VOLUME NUMBER 31.

BALLINGER, TEXAS, FRIDAY, DECEMBER 1, 1911

NUMBER 12

## IN MEMORIAM.

Oscar C. Holliday, son of Deacon J. R. and Mattie Holliday, of Hatchell, was born at Paris, Tex as June 2, 1881.

He gave his heart and life to God at Winters, August, 1893 in a revival held by Rev J. D. Stringer. He united in marriage with Miss Earl Williams at the home of her parents, Mr. and Mrs. S. D. Williams, near Ballinger, Dec. 17, 1903.

On Nov. 8, 1911, while rounding up cattle on the Paramore ranch, near Hatchell, the horse he was riding stepped into a large hole in the ground, while running at full speed, and threw him to the ground with such violence as to break several bones and render internal injuries to the extent that death came on Nov. 11th to relieve him of the extreme suffering.

Bro. Holliday was a member of the Hatchel Baptist church, and his pastor never had a more loyal and faithful member. He was always in his place of worship unless providentially hindered. He was always liberal his gifts to the interest of the church, going even beyond his ability. He loved Simmons College, and together with his devoted wife, was among the most liberal givers to the college.

His home life was beautiful. It was always my joy to go there. His affection for his family was unmistakably marked.

During his suffering he realized he had no chance to recover, and so manifested the most beautiful Christian resignation. He had a tender word of farewell for each member of his family, and especially pleaded with his unsaved companions, many of whom ministered to him in his suffering, to give their hearts to Christ and meet him in heaven.

Surely God will sanctify this providence, mysterious though it be to us, to His glory in leading many unsaved to Him and in drawing the saved who know Him, closer to heaven and duty. The funeral services were conducted at Ballinger Sunday two o'clock p. m. Nov. 12, by Rev. W. P. Crow, a former pastor, and the body tenderly laid to rest in the Runnels cemetery, by the side of two of his children, who had passed to the home above several years before.

To the precious wife and two children, little Frank and Grace, who shall miss him most, we would speak our hearts most tender words of comfort and commend them to the grace of God which alone can sustain in hours like this.

To the noble father, tender mother and devoted brothers and sisters, and all who loved him, we would say lean upon the strong arm of Him whom he loved and trusted, and be assured that "all things work together for good to those who love God."

Sunset and evening star,  
And one clear call for me!  
And may there be no moaning of the bar,  
When I put out to see.

But such a tide as moving seems asleep,  
Too full for sound and foam,  
When that which drew from out the boundless deep  
Turns again home.

Twilight and evening bell,  
And after that the dark,  
And may there be no sadness of farewell,  
When I embark.

For tho' from out our bourne of time and place  
The flood may bear me far,  
I hope to see my Pilot face to face  
When I have crossed the bar."

John P. Hardesty,  
Pastor Hatchel Baptist Church.

Miss Louise Orgain left Friday afternoon for Brownwood, where she will open her school near that city today.

No more driving a buggy and team for Hary Sharp. Recently the Radford Grocery Co. sent down a four passenger Overland for Harry to make his weekly trips over the country, which enables him to cover his territory easier and quicker.

## GOOD ROADS

are what we are all panting for. Not to enable some scissor Willam to burn a bunch of gasoline that he bought on a credit in a smoke wagon that has a mortgage on the honk. Nay, nay, Vivian, not that. We want to fix it so a span of frisky mules can butt into the speed limit with a load of that fleecy staple or a bunch of frying size Shanghais without giving the mules appoplexy. Don't forget that all roads lead to

"In Business for Your Health"

J. O. Roots, the Miles banker, had business in Ballinger between trains Saturday.

Rev Ethelore V. Cox moved this week from the Stacy residence to the M. E. Parsonage next door to the church.

Plans have been drawn and arrangements made by A L Spann for the erection of a neat six room cottage to coast about \$2500 on 8th street, next to the Dr. Brown residence.

Mrs. W. H. Whitely left Saturday afternoon for Waco where she went to take a young girl to the Rescue Home and also to take a little girl to the Orphans Home at that place.

Mrs T. S. Lankford returned home Saturday from a visit to her daughter at Brownwood. She reports Mrs Willie able to be up and doing very nicely when she left that place.

WANTED—A good girl or woman to do general housework for family of four; good wages. Address Mrs. W. M. Garrison, Voss, Texas.

Three new 1912 model Maxwells were received in San Angelo Saturday by Walter Buck, the West Texas agent. One of them is a 36 horse power special, the same that was driven by Gov. Hoke Smith when he won the 1911 Glidden tour. Another is a 30 horse-power, two passenger roadster and the third is a 16 horse-power runabout. He delivered the roadster to Herman Giesecke, a real estate dealer and banker of Ballinger. This is the third Maxwell that Buck has sold him.--San Angelo Standard.

No foreign mail order house ever yet donated one cent toward a local enterprise, and never will, but the home merchant is the one who comes across with the scads when the cry is made for charity. A consistent old world is this, indeed, when peoples of a town or community will select from a Northern catalogue supplies for their own home and the very next day call on their local dealer to help furnish the church or school building. But they do it in this year of our Lord.

## Give One Sunday To The Norton Church.

Arrangements have been perfected whereby Rev George Fender gives one Sunday to the Norton Church, thus leaving three for Ballinger.

The Church at Norton has wanted Rev Fender for some time and at last they prevailed on the Ballinger Charge to let him off one Sunday so that he could visit them once a month.

Rev Fender is planning to get himself a small car to make this and other trips over the country which will be a great convenience

School opened Monday morning all O. K. with a good attendance and the Scarlet fever scare is over. There is no more danger attending school than there would be mixing and mingling on the street, and a further break in the school work would be injurious.

When a young man begins to inspect residence property with a view to purchasing, can it not reasonably concluded that he has matrimonial aspirations? Well, we know of such a case in Ballinger and unless this young gentleman comes across and discloses to the editor his intention, we will expose him before the next moon full.

J. H. Wilburne, the popular photographer, spent Sunday at Brownwood, with his parents.

Levi Starkey is able to be on the streets again after a spell of sickness lasting some three weeks.

Rev. Rolla R. White of Temple is visiting the family of J. H. Price of this city. Rev. White is an old friend of the Price family.

Mrs. John Loveless left Saturday afternoon to spend a few weeks at Marlin to try the curative properties of the hot water.

W. W. Spoons, of Fort Chadbourn, was here to day on a visit to his son, Joe Spoons and family.

Miss Mable Parker, of San Angelo, came in at noon Monday to begin school again. She is a cousin of Mrs. T. G. Marburger of our city.

J. H. Simmons, of Brownwood who spent several days in our city on business, returned home Saturday afternoon.

Wm. Doose, Sr., returned home Saturday from a visit to friends and the San Angelo fair.

John Eskridge, who had been visiting Ballinger friends and relatives left at noon today for Tankersly, where he is constructing a new depot for the Orient.

Express Agent carried Money to His Home and Waked to Find It Had Disappeared.

County Attorney E. M. Overshine, Sheriff T. C. Weir, Deputy W. F. Whaley, local Wells Fargo Express Co. agent Kyle and Auditor Jas. Danner of the Abilene & Southern Ry. Co., were called to Ovalo early Saturday morning to investigate the mysterious disappearance Friday night of one thousand dollars. The money in question was forwarded from the Farmers & Merchants National Bank of Abilene to the First State Bank at Ovalo by the way of Wells Fargo Express Co. According to the testimony introduced in the investigation before Justice of the Peace J. B. Burk, the package of money arrived in Ovalo about seven thirty Friday evening and was turned over to O. P. Cullum, assistant express agent. Agent Middleton at the time of arrival, was not in the office, but came in later and the money was turned over to him. Mr. Middleton, fearing to leave the money in the express office, carried it home with him for safe keeping. Soon after retiring for the night, Middleton was aroused by a disturbance and after an investigation found the money missing.

No arrests have been made in connection with the case. Further investigation will be made by the officials of the county.—Abilene Reporter.

## Set of Ware Free

If you call at our store during our Majestic Demonstration Week and allow us to show you the many advantages and superior qualities of the Great Majestic Range, and will purchase one at the regular price we will give you Free the beautiful and useful Souvenir Set of Ware illustrated in this advertisement. This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the beauty and utility of this set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The prices of the Majestic Ranges are the same, but we give the set FREE with each Majestic Range bought during the demonstration week only.

## Reasons why the Great Majestic You Should Buy

- 1st. It has the reputation of being the best range money can buy.
  - 2nd. It not only has the reputation but IS the best range made, and we will prove this to you if you will let us.
  - 3rd. It is constructed of malleable iron, material you can't beat, and of Charcoal iron, material that resist rust 300 per cent greater than steel, is riveted together air tight. No heat escapes or cold air enters the range, thus uses very little fuel to do perfect work.
  - 4th The reservoir alone is worth the price of range over any other reservoir made. It boils 15 gallons of water; is heated like a tea kettle, with pocket against left hand lining, and is movable and sets on a frame, hence cannot wear out. When water gets too hot it can be moved away from fire.
- Majestic ranges use less fuel: heat more water--and heat it hotter; cost practically nothing for repairs; lasts three times as long; bakes better; easier to keep clean and gives better satisfaction than any other range on the market. If you know positively that the above statements are true, wouldn't you buy a Majestic at once? Come in Demonstration Week and we'll prove it to you.

One Week Only---No Ware given after Demonstration week.

The great danger of kidney trouble is that they get firm hold before they

sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease, follows in merciless succession. Don't neglect your kidneys. Help

the kidneys with the reliable and safe remedy, Doan's Kidney Pills, which has cured people right here in this locality.

Mrs. H. H. Tisdale, Coleman Texas, says: "I have tried Doan's Kidney Pills in the case of one of the younger members of my family whose kidneys were in a very weak condition. There was no control over the kidney secretion at night, and the person was subject to dizziness and nervousness. One box of Doan's Kidney Pills did more to correct the difficulties than anything else we ever used. It gives me pleasure to endorse this splendid medicine."

### KEEP THE RECORD STRAIGHT

Let us forget, we want to call attention to some data that was published some months ago, and which was unchallenged, and that is a comparison of scholastic populations of the various towns in Runnels County. Each town showed a decrease in 1911 from 1910, but Ballinger showed a smaller decrease from a percentage standpoint than did any town in the county, which fact shows that we held our own through the short crop years and

showed a smaller decrease in population than other towns in the county. Come to Ballinger.

Dr T. E. Butler left last week for Bayside, Texas, down near Rockport, on the Gulf. This is a new town recently laid out and has much promise of making good. Doctor has bought a block of land and expects to plant an orchard.

### Apples-Sweet Potatoes.

Go to A. L. Spann and Co's where you can get that bushel of good apples for \$1.00 and that bushel of good East Texas Pumpkins Yam Sweet Potatoes for \$1.10. Another car arrived this week from New Mexico which will contain wine saps, Mo. Pipkins, and other good varieties. Westij have some left from the old car come and get "yours."

### A MARKET FOR MAIZE.

There is one farm product in Runnels County that it seems should have an established market, just like oats or corn so that when a farmer has surplus, he can be assured that he can sell it at the mar-

et value, and that is milo maize.

This is almost a sure crop and yields well almost every year, and with a fixed market would be a source of revenue to many, if it only had a market therefor. Why don't some man prepare a warehouse buy this product and either feed hogs or retail it out as demanded like oats? This kind of an enterprise would be the means of bringing many dollars to the town and would be a great benefit to farmers, then too some man could buy hogs and feed this to them just as the farmers in the middle states feed large bunches of cattle and hogs and buy all the surplus corn and hogs in the country. Can't some one suggest a plan that will create a market for this farm product so that we can devote more acres to maize and less cotton? The temptation to raise cotton is that a man can get CASH at some figure any time he brings it to town and this should be so with maize.

Miss Mamie Gregory visited friend in San Angelo last week and attended the Fair, returning home Saturday.

### COLDS VANISH

**Quick Sensible Method That Doesn't Upset the Stomach.**

Have you heard of the overnight cold cure that is putting colds in the head and chest out of business between sunset and daybreak.

Here it is. Cut it out and save it if you don't need it now. If you have a cold, cough, throat soreness or acute catarrh, be sure and try it to-night just before going to bed. Pour a scant tea-spoonful of HYOMEI (pronounce it High-o-me) into a bowl of boiling water, cover head and bowl with a towel and breathe for several minutes the vapor that arises then go to sleep and awake with a clear head free from mucus. HYOMEI is guaranteed for catarrh colds, coughs, asthma, sore throat and bronchitis, or money back. Bottle of Hyomei 50 at The Walker Drug Co and druggists everywhere.

It will be welcome news to dyspeptics to learn of a remedy that, in the opinion of thousands, is an absolute cure for indigestion and all forms of stomach trouble, and, better still, it is guaranteed to do so. The remedy is Dr. Caldwell's Syrup Pepsin.

We all know the value of pure pepsin in indigestion, and add to this some exceptional laxative ingredients and you have a truly wonderful remedy. Mr. T. W. Worthy of Forsythe, Ga., got to the point where he could not even eat or digest vegetables and after many years of seeking he found the cure in Dr. Caldwell's Syrup Pepsin. Mr. Rudy Kasper of Moline, Ill., was in the same bad predicament with his stomach, took Syrup Pepsin and is now cured.

Hundreds of others would gladly testify.

It is a guaranteed cure for indigestion, constipation, biliousness, headaches, gas on the stomach and similar complaints. A bottle can be had at any drug store for fifty cents or a dollar, but if you wish to make a test of it first, send your address to Dr. Caldwell and he will supply a free sample bottle, sent direct to your address. You will soon admit that you have found something to replace salts, cathartics, breath perfumes and other temporary reliefs. Syrup Pepsin will cure you permanently.

**BY FAITH WE LIVE.**

This morning the sun burned a crimson blush on eastern sky, and the golden glory of its wondrous beams warned the frost on the grass and dew drops, bright caught the gleams as they fell and held them fast in their quivering hearts. We have been so accustomed to waxing with the returning sun as each successive day is told and numbered with the days that are past, that we have come to regard it as a very commonplace occurrence, while it is a marvelous thing. Oh, we of little faith who scoff at God and in mortality, how do we know that on tomorrow morn the clouds that cling around the trees that fringe the gateway to the sky will be shot with long ribbons of flame, and glints of gold and purple splendor? What assurance have we that the darkness will recede before the waking sun, the stars fade out and the ball of radiant light rolls forth from out limitless space? Absolutely none, except the fact that yesterday and for ages past it has been doing the very same thing, and we have faith that it will continue to do so tomorrow and the day to come. Withdraw the sun from the earth for a few months and death will wave its bony fingers in every fertile valley and on every hilltop. Our faith is absolute, yet we say that we have no faith. We are eating, sleeping, walking and working by faith. Immortality is as easy as the regulation of the planets. Let's be sensible and admit our dependence is God, and His ability to raise us from the grave at the last day, and clothe us with everlasting life. It is all a mystery the fact that we are born, grow, live to a certain age, and then death carries us back again into the realm of the unknown. With faith we must give and abide the will of Him who does all things for the best.—Gleburne Enterprise.

A lively scrap is on between Brownwood and her sister city, Brady, over a proposed foot ball game. It is like this, Brownwood boasts of having an "all-star" team made up of "exes," those who have won fame in other days at College. This team played Howard Payne College some time ago and lost, then they challenged Brady for a game. Now the city of Brady also has an "all-star" team, similar to the Brownwood team, but the Brady team has played several games and have won each time easily. The Brownwood team sent a challenge to Brady for a game, and Brady declined, using the language of "gentleman" Jim Corbett when he declined to meet Fitz., be fore Fitz. had any rep by telling Brownwood team to "go get themselves a reputation," then and not till then would they meet them in battle array. This "riled" up the Brown wood boys and what has

been passing between them since the occurrence wouldn't look well in print. But sufficient to say that Brownwood is determined to "go get itself a reputation and give Brady the best drubbing it ever experienced.

We have millions and millions of acres of fresh land, but there is no economic reason why we should rot the soil. This sort of agricultural vandalism sooner or later reacts. The mills of the gods grind slowly, but when nature is sinned against her penalty extends to the third and fourth generation, and our worn-out farm lands will become a sort of agricultural ward to the State. Will you always makes woeful want

In compliance with the resolution passed at New Orleans recently, Gov. Colquitt is appointing two farmers in each County of the state, one a farmers' union man and the other a non-union man to look into conditions towards bettering the condition of the cotton farmer. M. G. Caperton of Maverick has been appointed as a representative of the farmers' union of Runnels Co. Mr. Caperton is a good man for the place and will represent his organization creditably.

Mississippi raised 9,200,000 bushels more corn in 1914 than ever before since it has been a State. Notwithstanding her cotton crop has been reduced nearly one-third by boll weevil, the great majority of her people are far more prosperous than in former years. A cotton crop one third less bringing as much money as a normal crop and allowing more than an offset in other crops, is diversification forced, and diversification that is a blessing, though arriving in disguise.

We have resided in Ballinger an unlucky number of years—thirteen—and for the first time since we have lived here, there was no market for chickens. On Monday of this week we met a farmer boy who said he visited every grocery store in Ballinger, and could not find a market for his chickens—some of them nice fryers. Now, the editor was tempted to buy his chickens, and if our pocketbook had been as big as our heart and our appetite for frying sized chickens, we would have made a purchase then and there. But this reminds us that there is a good opportunity right here in Ballinger to establish a poultry yard and ship poultry from this point and thus add another industry to our city, and one that would grow to proportions, that in the near future would surpass the most sanguine.

Those subscribers who are already paid ahead may take advantage of this offer by paying \$1.00, and having their date advanced one year and get this fine farm paper one year in addition. Those who are not subscribers we invite you to take advantage of this opportunity and join our list of growing and satisfied readers.

Supt. W. S. Fling expects to attend the Southern Educational Association which meets in Houston the last of this week. Mr. Fleming is nothing if he is not progressive, and he keeps in touch with the very best in educational matters, thus enabling him to keep abreast of the times.

#### CARNIVAL HERE.

The Nat Reiss Carnival Co., arrived in Ballinger bright and early Monday morning and have erected their tents and are giving shows each afternoon and night. This a large concern requiring thirteen cars to carry them and they have many novel attractions that are worth your while to see. Take a day off come to Ballinger to trade and see the Carnival.

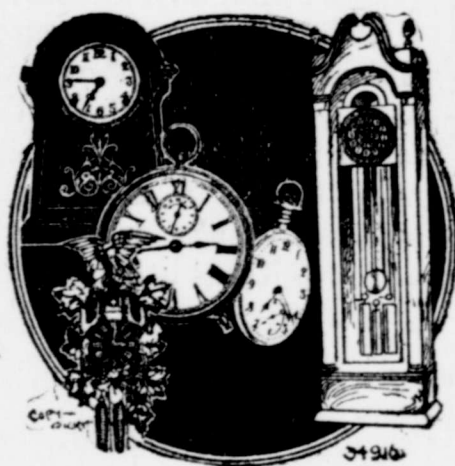

#### Twenty Seven for Breakfast.

Sheriff Flynt was in San Angelo last week and was the guest of the Sheriff of the Queen City and while there the Sheriff informed him that his jailor had 27 guests at the jail for breakfast on Thursday morning of last week which shows that law breakers are rather numerous. It is also disclosed by the Standard of a recent issue that it cost Tom Green county \$195.00 to feed the prisoners in the jail for the month of October and by comparison we are informed that it cost just \$33.00 to feed the prison inmates for the same month in Runnels County. Comparisons are said to be odious as a rule, but sometimes, it is with pride that we can indulge in such and this is one time when it is true. Runnels County has more population than has Tom Green by the last census.

#### Holding Cotton.

Fire Insurance on cotton cost very little and we can cover same in town or out on your farm.

Governor Colquitt handed out a very bitter statement relative to the Attorney General's Department recently charging that the Attorney General's department and Comptroller Lane's department were being used to harass him and hinder the success of his administration. Now it strikes us that he dug up the first snake in this row and he should take the Irishman's advice and not dig up more snakes than he can kill. From the beginning of his administration he began a series of attacks on Mr. Lightfoot and has kept them up continuously ever since and has used every effort to cripple this part of the state's prosecuting department. Now as to Mr. Lane, both he and Colquitt are extremists of the worst type and can fight it out, but not so with Mr. Lightfoot, he is an able competent young man trying to enforce the laws of Texas to the best of his ability, and instead of being hindered by the Governor, should be assisted.

#### Large Nose Cause A Divorce.

Mrs. Olaf Gylleck, in a petition for separate maintenance filed in an Elgin court, told of some of the ways in which her husband encouraged her to practice economy. She says he is worth \$6000, and has an interest in a creamery near Clinton, Iowa. She says he:

Made wife support household. Left 10 cents for household expenses while, he was away. Returned in three days and swore at her for spending it.

Bought her stockings six sizes too large because he could get them at a bargain.

Charged her 35 cents a dozen for eggs from her own hens, while eggs were selling for 12 cents in the store.

Wouldn't let her visit a dentist. Made her wear hideous hats which he bought at bargain sales. Barred women friends.

"He would buy anything in the world he could get at a bargain, and make me wear it," she exclaimed. "My stockings were always too large or too small, and I haven't had a pair of shoes that fit since I married him."

"He made me raise chickens, then compelled me to pay him triple prices for the eggs. Then he ate the eggs. When my teeth were nearly aching my head off he wouldn't let me go to a dentist. If he caught me entertaining a woman friend he made a scene."

"He left me 10 cents to run the house for three days while he went on a trip. When he returned he swore at me for being reckless. I'd spent it all. He forced me to earn money on which to run the household and then took it away from me."—Chicago Tribune.

It's funny at what trivia causes a woman will fall out with husband, isn't it?

### Popular American Drama

"The Girl From the Golden West" Cominu to Ballinger.

The great American drama. "The Girl From the Golden West" an all-star metropolitan cast—thirty people—including Mr. C. A. Curtis's Solo Band and Roy O H Memmen's Symphony Orchestra, traveling in their own Pullman car. "Caroline."

"The Girl From the Golden West" had a run of seven hundred consecutive performance in New York and over five hundred in Chicago. The success of this drama has been so pronounced that this company will play throughout the West for twenty weeks in their mammoth waterproof pavilion theater, equipped with elevated stage and ten full sets of special scenery.

"The Girl From the Golden West," as everyone knows, is a four-act west drama, thrilling, romantic and full of clean comedy strong in dramatic situations and climaxes. Don't class this show in the same company as the questionable "fly-by-night" aggregations. Seats for 1800 people. One night only, at Ballinger, Saturday, Dec. 2.

FOR RENT—A good farm. Any one desiring a place call and see me.

### CHILDREN INURED

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy which we know for constipation

and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

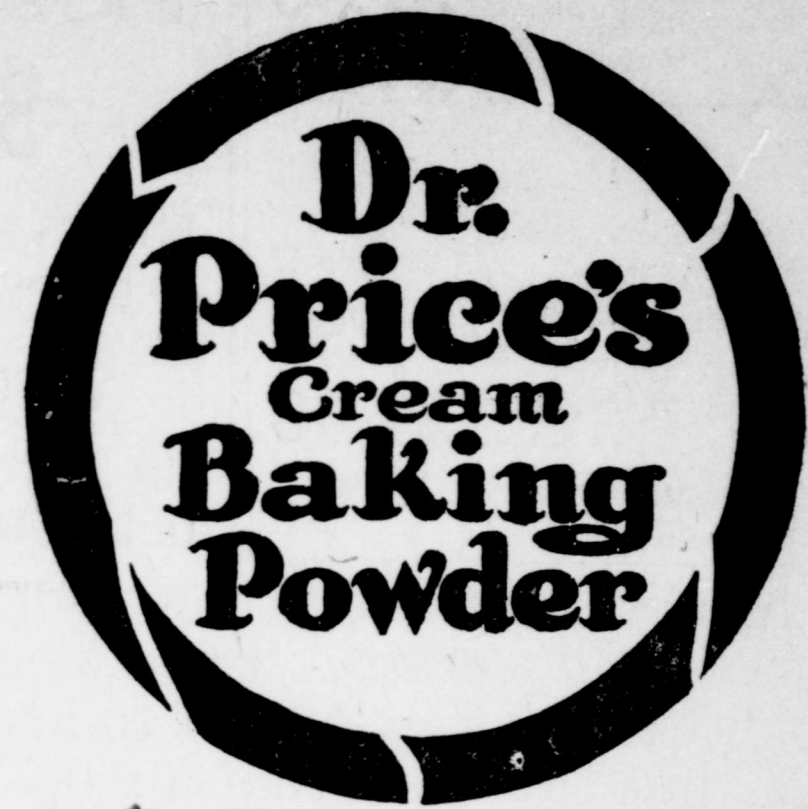

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus over-coming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cent. Remember, you can obtain Rexall Remedies in Ballinger only at our store.—The Rexall Store. The Walker Drug Co.

## BEGINNING FRIDAY, DECEMBER 1, 1911

This is a Sale of Common Sense, Common Place and Every Day Articles. We are not going to talk of Dry Goods in French phrases, nor seek to entertain those who can be entertained only by Alamodes, Lingerie, and Oriental effects. What we are going to do is to put the **RIGHT PRICES** on the **RIGHT THINGS** at the **RIGHT TIME!** Cheap Cotton means that prices on Mer-

chandise ought to be lowered. This we have done, and we name in our Circular as many of the good values as space will permit. Experience has taught us these facts. People do not care for a lecture on a Sale Bill. Neither do they expect to find any valuable information regarding Natural History, Astronomy or Metaphisitic, but the facts that a Sale Notice should reveal to them are these: Quality as good or Better, and Prices lower than elsewhere, and this we feel sure our price quoting will prove. We are not going to give any prizes, do any extra advertising or seek to entertain, but rather to give you an opportunity to make your dollars bring Larger Returns. Instead of adding expense to our Sale we give that to our customers in letting down the prices and you and all of us know that the most vital thing in the business world is **THE PRICE.** This

we have made right in our Sales held prior to this one. But surely we have gone far beyond all other Sales when it comes to the all-important feature of Price. Our Store will Be Closed Wednesday and Thursday, November 29th and 30th, 1911, to
