SERVING LINE—Shown are just a few of the more than 850 persons who were served at the annual barbecue sponsored by the Winters Livestock Association Monday evening in the Community Center. The barbecue signaled the

end of a successful membership drive conducted by the association. F. O. (Phil) Anderson, secretary treasurer of the association, said membership rolls have hit a record high.

Cable TV Project "On Schedule"

Stringing of "strand" or supporting cable to support coaxial television cable was about three-fourths complete last week, according to Frank Settle, of San Angelo, manager of Texas Cablevision, and installation of the tv cable should be completed by the end of November.

A building to house the receiving equipment and over which the receiving tower will be built has been completed, and Settle said part of the tower should arrive in Winters this week and construction started.

Settle said it is hoped that some

viewers will be on the cable by Christmas. Cable viewers will be connected by sections, he indicated, and hopes are that the planned schedule will be met, that the service will be available to all by the first of the year, or shortly thereafter.

The Cablevision manager said Winters residents will receive notices sometime in November, and those who wish to sign up for the service will be given an opportunity to do so.

Jim Jennings of Ballinger will be the local representative for Texas Cablevision.

Blizzards Host Anson Friday

The Winters Blizzards, 0-5 in district 6-AA, will host the Anson Tigers Friday night, playing their last game of the season. Winters' off week is the last week of district activity; the other six teams have one more week to play.

Anson occupies the No. 2 spot in the district standings, with one loss, behind Ballinger. These two teams will

meet next week. If Anson can take Winters Friday night, next week's Ballinger-Anson contest will decide the issue for the district championship.

Anson and Winters had only one common opponent in pre-district competition—Clyde. Winters lost 33-0 to Clyde in the season opener, and Anson took Clyde 20-6.

To Break Ground Nov. 14 For Housing

Ground will be broken November 14 for the new private-enterprise rental housing project to be constructed here by the Bright Company of Fort Worth, Roy Clark, president of the company, announced Monday.

Special ground-breaking ceremonies will be held at 10 a.m. next Friday, on the site north of Huffman House, Clark said. Construction will begin immediately, he said.

The two-section project, with six two-bedroom rental units in each, will be privately built, financed through the Farmers Home Administration, Clark said.

In District 6-AA contests, Anson won 28-24 over Hamlin, 19-6 over Stamford, and 12-0 over Colorado City. They lost 15-14 to Coahoma.

Winters, in district, lost 35-7 to Ballinger; 59-8 to Hamlin; 37-8 to Coahoma; 31-14 to Stamford; and 7-6 to Colorado City.

'Burger Supper

Directors of the Winters Chamber of Commerce will sponsor a hamburger supper Friday evening, Nov. 7, before the Winters-Anson football game.

The supper will be held at the school cafeteria, and serving will begin at 5 p. m. and continue until 7 p. m.

Tickets for the hamburger supper may be obtained at the door.

City Received \$951 In Sales Taxes

The City of Winters received only \$951.23 for the payment period in sales taxes, returned by the State Comptroller of Public Accounts, one of the smallest payments to be received.

Comptroller Bob Bullock said \$14.2 million to 824 Texas towns and cities for their monthly October city sales tax rebates had been mailed.

October payments were smaller than the previous month's. Bullock said this is because the September checks included receipts carried over or coming in late from the last round of quarterly tax payments sent in by merchants.

Local Voters Against New Constitution

Runnels County voters definitely were against a proposed new State Constitution, as they went to the polls Tuesday to vote on eight articles which would cancel the present Constitution, which was adopted in 1876... and which

has been amended many times. Every article which was presented on the ballot for consideration by the voters was soundly defeated by Runnels voters. (See Vote By Box, Pas

C-C Directors Are Elected

Five new directors for the Winters Chamber of Commerce were elected recently by the membership of the organization, in postcard balloting.

The incumbent board met Tuesday evening and canvassed the returned postcard ballots.

Named as new members of the board were Dr. Jimmy Smith, DVM, Margaret Bell, Louis Johnson and Mrs. Freddie Bredemeyer and the Rev. Mel

Swoyer. These new directors will take office January 1, for two year terms.

Holdover directors are Bill Graves, Gary Pinkerton, John McAdoo, Lanny Bahlman, Mrs. LaDell Davis, Phil Harrison and Mrs. Milton Gerhart.

The board will meet early in December and elect officers and organize for the new year beginning January 1.

Blizzard Band: Another First

The Winters High School Blizzard Marching Band Saturday won a First Division rating in marching contests at Brady, the first of three steps toward a Sweepstakes award. Sight reading and concert contests will be held next spring.

Winters was one of five Class 2-A schools to win First Division ratings. Only one 3-A school, Lampassas was judged First Division, and Gorman was the only Class B school to win the First Division rating.

In addition, twirlers of the band participated in twirling contests, and brought home eight gold medals and three bronze medals.

Individuals winning First Division in solo twirling were Karen Mostad, Kathy Fenwick, Becky McKnight, Donna Carroll, Cathy Colburn, Christi Spraberry, Ida Ortegon and Sherri Akeman. A twirling trio, Karen Mostad, Kathy Fenwick and Becky

McKnight, also won a First Division rating.

The show presented by the Blizzard Band, in a patriotic theme, drew favorable comments from judges and spectators alike. One of the judges, Ron Smith of Monahans, said that the show "was a knock-out, and very entertaining." All the judges commented on the band's discipline and "mature" sound.

Following the Winters band's performance, the several hundred spectators gave them a standing ovation lasting for at least three minutes.

Band Director Kirke McKenzie said this was the seventh consecutive First Division in marching a Winters Blizzard Band has won.

Director McKenzie said the band will concentrate on practice for the November 22 All-District band contests to be held at Llano.

POE'S CORNER
BY CHARLIE POE

Bluff Creek was an early settlement in South Taylor County that contributed much to the development of Runnels County for the settlers came as far as Winters, a distance of 20 miles, to church and to shop.

All that remains of the pioneer village is the Bluff Creek Cemetery on a peaceful hill surrounded by Cedar trees and oil wells. Many of the Drasco people are also buried here as Drasco never had a cemetery.

Mrs. Ella Goble, 610 W. Daie, one of the trustees of the perpetual care program that has recently been established for the maintenance of the Bluff Creek Cemetery has a special interest in the project as her parents and three of her four brothers are buried there, and she expects to make it her final resting place.

The oldest marked grave in the cemetery is that of William H. Hittson, a mason, who was born in 1819 and died in 1879. The land was donated for a burial place by Press Brewer and no charge has ever been made for lots, said Mrs. Goble.

Mrs. Goble recalls the early history that her father, Major Griffith, related to her, as well as she remembers.

Mr. Griffith had three names: Major, Ellis and Ringgold, and was called by his first name which people

Mrs. Goble was born at Bluff Creek in 1887, and recalls that the county settled slowly. Her first visit to Winters was when she was 12 years old, and there was only one house between there and town. "We were all poor," said Mrs. Goble, "and the neighbors helped each other. We raised feed and a little cotton. And we sold a lot of wood, post oak and Spanish oak, mostly to Drasco people."

There were enough children for a two-teacher school at Bluff Creek and all of Mrs. Goble's secondary education was received there. She attended McMurray, Hardin Simmons and Canyon at different times in preparation for becoming a teacher.

Her teaching career included 16 years and her first school was taught at Moro in 1917, where she received a salary of \$50 a month. She taught at Bluff Creek the next two years and was paid \$65, the most she earned for a few years, but later earned \$90. Teaching at Guion, 10 miles east of Moro for three years, she again taught at Bluff Creek at various times for a total of seven years.

Miss Ella finished a term at Hatchel during the war and taught one year at Lawn. In 1944 she received more than \$100 a month at the Independence school, but this included caring for the building. The following year she taught at Berry Flat, near O'Donnell, for a monthly salary of \$143, but this was also for driving a school bus.

After her father died in 1920 and her mother in 1933, Mrs. Goble maintained the family home at Bluff Creek until it was destroyed by fire in 1942, and she lost all her possessions. For ten years she had raised sheep and kept a flock of 100 ewes. She has sold the land to a nephew, but maintains a lifetime estate.

Following her marriage to Marion Goble in 1946, Mrs. Goble lived in Shellburn, Indiana until last year when the condition of her health forced her to return to Texas. She lives in the Buford Owens house next door to her niece, Mrs. Z. I. Hale, who looks lovingly after her 88 year old Auntie. Another niece, Mrs. Floyd Millhorn, also lives in Winters.

Mrs. M. Andrae Died Friday In Nursing Home

Mrs. Martin Andrae, 62, died at 7:35 a.m. Friday in Merrill Nursing Home following an illness of several months.

Funeral services were held at 2:30 p.m. Sunday in Spill Memorial Chapel with the Rev. A.L. Creel of Beeville and the Rev. Charles Steinberg of Winters Assembly of God Church officiating.

Burial was in Lakeview Cemetery.

She was born Lillian Horton, Aug. 25, 1913, in Comanche County. She married Tom Smith in Coke County in 1933. In 1957 she married Martin Andrae, who preceded her in death, March 2, 1974.

Mrs. Andrae lived for a number of years in the Wilmett Community and later moved to Coke County, and moved to Winters in 1956.

She was a member of the Winters Pentecostal Church.

Survivors are a son, Thomas W. Smith Jr., of Breckenridge; a daughter, Mrs. Richard Hamilton of Winters; two foster daughters, Mrs. Lucile Cate of San Angelo and Mrs. Dorothy Devine of Portsville, Va.; two brothers, Joe E. Horton of Crane and R.C. Horton of Andrews; a step-brother, Leo Savage of Arkansas; two sisters, Mrs. E.A. Lancaster of Kingsville and Mrs. Evie Fenwick of Winters; 11 grandchildren and one great-grandchild.

Pallbearers were Roy Calcote, Leon Hilliard, Glen Hoppe, Weldon Mills, Elby F. Miller Jr., and Bobby Staggs.

PARKER'S COLUMN

Prevent Tree Damage. Treat Wounds
 Healthy trees are valuable in any landscape and they should be protected and cared for, believes C.T. Parker, county agent for the Texas Agricultural Extension Service.
 "Homeowners should be on

the lookout for possible damage to their trees and should know how to protect trees and correct damage," he says.

"Any cut or break in the bark of a tree leaves it open to insects and diseases. First, clean the wound and get rid of loose bark, then apply a special pruning compound. This will dry hard and prevent insect or disease entry."

The county agent warns against wrapping a wire or metal band tightly around a tree trunk. This breaks the bark and cuts off the flow of food from the leaves to the roots. If the band is left on, the tree will eventually die.

Since a tree's main "feeder" roots are in the top 15 to 18 inches of the soil, care should be used to avoid packing the soil. Soil that is compacted by automobiles or pedestrians can prevent normal root development. If possible, try to reroute traffic around the tree by fencing or by using plantings.

"Landscape fills or the addition of more than four to six inches of soil around the base of a tree can be especially harmful," says the agent. "It suffocates the tree by keeping out water and air."

If a shallow fill is essential, it's best to use sand or gravel soils that let in air and water. One way of protecting a tree from a fill is to build a brick or stone well two to three feet out from the trunk. "The first step is to remove all vegetation within the well area around the tree," says Parker. "Then install agricultural drain tile out and down from the trunk in a spokelike pattern. Build the well around the tree and fill it gradually over two or three years with coarse sand and gravel."

Once the well is constructed, the outside grade can be raised as desired.

The best way to protect trees is to prevent damage before it occurs, emphasizes the agent.

Blizzards Lose To C-City

The Winters Blizzards Friday night dropped their fifth district 6-AA football contest to the Colorado City Wolves, in the closest game Winters has participated in this season.

It was Colorado City's first district win of the season, as the Wolves came back to score at PAT after the Blizzards were on the board.

A 31-yard pass by Jeff Russell to running back Tony Johnson put the Blizzards on the board with 6, but the attempt for the 2 points extra failed.

In last week's game at Colorado City, the Blizzards racked up 247 yards total to the Wolves' 227. Jimmy Chapman accounted for 156 yards on 23 carries, and Bobby Joe Poindexter made some real fine runs.

Offensively, Gary Schwartz and Flent McNeill did outstanding jobs on blocking, as did Jack Fairey, Doug Williams, and Doug Rogers.

On defense, Jack Fairey had the

most tackles of the evening, 24. Jimmy Chapman had 12 tackles, Leroy Jones, 10, Bobby Poindexter, 9. Brett Guy, Jeff Buxkemper and Kent McNeill did outstanding jobs on defense.

The Blizzards, now 0-5 in district, and 2-7 for the year, will play their last game of the season here Friday night

Wingate School Will Offer Adult Courses

The survey is being made to locate adults interested in such courses.

If there is enough interest shown in this program, school officials said, these basic education courses will be offered to the Wingate School.

Those interested in this program may call 743-6540.

County Receives \$532 From Liquor Runnels County has received \$532.25 from the State Comptroller of Public Accounts as the county's share of the mixed drinks tax for the July-September quarter of 1975.

The share to cities is 15 percent of the total tax collected in each city and the

Echos, a singing group from Winters Elementary School. Policy resolutions were adopted by the members and will be submitted to the state program drafting committee as recommendations for state policy. Some of the most important of these resolutions are:

-For a free world market and against labor unions controlling the sale of farm products abroad.

-For HR 8841 requiring self certification for farm applicators of pesticides.

-Support of HR 7488 to encourage direct marketing of food products from farmers to consumers.

15 percent to the counties represents tax revenues for drinks sold outside any city's limits. The remaining 70 percent, \$6.5 million for this quarter, goes to the state general revenue fund. The tax is 10 percent on all gross receipts.

Labor Day weekend traffic statistics should be "must" reading all year long before taking to the highway.

Conserve and Save Tips for your

Home Laundry

Avoid wasting hot water while laundering. Use the cold and warm water settings as much as possible to cut down on the energy needed to heat water.

Clean the lint filter on your washer and dryer after each load to keep your machine running efficiently.

Wash and dry a full load, but never overload...it is essential for each item to move freely for proper cleaning and drying.

Many manufacturers of permanent press garments recommend machine washing and machine drying for best results. Following instructions on the garment tag can help preserve the life of your clothing and give you wrinkle-free clothes without need for ironing.
