top electronic, punch card voting devices.

Attorneys Dean Turner of Henderson and Jack W. Hayden of Houston and computer expert J. B. Williams of the University of Texas at Austin will advise Secretary of State John Hill, chief Texas election officer.

Legislature authorized use of the new small machines, which cost \$150 apiece compared to conventional lever-type vote machines which sell for \$1900 each, subject to Hill's selection of brands which counties should invest in. Three firms have asked approval.

TEXAS ECONOMY FALTERS

Texas' fast-growing economy

flattered slightly in July, when the Index of Texas Business Activity dipped 2 per cent, according to UT's Bureau of Business Research.

This second consecutive monthly decline left the index at a level of 191.1, only marginally below the all-time peak registered in May and still 12 per cent higher than in July of 1966.

nally's pledge of support.

Smith then released his official announcement, which contained a criticism of the Connally fiscal policies and complained of too much power centralized in the governor's office.

Connally said he will decide whether to run again himself or not after swapping talk with Texans in all areas and figuring out "what is the best interests of the people and the state." As for supporting Smith, he commented: "You are not ever very enthusiastic about supporting anybody who announces against you."

Speaker Barnes told voters in his home district (Brown, Coleman, Comanche and Runnels Counties) that he probably is going to run for lieutenant governor, although he might still be a candidate for governor if Connally retires. The speaker will not make a formal announcement before next month.

OIL OUTPUT CUT

Railroad Commission ordered a big whack in the Texas oil production allowable for September.

Slacking off of Mid-East tensions will mean more oil than

Texas can use, Commission found. Its order reduced the 54 per cent of potential allowable factor to 46.7 per cent. Net effect is that production was at old high figure for first week of the month and will be some 44.5 per cent for the remaining 23 days.

Cut is about 180,500 barrels a day or 5,415,000 barrels for September. Scaled-down allowable will amount to 3,133,500 barrels a day.

DRAFT QUOTA CUT

Texas draft boards are being called on to provide 977 men for induction in October. This compares with quotas of 1,180 for September and 1,421 for August. Quotas for July and June were 974 and 975.

The 155 boards are scheduled to send 4,000 for pre-induction mental and physical examinations during October, according to Col. Morris S. Schwartz, state selective service director. The same number was forwarded for the pre-induction exams in September.

Quota is the state's share of a national call of 17,000 men for the Army in October.

STATE JOBS INCREASING

Texas industrial employment of growth has been ahead of the nation-wide figure for the last five years, U. S. Department of Labor reports.

Non-farm employment increased 21.7 per cent in Texas while the national increase was 18.2 per cent.

Only Texas and California among the six biggest industrial states remain above the national average. New York, Illinois, Ohio and Pennsylvania have fallen below.

COOPER CONTRACT APPROVED

Water Development Board has approved Cooper Dam and Reservoir contract on Sulphur River after charging federal government attitudes threatened the state's \$3,500,000,000 water plan.

Contract as approved does not abide by U. S. Army Corps of Engineers demand for allocation of 63,000-acre feet of water a year from Lake Texarkana for Red River pollution control.

Board voted to notify President Johnson and other appropriate officials that Texas "faces potential permanent loss of 192,000-acre feet" of water from the lower Red River below Lake Texoma. Members said the state also may suffer "potential ultimate loss of from 1,500,000 to 2,000,000-acre feet" from all Texas water to federal jurisdiction if a Corps of Engineers interpretation of U. S. statutes is not changed.

APPOINTMENTS

New Chevrolets Feature Many Options and Accessories in 1968's

ACCESSORIES & OPTIONS
Light monitoring and power door lock systems plus added availability of popular stereo tape players highlight a list of more than 400 options and accessories offered on 1968 Chevrolet cars.

The light monitoring system tells the driver at a glance if important front and rear lights and signals are working. The fiber optic principle is used to "pipe" the actual lamp light to jeweled indicators mounted on front fenders and just below the rear window. The system is offered on Chevrolets, Chevilles and Camaros and one with indicators mounted on a console is standard on Corvettes.

The power door lock system, for all regular Chevrolets, allows the driver or front seat passenger to lock all doors simultaneously by a master control lever. Vacuum power is furnished from the manifold.

Stereo tape players, rapidly growing in popularity since introduction by Chevrolet a year ago, are offered in 1968 on all lines except Corvettes. The line-up includes a new "mini-stereo" to complement the redesigned interior styling of the Chevelle and the Chevy II. Chevrolet has also extended the availability of the Cruisemaster — a push-button highway speed control device — to some light-duty pickup trucks.

The option and accessory list also features a wide variety of air conditioning units; numerous exterior and interior trim and convenience items; specially packaged accessory groups for operating convenience, appearance and auxiliary lighting; special equipment for traveling and trailering; and a number of highway safety aids.

St. John's Church Evening Circle Meeting Thursday

The women of St. John's Lutheran Ladies' Aid Circle met Thursday afternoon at 2:30 for the regular meeting, with Mrs. Walter Kraatz, president, presiding.

Mrs. Ted Hantsche was in charge of the program, and Mrs. Norbert Ueckert brought the devotions.

The group sang a hymn which was followed by a Bible study period. For the study, the Circle was divided into four groups with leaders, Mmes. Robert Gerhart, A. C. Minzenmayer, Raymond Kurtz and August Stoecker.

Mrs. Walter Kraatz read two poems for the birthday recognition, and the offering meditation was given by Mrs. Bill Ahrens.

Thirty-two members were present. Refreshments were served by Mmes. E. E. Thormeyer, C. H. Stoecker and Ellis Ueckert.

Winters Blizzards Opened Season With Hard-Fought Loss to Lake View

Playing a fine defensive game, the young and gritty Winters Blizzards battled a big veteran group of Lake View Chiefs right up to the final gun Friday night on Blizzard Field, to come out on the short end of a 7-6 score.

The game was a defensive stand-off with each score coming as the result of one big play. A 65-yard pass set up Lake View's score and a 55-yard punt return accounted for the Winters score.

The first quarter was scoreless. Blizzard Back Fred Wilder intercepted a pass on the 35 yard line for the first break of the game. The ball changed hands repeatedly as neither team was able to move the ball into scoring territory.

In the middle of the second quarter the Chiefs' quarterback faked to his fullback, thereby deceiving the Blizzard secondary in close, and hit his wing-back for a 65-yard pass and run. Fred Wilder brought him down on the 4-yard line. From there it took only one play to get the touchdown as halfback Terry Ford plunged over. The extra point try was successful and the visitors carried a 7-0 lead to the dressing room.

The third quarter was a repeat of the first, but featured a punting duel. Blizzard Robert Moore recovered a fumble on the 40, but the Chiefs held. On fourth down, Randall Boles punted out of bounds on the one-yard line. Lake View drove out of the danger zone but were forced to punt.

With 5:43 left in the fourth

quarter, Lake View's Reggie Williams got off a 32-yard punt. Blizzard Charles Mathis fielded it and darted down the right sideline for 55 yards and to the end zone untouched. Robert Moore and Danny Killough threw key blocks as the Blizzards set up a wall for the run. Mike Kozelsky went over for the two extra points and for the space of a few seconds the Winters group seemed to be ahead. But a flag had been thrown and a clipping penalty called. This resulted in a 15-yard penalty for Winters and the second try was stopped. The score stood at Lake View 7, Winters 6.

An inside kick by Bob Colburn was successful and was recovered by Dick McNeill, with Fred Wilder and Randall Boles sweeping the ends, the Big Blue received new life and drove down to the Lake View 16. An attempted field goal from this point was short and the Chiefs took over and ran out the few remaining seconds.

This was the first varsity appearance by several Blue players and overall the Blizzards are a young team. In contrast, Lake View carried almost an entire senior team loaded with experience. The younger team fought hard and carried the battle to the Chiefs. Lake View dominated the statistics except in first downs which were seven for each team.

Junior Donald Wade and senior Danny Killough were outstanding defensive leaders, making 9 and 8 tackles, respectively.

AROUND THE 5-AA FOOTBALL LOOP

All teams of District 5-AA opened the 1967 football season last week, with four of the six winning openers, one playing to a tie, and one losing.

Standings following the first game are:

	W	L	T	Pts	Opp
Anson	1	0	0	26	7

Seymour—to play Winters at Stamford Oct. 7—is in 2-AA, and leads that district in post first game standings.

This week Seymour meets Nocona; Ballinger goes to Anson; Brady to Lakeview; Coleman hosts Winters.

Thirty-Six Golfers Go 27 Holes During Commercial-Industrial Golf Tourney

Thirty-six golfers—nine commercial and industrial companies in the area—played 27 holes of golf at the Winters Country Club Commercial-Industrial Golf Tournament Sunday.

The Harbison-Fischer team, of Abilene, won the first place company trophy, and Charles Tharp of that team won medalist honors with a 1-over-par 106 on the 27 holes. Other team members of the winning team were George Eggerton, Earl Russell and Ronnie Lorenz, all of Abilene. The foursome combined for a low-ball 98.

The Winters Construction Co. team, composed of Pyburn Brown, Bob Bonham, George Brown and Ken Pettit, took second with a low-ball total of 99. All except Pettit are from Winters.

Tharp and Eggerton, of the winning team, also took first place in the partnership competition, with a 104. George Brown and Pettit, from the Winters team, took second with a 105.

Score keepers for the tournament were Mrs. John Edward McAdoo, Mrs. James West and Mrs. Wayne Stone. Special events were arranged by Milt Bunger, Cynthia McLemore, Marilyn McLemore and Tandy Medford.

Sandwiches and coffee were served by the Winters Country Club Ladies Golf Association.

Big Attendance At VFW-Auxiliary Barbecue Recently

Approximately 116 men, women and children were served barbecue recently at the Post Home of the Winters Veterans of Foreign Wars and its Ladies Auxiliary, as the organizations held their annual membership barbecue.

Special guests were L. N. Kirkpatrick, past State VFW Commander, Mrs. Kirkpatrick and daughters, and Mr. and Mrs. W. E. Selman, District 22 State Commander. They are all from Eden. Also present was Miss Marsha Hays, currently Miss VFW Post 9193, and Miss District 22, VFW.

Officers of the two organizations said member quota for the VFW post for 1968 is 97, with 41 paid to date, and quota for the Auxiliary for 1968 is 39, which quota has been reached.

In charge of the barbecue were Whitley Smith, senior vice commander of the local VFW post, W. L. Collins, quartermaster of the post, and Max Lewis, representing the Auxiliary were Mrs. Charles Dry, president, and Mrs. Collins, treasurer.

I would like to express my thanks to all my customers for their patronage during the time I was employed at Winters Beauty Salon.

Due to reasons of health I will be unable to continue my work for a short period.

Patty Ann Pryor of Altus, Oklahoma, Ivan Wilford Smith, Jr., Recite Vows

Miss Patty Ann Pryor, daughter of Mr. and Mrs. Jim Pryor of Altus, Oklahoma, and Ivan Wilford Smith Jr. of Winters recited their marriage vows August 26, in the Methodist Church at Olustee, Oklahoma. The bridegroom is a nephew of Mr. and Mrs. Bob Rose of Winters.

Wallace Gooch, minister of the Hudson and Elm Church of Christ of Altus, officiated for the double ring ceremony before the altar adorned with baskets of yellow and white gladioli, flanked by candelabra holding white tapers.

Mrs. Howard Roberts played traditional wedding selections and accompanied Mrs. Warren G. Krafft who sang "Whither Thou Goest."

Given in marriage by her father the bride wore a white lace street-length cage dress over fitted bodice of silk crepe, long tapered sleeves, with a portrait neckline accented with white satin bow in the back. Her elbow length bouffant tiered illusion veil was attached to a lace and pearl flower head piece. She carried a bouquet of white phalaenopsis orchids and stephanotis with English ivy atop a white Bible.

Janet Pryor, sister of the bride of Altus, was maid of honor. She wore a street-length yellow bonded crepe with empire waistline. The bodice was styled with square neckline, with bow in the back at the

waistline. She carried a long-stemmed yellow rose tied with a yellow satin bow.

The bridesmaids were Mary McAskill and Janet Laird, both of Altus. They were attired identically to the maid of honor and each carried a long-stemmed yellow rose with yellow satin bow.

Reid Stoeker of Winters was best man. Groomsmen were Jack Diltz, Altus, and Larry Jon Cloudus, Olustee, Oklahoma. They also served as ushers.

Following the ceremony a reception was held in the home of Mrs. Elmo Smith in Olustee. Hosts were Mr. and Mrs. Jim Pryor and Mrs. Elmo Smith. Others in the house party were Mrs. T. P. Sutton, Mrs. George Watson, Miss Joyce Kelly, Miss Mary Beth Montoya and Mrs. Judy Norton.

The reception table was laid with white cut-work heirloom linen centered with yellow rosebuds. The three-tiered wedding cake was decorated with yellow rosebuds and topped with miniature bridal figures.

For traveling the bride chose a navy knit A-line dress with yellow and navy accessories. She wore a corsage of white phalaenopsis orchids. Following the wedding trip to San Angelo, Houston and Galveston, the couple are residing in Weatherford, Oklahoma where they are students at Southwestern State College.

The Babson Report—Vietnam War Has Effect On Buyer Attitude; No Desire To Splurge

Possible New Consumers' Buying Binge

There is still a lot of optimism among marketing men despite the fact that consumers lately have been dragging their heels on the retail front. Are the optimists right in their conviction that we are heading into another buying spree? Or is a substantially more cautious view prompted by the probabilities for coming months?

Totting Up The Pluses And Minuses

There are some hopeful signals. Personal income is still heading upward, though not at the invigorating pace of the past few years. Labor is still on the go-go for big pay increases, and many of the settlements this year have pushed ahead of those for 1966, breaking the guidelines and edging into the 5 percent-7 percent range. Employment continues to smash one record after another, and jobless totals are small enough to prove that our economy is successfully absorbing millions of the steady additions to the labor force.

Even though prices have been pressing upward in many lines, our nearly 200 million consumers have not yet put on any frantic display to buy things before there is "more price inflation." They have, in fact, been socking away more cash in the bank, and reducing the volume of their debts as related to their incomes. These are fundamentally healthy developments; they could lay the groundwork for a later burst of confident buying. But there are other things that must be considered.

Checkreins On Consumer Enthusiasm

The seemingly unwinnable war in Vietnam seems to be having an unfavorable effect on buyer attitudes. There just isn't much desire to splurge when a butter-and-guns economy calls for a big new income tax boost. More and more families are sending their youth to a distant land, paying billions to do it, and seeing no chance of an early end to this bitter situation. Local and state taxes practically everywhere are going in one direction only. And that is UP!

Some lines have had to raise prices because of rising output costs, and this has caused many potential customers to back away. This can also be applied to new homes, with outlays for materials and labor expanding so spectacularly that many young couples would rather just "wait a while" and rent an apartment. All in all, rising prices seem to be holding buyers back from big-tag items.

NEW DAUGHTER
Dr. and Mrs. Tommy L. Russell are adoptive parents of a baby girl who has been given the name J'Lynn. J'Lynn was born August 30, 1967, and arrived in Winters September 8, 1967.

MOVIES

"Caprice"

Doris Day and Richard Harris star in "Caprice"—the story of a girl on the trail of a secret someone, a guy on the trail of the girl, two tycoons on the trails of each other and what happens when all their trails cross—and double cross!

The Aaron Rosenberg-Martin Melcher production in CinemaScope and DeLuxe Color is being released by 20th Century-Fox and shows Sunday and Monday at the Fiesta Drive-In Theatre.

Here is a film as current as the headlines: all about industrial espionage, with two major cosmetic companies vying for each other's secret formulas. Its fresh approach is evident in the coupling of the stars: Doris Day, Moviedom's "first lady," and Richard Harris, one of Britain's top young actors. Both have won Oscar nominations, she for "Pillow Talk" and he for "This Sporting Life."

MRS. FORREST FULLER SHADE

Merrickay Gabbert of Mart, Forrest Shade Recite Marriage Vows Sat.

Merrickay Gabbert of Mart became the bride of Forrest Fuller Shade of Winters, when they recited their marriage vows Saturday at 6:00 in Mart, with John McQuien, Church of Christ minister, officiating.

Parents of the bride are Mr. and Mrs. William Gabbert of Mart and the bridegroom's parents are Mr. and Mrs. Clarence Shade Jr. of Winters.

Music was by the Columbus Avenue Church of Christ Choir of Waco.

Elsie Gabbert, sister of the

bride, was flower girl and Tom Bill Gabbert, brother of the bride, was ring bearer.

Richard Shade of Oklahoma State University, served his brother as best man. Groomsman was Mike Hazelip of Fort Worth and ushers were Kenneth Barnum, of Fort Worth, and Douglas Tiller of Dallas, both cousins of the bride.

Maid of honor was Nancy Gabbert, sister of the bride. Bridesmaid was Marilyn Denman, both of Mart. They wore street length empire dresses of

pink imported silk with short puffed sleeves. Imported silk ribbon accented the waist line and their headdress was Dior bows of matching ribbon. They carried long stemmed pink roses.

Presented in marriage by her father, the bride wore a floor-length empire designed wedding gown with lace bodice, hand crocheted lace edging the portrait neckline with peau de soie skirt. Her veil of French imported silk illusion fell from a caplet of peau de soie cabbage roses and petals accented with pearls. Her only jewelry was a diamond drop pendant, a gift from the bridegroom. She carried a white Cattleya orchid surrounded by feathered carnations and pom-poms atop a white Bible.

A reception, hosted by the bride's parents, was held in the Fellowship Hall at the church.

Assisting at the reception were Randa Jeanette Crain, Oklahoma City, Kathy Pagel, Fort Worth and Linda Hoffpauir of Mart.

The bride is a graduate of Mart High School and is a junior student at North Texas State University at Denton. She is a member of Women's Forum and Young Democrats at North Texas.

The bridegroom is a graduate of Winters High School with the class of 1962. He attended Angelo State College and spent four years in the U. S. Navy. He is attending North Texas University.

Following a wedding trip to Houston and Galveston, Mr. and Mrs. Shade will be at home at the University City Apartments, No. 125 in Denton.

The rehearsal dinner, hosted by the bridegroom's parents was held in the Teakwood Room at Mart.

ATTEND LUNCHEON

Mesdames Roger Robinson, Lee Harrison, Claude Tatum, Charles Kruse Jr., and Earl Dorsett attended the Delta Kappa Gamma luncheon which was held at the new Rio Concho Manor in San Angelo last Saturday.

Eddie Little--

(Continued from page 1)

The portrait is a picture of Susan Sanders, a sophomore at Texas Tech, daughter of Lieutenant Colonel and Mrs. Gilmore Sanders of Las Vegas, Nev., and granddaughter of Mr. and Mrs. Mord Tucker of Winters.

In addition to the trophy winner, two other photographs made by Little were chosen for exhibition. One of these, a direct color portrait of his grandson, Bobby, son of Mr. and Mrs. Bill Little of Oklahoma City, scored very high. The other, a portrait of Staff Sergeant Kenneth Dunnam, a Green Bereter, son of Mr. and Mrs. G. L. Dunnam of Winters scored well also. Sgt. Dunnam is now in Vietnam.

"San Antonio is a lucky place for me," Little said. "It was there at the 1962 convention that I received the National Award. I was especially thrilled to find that I not only won the top award for the picture of a woman, but also scored well on my pictures of a man and of a small child," he said.

Little is one of the few men in Texas who have been given the National Award, which is presented by the national association of professional photographers for outstanding work in photography. Over 125 prints bearing ribbons (some of them blue), plaques, and trophies won at state, regional, and national conventions a test to his prowess in the field of photography.

The Winters man has served for twelve years as a member of the board of directors of the Texas Professional Photographers Association and holds the title of Registered Professional Photographer.

Nan Wright Circle Met In Abbott Home on Tuesday

The Nan Wright Circle of the First Methodist Church met Tuesday in the home of Mrs. H. O. Abbott.

Mrs. August McWilliams had charge of the program. "The Missionary Finds a New Identity." Taking part in the discussion program were Mmes. Sallie Gray, August McWilliams, H. O. Abbott, and Roy Crawford. Orange juice, coffee and doughnuts were served to Mmes. Roy Crawford, H. O. Abbott, August McWilliams, F. L. Bates, Lillie Marks, Jasper Drake, Sallie Gray, Miss Nan Wright, and a guest, the Rev. Roy Crawford.

This steering committee held several meetings to get the consensus of property owners in South Taylor County and Runnels County concerning such a water control district project. They were assisted at this stage by Hugo Vogelsang, chairman of the board of the Valley Creek Water Control District in the western half of the county, acting in an advisory capacity; Woodrow Hoffman, Ronald Ruch and Harvey Kahlden, of the Runnels County Soil Conservation office, and Arneal Scott, Taylor County Soil Conservation Service office.

Meeting encouragement, the steering committee started a crash program to assemble all the necessary information on the area to be covered by the proposed district. The committee submitted this information, along with a list of property owners suggested to be the initial board of directors, to the State Legislature for action. The proposed bill was sponsored through the House as H.B. 1250, by Rep. Grant Jones of Abilene, and through the Senate by Sen. David Ratliff of Stamford.

Chunya-September 15—Today we leave Chunya for the last time. Two wonderful years are at an end. The Land Rover will come to pick us up and we will leave the little brick houses that have been home and our friends that have been our family. It will be difficult to say "good-bye."

Samson, the little barefoot boy who helped me decide to stay here when the going got rough, is a big boy now. Next year he will enter the fifth grade. I know he will miss us as we will miss him. He used to come here even when we gave him the day off. He was our "son" and we were his family.

Aron, our cook, housekeeper and Godsend, is responsible for our good health. Without him we would have been in poor shape. He was like a parent and he took a lot of the care out of living here.

The White Fathers helped us get accepted in the community and they provided many even-

ings of relaxing intellectual discussions. The attention and friendship they gave this Protestant gave me renewed faith in the brotherhood of Christians.

Jim, my fellow Volunteer, is traveling with me in Europe. He is like a brother to me and I couldn't have asked for anyone better with whom to share my Peace Corps experiences. It will be difficult to tell him "good-bye" when the time comes. I hope he can come to Texas so he can meet you all.

Wilfred, Enos, Stephen, Allan, Paul and all the other students have been wonderful friends and they made me feel that I did accomplish my goals. I wish them all Godspeed in the future. It was encouraging to find that such wonderful people are all over the world.

Wendy was my little black and white cat. I will miss her licking me in the face in the morning. I hope she likes her new home with the White Fathers.

And there were many, many more — fellow Volunteers and

people I've had the pleasure to meet. They all helped to make these two years so great.

It will be impossible to ever forget Chunya. I'm sure when life gets hectic and humdrum we may well remember the students and maybe even hear "Oh Chunya School," the alma mater; or maybe we will recall one of the many splendorous sunsets and the refreshing sunset peacefulness; or maybe the August morning we reached the summit of Kilimanjaro. There will be so much to remember. We hope someday we can come back to see if they have accomplished their aspirations for a

better life, to see our friends, and to see where we spent two wonderful years. Oh, it has been wonderful and we wish we could stay. How hard it is to say, "Goodbye Chunya, Goodbye!!!"

C. C. Paske Is Named To Head City Electric

C. C. Paske, who has been employed as a lineman and operator in the City Light Plant Department for several years, Tuesday night was named acting department superintendent by the Winters City Council. Paske succeeds N. D. Waggoner, who has resigned and will move to a similar position in Tulia. The Council also named John Weems head operator in the

power plant. He has been an operator in the Municipal Light Plant for several years.

The Council also accepted the resignation of Charlie Roberts, who has been building inspector for the City for about five years. No successor has been named.

The City also has received word from the State Aeronautical Commission that an airport engineer will come to Winters within a few weeks and inspect the site purchased some time ago to be used as a landing strip. The Council recently applied to the State Commission for aid in developing the airport.

Brother of Mrs. Jess Wetzel Dies In New York City

H. Carlton Bedford, brother of Mrs. Jess Wetzel, died Sunday in a hospital in New York City, according to information received by Mrs. Wetzel.

Mr. Bedford was born March 9, 1900 and joined the U. S. Navy in 1918, and served during World War I.

Surviving are his wife, 5 daughters and one son, all living in the New York area; 2 sisters and one brother. There are also two half sisters and three half brothers. Mrs. Wetzel had not seen her brother since 1942, when he visited here.

Warning Flag—Skin-divers often use a red flag with a diagonal white stripe to warn boatmen that they are at work below. Use caution when you see such a flag raised on a boat or float. This is especially important to trollers. Not only are trollers likely to take off a luckless skin-diver's head with their keel or motor but they could tear his body open with a deep-running hook.

Roger Babson Report— Year Shaping Up As Favorable for Farmers, Prospects Up From 1966

Prospects At Midsummer
Babson Park, Mass. This is shaping up as a more favorable year for farmers than was expected earlier. Following unusually erratic weather patterns in the late winter and spring which delayed plantings of several items, crop prospects are now rated as slightly better than a year ago.

Acres Up From 1966
Despite all the setbacks, crops seeded for 1967 harvest totaled 318 million acres, — a gain of 7 percent over last year. However, acreage losses after planting are expected to rule higher than in 1966, with the bulk of the declines being felt in winter wheat, cotton, and corn. Even if such losses should be the total acreage actually harvested to the 304 million acres forecast by the Agriculture Department, we would still have a 5 per cent gain over 1966.

The official estimates of a 19 percent increase in food-grain output and an 8 percent boost in feed-grain production—compared with last year's outturn—should be realized if weather vagaries are not extreme. The only other hitch is this: Crop development is running from two to three weeks late in many areas because of delayed plantings and slow starts. Such lateness increases the danger of frost damage.

Corn And Wheat
The Crop Reporting Board's July 1 forecast of a record 4.5-billion-bushel 1967 U. S. corn crop was higher than a number of experts had been expecting. It indicates that less acreage than had been feared was abandoned as a result of heavy rains. Official and private analyses place prospective yield at levels well above the five-year average. Hence, if corn gets the breaks weatherwise between now and harvest time, we could have a crop even larger than 4.5 billion bushels.

It now looks as if U. S. output of all wheat this year would come close to 1.6 billion bushels. This would be more than 150 million bushels larger than the 1966-67 season. With Australian and Canadian wheat stocks also at relatively high levels, talk of a wheat shortage—so rife a little more than a year ago—has now gone by the boards. But that does not necessarily mean that everything is rosy. U. S. wheat growers must still face up to the fact that there will be a heavy buildup of the soft red variety this season. And many a wheat farmer is also distressed by the high moisture content of his crop this year.

Cattle And Hogs
The drive is now on to cut back cattle output in an effort to boost prices and to improve profitability, which has been lagging seriously over the past several months. The trend from here on will be toward marketing younger animals at lighter weights and toward asserting a better control over feeding methods and feeding costs.

A somewhat similar turnaround is also taking place in hogs, with a 3 percent cutback in output slated for the six-month period ending November 30. This would pull the total hog crop for this year 1 percent below last year and 5 percent below average. So, assuming growers do not have second thoughts as a result of more plentiful corn supplies at lower price levels this autumn, you'll be paying more at wholesale and retail for both beef and pork.

No Bonanza For Farmers
On the surface, the economic outlook for farmers appears favorable. But how favorable is another question. Costs are catching up, and as a result realized net income could be off as much as 6 percent. —possibly more if higher federal income taxes become effective before the end of this calendar year. Local taxes on land are

rising all across the nation and production expenses are increasing faster than average, reflecting higher feed costs, rising farm wage rates, heavier interest charges on debt, and larger outlays for fertilizers and for machinery maintenance.

However, assuming that crop production increases as expected this year, prices received by farmers may well approximate those of 1966. Hence, the chances for farmers' realized gross income to match the record \$49.5 billion attained in 1966 are still good—but farmers' realized net will not be as high as last year.

Mother of Local Resident Died In Amarillo Friday

Mrs. J. B. Russell, 71, of 4138 Knell, Amarillo, died Friday, Sept. 8, in Northwest Texas Hospital, Amarillo.

Mr. and Mrs. Robert Gardner and little daughter, Melinda, returned Sunday to their home at Victoria after spending a few days visiting in the home of his parents, Mr. and Mrs. B. T. Gardner.

Oily Trick—When fish are in the doldrums and not biting, try stimulating their interest. On your next fishing trip, include in your lunch box a can or two of sardines. Dip your pork rinds in the left-over sardine oil every now and then when casting, and you'll find that the fish take a renewed interest in your offering. Fish go for that exotic sardine oil. You might ask mama to keep a small bottle handy in the kitchen. —and pour the excess sardine-can oil in it until filled. Then pack it away in your tackle box to use anytime you need it.

As It Looks From Here

Omar Burleson, M. C., 17th District, Texas

Because of Labor Day, most Members of Congress visited their constituents this past week.

Many of them probably heard that the American People are dissatisfied today about many of the things the Government is doing or failing to do.

What are the people saying? What do they want?

If our area is representative, people are tired of the state of fear and uneasiness which has enveloped them. Extremists in our midst, both whites and negroes, have resorted to a process of intimidation and blackmail commonly called "protests" and "demonstrations."

People want the agencies of Government, particularly the Courts, to recognize the difference "freedom of speech" and incitement to riot. Especially do they want to see more courage shown in high places in dealing with disorders.

Living conditions should be improved, but people do not believe that criminals and disturbers of the peace should go unpunished, nor that these circumstances be the sole excuse for lawlessness.

People are tired of reading what the Stokely Carmichaels and the Rap Browns say in rallies as they openly preach rebellion. They want to see such persons prosecuted. If existing laws are inadequate, they want Congress to strengthen the statutes. Most of all, they want to see law enforced.

It is hoped that Members of Congress get the message that people are tired of political legerdemain. A lot, if not all, are fed up with attempts to curry favor with groups by the use of taxpayers' money. People have the right to know why Congress has not exercised a closer check on all Government spending. They are tired of seeing big deficits pile up year after year and to be told that deficit spending can go on indefinitely and that confidence in the future of the dollar can still be preserved.

Public officials in Washington should be getting the message that people are tired of the handling of the Viet Nam war. They want to know, and rightfully so, why our military men are not given a free hand to do that necessary to get it over. Many have the feeling that we are playing "chicken," which involves the lives of American boys. They want to know why we do not bomb every enemy base and supply line, as well as blockade the ports of North Viet Nam.

People are tired of reading that their money has been used to make loans to some governments to help them buy arms and then lining up in the United Nations against us.

People have the right to complain of being told that big deficits are due solely to the Viet Nam war. They are tired of being told that the Country can afford to spend unprecedented billions on doubtful programs.

People are not happy with the prospect of having their taxes and mail rates increased when they feel that Washington is not spending their tax money wisely.

There is reason to complain about the increase in the cost of living while strikes and the threat of strikes continues.

People want a peaceful society, a decent society—a society in which a fair deal for everybody transcends political deals in the use of governmental power at the Federal, State and local levels.

Maybe Official Washington has gotten the word that "you can fool all the people some of the time and some of the people all the time, but you can not fool all of the people all the time." To sum up, our people want courage, integrity and a conscience that overrides the temptations of pure old politics.

Mary Martha Circle Met In Garrett Home On Tuesday

Members of the Mary Martha Circle of the First Methodist Church met in the home of Mrs. George Garrett Tuesday.

Mrs. J. D. Vinson led the opening prayer, and presided for the short business meeting. She led the program on "The Missionary Finds a New Identity," with Miss Frances Stricklin, Mrs. W. T. Stanley, and Mrs. W. T. Nichols taking part.

Coffee, fruit juice and cookies were served to Mmes. J. D. Vinson, Alma Daniel, W. T. Nichols, Garland Shook, W. T. Stanley, George Garrett, Miss Frances Stricklin and a visitor, Mrs. Fred Tinkle.

RETURNS HOME
Mrs. L. B. Merck has returned home after spending a month with Mr. and Mrs. Elton Merck in Blevins, Ark. She joined Rev. and Mrs. W. D. Shores and boys in Shreveport, La., and accompanied them home.

Slanky lines distinguish the Smart '68 Chevrolet Caprice Coupe

Chevrolet's new look for 1968 begins up front with a smart new grille and hood that conceals the windshield wipers. Recessed taillights in the rear bumpers and new body side lines are smart styling features as shown above on the Caprice Coupe. An impressive list of comfort and convenience options make it possible to custom-tailor a new Chevrolet to almost any personal taste. The new Chevros will be on display September 21.

STRANGE PARTNERSHIP exists between the moray eel and the tiny neon goby. The goby acts as a live toothpick for the eel, with no disastrous results.

"Season of Prayer" Monday, Tuesday, By Baptist WMS

"This is My Hand" was the theme of the season of prayer for Texas missions held on Monday and Tuesday by the Woman's Missionary Society in the Educational Auditorium at the First Baptist Church.

The program included a study of border towns from El Paso to Brownsville, a distance of 889 miles, and the idea presented by those on program was the need to use our hands in ministering to Latin-Americans on both sides of the border.

Mrs. B. T. Gardner, prayer chairman, was in charge of the program. Those taking part on Monday were Mmes. Loyd Robertson, W. S. Cooke, H. P. Witkowski and M. E. Bains.

Tuesday morning, Mrs. Jake Smith discussed Mercedes, a town of 11,000 with 80 percent being Latin American. Mrs. Harry Grantz told of her experiences in teaching at Carrizo Springs and discussed the work of Texas Baptist in the Wisconsin-Minnesota area where we have 22 churches with a goal of 66 by the end of 1967.

Mrs. Joe Baker told of the 2 1/2 million Latin Americans in Texas and said that one great concern was for the need of improved attitudes. Mrs. Bobby Rogers stated that 42 scholarships had been provided for preachers, but there were 100 churches and missions without pastors among the Spanish speaking people.

The emphasis was concluded Wednesday night with Mrs. Logan Templeton, the former Lounette Glover, missionary home on furlough from Hong Kong speaking on the need for mission action at home and abroad.

A goal of \$544,500 offering for state missions has been set by Texas Baptists with the goal of the Winters First Baptist Church being \$500.00.

FREE PORTRAIT!

Parents: We have arranged to have a leading child photographer at our store on the dates shown below.

Any age, any number of children accompanied by a parent will be photographed FREE in Living Color.

ONE complimentary color portrait will be given to each family as a gift from our store.

DON'T MISS THIS OPPORTUNITY

to get a living color portrait you will treasure always. Several poses are taken and low cost additional portraits are available for those who wish them.

This is our way of saying 'Come in to see us!' If you are one of our many regular customers, this is a 'Thank You' for your patronage. Incidentally we believe these color portraits to be something really special. These are beautifully posed portraits—not snapshots, so dress the children colorfully.

Ant Repellent—Pipe smokers should have little trouble keeping ants off the camp table. Just dip four pipe cleaners in coal oil and wrap one cleaner around each leg of the table. Ants won't come within a country mile of the table top.

Receipt Books available at Enterprise Office.

Experimental Bass Bait—Bass should like the same bait that trout do, as their tastes seem very similar. Since it is well known that trout have a weakness for those little marshmallows the stores sell, why not try out this sweet bait on your next bass fishing trip? Dip small marshmallows in egg dye that has been allowed to cool. Sprinkle with grated cheese while still moist and put in tightly sealed bottle. Store in cool place until ready to use.

New Use For Golf Club Bag—Don't throw away that old golf club bag! That is, if you own an outboard motor of small horsepower. When transporting such a motor, slip propeller and shaft into the golf bag, with motor body outside. It can then be easily carried by the bag straps without the usual danger of damage.

The easiest way to sell that "white elephant" of yours is to advertise it in The Winters Enterprise Classified Column.
