Not only have the home folks been thinking and talking about Winters' 85th Birthday Jamboree coming June 19, 20 and 21, but the planned celebration is getting attention from several parts of the country. We've heard from former residents who have seen the publicity about the event, and they're interested.

One former resident who has seen the pre-Jamboree picture page published in The Enterprise the past three weeks called last week to comment on one of the pictures. The call came from Mrs. K. W. Dawson, of Granad, a, Colo., who had seen an early day picture of her great uncle, John Jackson, which had been published. She is the former Dorothy Masrtin, daughter of Jim and Martha Martin, and was reared in Winters. After graduating from Winters High School in 1942, she asttended 13 colleges and universities, and has a master of physical science degree. She has been in the teaching field.

# Rains Slow Harvest

Every available combine had apparently been going full blast in North Runnels for several days, harvesting what is expected to be one of the best small grain crops this area has experienced in several years . . . until rains and high winds Sunday afternoon called a halt to everything.

Locasl elevators had been operating almost around the clock, in an effort to keep up with the farmers who were anxious to get this crop in before some kind of bad weather hit. Railroad sidings in Winters yards had more grain cars line up waiting to be filled than in many years, when everything came to a sudden stop.

Heavy rains, accompanied by ex-

#### Revival Begins At Southside **Baptist Church**

Dr. Virtus Gideon of Fort Worth, will be the evangelist in a revival meeting at the Southside Baptist Church, beginning Sunday, June 15, and continuing through June 22.

Luther Black of Clyde will direct the music for the revival. Mrs. W.D. Waggoner will be organist, and Mrs. Virgil James will be pianist.

The Rev. Virgil James, pastor of the church, said this revival is timed to coincide with the 85th Jamboree in Winters, and that everyone is invited to attend these services.

Weekday services will be announced Sunday.

The revival will begin with the regular Sunday service at 10:50 a.m., and at 6:30 p.m. Weekday evening services will begin with prayer service at 7:30 p.m., with preaching at 8 p.m.

Dr. Gideon is a native of North Runnels. He grew up in Wilmeth, is a graduate of Winters High School. Hardin-Simmons University, and South western Theological Seminary. He presently is a teacher at the

tremely high winds in most sections of North Runnels, drove harvesters out of the fields. Some small hail was reported, but high winds asre being blamed for damage to crops. Extent of the damage to grain crops could not be readily determined, and grain men and farmers expected it to be several days before any close estimaste could be made. However, it is thought that it will not be extremely high, in the big picture of North Runnels.

Severasl reports of tornato sightings Sunday afternoon were received, with one definitely confirmed at Wingate, when a barn and shed on the M. B. Folsom place at the edge of town was hit. No other reports of twisters actually touching the ground have been received, although several were said to have dipped out of clouds and return during the height of the storm.

Sunday afternoon's rain and windstorm was followed by another rain storm which hit widespread sections of North Runnels Monday night. Rainfall was reported spotty in both instances,

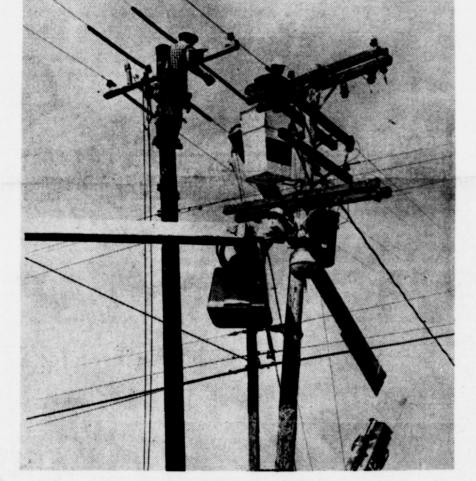

Approaching thunderstorms still were threatening North Runnels Tuesday night, but clear weather had been forecast for the rest of the week, and farmers expected, with favorable weather, to return to the grain fields within a few days.

#### **Masons Elect Officers**

O.J. Murray was elected worshipful master of Winters Masonic Lodge 743, at a regular meeting Thursday night of

Floyd Milliorn was elected senior warden, and B.D. Jobe, junior warden. Other officers elected were George Garrett, treasurer; John J. Swatchsue, secretary; and Dr. Z.I. Hale, tiler.

Installation of officers for the new Masonic year will be July 3.

AFTER COLLISION—Destruction seemed to mark the past weekend, with fire, tornadoes, and even the smashing of a utility pole by a truck. Workmen are shown transferring hot

high-tension wires from one broken pole to a newly-set plole on State Street Sunday morning. The original pole was snapped off near the ground when a large out-of-town trailer-truck was backed into it.

#### Tax Board To **Meet Monday** At City Hall

The board of tax equalization of the City of Winters will meet at the City Hall Monday, June 16, at 9 a.m.

The base assessment for the city will be raised from 50 percent to 75 percent for all property within the city limits, and the tax rate will be lowered from \$1.50 per \$100 valuation to \$1.20 per

The change in the tax structure will mean a 20 percent increase overall in taxes. City officials had pointed out that it had been several years since taxes were increased.

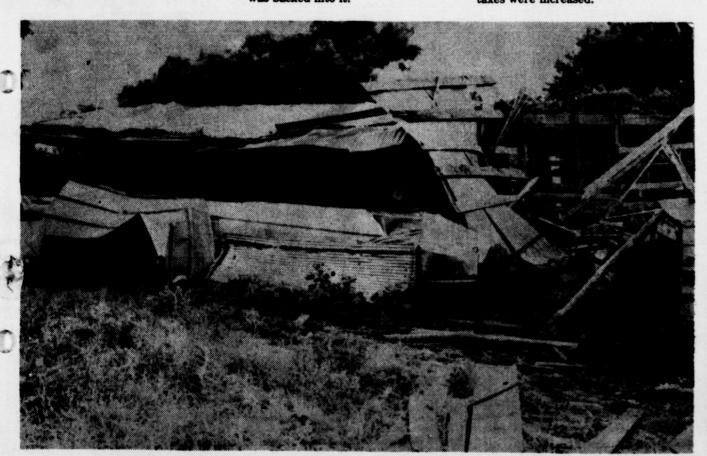

# "Go" For 85th Jamboree

All things are in readiness for the celebration of Winters' birthday, as the community prepares for the big 85th Jamboree, planned for next Thursday, Friday and Saturday, June 19, 20, 21.

The big three-day celebration begins Thursday at 10 a.m. with a "Temperance Parade" in downtown Winters, and gains momentum through the Firemen's barbecue Saturday, with many events in between.

Also opening at 10 a. m. Thursday will be the Antique Show, and the Arts & Crafts Show, to be in the Economy Food Building on West Dale. These displays will be open from 10 a.m. until 6 p.m. each day of the celebration.

The schedule calls for a bicycle race, a watermelon feed and square dance Thursday, in addition the temperance parade. Firday's schedule calls for the Junior Olympics preliminaries to be run at 4 p.m., a big hamburger supper from 6 to 8 p.m., sponsored by the Winters Lions Club, and a talent show at 8 p.m. Saturday will be a big day, with a horse relay race, free swimming, the big parade at 3 p.m., Junior Olympics at 5:30, and climaxed by a big barbecue beginning at 7 p.m. in the Community Center, sponsored by the Winters Volunteer Fire Department.

AFTER THE TWISTER-A tornado, birthed by the violent thunderstorms which struck North Runnels Sunday afternoon, carried away metal sheets from a shed on the M. B. Folsom place on the edge of Wingate, and did considerable damage to the building. The twister came close enough to the Folsom residence to break off a big tree a few feet away. Folsom was about seven miles away from his home, near Poe's Corner, when he spotted the twister. He quickly drove to the home of his daughter near Wilmeth, and stood and watched the tornado as it hit near his home. He said the twister covered a strip asbout 200 feet wide and was traveling northwest when it struck his place, then lifted off the ground between his place and the Mel Cathey home. Mrs. Folsom was at home at the time.

AFTER THE FIRE-Piles of ashes, mixed with twisted metal from household furnishings, were all thast was left after an early morning fire destroyed a house on the S. J. Brevard home just south of Crews Saturday morning. The fire was discovered about 7 a. m., it was stated, but the house was destroyed before fire apparatus from the Winters Volunteer Fire Department reached the scene. The house belonged to Mr. and Mrs. O. C. Fuller, who had lived there for some time before moving to Coleman. They still spent some time in the house, however. The house was build in 1956, according to Mr. and Mrs. S. J. Brevard, who lived there until 1964.

## Entries For Jamboree Parade By Friday

Cash prizes are being offered for floats and exhibits by clubs and organizations, and individuals, in the 85th Jamboree Parade, to begin at 3 p.m. Saturday, June 21.

The committee coordinating the parade has asked that all entries be in by Friday noon, June 20, so assignments can be made. The Winters Jaycees will direct the parade.

The famous Six White Horses of Hardin-Simmons University will lead the parade, which will include antique cars, commercial floats, riding clubs from several other towns, the Temperance League, and the Winters school bands.

Cash prizes of \$25, \$15, and \$10 will be given to the first three places judged in the clubs and organizations division of the parade. In the individual division, cash prizes will be \$10, \$7.50 and \$5. In the children's division, for ages 3 to 12, cash prizes will be \$10, \$7.50 and \$5. Plaques will be awarded to the top three commercial floats in the parade.

#### "We Want To Close Saloons!"

Mrs. Homer Hodge, who is heading the committee preparing for the "Temperance Parade" to be held next Thursday, the first day of the three-day 85th Jamboree celebration, has issued the following appeal to other

ladies of the town and community:

"If you are concerned about the well-being of your children and husbands, on days 19, 20 and 21, of June, 1975, please join forces with an already organized group known as the Winters Temperance League, and protest with such league on above dates."

Additional information may be secured at telephone numbers 754-5338 and 754-5210.

"We must be urgent in nipping in the bud a strong movement of Satan that has already sought secret harbor in our City and would entice and allure in a devilish way, innocent people of our now peaceful community!"

Members of the Temperance Committee announced that refreshments probably would be served following the Temperance Parade, which begins at 10 a.m. Thursday, June 19.

#### Some Taylor Co. "Loot" Said To Be From N. Runnels

Several of the many items of alleged stolen property recovered by Taylor County law enforcement officers last week have been identified as that taken in burglaries committed in North Runnels earlier in the year, Runnels County Sheriff's Department Deputy Johnny Wilson of Winters said this week.

The many items recovered by Taylor County officers were identified by officers of several counties in the Big Country, it was stated. They were recovered from three locations in Abilene last week.

Deputy Wilson said some jewelry, clothing and other items, which were taken from the home of Mrs. Myra Dorsett, had been identified from the pile of goods recovered. There still are many items taken in that burglary

#### Encouraged To Wear Costumes During Jamboree

To create an atmosphere of celebration during the 85th Jamboree, June 19-21, the Chamber of Commerce committee for the event has asked that everyone dress accordingly, if possible.

Personnel of many businesses will be wearing long dresses, and perhaps old hats and old fashioned shoes. Men are asked also to wear old fashioned hats, braces, and pioneer-dated clothing.

which have not been recovered, he

Wilson said some items taken in a burglary of the R.R. Merrill residence, on January 6, had been identified at Abilene, also. The Merrills lost a watch, ammunition, trading stamps, and several other items.

The Runnels County deputy said that Wiley D. Hearn, 24, of Abilene, and Jack Frost, 28, also of Abilene, are being sought in connection with burglaries in the wide area, and will be charged with theft.

rundown on some history. Her mother was the former Martha Peterson, daughter of Mr. and Mrs. Jerome Peterson. Mr. Peterson was one of five men killed by lightening while on a trip to far West Texas in the early days. Also killed was Jerry Ritch, father of Mrs. Lora Coupland of Winters. An account of that incident was written by Charlsie Poe of Winters about two years ago, and was published in Frontier Times magazine.

Mrs. Dawson said she would like to be in Winters for the Jamboree, but was afraid it would not be possible. She extended an invitation to all her old friends to visit her at Granada, however, if they happen to be in the vicinity.

families had moved into the fertile farming country of the Winters area, calling it the Bluff Creek Valley. In 1886 they were joined by eight more families including the C.N. Currys, Randall Davises and John T. Browns.

It wasn't until 1889 that any definite steps were taken to organize a towr when J.N. Winters, land agent, of Runnels City while helping to develop the country, contributed the land for some public buildings. A one room school house was erected just north and across the street from the present First Baptist Church. It was the building also used as a town meeting house and the first teacher was Arch Cochran. Later an upstairs was added and used by the Masonic Lodge.

A general mercantile store and combination post office was built in the vicinity of the

Winters Variety Store by a Mr. Platte. He sold to McDonald Townsend, calling McD. father of Mrs. Tom Smith, the following year. First Doctor

The town's first doctor was Dr. Robert Cooke, father of Mrs. C.L. Graham, who moved with his family from Whitewright in 1889, building his home and office just north of the present Higginbotham Lumber Company, about the middle of the block on Main Street. He sold to Dr. Rhuebottom in 1894.

In January of 1890 the town named with citizens voting by ballot on two names, that were under consideration, Winters and Wintersville. Winters was chosen. On March 22, 1890, the first church of the community was organized, the Bethel Baptist, now known as First Baptist. There were 18 charter members with J.W. George as pastor.

Another group met in the school building on August 2, to organize the First Methodist Church with Rev. George D. Wilson as pastor. Among

They had a family of one son Mr. Winters was born near ning at Sulpher Springs, and and four daughters, Jet, C.,

## Cowboy Suggested Name for New Town

suggested by a young cowboy named John Mackey, who came west from Georgia, leaving home on March 12, 1889, with his railroad ticket and \$10 in his pocket.

Working on a ranch near Paint Rock for \$20 a month, he saved his wages and rented 30 acres of land west of Winters, now part of the Pruser farm. Using a team of oxen it took him a month to reak the sod land and with

his wages he bought a span of

Hauling lumber to build the first school house, he also sawed the lumber and helped to build it. When the building

was completed, someone asked "What shall we name the school?" and he replied, "Winters," after a well-known rancher and land agent.

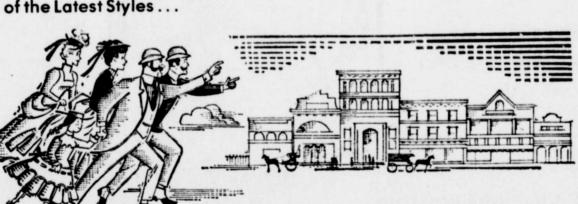

His interest in ranching took him to Big Spring,

Slaughter Ranch. He was married there to Carrie Mc-Camey in 1894, and they homesteaded Texas school land. Their first home was part dugout.

In 1896 Mr. Mackey moved his family to Norton where he bought land on Oak Creek for \$5 an acre. He lived there until his death on June 6, 1964, in the Winters Hospital, at the age of 94.

HEIDENHEIMER'S has been in Winters 38 years and styles have changed considerably since we have been here...but we endeavor to keep abreast of the times in order to offer our friends and customers the Best of the Latest Styles . . .

We are proud to have been in Winters during these many years of growth and development .... and eagerly look forward to future decades of progress.

# No Townsite In Early Days

The City of Winters is unusual in that it never had a town site, or one that was designaed as such. The first record from the Texas Land office in Ballinger is of the J. W. Murray addition laid out on Oct. 30, 1899.

Although it was not recorded, there had to be a townsite before there could be an addition, and many additions have been added through the years.

Winters began to grow about 1900, an early visitor recalls. There was a bumper cotton crop that year and the Murray gin ran day and

Every man who wanted to work helped build stores and residences. Main street was the public road, unpaved, from Ballinger to Abilene.

Dale Street was laid off and new stores were built on each side of the street, and new houses sprang up here

The first Murray addition included the present Winters State Bank and some land north and south. Murray West which included two blocks and Murray East were added on April 12, 1901. Murray East was a large addition which included land where the present Bahlman Jewelers stands.

The town continued to grow, and the Pierce and Spill additions were laid off in 1906. The following year, Dale West Addition and School Addition were annexed to the

1908 seems to have been a record year, for there were six additions, including Dale, Quality, Heights, Dale and Armbrecht tract on Dec. 16. and the last was the large

Armbrecvht tract on Dec. 16. Mrs. August Spill, the former Lena Armbrecht, said her father sold the city 100 acres of his farm which

also included the Northview Cemetery, which was the first cemetery.

Townspeople and visitors alike were exuberant on that day in 1909 when the first train ran, and bought lots in the new College View Heights Addition with abandon, expressing their faith in the up-and-coming city. Many of them failed to leave addresses, or they were lost, and some never returned to claim their property, which caused many headaches over the tax rolls for years.

WEDDING IN HOTEL

Ed Dickinson was County Surveyor for Runnels and Coke counties, and moved his office to Ballinger but retained his residence at Runnels City. The wedding of his daughter, Gertrude, to Vermont Van Zandt on Jan. 25, 1920, was the last wedding to take place in the parlor of the Runnels City Hotel.

### Dinner Was 25°, Room Was 50°

All the fried chicken and hot biscuits you can eat plus whipped cream for your coffee three times a day for 25 cents a meal.

This isn't a dieter's dream, but was an actual reality at the City Hotel in Winters for eleven years, from 1908 to 1919. This first hotel in town was torn down in 1957 to make room for a service station operated by Roy Young, and presently operated by Virgil Awalt, on North Main Street.

The hotel was built in 1906 by Rev. W.I. Dunn, a Baptist preacher. The late Mr. and Mrs. J.W. Huffhines bought it in 1908.

The Huffhines always kept four cows and had plenty of milk and butter for their table, getting up at 4 a.m. to milk. They served fresh vegetables from their own garden but bought the chickens at 25 cents a piece. They served turkey twice a week, on Wednesday and Sunday.

The slicing of meat was all done by Mrs. Huffhines. A hindquarter of beef was bought from a truck twice a week. Other meat was supplied by the local meat market. In addition to fried chicken three times a day, there was ham and bacon for breakfast, roast for dinner and steak for supper.

With no bakery in town, bread was baked twice a week to provide toast for those who wanted it. Cakes and pies were baked every Saturday and ice cream was served on Sunday, made with a hand turned freezer. A large bell was rung to call people to meals

people to meals.

The original hotel faced south, but when the prohibition election came on in 1908 and the town was filled with pros and antis, the hotel was enlarged to accommodate the crowds. Four rooms were added downstairs and six upstairs. No one remembers any fights but a lot of

A small house called the "sample room" was built south of the hotel where "drummers", as salesmen were then called, could show their merchandise. The drummers came in big hacks with drivers to take care of the horses. After the railroad was built in 1909 they came on the train bringing as many as 20 trunks each.

Hotel business was good in those days. The Huffhines paid for the hotel and the improvements and had saved \$1,000 in 11 years by serving meals at 25 cents and charging 50 cents a night for a bed. Many mornings they took in \$100. Later the food charge went to 50 cents a meal.

Mrs. Huffhines kept a girl to help in the dining room but girls were not accustomed to working out and refused many times because they thought they were degrading themselves. There was no laundry in town and the family did the washing on tow machines, having a hundred sheets on the line by sunup in the mornings.

The hotel was always rushed trying to care for the crowds. There was a lot of cotton raised here and a lot of money changing hands. A new gin was built evey year until there were 10 and they would have to run all night. Ginned cotton was carried to a yard west of the railroad and cotton buyers came from everywhere. They cut, sampled and bought from the yard.

Few women ate in the hotel in early days. If country women came to town with their husbands they and the children ate fruit or did without. It was thought too expensive for them to eat at the hotel but the men always came.

#### **First City Council**

These men took the reins of government as the first City Council when the City of Winters was incorporated in 1909. This was the same year the railroad came to town. Seated, left to right, J. T. Brown, H. L. Chapman, Councilmen; J. W. Copeland, Mayor; W. J. McFarland, Secretary. Standing, Mr. Cogdell, Councilman; A. K. Doss, City Attorney; C. Kornegay, D. E. Bartlett and W. H. Rodgers, Councilmen.
