### TESC To Raise Rates; Effective Immediately

The City Alderman at a meeting recently held approved a new schedule of electric rates filed by Texas Electric Service Company. L. D. Stewart, electric company manager, said the new rates represent an increase of 10 per cent and will effect all electric service, except power sold for resale. Similar rate increases are planned in other areas served by the company.

The new schedule to become effective with the next monthly bills will affect the average household about 40 cents a month or about 1 1-3 cents a day. This is the first general rate increase the company has asked in Carbon since we've been serving this area.

"We've reduced rates many times, the last time in 1946, when a reduction of 11 per cent in over all revenues was made," Mr. Stewart said. "We were wrong in 1946 when we assumed that inflation had stopped; but until now we have been able to maintain our service at the lowest rates in our history."

"We have fully used our advantages of growth, more efficient generating units, helped financing and reserve capacity in making previous reductions and in meeting the cost of increases of the last several years. We now must look to increased revenues from increased rates just as other businesses have had to do."

"With the new rates in effect our revenues will still be less than it figured at our 1946 rate. The increase we ask is the very minimum to meet present conditions and to provide good, dependable electric service."

"We feel that if the prices and costs level out at this time, we will be able to make it through with the requested increase. We earnestly hope, as does every one, that control of inflation will be accomplished. If costs drop to warrant it, we will expect to resume our established policy of progressive rate reductions."

Mrs. A. L. Butler of Gorman visited E. R. Butler and family Sunday.

Words Of Thought

First time a man kisses a girl she is rather surprised...

Love consists of a little sighing, a little crying, a little dying...

The tragedy of the flea is that he knows for a certainty that all of his children will go to the dogs.

Love makes a man think almost as much of a girl as he thinks of himself.

THE BIBLE SPEAKS

Scripture: Genesis 12-17. Devotional Reading: Hebrews 11:8-12.

'We Are His People' Lesson for April 15, 1951

WHEN A Christian today in church repeats the ancient Psalm, 'We are His people,' if he knows what he is saying he is associating himself with Abraham, Isaac and Jacob.

Dr. Foreman

The stories of these men are not mere campfire tales of legendary ancestors. They are the story of how these men were related to God in a solemn covenant; they were 'God's people' in a special way.

The Living God THE FULL meaning of what the Bible has to tell us about God can be discovered best by coming toward an understanding of what the covenant idea means.

Only Persons Make Covenants THE GREAT difference between things and people is that people have wills of their own.

God Makes His Own Terms AT THE same time, God remains God. He is not on a level with man.

But these promises are not promiscuous. To put it quite simply: God is not on friendly terms with every one.

Carmelita Plonka

The world that children live in is mighty wonderful . . . filled with little daydreams and hopes and joys that make the older folks sometimes wish they were school-age again. But boys and girls have their ups and downs, too, particularly when they are not feeling well. Ten-year-old Carmelita Plonka, the daughter of Mr. and Mrs. A. Plonka of 3202 S. Aberdeen, Chicago, Ill., was not feeling good recently and was just too listless to get the most out of her school days. Fortunately for Carmelita, though, her grandmother suggested that her mother give her HADACOL, because she had heard how much it was helping children deficient in Vitamins B, B<sub>12</sub>, Iron and Niacin. Now Carmelita feels fine and her mother says she has a big appetite.

Here is Mrs. Plonka's statement: "My daughter Carmelita, who is 10 years old and in the fifth grade, had always been underweight and I had to positively force her to eat. She had no interest in food whatsoever, but I knew that she had to eat. When we were visiting my mother in Missouri over the Christmas holidays she suggested I give Carmelita HADACOL. I bought a large bottle of it that same day and was amazed at the change in Carmelita. Her appetite picked right up and she now eats three hearty meals a day plus in-between snacks. I have really praised HADACOL, and highly recommend it for everyone."

HADACOL can help you, if you suffer such deficiencies. Ask your druggist for HADACOL today. If your druggist does not have HADACOL, order direct from The LeBlanc Corporation, Lafayette, Louisiana. Send no money. Just your name and address on a penny post card. Pay postman. State whether you want the \$3.50 family economy size or \$1.25 trial size. Remember, money cheerfully refunded unless you are 100% satisfied. Adv
