Carbon Offers Drivers Education

Through the courtesy of King Motor Company, Ford dealers of Carbon, and Carbon High School use of a dual control car for the purpose of teaching Driver Education and Training. Carbon have access to the car half of the time. This is the first time that this course has been offered here, but it is being accepted with great interest.

The State Safety Association realized a few years ago that something must be done about the rising death rate due to traffic accidents. They decided that the only way to solve the problem was through education in the public schools, so there was born a course in Driver Training and Education.

The course is offered to students 14 and above. In the course the students are taught the laws and rules of the road. They learn about the car, its power, limitation and danger. They are taught proper attitude about driving and upon completion of the course, with recommendation of the instructor, they may take a test for a permanent drivers license.

Mr. Garrett, the behind-the-wheel instructor, attended a short course at the University of Houston in order that we might offer the course. The course will be in our school next week for the first time. The public is invited to come up and see the car and find out more about the course.

The Secret Place

There is a place where thou canst touch the eyes
Of blinded men to instant, perfect sight;
There is a place where thou canst say, "Arise"
To dying captives, bound in chains of night;
There is a place where you canst reach the store
Of hoarded gold, and free it for the Lord;
There is a place—upon some distant shore—
Where thou canst send the worker or the Word;
There is a place where heaven's resistless power
Responsive moves to thine insistent plea:
There is a place—a silent trysting place—
Where God himself descends and fights for thee,
Where is that blessed place—dost thou ask "Where?"
O Soul, it is the secret place of prayer.

With an assortment of delicious cookies on hand, you can indeed be ready for almost any form of simple entertaining. Serve them with a beverage for most occasions, add ice cream, sherbet or a delectable creamy pudding and you add a flourish to your entertaining.

If the drain on the cookie jar is heavy, make simple drop cookies which are so easy on effort and keeping quality.
