brain was pressing down. So nervous I could not get my rest at night. Would have sinking spells and then so weak that I could not do my work." A great many women in the United States recognize in this description their own experience.

Mrs. Hill found a remedy. After taking four bottles of Peruna she gained in strength and flesh and wrote us that she was a well woman again. She says, "I cannot thank you enough

for my recovery."

This is no ordinary incident. Twelve years suffering. Four bottles of Peruna. Restored to perfect health, If Peruna can do this for one woman why can it not for another? Is it not worth your attention? Is it not worth trying?

Those who object to liquid medicines can now obtain Peruna Tablets.
