HOME TOWN Talk

By R. C. THOMAS

It's A Small World Dept.—A billfold, lost in London, England, found its way to Winters, Texas!

A few weeks ago, Mr. and Mrs. William H. Welch and family moved to London, England. (She is the former Marianne Kendrick, daughter of Mr. and Mrs. C. R. Kendrick of Winters.)

In England, the boys, Steven, Ronnie and Clinton, enrolled in an "American" school. A few days ago, Ronnie, a junior, put his billfold in his locker at school. When he returned to the locker a while later, the billfold was gone, along with what little money it contained, and his driver's license and other cards and papers. He gave it up for lost, certainly.

Some time later, the billfold turned up at the American Embassy in London, minus the money, but with the rest of the papers intact. Cards showed the family's last address as Houston, not the London address, so the Embassy forwarded the billfold to that address. From Houston, the billfold was re-routed to Winters, the Welches' forwarding address.

Monday, C. R. Kendrick in Winters was wrapping up the billfold to send back to Ronnie in London.

In spite of this being an era of "wheels" when most of us shrink from even the idea of walking more than a block at a time, there still are groups who do a lot of walking. And as for physical fitness, there probably are few groups in better shape than the Blizzards Marching Band. A time or two, when they have been in parades along with other bands, and the other bands stopped playing and concentrated on walking, the Blizzards continued to march and play—evidence of their long-windedness.

Some of the band members have figured out that through this week, the band has walked at least 275 miles this season—to and from the practice field, on the field, in half-time shows, and in parades. There are 126 members in the Marching Band—a little adding machine math shows that these youngsters have walked roughly 34,650 miles this season. No wonder they've got a lot of wind.

However, consider Kirke McKenzie, the band director. He doesn't ride a motor scooter, but maybe he needs one. He has to march along with the band... and while marching, he keeps running in and out of ranks, from the front ranks to the rear, one side to the other, hup-twoing all the while... so he must cover at least three or four times as much ground as any of the individual marchers. Kirke says he has worn out several pairs of shoes this season.

Blaming all of our troubles on the other fellow, looking for perfection in government, for a "leader" and lamenting the stupidity, dishonesty and general inadequacy of our fellowmen inspired Bill D. Meyers, former presidential adviser, to comment in an address recently that, "A nation can be no more truthful than each of us, no more honest than each of us, no more generous, no more worthy than each of us. America is really the whole of its parts. It's you and me... Don't forsake the American experiment."

Nations are neither built nor sustained by miracles riding white horses across the stage of public life. As Mr. Meyers observed, they are a you and me proposition. They are built on the honesty, integrity and worth of the individual.

DOCTORS HONORED—These four Winters doctors were recognized at the Doctors' Appreciation Day luncheon at the Community Center Tuesday of last week. They are, left to right, C. T. Rives, M. D., H. H. McCreight, M. D., T. L. Russell, D. D. S., and Z. I. Hale, Doctor of Optometry. The luncheon was sponsored by the Winters Chamber of Commerce and the Winters Lions Club, and coincided with the regular weekly luncheon meeting of the Lions Club. State Representative Grant Jones of Abilene was the principal speaker at the luncheon. (Staff photo)

Community Thanksgiving Service Here Wednesday

The annual Community Thanksgiving Service, sponsored by the churches of Winters, will be held at the Southside Baptist Church Wednesday evening, Nov. 24, beginning at 7:30. The Rev. Walter C. Probst Sr., pastor of St. John's Lutheran Church, will bring the Thanksgiving message. Pastors of other Winters churches will take part in the services. Special music will be provided by the First United Methodist Church.

* * * "Thanksgiving Feast"

An all-Texas Thanksgiving feast is being suggested this year by Texas Agriculture Commissioner John C. White. "For your Thanksgiving meal this year, you can be assured of quality and quantity of Texas-produced commodities. No other state offers the consumer the opportunity to purchase so much variety of food to put into your Thanksgiving dinner," White said.

A typical Texas Thanksgiving menu would be this: Baked Texas turkey with cornbread dressing and gravy, Fresh Texas green beans, Texas candied sweet potatoes, Texas fruit salad and Texas pecan pie.

"Texans can purchase fruit which is produced in the South Texas and Lower Rio Grande Valley areas; vegetables from west, east and north Texas; and pecans and turkeys from central Texas," White said.

"Thanksgiving is a time when we all give thanks for everything we have. Often, we overlook our bountiful agricultural production. This year as you enjoy your Texas Thanksgiving meal, give the producer a pat on the back, not a kick in the pants. He is providing for the consumer quality food at bargain prices," White said.

The Texas Department of Agriculture is cooperating with agricultural producers in the state through the Texas Agricultural Products (TAP) program to acquaint Texans with the quality and quantity of Texas-produced foods.

Those who have not signed up will contact C. T. Parker, County Agriculture Agent, or any member of the steering committee.

The steering committee also discussed with representatives of the Farmers Home Administration requirements for submitting applications for loans and grants to build the system. FHA representatives seemed confident that loans and grants could be obtained once all requirements are met.

An engineer meeting with the group stated that engineering data would be compiled from the membership "map" to obtain approximate overall costs of the proposed system, which would have to be submitted with application for loans and grants.

Those who have not signed up will contact C. T. Parker, County Agriculture Agent, or any member of the steering committee.

Those who have not signed up will contact C. T. Parker, County Agriculture Agent, or any member of the steering committee.

Those who have not signed up will contact C. T. Parker, County Agriculture Agent, or any member of the steering committee.

Rehab Center Director To Speak To Lions

Shelley V. Smith, Executive Director of the West Texas Rehabilitation Center in Abilene, will be the guest speaker at the regular luncheon meeting of the Winters Lions Club Tuesday, Nov. 23.

Smith has served as Executive Director of the Center since it was established in 1953. The Center has served more than 16,500 patients in its 18 year history, and has a present patient load of 675. Under his direction, the Center has become the largest out-patient rehabilitation center in the nation, and offers a wide range of services in physical therapy, occupational therapy, speech and hearing, educational, psychological and language diagnostic evaluations, as well as clinics in several different fields of medicine.

Smith is a native of Georgetown, where he attended school, and received his BS degree from Southwestern University. He is a registered physical therapist and received his training at the Hermann Hospital of Physical Therapy.

He has served on the Governor's Task Force in both mental retardation and vocational rehabilitation. In 1970 he received the Citation of Merit in Paramedical Field from Southwestern University.

Rural Water Group Seeks New Members

Although approximately 375 rural residents and landowners in North Runnels County have already signed up and deposited sign-up fees for the proposed rural water system in the area, the steering committee of North Runnels Water Corporation is seeking more members.

At a meeting of the steering committee Tuesday night, it was pointed out that even though the 375 already signed up would probably be sufficient for applying for loans and grants to build the system, a larger number of signups is needed to lower the initial per-meter cost, and to help expedite formal incorporation, applications and eventual start of construction. There are many within the area who are "just waiting," according to some members of the committee.

Most of these probably would be eventual customers, after the system is in operation, it was stated, but their membership is needed now to help push the project ahead. Also, it was pointed out, once the system is eventually built, connecting to the system probably would cost much more to those late-comers.

Those who have not signed up will contact C. T. Parker, County Agriculture Agent, or any member of the steering committee.

The steering committee also discussed with representatives of the Farmers Home Administration requirements for submitting applications for loans and grants to build the system. FHA representatives seemed confident that loans and grants could be obtained once all requirements are met.

An engineer meeting with the group stated that engineering data would be compiled from the membership "map" to obtain approximate overall costs of the proposed system, which would have to be submitted with application for loans and grants.

Revival To Start Nov. 21 At Calvary Baptist Church

The Rev. O. D. Heflin will preach for a revival meeting at Calvary Baptist Church, 216 N. Melwood, beginning Sunday, November 21, and continuing through November 28. Allen Jackson will lead song services. Services will begin at 6 p. m. daily, and the public is invited.

New Bookkeeping Office Opened In Winters

A new bookkeeping business will be opened at 135 West Dale Street Monday, Nov. 22, by Mrs. O. Dale Proctor. Mrs. Proctor has been a bookkeeper in San Angelo for five years. She studied business education at Howard Payne College in Brownwood.

WEEKEND VISITORS

Weekend visitors in the home of Mr. and Mrs. C. M. Pumphrey were Mrs. C. A. Lacy of O'Donnell, Mrs. Virginia Pumphrey and Mr. and Mrs. Marlon Hollis of Fort Worth, Mr. and Mrs. Roy Pumphrey and Mrs. Lela Mae Sims, of San Angelo; Mr. and Mrs. Marvin Pumphrey, Ralph Lloyd, George Lloyd, Bettie Baldwin and Jessie Hargrove, of Winters.

Turkey Days In Winters Starting Monday Morning

REP. GRANT JONES

Rep. Grant Jones Announces For State Senator

Grant Jones, State Representative, announced this week he will be a candidate for State Senator in the district representing Winters.

"Responsibility in state government is the number one issue," said Jones. "With state spending increasing at the rate it is, the needs and demands of the people will require responsible elected officials to determine the necessary programs with equitable funding."

As the campaign progresses, Jones indicated he will issue statements as to his beliefs on important issues presented to him by the voters in the new district.

"I am being told that ethics in state government will be an issue and I shall be working to create the type climate that will give the people of Texas full confidence in their elected officials," he said.

The new 24th Senatorial District is composed of thirteen counties: Brown, Coleman, Concho, Coryell, Hamilton, Lampasas, McCulloch, McLennan, Menard, Mills, Runnels, San Saba, and Taylor. Abilene is in the northwest section and Waco is on the eastern boundary.

Grant Jones is an Abilene businessman and civic leader. He is married and has a son, Morgan Andrew, in law school at Texas Tech, and a daughter, Janet, at SMU. Jones is on the official board of the St. Paul United Methodist Church. He is serving his fourth term as a member of the Texas House of Representatives.

Good Weather Helps Cotton Stripping

A few days of favorable weather permitted farmers who had defoliated bring in a few more bales during the past week, with expectations that the tempo would increase within the next week or two.

Although a light frost was experienced last week, a heavier frost is needed to completely defoliate cotton.

Ras Gideon, manager of the Winters Warehouse, said more than 100 bales had been received over the weekend, with the total now standing at 677 from North Runnels gins.

City Employs Mike Hill For Police Patrol

Winters City Council Monday night approved application of Mike Hill of Winters for a position on the Police Department, as a patrolman.

The new patrolman will be an extra, with salary paid through a Federal grant under the President's Emergency Employment Act to assist cities in building police departments. The City of Winters will pay 10 percent of the salary.

Hill has attended a nine-week police officers' course conducted by the State Department of Public Safety.

Pioneer Days hospitality and "old fashioned" sales prices will be the key words during Winters' big "Turkey Days" celebration next Monday, Tuesday and Wednesday (Nov. 22-23-24). At least 14 turkeys and other gifts will be given away by merchants during the three-day Turkey Days event.

The special pre-Thanksgiving event is being sponsored by the Winters Chamber of Commerce and promoted by the Retail Trades Committee of the chamber. Many Winters merchants will

be holding special Turkey Days sales during the three day period, with store personnel asked to dress in Pilgrim costume. Also, many of the stores will be offering special drawings, for everything from dressed turkeys to merchandise and cash. Each of these drawings will be on an individual basis, and there will be no charge or purchase requirement before registering. Some businesses will hold daily drawings, and others will hold one big drawing on Wednesday, the last day of the three-day celebration.

Wanted: Floats Register Now For Christmas Parade To Be Held In Winters December 4

School classes and organizations, church groups, clubs, businesses and individuals are invited and urged to build floats for entry in the big annual Winters Christmas Parade, to be held Saturday, December 4.

Big cash prizes will be offered for floats judged first, second and third in the parade. First place will receive \$50; second, \$30; and third, \$20. A Christmas theme is required for entry in the parade competition.

There also will be a division strictly for children, with prizes of \$15, \$10 and \$5. Kiddies may enter as groups, singles, with bicycles, tricycles, wagons, walking or riding. All will be judged in a single division.

Press Gallaway Sells Interest In Wingate Bank To Brownwood Banker

Press Gallaway, who has been president of The Security State Bank of Wingate since January, 1970, has sold his interest in the bank to Bobby Airhart, a banker of Brownwood. It was announced this week. Sale was finalized last week, Gallaway said.

Gallaway will remain for an indefinite time, until Airhart moves to Wingate to assume control, it was said. Gallaway, who was reared in the Glen Cove community and came to Wingate from Farmington, N. M., said he has no definite plans for the future.

Special Fund Committee Meets Thursday Night

A meeting of the special citizens' committee for the North Runnels Hospital Equipment Fund was called for Thursday night of this week, at the Chamber of Commerce office, Ted Meyer, chairman of the group, said.

Plans were to be made to continue to campaign to raise funds to purchase equipment for the new North Runnels Hospital, which was approved by the voters a few weeks ago.

Meyer said all individuals or companies who made pledges to the hospital equipment fund may now make their payments either to the chairman of the committee or to Mrs. Emma Marks at the Chamber of Commerce office. Checks should be made payable to North Runnels Hospital Equipment Fund.

Blizzard Band Says Thanks For Help On Program

The Winters High School Blizzard Band has expressed thanks to those who helped produce the "Two Jims Flag Raising" program included Foxworth-Galbraith Lumber Co., Dr. Z. I. Hale, Ted Meyer, Gary Pinkerton, the boys who helped with the flag and fireworks, Lawrence Barber, Cecil Sudduth, the six sergeants from the U. S. Marine Training Center in Abilene, and the Rev. Bob Sanders, who did the narration for the program.

Kirke McKenzie, band director, said the band extends special thanks to Prof. Raymond T. Bynum of the McMurry College Band, who loaned the idea for the program.

BASKETBALL SCHEDULE

Former Resident Died In Lubbock Friday Evening

Mrs. Trudie Sanders, 70, formerly of Winters, and a resident of Rt. 1, Wilson, died Friday at 10 p. m. in the Methodist Hospital in Lubbock.

Funeral services were held in Tahoka Church of Christ, Saturday, Nov. 13, at 3 p. m., with Darnell Boyd and Dr. F. W. Mattox of Lubbock, officiating.

Burial was in Peaceful Gardens Memorial Park at Lubbock. Mrs. Sanders was born in Menard, July 5, 1901. She at-

tended school in Winters, and married Alex Sanders, Feb. 28, 1923, at Winters. They moved to Lynn County in 1948 from Howard County.

Mrs. Sanders worked with her husband in their farm work and gin business.

She was a member of the Tahoka Church of Christ.

Survivors are her husband; two sisters, Mrs. Effie Gill of Las Vegas, Nev., Mrs. Harold Warren of Tahoka; six brothers, Sam Inman of Amarillo, Guy Inman of Hutton, S. C. and Bill Inman of Roundrock, Gene Inman of Angleton, and Noel of Modesto, Calif.

Jay B. Murphy Died In Dallas, Funeral Saturday

Jay B. Murphy, 46, died at Granville C. Morton Hospital in Dallas at 10:45 p. m. Thursday, following a brief illness.

Funeral services were held Saturday at 2 p. m. in Spill Memorial Chapel with Bobby Bates, minister of the Winters Church of Christ, officiating.

Burial was in Wilmeth Cemetery under the direction of Spill Funeral Home.

Mr. Murphy was born in Runnels County Oct. 28, 1925, and had lived in Runnels County all his life. For the past few years he farmed in the Wilmeth Community.

He was a veteran of the Korean War.

He married Mrs. Helen West Belitz, Jan. 16, 1964, at Robert Lee.

Survivors are his wife; his mother, Mrs. A. K. Murphy of Winters; two step-sons, Michael Belitz of Lubbock and Mark Belitz of the home; one step-daughter, Mrs. Roger O'Neal of McCamey; two grandsons; two brothers, Elmer Murphy of Winters and Henry Murphy of New York City; one sister, Mrs. Mamie Boyd of Sandusky, Ohio.

Pallbearers were Jack Pritchard, Pat Pritchard, Wayne Bryan, Ed Pochlis, Merl Wright, and Johnny Wilson.

CREWS

"Better to slip with the foot than with the tongue."

Mrs. Lou Bell Leeman and Mrs. Cora Petrie visited with Mrs. Hazel Jones at Christoval Monday and attended a club luncheon.

Mr. and Mrs. Calvin Hoppe and girls attended the football game at McMurry in Abilene Saturday night.

Bro. Chester Wilkerson and Mrs. Wilkerson and Mrs. Effie Dietz visited Mrs. Stella McClure in Talpa during the week.

Mr. and Mrs. Gary Hill and son Michael Shane of Ozona spent several days with their folks, the Robert Hills.

Ronald Hill of Sweetwater attended the funeral of Jay Murphy.

Mrs. Elsie Kerby of Christoval is reported doing fine.

An all-day quilting was held Thursday and a covered dish luncheon was served at noon.

Two quilts were finished for Miss Karen Osborne at the Hopewell Church. Dish towels were embroidered. Those attending were Mesdames Arthur Kerby, Clyde Brevard, Douglas Bryan, Burley Campbell, Billy Moore, Effie Dietz, L. C. Fuller, Clara McKissack, Thereone Osborne, Sammy Brown, Marvin Hale, Flora McWilliams, Robert Gerhart, Raymond Kurtz, S. J. Morrison, Odie Matthews, Clarence Hambright, Quincy Traylor, Carl Baldwin, Chester McBeth, Connie Gibbs, and S. J. Brevard of Coleman.

Mr. and Mrs. Chester McBeth are attending the State Farm Bureau Convention in Amarillo.

Mr. and Mrs. Louis Elkin of Cliff, N. M., are visiting with the Raymond Kurtz.

Mrs. Brenda Brown, Jana and Sammy spent several days with friends in Levelland and Brownfield.

Bro. Harold Smith and family of Brownwood had Sunday dinner with the Arthur Kerbys.

Guests in the home of the Coleman Foremans Sunday were Mr. and Mrs. J. W. Chesler of Lubbock and Mr. and Mrs. O. Z. Foreman.

Mrs. B. M. Batts of Ballinger and Mrs. Cora Petrie attended the Porcelain Arts Guild Saturday in San Angelo.

Mrs. Owen Bragg and Mrs. Cora Petrie visited with Mrs. Lemma Fuller in Coleman during the week.

Mr. and Mrs. Burley Campbell were in Abilene to visit their son and family, the Buck Campbells Sunday afternoon.

Mr. and Mrs. Enoch Johnson visited Mrs. Nora Hendricks in Kendrick Hospital in Abilene Sunday afternoon. Thursday they visited Mr. and Mrs. Floyd Baker in Valera.

Beef Cattle Short Course Set In Baird
A two night beef cattle short-course will be held in Baird at the District Courtroom on November 22 and 23. Starting time will be 7:00 p. m. each night. The shortcourse will cover several different topics of interest to all beef cattle producers in the area.

The program for the first night will be on beef cattle nutrition by Bill McCullough of Fort Collins, Colorado who is Western Area Beef Specialist for Moorman's Mfg. Co. McCullough, former head of the beef research department at Quincy, Illinois, has worked in numerous areas including feedlot management and dry-lot cow calf operations. He has also been instrumental in developing new ration techniques for range as well as feedlot operations.

Tuesday night's program will be presented by L. A. Maddox, beef cattle specialist for the Texas Agricultural Extension Service. Maddox is well known in this area and other parts of Texas for his work in performance testing and beef cattle crossbreeding. His topic will be crossbreeding and he will discuss some of the new breeds of beef cattle that have recently been of concern to many ranchers.

Door prizes will be presented after the first night's program, courtesy of the local Moorman's representative, Mike Turk.

Everyone who has an interest in Beef cattle and the various aspects of management and crossbreeding is invited to attend this shortcourse, which is being sponsored by the Callahan County Beef Cattle sub-committee and the local County Extension Office according to Greg Gerngross, Callahan County Agricultural Agent.

Only she can tell you what a feed is really worth
Not in words, of course. But in dollars-and-cents return over your feed cost.
If you feed a cheap supplement, your results may not be worth talking about. Feed MoorMan's® with your grass or roughage and reports of good results are much more likely to come through loud and clear. Why?
1. What's put in: Into each Min-trate® and Premix-trate® goes only proteins, minerals, vitamins and other high-quality working ingredients.
2. What's left out: You don't buy back grain or grain leftovers. Feeds loaded with bran, midds and mill screenings can sell for less per ton—but they can't help keep your total feed cost low.
Let's do some feed-figuring soon. Your MoorMan Man ...

JANICE MARIE HALFMANN, ALFRED HOLDER

Janice Marie Halfmann, Richard Alfred Holder To Marry In January

Mr. and Mrs. Norbert Halfmann of Eola, announce the engagement and approaching marriage of their daughter, Janice Marie, to Mr. Richard Alfred Holder. He is the son of Mr. and Mrs. Robert Holder of Winters.

The wedding has been planned for January 30, in St. Joseph's Catholic Church, Rowena.

Miss Halfmann is a graduate of Eola High School, and a 1971 graduate of Angelo State University. She is currently teaching in the Killen school system.

Mr. Holder is a graduate of Winters High School, and is a junior civil engineering student at Texas A. & M. University.

Naomi WSCS Circle Meeting Tuesday

Mrs. Paul Gerhardt was hostess to the Naomi Circle, WSCS, First United Methodist Church, Tuesday, with Mrs. Thad Traylor presiding.

Mrs. John Schaffrina was program leader. Mrs. Ralph Arnold and Mrs. Elmo Mayhew had parts on the program.

Others present were Mesdames H. O. Abbott, E. L. Marks, Charles Black and W. W. Parramore.

CARD OF THANKS

I would like to thank all the wonderful friends and neighbors for their thoughtfulness and kindness shown while I was in the hospital. I enjoyed the beautiful cards and visits. I want to thank Dr. Rives, Dr. McCreight and the nurses and hospital staff for their good care. My family joins me in saying thank you to everyone. —Mrs. Pat Pritchard. ltp.

AROUND THE 8-AA FOOTBALL LOOP

It's all over for 1971 in District 8-AA. The Eastland Mavericks, champions of the district, now go into extra-seasonal play, scheduled to meet the Stamford Bulldogs of 7-AA this week in Shotwell Stadium in Abilene for the bi-district championship and eligibility to advance toward state playoffs.

Although the Eastland County team had not lost a game all season, and had been rated No. 1 Double A team in the state for many weeks, the final decision of the District 8-AA championship was not made until Friday night. The Coleman Bluecats also had a perfect district record—and only one blemish for pre-conference play—although they didn't have the impressive goal-scoring record owned by the Mavericks, and had the honor of challenging Eastland for the district crown.

But the Mavericks continued to pour it on, even in this crucial game, and rolled up a whopping list of statistics against Coleman. But they were stymied by the Bluecat defense which allowed them to cross in to pay territory only twice during the evening. The Maverick defense also held the Coleman County boys to zero crossings, and the final score of 12-0.

It was a revenge game—the Mavericks lost to Coleman by a single point last season—and Eastland made the most of it. The Mavericks will be worthy representatives of the district as they try for higher honors.

The Winters Blizzards held their No. 3 spot on the 8-AA ladder Friday night, besting the Cisco Lobos 20-14 in the last game of the season. The Blizzards piled up 329 yards on the ground during the evening, holding Cisco to a minus 72. In the air, however, the Lobos hit for 252 yards to Winters' 0. Two spectacular runs, one for 104 and another for 88, put the Blizzards on the board for sure. Jerry Mack Jackson accounted for 177 yards in 34 carries Friday night, to lead the Blizzards.

The Ballinger Bearcats got going Friday night, and scalped the Comanches 55-28 at Comanche. The Bearcats scored in each period, and kept the Indians off the board until the third and fourth. The Indians' scoring leader, tailback Harry Dudley, reportedly suffered a broken collar bone on Comanche's first possession, two minutes into the game.

The two low teams on the 8-AA totem pole, Clyde and

Hamilton, met at Hamilton Friday night in their last game, with Clyde earning the honors with a 26-16 victory. Hamilton led from the beginning, but Clyde eventually broke loose in the fourth and added 20 to their first-quarter 6 to take the game.

Friday night's games ended the two-year series for the teams in 8-AA. Next year, 8-AA becomes 9-AA and will drop two members, Winters and Ballinger, who will return to 6-AA hunting grounds in the immediate Abilene area, back with district mates of long years past.

Tandy Medford Named Football Sweetheart

Tandy Medford, a senior student in Winters High School, was crowned 1971 Football Sweetheart during halftime activities at the Winters-Cisco football game Friday night.

The football sweetheart is chosen by ballot by the members of the Blizzard team.

Runners-up were Denise Williams and Tawnya Smith. Miss Medford is the daughter of Mr. and Mrs. J. T. Medford. She has been a member of the Blizzard Band for four years, and was named outstanding

band member during her freshman year. She served as band historian in her sophomore and junior year, and is an all-district band member this year.

The 1971 Football Sweetheart is a member of the Student Council and served as class representative to the council during her sophomore and senior years, and was songleader during her junior year. She has been a member of the Future Teachers of America for four years, and a member of Authors Anonymous for two years. She was class favorite during her junior year, and was class secretary during her freshman year.

Miss Medford has been a cheerleader for two years, and is head cheerleader this year. She is a member of the Sub Deb

IRS Office Will Answer Questions On Price Freeze

Dallas, Texas—Starting Monday, November 15, Internal Revenue Service Offices will assume the new responsibilities formerly assigned to the Office of Emergency Preparedness under the President's Economic Stabilization Program. Ellis Campbell, Jr., IRS District Director for North Texas said today.

Within guidelines issued and to be issued by the Cost of Living Council, the Price Commission and the Pay Board, the IRS will act on requests for interpretations and on appeals of adverse determinations. In addition, the IRS will continue to provide information to the public, investigate complaints and monitor compliance with stabilization guidelines.

The IRS will handle enforcement activities in connection with the largest numerical segment of the economy—those businesses not required to report their increases to the Pay Board or the Price Commission. Mr. Campbell said. The IRS also will conduct fact-finding investigations for the Board and Commission.

IRS offices in Texas are open Monday through Friday to answer inquiries and receive complaints from the public on stabilization matters. The Abilene IRS office is located on the second floor of the Post Office Building at Third and Pine streets. The telephone number is 915-677-9146.

Joy is what you share with others—Sorrow is what you suffer alone.

COUNTY AGENT PARKER'S COLUMN

Eat hearty this Thanksgiving and enjoy all those gourmet dishes to your heart's content. At the same time, be thankful for the feast before you because much of it is produced right here in Texas and you can be sure of the best eating ever, says County Agricultural Agent Parker.

"This is the time of the year when we should all be thankful for our heritage and the abundance of food and fiber that is available to each of us," Parker points out. "Thus it's only fitting that the week of November 15-21, the week before Thanksgiving, be designated as Texas Food and Fiber Abundance Week."

"The great story of American agriculture and the success of this industry is one of the greatest success stories in the history of this nation," contends Parker. "This nation's agriculture has its roots in technology, a visible people and helpful public policy. There is no way of dividing the inter-relationships of the three. Research, education and the application of technology transformed agriculture in our lifetime from what we call a labor intensive to a capital intensive industry."

Texas Food and Fiber Abundance Week provides an opportunity to tell the story of agriculture, the story of "food-power." "Foodpower in the United States is a miracle of efficiency, the greatest secret weapon for peace and God's greatest blessing," says Parker. "Just imagine what the balance of power in the world might be today if the huge masses of people in such countries as Russia and Red China were not tied to the plows in the fields. What if they could put 95 percent of their manpower in munition factories, for example?"

Yes, we live in a great country with a great agricultural heritage. We have the best, safest and most wholesome food products offered to any civilization at any time. And we have all this for only about 16 cents of every dollar we earn.

We have an abundance of the natural fibers of cotton, wool and mohair for clothes and other fabrics, adds Parker. These fibers offer so many plus factors that nearly all synthetic include a percentage of them in their blends for wearing qualities, warmth, bright colors and consumer satisfaction.

"The next time you see a farmer or rancher, take a moment to tell him that you appreciate his efforts," suggests Parker. "Tell him that he's doing a good job and that you are proud of him."

Hunting Safety Points: Before hunting this fall, review safety rules and help prevent accidents. Hunting is one of the safest sports when the large number of hunters is compared with the small number of accidents. But even one accident is a tragedy for some family.

Duck Hunters Report Slow Start

AUSTIN—Duck hunters from across the state are reporting poor shooting, and things aren't expected to get better until some really nasty weather pushes the birds south across the Red River, according to Texas Parks and Wildlife Department officials.

Hunters in Northeast Texas report that the few and scattered ducks are flying high, and generally good weather in the area has boaters, watershies and fishermen on the lakes. This sort of activity has been spooking most of the ducks out of range.

On the Murpree Wildlife Management Area hunters had fair success on the first day of the public hunt there. The 164 hunters which showed up killed 700 ducks.

Things weren't so ducky down the coast. One 90-member hunters' club in the Rockport Area reported killing only 172 ducks during the first week of hunting.

Hunters are reported to be disappointed in the poor showing since most of them have a season under their belts with which to get the hang of the point system to determine bag limits.

Hunters may have one to 10 ducks in the aggregate based on the following 100 plus system. 100-point ducks—canvasback ducks and red-head ducks. 90-point ducks—mallard hens, New Mexican ducks, black

Also, consider wearing a shirt or jacket of daylight fluorescent blaze orange, Parker adds. It's the most visible color for hunters to wear in the field as it can be seen better under more varying light conditions than any other color.

As harvest operations are completed, producers in Runnels County will be plowing under the crop residue and preparing the land for next season's crop. However, the soil should not be worked with heavy equipment while it is wet to avoid plow pans, says County Agent Parker.

Plow pans are compacted zones in the soil that may form as a result of the compressing action of cultural implements on wet or overly moist soils. Medium and moderately fine-textured soils are particularly susceptible to this hazard. Plow pans can seriously reduce soil productivity by restricting root penetration and the downward flow of water in the soil.

Plow pans become a problem most often when a field is plowed to the same depth with the same type of tillage implement for several years, points out Parker. Therefore, he advises that the depth of tillage and type of plow be varied from year to year.

If producers have experienced problems with plow pans in some of their fields, the soil's physical conditions can be improved temporarily by deep subsoiling and chiseling. But preventing the plow pan from developing in the first place by good soil, crop and residue management is a much more effective and economical practice.

SHORT SNORTS

Atlantic Richfield Foundation gave Texas Conservation Foundation \$5,000 (its first major cash gift) to buy and preserve public lands.

The 26th amendment to the U. S. Constitution lowering the voting age will have enfranchised 664,646 new Texas voters by November, 1972, according to the University of Texas population research center. Projections see a total of more than 1.4 million young Texas voters who were not old enough to vote in the 1968 general election. A \$23.3 million textbook order, largest in history, was placed last week.

VACCINATION OUT

Compulsory vaccination for smallpox has been lifted by the State Board of Health as a requirement for entering school. Required immunizations effective next January 1 include for grade school pupils diphtheria, tetanus, poliomyelitis, rubella and measles (if the child hasn't had measles). The U. S. Public Health Service recently held compulsory smallpox immunization is no longer necessary in the U. S. since risk of the disease is so small here. Last known cases were in 1949 in the Rio Grande Valley.

20-point ducks — mallard drakes, mottled ducks, pintail hens and ring-necked ducks.

10-point ducks—All other species except black-bellied tree ducks and fulvous tree ducks.

The daily bag limit is reached when the point value of any duck taken is added to the total point value of all ducks already taken that day reaches or exceeds 100 points.

One fully feathered wing must remain attached to dressed ducks while being transported between the place taken and the personal abode of the possessor or between the place taken and a commercial preservation facility.

STATE CAPITAL HIGHLIGHTS

By BILL BOYKIN, Texas Press Association

AUSTIN—Hearings of major interest to insurance policy holders are scheduled here December 8.

The State Board of Insurance slated for that date public airing of new regulations to prevent insurance companies from arbitrarily cancelling coverage and a proposal to lower auto policy rates through "shock-absorbing" bumpers.

Allstate Insurance Company of Illinois recommends a 10 per cent premium discount for new cars equipped with the tough bumpers beginning next year. Rates would be reduced to 15 percent if cars can be demonstrated to take a five-mile-per-hour front-end crash and a two-and-a-half-mile-per-hour rear end wallop. Rates would drop 20 percent if the bumpers can absorb a five-mile-per-hour blow fore and aft.

New federal regulations call for the shockabsorb bumpers with five mph (front) and two-and-a-half mph (rear) capacity by 1973 models.

Proposed regulations would prohibit cancellation of hazard and liability insurance which has been in effect 60 days or more unless holders fail to pay premiums or lose a driver's license (auto coverage).

Under the rules to be examined at the early December hearing, companies would have to give at least 30 days written notice if they do not intend to renew a policy at the end of a year. Unless the notice is given, renewal would be required for another year. Firms which violate the rules could lose their licenses to operate in Texas.

The latter regulations resulted from special legislation passed this year following repeated complaints of motorists who claimed policies were cancelled without advance notice. A hearing was scheduled earlier for December 7 to consider all aspects of problems in operating the new catastrophe property insurance pool in 14 coastal counties.

JUKE BOX HEARINGS SET

The new Texas Vending Commission decided to air its problems in a series of seminars over the state after being hit with criticism over the regulations it must enforce. Atty. Gen. Crawford C. Martin suggested a Commission-led seminar discussion of the coin operated amusements machine industry and pertinent laws. Meanwhile, State Sen. Chet Brooks of Pasadena called on Gov. Preston Smith to remove Raymond B. Williams of Dallas, a vending machine tycoon, as chairman of the Commission. Smith noted the law provides for three industry representatives to serve on the Commission, and said it is too late to remove Williams. Williams said he has no intention of resigning.

The House General Investigating Committee material concerning the vending industry controversy and Chairman Rep. Menton Murray of Harlingen has indicated a probe may be directed at a later meeting. Commissioner Williams and the other two industry representatives vowed publicly they will not use their official positions to get information about their 2,800 competitors from Commission files.

PAY RAISES ORDERED

The state proposed to begin the last half of this month granting state employees and school teachers pay raises approved by the Legislature unless stopped by the Federal Pay Board.

Governor Smith said an application has been sent to the Pay Board requesting permission to make retroactive raise payments to September 1 when the new state budget took effect.

The Pay Board set a 5.5 per cent salary increase guidepost on expiration of the wage-price freeze. The Legislature approved a 6.8 per cent pay raise for state employees. Texas was the only state government in the country blocked by the freeze from employee pay raises this year. Hikes in other states took effect before the president's order.

AG OPINIONS

"Surge" brakes for small trailers (such as those used in hauling boats) will meet the new requirement of central braking systems for trailers, Attorney General Martin held.

In other recent opinions, Martin concluded: —Counties are responsible for damages inflicted by reserve deputy sheriffs or constables to persons or property, but they are not liable for injuries to the reserve officers.

—A local option election to legalize liquor sale cannot be conducted in a new Randall County precinct because it has

not been in existence 18 months.

—The State Comptroller must transfer to the Texas Vending Commission all records and memoranda needed in enforcing coin-machine license fee requirements.

—Counties are not authorized to contract with cities for the municipal tax assessor-collector to assess all property for tax purposes, but can contract for appraisal or assessment recommendations that do not abrogate the county tax assessor-collector's constitutional duties.

—School districts may purchase liability insurance for employees who are exposed to individual liability in their duties, but may not buy policies protecting others against tort claims for bodily injury and property damage.

—No certificate of authority can be issued to an automobile club whose services constitute an insurance business.

APPOINTMENTS

Hugo H. Lowenstern, Sr., of Amarillo, John McKee of Dallas and Hulen Marshall of Houston were appointed by Governor Smith to the Committee on State and Local Tax Policy. Smith named William M. Streckert of Brownwood and Morris E. Bailey of Amarillo to the Texas State Technical Institute Board of Regents.

He appointed Robert J. Long of Austin to the Lower Colorado River Authority. First Court of Civil Appeals Associate Justice Phil Peden of Houston and Austin attorney Robert C. McGinnis were named to the State Judicial Qualifications Commission, and District Judge R. C. Vaughan of Sherman was reappointed.

Governor Smith made official his 18 appointments to a Commission on Intergovernmental Relations. Dr. James H. Granberry of Lubbock and Mrs. Holt Atherton of San Antonio are co-chairmen of the Texas delegation to the Southern Republican Conference.

Earl Luna of Dallas is new State Democratic Executive Committee counsel.

COURTS SPEAK

A state law declaring desecration of the flag a felony was upheld by the Court of Criminal Appeals in a Dallas case where a 20-year-old flag burner got a four-year prison sentence.

The Court's opinion called such acts "an invitation to violence and said they are not protected by constitutional guarantees of free speech.

The State Supreme Court said it had no jurisdiction in a damage case involving a contractor's suit for damages over failure of metal rods used to raise the "top house" of the famous Tower of the Americas in San Antonio to its lofty place.

HEALTH COLUMN

No Smoking In The Sedan Chair

An electric chair to measure how much the lungs heal when a smoker quits? Sounds improbable. But it exists.

At the University of California's San Diego Medical School, researchers have set up a box they describe as a modern sedan chair with a glass door. A breathing tube is in the box as well as \$10,000 worth of electronic equipment. All a person does is sit inside and blow into the tube. Lights on a computer board indicate the amount of resistance in the lungs.

Resistance is the amount of blockage that takes place in the lungs and the bronchial tubes because of smoking. The resistance changes when smoking stops. "The device will have the same effect on a smoker as a scale does for someone on a diet," said Dr. G. M. Tisis, head of pulmonary research at the Medical School. "It shows what goes on inside the lungs when you give up smoking."

The pilot project is funded by the Smoking Research organization of San Diego and involves 30 university hospital employees who are trying to quit smoking.

Just one cigarette slows down the cilia, the tiny hair-like structures that keep your lungs clean and ward off infection. Years of smoking wipe out the columnar cells as well as the cilia attached to the cells. But after a few months of not smoking—if the disease process is not too advanced—the cells and cilia reappear and help keep the lungs in good working order.

Your local tuberculosis and respiratory disease association does not have an electric sedan chair, but they can tell you about breathing tests and some ways to try to quit smoking. Christmas Seals support all kinds of antismoking activities.

Whooping Cranes Return To Texas

Fifty of the world's rarest birds have safely reached their wintering area on the Aransas National Wildlife Refuge, it has been announced by Regional Director W. O. Nelson, Jr. of the Bureau of Sport Fisheries and Wildlife.

Forty seven adult and three juvenile whooping cranes have made the 2,000 mile flight from the breeding ground in Wood Buffalo Park in northern Canada according to results of the latest aerial census of the Gulf Coast sanctuary.

Based on past years records, there is no reason to be pessimistic about the present count, said Nelson. Fifty seven birds went north last spring, he said, but it is normal for late arrivals to come straggling in to the Aransas National Wildlife Refuge until the end of the second week in December. Typically, family groups of whoopers cannot make the long flight as rapidly as the adult birds can when not encumbered by the more slowly travelling youngsters.

Bird watchers all over the world watch for the fall arrival of this rarest of all rare birds, and rejoice at the slightest increase. The whoopers have staged a dramatic fight against ex-

Deer Poacher Pulls Boner

AUSTIN—You don't have to be absent-minded to get caught poaching, but it helps.

A West Texas deer poacher probably pulled the boner of the year this week when he put the head and hide of an illegally-killed deer in a cardboard box and discarded it in a Reagan County dump.

He might have gotten away with the crime except for a minor flaw—the box had been used to mail something to the poacher and was inscribed with his name and address.

It didn't take much sleuthing by Texas Parks and Wildlife Department game management officers to catch the violator.

The best boner of 1970 probably was by an archer who illegally shot an alligator while hunting on the Aransas National Wildlife Refuge.

tion, and have increased from a low of 15 birds in 1941 to last spring's high of 57. The next three weeks to a month will bring the answer for 1971—whether the whoopers show another very slight increase in numbers, or whether they have suffered a setback again as they often have in the past, according to Nelson.

Lone Star Gas Sets Regular Quarterly Dividend

Directors of Lone Star Gas Co. of Dallas has declared a regular quarterly dividend of thirty-four cents per share of common stock.

The dividend which is payable December 6 to shareholders of record November 19 follows reported record earnings of \$2.15 per share for the 12 months ended September 30. Earnings increased 9 percent over \$1.97 earned over a similar period a year earlier. Net income was \$31,572,000 on slightly higher operating revenues of \$262,945,000.

During the quarter, Lone Star announced the commitment of \$2.12 million to an exploratory drilling program in the Canadian provinces of Alberta, Saskatchewan and British Columbia.

In another move the company recently acquired Mobile, Inc., and Mobile Well Service, Inc., companies engaged in the maintenance and service of gas and oil wells. The acquisition involved an exchange of 116,500 shares of Lone Star common stock.

You can always tell when a man is well informed. His views are very much like your own.

Blizzards Close Football Season With 20-14 Victory Over Cisco

The Winters Blizzards closed out the 1971 football season Friday night with a 20-14 victory over the Cisco Lobos. The win brought the season record to 7-3 for Winters and a 5-2 district record.

Quarterback Steve Tatom scored first for the Blizzards on an 88 yard run. Lee Choate's kick was good, and the score was 7-0 early in the first quarter. It didn't take Cisco long to retaliate with a score of their own—a pass covering 22 yards. The kick was good, for a 7-7 score. Winters went to work on their own 20 yard line following Cisco's kickoff and moved to Cisco's 44 yard line, while accumulating three first downs on carries by Choate, Jerry Mack Jackson, and Fred de la Cruz. Then Cisco reclaimed the ball on a pass interception; the Blizzards defense held, but Cisco's punt was fumbled, and the Lobos still had the ball, this time on the Winters 20. Ervin's pass picked up 12 yards to the Winters 8, and the Lobos picked up two more on the ground, but on the next play Billy Ray Grant intercepted the pass in the end zone and returned it 104 yards for the second Blizzards score.

Choate's kick was good, and it was 14-7.

The Lobos were contained by the Blizzards defense in the second quarter, managing only one first down in that period. Jackson scored for Winters on an 11 yard run around left end. The attempted two-point conversion failed, and the score at half-time was 20-7.

The Blizzards played the second half without the services of de la Cruz and Rickey Mathis, and Choate was in the game only on two occasions for punting duty. Jackson had to carry much of the offensive load for the Blizzards, with aid from backs Oscar Torres and Rex Pritchard. The Blizzards moved the ball effectively but not with enough consistency to mount a scoring drive. Cisco made one touchdown in the quarter—on a 21 yard pass; their kick was good for a 20-14 score.

Late in the fourth quarter Winters had to punt to Cisco, and the ball took a Winters bounce to the Cisco 31. On third down Ervin unloaded for a 50-yard completion. The Lobo quarterback was thrown for losses on the next two plays, and when he did get to pass a-

gain on third down, Blizzards Grant was again waiting and made his second interception of the evening. All the Blizzards had to do then was pick up one first down—on three carries by Jackson—and allow the clock to run out on their season-closing victory.

Salvation Army Drive Nears End, Quota Not Met

The annual Salvation Army Fund drive, which began some time ago, is nearing completion with contributions thus far totaling less than half the \$1200 goal set at the beginning of the drive.

Manuel Esquivel is campaign chairman this year. He has requested that all workers who have not turned in reports to do so as soon as possible. A total of \$522 had been turned in to W. M. Hays, treasurer for the Salvation Army unit here, Esquivel said, and it was felt that more would be added when all the reports are in.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Dick McNeill of Waianae, Hawaii, announce the birth of a daughter, Lynn Ann, born November 13, 1971. The baby weighed 5 pounds, 3 ounces. Dick McNeill is a Petty Officer Third Class in the U. S. Navy, stationed in Hawaii. Maternal grandparents are Mr. and Mrs. Fred Morrison of Eldorado; paternal grandparents are Mr. and Mrs. John McNeill of Wingate. Maternal great-grandparents are Mr. and Mrs. C. R. Knight and Mrs. W. W. King of Winters; paternal great-grandparent is Mrs. Ira McNeill of Wingate.

TO CALIFORNIA

Mrs. Lora Coupland left Thursday of last week for a two-months visit with her sister and brothers in Los Angeles, Calif.

MRS. DAVID GRAY

Betty Jean Herrington, David Gray Married Saturday In Jacksonville, Fla.

In ceremonies in Jacksonville, Fla., at 5 o'clock Saturday, Nov. 13, Betty Jean Herrington of Jacksonville, became the bride of David Preston Gray of Winters.

The bride is the daughter of Mrs. Charlotte A. Hurst of Jacksonville, and Mr. Jesse L. Herrington, of Jacksonville. The bridegroom is the son of Mr. and Mrs. J. C. Wallace Gray of Winters.

The Rev. Robert H. Reitinger performed the double ring ceremony, before an altar decorated with candelabra, ivy and white and red roses.

Mrs. Willard Fowler, organist, played "Oh Promise Me," "Eternally," "A Time for Us," and "Somewhere My Love."

Miss Beverly Akins of Jacksonville was flower girl, and ring bearers were Masters Jeffrey Edenfield and Darin Toole, of Jacksonville.

Mr. Marshal W. Reeder of Livingston, Tenn., was best man, and Mr. Carl Henry Mills and Mr. Michael M. Herrington, both of Jacksonville, were ushers. Groomsmen were Mr. Joseph Willich of Cleveland, Ohio, and Mr. Robert Ashmore, of Orange, Tex.

Matron of Honor was Mrs. Richard Toole of Jacksonville, and bridesmaids were Miss Barbara Mahlich and Miss Carol Dyal, both of Jacksonville.

The bride's attendants wore dresses with ruby velvet bodices and pink skirts, and carried long stemmed red roses, and wore pink lace veils.

FB Members To State Meeting In Amarillo

Runnels County Farm Bureau is being represented at the 38th annual convention of the Texas Farm Bureau in Amarillo, from November 14-17th.

Those from this county attending the Amarillo meeting include: Mr. and Mrs. Chester McBeth, Mr. and Mrs. LeRoy Pelzel, Mr. and Mrs. Doyle Condra, Mr. and Mrs. Ben Freich, and Mr. Carl Gottschalk.

Some 2,000 County Farm Bureau leaders from all over Texas are attending the annual meeting where Texas Farm Bureau policies for 1972 and recommendations to the American Farm Bureau Federation on national issues will be formulated by some 900 voting delegates from the 206 organized County Farm Bureaus.

Highlights of the convention will include a vesper service, young people's activities — a Discussion Meet, Talent Find, and Queen Contest — addresses by TFB leaders, a national Farm Bureau leader, and a well-known educator, a voting delegates' breakfast, special conferences, a banquet, a dance and the annual business session.

The convention began with a vesper service on Sunday evening, Nov. 14, followed by the Discussion Meet and Talent Find. Speakers at the Monday morning general session included TFB President J. T. Woodson, Executive Director O. R. Long, and William J. Kuhfuss, president of the American Farm Bureau Federation. Finals in the annual TFB queen contest were held Monday evening.

Special conferences on a number of topics of interest to Farm Bureau members held on Monday afternoon and Tuesday morning, Dr. Earl L. Butz, Dean of Continuing Education and Vice President, Purdue Research Foundation, Purdue University, spoke at the annual banquet on Tuesday evening followed by the annual dance.

The annual business session began at 10:30 a. m. Tuesday and continued through Wednesday, culminated with the election of seven directors and the president by the voting delegates.

Following a wedding trip to Disney World, Orlando, the couple are at home at 1110 Ciente Drive, Apt. 1, Jacksonville, Fla.

The bride is a 1969 graduate of Samuel W. Wolfson High School, and is attending Florida Junior College at Jacksonville. She is employed by the State Division of Family Services in Jacksonville.

The bridegroom is a 1968 graduate of Winters High School and is in the United States Navy, stationed at Mayport, Fla.

Following a wedding trip to Disney World, Orlando, the couple are at home at 1110 Ciente Drive, Apt. 1, Jacksonville, Fla.

City Sets Speed Limits During Highway Building

The City Council Monday night adopted an ordinance setting speed limits within the city limits, to be enforced during the period of reconstruction of Highway 83 (Main Street).

Reduced speed limits will soon be posted through construction sites by the highway contractor, and motorists urged to conform to those limits.

Stuff Your Turkey With Seafood

AUSTIN—Don't mess with tradition. Turkey and Thanksgiving go together, and that's that.

But if you were to try a variation on the theme with the turkey's stuffing, you'd probably be forgiven, especially if you used the recipes for oyster or shrimp stuffing offered by the Texas Parks and Wildlife Department.

Sure, those family stuffing recipes handed down from generation to generation are hard to beat, but seafood stuffings have a lot going for them too.

Both oyster and shrimp are in season this time of year so you'll probably come up with some quality delicacies.

The oysters you buy should be packed in a clear liquid. The closer the liquid looks to egg whites, the better.

The shrimp should be firm and meaty and small fresh.

When your family is through stuffing themselves on the stuffing, remove the remainder from inside the bird and store it separately in the refrigerator. This allows the bird and the stuffing to cool faster and lessens the possibility of spoilage.

Try one of the following recipes for your Thanksgiving feast this year and maybe you'll start your own family tradition:

- 1 can (12-oz.) oysters
- 1 cup chopped celery
- 1 cup chopped onion
- ¾ cup butter or margarine
- ¾ cups toasted cornbread cubes
- ½ cup chicken broth
- 1 teaspoon poultry seasoning
- 1 teaspoon sage
- Drain oysters. Cook celery and onion until tender. Add oysters and cook three to five minutes or until the edges begin to curl. Combine all ingredients and mix thoroughly. Makes approximately four cups stuffing, enough for a four-pound ready-to-cook bird.

Sense shines with a double luster when it is set in humility. An able and yet humble man is a jewel worth a kingdom.

WINGATE Father of Local Resident Killed In Auto Accident

Mrs. Wheat's daughter, Veda, was reported very sick following surgery last week, but was reported doing nicely Monday.

Mrs. David Bryan, Mrs. Jack Hall and daughter Jody were in Midland over the weekend, Jody and family are making their home in Midland.

Bub Phillips spent the weekend with Elward Rogers visiting in Presidio County and Old Mexico.

Mr. and Mrs. Pete Pold spent several days the past week in Lampasas on business and deer hunting. Pete bagged two.

In the Cloy Allen home over the weekend were Candy and Freddie, Karen and Bill and boys, also Monty, Christa and Baby Tina.

In the Walker Allen home visiting were Mrs. Allen's brother, Henry and wife Ruby from California, also Barney Bryant from Winters.

Visiting last week in the home of Bessie and Leonard Phillips and Flossie Kirkland were their nieces, Louise and Meta, also Demetra of Abilene and Mrs. Jack Boyce of Fort Worth. On Sunday their sister, Estelle Harding and daughter and family of Novice spent the day. Several friends called on them Sunday.

George Cathey is back in the Big Spring Hospital undergoing further treatment.

Ricky Dean and J. W. Hancock are still in the hospital in Abilene and San Antonio.

Visitors in the Edwin Voss home have been Mrs. Bill Harman and Miss Mildred Patton, Ervin Voss, and Mr. and Mrs. Vanner Voss. After dinner they visited Mr. and Mrs. Doyle Edwards.

HIGGINBOTHAM HARDWARE

Blizzard Band To UIL Marching Contest At Brady Saturday

The Winters High School Blizzard Marching Band, with about 32 other high school bands from Region VII, will participate in the University Interscholastic League Marching Contests in Brady Saturday, Nov. 20.

The Blizzard Band, under the direction of Kirke McKenzie, was a Sweepstakes winner in last year's contests, and will again be trying for that honor. Bands will be competing against standards instead of other bands and will be judged on sound, selection of music, alignment, body carriage and other fundamentals of marching and playing.

A Division I designates a superior rating, and bands winning this division receive a trophy. A Division II is excellent, and Division III, good.

The Blizzard Band marches at 3:30, again following the Brady High School Band—also a Division I last year—and will be the largest band marching in the contest. A large following of band fans from Winters will accompany the band from Winters.

The 1971-72 Blizzard band is considered a young band, with 49 freshmen, 35 sophomores, 29 juniors and 14 seniors.

Those who cannot make the

Tom P. Moore of Waco Candidate For State Senate

Tom P. Moore Jr., of Waco, has announced his candidacy for Senator of the 24th Senatorial District of Texas.

The 24th Senatorial District contains 13 counties, with Waco on the east, and Abilene on the west, and was recently created by the reapportionment commission.

THE WINTERS ENTERPRISE

trip to Brady are invited to watch the band march and review routines at 11:30 Saturday at the football stadium prior to leaving for the Brady contests.

Group Sponsoring "Adopt-A-Child" Project Here

A group of local women is conducting an "Adopt-a-child" project, and will provide clothing for five children of low income families. The project is sponsored through the Multi-Purpose Center in Winters.

The group met in the home of Mr. and Mrs. Gaston Boatright Thursday last week to make plans for the project. They also plan to collect and repair toys and other items to be distributed to low income families during the Christmas season.

Anyone wishing to donate clothing, sewing supplies, or toys to this project may contact Mrs. Billy Joe Emmert at the Community Action office, 110 South Main, Mrs. Gaston Boatright, Mrs. J. A. Hodges or Mrs. Garland O'Dell.

Put Leaves In Boxes and Bags To Haul Away

Winters householders may have their raked leaves hauled away if they are put in boxes or bags for ease in handling. Containers with leaves should be left in the regular garbage pick-up areas.

City Sanitation Department workers will not have time to load leaves from piles.

Residents also have been urged not to burn leaves and other trash at the curbs and on the paved streets. The heat of leaf fires destroys the body of asphalt paving, leaving holes in the pavement which are hard to repair, it was stated.

★ MOVIES ★

"The African Elephant" Cinema Center Films' "The African Elephant" captures on film the most penetrating look ever made into the Dark Continent, revealing in never-before-photographed-before sequences the awesome splendor, strangely beautiful and often violent ways of its wildlife world.

Simon Trevor, a former safari guide and game warden, spent thirteen months traveling to the remotest corners of East Africa to photograph dozens of rare animals for National General Pictures' release of "The African Elephant," which shows Friday, Saturday and Sunday at the State Theatre.

Accompanied only by his wife, Laila, and an African assistant,

Trevor spanned 3500 miles across the African bush on an expedition through Uganda, Kenya and Tanzania. Carrying only cameras and portable camp equipment (all are naturalists and refuse to carry guns, even in the face of danger) they managed to find rare and exotic sights for the Panavision and Technicolor cameras.

CARD OF THANKS

I wish to express my gratitude to all those who visited me during my stay in the hospital. For the cards, letters and special kindnesses shown, I thank you. —Mrs. Jimmy Hatler. 1tp.
