Improvements At Lyric Theatre

Installation of high intensity lamp houses has been completed at the Lyric Theatre in Eastland which will assure the patrons of a truly bright picture on the screen at all times according to Seibert Worley, owner and manager of the Majestic and Lyric Theatres. It is our intention to make the Lyric one of the most attractive and comfortable small theatres in Eastland County and our next improvement will be the repairing of all seats which are now in rather bad condition. Nothing will have to be done along the air conditioning line as the Lyric is equipped with a refrigeration system which is capable of maintaining cool temperatures regardless of outside heat.

Continued from First page
 Eastland and Callahan counties in the 46th, 47th and 48th sessions of the Legislature. This experience gives me a knowledge of the rules that govern the procedure in the House and the Parliamentary steps necessary to enact into law or prevent bad legislation to become law. I served on many of the most important committees, especially the Committee appointed by the Speaker of the House to investigate and make recommendations to the succeeding Legislature having to do with the reorganization of our State Eleemosynary Institutions. The recommendations that we made have largely been followed in the reorganizing of the entire system.
 The records will disclose that as a member of the Appropriations Committee I stood for strict economy, always opposing the wasteful spending of the people's tax money. In every way I could, I helped in the passage of conservation laws, pertaining to soil water and gas-oil production.
 It shall be my purpose, if elected, to work for constructive legislation for all the people. I shall favor the outright repeal of the "much discussed Car Inspection Law," as I am opposed to such type legislation that can be "turned off and on like a water faucet" at the will or whim of the Law Enforcement Agency. It is indeed a bad precedent.
 The Driver's Responsibility Act has many bad features and should either be amended if not repealed.

Seed Peanuts

For a higher yield see me about that new SPANTEX - will cost only 50 cents more per acre to plant. Also have the best I can get in the lower price seed. Bill Frasier, next door to Foster Drug Gorman, Texas.

I shall oppose the proposal to issue the five hundred million dollar Road Bonds.

I shall oppose the movement proposing to take from the counties their present percentage as now allocated from our Automobile License Fees, which now goes to the Counties for Rural Road Construction.

I shall oppose any new tax levies, increase of present tax rates and the going into our tax structure for any purpose proposing readjustment of same.

I shall favor a adequate support for all Public Education, which includes our Junior College Program and Higher Institutions of Learning. I was co-sponsor of the appropriations Bill giving to our Junior Colleges their First Per capita money for maintenance. I assure you my all-out support looking to adequately providing for their maintenance.

In conclusion, let me say that I am humbly grateful to the voters of the District for the support you have given me in the past and I appeal to you with confidence that my past record justifies your support at this time. I won't "let you down" in any manner.

Gratefully and Sincerely Yours,
 Omar Burkett.
