"With Electric Home Heating—we have fewer colds, no fumes, and walls stay clean"

THE CECIL RICHARDSONS
HAMLIN, TEXAS

"We like total-electric living so well we recommend it to our neighbors," Irene Richardson says. Working conditions are better and her electric appliances save her so much time. She thinks flameless electric heating and cooling is wonderful for her skin problem.

Terry Cecilia, the Richardson's 5-year-old granddaughter, plays comfortably the year 'round and always has plenty of fresh clean clothes. "I use the washer and dryer every day—sometimes several times a day," Irene Richardson says. The Richardsons cook a lot, burn the lights a lot, and entertain friends, yet find total-electric living economical. "We're very satisfied with it," Mr. Richardson says.

Richardson is manager of the Hamlin Farmers Compress, Irene Richardson is a full-time homemaker, and Terry Cecilia pre-kindergarten age.

"Now we can send the boys back to school in style"

"Bruce needed a typewriter and some new clothes. Johnny had to have money for books and lab supplies. But the paycheck just wouldn't stretch to cover both regular bills and back to school costs. So I went to the bank. Got the cash to make up the difference through a convenient Personal Loan. Now our boys will get what they need. And I can repay in monthly installments at low bank rates."
