HOME TOWN Talk

By R. C. THOMAS

Jim Nevins, former Winters Superintendent of Schools and now with the San Angelo school system, was in Winters one day last week attending to some important business. He was in a discussion with T. A. Smith, druggist, and they asked us to sit in on the discussion, as a sort of mediator—mostly because our mediation fees are so low.

Jim, who has a tract of land up on the headwaters of Elm Creek, about 10 years ago borrowed some kind of plow from T. A. Smith. After he had finished with it, Jim parked the plow in the corner of the implement yard, and waited for T. A. to come pick it up.

Well, the years have rolled by, and the plow still rests where it was unhooked, and the sand and the tumbleweeds have about covered it. There may have been a few parts removed by torch, to be used in repair of other farming equipment—but Jim says it substantially is as good as it was the day he borrowed it. And still, he says, T. A. has made no move to pick it up.

There was no problem the first couple of years, Jim says. But during the past few years the thing has become a nuisance; it takes up a lot of space which could be used for dumping broken bottles and fertilizer, and he would like to get it out of the way and off his property.

The problem was this: Jim said he was due a fee for storage of the plow. T. A. admits that the mentioned fee would not be exorbitant—if the plow really belonged to him. But he insists that ownership of the plow has passed to Jim by reason of possession, and that he legally does not own the plow and has not for many years, so he legally does not owe a storage fee. Jim has refused to accept ownership of the thing.

As mediator, we suggested that the plow be given to someone else and that the two call it square. They agreed.

We submitted a bill for mediation fees, and Jim and T. A. verbally transferred ownership of the plow to us in payment. Anybody want to buy a broken down, sand-covered plow? Before we owe ten years' storage fees?

So Smith and Nevins are reconciled. T. A. was in San Angelo Tuesday noon and dropped by Jim's office to take him out to lunch. Jim was not in, so T. A., exhibiting his charm and thoughtfulness, and believing he owed Jim a lunch, left him a sack containing a four-day-old tuna sandwich.

This year's pecan crop around Winters has been yup and nup! Depending on who is doing the reporting. There have been some reports of very good—even bumper—crops; others have been somewhat on the slim side. Our pecan tree produced enough to go in a five-cent candy bar (inflation size), while our neighbor has picked several paper sacks full of his trees. Pecans give us indigestion, anyway!

We do wonder, though, if anyone has any idea how many pounds of pecans have been—or will be—gathered in Winters. One family reported they gathered 1200 pounds from their grove, and we've seen some high-producing trees right here in town.

Urge Return Of Ballots On C-C Directors

Members of the Winters Chamber of Commerce this week are urged to complete and return the postcard ballots in the directors election, if they have not already done so.

Mrs. Emma Marks, Chamber of Commerce secretary, said many of the ballots have been returned, but many still are out. They must be returned within the next few days so that the results can be tabulated at the next meeting of the board of directors Tuesday, December 3, she said.

RETIRING—William Edward (Eddie) Little, seated, recently retired after almost 33 years in the postal service. Fellow post office employees presented him with a television set and a "Certificate of Friendship" at an informal get-together last Friday at Merrill Senior Citizens Home.

Eddie Little Retires After Almost 33 Years As Clerk, Carrier in P. O.

William Edward (Eddie) Little, who has been a rural mail carrier out of the Winters post office for many years, last week was officially retired from the Postal Service after almost 33 years of service.

An informal retirement party was held at Merrill Senior Citizens Home where Little is a patient. Presenting the retirement certificate was former Winters Postmaster Rankin Pace. The employees of the local post office presented him with a portable television set. Sam Cooke, a rural carrier, represented the postal employees. Also present was H. M. (Jiggs) Nichols, who recently assumed duties as postmaster, and Mrs. Little.

Little has been in ill health since last March, after suffering a series of strokes. He was in Winters Municipal Hospital until June when he went to the Senior Citizens Home. As a result of the strokes, he is partially paralyzed, but is able to be in a wheel chair for periods of time during the day, and to receive visitors.

Although primarily a rural mail carrier, Little in recent years has become well known over the state and in many parts of the nation for his work in photography. He became interested in photography as a hobby several years ago, and started taking pictures to accompany stories his wife, Ruth, was writing for the Abilene Reporter-News. From there, the "hobby" grew into the "big time." In his leisure time—time not devoted to his post office duties—he became one of the area's most skilled photographers. At the time he became ill, he had amassed 20 credits toward the 25 necessary to receive the Master Photographer's Degree from the Professional Photographers of America. More than 150 of his portraits have been exhibited in state, regional and national shows and competitions, and he has a roomful of ribbons and awards for his work. In 1966 and 1967 he won the top award in the state for the "best monochrome portrait of a woman." He holds an honorary degree from the National Photographers, one of only about 12 in the State of Texas.

Little was graduated from Corpus Christi High School, attended the University of Texas at Austin for two years. He then transferred to Rice Institute (University) where he studied for two years, receiving a bachelor of arts degree.

In December of 1935, he went to work in the Post Office at Corpus Christi, as a clerk, and later in charge of parcel post. He and Ruth Jones of Winters were married in June, 1936. He then transferred as a rural carrier to George West, appointed by Congressman Kleberg. In September of 1939 he came to Winters as a rural carrier, while his father-in-law, the late H. O. Jones, was postmaster. He first carried mail on the route to Wingate, then transferred to Route 4, to Bradshaw in 1951. In 1967 he transferred to Route 2, to the Crews Community.

Little has been active in civic affairs, and served as president of the Winters Country Club during the World War II years. For seven years he was a director of the Texas State Photographers Association, and was president and charter member of the Central and West Texas Photographers Association. He also is a member of the Winters Lions Club and the Rural Carrier's Club and the Post Office.

The Christmas season in Winters will be officially opened Saturday, December 7, with a big Chamber of Commerce-sponsored Christmas parade, and a hay-money scramble for the kids.

Participating in the parade will be organizations and groups, competing for cash prizes in one division. Commercial firms also are being invited to enter the commercial division of the parade.

To encourage participation in the parade, and to help organizations with expenses, the C. of C. will provide up to \$25 to each organization, with a limit of eight units, to be used to decorate floats. Organizations which plan to enter the competition in the parade are asked to contact the office of the Chamber of Commerce as quickly as possible.

Glenda Cooper Named Sweetheart Of Blizzard Band Friday Night

Glenda Cooper, senior student at Winters High School, was revealed as the Blizzard Band Sweetheart for 1968, during halftime activities of the Winters-Coleman football game last Friday night. She was one of five nominees for the honor, and was elected by members of the band.

Miss Cooper is the daughter of Mr. and Mrs. Ronald G. Cooper, and has been in band for eight years. She presently plays first chair clarinet. During her Junior year in high school, she received a first class musicianship award, and has been a member of the Sno-Meal vocal group for two years. She also is in the Stage Band.

The new Band Sweetheart has participated in UIL solo and ensemble contests for three years, and has received four first division ratings; has been a member of All-District band three years; member of All-Region band two years; and member of All-Area band during her junior year. She also participated in All-State band tryouts during her junior year. As a senior, she is serving as secretary-treasurer of the band, and plans to attend district and region tryouts this year. She is serving her second year on the band council.

Miss Cooper also is Sweetheart of the Winters Lions Club. Other nominees for the Band Sweetheart honor, introduced during activities Friday night, were Carla Davis, daughter of Mr. and Mrs. Willis C. Davis; Jean Mostad, daughter of Mrs. C. F. Mostad; Cindy Pinkerton, daughter of Mr. and Mrs. Charles Pinkerton; and Aurora Ruiz, daughter of Mr. and Mrs. Robert A. Ruiz.

Other senior members of the Blizzard Band also were introduced at this last football game. They include Phil Harrison, Ron Miles, Gary Jacob, and Darrell Hill. Senior band members who have been on the football squad and were not present during the halftime activities were Charles Mathis and Robert Moore.

Blizzard Band To Brady For Marching Event

The Winters High School Blizzard band will participate in the University Interscholastic League marching contests at Brady, Saturday, November 23. The band, under the direction of Kirke McKenzie, is being used for the same marching formations for halftime activities at football games they will perform during the contests in Brady.

C. of C. Committee Begins Drive To Sell "Shares" In Livestock Show

The Agriculture Committee of the Winters Chamber of Commerce this week will begin a drive to sell "shares" in the annual FFA-4-H Livestock Show, scheduled to be held here in early January.

The Chamber of Commerce has pledged \$1,000 to be paid to youths entering livestock in the annual show. Merchants and individuals in the Winters area will underwrite the project by buying "shares" in the show, at \$10 per share. Participation in the "share" buying will not be confined to Winters proper, but will include residents of the entire North Rannels County and Winters School District area.

1968 Blizzard Roundballers Open Season With Games at Wylie, Eden

The helmets, shoulder pads, and the little oblong pig skin have all been hung up for another year while the boys that bounce, pass, and shoot the round ball have just begun preparation for the 1968-69 basketball season.

The young chargers of Blizzard Country are primed and ready to make their first bid for the district championship since 1965. There are several obstacles that will be faced during the year, but the Winters' lads have the best chance in years to bring winning basketball back to Blizzard gym.

Their first chance will be Nov. 25 in Wylie when they take on the tough Bulldogs. This will be a real test for Wylie returns the same team from last year, and they won a lot of games. The second game will find the Blazers traveling to Eden for an A and B boys game. The Blazers then march into town after the Thanksgiving holidays on December 3, for a rematch with the Wylie Bulldogs.

The 1966-67 Blizzard team went winless. The first edition Coach Jerry Neely's Blazers broke that streak with a win over AAA San Angelo Lakeview last December, and then continued on to win several games during the course of the season. However, the loss of four of the five starters could get the young Blazers off to a slow start, but this isn't likely.

Other senior members of the Blizzard Band also were introduced at this last football game. They include Phil Harrison, Ron Miles, Gary Jacob, and Darrell Hill. Senior band members who have been on the football squad and were not present during the halftime activities were Charles Mathis and Robert Moore.

Post Office To Be Closed On Thanksgiving

The Winters Post Office will be closed all day Thanksgiving Day, Thursday, November 28, Postmaster H. M. Nichols has announced.

No city or rural mail delivery will be accomplished, but box holders' mail will be distributed, it was stated.

Full Fare Of Basketball For Next Few Days

A full schedule of basketball games has been signed for Winters school boys' and girls' teams for the next several days. On Friday, November 22, the girls' A and B teams will go to Eldorado.

Boys' A and B, and Girls A and B teams will play four games at Wylie Monday, November 25, beginning at 5 p. m. Also on November 25, the eighth grade boys and girls will play at Jim Ned, starting at 6 p. m.

Girls' A and B teams will host Eldorado girls here Tuesday, November 26, beginning at 6:30 p. m.

Health Career Program Given At Local School

Spencer Guimarin, a director of the Texas Health Careers Program, presented a program to students of Winters High School last Wednesday in an all-school assembly.

He pointed out the advantages of careers in the medical and hospital fields, and also the shortages of trained personnel in these careers. The Texas Health Careers Program is affiliated with the Texas Hospital Association and is a project of the Texas Hospital Education and Research Foundation.

Has Your Group Signed Up For Xmas Parade?

Has your organization or group signed up to take part in Winters' Christmas Parade, scheduled for Saturday, December 7?

If you belong to an independent non-profit organization in the Winters area, you are invited to join in this event. The Chamber of Commerce will provide your organization with \$25 cash to be used in decorating a Christmas-theme float for the parade. A limit of eight has been placed on C. of C.-financed floats.

Judges will pick the three best floats in the parade, and the first three place winners will receive \$35, \$25, and \$15 in cash.

However, if your organization wishes to build and enter a float without assistance from the Chamber of Commerce, it will be welcomed to compete for the cash awards.

Phone Mrs. Emma Marks at the Chamber of Commerce office to enter your float in the parade. There are only a few more days left.

Main Radio-TV To Give Demo Of Appliances

Main Radio-TV will host a demonstration of the stainless steel electric small appliances of Farberware, Saturday, November 23. Visitors will see the fabulous Farberware "Open Health" broiler - rotisserie — cooking a 15-pound turkey.

Main Radio-TV will hold a drawing at 5 p. m. Saturday for the fully cooked turkey.

Also on display will be the full line of other Farberware appliances — coffeemaker, frypan, can opener, blender, broiler and Farberware's answer to no-scrub, non-stick cooking.

Melba Lewis To Attend Rice University in '69

Melba Lewis, senior student at Winters High School, has been notified that she has been accepted as a student at Rice University, Houston, beginning with the 1969-70 school term next September.

Miss Lewis is the daughter of Mr. and Mrs. Albert Lewis, Route 4, Winters.

She attended the National Science Foundation Program at Texas Women's University at Denton last Summer.

Winters Schools Out Wednesday For Thanksgiving Rest

Winters schools will dismiss at 3 p. m. Wednesday, November 27, for the Thanksgiving holidays. Buses will make regular routes. Classes will resume on regular schedule Monday, December 2.

The annual citywide Community Thanksgiving Service will be held at the First United Methodist Church Wednesday evening, November 27, beginning at 7:30 p. m.

The service is sponsored by the Winters Ministerial Alliance. Pastors of the various churches in the community will share in leading the services, and the sermon for the evening, entitled, "What Makes Thanksgiving Christian?" will be delivered by the Rev. James Sinclair, pastor of the First Presbyterian Church.

A special musical program will be presented by the choir of the First Baptist Church, under the direction of Tommy Seymour, minister of youth and music of the church.

A special offering will be taken for use by the ministers in helping the needy of the community and in adding those from out of town who have no other source of welfare services.

The ministers of Winters invite the public to share in this annual gathering for praise and thanksgiving.

Two Winters Postal Clerks Get Rare "Superior Accomplishment Awards"

Two clerks in the Winters Post Office last week received one of the top U. S. Postal Service awards, the "Superior Accomplishment" award, and \$250 each, in recognition of their performance during the past several months.

O. J. Murray, chief clerk, and Dennis Rodgers, clerk, each received the certificate and medal which accompanied the award, and the cash bonus, for their accomplishments since April 30, 1968.

Edwin I. Fisher of Abilene, Postal Service Officer, made the presentation in the office of the Winters Postmaster last week.

The letters accompanying the certificates stated that both Murray and Rodgers were appointed. The letter of recommendation stated that neither "had applied for the position of postmaster" upon the retirement of Pace, and had had no experience prior to this time in "any supervisory capacity. Despite this lack of training, they accepted the duties and responsibilities of the office of postmaster, and continued to work as clerks in the Winters office while performing the duties of postmaster as time permitted, during the work day, completing this work as postmaster on their own time after the office was closed, with no thought of additional compensation. Their only desire has been to maintain efficient postal service for the patrons of the post office."

Also, in the letter of recommendation forwarded by Fisher it was pointed out that these two men had "turned back 885 unused clerk hours since April 30, 1968." (The local post office is allotted so many man-hours each year in which to perform the work assigned.)

SPECIAL HOLIDAY SAFETY MESSAGE FROM TEXAS HIGHWAY DEPT'

Thanksgiving — a traditional time for family gatherings — brings many additional travelers out on the highways. Everywhere, family groups and football fans en route to traditional Thanksgiving Day rivalries will be illustrating that "highways are for people."

The Texas Highway Department strives to make the 68.8 thousand miles of highways under State maintenance as safe and convenient for travelers as possible.

Construction areas, however, pose special problems, even though every effort is made to move traffic through them safely and with a minimum of inconvenience.

Dorcas Class Meet
Hosted Thursday By
Mrs. R. D. Collins

Mrs. R. D. Collins hosted the regular meeting of the Dorcas Sunday School Class at 7 o'clock Thursday evening in her home 315 East Truett. Mrs. Myrtle Wilbanks was Co-host.

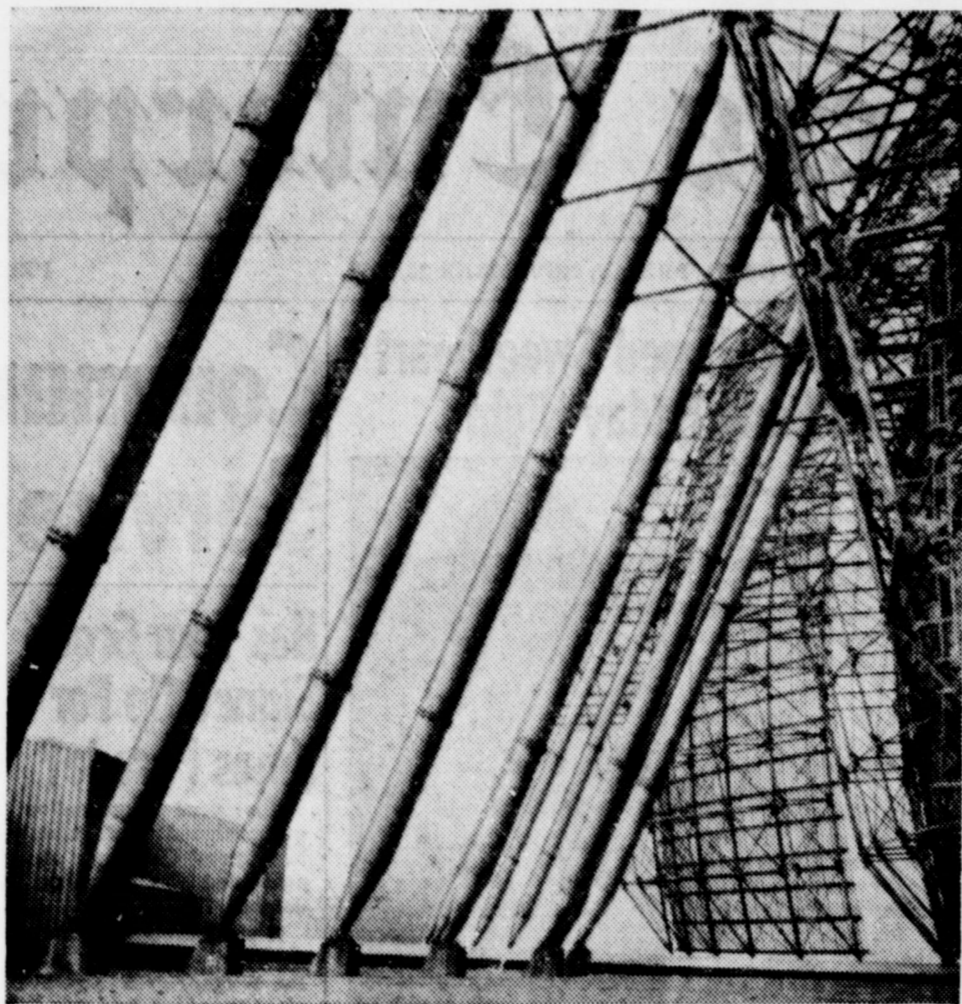

The president of the class, Mrs. Lettie Davis, presided and the opening prayer was given by Mrs. Lora Coupland.

Mrs. Collins also called the roll and members responded with a verse of scripture.

"Come Before Him With Thanksgiving" was the topic for the devotion given by Mrs. Velma Hart. Class members discussed the Christmas Party which will be December 12, in the Fellowship Hall at the church. Husbands will be invited guests.

The Lottie Moon and Love Offering was given and the closing prayer was by Mrs. Buck Smith. Mrs. Myrtle Wilbanks conducted a Bible quiz as the diversion.

Refreshments were served to Mesdames Velma Hart, Buck Smith, Jewel Gardner, Lora Coupland, Myrtle Wilbanks, Lettie Davis, Grace Waggoner and a visitor, Mrs. J. H. Oliver of Los Angeles, California.

About the only similarity between a tent of 20 years ago and one today is the name.

Remember when erecting a tent used to be an arduous, time consuming task for several men? Well, now-adays one man can erect a large tent in mere minutes, with very little fuss and bother. (Any person praising the "good old days" isn't camping out in a tent.)

There are several reasons for this new look in tents. For one thing, the boom in family camping opened up a vast new market. It is stimulating new manufacturers and creating a healthy atmosphere of competition. Another important motivating factor is the myriad of new lightweight materials.

Back there "when," the tent market was primarily the military, Boy Scouts and a few outdoorsmen who really believed in "roughing it."

Today you are more likely to find men, women and children occupying tents. This market definitely has changed and the industry has had to change with it.

Not only are modern tents more practical and flexible, they are better shaped and better ventilated. Furthermore, with their bright colors they are much more pleasing to the eye. Answer here is that women campers have demanded more fashion and color in tents.

Old tents primarily were constructed of "army duck" canvas that weighed about 12.29 ounces a square yard. Ridge Poles were formidable, wooden jobs, bulky and heavy. A typical four-man tent made from army duck weighed about 80 pounds.

A modern type of comparable size, however, weighs as little as nine pounds. It has an outside frame of durable, lightweight aluminum and it is made of silicone-treated nylon. This material is much lighter, more weatherproof and far more rot-resistant than canvas.

Today's tent also is much more comfortable. Even the inexpensive models have floors, windows, screen doors and storm-flaps. A typical floor is vinyl treated, tough, smooth for cleaning, and built tight to keep out all insects and other pests. Once the screened door and windows are zipped, no unwelcome intruder can get inside.

Another nice thing about the modern tent is that it folds into a neat, compact package for easy portage in the family automobile. Its soft, light, nylon material folds into a small pack and its light aluminum framework is constructed of tubular, telescoping frames. These modern frames can be carried conveniently, erected easily, and assembled outside the tent with little effort.

Tents nowadays come in a-bout every shape and size imaginable, from tiny two-men pup tents to huge shelters that will take a family of eight.

Old tents were mostly of a standard design, but today the choice includes such shapes as cottage, leanto, igloo, wing, umbrella and pyramid designs.

If you are thinking about purchasing a tent, don't be hasty. Look around and compare the various models. Most important consideration is your specific needs and budget.

If possible, always get a tent the next size larger than the one you think you'll need. That extra room is a blessing, and with today's materials, even a fairly large tent is compact to carry and easily erected.

Take care of your investment and it will last indefinitely. Tents of today are made to last.

History Group
Told Of State
Award Saturday

Rankin Pace of Winters, chairman of the Runnels County Historical Survey Committee, announced at the regular meeting of the committee last Saturday, that the Runnels County Committee had received one of the top three county recognition awards in the state for permanent preservation of committee activities and county history.

Mrs. George Poe of Winters, secretary of the RCHSC, prepared the scrapbook which received honorable mention and will be exhibited at all regional meetings.

Runnels County also received the Distinguished Service Award. County Judge W. H. Rumpy presented certificates of achievement to each Survey Committee members.

George Garrett of Winters reported on the proposed county place mats. They outline a complete tour of Runnels County, beginning in any community. They will include historical markers and points of interest in each community. Members of the committee working on this project are Garrett, Mrs. J. Dexter Eoff and Mrs. George Poe.

Mrs. Loyd Roberson of Winters gave the treasurer's report. She emphasized that anyone in Runnels County may become a member of the State Historical Foundation by making a contribution directly to the Foundation in Austin or by contacting any member of the county survey committee who will handle the donation for an individual.

Mrs. Edgar Boelsche reported on the recent State Historical Survey Committee meeting in San Antonio, and discussed the proposed Runnels County History. Anyone with deeds, records, newspaper files or other historical information they are willing to share with the committee is asked to contact a member of the county committee. This may be either a gift or loan of material to the committee.

Mrs. J. Dexter Eoff, marker chairman, requested that the marker questionnaires be returned by December 1.

In the absence of Mrs. Dalton Lacy of Miles, J. E. Blackwell reported that plans are underway for a marker dedication in Miles in early December. A special program will mark this event as the first state marker dedication in the Miles Community.

SPILL BROS. CO. Winters, Texas

A dramatic 40 per cent increase in benefits to injured Texas workers is proposed in compromise legislation agreed to by labor, employers and trial lawyers.

AFL-CIO, Texas Manufacturers Association and Texas Trial Lawyers Association unveiled details of agreement on "workmen's compensation administrative reform bill" which will go to the Legislature in January.

Proposal would raise the maximum weekly benefits for on-the-job injuries from \$35 to \$49 during time lost from work. This will cost employers 18 per cent more in insurance rates—or about \$36 million in additional annual premiums.

While employers apparently are satisfied with that, state and local governmental employees would also be brought under terms of the bill, and that will mean a cost to taxpayers estimated at two to three per cent of payrolls. Opposition is expected, particularly from city and county officials.

Highlights of the bill in addition to the benefit hike and coverage to all governmental workers include:

Raising total and permanent disability recovery ceiling from \$14,035 to \$19,649 and death coverage from \$12,600 to \$17,640.

Provisions for pre-hearing conferences by Industrial Accident Board examiners, to save time and money.

Encouragement of employers to continue paying part of injured employees' wages until workmen's compensation benefits begin, with reimbursement guaranteed for 10 weeks' maximum from insurance carriers.

Granting Industrial Accident Board authority to require medical evidence.

Establishment of uniform attorneys fees not to exceed 25 per cent of recovery regardless of whether court appearance is necessary. (Lawyers are now limited to 15 per cent for cases settled before the Board and 30 per cent if they go to court. Board and court will set fees.)

Sponsors term the bill "fair to all."

COURTS SPEAK

Reversing the intermediate court, State Supreme Court held that an oil well servicing company could not be sued for damages in an illegal slant-well case even though it knew the well was out of line.

In a pair of cases, the High Court overruled lower courts and upheld State Savings and Loan Commissioner, James Gerst. Commissioner had refused application of Mission Savings and Loan Association for a Northeast San Antonio site, granted Richardson S&L application and denied Guardian S&L bid.

Some discount houses are starting to stay open both Saturdays and Sundays, in violation of blue laws which are being tested in appellate courts after a Midland district judge ruled them unconstitutional.

Supreme Court refused to direct a Tarrant County judge to change his verdict that a Fort Worth man was insane before and after he was charged with rape of a young mother and drowning of her two children.

Court of Criminal Appeals called for a new trial in a Harrison County murder case because the state impeached its own witness.

ATTORNEY GENERAL RULES

Deaf and blind students are exempt from all fees at state colleges except property security charges and deposits, lodging, board or clothing. Atty. Gen. Crawford C. Martin said in a new opinion.

In other recent opinions, Martin concluded that:

A justice of peace has authority and duty to require a court reporter to prepare examining trial proceedings for proper court.

An administrative judge's term expires with his regular term of office, but he can be appointed for four more years after retirement.

School district personal bonding requirements are satisfied

when bond is signed by a bank officer or other authorized agent, and bond so given fulfills requirements of security for funds deposited from sale of school bonds.

MAJOR COLLEGE DECISIONS DUE

Coordinating Board, College and University System will make showdown decisions on dental, medical school and North Texas higher education needs here on December 3.

In a day-long public hearing November 11, Board heard rival bids of San Antonio and Dallas as site for the new dental school. Houston, Austin, Lubbock, Amarillo and Temple all want the next medical school. Board's staff recommendation to bring campuses at Arlington and Denton under a single "urban university"—governing board received strong criticism.

FACTORY AID EXPLORED

Whatever the Coordinating Board decides, Texas obviously will need more teachers for institutions of higher education. To get those, and to keep the ones now teaching, a senate committee headed by Sen. D. Roy Harrington of Port Arthur will propose state payment of moving costs for new faculty members' families and free parking space.

If just a few of the proposed changes in education come about, you can see new taxes will come about, and not the least of the tax-provoking proposals will be a public school teacher pay raise of \$1,800 over the next two years.

MONEY-SAVING IDEAS LAID OUT

Senate Committee on Economy in Government, chaired by Rep. Bill Patman of Ganado, is looking at ways to save taxpayer dollars. Texas Research League, a non-profit state helper, already has given the committee a few suggestions:

(1) Centralize all janitorial, mail and messenger, office supply and duplicating services, instead of allowing each agency to budget them separately;

(2) "Look at" state employee travel costs, and allow air travel when it would be cheaper than auto transportation;

(3) Convert McKnight State Tuberculosis Hospital near San Angelo into a school for the mentally retarded, and allow other TB hospitals to take indigent for illnesses other than tuberculosis;

(4) Save \$4 million a year in prison and welfare costs by providing a more efficient system of parole;

(5) Classify more "realistically" highway and road construction;

(6) Save close to \$93,000 a year by abolishing the Board of County and District Road Inedtedness and letting the treasury take care of that function;

(7) Develop a more meaningful information network than the present proliferation of electronic data processing equipment.

SCHOOL FUNDS RECEIVED

Texas Education Agency has been allotted \$10 million in federal funds for elementary and secondary schools and programs for handicapped.

More than \$8.4 million will go to finance supplemental education facilities statewide. Grant of \$1.2 million will help strengthen state administration

and identify needs. About \$1.2 million will go to programs for handicapped. Smaller grant of \$29,405 will help strengthen arts and humanities programs in public schools.

SHORT SNORTS

Texas Liquor Control Board will hold a public hearing here November 25 on its proposed new rules and regulations for private clubs, one of which would require permanent and recorded memberships.

Jim D. Vollers of Beaumont will succeed Leon Douglas as the state's attorney in Court of Criminal Appeals when Douglas moves up to judgeship January 1.

Hattie Joann Hagle, Robert Garland Sherman, Married Wednesday

Hattie Joann Hagle, daughter of Mr. and Mrs. C. G. Hagle, became the bride of Robert Garland Sherman when they recited their marriage vows Wednesday evening at 8 o'clock in the home of the bridegroom's mother, Mrs. Garland Sherman, 803 North Concho.

The Rev. Jack Davis, officiated for the double ring ceremony.

Attendants of the couple were Earl Shannon of Abilene, served the bridegroom as best man and Linda Sue Tischler as maid of honor. She wore a formal hot pink dress with bell sleeves. Her headdress was a small veil and wore a corsage of white carnations.

Given in marriage by her father the bride wore a pink taffeta formal dress fashioned princess style with long sleeves. She carried a bouquet of white carnations atop a white Bible.

A reception was held in the home following the wedding ceremony.

The refreshment table was laid in white cloth with the

punch bowl surrounded by greenery at one end of the table and the three-tiered wedding cake decorated with pink roses was topped with miniature bride and groom figures. The host, Richard Ray Simpson, ladeled punch and the hostess, Jan Hagle, served the cake.

For her wedding trip to Mexico the bride changed to a pink plaid dress and white accessories.

The bride is a senior student in Winters High School. The bridegroom attended Winters High School and is now employed by Winters Construction.

Billy Ray Howard Died Tuesday Of Gunshot Wound

Billy Ray Howard, 37, of Winters, died at about 5 p. m. Tuesday from a gunshot wound from a .30.30 rifle received on the Merle Proctor farm eight miles north of Winters.

D. W. Turner, Ballinger Justice of the Peace, was called to the scene, but no ruling has been made in the case.

Runnels County Sheriff Don Atkins, who investigated the accident, said Howard had gone to the farm to visit Proctor, but Proctor was gone. As Howard was leaving, two Proctor employees, Bob Rainey and Vernell Grant, said they heard a gunshot and upon investigation found Howard dead.

Funeral services were held at 2 p. m. Thursday from the First Baptist Church, with the Rev. Harry Grant, pastor, the Rev. Virgil James, pastor of Southside Baptist Church, and the Rev. Glenn Bowman, pastor of First United Methodist Church, officiating. Burial was in Lakeview Cemetery under direction of Soill Funeral Home.

Billy Ray Howard was born at Hico May 29, 1931. The family moved to Winters in 1935 and have lived here since. He married Mrs. Joann Davis Nov. 16, 1963, at Winters. He was a self-employed custom combine operator.

Survivors include his wife; one daughter, Cassie Jo Howard; two step daughters, Cindy and Dana Davis; one stepson, Mitch Davis, all of Winters; a brother, Shirley Howard of Winters; three sisters, Mrs. Glen Smyth, Mrs. Dee Ballew and Mrs. Edward Clift, all of Abilene.

Pallbearers were Dr. H. H. McCreight, Edwin Hart, Butch Poe, John E. McAdoo, all of Winters, Leighton Knox of Tahoka, Glenn Clark of O'Donnell, Johnny Kellihor of Alice, and Kendall Badgett of Abilene.

It takes almost as much energy to be indifferent as it does to be positive.

The Winters Chapter of Future Farmers of America is in process of getting prepared for the District FFA contests which are to be held in Coleman Tuesday, November 26.

The Senior Chapter Conducting team, the Junior Chapter Conducting team, and Farm Radio teams will represent the local chapter.

The Senior Chapter conducting team is composed of Randy Bredemeyer, Hudon White, Jim Parramore, Richard Sharpes, Merrill Alexander, John Smith and Ricky Marks.

The Junior Chapter Conducting Team is composed of Mike Smith, Lynn Giles, Dane Bishop, David Wilson, Jimmy Benson, Billy Tischler and LeeRoy Harris.

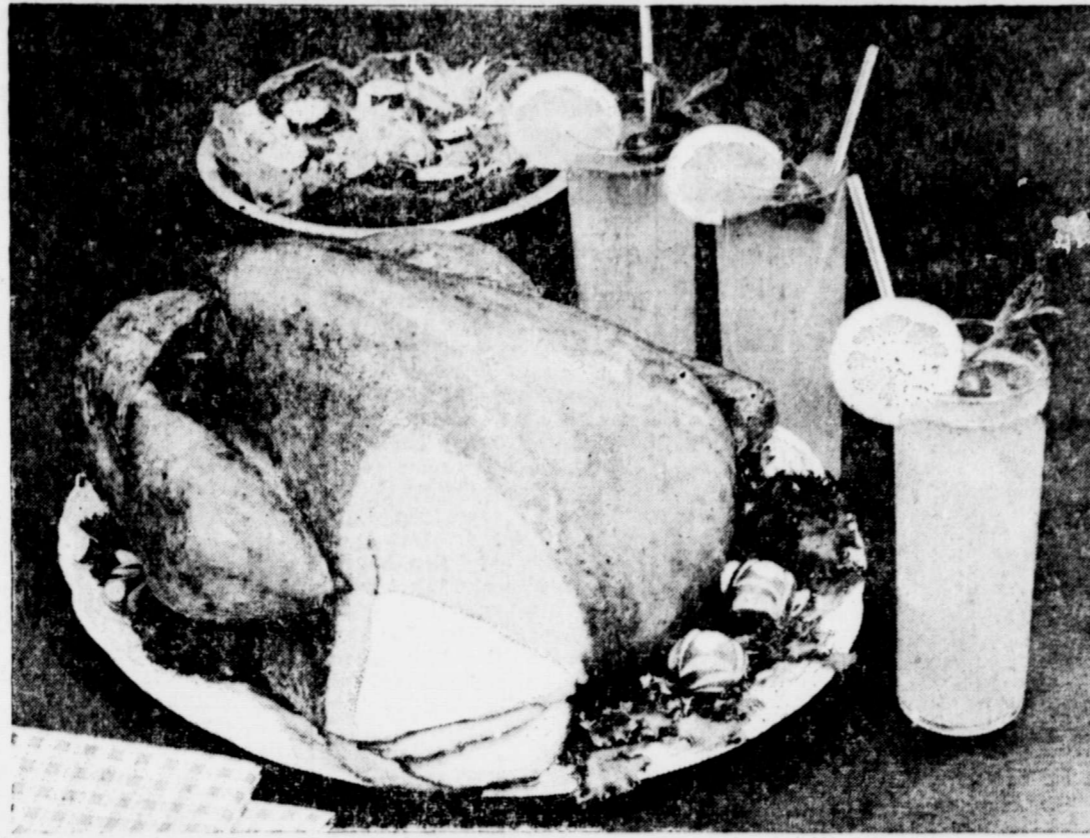

The Chapter Conducting contests is a parliamentary drill which lasts for about 20 minutes. The teams are required to do problems in parliamentary procedure and then answer questions on parliamentary abilities.

The radio team will have a script on "How To Tell When To Call the Vet." Team members are Michael O'Dell, Tony Ash and Charles Brown.

These teams will be competing against other chapters in the Coleman district. All boys are working very hard in order to be able to bring back three first place banners from Coleman.

B Team Climaxes Winning Season With 32-0 Romp Over Coleman

Winters B team completely shut out the Bluecats from Coleman by the score of 32-0. The fool-proof defense of the Blizzards didn't allow the Coleman lads a first down until the second half.

Winters went onto the field with fire in their eyes, and the Bluecat fire prevention crew had much difficulty in convincing the fiery Blizzards that they were breaking the Coleman city ordinance.

The young Blizzards wasted no time after receiving the opening kick-off in their search for the goal. Von Byrd reeled off three successive gains before Hudon White hit Mike Mathis on a thirty yard pass and run play. With the ball resting on the ten yard line Mathis scrambled his way to the five on a power play; then little Von Byrd wouldn't take no for an answer before he came back to the huddle six points richer. The extra point failed leaving the Blizzards 6-0 with only 3 minutes gone.

The Blizzards then kicked off to Coleman, and the mighty B Team defense held the Bluecats to minus yardage which has become the normal procedure for Joe Ivey, Tommy Jones, Mike Emmert, Joe Lujano, Joe Pritchard, Bill Baldwin, and Terry Awalt. On receiving the punt the B boys went straight to work. Joe Pritchard, Von Byrd, and Mike Mathis huddled the defense for several yards, then on first down White hit Byrd on a screen pass to the left side which netted the offense 25 more yards. The Blizzards were penalized on the next play which moved them 15 yards farther back, but that did not faze the offensive minded Blizzards. Quarterback White called on the same play that broke the Lakeview Chiefs back the week before. He pitched to Mickey Smith who appeared to be sweeping around right end. Just before Smith cut up field, he turned and threw a backward pass to White who had slipped to the opposite side of the field. White then turned to find Terry Awalt standing alone; the dust settled and the Blizzards were sitting on the Coleman 2 yard line with a first down. Joe Pritchard drew the

lucky number and pounded into the end zone. White then punted into the end zone again on the extra point making the score 14-0.

The Blizzards then obtained the ball from a Coleman punt, and prepared for their journey toward the enemies goal. Mathis gave the big gain on a counter over left tackle for 20 yards. Hudon White then carried four straight plays and another Blizzard score, which now read 20-0.

Just before the second quarter began the Blizzards started another drive which netted them another TD. Mathis gave the big gainers on the ground with Mickey Smith tossing 20 yards to Awalt for the major air assault. Mathis then scooted over from the 1 for the score. The half-time score remained 26-0.

The Blizzard reserves carried much of the second half. The momentum of the Blizzards was lacking after completely smashing the Coleman people during the first half. However, there was one more touchdown by White which gave the final score 32-0.

Von Byrd was the leading ground gainer with 89 yards. Mike Mathis with 65 and White with 58. White was the leading chucker with 9 of 15 for 136 yards. Mickey Smith had 2 of 2 for 41 yards.

Blizzard offense rolled up 377 yards. The Blizzards have averaged 341 yards per game for the last four games which were all victories. Their opponents have averaged a minus four yards per game rushing and 49 passing.

The young Blizzards had two games cancelled this year by C-City and Coleman. Each time that the B team played these teams they decided to beat them twice as bad in order to show the other game would have been just as bad. If this had been true, the season record for the Blizzards would have been 7-2-1.

Coach Neely has expressed his appreciation for the fine attitude, pride, and desire among this group of boys, the essential ingredient for winning football games.

Mrs. Juanita O'Connor's Weekly Home Demonstration Agent's Column

After all the dressing and gravy have disappeared and those nice slices of turkey have been used up, there are sure to be several cupfuls of meaty chunks of your Thanksgiving bird left over. This meat is perfect for Turkey Shortcake—pieces of turkey plus a little ham in a rich gravy served over light, tender, flacky biscuits.

Good biscuits are essential to the success of this dish. And biscuits made with a solid all-vegetable shortening are best since they have a mild delicate flavor that in no way interferes with that of the turkey and gravy.

Blending the shortening with the flour is one of the most important steps in biscuit baking, since properly blended shorten-

ing makes them light and tender. Mrs. O'Connor suggests using a pastry blender as the easiest way to cut shortening into flour. These are available in most any housewares store. However, you can use two knives or a fork.

Kneading biscuit dough is another important step in turning out a good biscuit. After you have stirred the milk into the flour — shortening mixture, place the dough on a floured surface and knead it about 10 times, using the heel of your hand. The palms of your hands are warmer than the heel and may melt the shortening, making an oily biscuit. This kneading step insures properly blended ingredients. Dark specks on the top of baked biscuits indicate unbleached salt, baking powder or baking soda.

Moore, and Howard Thomas pushing them. Reece got the starting call several times last year, and if his ball handling and defense improves, his shooting machine could move someone out. Robert and Howard are both senior eligibility boys and will definitely be heading for that starting call.

Rounding out the forward positions will be Biff White, Tommy Jones, Randall Sneed, Bill Grantz, and Johnny Cathey. Senior Biff White was one of the steadiest performers last year with his standout performance coming at Hamlin when he tossed in 12 points in a six minute spand. Tommy Jones, who is up from a B team that won twenty games, is one of the most improved boys on the team. His rugged play under the boards and improved shooting could allow him to gain a lot of playing time. Bill Grantz, who played beside Jones on the B team, is another rugged boy. He, along with Jones, could show a few things to some of the other boys. Randall Sneed is a newcomer to the game, but the six foot one inch junior is going to be heard from before the season is over. Johnny Cathey was one of the leading scorers on the successful B team last year and should continue in the same line.

This rounds out the boys that will most likely be pushing for the ten varsity positions. The competition among the boys is so great that there will probably be changes made weekly on the starting five as well as the traveling ten.

The Blizzards are expected to be a fast breaking and pressing team this year; however, a deliberate offense will prevail when this is halted. The type offense used was obtained from Pampa High School and Kansas State University. The triangle type offense is also being run by the University of Texas and TCU.

Jimmie R. Glascock, Tom R. Hancock Married In Dallas Presbyterian Church

Jimmie R. Glascock, daughter of Mr. and Mrs. M. L. Lewis of Dallas, and Tom R. Hancock were married Saturday November 16, at 10 o'clock in the morning at the Bethany Presbyterian Church in Dallas. Parents of the bridegroom are Mr. and Mrs. L. R. Hancock of Wintgate.

The Rev. Bill Beardon, pastor of the church, officiated for the marriage ceremony before the altar decorated with bouquets of autumn flowers on either side of the altar.

The matron of honor was Mrs. Judy Thompson, who wore a yellow dress and carried a bouquet of yellow chrysanthemums. Jerry Watson of Dallas served the groom as best man.

The bride chose for her wedding a champagne colored silk dress designed with long sleeves and overskirt. Her headdress was of matching color Dior bow and short veil. She carried a bouquet of Lillies of the Valley with long white satin streamers atop a white Bible.

The bride is a graduate of North Texas University at Denton where she received her A. B. degree and her Masters in Education. She is an interior designer.

The bridegroom is a graduate of Winters High School and has a B S from the University of Texas at El Paso. He is a geologist with Standard Oil

Company and resides in Corpus Christi.

The reception, immediately following the wedding, was in the form of a wedding breakfast in the banquet room of the Town House Hotel in Dallas.

Mr. and Mrs. Hancock flew to Mexico City and Vera Cruz for their honeymoon trip. They will make their home in Corpus Christi.

Advisory Group For Head Start Will Be Named

A meeting has been called for Tuesday, November 26, to elect members of an advisory committee to work with the Winters School's 1969 Head Start project, James J. Jones, the project director, has announced.

The meeting will be in the Elementary Junior High School library at 7 p. m., and is for all parents of children who will be eligible for the Head Start program next year.

Although the Federal-funded program does not begin until June 9, 1969, Jones said committees must be named this month.

Winters Independent School District has applied for a grant from the Office of Economic Opportunity for a Head Start program for next year. The program will begin June 9 and end August 1. This program is for children who will be eligible to enroll in kindergarten or first grade in September.

Jones said that although the final grant approval has not been made, it is necessary to begin identifying children eligible for the program. Information sheets have been sent out to be filled out by parents who expect to have children enrolled in the program. The information forms must be presented in person to the project director or to the Elementary Principal's office, Jones said.

Blizzards Lost Last Game of 1968 Season to Coleman Bluecats, 24-7

The Winters Blizzards dropped their last 1968 football game to Coleman last Friday night, losing to the Bluecats 24-7, on a muddy field.

The first quarter of the game was a see-saw contest, and then the Blizzards took first honors in the second quarter. The Blue Bunch drove 76 yards in five plays, with halfback James Greer ripping over for the counter on a four-yard run. David Harrison kicked the extra point.

Coleman wrote up 17 of their total in a four-minute period just before halftime. Taking advantage of a short punt, and a penalty to gain possession on the Winters eight, with 4:03 left

Jarman SHOES FOR MEN

\$12.95

Slip into style... ENJOY JARMAN'S FRIENDLINESS OF FIT

The story here (a true story) is that this Jarman offers more casual good looks and comfort than most any shoe you can find. The handsome "sideline" stitching is hand sewn. The upper leather is supple grain. The construction is genuine moccasin, for durability and wearing ease. The price is surprisingly modest. The thing to do, therefore, is come in right away and try a pair.
