Fire Department Busy With Grass Fires In Area

Winters Volunteer Fire Department has been busy during the past several days, fighting grass and weed fires. Fire Chief Marvin Bedford said the department has been called out "at least one a day" recently to fight fires.

Most of the calls have been to rural areas to prevent fires from spreading and destroying pastureland and crops, the fire chief said.

Many farmers and ranchers are plowing firelines around their fields and pastures in an attempt to prevent fires which start in borrow ditches and a-

long roadsides from spreading onto their property. Bedford again reminded residents, in both town and rural areas, that the area is confronted with a dangerous situation because of the prolonged dry weather. Lack of moisture and the extreme dryness of weeds and grass creates a fire hazard, and fires can start quickly and spread. People should be very careful with trash fires, Bedford said, and make certain there are means of extinguishing out-of-control blazes if burning is absolutely necessary.

RETURNED HOME

Mrs. Myrtle Harkins returned home Sunday after spending the past six weeks with her daughter, Mrs. Naomi Overman, at Grapevine. Mrs. Overman had surgery recently.

## Betty Arlene Knight, Alton Lee Pierce Wed At Southside Church

Betty Arlene Knight, daughter of Mr. and Mrs. Cloyd Ray Knight, became the bride of Alton Lee Pierce when they recited their marriage vows Saturday August 1, at 7:00 o'clock in the evening at the Southside Baptist Church. Parents of the bridegroom are Mr. and Mrs. Johnnie Pierce.

The Rev. Virgil James, officiated for the double ring ceremony. Baskets of white gladiolus were on each side of the altar and bits of greenery formed the back ground.

The attendants wore dresses of orchid dotted swiss, fashioned with A-line skirts accented at the empire bodice with satin ribbon. A cluster of roses held the shoulder length veil of bridal illusion. They carried long stemmed carnations.

Presented in marriage by her father the bride wore a gown of organza and re-embroidered Alencon lace designed with empire bodice and long tapered sleeves accented with lace and seed pearls. The A-Line skirt

and chapel train were banded with lace. Her veil of illusion fell from a headpiece of lace petals and organza bows. She carried feathered carnations surrounding a white orchid atop a white Bible.

The reception, held in the fellowship hall of the church, was hosted by the bride's parents. In the house party were Mrs. William H. Hicks and Mrs. Cy Banner.

## Parallel Terraces Popular With Runnels Farmers

Parallel terraces are in popular demand with farmers in the Runnels Soil and Water Conservation District, according to Glen Green of the local Soil Conservation Service. These terraces are designed with a minimum of point rows, making it more convenient to use larger type equipment and reducing operation time. Green said this type terrace reduces the slope to the extent that water impounded above the terrace spreads over most of the interval as a moisture conserving device.

Some of the farmers in the process of making topographic maps or constructing terraces at this time are A. L. Mitchell and Truett Smith of the Pumphrey community, Joe Bryan on his farm at Crews, M. E. Mathis, east of Winters, Joe Vancil of the Hatchell community, Bennie Wilde of the Bethel community and Herbert Halfmann of the Ofen community.

## Hunting, Fishing Licenses Shipped To Distributors

AUSTIN—The Texas Parks and Wildlife Department will ship more than 2,000,000 hunting and fishing licenses to distributors for fiscal year 1970-71 on August 7, according to C. L. Friou, assistant director of administrative services for the Department. The licenses will be mailed to more than 3,500 license agents throughout the State, including most hardware and sporting goods stores, about half the State's county clerks, and all of the Department's regional, district and field offices.

Game management officers also will receive a minimum supply. Despite the early distribution, the licenses will not become valid until Sept. 1.

Shrimp fishermen planning extended cruises may purchase their licenses before leaving on trips which might keep them at sea past the August 31 deadline, Friou said.

Commercial Gulf shrimp boat licenses for the new fiscal year were shipped to the Department's 12 coastal offices earlier this year.

There are few changes in the licenses for 1970-71 other than color and dates. However, the saltwater trotline tags for the new year are made of plastic instead of zinc. Prices remain the same, at \$2.15 for fishing licenses and \$3.15 for hunting licenses.

## Seeding Started On Second Little League Ball Field

Bermuda grass seeding has been started on the senior Little League baseball field, with hopes that the field will be completely grassed before next spring. This field was built during the past spring and early summer and had to be completely seeded after the Little League baseball season was over.

The Little League Association has expressed thanks to the public for their strong support of the League this year. Through donations and work, Association officers stated, that much work was done on the old field, and the completely new

AUSTIN, Tex. —Campaigns are shaping up on some of the seven proposed constitutional amendments to be voted on by Texans at the General Election on November 3.

While public interest centers on the liquor-by-the-drink amendment, there are other major alterations in the state's laws to be considered by the voters.

In their order on the ballot, these are:

1. Enlarge the powers of the Judicial Qualifications Com-

mission to censure or remove lower court judges and justices of the peace as well as district and appellate judges.

2. Authorize the legislature to enact a law on the sale of mixed drinks.

3. Provide for legislative establishment of a uniform method of tax assessment on ranch, farm and forest lands based on the capability of the lands to support the raising of livestock or production of farm and forest crops.

4. Make the State Building

Commission a three-member appointive agency.

5. Permit counties to issue bonds up to one-fourth of their assessed real property valuation on a majority vote.

6. Make town or city home-steads of \$10,000 and less exempt from forced sale (presently set at \$5,000).

7. Allow the legislature to provide for consolidating offices and functions of government and for performance of governmental functions by contract between the political subdivisions in any county.

Texas voters have adopted 195 amendments to the 1876 constitution, over the years, and rejected 125.

**DESEGREGATION SUITS THREATEN**

Federal negotiators report

that only a few of the 38 Texas school districts, called on the carpet concerning segregation, had satisfactory plans for complying with U. S. guidelines. They conducted a two-day conference with school officials here and gave most of them another week to try and work out something or face a lawsuit by the U. S. Justice Department.

Negotiators suggested "pairing" of adjoining neighborhood school districts to get better racial balance.

Lufkin, Marshall, Midland and Katy found no ground for agreement with the U. S. Department of Health, Education and Welfare and Justice Department negotiators. Some complained that federal officials raised a new issue...that of integrating Mexican-Americans,

as well as blacks. Most want to continue their efforts to find a way to comply with suggested plans.

Palestine reached a tentative agreement on pairing plans involving two grades in each school and requiring limited busing.

**COURTS SPEAK**

Alcoholic Beverage Commission's rules governing private clubs are headed for a U. S. Supreme Court test after the highest state court finally upheld the agency's regulation. Club operators claim "king's-X" against the rules while their appeal is "diligently pursued."

## MYF Group On Trip To Fort Worth Last Week

Several members of the Methodist Youth Fellowship of the First United Methodist Church visited Fort Worth last week, and visited churches there.

The Winters group saw some of the work the Fort Worth churches are doing among the under privileged and elderly. They toured Wesley Center and Bethlehem Center, mission projects of the church.

On Tuesday, the MYF group visited Harris Methodist Hospital, and toured Six Flags.

They slept in church Fellowship Halls while in Fort Worth. Winters young people making the trip were Noel Nichols, Lou Ann Cole, Gary Thomason, Barbara Brown, Ronnie Stevens, Randy Stevens, and the sponsors, the Rev. and Mrs. Glenn Bowman.

## CARD OF THANKS

My children join me in expressing this word of thanks for the many kind acts of sympathy in our recent sorrow at the death of their father, E. L. Crockett. For the beautiful service, floral offerings, for the prayers, cards, and for the food we are grateful. A special thanks to Dr. Rives and the nurses at the hospital and for the comforting words Bro. Bowman and Bro. Wilkerson spoke in our time of sorrow. We are deeply grateful for all these remembrances.—The Family of E. L. Crockett.
