## HOME TOWN Talk

By R. C. THOMAS

Last December 11, a "Civic Betterment" meeting was held in the Winters Community Center, attended by 150 people from all over North Runnels County. The meeting was sponsored by the City Council of Winters, the board of trustees of Winters Independent School District, the Chamber of Commerce, the Winters Housing Authority, North Runnels County Hospital District, and other boards and committees.

Primary purpose of the meeting was to determine what the people of North Runnels wanted in the way of "betterment" for the entire north part of the county. Following is one paragraph from the report of that meeting:

"... suggestion forms were handed to those attending, and they were asked to write down any suggestions for improving the community. Of those turning in suggestion forms, 72 percent indicated they favored a hospital-building program—and a large majority of those indicated that such a project should have a higher priority rating than any other of the several projects suggested."

With that signal, the board of directors of North Runnels Hospital District began immediately a concentrated study of the possibilities of building a new hospital, to replace the present outdated building. Several approaches to the proposition were investigated, and all members devoted much of their time to study and planning. An architect was consulted, and eventually, building plans were readied and approved. Then on to financing: The board decided that a bond issue would be the most favorable route, and started plans to that end. Even after that decision was made, the people of the district got into the act, and a petition signed by 206 residents was presented to the board, asking that a bond election be called.

Meanwhile, solid support in another form became evident. A special committee, representing about every facet of the community, was organized to take contributions to purchase equipment for the new hospital. This part of the project began to grow by leaps and bounds, and as of Monday of this week, well over \$44,000 had been pledged or contributed. "And this is only the beginning," according to members of the special committee.

This action on the part of the people of North Runnels indicates that the project is receiving high support. It's the people saying, "We need a new hospital, so let's get on with it!"

The final answer will be given October 19, the day of the bond election, of course. That will be the time we can take absolute action, to keep North Runnels going forward, and to provide hospital facilities for our own. We should begin now to make plans to go to the polls and support this project. Because if we don't, we may find ourselves without a hospital, and eventually without doctors—which would be the worst setback this area could ever experience!

Katharyn Duff, "Front Page" columnist for The Abilene Reporter-News, has been helping a reader in the search for a recipe or directions on how to make "sillibub." According to an old "White House Cookbook," published late in the 19th Century, it is spelled with a "y"—"sillabub," and here is what it said in Mrs. Grover Cleveland's day: "Sillabub. One (Continued on page 6)

## 4-H Awards Fete To Be Held In Winters Saturday

The annual Runnels County 4-H Awards Banquet is scheduled for 7 p. m. Saturday, October 2, in the Winters Community Center.

Members who have completed their projects for the year will be presented their awards. The County Gold Star Girl and Boy also will be named at the banquet.

## "Flea Market" In Winters Friday and Saturday

"Big doin's" are in the forecast for Winters and North Runnels County Friday and Saturday of this week, as the curtain raises on the big two-day "Flea Market," sponsored by the Winters Chamber of Commerce and promoted by the Retail Trades Committee of the Chamber. There'll be something for everybody, and everybody is invited to get in the act.

This Flea Market will be held in downtown Winters, with a vacant lot, parking lot—every available inch—expected to be utilized as literally dozens of people bring their trinkets, odds and ends, miscellaneous items, furniture and household goods, anything loose—to offer for sale or trade. There is no limit to the

size or number of articles, and there will be no registration fee or other cost to those operating stands.

Many merchants also are getting in the act, planning to hold special "Flea Market" sales in conjunction with the event. Merchants will be offering top-quality goods in these sales.

Individuals and groups wishing to take part in this Flea Market event may do so by setting up stands at any downtown location. It has been suggested that permission of property owners be obtained, however.

Promoters of this Flea Market are expecting this event to be the largest ever in this part of the country, as many people already have expressed an interest in setting up shop.

## Too Wet To Pick, No More Cotton In

Those few farmers who have been ready to start stripping cotton in the area are still being held back by the weather. No cotton has been received by the Winters Warehouse since last week, when a total of 38 bales received was reported.

Heavy rains in North Runnels last week saturated the fields to the extent that even with sunshine, it will be several days before strippers can be started in the fields ready for them.

## Blizzards Lose To Anson 15-7 On Rain-Soaked Field

A rain-soaked field plus a plague of blizzard fumbles combined with the host Anson Tigers to hand the Winters team its first defeat of the season by a 15-7 score Friday night.

The Blizzards were unable to get anything going in the first quarter, failing to make a first down during that period; the Tigers managed to drive down in field goal range, where Ernest Garcia kicked for the three points.

Early in the second quarter Winters got a drive going with carries by Jerry Mack Jackson, Lee Choate, Steve Tatom, and a 42-yard pass from Tatom to tight end Keith Paschal. The drive covered a total of 70 yards but fizzled on the Anson 10 yard line, where the ball went over on downs. During the second quarter Anson added six points on a pass and handoff which was one of the few times during the game that the Tigers slipped anything past the Blizzard defense.

Winters displayed a new look with their passing game to start the second half, and in four plays they were on the scoreboard with a touchdown. The gainers in this drive were a 35 yard pass from Tatom to split end Billy Ray Grant and the touchdown pass of 25 yards from Tatom to Choate. Choate kicked for the one-point conversion and a 9-7 score. The Blizzards spent a great deal of the remainder of the third quarter down around the Anson goal line but could not move the ball in for another score. A field goal attempt was muffed before Choate could ever get his foot into it.

The defense remained stout and returned the ball again and again to the offense, but they just didn't get it going. With one minute left the Anson quarterback found a hole up the middle and took it 41 yards for another Tiger touchdown and a final score of 15-7.

Outstanding play was exhibited by Oscar Torres—intercepted two Tiger passes; Fred de la Cruz—recovered one Anson fumble; Mike Smith—recovered two fumbles; and Bodie Williams—recovered two.

Others who were strong on defensive play were: Ricky Mathis, Jackson, Grant, Lynn Giles, Wayne Schwartz, Jimmy Benson, Keith Paschal, and Larry Cooper.

## Junior Hi Twirlers Won Awards In Cisco Contest

Several members of the Winters Junior High School twirling team won awards in the twirling contest held at Cisco Junior College September 18.

Donna Carroll and Christi Sprayberry won a first place trophy for a duet performance. Holly Sanders won second place in solo competition. In the ensemble competition, Donna Carroll, Christi Sprayberry, Kathy Colburn and Holly Sanders won second place.

WORLD'S LARGEST paperweight might be one use for Sen. Charles Mathias' latest office decoration. Handcarved in Thailand, the huge elephant was presented to Mathias by a group of the Maryland Republican's constituents.

## Ricky W. Boles Gets Commendation Medal In Vietnam

Army Specialist Four Ricky W. Boles, 26, son of Mr. and Mrs. Monroe W. Boles, 403 Wood St., Winters, recently received the Army Commendation Medal near Da Nang, Vietnam. The medal was awarded for meritorious service. Such service can be over an extended period of time or for outstanding achievement in a single situation. In either case, the recipient must have demonstrated skills and dedication far above the average.

Spec. Boles received the award while assigned as a member of Headquarters Battery, 3rd Battalion of the 23rd Infantry Division's 82nd Artillery. The specialist entered the Army in June 1970 and completed basic training at Ft. Ord, Calif.

## Special Women's Committee To Work With C-C Toward Civic Improvement

A special women's civic improvement committee has been formed to work with the Winters Chamber of Commerce to work toward "creating interest in improving appearance, and instilling pride in the appearance of the town."

The group, formed Tuesday afternoon, has been divided into four smaller groups and each assigned a section of town in which to work. They will make a survey this week, listing improvements needed in all parts of the city, along with improvements which have already been made, and report to the Chamber of Commerce next week.

## Four Students From Winters Will Be In Macy's Thanksgiving Parade In N. Y.

Four Cisco Junior College students from Winters will be with the Cisco Junior College Band and Wrangler Belles Drill Team in the nation's most prestigious annual parade, the Macy's Thanksgiving Day Parade in New York City, according to Eris Ritchie, Public Relations Director and Band Director for the Cisco College.

Students from Winters will be Judy Foster, daughter of Mr. and Mrs. W. E. Foster; Janet Schwartz, daughter of Mr. and Mrs. Hallie Schwartz; Troylene McKnight, daughter and son of Mr. and Mrs. Troy McKnight.

The invitation to take part in the parade was accepted by Dr. Leland Willis, president of the college, and at the same time Dr. Willis announced the launching of a massive fund-raising campaign to help finance the trip for the two groups.

The Cisco band and drill team will join a very elite group of only approximately 15 bands from the entire nation in the parade. Ritchie said the CJC

## Hospital Bond Election Scheduled October 19th

A \$475,000 bond election, to build a new hospital for North Runnels County Hospital District, has been called for Tuesday, October 19, by the board of directors of the district.

North Runnels County Hospital District is composed of County Commissioners' Precincts 2 and 3, as the precincts were situated Jan. 1, 1969, and not the recently realigned boundaries.

The election boxes will be provided for voters in this bond election. Precinct 2 ballot box will be at the office of the Winters Chamber of Commerce, with Howard Worthington presiding judge, and Mrs. Truett Billups alternate.

Ballot box for Precinct 3 will be at the Wingate School, with Mrs. M. B. Folsom presiding judge and Mrs. Lena Wheat, alternate.

Absentee voting will be conducted at the office of the North Runnels Hospital in Winters. Mrs. Loretta Pierce is clerk for absentee voting.

## C-C Board To Meet Tuesday

Board of directors of the Winters Chamber of Commerce will hold a regular meeting Tuesday, October 5, at 5:15 in the chamber office.

All board members are urged to attend to discuss projects for the rest of the year. Other members of the Chamber of Commerce also are invited, M. D. (Doc) Johnston, president, said.

## Missionary To Speak At Calvary Baptist Church

Joe Vasquez, missionary to Mexico, will be the speaker at the Calvary Baptist Church Sunday, October 3, at 11 a. m. O. D. Heflin, pastor of the church, has announced.

A basket lunch will be served at the church following the services.

The public is invited.

## Hospital Fund Now \$44,761

Pledges and cash contributions to the North Runnels Hospital Equipment Fund have now reached \$44,761.00, as of Monday of this week. Ted Meyer, chairman of the special committee for the fund, said \$2595.00 had been received since last week's report.

Meyer said 176 individuals, families and business firms have made contributions or signed pledges, but it is expected that many more will join their ranks within the next few days.

"This is an indication that there is solid support for the proposed new North Runnels Hospital," Meyer said. "And this support is expected to become more evident as pledges and contributions continue to come in."

Contributions and pledges received since last report are:

<b>TOTAL THIS WEEK</b>	<b>\$2595.00</b>

The board approved plans for the new hospital in August, and has been investigating possible building sites. When the announcement was made that the hospital board was planning to call a bond election to build a new hospital, a special citizens' committee was organized to raise money to purchase equipment. Response was immediate, according to Ted Meyer, chairman of the group, and as of this week, \$44,761 already had been subscribed for the project, and much more is expected within the next few weeks. The \$475,000 bond issue would provide funds for the building.

Redemption of bonds, and interest, would require an additional levy of only 30 cents on each \$100 valuation of taxable property within the district, making the total rate 50 cents.

The new hospital would contain a gross area of 14,800 square feet. There would be 16 patient rooms, six of which would be built to accommodate two patients, plus a two-bed intensive care room.

The hospital presently operated by the North Runnels District was formerly the Winters Municipal Hospital. The building was constructed in the mid-1930's and operated by the City of Winters until Oct. 1, 1969, when it was transferred to the North Runnels Hospital District following an election in August 1969, forming the district.

The hospital district board said that a thorough study has been made of the needs of the community, and that the proposed hospital would be built to meet these needs, and all specifications and requirements of State and Federal commissions and boards would be met.

## WHS Students Will Have Opportunity To Take ACT Test

Students at Winters High School who are planning to attend college will have five opportunities to take the ACT Text Battery during the 1971-72 academic year.

The first of five national testing dates on which the national assessment examination will be offered is Saturday morning, Oct. 16. Students planning to take the five-part ACT battery on that date must have registered no later than September 27, according to Mrs. Lee Harrison, high school counselor.

Mrs. Harrison also announced the complete national ACT schedule for the 1971-72 academic year. The schedule is (with the corresponding registration periods in parenthesis): Oct. 16 (Aug. 24-Sept. 27); Dec. 11 (Oct. 4-Nov. 15); Feb. 26, 1972 (Nov. 29-Jan. 31); April 22 (Feb. 14-March 27); July 15 (April 10-June 19).

Information and applications are given to senior students through the WHS counselor's office.

For the fourth consecutive year, the cost for taking the ACT examination—questionnaire is \$6, despite increased services that are provided this year for the college-bound students and their high schools.

Last year approximately one million persons in the U. S. and overseas took the five-part battery, which is required or recommended for applicants at more than 1,900 colleges, universities, two-year colleges, scholarship agencies, and athletic conferences.

The ACT battery, which takes about 3 1/2 hours to complete, includes a series of four tests designed to measure general ability to perform kinds of intellectual tasks typically required of college students. Another part of the examination consists of questions about the students' academic and nonacademic background, immediate plans for college, and career aspirations.

MRS. ROGER D. PENDERGRASS

### Benay Burkholder, Roger Pendergrass Married In Lubbock Church Saturday

In a wedding ceremony in the Westminster Presbyterian Church, Lubbock, Saturday, September 25, at 7 o'clock, Benay Burkholder of Lubbock, became the bride of Roger Dwin Pendergrass of Winters.

The bride is the daughter of Mr. and Mrs. John L. Burkholder of Lubbock. The bridegroom is the son of Mr. and Mrs. Carl Pendergrass of Winters.

The bride wore a regency gown of white silk organza, accented with hand-sewn Alencon lace. The yoked bodice was designed with high cuffed neckline of scalloped lace and long fitted sleeves of organza sprinkled in lace flouerettes outlined at the wrist with scalloped lace. The trim A-line skirt was complemented by a bouffant chapel train from the shoulder yoke and centered with tiny bow-knot closures. Her chapel length mantilla veil was of imported bridal illusion ordered with French Alencon lace in a rose pattern outlined in scallops. She carried a traditional clustered bouquet of white butterfly roses,

## AROUND THE 8-AA FOOTBALL LOOP

Water-covered and muddy fields were in vogue in the Big Country Friday night, as District 8-AA loopers wound up pre-conference activity and prepared for seven weeks of keepers' football.

Three teams—Eastland, Comanche and Clyde—remained in the undefeated column, another—Coleman—climbed back up with a win, and another—Winters—took a loss. Three teams—Cisco, Ballinger and Hamilton—completed their pre-conference schedules without a win.

Eastland, touted as the power of 8-AA in pre-season guesses, continued to run amok Friday night, clobbering De Leon 48-0. As in prior games this season, it seemed to be no contest for the Mavericks, as they chalked up 307 on the ground and 111 in the air against the Bearcats' 111 and 6. The Mavs scored in every quarter, and kept the Bearcats hemmed up on their own end of the field for most of the game. De Leon got only one penetration, in the second half.

Comanche also keeps rolling, and have held opponents to only 21 points in three games, while marking up 107 total. The Indians scalped Goldthwaite Friday night—48-15—keeping the Eagles to only 7 firsts, 66 rushing and 108 in the air. Comanche took 16 firsts, 309 yards on the ground, and aired 136 yards.

Clyde, the other non-loser in 8-AA in pre-conference play, kept faith with homecomers Saturday night clobbering Class A Roscoe 35-0. The Bulldogs have made 77 points to opponents' 13 this season, and are preparing for a Blizzard visit this week.

The Winters Blizzards, wading in ankle-deep watery-mud at Anson Friday night, fumbled their way 7 times—to their first loss, 15-7. Fumbleitis wasn't particular which team it infected, though, as the Tigers dropped the ball at least five times. The Blizzards brought down 3 passes intended for Tigers, while the Tigers intercepted 2 during the night.

Coleman was in the ranks of the winners Friday night, dumping Ozona 7-6 in the Bluecats' last non-conference game of the season. In that low-scoring game, Mike Marrs, Bluecat fullback, scored the only touchdown of the evening for Coleman, and then kicked the PAT. Hard rain during that game probably could be blamed for

the rash of fumbles, also—4 for Coleman and 3 for Ozona.

The Cisco Lobos Friday night dished their two previous outings, losing 41-6 to the Breckenridge Buckaroos. Cisco was held without a first down until late in the fourth quarter, and finally got on the scoreboard on a 23-yard pass play. The Breckenridge team scored in all quarters except the first, and ran up 372 yards on the ground—Cisco 66—and 27 in the air—Cisco 86.

Hamilton failed to tally against Clifton Friday night, losing that one 38-0 to the Cubs of Central Texas. Most of the yardage in that contest was made in the air—128 for Clifton and 13 for Hamilton. Hamilton outdistanced Clifton on the ground—98 to 29. Hamilton has scored only 18 for the season, allowing opponents 100 points.

Ballinger got clobbered by erstwhile district mate Stamford Friday night, 56-6, at Ballinger. The Bulldogs racked up 23 first downs to the Bearcats' 7, and held the South Runnels Countians to only 85 yards on the ground and 48 in the air. Stamford rushed for 198 yards, and 41 in the air. The Bulldogs crossed to pay-mud in each quarter; Ballinger got their tone counter in the second.

Everything from here to November 12 will be for keeps, as District 8-AA teams begin to battle among themselves. The Coleman-Comanche, and the Winters-Clyde contests probably will draw the highest interest this week in the loop.

## Striped Bass Appear Where They Shouldn't

Austin — A small school of striped bass turned up unexpectedly at the Texas Parks and Wildlife Department's Tyler hatchery this week.

The tiny fry were found when hatchery employees drained a pond never used for that fish species.

The answer to their surprise appearance apparently is that they escaped into the pond when a "tempering" container overflowed. Tempering containers are used to acclimate a shipment of fish to water conditions expected to be found at their release site.

Striped bass are a saltwater species which has proven adaptable to freshwater conditions. Several Texas reservoirs have been stocked with stripers.

Hatchery superintendent Bill White said the tiny stripers are

being kept in an indoor trough, where they are gobbling trout food and apparently thriving. White suspects some new knowledge of striped bass' needs and habits may result from this unexpected event.

# STATE CAPITAL HIGHLIGHTS

By BILL BOYKIN, Texas Press Association

Austin, Tex. — Gov. Preston Smith and the State Comptroller's office hold different views on timing of a special session of the Legislature to pass the second half of the 1972-73 budget.

Smith apparently wants to wait until next June—when primary elections are over and a longer-range look at possible tax revenue is available.

Comptroller's aides voiced concern that a session delayed that long could not produce needed new revenue by September 1, start of the state's fiscal year. A sales tax increase, for example, in April would not produce money to the state from merchants until the end of July or early August.

Smith was unimpressed: "He (Comptroller Robert S. Calvert) is not the governor," Smith noted.

Smith's veto of the second year of the biennial spending bill necessitates a complete rewrite in special session sometime within the next year. A special session would have been required anyway, since the 1971

Legislature did not pass a 1973 welfare appropriation.

"The people are not too anxious to have the legislature in special session," Smith said. "The longer we can delay, the better position we will be in for the Comptroller to give an accurate revenue estimate (for the next year) and to determine revenue needs of the state."

The Governor indicated strongly, however, that if a special session is necessary to redistrict the House of Representatives, budgeting and reapportionment probably will be considered at the same time. He controls the timing and subject matter of special sessions.

"If we can get by with one special session, we sure don't want to have two," Smith said.

## COURT-REVIEWS DISTRICTS TANGLE

The State Supreme Court heard a barrage of conflicting arguments as to what should be done about House of Representatives redistricting.

All of these views went before the High Court:

—That it should order a five-member Legislative Redistricting Board to perform "its constitutional duty" and reapportion the House in line with the 1970 census.

—That it should prohibit the Board from reapportioning either House or Senate on grounds that the new census has not been completely published and that redistricting thus should be delayed until 1973.

—That 150 single-member House districts are required. —That single-member districts are not required as long as they do not cause discrimination against any group.

## APPOINTMENTS

Governor Smith named three new members of the Parks and Wildlife Commission under the 1971 act expanding the agency to six commissioners. New members are Max L. Thomas of Dallas, Joe K. Fulton of Lubbock and Robert Burleson of Temple.

Smith also announced these recent appointments:

—Doug Toole Sr. of Houston to Texas Water Quality Board. —Howard B. Boswell to the State Board of Control.

—Robert C. Keppler of Dallas to the State Board of Pharmacy.

—Lynn B. Griffith of Waxahachie to the Trinity River Authority.

—Louis F. Shanks of Austin (reappointment) to the School Land Board.

WASHINGTON  
"As it looks from here"

OMAR BURLISON  
Congressman  
17th District

Washington, D. C. —To admit Red China into the United Nations is about like accepting an unconfessed and unrepentant bank robber into full and participating membership in a church.

Article 4 of the U. N. Charter, conceived in San Francisco in 1945, reads: "membership in the United Nations is open to all other peace-loving States which accept the obligations contained in the present Charter and, in the judgment of the organization, are able and willing to carry out these obligations."

Communist China has never, nor does it now, indicate acceptance of the principles and obligations required by the U. N.

Charter. Chapter 1, Article 2, Section 4, of the Charter provides: "All members shall refrain in their international relations from the threat or use of force against the territorial integrity or political independence of any state, or in any manner inconsistent with the purposes of the United Nations."

The question is being asked our policy makers in the State Department: Does the sending of troops into Korea in support of naked aggression, invasion of India, exporting "revolution" throughout the world, constitute "peace loving" or the restraint of force against others? If further proof was needed we only have to remember the murderous assault against a defenseless Tibet.

The United Nations was formed at a time when hopes were high for a peaceful world. Its aims were laudable—its intents the best. Russia joined as an ally of World War II and at the time appeared cooperative in establishing world order. Since that time in 1945 she has vio-

lated her commitment by invasion of other nations, by subversion and export of militant communism. Yet, by reason of her membership as a permanent member of the Security Council, censure or expulsion has not been possible.

The organic law of the U. N. contained in Article 6 states that a nation can be expelled only by a two-thirds vote of the members of the General Assembly upon the recommendation of the Security Council. One member of the Council can block such a recommendation.

Likewise, Nationalist China, on the Island of Taiwan, was made a permanent member of the Security Council when the organization was formed. No one has ever accused the Chinese Nationalists of violating their obligation under the U. N. Charter. It logically follows that only by amending the Charter could she be expelled.

It now appears that our Government is not only prepared to admit Red China to the U. N. but to support a resolution to oust the Nationalists from the Se-

curity Council and give the seat to Peking, veto and all.

Even this may not be enough for the Communist Chinese. They have said all along that their joining the U. N. is conditioned on Taiwan being completely expelled.

It is bad enough to admit Red China to the U. N.—a nation who has scorned its principles—but to seat her on the Security Council in place of Taiwan is the last straw.

The U. N. has already fallen to a low ebb. The "noble experiment" as it was called back there in its formative years, has all but been forgotten. If our Government supports the move now under way to place outlaw Red China on the Security Council, we twist the dagger for her eventual demise.

Hunter participation in the white-winged dove hunts in the Lower Rio Grande Valley was said to be the lowest in years, due to Hurricane Fern.

## Susan Lee Patrick, Robert Conner Announce Plans To Wed In January

Mr. and Mrs. James W. Patrick of Farwell announce the engagement of their daughter, Susan Lee, to Mr. Robert Randall Conner, son of Mr. and Mrs. Robert Conner of Winters.

The couple will be married Jan. 15, 1972, at 10:30 o'clock in the morning, in Ford Memorial Chapel of First Baptist Church, Lubbock.

The bride is a graduate of Texas Tech and is currently employed as a teaching assistant in music at Tech.

The prospective bridegroom will graduate from Texas Tech in December with a degree in agricultural engineering and will receive a commission in the U. S. Army.

Friends are invited to attend the wedding.

Sen. Ralph Hall of Rockwall entered the lieutenant governor race last week.

Supreme Court Chief Justice Robert W. Calvert announced he will not be a candidate for re-election next year, and Associate Justice Joe Greenhill said he will seek the chief justice's post.

Texas Research League will make a new study of major alternatives in state-local financing of public school education.

Hunts Issued**

San Angelo — The tentative pronghorn permit issuance for seven counties in the nine-county Trans-Pecos section of Texas has been set at 762 for the 1971 hunting season Oct. 2-10, according to the Texas Parks and Wildlife Department.

Tom Hailey, project leader for the West Texas area, said most of the permits went to landowners in Brewster and Presidio Counties, 285 and 251 respectively.

Earlier rains turned the region green earlier this year, but dry weather came back and hit hard. Some antelope are beginning to need food right now, and Hailey says a real threat may exist unless needed moisture comes soon.

**...about your  
SOCIAL SECURITY**

A man whose social security card was "lost" in Michigan in 1936 had it returned to him in Hawaii recently when he learned he was entitled to monthly social security benefits.

Frederick D. Chinnock, now a chapel organist at Fort Shafter, Honolulu, was issued one of the first social security numbers in Michigan more than 35 years ago.

He was notified of his social security number, but he never saw his original card until after it was found in an old safe that was sold recently in Bay City, Michigan.

The card was returned to him—over 5,000 miles—via social security offices in Bay City and Honolulu.

When he finally got his card, Chinnock had just turned 62 and was eligible for reduced retirement benefits. His social security credit was recorded to his number through the years even though his original card was lost.

Full social security retirement benefits are payable to eligible workers at age 65; reduced benefits at 62.

During the early days of social security, it was common for employers to receive and keep their employees' social security cards. Now, however, workers are urged to keep their cards and show the card to the employer whenever they change jobs to assure that the number—and subsequent earnings—are recorded correctly.

The old safe in which Chinnock's original card was found had been used by his first employer in Michigan, the now defunct Vitagraph movie theater company.

"I had never given social security a thought since the day I applied for the card," Chinnock said. He kept his social security number engraved on a watch, "but the card was always a mystery." He could have applied for a duplicate card at any social security office—but he never did.

To return the card, the Social Security Administration traced Chinnock through the names and addresses of his employers listed with his name and number on his earnings record.

Chinnock worked for Vitagraph as a theater attendance

checker and later took military training in Wisconsin. He moved to Hawaii in 1956.

Social security records are confidential, but Chinnock gave permission to publish the story of his long-lost card.

"This is wonderful," he said. "I have the card and some benefits."

For more information on social security, contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area. Persons who are unable to meet with him are encouraged to call the office in San Angelo at 949-4608.

## Foxworth-Galbraith Staging Month-Long "Fall Features" Selling Event

What can't go up can still come down. There is nothing in the current wage-price freeze to keep prices from coming down. This is being well demonstrated during "Fall Features" at the Foxworth-Galbraith Building Materials Center in Winters. "Fall Features" is a month-long sale going on at Foxworth-Galbraith through October 16.

Jim Cowlshaw, manager of the Winters Foxworth-Galbraith store, said, "Our company supports the wage-price freeze and believes that now is a good time for homeowners to capitalize on frozen prices in order to economically make needed repairs and do remodeling. I also consider this a good time to consider a new home purchase which may have been delayed due to escalating prices."

Cowlshaw further pointed out that the "Fall Features" sale has special significance on a

number of popular imported items our customers have been buying. When the current domestic stocks are depleted, new imports will be subject to the 10 percent surcharge. Also, price increases by foreign manufacturers may be legally passed on to American consumers. So this is a very appropriate time to buy and hedge against the future."

The "Fall Features" event at Foxworth-Galbraith shows just what American free enterprise is offering a wide variety of building materials at lowest competitive prices.

The 50 store operation of Foxworth-Galbraith, stretching from East Texas to California, is a family owned operation. Jack Foxworth, president of the company, is also the current president of the Lumberman's Association of Texas.

## Biologists Count 2,438 Pronghorns

Wheeler — Texas Parks and Wildlife Department biologists counted 2,438 pronghorns in 8 Panhandle counties during the 1971 pronghorn census.

The count included 465 bucks, 1,375 does and 598 fawns. Hartley county showed the highest population with 998 animals.

Ratios of bucks to does, as well as does to fawns, differed in various areas, but averaged approximately one buck for each three does, and one doe to every 4 fawns.

Project Leader Dick DeArment says he expects the harvest to be approximately the same as that of the 1970 season. Some counties suffered from drought conditions, but food-producing rains have now occurred in some of the antelope range, and food is adequate at least for now.

**Boom In Home Sewing**  
By Babson's Reports Inc., Wellesley Hills, Mass., September 23, 1971. Over the past ten years there has been the greatest interest in home sewing since the old days when the rural American housewife made most of the clothes for the family, buying her dress patterns and piece goods at the local general store. In fact, it is estimated by the industry that total sales of patterns, fabrics, sewing machines, and other related items will reach \$3 billion for 1971, a sizable advance from the \$2.2 billion chalked up last year.

Also on the optimistic side are THE WINTERS ENTERPRISE Winters, Texas Page 2-B Friday, October 1, 1971

a number of developments indicating that the current big expansion in home sewing is more than just a passing fancy. For example: Six out of seven teenage girls now make some of their own clothes; two out of five women's and children's garments are made at home; and home economics classes, on the decline in popularity following World War II, have now reached an all-time record in terms of demand in high schools. Adding momentum to the movement have been the skyrocketing prices of ready-to-wear dresses, plus the inferior quality and poor fitting of cheaper dresses bought off the rack. Today's consumer is proud to say, "I made it myself."

**Plenty Of Incentives**  
There is no doubt that the great skirt controversy of 1970 provided further impetus for home sewing. With unprecedented firmness the American female decided that she would no longer be told what she would and would not wear by the houses of high fashion in Paris or the trade magazines of New York's garment district on Seventh Avenue. The "do it yourself" method gave her complete freedom of choice in style and fabric, and she did not hesitate to take advantage of this.

In addition to its appeal in permitting the individualization of fashions, home sewing can mean substantial dollar savings for the consumer during an inflationary market. For example ten years ago a dress purchased off the rack in a department store might have cost \$18. Today that same dress, or one of comparable quality and fashion, could easily cost \$35 or even more. In a home sewing or fabric center, a dress pattern costs only 75 cents, two and a half yards of material about \$10, accessories perhaps \$1.25. The result can be a dress costing some \$12—one-third the price of a ready-to-wear garment — and probably with a better fit than she would be likely to find in the product of a Seventh Avenue mass producer.

Home-Sewing Market Market Expanding

An increasing number of home-sewing and fabric centers are offering classes not only in sewing techniques but also in fashion co-ordination. Singer, one of the leaders worldwide, has six-class programs for a fee of \$30 through which they are training 120,000 women each year. Some centers have even brought the men into the act, reserving certain evenings of the week just for them. The fabric manufacturers no longer consider the over-the-counter market as a dumping

ground for remnants of material and manufacturers' rejects. Home-sewing consumers are now regarded as an extremely viable market and are extended the full line in all price ranges. Manufacturers of notions have recognized what a gold mine there is in this field, and have come up with innovative do-it-yourself ideas.

**Investment Opportunities**  
A variety of industries are benefiting directly or indirectly. Such companies as House of Fabrics, Minnesota Fabrics, Fabric-Centers of America, and Simplicity Pattern are committed to serving this market. For others it is a preoccupation of one or more subsidiaries. For the investor seeking to participate in this growing industry, the Research Department of Babson's Reports recommends purchase of Norton Simon (McCall patterns) and King's Department Stores, and retention of American Can (Butterick patterns), Scovill Manufacturing (Dritz division), Singer, Textron (Talon zippers), and Zayre.

**LEGAL NOTICE**

ORDINANCE

**An Ordinance declaring junked vehicles a public nuisance and establishing procedures for the abatement and removal of junked vehicles or parts thereof as public nuisance from private property or public property.**

Be it ordained by the City Council of the City of Winters, Texas,

Section 1. Not less than a ten (10) day notice given to the owners or occupant of the premises declaring that vehicle is a public nuisance and that it must be removed and abated within ten (10) days, and further that a request for hearing must be made before expiration of said ten (10) day period, such notices to be mailed by certified or registered mail with a five day return requested to the owner or the occupant of the premises whereupon such public nuisance exists. If the notice is returned undelivered by the United States Post Office, official action to abate said nuisance shall be continued to a date not less than ten (10) days from the date of such return.

Section 2. A public hearing prior to the removal of the vehicle or part thereof as a public nuisance to be held before the governing body of The City of Winters, or any other board, commission, or official of The City of Winters, as designated by the governing body when such hearing is requested by the owner or occupant of the premises on which said vehicle is located, within ten (10) days after service of notice to abate the nuisance any resolution or order requiring a description of the vehicle, and the correct identification number and license number of the vehicle, if available at the site.

Section 3. After a vehicle has been removed it shall not be reconstructed or made operable.

Section 4. A notice shall be given to the Texas Highway Department within five (5) days after date of removal identifying the vehicle or part thereof, said department shall forthwith cancel the Certificate of Title to such vehicle, pursuant to Article 1436-1 Vernon's Texas Penal Code as amended.

Section 5. This ordinance will not apply to (1) a vehicle or part thereof which is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property, or (2) a vehicle or part thereof which is stored or parked in a lawful manner on private property in connection with the business of a licensed vehicle dealer or junk yard.

Section 6. The administration of this ordinance will be made by a regularly salaried full-time employee of The City of Winters, except that the removal of vehicles or parts thereof from property may be by any other duly authorized person.

Section 7. Junked vehicles or parts thereof may be disposed of by removal to a scrap yard, demolished, or any suitable site operated by the City of Winters for processing as scrap or salvage which process shall be consistent with Section 3 of this article, or the City of Winters may transfer such vehicle or parts thereof to another, provided such disposal shall be only as scrap or salvage consistent with Section 3 of this ordinance.

Section 8. Authority to enforce: any person authorized by The City of Winters to administer the provisions of this ordinance may enter upon private property for the purposes specified in this ordinance to examine vehicles or parts thereof, obtain information as to the identity of vehicles and to remove or cause the removal of a vehicle or parts thereof declared to be a nuisance pursuant to this ordinance. The Municipal Court of The City of Winters shall have authority to issue all orders necessary to enforce this ordinance.

Section 9. Nothing in this ordinance shall effect statutes that permits immediate removal of a vehicle left on public property which constitutes an obstruction to traffic.

Section 10. This ordinance shall take effect and be enforced after its passage and publication.

Passed this 20th day of September A. D. 1971.—WADE W. WHITE, Mayor.  
Attest: Buford Baldwin, City Secretary. 28-2tc

## Earla Cherie Hord, Ted William Ahrens Reveal Plans To Wed In December

The Rev. and Mrs. Earl D. Hord of Walsenburg, Colo., are announcing the engagement and approaching marriage of their daughter, Earla Cherie, to Mr. Ted William Ahrens, son of Mr. and Mrs. W. W. Ahrens, Route 3, Winters.

The wedding will be in St. John Lutheran Church in Winters, Saturday, Dec. 11, 1971, at 7 o'clock in the evening.

The bride-to-be is a graduate of Walsenburg High School, and attended Southern Colorado State College in Pueblo for two years.

The prospective bridegroom is a graduate of Ballinger High School, and served two years in the U. S. Army. He is engaged in stock farming.

## Sally Aletha Whittenburg and Ray Guevara Plan October 15th Wedding

Mr. and Mrs. Van Whittenburg are announcing the engagement and approaching marriage of their daughter, Sally Aletha, to Mr. Ray Guevara of Abilene, son of Robert Guevara St., of Sanger, and Mrs. Maria Guevara of Houston.

The wedding will be October 15 in the home of the bride's parents.

The bride-to-be is a student in Winters High School. Mr. Guevara is a graduate of Clyde High School.

## Oil Production In Runnels County In 1970 Meant Income of Over \$6 Million

Petroleum production continues to play a significant role in the economy of Runnels county with a direct input of \$6,542,764 last year.

According to the latest compilation of Texas Mid-Continent Oil & Gas Association, the county in 1970 produced 1,826,098 barrels of crude oil valued at \$6,026,024 and 3,539,317 thousand cubic feet of natural gas valued at \$516,740. It ranked 118th in value of petroleum produced.

In addition, the county received the stimulation of \$817,846 in royalty payments to landowners and others with mineral interests.

"Runnels was one of 187 Texas counties that had petroleum production valued at more than \$125,000," says Kenneth E. Montague, Texas Mid-Continent president. "Its ability to produce helped Texas meet a record demand with record production of both oil and gas in 1970. This

demand has again diminished Texas petroleum reserves as additions failed to offset withdrawals. In Texas, we only drilled 8,114 wells — the smallest number since 1946."

Texas state government benefited from the county's petroleum, receiving \$277,197 in production taxes on crude oil and \$38,755 on natural gas. Drilling expenditures in the county totaled \$3,591,177 with \$2,187,104 being lost on dry holes. Drillers completed 14 oil wells, 3 gas wells and 32 dry holes. Thirty wildcats were drilled with 22 of them dry.

Also adding to the economy was the county's one natural-gasoline processing plant with 1.1 million cubic feet daily capacity.

The Texas Employment Commission shows 110 persons were directly employed by the oil and gas industry in the county with an annual payroll of \$783,268.

The greatest financial expenditure in the U. S. today is by women trying to conceal that they are pushing on to senior status.

AN ORDER by the Board of Directors of the North Runnels County Hospital District, Runnels County, Texas, calling a bond election to be held within the said District, making provision for the conduct of the election and other provisions incident and related to the purpose of this order.

WHEREAS, this Board of Directors deems it advisable to call a bond election for the purpose hereinafter mentioned; therefore,

Be it ordered by the Board of Directors of the North Runnels County Hospital District:

Section 1: That an election be held on the 19th day of October, 1971, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption hereof, at which election the following proposition shall be submitted:

"SHALL the Board of Directors of the North Runnels County Hospital District

Hospital District Precinct Number	Polling Place	Presiding Judge	Alterate Presiding Judge
1 Winters Chamber of Commerce Winters, Texas		Howard Worthington	Mrs. Truett Billups
2 Wingate Independent School Bldg., Wingate, Texas		Mrs. M. B. Folsom	Mrs. Lena Wheat

The Presiding Judge shall appoint not less than 2 nor more than 3 qualified clerks to serve and assist in holding said election; provided that if the Presiding Judge herein appointed actually serves, the Alternate Presiding Judge shall be one of the clerks.

On election day the polls shall be open from 7:00 A. M. to 7:00 P. M.

Absentee voting shall be conducted at the office of the North Runnels County Hospital, Winters, Texas, in accordance with the provisions of V.A.T.S. (during the period for absentee voting) on each day that is not a Saturday, Sunday or official State holiday.

Section 4: That the election shall be held in accordance with the provisions of the general laws of Texas pertaining to general elections, except as modified by the provisions of Chapter 206, Acts of the 61st Legislature, Regular Session (1969).

Section 5: All resident qualified electors of the District, including those who own taxable property in said District and who have duly rendered the same for taxation, shall be permitted to vote at said election. That at said election two separate ballot boxes shall be provided at each of the polling places. In one box only resident qualified electors who own taxable property and who have duly rendered the same for taxation shall be allowed to vote. In another box all resident qualified

electors (who are otherwise qualified but do not own taxable property which has been duly rendered for taxation) shall be allowed to vote. The votes cast in each of said boxes shall be recorded, returned, and canvassed in such manner as will reflect separately the votes cast by the qualified electors who own taxable property and who have duly rendered the same for taxation).

Section 2: That the official ballots for said election shall be prepared in accordance with the V.A.T.S. Election Code so as to permit the electors to vote "FOR" or "AGAINST" the aforesaid proposition which shall be set forth in substantially the following form:

Section 3: The polling places and election officials at said election shall be as follows:

Hospital District Precinct Number	Polling Place	Presiding Judge	Alterate Presiding Judge
1 Winters Chamber of Commerce Winters, Texas		Howard Worthington	Mrs. Truett Billups
2 Wingate Independent School Bldg., Wingate, Texas		Mrs. M. B. Folsom	Mrs. Lena Wheat

Section 6: That a substantial copy of this order shall serve as proper notice of said election. Said notice shall be posted at the Courthouse door, Ballinger, Texas, at the City Hall, Winters, Texas, and in each election precinct of said Hospital District, such posting to be accomplished a full fourteen (14) days prior to the date set for the election. Notice shall also be published on the same day in each of two successive weeks in a newspaper of general circulation in the area of the District, published in the City of Winters, Texas, the first of said publications to be made not less than fourteen (14) full days prior to the date set for said election.

Passed and approved, this 23rd day of September, 1971.
