Elbert Jackson and wife and J. L. Rhyne visited relatives in New Castle Sunday.

Clyde Boles and wife of Sundown visited relatives and friends here last week end.

R. F. Mitchell was in Gorman on business last Friday.

## Wolverines Play Final Game Of Season Tonight

The Carbon Wolverines journeyed to Moran last Friday night where they played the Moran 11 in their final conference game of the season. Moran proved too strong for our boys with Elden Bennett, a very fast man in the back field whom they failed to stop during the game, running wild to the tune of 78 to 0 in Moran's favor. They play their final game of the season tonight (Thursday) on the local field when they meet the Gatesville Home for Boys.

The Carbon Cubs played a much larger team of Juniors from Gorman Tuesday evening here and were defeated 18 to 6. It was a good game with our boys fighting all the way. Gorman scored their two touchdowns on passes Carbon secured on a long pass from Mangum to G. Y. The teams played on even terms during the afternoon.

## Sunshine Club Meets

The Sunshine Club will have its regular monthly meeting Tuesday, November 21, in the home of Mrs. Will Usery. The club will have its Thanksgiving program at this time and all members are urged to be present.

## Warren Motor Co. Shows New Studebaker

Warren Motor Company of Eastland now has the 1951 Studebaker on display at their establishment, 306 East Main St.

An 8-cylinder, valve-in-head engine for the Commander models tops the list of engineering and design changes for Studebaker's 1951 passenger cars.

The compact, sturdy new power plant of Studebaker has been designed not only to prepare for any foreseeable boosts in compression ratios, but to utilize the most modern machinery and manufacturing techniques in producing it.

Warren invited anyone interested to drop by and see the Studebaker models for 1951.

Norman Bethany, Rayneal Baze and Miss Joyce Park, students of Hardin-Simmons College, spent the week end at their homes here.

## '38 Study Club Meets With Mrs. W. J. Greer

The '38 Study Club met Wednesday afternoon, November 15, in the home of Mrs. W. J. Greer.

Mrs. Henry Hines, president, presided. Minutes of preceding meeting were read by the secretary. The club collect was read aloud by all the members. Mrs. Greer gave the finance report.

The secretary presented the book "West of The Hills" given to the club library by Mrs. LaRue Usery Broussard of Eastland, in loving memory of Mrs. Beckye Jackson, former club member.

"Vacations At Home And Abroad" was the subject of the program led by Mrs. D. D. Sandlin. Roll call was answered with "Where I Would Like A Vacation". Mrs. Sandlin told of an imaginary vacation in Hawaii and read of a vacation trip through Ireland. Mrs. Harry Hall gave an interesting talk on an imaginary visit to New England, the deep South, West and Northwest and showed a motion picture of outstanding sights on the tour.

Refreshments of date cake topped with whipped cream and cherries and coffee were served to all members present.

## Real Estate News

J. C. King has bought the W. F. Hale home here. Mr. King and family will probably move here later.

Buster McDaniel has bought the home of the late Mrs. R. K. Justice. He has been recalled to the Army and is due to report the 27th. Mrs. McDaniel and baby will live here while he is away.

Travis Smith of Gorman has bought the Charlie Morris farm north of town.

Odin Guy has bought the rock building next to the post office from Jess Vaughn and the building is being torn down.

Mrs. E. T. Mowinckle and daughter, Delores, of San Antonio spent the week end with her parents, J. E. Reese and wife.

## First Baptist Church

G. W. Thomas, pastor

The monthly Workers Conference which met at Olden Tuesday was featured by good attendance and a splendid program. Our church was represented by Brother and Mrs. G. W. Thomas, Mr. and Mrs. Sam McAfee, Mr. and Mrs. F. H. Park and Mrs. Edna Lovell.

The December meeting will be held in Breckenridge.

Attendance upon mid-week prayer service has not returned to normal following the busy weeks of the peanut harvest, although a slight increase was shown last night.

Following is the schedule of services for the week:

Sunday School 10:30 a. m.  
Rufus Egan, Superintendent  
Morning worship 11:00 a. m.  
Sermon: "The Church"  
Training Union 6:30 p. m.  
Rayneal Baze, general director  
Evening worship 7:30 p. m.  
W. M. U. Royal Service program Monday, 8 p. m.

Mid-week prayer services 7:30  
A cordial welcome to participate in these services is extended to everyone.

C. D. Sandlin and family of Springtown and Milton Sandlin of Lubbock visited D. D. Sandlin and family last week end.

J. L. Crouch and family visited J. T. Wilson and family Sunday, also Mrs. Mamie Redwine.

W. B. Yeates and wife of Cisco and Mrs. Nell Moore of Kermit visited J. Z. Phillips and wife Saturday.

W. W. Martin and wife of Cisco attended to business and visited friends here Monday.

Mrs. Mack Stubblefield underwent a tonsillectomy at the Blackwell Sanitarium last Thursday.

Bill Edmondson and wife visited relatives in Weatherford last week end.

Mrs. Mollie Emde of Desdemona visited in the home of A. J. Woodard and wife last week.

## Friday and Saturday

**Christian Worship**  
Lesson for November 19, 1950

SOME one has said that if the Christian church did nothing else but offer a regular opportunity for public worship of God, she would have justified about our life in the sun. This is a rather misleading truth for if a church did nothing but worship it would not be doing its whole duty, indeed, if it would not be a true church. As our Dr. Foreman Scripture plainly shows, worship disconnected from life is not only not good, it is sinful.

**Why Worship?**  
What is worship, and why do we worship at all? We might define it as a meeting with God, both conscious and desired. "He shines in all that's fair," and in truth we are in his presence all the time. But we are not conscious of him all the time. When we are conscious of him, then one of two things happen. Either we hastily shut our minds and run away from him in fear, which is sin. Or we linger, feeling a gladness for us to be here. And then it is worship. Or again, we might call worship conversation between man and God. Every part of it is either our listening to God speak to us, or our speaking to God in some way.

**Why worship?** We worship because we love God. Otherwise it would be a bore, at best, or a kind of self-torture at worst. We worship because we need God. If Jesus needed both public worship and private prayer, so do we far more.

**Why Worship Together?**  
PUBLIC and private worship cannot be substituted for each other. Readers of the Bible know how they were intertwined in the experiences of God's people, and how our Lord himself, who used to attend the synagogue services regularly, also sought God on the hills alone. A man who never meets with God alone in prayer will not know how to come to public worship in the true spirit.

**We need to worship together with other Christians.** We need this experience to strengthen our own prayer-life. We need it to keep us from selfishness in our prayers. Intense, earnest prayer, and full of faith too, may be seriously wrong if it is essentially selfish. In corporate, public worship if we are reminded that none of us stands alone, that God has many children. We need to worship together because it is one of the very few things, perhaps the only one, that all human beings can do as one.

**Why Worship As We Do?**  
IT OUGHT not to be surprising that men worship God in so many ways, for there are all sorts and conditions of men. But within the Protestant churches, our differences are not important. Essentially we have much the same "patterns" of worship.

**As you visit other churches from time to time, take note of any differences, not in a spirit of criticism but considering whether you might learn from them.** What do you and they have in common?

You will agree that there are hardly any parts of a typical Christian worship service which we could do without. We need the prayers, for in them we all pour out our hearts together before God. We need the hymns and psalms, because they express the beauty and the joy of our faith; most of them are prayers set to music. We need the Scripture reading, because it is we hear the Word of God. We need the sermon, because it applies the Word of God to our own lives and problems. We need the offering, too... why? But the offering is true worship only on one condition. Do you know what it is? After all, the real test of every part and variety of true worship is: Has this experience brought man and God closer together in spirit and in truth?

**SWEET UPSIDE-DOWN BRAN MUFFINS**

- No creaming, no egg-beating—one easy mixing this Kellogg-quick way!
- 1 cup Kellogg's All-Bran
  - 1/2 cup milk
  - 1 cup sifted flour
  - 1/2 tsp. baking powder
  - 1/2 tsp. salt
  - 9 cooked raisins or apricots, pitted
  - Soak All-Bran and milk in mixing bowl.
  - Shift together flour, baking powder, salt; add to bran with sugar, egg, shortening. Stir only to combine.
  - In each greased muffin cup place 1/2 tsp. melted butter, 1 tsp. brown sugar, 1 piece fruit, cut side down.
  - Add dough to fill cups 3/4 full. Bake in mod. hot oven (400°F.) about 25 min. 9 med. muffins.

America's most famous cereal! Contains most of heart-healthy bran—try a bowlful today!

**Nobody Produces Any Toys, Plaintiff of Soviet Mothers**

WASHINGTON—Government officials report that mothers in the Baku area of the Soviet Union are complaining that government cooperatives have "completely forgotten about the manufacture of toys for children."

One co-op tried to manufacture dolls but mothers rejected them as "monstrous." The complaints were published in a Soviet publication, The Baku Worker.

**Your Diet—Eye It**  
Believe it or not, your teeth can cause poor eyesight. Teeth used in conjunction with appetite and an improper diet can cause you to eat yourself into poor eyesight. A public health nurse in Florida recently sent 20 school children to a professional man for visual correction. The examiner reported that nutritional deficiencies probably were the source of their seeing troubles.

**Now She Shops "Cash and Carry"**

**Without Painful Backache**  
As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headache and dizziness. Getting up twice or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 60 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and stones flush out waste. Get Doan's Pills today!

**Doan's Pills**

**IF PETER PAIN PUMMELS YOU WITH Back Ache**

**FOR FAST RELIEF, Rub in Ben-Gay.** Contains up to 2 1/2 times more of those two famous pain-relieving agents, methyl salicylate and menthol, than five other widely offered rub-ins!

Also for Pain due to RHEUMATISM, MUSCULAR ACHES, HEADACHES and COLIC. Ask for Mild Ben-Gay for Children.

# Nurse Tells How Hadacol Was So Helpful To Her

Supplied Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin  
 Which Her System Lacked

Mrs. Jennie Lee Adde, 412 N. 27 St., East St. Louis, Ill., a nurse, says she wishes she had found out about HADACOL sooner because since taking HADACOL she feels so good. Mrs. Adde was suffering a deficiency of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron which HADACOL contains.

Here is Mrs. Adde's own statement: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could sell a big improvement. Now I eat anything I want—and I feel well and I am full of energy."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with exact quantities of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come in Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adde's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin?

What HADACOL did for Mrs. Adde, it can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin content of your blood (when Iron is needed), to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful!

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close as hand as your nearest drugstore if you suffer a deficiency of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

© 1950, The LeBlanc Corporation.

In these days when new tires are both scarce and high price, why not save money by having your smooth tires retreaded?

Our modern design, materials and machinery turn out a finished product you can have full confidence in and be proud of.

Don't confuse modern retreading work with the old timey "to-cac" of the war days. There is all the difference in the world.

Our modern low pressure retreads come down over the side wall of the tire and stay on. They give new tire appearance and long wear at about one third the cost of a new tire

**WOMANPOWER**

**Womanpower Is Great Unused U.S. Resource in Event of War**

Former women defense workers of World War II, stirred by news headlines of bigger armament appropriations, are beginning to apply to their old employers for factory jobs, but the jobs generally won't be available for many months yet, reports the family economics bureau of Northwestern National Life Insurance company.

From industrial plants in such former war industry centers as Detroit, Cleveland, Chicago, and Minneapolis, personnel departments report scattering "early bird" calls from women who dropped out of war production work after V-J day.

It will be well into 1951, however, before current armament legislation in congress can turn into any sizeable number of factory jobs. But when the need comes, we will have an estimated reserve pool of 1 1/2 million women, some already trained but most yet to be trained. Normal population growth is increasing this pool at the rate of 200,000 per year, the bureau reports.

**Fine World War II Record**

Women have proven their value to defense, and therein lies a story in which America overcame prejudice and tradition.

At the beginning of World War II industry found it necessary to recruit women, but they were met with apathy or outright resistance. Many employers and men workers believed that women had no mechanical aptitude, were not accustomed to regular working hours and close supervision and would not work side by side with men without disrupting plant morale.

But as the number of women on production lines continued to increase in World War II, employers and foremen were effusive in their praise of the quality and quantity of the work done by women under their supervision and were even willing to admit its equality to that of men.

In 1900, one American woman out of five was gainfully employed. In 1940, one out of every four women held a paying job. From the Pearl Harbor attack in December, 1941, to the peak of 1944, 6 1/2 million women joined the working force, bringing the total number of employed women to approximately 20 million. Of these, some 48 were production workers in factories.

**Many in Heavy Industry**

There were 478,000 women in the aircraft industry; they made up 38.5 per cent of the production force, as against a mere fraction of 1 per cent in 1940. In the making of electrical machinery and equipment, a light industry which had employed women on almost a third of its production jobs before the war, the number of women rose to 370,000 or 48 per cent.

The shipbuilding industry, in which a number of jobs are physically difficult, disagreeable, or dangerous, was understandably slow to admit women, yet in October, 1943, there were 164,700 women (9.6 per cent) in the shipyards. Many of them worked outdoors in all kinds of weather or tackled jobs such as cleaning bilges and sandblasting. In other heavy industries, such as steel, reluctant to employ women, the number in the plants continued to increase until 381,000 women were employed by autumn of 1944.

In the event of war and total mobilization, women would play an ever greater part in armed forces than during World War II. During the last conflict 275,000 women were members of the armed forces, about one-third the number that the army estimated it could have used. A new emergency would undoubtedly require a greater number of women in the services.

**Draft a Possibility**

If there was a new emergency the United States would probably try first to recruit women on a voluntary basis. If that failed to produce the numbers needed, the only recourse open would be some form of compulsory service, perhaps similar to that used by Great Britain during World War II.

After V-J day, less than two million women dropped from the employment rolls, so that of the total female population aged 14 or over, one out of every three, or over 18 million, are still gainfully employed. Due to the high marriage rate of recent years, the number of single women in the population is almost 3 million less than in 1940, and of our nearly 33 million housewives, a larger proportion have small children. Therefore, our reserves of potential women workers, like our reserves of male workers, are far smaller than before World War II.

Nevertheless, a reserve pool of from 1 1/2 million to two million additional women workers can make a huge difference in the power of a new defense effort. Women workers had a proud record in World War II. They quickly learned the necessary skills. Their absenteeism was lower. They gave high quality performance on the job. Women not only filled defense plant jobs, but equally important, they filled vacancies in civilian occupations left by men entering military service, and thereby kept the home front economy from being disrupted.

The need for women in industry will increase during the next year as the armed forces are expanded to 3,000,000 men. At present there are about 1,500,000 men in the armed services.

**Form Role Important**

Women during World War II increased their activities on the farms of the nation and at the end of the conflict were working in the fields beside men in jobs they had never done before. That they were successful is evident by the fact that agricultural production reached an all-time high during the conflict.

Employment in the United States industry, trade, and other nonfarm lines has reached an all-time high of 45,500,000, the bureau of labor statistics reported recently.

The bureau reported this rise in employment reflected expansion of industrial activity to meet the national mobilization drive. To maintain this drive, more and more women will be called to replace men inducted into the armed services.

The total number of employed persons, including those on farms and in military services, is now more than 61,000,000. In the event of war, women, and particularly housewives, would play an important role in the warden service organized under local civil defense authorities. Experience has proved that women are particularly qualified for this type of responsibility and are generally present in residential neighborhoods at all hours.

**PAVING A YARD**

Question: We have a small space in our yard that is unpaved. We want to cement it. What sort of solution could we pour into this earth to deaden the roots of the wild greens that grow up there? We fear they might come up through the cement after it is laid.

Answer: If the cement is properly laid with several inches of thickness over well-tamped earth, I do not see how ordinary weeds, etc. could break through the cement. Lacking air and sunlight there will be no growth. I do not see that you have any reason to worry if the cement is thick enough and properly laid. How-

ever, if you wish to kill the growth before-hand, pour on a strong solution of rock salt or calcium chloride. There are also weed-killing preparations on sale at garden supply stores.

Even the other medicines have failed to relieve your **COLD MISERIES** YOU OWE IT TO YOURSELF TO TRY SOMETHING DIFFERENT **666 LIQUID TABLETS**

**HOT FLASHES?** Are you going through the functional "middle-age" period peculiar to women (30-55 years)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Regular use of Pinkham's Compound helps build up resistance against this annoying middle-age distress. **LYDIA E. PINKHAM'S VEGETABLE COMPOUND**

**NEW IMPROVED**

**3 WAYS BETTER!**

...say Cookery Experts

"Easier to use" says Ida Bailey Allen, world-famous food authority and well-known radio and television personality. "There's no long waiting, no difficult 'special' directions with Fleischmann's New Improved Dry Yeast. I've never known a yeast that's faster and easier to use."

"Faster dissolving" says Natalie Scott, cookery expert and editor. "It's faster dissolving—no other yeast can top it! Just combine Fleischmann's New Improved Dry Yeast with water, stir it well and that's all! You're all ready to start in half the time. It really is the finest yeast I know!"

"Faster rising" says Elizabeth Balmer, food authority and cookbook editor. "When you bake at home, depend on Fleischmann's New Improved Dry Yeast to cut down rising time, give finest results. It's more active than ever and stays active for months—just keep it cool and dry."
