## HOME TOWN Talk

By R. C. THOMAS

Remember way back when you could get a bowl of chili for a dime, a bigger bowl for fifteen cents? A regular hamburger with trimmings for a nickel, and a jumbo burger with a full house for a dime?

Well, something on that order is going to happen right here in Winters again, come next Friday, December 19.

It's not that Winters has slud back, as ol' Diz would say, to the early Thirties and the now seemingly low prices of that era. Nor is it an attempt to prove that inflation is only a figment of the imagination. It's just a way for the Winters Chamber of Commerce and the Winters High School Cheerleaders to say "Happy Holidays" to one and all.

On Friday evening, December 19, most of the stores in Winters will remain open late—at least until 8 p. m.—for the convenience of Christmas shoppers. And just to make sure that the ladies won't be worrying about rushing home to fix the family a bite to eat, the cheerleaders will be peddling hamburgers on the streets. "FOR ONE THIN DIME, ONE TENTH PAHT UV A DOLLAR!"

The 10 cent hamburger sale will begin sometime in the late afternoon or early evening. So ladies, while you're shopping Winters' stores, and supper time comes around, don't drop everything to rush headlong home and throw something in the pot—just get the old man a 10 cent hamburger from one of the cheerleaders to ease his hunger pangs and go right on with your shopping. That should hold him for a while, and the shock of once again getting a hamburger for a dime may make him forget all about putting his feet under the supper table. . . and who knows, while he's in a daze you just might get a chance to go through his pockets for a little more Christmas shopping money!

According to a little news release we spotted the other day, food packages that may become part of the meal may soon be on the market. Manufacturers may even offer a choice of flavored boxes, wrappers or bottles to complement or spice up meals.

The containers would be dissolvable proteins that become part of the gravy under cooking temperatures.

A little thinking indicates what could happen as a result of such a radical departure from what we tend to call the conventional. One could buy a steak, all wrapped up in its own gravy, throw it into a pan and heat it up, then eat wrapper and all. China plates could become obsolete, and we could be eating off our dessert, really. Finish the steak, eat the plate! Then dissolve the knife and fork in a glass of water for an after-dinner seltzer. Consume the glass we drink it out of, use a peppermint-flavored napkin, then eat that. The tablecloth then would be left over to serve as a snack while we watched television! One problem would loom, however: In a home blessed with growing and always hungry youngsters, we would have to be careful that the table was constructed of something absolutely inedible, or the kids just might eat their way right down to the floor.

Such a system would be a welcome innovation to the housewife, too. Just imagine, no dishes to wash—all eaten. No boxes, cans and wrappers to dispose of—all eaten.

It could, of course, cause some disruption among the manufacturers of dishwashing detergents and dishwashers, but these companies perhaps could switch operations to manufacturing edible containers and the like. It would help in the problem of collecting and disposing of a lot of refuse, however, a problem which has grown to mountain-size of late.

The idea could encompass other areas also. For instance, our morning newspaper could be produced on edible material. . . then we could read the newspaper at breakfast, then enjoy a newspaper casserole for dinner! There'd be one drawback to that idea, though—a lot of the news we get nowadays might be hard to stomach! "All the news that's fit to print" might not be "News fit to eat!"

## Abilene Youths Jailed Following Disturbances

Three Mexican-Americans, all 18 years old, who identified themselves as students of Abilene High School, were jailed in Ballinger in lieu of \$200 fines each, following their arrest at Winters High School Tuesday morning for disorderly conduct.

Still in the Runnels County jail at Ballinger Wednesday were Paul Velasquez of 1526 Kirkwood, Joe Hernandez of 2248 Westmoreland and Rudolph Rivera, who gave his address as 1718 "Lilius," all Abilene addresses. They were charged with disorderly conduct on a complaint filed by Carroll Tatom, superintendent of the Winters schools.

Justice of the Peace Ray Heathcott assessed the fines following an incident which occurred at the Winters high school Tuesday morning. Involved in the incident were 10 Mexican-Americans, nine of whom identified themselves to police as Abilene high school students.

Seven of the group involved in the incident were released because of their age, according to Heathcott. They were identified as Gloria Bryand, 16; Robert Martinez, 15; Anna Chavez, 17; Larry Gonzales, 16; Lydia Gamon, 15; Hector Hernandez, 16; and Ruben V. Rodriguez, 15. All are reported to be residents of Abilene. Supt. Tatom said Gonzales was identified as a non-student.

Supt. Tatom said the group of Abilene students entered the high school building about 11 a. m. Tuesday. He said he was talking to three of them on the first floor hall of the building when he heard persons on an upper floor "running up and down the halls yelling." He said the group had been all over the building before they were caught between the second and third floors. He said he could not understand any specific thing said, only "whooping and hollering." The police were called to stop the disturbance, Tatom said.

The school superintendent said he didn't think any of the group had talked to Winters students, as classes were in progress and there was no change of classes at the time.

At first, Tatom said, some of the group identified themselves as being from Colorado City, but later identified themselves to police as Abilene high students.

Supt. Tatom said one of the three students to whom he and other school administrators talked in the downstairs hall was identified as Gloria Bryand, 16, of Abilene. He said they explained they had "come to visit the school," and were asked to leave. He became aware of the disturbance on the upper floor while he was talking with them, the superintendent said.

Justice of the Peace Heathcott said in the setting the fines at \$200 per person for the three arrested, he had "felt like maybe we might make an example to stop future incidents."

According to reports, Abilene high school principal Escobe Webb said Tuesday afternoon that all the students involved except Hector and Joe Hernandez had obtained 10 excuses Tuesday morning to attend the funeral for Faustino Arispue at Winters. The funeral service was held at 10 a. m. in Spill Funeral Home here.

Other incidents involving Mexican-American youths from Abilene were reported Tuesday to have occurred within the past few weeks at schools in Sweetwater and Hamlin. Students were reported to have visited those schools, and were asked to leave. No disturbances were reported in those incidents.

## December 15 Is Livestock Show Entry Deadline

Monday, December 15, is the deadline date for entering livestock in the Winters Junior Livestock Show, according to spokesman of Winters Livestock and Agricultural Association, sponsors of the show.

All entries must be made prior to 5 p. m. Monday, December 15, and must be made on official entry blanks which may be obtained from Jimmy Smith, vo-ag teacher in Winters High School, or County Agents C. T. Parker and Allen Belk. Late entries or entries not made on official entry blanks will not be allowed to show, it was stated.

The Junior Livestock show will be held Saturday, January 10, at the Winters Livestock Show barn.

Judges for this year's show will be Fred Igo, vo-ag teacher at Sterling City, sheep; Dr. Edwin DuBoise, professor of agriculture at Abilene Christian College, steer division; and Mack Heald, assistant county agent, Floyd County, swine division.

## Band, Choir Christmas Concert Monday Night

The Winters High School band and choir, under the direction of Kirke McKenzie, will present their annual Christmas concert Monday, December 15, at 8 p. m., in the high school auditorium. There will be no admission charge.

In addition to the music, a film of the marching band taken during the UIL contests in Ranger two weeks ago will be shown.

## Chamber of Commerce Coordinating Special Events For December 19

Big happenings are scheduled for Winters for Friday, December 19, with Christmas activities for the kids, special merchandising events for the oldersters, and "10-cent hamburgers!"

The group of activities will be another of the special Christmas season events planned by the Winters Chamber of Commerce. The first was the kids' parade, which had been scheduled for last Saturday, but was postponed to Thursday of this week because of inclement weather.

## 4-H Entries Due For San Antonio, Ft. Worth Shows

4-H Club members of North Runnels County who plan to enter livestock in the San Antonio and Fort Worth stock shows must sign up soon, according to C. T. Parker, Jr., and Allen Belk, Runnels County Agricultural Agent and Assistant Agent.

Members who plan to show livestock in the two shows are asked to meet the extension agents at the agriculture building at 9 a. m., December 12, and bring all information regarding the livestock to be exhibited.

## Clarence Young, ASU, Wins First In Cattle Judging

Clarence Young of Winters, student at Angelo State University, took first place in cattle judging with 188 points in the 11th annual Angelo State University Livestock Judging Contest last Wednesday in San Angelo.

Young is the son of Mr. and Mrs. Fred C. Young of Winters and is a graduate of Winters High School.

The contest was cosponsored by ASU and the Concho Aggie Club and was held at the ASU Farm and Ranch at North Concho Lake North of San Angelo. Sixty-one students participated.

## Band, Choir Christmas Concert Monday Night

The Winters High School band and choir, under the direction of Kirke McKenzie, will present their annual Christmas concert Monday, December 15, at 8 p. m., in the high school auditorium. There will be no admission charge.

In addition to the music, a film of the marching band taken during the UIL contests in Ranger two weeks ago will be shown.

## Chamber of Commerce Coordinating Special Events For December 19

Most mercantile businesses will remain open until 8 p. m. Friday, December 19, for the convenience of Christmas shoppers. Some of the stores are planning special sales events for that night.

The Winters High School cheerleaders will sell hamburgers on the street December 19, beginning at a time to be announced later. The hamburgers will be priced at only 10 cents each, it was announced.

The money scramble for the kids, which had been scheduled to follow the parade last Saturday, will be held at 4 p. m. in the parking lot of the Winters State Bank. In that event, loose hay will be scattered over the paved parking lot, and change amounting to \$50 will be thrown into the hay for the kids to find. This event will be divided into two divisions, one for kids through five years of age, and one for children 6 to 10.

Following the hay scramble, the kids will be treated to a free movie at the State Theatre beginning at 5 p. m. The movie to be shown will be announced later, but the sponsoring Chamber of Commerce has stated that it will be a "kids' show."

## Harroll Watkins, Paint Rock, District Deputy, AF&AM

Harroll Watkins of Paint Rock has been named District Deputy Grand Master for Masonic District 105, which includes seven Masonic Lodges in this area. He has been very active in Masonic organizations.

The appointment was announced in Waco by the newly-elected Grand Master of Masons in Texas, Hal Burnett of Alpine, as the 134th Communication of the Grand Lodge of Texas was concluded in Waco December 4.

District Deputy Grand Masters are appointed for each of the 134 Masonic Districts of Texas. They are the personal representatives of the Grand Master, head of the state's largest fraternal organization with some 240,000 members and 965 Lodges in Texas.

## IN 108 TO 1 STOCK SWAP

# Dry Company Acquired By Wallace Murray Corp.

Wallace Murray Corporation announced today that it has acquired the Dry Manufacturing Company of Winters, Texas, in an exchange of stock.

The company will continue under its present management and will operate as a Division of Wallace-Murray. John P. Dry will be general manager of the division reporting to Howard V. Scott of the corporate staff.

"We are delighted," Mr. Dry said, "with this new affiliation and feel that it will mean much to the stability and growth of our industry here in Winters." Mr. Dry noted that the products which Dry Manufacturing makes at Winters complement the building products of Wallace-Murray's William Wallace Division, the largest manufacturers in the U. S. of gas vent systems and metal chimneys for residential, commercial, and industrial use.

Dry Manufacturing makes steel and aluminum registers, grilles, and diffusers used in the heating and air conditioning of residential housing, mobile homes, apartments, and commercial buildings. It estimates annual sales of approximately \$3,000,000 in 1969 and operates three plants in Winters, employing about 250 people.

Wallace-Murray Corporation is a diversified manufacturer of building products, cutting tools, power components and custom metals with estimated sales in 1969 of over \$225 million. Forty per cent of the company's sales are in the building products area including its Eljer Plumbingware Division, the William Wallace Division, and its newly acquired Lawton Division, major distributors to the growing mobile homes industry. Thirty per cent of its volume comes from industrial cutting tools, including the Simonds Saw Division, the largest U. S. manufacturer of saws, machine knives, and carbide tools; the Heller Tool Division, manufacturers of files and saws; and the Simonds Abrasive Division, which makes grinding wheels and abrasive grains.

Wallace-Murray has two divisions in its power components group which accounts for 20 per cent of its output. The Schwitzer Division of turbochargers and superchargers for automotive and Diesel engines as well as manufacturers of cooling fans, vibration dampers and fan drives. Its newly acquired Fayette Tubular Products Division makes fluid-carrying devices and hydraulic components including frown hose assemblies for automotive air conditioning.

The company's industrial group, which accounts for the remaining 10 per cent of sales, includes their Illinois Gear operation, manufacturers of custom-made gears; and the Simonds Steel Alloy and tool steels.

Wallace-Murray was formed in 1965 through the merger of the William Wallace Corporation on the West Coast and the Murray Corporation of America. In 1966, the company acquired the Simonds Saw and Steel Company and since that date, has made additional acquisitions, several of which are noted above.

In all, the company operates 25 plants in the U. S. and Canada and employs over 10,000 people.

**DRY MANUFACTURING**  
Dry Manufacturing Company was organized in 1958. The first plant was located on Tinkle Street, just off South Main in Winters, and was later moved to North Melwood. During the past several years an almost constant expansion has been in progress. The North Melwood plant was expanded to include all the available area, and a larger assembly and shipping division was built on West Dale (old Wingate Highway). Later, another plant was opened across the street north of the Wingate Highway plant.

J. P. Dry is president of Dry Manufacturing Company. Hal S. Dry and E. B. Underwood are vice presidents, and C. A. Dry is secretary-treasurer.

Sales areas of Dry Manufacturing Company have included most of the continental U. S. The Drys originally owned and operated J. R. Dry & Sons, manufacturers of evaporative air conditioners. That business was sold in 1957 and became Winters

Manufacturing Company, which was later re-named Pan-American Industries, and still is in operation in Winters.

**WALLACE MURRAY**  
Executive offices of Wallace Murray are at 299 Park Avenue, New York.

Operating divisions are: William Wallace Division, Belmont, Calif., produces vent systems, chimneys and sheet metal products. Schwitzer Division, office at Indianapolis, Ind., producing automotive and diesel engine components including turbochargers, cooling fans, vibration dampers and fan drives.

Eljer Plumbingware Division, administrative office at Pittsburg, Pa., producing plumbing fixtures including enameled

cast iron and formed steel products, vitreous china, brass fittings and steel stampings.

—Illinois Gear Division, Chicago, custom-made gears.

—Simonds Saw Division, Fitchburg, Mass., saws, machine knives, carbide tools and files.

—Simonds Steel Division, Lockport, N. Y., special alloy and tool steels.

—Simonds Abrasive Division, Philadelphia, Pa., grinding wheels and abrasive grains.

—Heller Tool Division, Newcomerstown, Ohio, files, saws, and special tools.

—Wallace Murray Canada Limited, Granby, Quebec, saws, machine knives, files, abrasive grade, grinding wheels, gas vent systems, chimneys and metal fireplaces.

## United Methodist Church Choir To Present Christmas Cantata Sunday

The choir of the First United Methodist Church of Winters will present their annual Christmas Cantata Sunday evening, December 14, at 6 p. m., in the church sanctuary.

The choir is under the direction of Kirke McKenzie.

The cantata is entitled, "Night of Miracles," and was written by John W. Peterson. Through music, Peterson portrays the miraculous story of the night of the birth of Jesus Christ.

Randy Stevens will be organist for the cantata, and Mrs. Kirke McKenzie will be pianist. Narrator will be Mrs. Weldon Middleton.

## Douglas R. Cole and Paul Michaelis Receive Range Management Honors

This week two ranchers of North Runnels County are being honored by the American Society of Range Management, Texas Section, at the annual meeting of the Society in Fort

Worth.

Douglas R. Cole of Winters, and Paul Michaelis of Wingate, received the following message from Joe Schuster, president of the Texas Section of the ASRM: "You are to be congratulated for your excellent work in carrying out sound grazing management and for your knowledge of the principles used in deciding how and when to graze your rangeland. Your work in this regard has been noted by members of the ASRM, as well as others. A committee reviewed records of your accomplishments and knowledge and found that the quality of your grazing management rates as excellent."

Cole operates 1411 acres within the Runnels Soil and Water Conservation District, 1286 of

which is rangeland and 125 acres of tame pasture. Michaelis ranches on 2099 acres of land west of Wingate of which 270 acres are in cultivation, 310 acres of tame pasture and 1519 acres of rangeland.

Both of these ranchers, said Ronald Rugh, range conservationist with the Runnels Soil Conservation Service have demonstrated excellent ability to read the signs of their range and determine what management would best suit their livestock, grass and their overall operation.

Cole and Michaelis both have rangeland in far above average condition for this area. Rugh said, and it both cases it ties directly back to management. The motto of the American Society of Range Management is "To foster advancement in the science and art of grazing land management." Rugh said, and "its objective is to promote progress in conservation and sustained use of forage, soil and water resources." This is a great honor, well deserved by both men, Rugh concluded, and "the Runnels County Soil Conservation Service would like to extend congratulations."

Austin, Texas. — January's draft call for Texans is 573. That is up 117 from December's 456. Col. Morris S. Schwartz, State Selective Service director, said allocation of the call will be delayed to local draft boards until he receives official instructions on procedures for random selection.

Induction period is January 15-31. Under the new Selective Service rally, men from 19 to 26 born on September 14... whose last names start with the letter "J" will be the first drafted after January 1.

Under the new lottery procedure 365 capsules are dropped into the hopper. Each capsule bears a number representing a day in the year. These are regarded as birth dates.

Order in which capsules are drawn thus determines the order in which men with matching birthdates will be drafted next year. Same sequence applies to those now deferred, or exempt in the future, when they return to "1-A" classification.

Texas' quota for pre-induction and mental examination next month is 5,800. In addition to available men 19-26, all those 18 years and six to 11 months old in January of 1970, may be ordered for examination to fill the call. Oldest will be ordered first.

A 17-member Youth Advisory Committee to Schwartz elected these officers: William C. Sarapalius, presiding officer; Michael J. Shearin, vice chairman and Miss Karen K. Burk, secretary.

This group will evaluate the draft law and its administration and offer advice. Other members include Rodney E. Donaldson, Austin; Eddie C. Hill, Dallas; Larry L. Long, Austin; Peter S. Motham, Paris; Jose G. Guerra, Edinburg; James H. Wilkinson, Houston; Robert L. Jones, Corpus Christi; Robert J. Hodges, Austin; Miss Sandra Coachman, Belton; Jay N. Miller, Odessa; Michael L. Riddle, Lubbock; George H. Gould, Beaumont; Frank L. Sullivan, Nacogdoches and Larry L. Freeman, Houston.

## ATTORNEY GENERAL RULES

A Texas law requiring publication twice in a newspaper of political subdivision land up for sale does not repeal the statute requiring commissioner's courts to appoint a commissioner to dispose of county real estate at auction, says Atty. Gen. Crawford Martin.

Martin also ruled that the new law does not repeal the provision that a taxing unit which purchased property at a tax sale may sell it either at a public or a private sale.

In other recent opinions Martin concluded: —Navigational districts, water districts and river authorities may become subscribers for

workmen's compensation insurance for employees.

—Council of government can accept federal grants for water pollution control programs.

—Soil and water conservation districts are prohibited by budget bill from using state funds to buy liability insurance.

—Counties under the Tort Claims Act do not have to carry workmen's compensation insurance.

—Hospital administrators may refuse to furnish to a widow medical records of a former patient who died shortly after discharge from the hospital.

Local school fund assignment credit for federal-owned military posts must be proportionately computed on the basis of total territory in the district, including that resulting from annexation of another school district.

—Garden clubs which are institutions of "purely public charity" can be exempt from property tax.

—Salary supplements to get doctors and dentists for state hospitals are legal.

—Former legislators seeking state retirement benefits must, under a new provision, make application by January 1 and pay prior-year contributions.

—Persons who are employees of a participating sub-division of the effective date of its joining Texas County District Retirement System automatically become members on the effective date of the agreement.

## EX-LEGISLATORS WORK FOR STATE

At least eight former lawmakers have been given state jobs to help them complete their eligibility for state retirement pay. Three are registered as lobbyists.

Added to the payrolls recently were these former Senators: James E. Traylor of Austin; Weaver Moore of Houston; Jimmy Phillips of Angleton; William Fly of Victoria and Vernon Lemens of Waxahachie.

Three former House members also were added: Jack Bryan of Buffalo, Henry Lehman of Giddings and Fred Niemann of Austin (elected from Yoakum).

## Lt. R. A. Benson Completes Flight Systems Training

Pensacola, Fla.—Marine Second Lieutenant Robert A. Benson, son of Mr. George A. Benson of 310 S. Magnolia St., Winters, Texas, has completed a four-week Flight Systems course at the Naval Aviation Schools Command at the U. S. Naval Air Station, Pensacola, Fla.

The course provided him with instruction in basic aerodynamics, aviation physiology, air navigation, physical fitness and swimming.

He will now proceed to the next phase in the Naval Aviation Program.

## Two Persons Killed In Auto Crash Sunday

Two persons were killed in a one-car accident about 2:45 a.m. Sunday three miles south of Winters on Highway 83.

Dead at the scene were Adolpho Torres, 43, of Winters, and Faustino Arisepe, 19, of Abilene, former resident of Winters.

Two others in the car were injured. Will Martinez, 16, of Abilene and a former Winters resident, and Mike Gomez, 27, of Abilene, Martinez was treated at North Runnels Hospital and transferred to Hendrick Memorial Hospital in Abilene. Gomez was treated and released from North Runnels Hospital.

The accident occurred when the car left the highway and jumped a creek about 80 feet and struck the north concrete embankment.

According to information from investigators, Arisepe was driving the auto, owned by Frank Arroyo of Winters. Arroyo was in another car at the time.

Justice of the Peace Ray Heathcott of Winters ruled the deaths as accidental. The accident was investigated by the Texas Department of Public Safety patrolman from Ballinger.

Funeral for Mr. Torres was held at 2:30 p.m. Monday from Spill Memorial Chapel in Winters with Mr. Glenn Gray, minister of the Main Street Church of Christ, officiating. Burial was in Lakeview Cemetery.

He was born Feb. 19, 1926, in Floresville, and came to Winters as a child and had lived here most of his life. He was employed by Alderman-Cave Milling Grain Co. He married Julia Castillo in Winters.

Survivors include his wife; his father, Mateo Torres of Winters; seven sons, Bobby Salazar of Brady, Renaldo, Raul, Rudolph, Rogelio, Romero and Adolpho Jr., all of the home; four daughters, Mrs. Frank Ysa of Tuscola, Mrs. Rudy Carrillo of Wilmington, Calif., Mrs. George Torres and Miss Romelio Torres, both of Winters; two brothers, Mateo of Abilene and Jessie of Abilene; two sisters, Mrs. Margaretha Sanchez of Winters, and Mrs. Felix Cortez of Floresville.

Rosary for Mr. Arisepe was recited at 7:30 p.m. Monday from Spill Memorial Chapel. Graveside services were at Lakeview Cemetery at 10 a.m. Tuesday with the Rev. Patrick Ryan, pastor of Mt. Carmel Catholic Church, officiating.

Faustino Arisepe was born June 23, 1950, at Colorado City. He moved with his parents to Winters as a small child and had lived in Winters until a month ago, when he moved to Abilene.

He married Amanda Ortiz in September of 1969 at Winters.

Survivors include his wife; his parents, Mr. and Mrs. S. A. Arisepe of Abilene; five brothers, S. A. Jr. of Colorado City, Eli of Winters, Dimas of Fort Worth, Ide and Eliso, both of

## 3568 Bales In, Weather Still Main Factor

Weather remains the main factor in the slow harvest of the 1969 cotton crop in this area. Following a day of good weather, clouds obscured the sun toward the last of last week again, and dumped more moisture over already saturated cotton fields.

Winters Warehouse reported Monday that only 3568 bales had been received in Winters, from bins in North Runnels County. This follows the pattern being experienced all over the Abilene area, as the USDA Cotton Classing Office in Abilene reported only 110,000 samples received this year compared to 354,000 a year ago. B. B. Manly, Jr., in charge of the Abilene classing office, reported that only 16,000 bales were classed during the week ending December 5, compared to 19,000 for the same period last season.

Grades were about the same as last week with 17 per cent in the white category, 75 per cent in the light spotted category, and 8 per cent in the spotted category. Predominant grades in each of these color groups were: 10 percent 41; 5 percent 51; 25 percent 32; 42 percent 42; 8 percent 52; and 5 percent 43. Four percent were reduced in grade because of bark.

The average staple length for the week changed from 29 to 30. Two percent were 28; 21 percent 29; 43 percent 30; 14 percent 31; 8 percent 32; 5 percent 33; 5 percent 34; and 2 percent were longer than 34. Micronaire readings were: 1 percent 3.0-3.2; 1 percent 3.3-3.4; 91 percent 3.5-4.9; 6 percent 5.0-5.2; and 1 percent 5.3 and above.

Pressley readings, which are an indication of strength, were good with 60 percent reading 80,000 PSI (pounds per square inch) and better.

The Consumer and Marketing Service, Abilene, Texas, reports average prices, based on limited information available, for some predominant qualities are: 4129 brought 18.45c; 4130 brought 19.5c; 4229 brought 18.75c; 3-230 brought 18.30c; 4229 brought 18.05c; 4230 brought 18.60c; 4-229 brought 16.75c; and 4330 brought 17.30c.

## COURTS SPEAK

Texas Supreme Court refused to change its rule that the Sunday closing law is constitutional. However, it granted a motion by challengers to stay its mandate pending appeal to the U. S. Supreme Court.

Federal district court here threw out atheist Madalyn Murray O'Hair's suit to prevent broadcasting of prayer and Bible readings by astronauts from outer space. She said she will appeal.

Abilene: four sisters, Mrs. Taylor Esparza, Mrs. S. Carolina Lara, Mrs. Olga Gallerio and Miss Lisa Arisepe, all of Abilene.

## City and School Get \$1620 In Railroad Taxes

Winters Independent School District received \$1,239.70 and the City of Winters received \$380.70 in taxes from railroads within the district and the city in 1969, it has been announced by the school district tax assessor-collector and the city secretary.

Current annual taxes paid to the various government agencies by Texas railroads in Runnels County totaled \$13,040, the Texas Railroad Association announced.

Nearly \$11,000,000 in taxes were paid in the state by Texas Railroads on their own right of ways and other property.

The biggest railroad contribution was to the school systems throughout the state, according to the Association. Large sums also were distributed to city, village and county governments and for road and bridge funds.

# CREWS

After all our bad weather we had a large attendance at our community meeting Saturday night. We had a nice supper and Christmas tree program afterwards. There were 6 tables of 84.

Mrs. Jim Thomas of San Angelo spent Sunday with Mr. and Mrs. Ralph McWilliams.

Recent visitors in Quince Traylor's home were Mr. and Mrs. Otis Miller, Mr. Charlie Traylor, Mrs. Verbi Cooper of Dallas, Mrs. Loraine Wright of Fort Worth.

Briley and Bryan of Midland, Mr. and Mrs. Gene Wheat, Bill and Douglas Winters, Mr. and Mrs. David Bryan and Mr. and Mrs. Neal Bagwell and Mrs. Bub Phillips.

Mrs. Ray Dunn has just returned from Tennessee from a visit in the home of her daughter, Kathy.

Mrs. Myrtle Allen is still a patient in Hendrick hospital.

Silence is one of the hardest arguments to refute.

# Reduce Your Taxes With Good Records

Dallas, Texas.—Good records can save tax dollars at income tax filing time for Northern Texas taxpayers.

Ellis Campbell, Jr., District Director of Internal Revenue in Northern Texas, said good records help you get all the deductions and credits you are entitled to.

A good system for keeping records is to label envelopes or folders according to the types of income and deductions you have, Mr. Campbell said. Bills and receipts should be put in the appropriate folder as they are paid.

Taxpayers who itemize their deductions on Form 1040 must have available cancelled checks, receipts, statements, and other data to support the claimed deductions.

Mr. Campbell said that, in addition to saving tax dollars, good record-keeping makes preparation of the tax return a much easier task.

**CARD OF THANKS**  
We wish to express our deepest appreciation to the many friends who were so thoughtful and concerned during my recent illness at the hospital and since I have returned home. For the many cards, letters, visits, telephone calls and to those who sat up, the doctors, and nurses, we wish to extend a special thanks. My family joins me in expressing our heartfelt thanks.—Dell Gardner. Itc

# Social Security May Be Drawn At Age 62

Farmers and ranchers occasionally have a year of low earnings for reasons beyond their control. A supplemental source of income is available if this happens to you and you are at least 62.

Don't overlook your social security benefit. If you earn \$1680 or less in a year, you can receive all your social security benefits for that year. For self-employed people this is based on net earnings. Even if you earn over \$1680, you may still receive some benefits.

Benefits are withheld at the rate of \$1 for each \$2 earned from \$1680 to \$2280 and \$1 for each \$1 earned over \$2880. Any month you don't work, you are eligible for your social security benefit.

Ted F. Moellering, social security district manager, reminds everyone that social security protection is an earned right. If you think you might qualify, the people in the Social Security Office at 3000 West Harris Avenue in San Angelo, can answer your questions, or see the representative when he is in your area.

## "A Lovely Way to Die."

Tough cop and swinger. That's how Kirk Douglas emerges in his current role with Sylva Koscina and versatile Eli Wallach in Universal's hard-hitting detective drama in Technicolor, "A Lovely Way To Die," showing Fri., Sat. and Sun. at the State Theatre. It was directed by David Lowell Rich and produced by Richard Lewis.

Kirk Douglas, a rough and tumble New York policeman, turns in his badge rather than face a reprimand, and becomes a bodyguard in Universal's suspense drama in Technicolor, "A Lovely Way To Die."

The gumshoe is a natural for Douglas. His last similar characterization, in "Detective Story," has been hailed as one of his finest in an unbroken series of outstanding portrayals.

## "The Conqueror Worm"

World-famous adventure thriller writer, Hammond Innes, whose 16th century home in the tiny, old-world Suffolk village of Kersey, England, was used as the background for many location scenes for AP's new "Vincent Price spine-chiller," "The Conqueror Worm," a tale of Cromwellian torture and savagery, has donated the fee he received from the film company to a fund for restoring

the bells of the 14th century St. Marys' Church in the village. The Edgar Allan Poe horror-thriller begins an engagement at the State Theatre on Fri.

# Dept. of Health Gives Tips On Holiday Driving

With winter weather coming on, and traffic during the holidays expected to clog the streets and highways to capacity conditions, motorists will have to be more watchful.

More fatal traffic accidents occur during darkness—especially during the evening from 5 p.m. to 8 p.m.—than during the daylight hours, reports the Texas State Department of Health. This sobering fact should be kept in mind by motorists during winter when hours of daylight are shorter, streets may be wet or icy, and fog and frost on windows may cloud a motorist's visibility. Better control of the car, reduction of speed and increased alertness are very necessary.

The State Health Department and the National Safety Council also advise motorists to drive defensively and to:

- Pull into traffic more cautiously than in daytime.
- Pass with care, making sure you have enough passing room.
- Never trust your judgment in estimating speed of an approaching car by its headlights.
- Stay well behind the car ahead of you and watch for his signals.
- Watch for oncoming drivers who may be out of their lanes.
- Be alert for vehicles stopped on the roadway with poor—or no lights.
- Alert other drivers with flares or lights if your car becomes disabled, and get it off the road.
- Don't over-drive your headlights. At 60 miles an hour it will take you about 370 feet to stop. Yet, you see only about 200 feet ahead.
- Put on directional signals well in advance of turning.
- Don't use parking lights when in motion.
- Make adjustments for a bad weather, which further reduces your vision.
- Keep your windshield and windows clean, inside and out. In night driving the glare of oncoming headlights diffused against the film may blind you or make you fail to see unlighted objects.
- If an approaching driver fails to dim his lights, don't keep your bright lights on also. Slow down, dim your lights and keep your eyes on the shoulder of the road or the lane edge to guide you.
- By observing these rules of the road, you will have a much better chance of not becoming a traffic statistic, says the State Health Department.

## WASHINGTON

"As it looks from here"

### OMAR BURLESON Congressman 17th District

WASHINGTON, D. C.—There is little doubt and, in most instances, well documented, that there has never been a war in which there have not been atrocities committed on both sides of the conflict. This has been especially true in civil and revolutionary wars when one side fights with underground guerrilla type tactics. In these cases it becomes impossible to always distinguish between friend and foe or sometimes between men and women, children and adults. It is known that in the guerrilla type operation combatants often masquerade as civilians and often use civilians as suppliers, spies, shields and assassins. A mine laid by a school boy shatters the body as if it were laid by an adult soldier.

History mentions that the Bolsheviks in the Russian Revolution of 1917 had women out in front of them to first face the Cossacks.

In World War I the British were accused of conducting ter-

rorist campaigns in which atrocities were committed before joined by the Americans against the Germans.

There is, however, usually a great deal more added than facts support. This may be called the "campaign" of atrocity accusations for propaganda purposes. There were the horror stories about the Nazi, the French in Algeria, the Kuomintang in China, Batista in Cuba and the accusations against the United States that germ warfare was used in the Korean War. The fact that there has been some truth about atrocities by the very nature of war. The exception—the germ warfare in Korea.

The news media around the world described French atrocities during the Algerian war but from all accounts the Algerian revolutionaries were many times worse and were experts at atrocities. Terror inevitably invokes counter-terror whether committed in prior centuries or in the 20th Century of Algeria, Vietnam or in the Middle East between the Israelis and Arabs.

It is possible and likely that some American soldiers in Vietnam have committed acts that,

whatever the provocation, must be defined as atrocities. The truth should be faced and the individuals judged. It is another thing, however, for American soldiers, whether individually, by platoons, companies or on up to every boy in Vietnam to be judged by ugly sensationalism and used as a front for an attack on US policy and leadership. This type of propaganda is grist for the propaganda mill of our enemy and even shakes up our friends who support our position in Vietnam.

It is difficult for anyone who has not been there to know what they might do under a given circumstance. The individual soldier coming out of the jungle into the clearing of a village known to be occupied by the Viet Cong, weary and afraid, may not always be able to identify an enemy ready to take his life. These overwhelming conditions may well cause an American soldier, whose business it is not to fight in the first place, to act in a way that he would never think of otherwise.

This is a rationale and not an excuse. Neither is it any justification that the enemy's atrocities in the Vietnam war are so little noticed by those who now are so ready to criticize our side. It proved that the enemy faced in Vietnam has been the perpetrator of unspeakable atrocities but not sensationalized as has been the accusations against our American men.

Before passing judgment on who did what, where and when, it behooves all, including public communications, to wait for evidence from legal and competent sources to establish guilt.

### Nan Wright Circle Continues Study of China At Meeting

Continuing the study of China, members of the Nan Wright Circle of the Methodist WSCS met Tuesday morning in the home of Mrs. Clarence Hambricht.

The chairman, Mrs. Thad Traylor, presided for the meeting and the opening prayer was led by Mrs. H. O. Abbott. Reports were given by the secretary and treasurer. The devotion was given by Mrs. E. H. Baker.

Mrs. Paul Gerhardt gave the topic, "The New Moment in Sino-America." Mrs. Sallie Gray explained "A New Consciousness Relation," and Mrs. Glenn Bowman told of "China Today."

The meeting closed with prayer by Mrs. E. H. Baker. Refreshments were served to Mesdames Thad Traylor, Glenn Bowman, H. O. Abbott, Vada Babston, Sallie Gray, E. W. Bridwell, E. H. Baker, August McWilliams, Paul Gerhardt, and the hostess, Mrs. Hambricht.

### JOY Sunday School Class Christmas Dinner Tuesday

Annual Christmas dinner for the members of the JOY Sunday School Class of the First Baptist Church was given Tuesday evening in the home of Mr. and Mrs. Loyd Roberson.

Mrs. Joyce Kruse presided for a brief business session and then presented Mrs. Ellis Zane Moore who gave a true Christmas story entitled, "A Gift From the Heart."

Instead of exchanging gifts each member brought a gift for a needy family.

Present were Mesdames G. W. Sneed, Ray Laughon, F. K. Antilley, Ted Meyer, Harry Grantz, Garland Crouch, R. Q. Marks, Jay Simmons, Wayne Sims, Charles Sewell, Kenneth Sneed, Jack Pierce, Lee Harrison, Joyce Kruse, Monroe Boles, Marshall Wharton, E. Z. Moore and the hostess.

### Mary Martha Circle Meeting Held With Mrs. M. E. Leeman

Mary Martha Circle of the Methodist WSCS was held Tuesday morning in the home of Mrs. M. E. Leeman for a covered dish luncheon.

Mrs. W. W. Parramore, vice chairman, gave the invocation for the noon meal. She was also leader for the closing session on the study of China.

Those on the program were Mesdames John Schaffrina, Parramore and W. T. Nichols, who gave a symposium of "Three Asians Look at China." A discussion period followed.

Mrs. Alma Daniel gave the closing prayer. Others present were Mesdames M. L. Dobbins, E. L. Crockett, Gattis Neely, E. L. Marks, Glenn Bowman, A. D. Lee and Miss Frances Stricklin.

### Records Should Be Checked

How long has it been since you have checked your social security record? One year, five years, never?

"For most families, social security is a most valuable financial protection—too valuable to be taken for granted; so, check your record and be sure," says Ted F. Moellering, social security district manager.

It is easy to check your record. A post card form, "Request for Statement of Earnings" (Form OAR-7004), may be obtained from either the social security office or the social security representative visiting your area. The request will get you a statement showing the total amount of earnings credited to you, as well as a breakdown of the amounts credited in each of the last three years. You should examine this statement to be sure your credit is correct and complete.

If you find any error, report it promptly to the social security office so that proper action can be taken to correct your account.

The amount of payments a worker and his family receive from social security is based on the amount of earnings credited to his account. Therefore, Mr. Moellering urges you to check your record at least every three years.

Remember, your social security represents substantial financial protection for you and your family while you are young as well as in later years. Use your social security number correctly, check your account every three years, and you will be assured that the payments will be correct.

For further information, contact the Social Security Office at 3000 West Harris Avenue in San Angelo, Texas, or see the representative when he is in your area.

### Funeral Rites for Mrs. Glenn Eager Held In Abilene

Funeral rites for Mrs. Glenn E. Eager, former resident of Winters, were held at 2 p. m. Monday at Kiker-Warren Funeral Chapel in Abilene. Dr. James Flammig, pastor of the First Baptist Church, officiated.

Graveside services were held at Rose Hill Cemetery in Merkel with the Rev. James G. Merrell, pastor of the First Methodist Church in Merkel, officiating.

Mrs. Eager, 68, died at Hendrick Memorial Hospital in Abilene.

The Eager family lived for many years in the old Victory Community. She was a niece of a pioneer resident, the late J. W. Tanner, an early day dry goods merchant in Winters. Surviving are her husband; a son, Charles Eager of Merkel; a foster daughter, Mrs. Truman Newman of Abilene; two grandchildren and four great-grandchildren; two sisters, Mrs. Homer Trantham of Columbus, Ohio, and Mrs. Lillie Belle Coley of Baird.

It is a striking coincidence that American ends with "I can."

## Soil Surveys May Prevent Problems In Land Usage

The use of the land in the United States has changed rapidly in the past few years. This change in use has been brought about by urbanization of the big cities, industrialization, expansion of highway systems, recreational outlets for city dwellers and many others.

Harvey Kahlden, Soil Conservationist, with the Local Soil Conservation Service, assisting the Runnels Soil and Water Conservation District, said many problems can be prevented if soil surveys, that are available at the local Soil Conservation Service office, are used in the planning stages. He said soil surveys can be helpful in picking better home sites, schools, bridges, streets and public buildings. He said many miles of corroded pipelines could have been and can be prevented if only someone would seek information on the soil before the lines are installed. Many times an alternate pipeline route can be taken and save many problems later on.

Kahlden said using soil surveys will help alleviate water pollution, provide a better water supply and improve natural resources in general which affects everyone. He went on to say that farmers and ranchers make use of soil surveys to help find the best use for each piece of their land, but these are some of the ways city folks can also make use of soil surveys.

## FFA Judging Team Advances To State Contests

The Greenhand Chapter Conducting team from Winters' chapter, Future Farmers of America, won a first place in the area contests at Stephenville December 6, advancing the team to the State Leadership contest to be held at Huntsville Saturday, December 13.

This team had previously won first place at the district contests at Coleman.

Members of the team are Timmy Meyer, Jimmy Sims, Keith Paschal, Rickey Dean, Monty Briley, Marvin Kaufman and Stephen Englert.

The Winters FFA chapter took five teams to the District Leadership contest at Coleman recently, where they won three first places, a second place and a third place.

The senior chapter conducting team, composed of Randall Sneed, Gary Antilley, Johnny Bob Pritchard, Mike O'Dell, Troyce McKnight and Lanham Bishop, won a first place at Coleman.

The Greenhand Chapter Conducting team also won a first at Coleman.

The Senior Farm Skill team won first place at Coleman. Members of this team were Richard Sharpes, Rickey Marks, Sherrill Alexander, and Mike Smith.

The Winters FFA Radio team, composed of John Smith, Randy Bredemeyer, and Hudon White, won a second place at Coleman.

The Junior Quiz team, Rickey Mathis, Scott King and Wayne Schwartz, won a third place.

A first or second place win at district allowed the teams to compete in the area contests at Stephenville December 6.

At Stephenville, the Senior Chapter Conducting team won a second, the Senior Farm Skills team a third, and the Radio team won a fifth.

Jimmy Smith, vocational agriculture teacher in Winters High School and FFA advisor, accompanied the groups to the contests.

## Annual Meeting of COG In Abilene Next Wednesday

The annual general membership meeting of the West Central Texas Council of Governments will be held Wednesday December 17, at 2 p.m. in the Abilene Library auditorium North 2nd and Cedar Streets Abilene.

This will be an election meeting, to name officers of the coming year. Reports also will be made to the membership by President Leon Thurman on the Council's activities for the year. A list of nominees for the 1970 executive committee and the board of directors will be presented to the membership.

Charles Crow, member of the Governor's staff, Division of Planning Coordination, has been invited to make a short address during the meeting.

Following the meeting, the membership will visit the new offices of the organization.

## Winters Girls Beat Merkel, Boys Lose Tilt

The Winters High School Blizzards defeated the Merkel girls 57-49 Tuesday night in the first district game of the season, while the Blizzards lost their first conference game to the Merkel boys.

Miss Freddie Gardner, girls' basketball coach, used only six girls in the game. Carla Walker was leading scorer, with 21, followed closely by Debra Carroll with 20. Carol Jacob sank for 16.

Guards going all the way were Donna Hope, Janie Paschal and Linda Walker.

In the boys game, the Merkel Badgers took a 70-52 decision over the Blizzards, after falling behind in the first quarter. The Blizzards were 14-12 over

the Badgers in the first quarter, and then the Merkel boys came back to hold a 31-21 lead at halftime. Winters came back strong in the third, but failed to hold the charging Badgers.

Scoring was Antilley 4-3-11; Grant 2-3-7; Cathey 2-4-8; Pritchard 1-0-2; Jones 5-2-12; Pierce 1-2-4; McCuiston 2-4-8. Totals 16-18-52.

Merkel—Arnwine 7-10-24; Wisenhunt 3-2-8; McLean 5-3-13; Anderson 5-5-15; Tarpie 2-2-6; Thames 1-2-4. Totals 23-24-70.

The girls are playing in the Hardin - Simmons Tournament this weekend, while the boys go to the Coleman tournament.

The next district contest will be against Haskell at Winters January 6.
