VOLUME SEVENTY-ONE

WINTERS, TEXAS 79567 FRIDAY, DECEMBER 19, 1975

PRICE 15 CENTS

NUMBER 41

AWARDS—Randall Conner, second from left, and Dr. Jimmy Smith, third from left, received special recognition at the annual Christmas dinner of the Winters Young Farmers organization Monday evening. Presenting the awards were Charles Awalt, left, vo-ag teacher in

Winters High School and advisor for the organization, and Stanley Blackwell, right, vo-ag teacher and advisor for the Young Farmers. Conner, who is president of the Young Farmers for 1976, was recognized as the Outstanding Young Farmer for 1975. Dr. Smith, veterina-

rian, was recognized as the Outstanding Agribusiness man for 1975. They received engraved plaques from the Young Farmers organization.

## Rent Housing Construction Has Started

Actual construction on the long-awaited project to provide additional rental housing in Winters began last week. It is expected that the project will be completed within 90 days.

The two-section, twelve-unit project is being built by the Bright Company of Fort Worth, as a private enterprise venture. The company will administer and maintain the rental housing.

Start of construction is the climax of many months work and study, first by the Winters Rental Housing Develop-

ment Corp., a non-profit corporation, and then the Bright Company. The non-profit corporation was organized about three years ago by local businessmen and individuals who were attempting to ease the housing shortage in Winters. When the private company showed an interest in the project, all plans were turned over to them.

Twelve units are being built in the area north of Huffman House, adjacent to the low-rent housing project of the Winters Housing Authority.

## Church Choir Will Present Cantata

The 25-voice choir of St. John's Lutheran Church will present their annual Christmas Cantata Sunday, December 21, at 10:40 a.m. at the church.

Under the directorship of Erwin Henniger, the choir will sing "The Chorus In the Skies," a Christmas Cantata by Fred B. Holt.

The music to be sung introduces well-known Christmas carols, such as "O Little Town of Bethlehem," in various combinations of choir, solo and duet voices.

Many members of St. John's choir have been singing together for several decades, but there also are some younger singers in the group.

Miss Emma Henniger, who has been church organist for more than 30 years,

will be organ accompanist for the cantata.

The public is invited to attend this Christmas Cantata.

## School Tax Office Open December 31

The tax office of Winters Independent School District will be open Wednesday, December 31, for the convenience of taxpayers who wish to pay their 1975 taxes before the end of the year.

This will be the only day during the Christmas holiday season the tax office will be open.

The Public Schools will observe the holidays from December 19 until January 5.

## Band Members To State

Two members of the Winters High School Blizzard Band advanced to try outs for the State Band, following selection to the All-Region Band and the Area Band in try outs in Brownwood Friday.

Six members of the band were selected for the All-Region Band. Shelia Mathis and Randy Drake

qualified for Area Band, entitling them to go to Austin in January to try out for All-State Band. Randy is the first freshman in Winters High School to qualify for State Band try outs, at least in many years.

Named to the All-Region Band were Cathy Colburn, flute; Shelia Mathis, clarinet; Jeanene Hoppe, clarinet; Fran

Hoppe, clarinet; Randy Drake, trumpet; and Steve Esquivel, trumpet. Teresa Wright was named first alternate, flute.

On Saturday following the Brownwood try outs, the All-Region Band had an eight-hour rehearsal and presented a concert Saturday evening, under direction of Harris Brinson, director of bands at Angelo State University.

Other band members in the Brownwood try outs were Toni Hambright, Cody Hord, Becky De La Cruz, David Clark, Randy Davis and Becky McKnight.

## Council Sets '76 Salaries

The Winters City Council Monday night set salaries for elected city officials for 1976, in compliance with State statute. Statute specifies that salaries for elected officials must be determined during December of the year previous to the effective year.

The mayor's salary was set at \$50.00 per month, plus \$25.00 for each regular meeting and \$15.00 for each called meeting.

Salaries for aldermen were set at \$25.00 for each regular meeting, and \$15.00 for each called meeting. The Council meets regularly twice a month.

In other action, the Council authorized installation of a telephone at the City Airport, at no cost to the City.

Council also was informed by Mayor Homer Hodge that minimum wage for city employees, effective January 1, 1976, would be \$2.20 per hour instead of \$2.10 per hour.

## Work Days Set To Prepare For Stock Show

To give everyone concerned time to make plans to participate, the Winters Livestock Association has announced dates for work days at the livestock barns to prepare facilities for the annual Junior Livestock Show, scheduled for January 12.

January 7 and 8 have been set aside for the special work days, and all members and others interested in the show have been urged to make their plans in order to be available to help get the barns and area ready for the show.

## Schools Close For Holidays

Classes in Winters Public Schools will be dismissed Friday, December 19, at 2:30 for the Christmas holidays. Buses will make regular runs.

Classes will be resumed on schedule Monday, January 5.

## Winters To Help Pay For Police TT Network

Because Winters police have used the teletype wire service leased by Ballinger a reported 14.2 percent of the time the service is in use, Winters City Council Monday night authorized a payment to Ballinger of \$150.00 per month, plus \$13.50 per month toward actual lease expenses.

The teletype service in the Ballinger Police Department is connected to the State network. The police use the network to obtain information on car registration and other law information used in law enforcement.

The City of Winters had been asked to pay a proportionate share of the expense of the teletype wire lease, effective Dec. 1, 1975. In return, the teletype service will be available to the Winters Police Department on a 24-hour basis, it was said. In the past, the service has been available only during certain times of the day. With the arrangement approved by the City Council this week, Ballinger will keep someone on duty 24 hours a day to handle the teletype traffic, it was explained.

There will be no teletype facilities in the Winters Police Department, however. Police will contact the Ballinger Police Department by radio, and in turn Ballinger will use the wire service to obtain requested information.

It is understood that the County of Runnels also will pay a part of the lease and operation expenses of the teletype service.

## VFW Children's Christmas Party December 19

Winters Post 9193, Veterans of Foreign Wars, and the Ladies Auxiliary, will host a Christmas party for members' children under 12 years of age, at the Post Home, Friday, December 19, at 7 p.m.

All children of members are invited to attend this Christmas party.

RELAXED DONOR—No wonder Mike Hill appears so relaxed as some of the life's blood is drained from his arm—he is being attended by three pretty young ladies working with Blood Services of San Angelo. The Winters Jaycees sponsored the blood donor drive here Monday, but business was slow—at about four in the afternoon, only three donors had come

in. Donors and members of their immediate families will be assured of blood, if needed, during the next six months, sponsoring Jaycees said, by donating blood. In the picture are, clockwise, Silbia Molina, Debbie Fambrough and Wanda Harris, all of San Angelo. Also working with the blood unit was Ed Winger of Blood Services, San Angelo.

GROUND WORK—Workmen last week started work installing some of the pipes for the new twelve-unit apartment project being constructed in

Winters by the Bright Company of Fort Worth. Foundation concrete work is expected within a few days.

**A. L. Howard Died Friday At Midland**

Arthur L. Howard, 68, died at 4:36 p.m. Friday in the Permian Lodge Nursing Home in Midland, following an illness of two years. Funeral services were held at 2:30 p.m. Sunday in Spill Memorial Chapel, Winters, with the Rev. David Crooks, pastor of First Baptist Church, officiating. Burial was in the Shep Cemetery under direction of Spill Funeral Home. Mr. Howard was born at May, in Brown County, Oct. 1, 1907. He lived in this area for some time, and had spent most of his life in the Permian area. He was an oil field production superintendent and independent consultant for oil companies for 30 years. He had lived in Midland the past 19 years. He married Sue Rhodes, Nov. 10, 1956, at San Angelo. Survivors are his wife of Midland; two daughters, Mrs. Cliff Ferguson of Big Spring and Mrs. Doris

McFadden of Dallas; a sister, Mrs. Jack Bartee of Winters; five grandchildren and one great-grandchild.

Pallbearers were Seth Garrison of Odessa, Jim Mays of Dallas, Aubrey Anding of Midland, Enoch Smith of McCamey, Arvin Childers of Wingate and Bill Howard of Lamesa. Honorary pallbearers were Bill Rhodes of Norwalk, Calif., and Richard Rhoades of Arlington.

**Wingate News**

**Tips To help YOU to Conserve and Save Energy on Winter Heating**

For savings on energy, set the thermostat on the temperature setting that provides adequate comfort. Don't continually switch it up and down. Remember, the lower you set the thermostat in the winter the more money you save on energy.

A wood burning fireplace should be equipped with an efficient damper. Be sure to keep the damper closed when not in use. A chimney with the damper open carries warm air out the house, wasting heat.

To decrease heat loss and reduce energy cost in rooms that are not in use at night or in extremely cold weather, draw the draperies and lower the shades over the windows, glass panels and doors. If the sun is shining on glass areas, open the draperies. The sun shining through the glass will supply additional heat at no cost.

## Merrill Nursing Home News

The December birthday party was a huge success when the Friendship Circle of the First Baptist Church brought cake and provided music for the occasion. Our rhythm band joined in and we taped the music on our new tape recorder.

We are enjoying two new residents in our home. They are Betty Brown and Sarah Walker.

Last Thursday members of the Diversity Club held their December meeting here at the home. The program included Christmas carols and refreshments were enjoyed by all the residents.

Girl Scout Troop 234 and 238, with their sponsors, came to the home Monday afternoon. They presented a Christmas skit and brought gifts to each resident. We also enjoyed "The Wonderland Echoes" who came down on Tuesday at 3 o'clock.

Members from the Church of Christ always do something extra special for us at this season. This year was no exception, they came on Tuesday morning and passed out goodies to each room.

**POE'S CORNER**

BY CHARLSIE POE

No—not a shoot out! It was a good old fashioned snow ball fight.  
In the days B.P. (before pavement), when the streets were too slushy for the cars to be out, what few there were, the town became a battleground and snowballs flew thick and fast.  
Everyone got into the act, young and old alike, and if you didn't like the prospect of

CALL OUT—This is a scene in early-day Winters, following a snow fall. Date this picture was taken is not known, but it undoubtedly was before the automobile was popular, and the streets unpaved. This is a scene looking west of West Dale

Street toward the railroad. At the right is the corner of a two-story building used by the First National Bank; then the double building now the home of Riess Radio-TV, then

have happened.  
Another favorite sport among the boys at school was rolling people, especially girls, in the snow. This happened all during recess and noon until some of us probably resembled giant snowballs. This wasn't so bad but when they began washing our faces with snow and putting it down our collars we protested vigorously.  
Some of the boys who worked in the drug store after school every day thought this would be a good time to get even with my Dad, Charlie Graham, who had a grocery store where Dr. McCreight's office is now located.  
There was a year round battle to see who could pull the best joke on the other, and the boys thought they could gang up and give Charlie a good dousing in the snow.  
Daddy knew why they were there when they came trooping in. He pulled an old gun stock out of the drawer and backed them out of the store.  
"I didn't think Charlie would do it," they said as they shook their heads and stood around flabbergasted.  
The joke was too good to keep and after the snow was gone, Daddy showed them the old piece of a gun which was completely harmless. Of course, he had to taunt them about their bravery.  
He was one-up on the boys!

KRUEGER'S KOLUMN

By CONG. BOB KRUEGER 21st Texas District

The New York Question Recently the House and Senate voted 2.5 billion dollars in emergency aid to New York City, as President Ford requested.

Those who argued for this aid pointed out the following: 1) New York is the nation's financial center, and if the city was allowed to default on its bonds, this default might have severe consequences in other areas of the country and overseas.

I voted against this aid, however. In casting my vote, I weighed these arguments and others. I could not accept the "domino theory" that if New York defaulted, all other cities would go into bankruptcy.

The important thing at this time, since the President's request for these loans has been granted, is to allow the lesson of New York to be thoroughly understood, and to expect all municipalities to live within their means.

antees if the federal government guarantees only the bonds of New York?

Further, even though New York promised to balance its budget, what if it doesn't? By that time, the loans of the federal government will already have been granted, and the federal government will have no recourse but to continue to guarantee them.

While it is true that New York has special welfare problems because of its large number of immigrants, it may also be true that we need national rather than local and state approaches to welfare. New York also derives many benefits by being a major center for people traveling to and from this country.

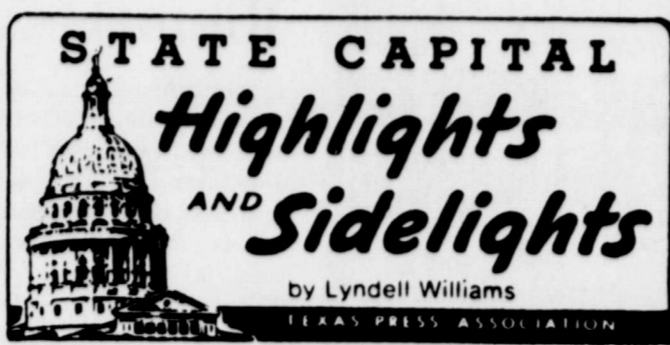

It is of course important to be compassionate to New York, but such compassion is better displayed by allowing their bond holders to be paid only partially, rather than fully at this time, and by helping New York to be responsible for its own

The founders of this country valued liberty very highly. That liberty carried with it the notion of responsibility. In order to allow democracy to continue to work, all Americans must be held responsible for their actions.

Even the most fleet of foot can't run away from themselves. People look forward to a white Christmas in inverse proportion to the amount of snow they'll have to shovel.

An old-timer recalls when kissing under the mistletoe was a big deal.

AUSTIN — Texas political parties are gearing up for the 1976 presidential elections—and the state's first (and perhaps only) presidential preference primary.

Democrats met in Fort Worth last week to finalize delegate selection rules changes. They also approved a proposal to streamline their state conventions (making them double-header, two-day sessions, instead of one-day, 24-hour marathons).

U.S. Sen. Lloyd Bentsen and Alabama Gov. George Wallace are moving out front among Democratic presidential candidates in the Texas primary May 1 with preliminary petition-gathering and organization.

Liberal Democrats met in San Antonio Saturday to map their strategy to try to minimize the delegate strength of Bentsen and Wallace.

Former U.S. Sen. Ralph Yarborough said he may become a candidate in the preference primary, although he will reach no firm decision before the end of the year.

Former Georgia Gov. Jimmy Carter is also making plans to enter the primary, as is former Oklahoma Sen. Fred Harris. Other candidates are undecided.

Race Opens Chief Justice Charles Barrow, 54, of the San Antonio Fourth Court of Civil Appeals last week mounted a campaign for an upcoming State Supreme Court vacancy.

Barrow so far is unopposed, but he said he will "run like a scared coyote," expecting another candidate will emerge before filing deadline. The veteran of 13 years on the intermediate appellate court bench paid his filing fee as a Democratic candidate.

Lawmaker Pay 25th Texas legislators are now squarely in the middle among those of 50 states when it comes to the payroll. They rank 25th at \$600 a month, with \$30 per day living expense allowances during sessions.

California legislators are paid the most—\$21,120 a year plus a \$30 per day expense allowances, a leased auto and gasoline credit card and \$4,556 a month to pay for staff operations during annual sessions. New Hampshire pays \$100 a year—with no expense account.

Battle Cry The first football cheer was based on a battle cry. Princetonians roared out a lusty "Sis, boom, bah" at the Rutgers-Princeton game in 1869. The shout derived from the rocket yell of New York's Seventh Regiment.

Mammoth Meals The remains of mammoths that roamed Alaska thousands of years ago are so perfectly preserved in the ice that scientists can identify in their stomachs summer plants on which the huge animals last fed.

Short Snorts

State colleges and universities asked approval of 210 lower division (freshman-sophomore) courses at 49 off-campus locations and 1,510 upper-level or graduate courses at 177 locations.

U.S. Rep. Alan Steelman of Dallas will formally announce for the U.S. Senate here January 5.

Gov. and Mrs. Briscoe accepted a national award for Texas' beautification efforts from Keep America Beautiful Inc.

New drivers licenses will contain a statement allowing the holder to designate any part of his body as an anatomical gift at the time of death.

Courts Speak

Texas Supreme Court refused to force trial of a suit by 12 alien children seeking to throw out a state law which requires them to pay tuition to attend Houston public schools.

The high court also rejected Alamo Heights and Edgewood (San Antonio) school districts' efforts to require their taxable property values to be equalized with those of other districts.

In both the Houston and San Antonio cases, the court refused to accept petitions for writs of mandamus.

In another case, the Supreme Court upheld Texas Woman's University rules requiring undergraduates under 23 to live in dormitories.

Reaching for a pistol in a belt is not assault with intent to murder, the Court of Criminal Appeals held in overturning a conviction and 25-year sentence of a Lufkin man.

A State Bar grievance committee has moved to suspend the law license of 229th District Judge O.P. Carrillo pending his appeal of an income tax fraud conviction.

### Band Stand Fund Has Grown To \$441.00

Prospects for early construction of an exact replica of the old Winters Band Stand grow brighter, according to sponsors of the Bicentennial project, with a total of \$441 already contributed to purchase material for the structure.

The Winters Lions Club is sponsoring the project to build the gazebo-type band stand in the City Park, as a part of the local Bicentennial celebration.

The original band stand, now located on the old Tinkle Farm, is in such a bad state of repair that the special committee decided it would not be feasible to move it, but to build an exact replica.

Kirke McKenzie, president of the Winters Lions Club, and heading the special committee, said it has been estimated that at least \$1,000 will be needed to complete the structure. Gattis Neely will receive all contributions for the project.

**Contributions:**  
 Mr. and Mrs. Rankin Pace \$10.00  
 Ladies of Winters Catering Club 20.00  
 Lions Club Dollar Day Man 1.00  
 Winters State Bank 100.00
