HOME TOWN Talk

By R. C. THOMAS

Mrs. Kirke McKenzie organized and is directing a group of singers from the fourth grade in Winters Elementary School. They have become popular and have been booked to provide entertainment at special functions. They presented a program Tuesday night at the banquet of the Winters Classroom Teachers Association, and will perform at the "Miss Winters" pageant March 20.

The group had to have a name for identification purposes, and got their heads together and came up with... what else? "The Fourth Dimensions!"

Think you've been working hard lately? Take a look at the following from a recent book, "How To Torture Your Mind," by Ralph L. Woods, and then try to prove to anyone that you've been doing anything at all:

- "Every year has 365 days."
- "If you sleep 8 hours a day, you use up 122 days, thus leaving 243."
- "If you rest 8 hours a day, you use up another 122 days, thus leaving 121 days."
- "There are 52 Sundays a year, thus leaving 69 days."
- "If you have a half-day off every Saturday, you use up 26 days, thus leaving 43 days."
- "If you use 1 1/2 hours for lunch (and coffee breaks), you use up 28 days, thus leaving 15 days."
- "A two-week vacation equals 14 days."
- "This leaves only one day, and on Labor Day nobody works."

When one is building a mountain or digging a canyon, each single shovelful of dirt piled on or removed seems insignificant. It is not until one steps back to view the overall picture that the enormity of such a project is realized.

The same sensation is experienced when viewing growing inflation from the inside: Back a few years ago, although there was some little talk and not a few warnings of the consequence of inflation, when prices took a little rise it seemed so insignificant. A penny here, and a penny there... and we took it in stride, paying only a little lip service to the problem. But viewed from a distance, after a few years of seemingly small steps, it suddenly dawned upon us what an enormous mountain we have built! How in the world was it possible for those few small pennies—one at a time—to grow into such a pile of dollars?

A graphic illustration of what we're talking about is seen when we compare the "prime interest rate" in effect down through the years. The prime rate is the rate of interest charged by major banks to the "blue chip" companies, and controls all interest—we've been told.

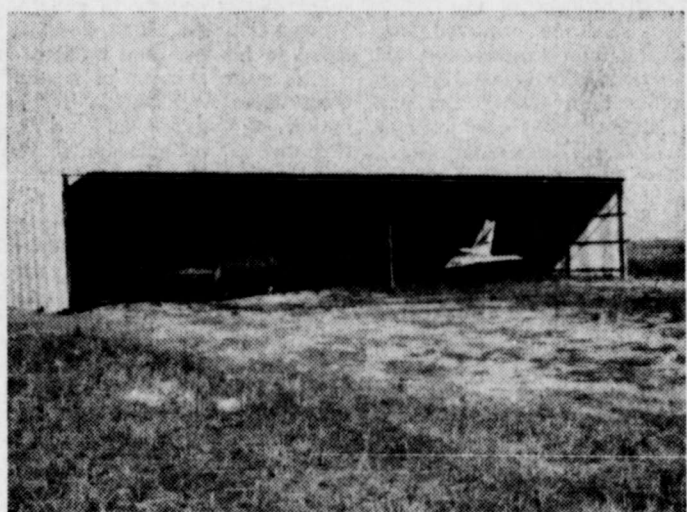

Following are the prime rates from 1946 through June 6, 1969. What a mountain we've built—a penny at a time!

CTO Gets Grant For Head Start Program In '70

Congressman Omar Burleson announced this week that the Federal government had granted \$155,470 to Central Texas Opportunities Inc., to operate Head Start programs in Brown, Calahan, Concho, Runnels and McCulloch Counties.

The grant will provide preschool training for 102 children of low income families, including medical, dental, social and psychological services on a part time basis for 30 children, and full day basis for 154 children during the summer months.

HANGAR—This is the two-plane hangar being constructed at Winters Airport southwest of town, by members of a local aero club. The airplane shown in the picture belongs to the club of flyers. Wet weather during the past several weeks has delayed completion of the hangar. Two sliding doors will close the hangar. The hangar is being constructed according to specifications approved by the Winters City Council. A gasoline pump was installed at the airport several months ago. Use of the airport is increasing almost weekly, and facilities being installed are expected to increase use substantially. Several local companies are serviced by salesmen and visited by clients who use aircraft for traveling.

Four WHS Girls On All-District Basketball List

Carla Walker, a member of the 1969-70 Winters High School Blizzardee basketball team, was named a forward on the District 7-AA Girls' All-District basketball team.

This is the third year Miss Walker has been named to the all-district team.

Receiving honorable mention for the mythical team were Carl Jacob and Debra Carroll, both forwards; and Landa Walker, guard, Winters.

Miss Walker, Miss Jacob and Miss Carroll are all senior students. Miss Landa Walker is a freshman.

ALL-DISTRICT TEAM
Forwards
Pat Puckett, Coleman; Terry Sue Down, Merkel; Carla Walker, Winters.
Honorable mention: Melba Seymore, Merkel; Debra Carroll and Carol Jacob, Winters; Becky Beaver, Anson.

Guards
Paula Mayfield, Haskell; Judy White, Anson; Debbie Hardaway, Hamlin; Glenna Doan, Merkel.
Honorable mention: Landa Walker, Winters.

Weather Forces Postponement Of Blizzard Relays

The annual Blizzard Relays, which had been scheduled for last Saturday, were cancelled due to rain.

A new date will be set for the Relays, according to school officials, and will be announced as soon as it can be confirmed.

Friday, March 20, Will Be School Holiday Here

Friday, March 20, will be a school holiday for students of Winters Public Schools. Teachers will attend the district meeting of Texas State Teachers Association in San Angelo.

Classes will be dismissed at 2:30 Thursday, March 19, so that teachers may go to San Angelo to view exhibits set up for the teachers' convention.

Blizzard Band To UIL Solo, Ensemble Contests In Brownwood Saturday

Fifty-six members of the Winters High School Blizzard Band will participate in the Region VII, University Interscholastic League solo and ensemble contests at Howard Payne College in Brownwood Saturday.

Twenty-one of these Winters students are entered in Class I ensembles or solos, which are the most difficult contests. If a Division I rating (superior) is won by those entered in Class I, they will merit a trip to Austin in June to perform in the State Solo and Ensemble contests. Gold medallions are awarded first divisions at the State contest and gold medals at region. Band Director Kirke McKenzie explained that a student entered in solo or ensemble competition performs with piano accompaniment before a judge and is given a rating of I through V. The I rating is superior; II, excellent; III, good; IV, fair; and V, bad. Solo and ensembles are also classified according to their difficulty. A bronze medal is given a first division rating in a Class III (easy) solo or ensemble; a silver medal on Class II (medium difficult), and a gold medal in Class I.

Director McKenzie said students will not be competing with other students, but with musical standards.

Winters Schools Will Have Five-Day Vacation During Easter Holidays

The board of trustees of Winters Independent School District has extended the Easter holiday period to five days, Superintendent of School Carroll Tatom said Wednesday.

Classes will be dismissed at 3 p. m. Tuesday, March 24, for the Easter holidays, and will resume Wednesday, April 1. Supt. Tatom said, however, that if bad weather forces closing of schools before the holidays, the Easter vacation would of necessity be shortened so that the schools would be open for the total number of days required by State law.

All-District Cage Team Named For District 7-AA

Selections for the District 7-AA boys' All-District basketball teams were released this week, with one Winters boy selected for the second team and two receiving honorable mention.

Johnny Cathey, a senior, was selected for the second All-District team, and Gary Antley and Randall Sneed received honorable mention. Antley missed the all-district selection by only one vote.

FIRST TEAM
Steve Routh, Ballinger; Donnie Wood, Coleman; Allan Amwine, Merkel; Bob McLaren, Anson; Roy Weaks, Stamford.

SECOND TEAM
Robert Bolden, Hamlin; Charles Franklin, Haskell; Charles Shira, Hamlin; Ben Wright, Coleman; Johnny Cathey, Winters.

HONORABLE MENTION
Gary Antley, Winters; Sal Andrade, Coleman; Pete Garcia, Ballinger; Jerry Bennett, Anson; Don Blackwell, Anson; George Cooper, Hamlin; Andy Armstrong, Anson; Bill Whisenhunt, Merkel; Don Love, Haskell; Terry Chapman, Haskell; Gary Walker, Stamford; Joel Martin, Coleman; Craig Haterly, Stamford; Howard McDaniel, Ballinger; Larry Langerhans, Anson; Randall Sneed, Winters.

Mikael F. Kozelsky, son of Mr. and Mrs. Joe Kozelsky of Winters, and a student in the College of Engineering, Texas A&M University, has been notified by Fred J. Benson, dean of engineering, that he has been listed on the Dean's Honor Roll for the 1969 Fall Semester.

He has been designated a Distinguished Student at the College.

Kozelsky is a graduate of the Winters High School.

Randall Conner On Dean's Honor List At Texas Tech

Randall Conner was named to the Dean's Honor List of the College of Agricultural Sciences at Texas Tech University, for the Fall semester 1969. He attained a Grade point average of 3.44 on a 4.00 basis.

He is a Junior Agricultural Engineer Major with activities in Agricultural Organizational, Army ROTC, and B. S. U. Executive Council.

District 7-AA V'Ball Tourny Set For Winters

A volleyball tournament for playoffs of teams in the South Zone, District 7-AA, will be played in Winters High School gymnasium Thursday, March 19.

Winters High School Principal B. J. (Jake) Joyce is chairman of the tournament.

Teams in the South Zone include Coleman, Ballinger and Merkel. Winner in this tournament will meet the winner in the North Zone, for District championship.

Volunteers are needed to provide transportation for persons who have none to pick up food commodities, Mrs. Grace Perry, local VISTA worker, has announced.

Mrs. Perry said this could be a club, Sunday School Class or personal project.

Those who would like to volunteer can contact Mrs. Perry at 110 South Main Street, or call 754-4443.

Reserved Seat Tickets For Beauty Contest

Reserved seat tickets for the beauty contest being sponsored by the Winters Lions Club March 20, are on sale at Western Auto Associate Store and Smith Drug Store.

Reserved seats will be \$1.25 with 240 seats to be available. General admission tickets will be \$1.00 with no advance sale. General admission tickets may be obtained at the box office on the night of the contest.

The beauty contest will be held in the Winters High School auditorium.

WHS Blizzard Band Won Trophy At Brady Meet

The Winters High School Blizzard Band, under the direction of Kirke McKenzie, won the Outstanding Band trophy in sight reading at the Brady Band Festival last Saturday in Brady.

The Winters band also was awarded first division concert and first division in sight-reading.

Georgetown High School won the concert trophy in Class AA competition.

The parade scheduled for Saturday in Brady was cancelled due to inclement weather.

The Winters band was in competition with Clear Creek (League City, Houston) High, Floydada, Llano, Coleman, and Georgetown. Hamilton high school was scheduled to compete but was unable to appear because of bus trouble.

The Blizzard Band received many compliments for their musical performance and concert presentation, which was a dedication of loyalty and patriotism, and were given a standing ovation, and for their individual behavior during their stay in Brady.

Enroute to Brady, the WHS band presented their patriotic concert at Ballinger High School Friday afternoon, and received enthusiastic response. Director McKenzie said the Blizzard Band had performed for about 1800 people during four concerts last week, including the Tuesday night concert in the WHS gym during Public Schools Week.

More parents and interested persons visited the Winters Public Schools during Public Schools Week last week than ever before, school officials indicated.

During the open house last Tuesday evening at the Elementary School, there were 568 registered visits by home room parents. Principal George Beard said. In addition, signatures of 825 parents visiting were obtained. Also, there were 2129 visits to 35 classrooms, the principal said.

A musical program was presented in the elementary music room, with 127 attending. During the week, Mrs. Dennis Rogers' first, second and third grade music pupils presented musical skits and many parents attended these programs.

City Candidates Draw For Places On April 4 Ballot

The three candidates for City alderman have drawn for places on the ballot, for the City election, April 4.

The names of the candidates who face no opposition will appear on the ballot as follows: James Spill, Billy Joe Robinson and Hal Dry.

Only three aldermen will be elected in this year's City election. The deadline for filing—March 4—passed without additional filings.

Almost 300 Eat Pancakes For Little League

Almost 300 people were served pancakes and "trimmin's" at the Little League Association pancake supper at the school cafeteria Friday evening.

Funds raised at the pancake supper will be used to buy equipment for the Little League baseball teams.

Association spokesmen expressed appreciation to the public for the response and good turnout.

They also expressed thanks to those who worked and who made contributions of supplies. Those providing supplies and other help included Piggly Wiggly, Foodway, State Theatre, Borden's, Gandy's, Floyd Sims, and many others.

Postal Association Heard Safety Talk At Abilene Meeting

Members of the West Texas Postal Association heard about safety and latest mail distribution practices at their regular quarterly meeting Saturday in Abilene.

The safety lecture included action to be taken on dog bites. H. M. (Jiggs) Nichols, postmaster of Winters, president of the organization, was in charge of the meeting. Mel Layne, customer relations officer of the Abilene Post Office, presented the program.

About 45 West Texas postmasters and other postal employees attended the meeting.

"Miss Winters" Contest Mar. 20

Thirty-five Winters High School girls, chosen by the high school boys, are in rehearsal for the big "Miss Winters" beauty pageant scheduled for Friday, March 20, in the high school auditorium.

The "Miss Winters" Pageant is being sponsored by the Winters Lions Club. The winner—"Miss Winters of 1970"—will represent the Lions Club at the annual district convention later this spring.

In rehearsals for the pageant, the girls are being coached by Miss Ruth Cooley, "Miss Abilene" of 1969.

Each contestant will be sponsored by a Winters business. Out-of-town judges will judge the pageant, and contestants will be graded on beauty, poise and personality.

The boys of Winters High School nominated the contestants for the pageant, and a drawing was held to determine the business sponsor for each girl.

Loving cups, properly engraved, will be presented to the winner and the first and second runners-up. Charms will be presented to each contestant. In addition, a ribbon with the name of the sponsor in gold leaf, will be worn in the contest.

The Winters Lions Club will present a check for \$50, good at any business in Winters, to "Miss Winters."

Only girls who will reach their 16th birthday by June 1, 1970, and students in Winters High School, are eligible for the contest.

April 1 Deadline For Registering Cars In Texas

The deadline has been passed to order 1970 Texas motor vehicle registration plates by mail, but there still is time for motorists to register their vehicles without a lot of bother of former years.

The cutoff date for mail orders was March 1. But the three-part computerized form which all Texas vehicle owners received just after January 1 still will save time—if motorists act quickly.

All one needs to do is to take the registration application to his county tax collector's office or sub-station with the fee.

The process is greatly simplified and the lines—if any—are fast-moving.

That's still no guarantee there won't be long lines facing those who wait until the last few days before the midnight April 1 deadline. Each year, thousands of motorists put off registering their vehicles until the last minute.

And, each year, the final days of the registration season find tax collectors' offices and substations jammed with procrastinating drivers.

The Texas Highway Department has these tips for quick and easy registration:

Don't throw away your registration application; don't write on it or mar it. However, if the address is incorrect, you should show your correct residence address in accordance with instructions on the form.

Don't separate the three parts of the form. Take it to the county tax office or substation in one piece.

Don't send your application to the Highway Department in Austin; and remember, the deadline is past for ordering license plates by mail from your county tax office.

If you did not receive a three-part registration form by mail, or if you have lost it, take last year's motor vehicle registration receipt and your car title to the county tax collector's office or sub-station. Your vehicle registration will be processed as before, and you'll receive a time-saving computerized form next year.

Burleson And Bush On Program Of Oil & Gas Assn.
Two members of the House Ways and Means Committee, Congressmen Omar Burleson of Anson and George Bush of Houston, will be on the program of the 37th annual meeting of the West Central Oil & Gas Association.

A. V. Jones Jr., of Albany, has announced that the meeting will be held March 15-16 with headquarters at the Downtown Motor Inn, Abilene.

Bush will speak at the noon membership on Monday. His topic will be, "Oil and the Congress."
A resident of Texas since 1948, Bush was elected to Congress in 1966.
Congressman Bush was in the oil business from 1948 to 1966 when he resigned as president of Zapata Off-Shore Co. to run for Congress.
The speaker will be introduced by Congressman Burleson. A native of Jones County, Burleson began his first term as a member of Congress on Jan. 1, 1947.
Burleson's first assignment in Congress was on the House Administration Committee. He became its chairman in 1955 and held the post until going on the Ways and Means Committee in July, 1967.
Three speakers will be heard at the general session from 10 a. m. to noon Monday.
William J. Murray Jr., Austin, president of the Texas Independent Producers & Royalty Owners Association, will speak on "Oil Industry Dilemma."
"Modern Approach to Oil Financing" will be the topic of Charles F. McCoy, chairman of the board of Imperial-American Resources Fund, Inc., of Denver, Colo.

Producers of the pageant—the Winters Lions Club—will make all arrangements for the contest, and will provide all necessary instruction.

BUSINESS and the STOCK MARKET

By BABSON'S REPORTS
Copyright 1970

Wellesley Hills, Mass.—While the purchase of lower priced stocks (generally those selling under \$20 per share) is certainly not without risk, these issues can be attractive to aggressive investors seeking capital gains. Because of their volatility, such securities offer the opportunity for smart percentage gains on a relatively small increase in price, and in some instances, they may represent possible growth situations. Lower priced stocks also enable small investors to deal in round lots (usually 100 shares), rather than in odd lots.

Market Timing Important
Unfortunately, many people use poor market timing in purchasing lower priced issues.

chasing lower priced issues. The investing public tends to shy away from these stocks after a sharp market decline but becomes overly enthusiastic about the same stocks once the market has enjoyed a substantial rise. Too often, investors are caught up in the speculative atmosphere which usually marks the top of a bull market and they begin to purchase lower priced issues. By this time, most such issues have had sharp advances in price and are now selling near their highs. Such timing could not be worse! If the market should then decline, these investors invariably become "locked into" secondary stocks for a long period of time, even though the intention was to buy a short-term profit.

Long-Term Possibilities
In the past, bear markets have presented opportunities for investors to get into good growth situations at ground-floor levels. Such opportunities arise because bear markets usually bring the good stocks down with the bad before they have finally run their course. While such opportunities are glaringly obvious in retrospect, they require a great degree of selectivity when looking ahead. In this respect, probably the most common mistake is for investors to purchase a stock solely because it suffered a sharp decline and is in the lower price bracket. Correctly, investors should look for a favorable basic picture and above-average growth possibilities when trying to pick lower priced stocks for possible long-term growth.

Determine Objectives
It is important that investors determine the purpose for which they are selecting lower priced issues before they make their commitment. If the stock has been purchased for short-term

capital gains, then the investor is justified in taking profits once the issue has made a worthwhile percentage rise. However, if the stock has been purchased for possible long-term growth, the investor should not be lured into profit-taking once the stock moves up a few points. Oftentimes, a lower priced issue will be purchased for shorter term profits and held too long. Consequently, the investor will ride the stock up for a healthy percentage gain—on paper—only to ride it all the way back down and see the gain wiped out. Conversely, a stock purchased for longer-term growth is often sold at the first sight of profit. Thus, the investor loses out on the biggest gains.

Current Recommendations
The steepness of the stock market decline to date has opened up attractive buying opportunities in many issues, some of which are priced either at or below the \$20 mark. Among those issues which the Research Staff of Babson's Reports reels are attractive at recent levels are Champion Home Builders, Gladding Corp., and Howard Johnson for longer-term growth potential. Investors seeking intermediate-term profits should consider Alba-Waldensson, Thikol, and Sunshine Mining.

EMERGING INDUSTRIES FOR INVESTORS
By Babson's Reports Incorporated, Wellesley Hills, Mass., March 5, 1970. Once again the trend is back to basic research for American industry, private laboratories, and universities. What appeared earlier to be endlessly mounting federal funding is being reversed by over-saturation of many markets and the broad cutbacks in outlays for government-sponsored research, plus the disenchantment with a number of projects which proved futile.

Annual increments for research over the period ahead are expected to be held at a modest rate. It is the opinion of the staff of Babson's Reports, however, that considerable emphasis will be placed on research in nondefense fields. With this in mind, it seems likely that important breakthroughs will be seen, and some of the commercial areas most likely to be affected are discussed here.

POLLUTION CONTROL AND WASTE DISPOSAL
Companies producing instruments and equipment for water treatment should do extremely well over the period ahead. The same applies to those firms involved in removing solids and gases from the environment (air pollution), as well as those in the field of solid waste disposal. We favor such companies as Culligan, Nalco Chemical, and Narco Scientific for investment at this time. Other firms such as Research-Cottrell, Betz Laboratories, American Air Filter, Ionics, and Marley should also participate fully, but this group seems amply priced investmentwise.

FACSIMILE TRANSMISSION
The sending of information in printed form, handwritten, or photo over the ordinary telephone system for the cost of a

regular telephone call (plus equipment rental charges) opens up a new and promising area. In time, we believe that the explosive growth potential should be comparable to the office copier boom. Such leaders as Magnavox, Xerox, Addressograph-Multigraph along with Stewart-Warner should share in this novel industry.

MODULAR HOUSING
With the cost of traditional on-site construction soaring and the demand for low-income housing more pressing, the search for streamlined building methods and cheaper materials will become more intense. One solution is the module form, basically a mass-produced box with plumbing, wiring, and utilities in place. Another is the mobile home, especially adaptable for newly-weds and retirees. In the latter field we currently favor Champion Home Builders. Other leaders include Guerdon Industries, Redman, and Skyline.

MICROELECTRONICS
Spanned initially for military applications, integrated circuits are ready to cash in on an even greater market-consumer electronics. Exciting break-throughs on one small chip. Another important technology known as MOS circuitry is already finding its place in small computers and electronic calculators. We currently recommend General Instrument and Sprague Electric for investor participation. Also tops are Texas Instruments, Fairchild Camera, Motorola, Westinghouse Electric, and RCA.

CABLE TELEVISION, CATV
Large cities with towering skyscrapers and other relay obstacles are prime and untapped markets for this type of reception. Cable TV should, in fact, revolutionize present means of communications. Recent FCC authorizations and court rulings should encourage fresh growth. Our current buy advice is General Instrument. Other leaders include Teleprompter, Columbia Broadcasting, Cox Broadcasting, and Vikoa.

Be Busy Sewing Club Met Monday

Members of the Be Busy Sewing Club met with Mrs. O. M. Kane Monday. Handwork was done for the hostess.

Refreshments were served to Mesdames Fred Poe, George Lloyd, H. L. Parks, J. C. Martin, G. L. Short, S. P. Gray, Nadine Smith, Louis Blackmon, Vada Babston, Bill Millorn, W. C. Workman and one visitor, John Benson.

The next meeting will be Monday, March 23, in the home of Mrs. J. C. Martin.

CARD OF THANKS

I want to thank all of you for the prayers for me and for my son during all the years he was ill, and for your love and comforting words and beautiful floral offerings upon his death. I especially thank Rev. Grantz and Rev. Shoemaker for their kindness, and Ted Mayer and Spill's, and the men and women of the First Baptist Church for the food. God bless you all.—Mrs. Bessie Sullivan and Family.

CAN IT BE? If man can land on the moon and the New York Mets can win the World Series, then it must be the year when the impossible is happening and a cat chased a dog up a tree in Carmichael, Calif.

Proper Grass Management Is a 'Must'

Are you in the livestock business or are you a grass farmer? You may be both. Harvey Kahlden, soil conservationist with the local Soil Conservation Service, said livestock came to be used to harvest what has been grown, but proper management of the grass is a must. He said many acres of grass are planted each year and grazing is started on the grass before it is well established. This will only result in a failure of what you are trying to accomplish.

A success grass plantings depends on proper seeding time with good seed, proper seedbed preparation, sufficient rainfall, followed by proper grassland management. When the rainfall is sufficient for field crops it should be sufficient for grass seeding. This is one item we have no control of. However, Kahlden stated we do have control of all the other requirements for a success stand of grass.

The best time to plant most warm season grasses is from March 1 to May 15. The grass seed, like any crop seed, needs to be covered by soil, but should never be planted over one-quarter to an inch deep. Seed on top of the ground seldom germinate and if they do the plant's crown is exposed and it usually dies.

The best way to get coverage of grass seed is to use a grass seed drill or planter. Other methods are the use of a rubber tired roller or packer after broadcast; drag the seedbed with rails, boards, chain, brush drag, or harrow. When a drag is used, care must be taken not to cover the seed too deep. Chopping with a roller chopper helps on some prepared seed beds, like following root plowing.

After the grass is seeded the pasture should not be grazed until the grass is well established, this is almost always at least one growing season and very often two full growing seasons.

After grazing is started Proper grass management is necessary if you want to keep what you have established.

Technical help is available in selecting the kind and amount, and how to plant grass seed at your local Soil Conservation Service Office.

Probably the oldest educational institution in the world is the University of Karuein in Fez, Morocco, founded in 859 A. D.

World's smallest and oldest republic is San Marino, dating from 350 A. D. and covering 23.4 miles. It is completely surrounded by Italian territory.

WASHINGTON
"As it feels from here"
OMAR BURLISON
Congressman
17th District

WASHINGTON, D. C.—"The President, Vice President and all civil officers of the United States, shall be removed from office on impeachment for, and conviction of, treason, bribery, or other high crimes and misdemeanors." This is Section 4, Article II of the Constitution.

There has been much discussion over the years as to what constitutes impeachable offenses. For many years the theory was maintained that indictable offenses only were impeachable. This theory has been stoutly defended and stoutly denied. Only one case appears to exist for impeachment on an offense not subject to indictment.

Mostly we think of treason, bribery or, for that matter, any crime, as being clearly a matter of black and white. In any criminal trial in our courts, intent often determines convictions, acquittal or mitigation. Intent and motive is at the heart of solving crime as well as prosecution. The courts have held that to convict one charged with advocating the overthrow of our Government, an overt act must be proved. In other words, action must be connected with statement of the accused.

Justice of the Supreme Court, William O. Douglas, has recently written a 97-page booklet entitled "Points of Rebellion." It is a tirade against the "American establishment"—the Pentagon, the FBI, the CIA, Police, employers and educators. One of the strongest sentences is that "violence may be the only effective response of outraged youth."

Justice Douglas compares our today's establishment with King George III of England. "George III was the symbol against which our founders made a revolution, now considered bright and glorious." Justice Douglas wrote. The Justice says in his book, "We must realize that today's establishment is the new George III. Whether it will continue to adhere to its tactics we do not know. If it does, the redress honored in tradition is also revolution."

Throughout his treatise, Mr. Douglas offers a justification for violence. In an appraisal of his writings, he acknowledges that riot has no constitutional sanctions but says that "injustices may pile so high that vio-

lence is the only answer." In other passages, the Supreme Court Justice advises American protesters to risk arrest because the police have no right to interfere with their freedom. (Can you imagine this?)

Mr. Justice Douglas excoriates the military, FBI snooping and other law enforcement agencies trying to get at lawlessness and write an indictment of our society in general. To this criticism alone, he is entitled to his personal opinion.

It is quite a horse of another color when he attempts justification of violence and revolution directed at influencing the overthrow of the Government of the United States of which he is a part. Reading his words there seems to be no distinguishable difference between "the system," "the establishment" and established order under law.

Justice Douglas writes that he hopes the revolution he is talking about will not be like the one of 1776. The revolution that is coming, he says, will arise from "the search of youth for ways and means of making the machine . . . the servant of man." Just exactly what this means is a little difficult to interpret.

The interpretation is less vague when he encourages violence and says that it bothers him that the establishment may not be wise enough not to use "is stockpile of arms" to suppress the dissenters, for he thinks that will bring on an awful ordeal.

Data is being collected in certain efforts to determine if impeachment proceedings will stand up against Justice Douglas. Included in the collection of evidence is Mr. Douglas' past

association with a private foundation alleged to be tied to racketeers. "Points of Rebellion" is being added to a Bill of Particulars against Justice Douglas. At least he should resign from the Supreme Court, which he must also hate even in its recent years of applying the extreme liberal philosophy. Apparently the Justice has prejudged cases which could possibly come before him of a nature involving revolutionary activities.

Higher Gas Bills Reflect Cold Jan.

A spokesman for Lone Star Gas Co. said today that unusually cold January weather and record natural gas consumption were principal reasons for higher gas bills received by the company's customers this month.

"Essentially," the spokesman said, "our million-plus customers in Texas and Oklahoma used record amounts of gas during January and received higher gas bills reflecting gas use during that colder period."

The spokesman noted that during January, Lone Star reported a 24-hour gas sendout record of 2,242 billion cubic feet for the period ending midnight Tuesday, January 6. "During that period system temperatures ranged from 21 to 30 degrees above zero. Winds gusting to 35 miles per hour increased the chill factor and corresponding gas use in many of these areas."

Also during January the company recorded six consecutive days when the average daily sendout was 2,049 billion cubic feet and recorded four additional days during the month when sendouts exceeded two billion feet.

Prior to January, Lone Star has recorded only three days during its 61-year history when daily gas sendouts exceeded two billion cubic feet.

Lone Star delivered 52.6 billion cubic feet of gas in January—some 12 to 15 percent more than any month in the company's history.

One son preceded Mrs. Heathcott in death.

Grandsons were pallbearers.

INSPECTION DEADLINE

There still are nearly 3.2 million Texas vehicles yet to be inspected before the mandatory April 15 deadline, Department of Public Safety warns.

About 2.4 million cars and trucks have complied with inspection requirements since the new period began on September 1. This is the last deadline under the old law. State now is on a 12-month inspection period, with stickers expiring on the last day of the month, 12 months from date of the sticker.

New stickers are placed on the left side of the windshield. They show the month of inspection and expiration. So, if you still have a sticker on the right side of your windshield, your car must be inspected by April 15.

OIL SPILL REPORTED

A "major oil spill" resulting from a pipeline leak into water supplies of Mineral Wells and Santo Water Supply Corporation has been reported to Governor Smith.

Site of the 500-barrel spillage is on the south fork of Palo Pinto Creek near the Gordon community. It occurred when a bulldozer operated by a farmer apparently broke an eight-inch, high pressure pipeline. State Health Department was called in to protect the health of area residents, and the Water Quality Board said the attorney general may be asked to file suit against negligent parties.

"Eye of the Cat."

Pit today's rebellious youth against the tenacity and rigidity of the older generation, embellish this topical conflict with a story of greed, ruthlessness and horror and set the terror tale amidst San Francisco's natural duality of genteel, baronial living and the Bay City's contemporary bohemian life, and you have Universal's new Technicolor suspense thriller, "Eye of the Cat," which shows Friday and Saturday at the State Theatre.

Joseph Stefano, who gained fame for his scripting of Alfred Hitchcock's "Psycho," and is a specialist in psychological shock drama, wrote the original screenplay. David Lowell Rich gave it a sure directional touch while Bernard Schwartz and Phillip Hazelton produced.

Further adding to the contemporary aspect of the drama is the casting of the stellar roles. Michael Sarrazin, one of Hollywood's most sought-after young dramatic actors, is romantically paired with the excitingly beautiful and talented Gayle Hunnicutt. The older generation is personified by thrice-Oscar nominated Eleanor Parker in the third star role.

"Eye of the Cat" has been rated "GP-Suggested for mature audiences (parental discretion advised)" by the Motion Picture Association of America.

"Three Guns For Texas," If Hollywood were to hold the opposite of a beauty contest—to name the most fearful "heavy" in motion pictures and television—chances are Neville Brand would be a finalist. There is a strong possibility he would win hands down.

The fact that Brand's roles usually find him on the wrong side of the law is readily understandable so outstanding was his portrayal of notorious gangster Al Capone in TV's "The Untouchables," and in the film "Scarface."

But in Universal's outdoor action adventure in color, "Three Guns For Texas," showing Friday and Saturday at the State Theatre, in which he stars with Peter Brown, William Smith, Philip Carey, Martin Milner and Albert Salmi, he is on the right side of the law.

This time he plays a Texas Ranger, but he's as frightening as ever. That the lass is on his side does little to alter the fearful savagery inherent in the character.

Brand's starring role in the new picture, produced by Richard Irving from the "Laredo" TV Show and directed by David Lowell Rich, Paul Stanley and Earl Bellamy, crowns an acting career that began with the end of World War II.

H. D. Agent's Column

Bright Orange Color of Carrots:

The deep-orange or orange-red color of carrots is a sign of good health. Why? Because the color is due to carotene, a chemical substance which your body converts into vitamin A. This vitamin helps prevent impaired vision and night blindness.

Each carrot that is about 5 1/2 inches long and an inch thick provides only 21 calories—but more than 100 percent of the daily vitamin A recommended for adults by the National Research Council.

You'll find lots of carrots on the market: cool, damp weather delayed harvesting in Texas and shipments are now unusually heavy. As a result, USDA's Consumer & Marketing Service is cooperating with the carrot industry in promoting the heavy stocks on hand.

Ginger Carrots provide a n-out-of-the-ordinary dinner vegetable.

12 medium size carrots, scraped, 4 large stalks of celery, cut in sticks, 2 tsp. sugar, 1 1/2 tsp. salt, 1-4 tsp. ginger 1-2 stick margarine, melted.

Cut carrots and celery into sticks 2 inches long and 1-8 inch wide. Place vegetables in six-cup greased casserole. Sprinkle with seasonings and drizzle with butter or margarine. Cover casserole and chill until one hour before serving time. Oven bake at 350 degrees for one hour. Serves six.

Carrots in Parsley Butter: 8 to 10 medium size carrots, 1-2 tsp. salt, 1-4 cup butter, 2 T. lemon juice, 1 T. finely chopped parsley

Wash and scrape the carrots and cut them in slices or dice. Cook in small quantity of boiling water (salted) for 10 or 15 minutes, or until tender. Drain, add butter, lemon juice and parsley. Serve.

Orange and Carrot Gelatin Salad:

2 T. gelatin, 1-2 cup cold water, 2 cups boiling water, 1-2 tsp. salt, 1 T. sugar, 1 T. lemon juice, 2 T. Tarragon vinegar, 1 cup orange juice and pulp, 1 cup grated raw carrots.

Soak the gelatin in the cold water for five minutes. Add to the softened gelatin the boiling water, salt, sugar, lemon juice, vinegar, orange juice and pulp and chill. When partly jellied, stir in the carrots, pour into wet individual molds and put in a cold place to set. Turn out into lettuce leaves and serve with mayonnaise or cream salad dressing.

Carrot Steamed Pudding: 1-2 cup butter, 1 cup sugar, 3 eggs, 1-2 tsp. cinnamon, 1-2 tsp. salt, 2 cups bread crumbs, 1-2 cup raisins, 2 cups raisins, 2 cups cooked mashed carrots, 2 tsp. aromatic bitters, 2 T. heavy cream.

Cream butter and sugar until light. Separate eggs. Add egg yolks, cinnamon, salt, crumbs, raisins, carrots, bitters, a n d

New Tax Law Is Delaying Returns

The number of taxpayer questions, both over the telephone and from office visitors will probably reach a record in North Texas this year, according to Ellis Campbell Jr., Director of the Dallas District, Internal Revenue Service.

A national news story this week reported that receipts of individual tax returns are down 9 percent from last year. Only \$1.1 million Federal income tax returns had been filed by mid-February. In commenting on the news story, Campbell said that although taxpayer contacts at the Dallas District office and the 18 field offices in North Texas ran slightly less in January of 1970 than a year earlier, that the telephone and personal contacts for the month of February appear to have equalled or exceeded those of February 1969 in the first 15 days of the month.

More than 2000 telephone calls per day are being received on the 24 lines installed for this purpose. Campbell explained that the 20 telephone lines that had been adequate in Dallas in previous years became so overloaded that four additional lines were added to provide the addi-

cream. Beat together until smooth. Beat egg whites until stiff, and fold into mixture.

Pour into greased 1-2 qt. mold. Cover tightly with mold lid, or wrap in double thickness of heavy aluminum foil using drug store wrap for secure seal.

Place mold on rack in a large kettle. Add water, keeping water level below top of mold. Cover kettle tightly. Bring water to boil, reduce heat, but keep hot enough to form steam at all times.

Cook pudding for 2 1-2 hours. add additional water as needed. Remove carrot pudding form and serve with whipped cream or hard sauce. Serves 10 to 12.

tional service needed. Campbell further pointed out, "February is the 33rd day, or the mid-date in the 105-day income tax filing period between January 1 and April 15. Seven out of eight taxpayers still have to file. Since we have new forms that may take some extra reading and study, and since taxpayers who file at the last minute often make errors that cost themselves, I recommend that every taxpayer start now."

As an explanation of why 9 percent fewer taxpayers had filed this year than in previous years, the national story stated that many taxpayers appear to be needlessly delaying their refunds by waiting for additional instructions on the new tax law. Most of the changes made by the Tax Reform Act of 1969 relate to 1970 and later years, and affect only a small percentage of individual income tax returns for 1969, IRS said.

Changes affecting returns for 1969 that must be filed by April 15 involve living expenses paid by insurance as a result of home damage or destruction; sales of collections of letters, memos, etc., gains from certain installment sales; depreciation and amortization; and investment credit.

EIGHT SPURN FOOD PROGRAMS

Eight counties still refuse to participate in free food distribution programs for the poor, reports the Texas Welfare Department.

Counties are Gillespie, Kerr, Uvalde, Bowie, Edwards, Randall, Roberts and Colorado, Department said. Another 29 are undecided or have not indicated a preference to welfare officials. In any county which refuses to cooperate in a food assistance program, Welfare Department will, under court order, operate a commodity distribution program at federal expense, Commissioner Burton Hackney said.

National fraternities have chapters on twenty campuses in Texas.

Mr., Mrs. George Lloyd To Observe 50th Wedding Anniversary Sunday

Mr. and Mrs. George Lloyd will observe their Golden Wedding Anniversary with an open house Sunday, March 15, in their home in the Pumphrey Community, from 2:00 to 5:00 o'clock in the afternoon.

Hosts for the occasion will be the couple's son and daughter-in-law, Mr. and Mrs. G. F. Lloyd, their granddaughter and her family, Mr. and Mrs. Bill Jones, Shamone and Shannon, all of Abilene.

Friends of the family are invited to call during the afternoon.

Local Teachers Urged To "Make Things Happen"

Miss LaVerne B. Wong, a native of Hawaii, current president of the Texas Classroom Teachers Association, was the principal speaker at the annual banquet of the Winters Classroom Teachers Association in the school cafeteria Tuesday evening.

Miss Wong told the Winters teachers that in the past the school boards "passed the message to the superintendent, who handed it to the principals, then to the teacher, to the children, and children to pets, in a vertical manner." However, she said, "there is a shift in dialogue and responsibility. Better communications on a horizontal level will aid in solving future problems in policy planning, differential staffing, ungraded high schools, year-around schools, codes of ethics, professional standards, and many problems now unknown to us to provide better education opportunities."

Miss Wong encouraged teachers to "become politically involved (regarding) educational issues." She also recognized that unions have helped labor, but contended that "teaching is a profession, and as professional people, why should teachers pay high union dues for them (union leaders) to do what teachers can do for themselves more efficiently."

The speaker challenged the Winters Classroom Teachers to "be those who make things happen."

Superintendent of Schools Carroll Tatom thanked Miss Wong for coming to Winters, and reported that the school policies meet the standards of the Texas Classroom Teachers Association, and assured the teachers that they would be welcome at any board meeting.

Mrs. Eula Mae Kruse is president of the local teachers' organization.

Members of the school board and their wives, and school executives and their wives were guests.

Entertainment was provided by the "Fourth Dimensions," a fourth grade singing group under the direction of Mrs. Kirke McKenzie.

Randy Stevens, student in Winters High School and president-elect of the local Future Teachers of America, and Bruce Smith, president-elect of District FTA, were in charge of registration of guests and members.

District VFW Commander Visits Winters Post

Max Lewis of Winters, Commander of District 22, Veterans of Foreign Wars, made an official visit to Winters Post 9193 Monday night of this week.

Lewis congratulated his home post for being the first post in the district to meet the membership quota, and also for the Post's Community Service and Youth Activities programs.

M. L. Guy, commander of the Winters VFW post, presided for the meeting.

\$75 Presented To School By Winters VFW and Auxiliary

A check for \$75 has been presented to the Winters Elementary School by the Winters Post 9193, Veterans of Foreign Wars, and its Ladies Auxiliary, to be used in the American Heritage Program.

Sponsorship of the American Heritage Program in the Winters school has been an annual project of the VFW and Auxiliary for several years.

M. L. Guy, commander of the local VFW post, presented the check to George Beard, principal of the Elementary School.

County Food Assn. Elected Officers At Rowena Meet

Officers for 1970-71 were elected at a meeting of the Runnels County School Food Service Association in Rowena February 28.

President for the new year will be Mrs. Marguerite Russell; vice president, Mrs. Alma Matson; secretary, Mrs. Anna Hoelscher; and reporter Mrs. Margaret Hallmark. School lunch week chairman will be Mrs. Betty Brown.

Installation of the new officers will be held in the Ballinger school cafeteria April 25.

Sister Leola Ann of Providence High School, San Antonio, presented the program at the Rowena meeting. She is a registered dietician and an officer in various associations connected with home economics and cafeteria work.

March A Good Time To File Tax Return

Refund checks are less likely to be delayed when tax returns are filed early. Ellis Campbell Jr., District Director of Internal Revenue for North Texas, has said.

He urged taxpayers to send their returns in now if they have not already done so. It will help taxpayers get their refunds sooner and reduce Government processing costs by enabling IRS to spread workloads more evenly.

The IRS refunded \$179,496,975.36 to 1,046,659 North Texas taxpayers last year, and has already refunded \$38,556,840.05 to 191,999 North Texas taxpayers this year.

Campbell advised taxpayers to use the pre-addressed name label that comes with their Form 1040 to expedite processing. Returns should be sent directly to the Service Center in the envelope provided.
