HOME TOWN Talk

By R. C. THOMAS

Whew! 1968 was a humdinger, wasn't it? Most everything that could happen, did happen! The rapidity of the happenings leaves one a bit groggy! The year opened with a flourish, and then began to slap everybody around like a bean bag! The capture of the Pueblo by the commies; the two assassinations; the riots; the national conventions; the riots; the presidential campaigns; the riots; the local, state and presidential elections; the riots! Then came a little balm for our bruises: the release of the Pueblo crew . . . and to cap the year, the great good feeling of being eyeball witness to what probably was the greatest happening in two thousand years—the trip to and around the moon by three Americans! That feat alone was almost enough to make up for the chousing around we had been receiving all year!

Aside from everything else, every presidential year is a busy year. But 1968 seemed a bit more so, for some reason. Perhaps it was because the campaigns began the year before, and stayed with us so long. Perhaps it was because the people were bombarded from every side and in every imaginable manner by what seemed an unending stream of pleadings from and information on candidates and potential candidates. Constant hammering coverage by television — which is wholly dependent upon action (actual, fancied or contrived) for survival — multiplied the bombardment. Then when it was all over, a collective sigh of relief was audible.

The months-long political campaigns and accompanying trappings were almost enough to make some of us want to pull back and try to forget about anything connected with politics for a couple of years, anyway. But we can't—if we ever do relax, we've had it, literally and figuratively. That is the reason it is so important for us all to remain constantly alert toward our politics, and to make sure that we are at all times qualified to participate.

That is the reason that we should at this time make certain that we are registered to vote. Without that registration slip, we will surely be left out in the cold when it comes to being permitted to have a say in the way things are run. 1969 will be a so-called "off" year; but there still will be elections in which we will want to take part: city, school district, special districts; and we can never tell when something special will come up which will affect us.

If you haven't registered to vote, you have only the month of January to get it done. You can register at the sub-office of the Runnels County Tax Assessor's office here in Winters. Hours are 8 to 5, with the office closed during the noon hour. Mrs. Ted Meyer, the deputy clerk in the Winters office, says very few have registered thus far.

Get that registration slip this month, or forget about having a part in running your government this year.

Most of the holiday season traffic has already pulled off the roads, and most of the heaps of gasoline- and blood-soaked tin and iron which used to be auto-

HUNTERS' REWARD—Game larders of several local sportsmen were more than replenished recently with the addition of more than 1900 pounds of elk and deer meat, brought back from a hunt in northern New Mexico. The take included four elk and five bucks. The hunters who made the trip to Tierra Amarilla, N. M., and displaying the heads and racks of their game were, left to right, A. E. Holbrook of Ballinger, Bill Buchanan, Weldon Minzenmayer, Lynn Billups, of Winters, and Ed Gottschalk of Norton. One of the bucks will go into the record books, receiving 197 "Boone and Crockett" points. The rack from one of the elks measured 50 by 50. One elk weighed 530 pounds dressed, and one 517 dressed.

IN ARIZONA—Award-winning conservationists Noble L. Faubion, left, and Jake Presley, center, of Winters, learn about crop scheduling on a desert farm as George Busey, vice president and general manager of Goodyear Farms, explains his land-use program. The two visitors to the Goodyear Farms at Litchfield Park, Ariz., were among the 106 winners in the Goodyear Soil Conservation Award program on a four-day vacation-study tour of the farm, resort and planned community complex at Litchfield.

Lions Hear Brief Discussion On School Re-Districting

If the recommendations of the Governor's Committee on Public School Education are accepted and enacted into law by the State Legislature this year, most of the State's towns the size of Winters, and even larger, will lose their schools.

The Committee has recommended that most of the existing school districts be abolished and that larger districts be organized, with one central school district to serve the entire larger district. In many instances, this would mean only one school per county, in those counties of comparatively low population, probably located in the population center rather than a geographic center.

The Superintendent of Winters Independent School District, Carroll Tatom, at a meeting Tuesday of the Winters Lions Club, made a brief explanation of the Committee's recommendations and of the bill which probably will be introduced in this year's session of the Legislature.

Following the brief discussions, there was talk among some of those present that a public meeting should be held at which time a broader study of the recommendations could be made. There were some who said they would like to work to organize such a public meeting, to be held in the next few weeks prior to the time the proposed legislation goes to the State Legislature for action.

Superintendent Tatom told the Lions, "At the present time the Committee recommends that all districts be divided into districts no smaller than 2600 students. For Runnels County, the proposed district would (include present Winters, Ballinger, Olten, Miles, Wingate districts)."

Using reflection transparencies, Superintendent Tatom showed that the geographical center of such a proposed district would be near the center of Runnels County, just a bit west of Hatchell. "But the population center (of the recommended district) would be at Ballinger."

The superintendent also explained briefly the financial phase of the recommendations concerning the redistricting of the Runnels County schools. These proposals, on the surface, indicate that the present Winters district would be carrying a larger financial load than the present Ballinger district.

The proposed legislation, it was explained, would require that a "county committee" be named, comprised of 10 people. The State Board would choose five of those people to serve as a committee for reorganizing the schools, to propose location of the district, and the location of the schools, to be approved by the State Board. Implementation would be effected by February 1, 1971, and a county-wide election would be held to elect a school board of seven members. It was pointed out that there is no specification in the proposed legislation as to where these school board members would be from. Apparently, school board members would be elected "at large."

Superintendent Tatom said (Continued on page 2)

Winters Faculty Will Meet Hilarious Harlem Stars In Local Gym Monday

The game of basketball will take a beating next Monday night, January 6, in the Winters High School gymnasium. After the Harlem Stars and certain members of the Winters school faculty finish their ball bouncing, the game may become as extinct as the dodo bird.

The hilarious Harlem Stars are coming to town, and will meet a team composed of the coaching staff and other members of the school faculty.

The game will begin at 8 p. m. Admission will be \$1.50 for adults, \$1.00 for junior high and high school students, and 50 cents for elementary students. Proceeds will go into the special school athletic fund.

The faculty team will be composed of the coaching staff, Terry Gibson, Jerry Neely, Chili Black and Tommy Koneczak, along with other faculty members, Jim Jones, Kirke Mc-

C. of C. Board Will Meet Next Tuesday, Jan. 7

The regular meeting of the board of directors of the Winters Chamber of Commerce will be held at 5:15 p. m. next Tuesday, January 7, in the chamber office.

This will be the last regular meeting of the present board of directors, with the new board organizing for the coming year.

All present members of the board are urged to be present to discuss year-end business and make plans for the annual membership banquet scheduled for February 28.

Also, a 11 recently-elected members of the board are urged to attend so that the board can be organized. New members of the board are George Garrett, Jim Cowlishaw, Woodrow Watts, Mrs. Raymond Burns and Jay Dunnam.

R. W. Balke Is Appointed To Masonic Office

R. W. Balke of Winters has been appointed District Deputy Grand Master of the 33rd Capital District, Royal Arch Masons. The appointment was made by Most Illustrious Grand Master Tom Cheatman of the Grand Council of Royal and Select Masters of Texas.

The 33rd district embraces Mills, Brown, Coleman, Coke, Runnels and Sterling counties, with lodges at Brownwood, Santa Anna, Coleman and Winters.

Balke is a past master of Winters Masonic Lodge No. 743, past high priest, Royal Arch Masons, past three illustrious master of Royal and Select Masters, and past grand visitor of Grand Communication of Royal and Select Masters. He also is past district deputy grand master, past high priest of Grand Royal Arch Chapters of Texas, and is past worthy patron of the Winters chapter of the Order of the Eastern Star.

He presently is serving as secretary of the Royal Arch Chapter and Royal and Select Masters of Winters.

Farmers Must File '68 Tax Estimate Jan. 15

Farmers who earned at least two-thirds of their 1968 gross income from farming operations should file their declaration of estimated Federal income tax, including self-employment, for 1968 with the Southwest Service Center, 3651 S. Interregional Highway, Austin, Texas 78746, on or before Wednesday, January 15, 1969. Form 1040-ES should be used for this purpose.

However, Ellis Campbell, Jr., District Director of Internal Revenue for Northern Texas, said that farmers do not have to file an estimate if they file their 1968 Federal income tax return and pay all the tax due by February 17, 1969.

"Farmer's Tax Guide," (Publication 225), which furnishes information on this subject, may be obtained by dropping a post card to Supply, Internal Revenue Service, P. O. Box 1738, Dallas, Texas 75221, or from your county farm agent.

Fishermen who expect to receive at least two-thirds of their gross income from fishing may file estimates or Form 1040 in lieu of an estimate, on the same dates prescribed for farmers.

Winters Students Get Scholarships At Abilene Christian

Two Winters students are among nearly 900 scholarship recipients at Abilene Christian College.

They are Susan Roberts, daughter of Mr. and Mrs. Wayne Roberts, Route 3, Winters; and Jim Vaughan, son of Mr. and Mrs. E. E. Vaughan, of Winters.

Scholarships are awarded on a basis of achievement, character, and need.

14,260 Bales In Winters Warehouse Co.

Winters Warehouse Co. reported Tuesday morning that 14,260 bales of cotton from the 1968 crop had been received from the gins in North Runnels County.

Babson's Business And Financial Forecast For '69

Wellesley Hills, Mass. President Nixon will take over in January in a continuing national and international "state of siege." His major legacy from the outgoing Administration will be Vietnam, a militarily resurgent Russia, inflation, and a dollar that is not yet "out of the woods."

War And Peace

Much of the difficulty in which the United States finds itself today, both at home and abroad, can be laid squarely on the doorstep of a terrible error in national policy. The great mistake was the belief that we could fight a war in Southeast Asia and conduct "business as usual" elsewhere. The result was an immensely unpopular conflict and the setting in motion of a massive inflationary wave. The effects of both tragedies will continue to scourge our people with social divisiveness and economic inequalities for an untold length of time.

Recession Pockets — Peace will not come in Vietnam like the dropping of a curtain. The incoming Administration does not intend to surrender. Hence, the path to peace will be tortuous and, at times, seem without end. But, even though fighting may flare now and then, the consumption of the hardware of death will be considerably less in 1969 than in 1968. This will apply particularly to standard items that are burned up rapidly during heavy and widespread attack and counterattack. As a result, Babson's Reports looks for those concerns and areas that have been heavily committed to the making of bombs, shells, small arms, light ammo, etc., to suffer a slump in business volume and employment as the year wears along.

Boom Spots Too — But, if we may need fewer bombs and less TNT, we shall surely have a lot of work to do in order to catch up in modern weaponry. For while we have been tied down in Vietnam, we have been neglecting our defense posture elsewhere, especially the appli-

cation of the most up-to-date research and development. 1969 will not feel the full impact of the coming arms catchup; but it will see a strong beginning. Emphasis will be on silent submarines, lasers for use with both offensive and defensive weaponry, much more highly sophisticated and computerized control of short- and long-range missiles, deployment of the latest ABM system, greater versatility and mobility in battlefield nuclear "artillery," a completely new tank fleet, another generation of manned attack fighters and bombers, etc. It will all add up to greater spending on new armament than to real saving on cutbacks in the older types. Note, too, that the stress will be on expensive technological devices—requiring highly skilled management and labor.

Space Revival — We have made great strides in space penetration, despite our occupation with the jungles and swamps of Southeast Asia. Yet, our progress has lacked the impetus of the early years after Sputnik. Just now, recurring reports indicate a real likelihood that Russia will score a significant "space spectacular" . . . probably sometime soon. Should this be the case, we foresee a new surge of spending on more massive boosters and on more refined vehicles, both manned and unmanned. Again, observe that the big need will be for skilled men and highly complicated machines.

Russia Resurgent — The Russian Bear is no longer emitting friendly grunts of detente. Thoroughly aroused by near-revolution on his very doorstep—and the gateway to his heartland—by the Czech stirrings for freedom in the summer of 1968, he will not risk any "repeat performance" in 1969. It will be the "hard line" for the Kremlin throughout the coming year; and the Nixon Administration will be shoved off balance many a time. Most ominous is the powerful strength of the

EX-BLIZZARD—William Cathey, a sophomore from Wingate, is serving as a student assistant coach this season for the McMurry College Indians of Hershel Kimbrell, Cathey, a former Winters High School cager, has coached the Indian Jaycees to two victories in two starts.

Blizzards Won Consolation In San Angelo Tournamen-

The Winters High School Blizzards came back after losing their opening game in the San Angelo Tournament last weekend to win two straight and the consolation trophy. The Blizzards played some of their best ball this season while competing in the holiday event.

The opening game with Bronte saw the hot-handed Blizzards lose their 40-32 halftime lead. The boys from Winters played an almost flawless first half, but hit only 14 percent from the field during the final half. Bronte won 65-53. Fred Wilder was high with 13 followed by Reece McCuiston with 10. Johnny Cathey with 9, and Gary Antille with 8.

The second day of the tournament found the Blizzards facing a tough Miles team which had previously beaten Ballinger. The first quarter was fairly even with the Blue and White gaining a 19-13 advantage. Then the bottom fell out for Miles. The running, pressing, and shooting Blizzards bombed the nets of the Colegium for 35 points and a 54-24 halftime lead. Fred Wilder was the big man in

the quarter, 6-oz. Capts. The Blizzards held a slender lead of victory, while McCuiston had 19. Gary Antille 17, and Bob Woburn 17. It was the finest game of the year for the Blizzards.

The consolation finals pitted Winters against Point Rock, district champions last year. The Blizzards never trailed in the game and easily won 52-33. Johnny Cathey led the scoring with 17, followed by Antille with 11.

Gary Antille was awarded another trophy, being selected as the All-Tournament team. This was the second time in as many tournaments he had won the award.

The Blizzards now stand at 9-4 for the year and look toward the Reagan County Tournament this weekend. The flu has hit the boys with four out now. Both Antille, Boys, Randall Sneed and Tommy Jones are out now with more possibilities anytime.

District play opens again Tuesday in Haskell, with another district contest next Friday at Coleman.

To Show Stock At Fert Worth Fat Stock Show

Michael O'Dell and Scott McWilliams of Winters will have Polled Hereford and Aberdeen Angus calves competing in the 1969 Southwestern Exposition and Fat Stock Show at Fort Worth, January 24 through February 2.

The entry deadline for cattle, horses, sheep and swine has just passed, and Stock Show President-Manager W. R. Watt and other officials are in the midst of tabulating the mound of entries.

"We've still got a lot of work to do," Watts said. "But so far it looks like we have some outstanding entries and are headed for another excellent show."

VFW, Auxiliary Have Christmas Party For Kids

Fifty-two children attended the Christmas party sponsored by the Winters post of the Veterans of Foreign Wars and its Auxiliary, held at the VFW Post Home.

Big Christmas stockings were presented to each child, and gifts were also presented to C. H. Harrell, manager.

Christmas stockings were also given to needy children, as part of the VFW Christmas program.

BASKETBALL SCHEDULE

Jan. 7: Boys "A" and "B" at Haskell; girls "A" at Haskell.

Jan. 8: Boys 9th grade vs. Miles "B", 4:30.

Jan. 9: Boys 8th, 8th grades, girls 8th grade, vs. Coleman.

Jan. 10: Boys "A" and "B" at Coleman; girls "A" at Coleman.

Junior Livestock Show Saturday, January 11th

Approximately 175 animals are expected to be exhibited and judged at the annual Winters Junior Livestock Show, Saturday, January 11. The show is sponsored by the Winters Agricultural and Livestock Association, and is open to all FFA and 4-H members in the Winters School District.

The show will be held in the Winters school livestock barn. In addition to trophies and ribbons presented exhibitors, the Winters Chamber of Commerce will present cash awards for winning livestock. The fund for these special awards has been raised by selling "shares" to businesses and individuals. "Shares" sold this year for

each. General superintendent of the show will be Douglas Colburn. Assistants will be R. Q. Marks, and junior assistant Tommy Antille.

The show will be approximately 72 swine and 72 cattle.

Swine will be Smith, Larr, and 200 EAST TINS ALWAYS QUALITY AT EVERYDAY LOW

judging the fat lamb show will be Fred Igo of Sterling City. Superintendent of the lamb division, Quinlan Sneed, with Marion Wood assistant, and David Carroll Jr., junior assistant.

The Wingate and Winters 4-Clubs will operate the concession stand this year, and will serve a barbecue plate and coffee and drinks.

Officers of the Winters Agricultural & Livestock Association, sponsors of the show, are Frank Antille, president; David Carroll, vice president; R. (Phil) Anderson Jr., recording secretary; and Mrs. R. and Schwartz, corresponding secretary.

Home Town Talk--

(Continued from page 1)

mobiles have been removed from sight, lest their ugliness mar the beauty of the right-of-ways. Within a few days we will have forgotten the highway slaughter which always marks festive occasions in this mad-rushing society of ours. The following little "Motorist's Prayer" which we picked up some place may serve to remind us just one more time:

"Lord, impress upon me the great responsibility that is mine as I take the wheel of my automobile.

"Give me always a deep desire to protect human life. When I would be careless, remind me of the homes where there is sorrow and loneliness, or of hospitals where broken, suffering bodies lie in anguish because someone forgot.

"Write indelibly upon my conscience the fact that each time I take the wheel of my car, I am a potential murderer—that in a matter of a few careless moments I could be face to face with dire tragedy.

"Give me grace to practice the virtues of patience and thoughtfulness at all times. Help me to show the same courtesy and kindness to other motorists that I expect from them.—Amen."

Funeral Rites Held Dec. 23 For H. A. Stanford

Funeral services for Horace A. (Red) Stanford, 53, former resident of Winters, were held at 10:30 a. m. Monday, December 23, in the First Baptist Church in Andrews, with the Rev. Carl Grissom, pastor, officiating.

Graveside rites were conducted at 4:30 p. m. December 23 at Lakeview Cemetery in Winters.

Mr. Stanford died at 1 a. m. Friday, December 20, at Permian General Hospital in Andrews after a short illness.

Mr. Stanford was an employee of Humble Oil Company, and had lived in Winters several years prior to moving to Andrews several months ago.

Sans Souci Club Christmas Party In Gardner Home

Members of the Sans Souci Club met in the home of Mr. and Mrs. B. T. Gardner for the monthly gathering and Christmas party. Mr. and Mrs. W. F. Minzenmayer were co-hosts.

A turkey dinner was served buffet style from a table laid in white linen with an arrangement of holly and red candles. Red candles and holly centered each quartet table and place cards were little Santas.

After dinner games of 42 were enjoyed by Messrs and Mesdames Harry Herman, J. W. Bahlman, George Poe, Gattis Neely, Fred Young, Ladell Davis, Raymon Lloyd and the co-hosts. Later, gifts were exchanged from a green tree with red baubles and red birds.

Art and Craft Club Met At Humble Camp

The Wingate Art and Craft Club held their regular December meeting at the Humble Camp, with Mrs. James Williams as hostess.

Mrs. Raymond Lindsey displayed a picture she made. The flowers were made from a mixture of flour, water and glue. Mrs. O. D. Bradford displayed bois de arc apples decorated as Christmas ornaments.

Games were played and gifts were exchanged.

Pumpkin pie and coffee were served to Mesdames Raymond Lindsey, Suvern O'Dell, Jack Pritchard, Alpheus Hill, Clifford Burrow, O. D. Bradford, James Williams and one visitor, Mrs. Richard Beck.

The next meeting will be January 9 at the Humble Camp with Mrs. O. D. Bradford as hostess.

Re-Districting--

(Continued from page 1)

that "You people are going to need to make a decision, whether you support these recommendations, or whether you do not. Because Winters is not in the geographical or population center of the proposed district, it would be highly unlikely that a new high school would be located in Winters. Without a high school in Winters, what would the town be like in 10 years... in 15 years?"

Everyone should make themselves "as familiar as they possibly can," with the recommendations of the Governor's Committee and the proposed legislation and let your legislators know your feelings."

When business is good it pays advertise; when business is you've got to advertise.

WEIGHING IN. Linda Mars packs safety pins by weight rather than by count at the Scovill Manufacturing plant in Fayetteville, Tenn. Linda is surrounded, but not pinned down by job, which certainly is not pointless.

Funeral Service Last Friday For M. R. Petrie, 68

Milton Roman (Pete) Petrie, 68, of Crews died at 2:25 a. m. Thursday, December 26, at Ballinger Memorial Hospital after an extended illness.

Funeral was at 3 p. m. Friday at the Methodist Church in Crews with the Rev. Glenn Bowman, pastor, and the Rev. Chester Wilkerson, retired Methodist minister of Winters, officiating.

Burial was in Crews Cemetery. Born August 1, 1900, he came to Rannels County in 1931 and had lived in the Crews Community since that time. Prior to coming to Crews he lived in Wainsboro, Pa.

He married Cora Braddon June 2, 1925, at Crews. He was

a member of the Methodist Church at Crews.

Survivors include his wife; two daughters, Mrs. Patricia Hambright of Winters and Mrs. Neysa Summerville of San Antonio.

Pallbearers were Enoch Johnson, Arthur Alcorn, Marvin Hambright, Eldon Hambright, Benny Hambright, Ower Bragg, Edwin Werner and B. M. Battis Sr.

IN WILSON HOME

Recent visitors in the home of Mrs. Harold Wilson, Billy and Joyce, were Mr. and Mrs. C. R. King of Abilene; Mr. and Mrs. W. C. Reel and Kenny of Winters; Mr. and Mrs. Don Wilson, Debbie, Harold and Jane of Buffalo Gap; Mr. and Mrs. G. W. Gunn and Tony of Dallas; Mr. and Mrs. D. S. Riggan, Cheryl and Angelia of Sweetwater; Ronnie Reel and Lynda Burgess of Abilene; and Mrs. Ted Eoff of Winters.

IN MITCHELL HOME

Holiday visitors in the home of Mr. and Mrs. Audra L. Mitchell included their children, Miss Marilyn Mitchell of Pueblo, Colorado, Lt. Roy Mike Mitchell, Fort McClellan, Alabama, Mr. and Mrs. A. L. Mitchell, Public Health Service, Ponca City, Oklahoma, Mr. and Mrs. Garner Young and sons, Jeffrey and Stephen of Lubbock.

TO DALLAS

Mrs. Harold Wilson, Billy and Joyce spent the Christmas holidays in Dallas and Fort Worth.

Linda June Schroeder, Vernon Castle Plan February Wedding in Winters

Mr. and Mrs. Erwin Schroeder of Route 4, Winters, are announcing the engagement of their daughter, Linda June, to Mr. Vernon Henry Castle, Jr., son of Col. Vernon Castle, USAF, Ret., of El Paso, and Mrs. Grace Porter of Rockledge, Florida.

Miss Schroeder will receive her bachelor of arts degree in government from the University of Texas at Austin in January 1969. Mr. Castle graduated from the University of Texas in August 1968, with a bachelor of science degree in architectural studies and is presently employed by Eugene Wu-kasch, Architect and Engineer, in Austin.

The couple plan a February first wedding in St. John's Lutheran Church, Winters.

Friends and relatives who were here for the funeral of Mrs. W. R. Kennedy, Dec. 21, included Mr. and Mrs. P. A. Wither, Big Lake; Mr. and Mrs. W. C. Brickey, Mr. and Mrs. James Hodges, Mrs. Walter Perdinsky and Mrs. Russell Stroud, all of San Antonio; Miss Sylvia Moore, Temple; Mrs. M. H. Leverett, and Mr. and Mrs. Bill Hoffer of Odessa; Mr. and Mrs. R. E. Smith, Kingsland; Mr. and Mrs. Tommy O'Rear and children of Sweetwater; Mr. and Mrs. Terry Smith, Mr. and Mrs. Sidney Smith, of Midland; Mr. and Mrs. Pat Sanders, and Mrs. J. A. Reynolds, Fort Worth; Mrs. Roy Brown, Abilene; Mr. and Mrs. Howard Trauber, Fort Worth; Mrs. Carl Blalock, Abilene; Mrs. Dorris Carroll, Mansfield; Mrs. Martin Kennedy, Abilene; and Mrs. D. O. Kennedy and Mrs. Johnny Earnshaw, of Ballinger; Mr. and Mrs. L. O. Hargrove, Gainwell; Mrs. Gene Ritchie and daughter, Eden; Mrs. Pearl Spears and Mrs. J. J. Hawkins, San Angelo.

LONELY AND WINDSWEPT are the sand dunes on many of Germany's East Friesian Islands flanking the North Sea, where solitude-seeking vacationers can find a welcome respite from the noise and hubbub of their workaday world.

Just before the New Year dawned the Governor's Committee on Public School Education unfolded details of a controversial plan to shake up school district boundaries and dramatically revise finance formulas.

Indications are that it will have rough sledding in the Legislature.

The Committee's reorganization plan to help make Texas schools better and more efficient would limit 219 of 254 counties to one school district each. General rule is that all operating 12-grade systems should be either countywide in size or contain at least 2,600 students in average daily attendance.

Exception would be sparse area districts stretching over a county or more with less than 1,600 pupils and 24 special-purpose units like that operated in connection with military bases.

Governor's Committee recommended that the Legislature adopt its proposed district maps for further study by special local countywide study committees charged with approving the new pattern or recommending something better to suit their own area needs.

State Board of Education would compile the final reorganization plan by June 1, 1971.

Projected plan would slash the number of school districts from 1,218 to 354. All but 19 of 662 districts, which now have less than 500 pupils would be eliminated. There would be 35

multi-district counties (those of larger population) with from two to 13 districts. All of the latter would have fewer districts than they now have.

Committee's proposals for figuring local districts' adjusted share of a basic foundation school program will also prove controversial, particularly in rural areas. Local share is calculated on the actual property paying ability in each district.

In many counties the number of districts would be reduced drastically. They include the following:

Bowie from 14 to two; Cameron 14 to three; McLennan 20 to four; Williamson 12 to two; Grayson 14 to two; Collin 16 to three; Denton 11 to two; Tom Green nine to one; Hunt, Taylor, Henderson, Cherokee and Nacogdoches 10 to one; Rusk nine to three; Nueces 17 to four; Hidalgo 19 to eight; Fannin and Lamar 11 to one; Cameron 14 to three; Johnson 12 to two; and Ellis 11 to two.

Attorney General Rules Omission of a paragraph in a 1968 tax bill eliminated the exemption of non-profit corporations providing homes for elderly from franchise tax on debt.

Gen. Crawford C. Martin said in a new opinion. In other opinions, Martin concluded that: Establishment of a retirement trust for the president of Midwestern University does not constitute a supplement to salary and does not make the official ineligible for a \$1500 raise provided in an appropriations bill by the Texas Legislature last June.

Petitions for a local-option liquor election, filed after November 5, must contain signatures of 25 per cent of voters for governor at the general election on that date.

A girl 15 to 18, or a boy 15 to 17, who is a first-time offender may be tried in a court that is other than a juvenile court, and can be sent to jail until he has paid his fine or served it out if convicted of possession, purchase or consumption of alcoholic beverages.

Martin also filed suit for an injunction against an Austin auto transmission repair company, alleging deceptive trade practices banned by the Consumer Credit Code. District court hearing is set for January 9 in Austin.

★ MOVIES ★

Lee Van Cleef stars as Texas lawman, Mr. Ugly, in "The Big Gundown," new Columbia Pictures release in Technicolor and Techniscope. Also starred in the outdoor adventure are Thomas Milian and Walter Barnes.

"The Big Gundown"

Lee Van Cleef, whose screen career has been almost entirely in Western action films ever since he first made his picture debut with Gary Cooper in "High Noon," plays a swiftdraw Texas lawman in "The Big Gundown," new Columbia Pictures outdoor action drama at the State Theatre in Technicolor and Techniscope.

Van Cleef appears in the film as Jonathan Corbett, (aptly called Mr. Ugly). Heretofore, usually as the leader or a member of the renegade mob, Van Cleef's character names had been fairly exotic: names like Fats Jones and Pecos Larry. Jonathan Corbett, the star feels, being on his feet when "The to it. He heartily approves. And "Big Gundown" blazes to a spectacular climax. In the past, Van Cleef rarely has been left standing at the action-packed finish.

FROM MIDLAND

Mr. and Mrs. Fred Dumas and children of Midland and Mr. and Mrs. Joe Chism and children of Texarkana visited their mother, Mrs. Ted Eoff through the holidays.

one project: The University of Texas at El Paso \$14,771 for two projects; University of Houston \$40,820 for two projects; The University of Texas at Arlington \$49,728 for two projects; Austin College \$20,000 for one project; and Texas Woman's University \$2,833 for one project.

PLANNING REGIONS ANNOUNCED

Governor Connally established 21 multi-county state planning regions to serve as a guide to state and federal agencies in developing service areas and to serve as a framework for coordination of planning activities.

Delineation is intended to improve communication and coordination among planning and related functions of state, federal and local governments.

Governor's Division of Planning Coordination developed the regions after two years' study and consultation with state agencies, consultants and officials at all levels of government. Regions represent natural social and economic groupings of counties reflecting shared interest. They will serve as master areas for state government planning with the aim of better coordination among all units.

Winters Blizzards On the Road In All-Important Games Next Week

The Winters High School Blizzard basketball team journeys to Haskell Tuesday night with hopes of keeping their title chances alive.

The Indians and Blizzards have 1-1 records in district, and will be trying to close in on Coleman, which is 2-0. The pressing and running Indians are young but out to impress people. They have won some games on desire and hustle, and they will be hard to handle on their own hunting grounds.

The flu bug has the Blizzards' leading scorer in bed, along with three other boys. But the desire seen in the Blizzards this year won't stop the youthful

Winters team. They should be back for the Tuesday night clash, but probably won't be able to see much action.

Coach Jerry Neely doesn't seem too worried. "Our bench has come in to win us three ball games this year, and I feel like they'll do it again," he said.

After the Haskell meeting, the Blizzards will journey to nearby Coleman. Coleman is leading the league, but the Blizzards haven't forgotten the overtime defeat handed to them by Coleman last year. "We've been waiting a year for this rematch, and we don't care whose gym it's in," they said. Game time is 8 p. m.

Mr. and Mrs. C. C. Stephens Honored On 50th Wedding Anniversary Sunday

Observing their golden wedding anniversary Mr. and Mrs. Cecil C. Stephens were honored at open house, from 2:30 to 5:30 Sunday afternoon December 22, at the American Legion Hall.

Hosts for the occasion were their children, Mrs. John Kirkpatrick of Bogata, Mrs. Homer Fish of San Angelo, Mrs. Melvin Jarrell of Odessa, Mrs. M. J. Casey of Ranger, Mrs. Cyril Stephens, Waco, Euel Stephens of San Antonio, Aaron, Troy and David Stephens, all of Los Angeles, California.

Receiving the guests were David Stephens and the honored couple.

Presiding at the register were their daughters-in-law, Mrs. Troy Stephens, Mrs. Aaron Stephens and Mrs. David Stephens.

The tea table, laid with white satin trimmed in gold was centered with an arrangement of gold mums and leather leaf fern in gold container with the numerals "50th Anniversary" in gold. The all-white three-tiered wedding cake decorated in white roses was topped with a miniature bride and groom. Mrs. Homer Fish presided at the table and ladeled punch. She was assisted in serving cake, coffee and punch by her sisters, Mrs. John Kirkpatrick,

and Mrs. M. J. Casey. Gifts displayed on a satin covered table, centered with a money tree, were shown by David Stephens.

The couple was married December 25, 1918 in Brownwood. They came to Winters January 23, 1925, and have made their home here since. They have 21 grandchildren and three great grandchildren.

Mr. and Mrs. Stephens are charter members of the Assembly of God Church in Winters.

H. D. Agent's Column

Where Has The Color Gone?

Have your clothes been changing color? The cause may be due to abrasion or exposure to alkalis. The major cause of garment color changes due to alkalis has been the result of allowing cosmetic preparations, foodstuffs, and perspiration to remain in a fabric, explains Mrs. O'Connor.

Color changes from abrasion appear on cotton, wool or rayon that has been dyed and blended with a different colored synthetic fiber. Cotton, wool and rayon have a much lower abrasion resistance than synthetic yarn, she points out.

Rubbing or friction during wear will wear away the softer yarns so only the synthetic yarns remain. Thus the fabric in the area where this abrasion has taken place assumes the color of the synthetic yarn rather than the blended color of two yarns. Often this looks like a stain.

Your drycleaner cannot do anything about this kind of color change, but he can do something about those caused by alkalis if he gets them soon enough.

Stronger Fiber for Active Knees

Permanent press fabric is being improved with stronger fibers to resist knee scrapes and wear. The new polyester, the man-made fiber used in most permanent press products, now stretches the same as its cotton counterpart, and will share the strain with cotton.

No Germs in Cold Water Washing:

Cold-water detergents have passed their consumer acceptance test; tests have shown that the fear of bacterial infection from cold water washing is unfounded. Researchers agree tumble drying at standard 160 degree Fahrenheit kills as much or more bacteria than the hot-cycle washer does.

Tough Jobs:

To improve cleaning of heavily soiled items, Mrs. O'Connor recommended using the cold-water detergents in hot water. They work even better at higher temperatures.

ABC - Permanent Press:

ABC's of caring for permanent press clothes are: wash small loads and select correct washer cycle and water temperature (warm wash and cold rinse), use automatic dryer for best results, sort carefully and wash frequently.

APPOINTMENTS

Gov. John Connally named J. G. McDuff of Burnet to the State Board of Control, the purchasing and housekeeping agency for state government. McDuff succeeds veteran member E. E. McAdams of Austin. His term extends to August 31, 1973.

Connally picked Mack M. Stripling of Nacogdoches and J. M. Haggar Sr. of Dallas for membership on the industry-hunting Texas Industrial Commission. Haggar fills the unexpired term of McDuff (extending only until next February 15, 1973).

Joe B. Finley Jr. of Encinal and E. Porter Halbert of Bronson succeed Steele Wright of Nacogdoches and Norman Moser of DeKalb, also on the Industrial Commission. Terms run to September 7, 1973.

Mrs. Hazel Richardson, Bryan Carnegie Public Library librarian, will serve on the Texas State Board of Library Examiners, succeeding Mrs. H. L. McLaughlin of San Antonio.

Fire Auxiliary Christmas Party In Sims Home

Members of the Firemen's Auxiliary held their annual Christmas party in the home of Mr. and Mrs. Floyd Sims, Mrs. Jack Harrison shared hostess duties.

Mrs. Robert Carey presided for the business session, and the nominating committee presented new officers for the new year: President, Mrs. Alvin Scates; vice president, Mrs. Don Emmert; secretary and reporter, Mrs. Marvin Bedford; treasurer, Mrs. Floyd Sims; historian and chaplain, Mrs. Jack Harrison; parliamentarian, Mrs. Carson Easterly.

These officers were elected by the organization. Gifts were exchanged by the group and a dessert was served to Mesdames Don Emmert, Carson Easterly, Charles Dry, Alvin Scates, Marvin Bedford, Robert Carey and the hostesses.

South Runnels Roads To Get Seal Coating

Several miles of highways and roads in South Runnels County are included in a contract for seal coat work on 303 miles of highways in the San Angelo district, according to an announcement from the Texas Highway Department.

Included in the seal coat project are 11.4 miles on US 183, from Ballinger to the Concho County line;

4.2 miles of US 67, from 5.2 miles southwest of Ballinger to 1.0 mile southwest of Ballinger;

10.3 miles of FM 382, from 6.4 miles south of Crews to US 67.

No plans to seal coat roads in North Runnels County are included in this contract.

The work will be under the supervision of District Engineer J. A. Snell.

Strain Brothers, Inc., of San Angelo was awarded the contract with a low bid of \$584,283.15 for the entire project, which will include work in several counties of the San Angelo district.

IN SANDERS HOME

Week end visitors in the home of Mrs. J. S. Sanders were Mr. and Mrs. Darrell Gresham and sons, Richard and Jimmie of Edmonson, Mr. and Mrs. Morris Sanders and Gary of Snyder and Mae Sanders of San Angelo.

THE ORIGINAL SERVICE

CREWS

Citizens of the community were saddened Christmas Day when it was learned that M. R. Petrie was seriously ill. The Petrie's two daughters, Mrs. Patricia Hambright of Winters and Mrs. Neysa Summerville of San Antonio, and families were visiting in their home where they were preparing to eat Christmas dinner when Mr. Petrie was stricken ill. He was taken to the hospital in Ballinger where he passed away early Thursday morning. Funeral services were conducted by Rev. Glenn Bowman and Rev. Chester Wilkerson in the Methodist Church Friday afternoon with burial in the Crews cemetery.

We are sorry to report that Mrs. Marvin Gerhart had emergency surgery in the Ballinger hospital on Christmas day, she is reported to be doing well.

Mrs. Burley Campbell was admitted to the Ballinger hospital Thursday, she is reported to be improving.

Mrs. Effie Dietz spent Christmas at home. She was happy to have friends and relatives to call on her during the day. Her children, Dr. Gerald Dietz of Dallas and Mrs. Gaston Ernst of San Antonio and families visited with her. Mrs. Dietz returned to Hendricks Hospital in Abilene where she has been a patient for seven months following a car accident, she is still quite helpless and suffers intensely. She expresses gratitude to all who helped to make the holidays more pleasant. Ladies of the Methodist Church and of the Hopewell Baptist Church had previously visited her and taken gifts, to all she sends sincere thanks.

Christmas visitors in the home of Mr. and Mrs. Sam Faubion and Paula were Mrs. Faubion's relatives, Mr. and Mrs. Gene Robinson, Mr. and Mrs. Kerby Robinson, Mr. and Mrs. Steve Stubbs and Mr. and Mrs. C. J. Robinson and little daughter of Norton, Mr. and Mrs. Morris Robinson of Winters, Mr. and Mrs. H. H. McPherson of Big Spring, Mr. and Mrs. Tom Underwood and children of Colorado City. Also visiting were their daughter Mrs. Kent Brown and family of Midland and Sam's parents Mr. and Mrs. L. A. Faubion of Ballinger.

Holiday visitors in the McBeth home were their daughter Mrs. A. E. Tounget and family of Lubbock, Mrs. Ella Phipps Miss Donna Gehrels, Mr. and Mrs. Joe Irvin of Winters, Rupert Rainwater of Ballinger and Troy Rainwater of Victoria Texas.

Mr. and Mrs. Hazel Dietz spent the week-end in Oklahoma City in the home of her brother Leroy Wells. Their son, Louis of McConnell Air Force Base, in Wichita, Kansas, was also a visitor in the Wells' home.

Rev. James McGlothlin of Brownwood and his brother Rodney of Houston spent Sunday night in the Therin Osborne home.

Len, Hazel and Lorene Shelton were in Odessa Thursday at the bedside of their uncle, Joe Shelton of Ballinger who was seriously injured in a car accident Tuesday while enroute to spend the holidays with relatives.

Mr. and Mrs. N. L. Faubion, Rodney and Mrs. Terry Collins spent the week end in Fort Worth and Dallas visiting Mr. and Mrs. Lynn Faubion and family, and Mr. and Mrs. Jerry Kraatz and family.

Those visiting in the Ralph McWilliams home during the holidays were Miss Beth McWilliams and Virgil Farris of San Angelo, Mr. and Mrs. A. E. Tounget, Keith, Joan and Craig of Lubbock, Mr. and Mrs. Arlis Tounget and Donna of Ballinger, and Mr. and Mrs. Waldo Stevens and family of Midland, Mr. and Mrs. John Webb of Dallas and Jim Thomas of Paint Rock.

Visitors in the home of Mr. and Mrs. Wilmer Gerhart included Mr. and Mrs. Charley Gerhart of Lometa and their daughter, Mr. and Mrs. Walter Ruzicka of Fort Worth, Mrs. Jerry Terhune and Chris of Abilene and Miss Brenda Presley of Dallas.

Eldon Hambright and Mr. and Mrs. Mike Dyess of Lubbock, Mr. and Mrs. Benny Hambright of Ozona, Mr. and Mrs. Aubrey Faubion and children of Ballinger, Mr. and Mrs. Cecil Hambright and children of Winters and Mr. and Mrs. George Lange of Ballinger were recent visitors in the home of their parents, Mr. and Mrs. M. L. Hambright.

Mr. and Mrs. Sam Faubion and Paula spent the week end in Pampa in the home of his sister, Mrs. Buford Goode and Mr. Goode.

Mrs. L. K. Summerville and son Kenneth of San Antonio, are spending the week with her mother, Mrs. M. R. Petrie.

Mr. and Mrs. B. F. Schroeder of Lowake were guests of Mr. and Mrs. Calvin Hoppe, Monday evening.

In youth the days are short and the years are long; in old age the years are short and the days long.

Second Class Postal Rates Are Increased

Postal rates for newspapers and magazines and other material mailed at the second class rate were increased January 1, Postmaster H. M. Nichols announced.

The increase results from the postage rate law enacted in December 1967, which raised most second-class rates in three annual steps. Postmaster Nichols pointed out. The January 1, 1969, hike is the second phase of the increase. The first phase took effect January 7, 1968, and the third step will go into effect January 1, 1970.

The second class rate increase affects general interest, nonprofit and classroom publications.

Rates also will go up January 1 for controlled circulation publications. These are primarily trade, technical and industrial journals which generally do not charge a subscription fee and are not eligible for second-class rates. The 1967 postal rate law called for a three-step raise for controlled circulation publications, to be effective the same dates as the second class increases.

Except for home-county mailings, postal rates for newspapers and magazines mailed second-class are based on the weight of the publication, the amount of advertising it contains, and the distance it is mailed.

Effective January 1, rates for editorial or non-advertising matter in commercial publications will be increased from 3 to 12 cents per pound. Rates for advertising content depend on the distance the publication is mailed. These rates now range from 4.6 to 15 cents per pound of advertising content. The new advertising zone rate range will be 4.9 to 16 cents.

There are special lower rates for classroom publications and publications of nonprofit organizations. These rates also will be

MUG SHOT of a dangerous character that lives around Florida and the Bahamas. It's a scorpion fish and the spines around its gills can give you a nasty venomous sting. This one is viewed safely at Miami's Seaquarium.

increased January 1.

Postmaster Nichols said that second class or controlled circulation mailers who need more detailed information on the new rates should contact the Post Office where their publications are mailed.

A lot of today's troubles arise from workers who don't think, and thinkers who don't work.

Some people never learn anything because they understand everything too soon.

The eternal stars shine out as soon as it is dark enough.

Mrs. Boyd Bedford Presided For Club Meeting Monday

Mrs. Boyd Bedford presided for the program when the Winters for Tops Club met Monday evening at the Den.

Mrs. Charles Kruse Jr. was Queen for the week.

Present were Mesdames Bedford, W. J. Briley, W. T. Colburn, Charles Kruse, Benny Graves, Woodrow Watts and Milt Bunger.

Men often make up in wrath what they want in reason.

CARD OF THANKS

We are sincerely grateful to the friends and neighbors for their many kind acts of sympathy, during our sad bereavement. For the beautiful service, floral offerings, food, cards, memorials, letters and visits we wish to express our thanks. To those who were so kind and thoughtful to her during her illness we are deeply grateful and wish to express our sincerest thanks for all those comforting acts. —The Family of Mrs. W. R. Kennedy. Social Security Rep To Be Here January 8, 22

Bob Logan, field representative for the San Angelo Social Security Office, has scheduled his January visits to Winters. He will be at the office of the Winters Chamber of Commerce on Wednesday, January 8 and 22, between 9:30 a. m. and 11:30 a. m.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

CARD OF THANKS

So many people have been so wonderful to Eddie and me—especially during my recent illness, I want to say thank you all for everything. The cards, gifts, the visits and your prayers meant more than you know. Most of all I want to thank those of you who have been taking Eddie to the Rehabilitation Center for treatment as they give us hope there, that he can recover some usefulness if the treatment can be continued. I am slowly recuperating but it will be a while yet till I can resume full activity. Thank you all again for being so good to us. May you all have the happiest of New Years. —Ruth and Eddie Little. Itp.

IN MAYHEW HOME

Rev. and Mrs. Merriell Abbott and children of Amarillo, Mr. and Mrs. Tommy Mayhew of Nacogdoches spent the Christmas holidays in the home of their parents, Mr. and Mrs. Elmo Mayhew. Other visitors were Mr. and Mrs. J. B. Belew of Hale Center, Mr. and Mrs. Wilburn Phelps.

WELCOME 1969

Hello 1969 . . . we're glad to welcome a fresh new year! Let us take this opportunity to wish everyone a most happy and prosperous year. There are thousands of reasons to celebrate, especially for First Savings savers. Thousands of dollars will be paid to you or added to your savings in January . . . your reward for a thrifty 1968. At First Savings, you know your money has earned the highest dividends allowed by law and is insured by an agency of the Federal Government. If you are not already celebrating with First Savings, why not start the new year off right by making 1969 more prosperous for you. We would like the opportunity to help you make more money and you'll like the friendly, courteous service while we're doing it! Do come by and talk it over with us soon.

Soviet Mediterranean fleet; for there it is in direct contact with American and other NATO warships. Once more, it will be a case of urgent defense needs taking precedence over pressing social demands. The issue of "guns or butter" will persist throughout 1969. Too much attention to either or both could well lead to a price-wage spiral in our economy. . . with all the threat of a deflationary plunge thereafter.

Inflation Still Incubating
1968 will go down in economic histories as "the year of the great boo-boo." Early it was recognized that the economy was overheating. . . that a cooling-off was necessary to prevent runaway price boosts and the inevitable aftermath of recession. The government opted for a fiscal "wet blanket" to smother the inflationary fires—and belatedly the surtax on personal and corporate incomes was enacted, effective mid-1968.

But the boom rolled on. . . confounding both the Federal Reserve—the country's money managers—and the President's Council of Economic Advisers. What happened? Two things: (1) The Fed thought the surtax would cause "overkill" in business, so opened the money spigots wider — stimulating buying just when the tax was supposed to depress it; (2) Mr. and Mrs. J. Q. Public sharply cut their rate of savings and went on a buying binge. . . augmenting their fling with big gobbs of borrowed money.

More to Come — So, here we are: Months after the "tax to kill inflation," prices of goods and services are still spiraling upward. This, of course, goads the workingman to support his

labor boss when he demands outside hikes in pay and benefits. Even though the Fed now gives signs of having moved to lessen the money rise from gusher rate to a more gentle flow, the floods of prior months will continue to seep through business and financial channels — at least during the early part of 1969.

Our staff here at Babson's Reports looks for "more of the same" during the first half of the year: Higher price tags, further wage raises in excess of productivity gains, continued up-pressure on costs all around, and the inexorable fattening of the tax burden—not alone from the perennial upsweep of state and local levies, but also from the substantial step-rate in social security charges. Indeed inflation is still incubating. The virus is virulent. The antitoxin is known. But the political medics that will administer it have not yet come forth.

Number One Problem — Mr. Nixon knows that inflation is the one force that can destroy this nation — financially, morally, even militarily. He also knows that to move aggressively against it could plunge the U. S. into a depression. The latter state might be worse than the former. It seems likely, then, that he will move slowly against the incubus of perpetually climbing costs and prices. Fortunately, the incoming President has the advantage of the anti-inflationary moves made in the late days of President Johnson's tenure. We expect that he will move cautiously to augment these. As a result, we look for no spectacular attack on the country's number one enemy in the opening days of Nixon's office. That means there will be further portents of inflation early next year. . . later in 1969 you can look for many signs of a topping off, even maybe some deflationary signals.

Strong Start For Dollar
Unlike a year earlier — when

the dollar was under world suspicion and attack — the "good ole buck" will start 1969 with a halo over it. The big bad wolf—President de Gaulle of France—who led an all-out offensive against the dollar in 1967 and early 1968 is now pretty "dead" insofar as any lethal threat to it in 1969 is concerned. His own franc had to have a good many blowout patches applied at the end of 1968 to keep it rolling.

It is not that the dollar has gained any real fundamental strength in recent months; rather it is that the pound and the franc got so weak that, by contrast, the dollar gained stature. Excellent co-operation with the U. S. by Germany has caused the deficit in our international payments to all but disappear. Then, too, our nation did move toward fiscal restraint when it enacted the surtax. Finally, with the pound sick and the franc tottering, the other stable currency areas such as the German, Swiss and Dutch just did not have sufficient size and room to accommodate all those financial refugees who might have been seeking shelter.

Could Be Only Temporary—But it is too early yet to crow. Our dollar may still fall victim to a recurrence of the persistent weakness in our international payments position that has marked our relationship with the rest of the Free World for 90 percent of the last two decades. Actually, the final-half 1968 strength in our balance of payments has not been the result of an improvement in our trade or payments position. Its good health then was more apparent than real. . . resulting from financial transactions, capital movements toward our shores—some of them flights from the currency ills of Europe and some for speculation in our stock markets, some "deals" between our Treasury and Germany to keep the mark from getting too strong and the dollar too weak.

Barring cataclysmic developments on the military front, the dollar should occasion us no great concern in 1969. However, the Babson prediction still stands. . . that the dollar may be living on probation, even on borrowed time, if the new Administration lets prices and costs run wild. . . or even if it cracks down too hard on inflation, touching off a recession. The things it must do: (1) Keep the federal budget close to balance; (2) persuade the money managers to maintain a moderate, not too stimulating increase in the money stock; (3) crack down on speculative excesses; (4) curb the underlying causes of our deficits in international payments. . . namely, faltering exports, soaring imports, non-competitive (with nations abroad) prices and costs (which are the faults of both business and management leaders).

The dollar is now in the "eye" of a tremendous national and international inflationary hurricane. Its respite will be but temporary. To bring it through the "other side" in late 1969 or 1970 will be a Herculean task for the new Administration. Indeed, Mr. Nixon and his advisers will have to do a veritable "tightrope act" above the Scylla of inflation on the one side and the Charybdis of disinflation on the other. 1969 will witness the first scenes of the act.

Business To Scale New Peaks In 1969
The momentum built by rising business volumes and production will surely carry the usual measurements of Gross National Product and the Federal Reserve Index of Production onto new all-time high ground in the year 1969. But that is not the whole story. What

you want to know is what the rate of gain will be and what the shape of the year, business-wise, will look like.

Gross National Product — Total dollar value of all goods and services finished 1968 on a strong note. . . at nearly a \$20-billion gain. That is only slightly less than the best 1968 quarter of \$22 billion. Prospects now favor a good further boost in the first 1969 quarter. . . perhaps equivalent to the \$18-billion advance of the third 1968 stretch. The second quarter of next year may slip a bit from the first; but the upcoming half year will show a climb in dollar values perhaps only \$3-\$4-billion below the great bulge of a year earlier. Assuming no dropping of the surtax, we look for a lesser rate of gain in the final 1969 half. . . another big year, but tapering as it wears along. Over all, expect a GNP upthrust over 1968 of close to 7 percent (about \$60 billion).

Physical Volume — Physical output is not expected to match the dollar value of increase in 1969. . . not surprising, as more than half of the looked-for improvement will result from higher prices. Assuming the Federal Reserve Index of Production averages around 165 for 1968, we can project about a 4-point climb in the year ahead. But again, we think the best will be seen early in 1969.

Capital Outlays — Despite a continuing depressed rate of plant utilization, business managers are projecting increased budgets for new plant and equipment. Look for a strong start—perhaps as high as an 8 percent increase — to be followed by a slower rate of gain as the year ages. For all of 1969, a 4 percent betterment would seem about the best to expect.

is the containers. . . though they are not as cheap as they were a year ago. Our choice in this field would be Continental Can.

Fertilizers — After a long and painful stretch of being "put through the wringer," there are now some signs that moderately more profitable days may lie ahead for the plant-food makers. International Minerals & Chemical — with vast potential raw materials resources on more than one continent — appears to hold little risk at current levels for long-term purchasers with patience.

Life Insurance — Hailed five years ago as "the greatest" for appreciation, life company stocks overshoot their dynamic possibilities and were disdained by speculators for several years. In 1968, however, life stocks — with management becoming much more aggressive in diversifying — again began to stir. The persevering speculator might find opportunity in Life Insurance of Kentucky.

Electric Utilities — Electric power stocks, one of the soundest growth areas, are showing signs of emerging from the investment pall that has enshrouded them for some time. They offer both income and growth. Try Texas Utilities for the latter and Niagara Mohawk for the former.

Bonds Still On Bargain Counter
With stocks all the rage, bond buyers among individuals have become "scarcer than hens' teeth." Yet bonds are selling at the lowest prices and the highest income yields of this century. . . yes, in many cases, for a full 100 years. We state emphatically: If the inflation prospects are as sure-fire, as pervasive, and as unpreventable as many would have us believe, we doubt that the ownership of common stocks will provide a truly safe passage through the inevitable maelstrom that will follow in inflation's wake. If the storm comes, high-quality bonds may ride it out better than stocks. If it does not come, 6-12 percent, 7 percent, and even higher incomes from senior securities will furnish food and shelter to those dependent upon savings. . . and afford something left over with which to "feed" inflation.

For Big Income — If current high return is your major need — retired or supplemental — top-quality corporate issues of recent flotation are your best bet. Returns here run from 6-12 percent to 7 percent for the "cream."

Another High In Common Stocks
The buy-stocks-to-protect-against-inflation "bug" has bitten deeply. Most investors are convinced that a stock-buying formula is the best antidote for soaring living costs. New common-stock-oriented institutions are being formed "a mile a minute." Foreign investors are flocking back to U.S. securities markets. And corporate sales and earnings trends are supporting the convictions of the multiplying herds of bulls.

On pure momentum alone, we anticipate new all-time highs in the Dow Industrials, as well as in the more comprehensive averages, during the forepart of 1969. If such does occur, however, we shall have our "fingers crossed" about the course of stocks during the time after mid-year. . . especially if market "fireworks" become particularly brilliant in the early 1969 days. Under these circumstances, cautious selecting may pay bigger dividends in 1969 than "playing the field."

Farm Equipments — One group that has hardly gotten off the ground in 1968 has been the agricultural machinery makers. Some good long-range values exist here in issues such as Deere and International Harvester.

Conglomerates — The big multiple activity companies have certainly failed to shine in the year now closing. Some issues may hold low risk for investors with patience. Among such are Tectron, Gulf & Western Industries, and TRW Inc. Chemicals — This once-favorite of securities fans has again passed a year in the market doldrums. Some indications of a turn-in-the-making are beginning to appear. We feel there is not too much risk in old-line concerns like Allied Chemical and Union Carbide at recent levels.

Containers — Another group that does not seem to have exhausted its investment potential

WINGATE

Mr. and Mrs. C. J. Cornett traveled to Spur to visit his mother during the holidays.

Mr. and Mrs. Tommy Hancock of Corpus were guests with his parents, Mr. and Mrs. Lonnie Hancock last week.

The Billie Bagwells from Oklahoma City were here to visit in the home of Mr. and Mrs. Neil Bagwell. Others were Mr. and Mrs. Roy Bagwell and boys of Odessa.

Mr. and Mrs. Leonard Phillips visited Mr. and Mrs. John Phillips during the holidays.

Mr. and Mrs. Elmer King were visitors in the Buck Rogers home in Colorado Christmas day.

Mr. and Mrs. Dutch Dunn of Houston were guests in the Clyde Dunn home. Others were Ray and Katherine.

L. S. Morris is recovering from surgery and is now home from Simmons hospital in Sweetwater.

Mr. and Mrs. Gene Wheat are the parents of a son. His name is Douglas Eugene, born on December 27 in Hendrick hospital.

The A. R. Wheats of Midland and W. F. Matthews of San Angelo and the Gene Wheats of Winters were visiting their mother Christmas day.

Drew Hall of Abilene spent several days with his grandparents, Mr. and Mrs. David Bryan. Others there during the holidays were Mr. and Mrs. Gerald Black and girls, Ballinger; Jack and Chance Hall, Abilene; Mr. and Mrs. Jimmie Adams, Abilene; Mr. and Mrs. Skippy Shepherd of Lubbock.

New-comers to Wingate are Mr. and Mrs. Sandy Denson who have purchased the Leroy Adams home and have moved in. They came here from Montana and Sandy lived here when he was a boy and attended school in Wingate.

Mr. and Mrs. Brucie Waggoner and children of San Angelo and Anita and a friend were guests in the home of Mrs. I. G. Hensley.

Mr. and Mrs. Pete Polk of Lampasas and Mrs. Agatha Burham of Odessa are here for a few days since the passing of their mother, Mrs. Ike Phillips.

Roger Stanford came home from Vietnam to be here for the funeral of his father. Roger is

Susan Armstrong, Larry J. Pritchard Announce Plans For Wedding in June

Mr. and Mrs. R. Harold Armstrong, 934 Radford Drive, Abilene, announce the engagement of their daughter, Susan, to Mr. Larry Jack Pritchard, son of Mr. and Mrs. Jack Pritchard, Route 1, Wingate.

The bride-elect, a graduate of Abilene High School, is attending Texas A. & M. University.

Mr. Pritchard, a graduate of Winters High School, is a student at Baylor University.

The couple plan a June wedding.

married to the former Lou Awalt.

In the Irvie Talley home on Christmas night were Melba and family of Abilene.

James H. Bryan of Austin and Mr. and Mrs. Elward Rogers of Midland were here for the funeral of Mrs. Phillips and to visit in the Bub Phillips home.

The Voss children were here for Christmas. In the Edwin Voss home were Mr. and Mrs. Vanner Voss, Mr. and Mrs. Ervin Voss from San Angelo, Mr. and Mrs. Andy Darnier and Jo Ann, Midland, Mr. and Mrs. Garland Briley of Abilene, Helmer Voss called and talked to all of them as he was unable to come. They exchanged gifts and had a big feast at noon.

There have been so many sick

folks here I don't have all the names. Charles Dunn has been in the Ballinger hospital. Also Wesley Dean. The Suvern O'dell family has been sick. Mrs. M. R. Smith, Bub and Ruby Phillips are also ill.

Monty England and wife, Christi will leave here on Thursday. He will be going to Vietnam and she will return to her parents home in Germany where she will remain until he returns from Vietnam.
