PEOPLE POLLUTION!

"With over population a world problem, Planned Parenthood is becoming increasingly important as a governmental project," says Alan Bloebaum, regional director of the Southwest Region of Planned Parenthood.

A five-state district meeting on the subject is set for March 4 and 5 in Austin. This conference will be followed by a series of state sessions on family planning. Among them will be a special family planning conference by OEO, the American Association of Planned Parenthood Physicians and the State Nursing Association.

Cost of planned parenthood for one family per year is about \$15, whereas the cost of welfare support—federal, state and county—for a dependent child is about \$1,200 a year.

E.B.J. CONTRACT AWARDED

A contract for construction of 16,673 feet of high gameproof fencing at Lyndon B. Johnson State Park in Gillespie County has been awarded to Jasper Moore of Ingram. Moore was lowest among five bidders with a project price of \$19,717.

Parks and Wildlife Department said the fencing project was designed more to keep exhibition animals in L.B.J. State Park than to keep visitors out. But it will enclose a large portion of the park and separate it from Ranch Road 1 and the L.B.J. Ranch, known as "The Texas White House."

Transfer of four square miles from Rosenthal to Lorena school district is invalid without Falls County school board approval, Supreme Court concluded, upholding Court of Civil Appeals.

State Banking Board's award of a charter to American Bank of Commerce in Grapevine now has Supreme Court approval.

Third Court of Civil Appeals backed up a district court order that a charter should have been granted to Mission Savings and Loan Association in northeast Bexar County.

Court of Criminal Appeals affirmed death penalty assessed Kenneth Allen McDuff who was accused of killing three teenagers.

Residency requirement in state aid to families of dependent needy children act is under attack in a new federal court suit.

POVERTY PROGRAM SHIFTING

Texas War on Poverty program seems to be heading for a shift in control to the cities and counties under new federal legislation. New law will give local governments the option of taking over programs, effective February 1, 1969.

Cities and counties would have three alternatives: designate an existing community action agency; or designate themselves or some other public or private agency to operate the poverty program; or leave the decision of who is to run the program up to State poverty program officials.

Change in control may also mean a change in the funding formula for the poverty program. Regional OEO Administrator Fred D. Baldwin said there is a "strong possibility" that next year's federal appropriations will come to the states without federal strings on how the money should be used.

Mrs. L. Ernst Hosts Chat and Sew Club Mrs. Ferd Bedford

Mrs. L. Ernst was hostess Tuesday afternoon for the regular meeting of the Chat and Sew Club in her home 1109 West Parsonage.

The members worked on quilt blocks for the hostess. Refreshments were served to Mesdames Carson Easterly, Louis Hord, Lonnie Burton and the hostess.

The next meeting will be with Mrs. Louis Hord Tuesday, March 12.

CARD OF THANKS

It is with deepest gratitude that we thank our friends and neighbors for the many kind expressions of sympathy during our recent sorrow at the loss of our mother. We especially wish to thank the ministers for their consoling words and for all those comforting acts shown in so many ways at a time when we needed our friends most.—The family of Mrs. M. A. Curtis.

ATTEND FUNERAL

Mrs. C. R. and Lois Bellis returned home Sunday from La Junta, Colorado where they attended the funeral of Mrs. Frances Lindsey, niece of Dr. Lois Bellis, who died February 26, at Vaughn, New Mexico. Mr. Lindsey is employed with the Santa Fe Railroad and was working at Bronte and San Angelo the past summer.

PARK DEVELOPMENT ASSURED

Parks & Wildlife Commission Chairman Will Odom announced a \$4,000 Federal matching grant to develop outdoor recreation facilities at Goose Island State Park, north of Rockport.

With state matching, this will finance a \$108,000 development project including restrooms, tent camping units, trailer camping, shelters, roads, parking areas and utilities. The park acquired in 1935, is the home of a 2,000 year-old live oak tree, Chairman Odom noted.

If you can not see a "Stop" sign on the highway at least 300 feet ahead, you probably can't see well enough to be a safe driver.

arteries for tourists headed for the HemisFair next month. ("What was that dirty, unattractive town we just passed through?" "Why, that was Winters. We'd better go on a ways before we stop a while.")

It's official, now. Money, money, money is the only remedy. Take money from the working law-abiding, and distribute it among a lot of bureaucrats who may in turn distribute a bit of it to the arrogant lawless, and the crime rate will drop and there'll be no more riots and rebellion. Everybody will be super-happy and we can all float around on that great, big white cloud. Never mind morality and spirituality—they have no place in this new scheme of things.

"Knitivation". This new word illustrates how the textile technologists and fashion designers have gone wild over textured knits. The results are happy ones for clothes-conscious consumers. Man-made fibers, natural fibers and blends feature the many textures in all ranges of apparel. Textured means that smooth, continuous filament yarn has been modified by introducing the permanent crisp, coils, curls, loops or disarrangement, says Mrs. O'Connor.

Yarn usually is textured to (1) create an unusual surface interest to fabric (2) to give a fabric increased bulk, usually producing greater fabric volume for the same weight of

yarn (3) provide greater cover and cut down on the show-through of relatively lightweight fabrics or (4) give fabrics stretch or recovery characteristics.

Four out of five teen-age girls sew and they make almost 70 million pieces of clothing a year. Women and girls do not sew to be thrifty! They sew to have more and better fashions for less money. Many probably come to you for help so keep on the up with new fabrics in your area and new innovations in sewing—like the hidden zippers. Keep track of the questions asked and mention them in your newsletters or columns.

Eggs are a good food budget stretcher, says Mrs. O'Connor. Try using more of them in place of higher priced protein food. Grade A large eggs offer the best quality and economy. This week, meat prices are unchanged. Generally, the featured cuts include beef chuck roasts and steaks, ground beef, pork shoulder roasts and steaks, ham portions and liver.

CARD OF THANKS

Words are inadequate at a time like this, but we would like to express our thanks to our friends, neighbors, relatives, and Dr. Rives, for the many kind things that were done during the extended illness of our loved one. To Rev. Harry Grantz and Rev. Chester Wilkerson, for the ones that brought food to our homes and to the church, and the ladies of the First Baptist Church who prepared it, for the lovely floral arrangements, prayers, cards, music, and other remembrances, we are grateful. All of these expressions of sympathy will always be remembered by the family of CLIFTON DAVIS, ltp.

WASHINGTON

"As it looks from here"

OMAR BURLISON
Congressman
17th District

On February 21, a Sub-Group of the Committee on Armed Services of the House of Representatives released for publicity a part of a Report compiled on our National Defense Posture.

The study lasted six months and involved In-Depth views of United States commitments, manpower, assets and planning, with emphasis on Vietnam.

For some reason, probably because of its warlike attitude, the Eastern press did not give it very much publicity. Because of its sensitive nature, its entire detail was not publicly revealed. In general, however, the following points are important for public knowledge:

"1. At present, the U. S. has no timetable for winning the war in Vietnam.

"2. The enemy cannot be defeated within any acceptable time frame so long as we continue to fight a primarily defensive war. Our slow rate of military progress has encouraged North Vietnam to reject our efforts to bring about peace negotiations.

"3. Only if our military is permitted to make maximum use of our assets can the war in Vietnam be brought to a speedy and successful conclusion.

"4. The theory of gradual escalation in the use of power violates accepted and proven military concepts. The application of this theory in Vietnam has produced only minimal gains, and has given the enemy time to increase his own efforts correspondingly.

"5. Because of the extent of our commitment in Vietnam, we are, in truth, engaged in a battle for the preservation of the future of the United States. We cannot afford to lose it while courting world opinion.

"6. Contrary to the views so often voiced by benighted disciples of defeat and appeasement, the battle in Vietnam is not between the greatest nation in the world and a small, underdeveloped country. Rather, it is a struggle with the United States on one side and Communist China and Russia on the other. It should be recognized and clearly understood that while the enemy we are fighting is the North Vietnamese and the Viet Cong, they are merely the conduit for the aggression of China and Russia.

"7. Our military forces should be permitted to take the offensive—on land and sea and in the air—with a definite timetable for the earliest possible successful conclusion of the war. This would require an immediate review of our present force levels and, undoubtedly, partial mobilization.

"8. The enemy should be denied access to all war material and supporting supplies. If necessary to achieve this end, all routes, whether by land, sea or air, should be closed or destroyed.

"9. For the successful conduct of war, the enemy should be given no sanctuary or reprieve.

"10. The Subcommittee recognizes the essentiality of civilian control of the military, as prescribed by the Constitution. However, in the Vietnam conflict, constraints have been imposed on the military in operational matters to such an extent that they have degraded our field command structure and militated against the immediate and positive action, or reaction required by the swiftly moving events of war.

"11. In spite of the foregoing, the morale and performance of our military forces are superb. Never in the history of this country has the United States fielded troops so well supplied logistically.

"12. Certain Defense Department policies have hindered the development of new and improved weapon systems and curtailed the production of presently needed equipment, with the result that our military posture and the condition of our assets have been degraded.

"13. The honoring of our commitments in Vietnam has severely strained our worldwide military manpower and equipment assets.

"14. If we are to meet all probable contingency challenges, the U. S. must promptly undertake to increase its military assets.

"15. U. S. intelligence concerning enemy plans and movements is seriously deficient. As a result, major policies for the conduct of the war appear to have been formulated more on the basis of intuition than on fact."

The development of the above comes from a wide range of expert opinion. Like everything else, it is human judgment, but it is as solid information as can be obtained and, therefore, official Washington should face up to hard, cold realities.

Getting a grip on the situation, Tommy Steele grabs George, an eight-foot alligator, by the tail in a desperate attempt to steer the family pet back into the conservatory where he belongs. Filmed in brilliant Technicolor, "The Happiest Millionaire" stars Fred MacMurray, Steele, Greer Garson and Geraldine Page, costars Gladys Cooper and Hermione Baddeley, and introduces Lesley Ann Warren and John Davidson, Richard M. and Robert B. Sherman, whose work on "Mary Poppins" brought them two Academy Awards, have written eleven new songs for the comedy.

★ MOVIES ★

"The Happiest Millionaire"

With fresh new faces like Tommy Steele, Lesley Ann Warren and John Davidson, plus the seasoned talents of Fred MacMurray, Greer Garson, Geraldine Page, Gladys Cooper and Hermione Baddeley, Walt Disney's lavish musical comedy, "The Happiest Millionaire," boasts the brightest and most talented cast in Disney history.

The story is about Anthony J. Drexel Biddle, a happy Philadelphia millionaire who ran his happy family with a firm hand, and who was as many-faceted a man as American history has to offer. He was a novelist, amateur pugilist, F.B.I. instructor, judo expert and patron of the arts, to name a few of his talents and accomplishments.

Filmed in Technicolor, "The Happiest Millionaire" deals mainly with Biddle's domestic capers when his daughter, Cordy, created a nationwide social sensation by her marriage to Angier Duke, heir to the Duke

tobacco fortune. The film introduces Lesley Ann Warren and John Davidson in the musical romance.

Paced by eleven original songs by "Mary Poppins" music makers, Richard M. and Robert B. Sherman, and a story that sings and dances its way from the heights of New York society to the raucous brawls of a Philadelphia pub, the film biography stars Fred MacMurray in the title role; Tommy Steele as his butler, John Lawless; Greer Garson, as his wife, and Geraldine Page as socially-conscious Mrs. Duke.

Norman Tokar directed the Technicolor production from a screenplay by A. J. Carothers. The story was based upon the book and Broadway play by Cordelia Drexel Biddle and Kyle Crichton. Bill Anderson co-produced the Buena Vista release with Walt Disney.

RECEIPT BOOKS: Now at The Enterprise Office.

Sunday Rites For John Hart, Early Settler

Funeral services for John W. Hart, 88, were held at 2 p. m. Sunday in Spill Memorial Chapel. The Rev. Chester Wilkerson, retired Methodist minister, and the Rev. Edward H. Otwell, pastor of the First Methodist Church, officiated. Burial was in Lakeview Cemetery. Mr. Hart died at 5 a. m. Friday in Winters Municipal Hospital following a brief illness.

Born Dec. 20, 1879, in Searcy, Ark., he came to Com-

anche County at an early age and then moved to Runnels County and settled in the Drasco community. He married Orabelle Daniel May 5, 1907, and they moved to east of Winters where they lived until his retirement in 1960. Then they moved to Winters.

He was a member of Crews Methodist Church.

Surviving are his wife; one son, Edwin of Winters; two brothers, L. M. of Pasadena and G. M. of Tow, Tex.; and two sisters, Mrs. Maudie Roden of Crowley, La., and Mrs. Della Reed of Valley Mills.

Pallbearers were W. L. England, C. L. Walker, Carl Young, Shirley Howard, Van Whittenberg and Ras Gideon.

WE COMMEND our local and state police authorities for their vigorous enforcement of the law. We denounce with equal vigor lawlessness and civil disobedience. We deplore the fact that the new Code of Criminal Procedure tends to overprotect the offender and hinder law enforcement. We urge adoption of a criminal code which will strengthen law enforcement rather than weaken it.

Southern School Assembly

The Junior High and the High School students assembled in the auditorium for a Southern School Assembly. Foy and Fay, a world famous juggling act, presented the students with some of the fundamentals of juggling and performed some of their amazing tricks.

Foy demonstrated how to juggle 2, 3, 4, and 5 balls at once. He also mounted a small unicycle and juggled three juggling pins while riding around the stage. He then proceeded to balance four balls on a stick on his forehead, three balls on a stick in his mouth, one

ball balanced on his foot, and spun four rings on his arms, while he balanced on an eight foot unicycle. He also had students toss him a ball that he caught and balanced on a stick. Other tricks included balancing five cups and saucers and a tea pot; six candles and candlesticks on his head. Both Foy and Fay then juggled six juggling pins between them. The students then returned to their fourth period class.

Tests Again!

The school was bustling with activity last week, for it was Six Weeks Tests Week. The students were hurrying from room to room getting ready for the tests that were coming up soon. The teachers were issuing orders telling the students what to do when the test were handed out, and what to hand back in, when the tests were over.

All of the students were excited over the prospect of whether or not they would pass or fail this six weeks. The teachers were heard giving encouragement to the pupils before the tests, to try to do their best.

After the tests were over, both students and teachers were relieved of all the tension built up inside of them while the tests were going on. They then went

back to the regular routine work of school.

Senior Class Meeting

The Senior class had a short meeting February 27, after the Southern School Assembly. The purpose of the meeting was to decide upon a money-making project. A Car Wash was discussed. Kye Nitsch then told the seniors that Bobby Mayo would let us use the State Theater for a Talent Show. Everyone agreed that a talent show would be the thing to have.

Plans for the talent show were discussed. The Seniors then went back to their fourth period classes.

Teacher of the Month

The Quill and Scroll organization met briefly Tuesday, January 20th, to select its Teacher of the Month for February. The club has chosen Mr. David F. Ledbetter for that purpose.

Mr. Ledbetter, who teaches History and Civics was selected for his many outstanding characteristics; the most appreciated being his keen interest and understanding of his students.

From the Quill and Scroll, congratulations and, most of all, thanks.

Band Members To Cisco Junior College Event

Sixteen members of the Winters High School band will attend the Region VII Band Solo and Ensemble contest at Cisco Junior College Saturday, March 9.

Cisco Junior College will be host to musicians from 35 area high school and junior high bands for the contests. Homer Krueger, head of the CJC Music Department, is chairman of the event. Competing for ratings will be soloists and small ensembles of three or more players rather than the entire memberships of the various bands.

There are 560 entries in the contest, with 340 bandsmen performing solos and 782 individuals entered in ensembles. A total of approximately 800 persons are expected to be in attendance.

The contest is expected to begin at 8 a. m. and last until approximately 5 p. m., Krueger stated.
