# **GOVERSMENT TO** MAKE GOOD

The man in charge of that part of the program has again notified that the airoplane exhibition promised to this city will be given. aeroplanes failed to arrive, was received by Judge Parish, Monday, and stated that if the planes did not get here this week it would come next week, and the program as first announced carried

The Victory Loan campaign closes on the night of May 10th. This county is not over the top and the Dallas District is the lowest district in the United States, having subscribed less than twenty-one per cent of its quota. Those who complained at the government's failure to give the aeroplane exhibition here are in most cases the people who have not bought

Judge Parish stated that he would like to see Runnels county go over the top, and then if the government saw fit to send aeroplanes here for an exhibition the people could celebrate the occas-

Former Ballinger Man Kills Step Father-In-Law

News was received here Fri day that Ernest Plummer, a former Ballinger boy, had shot and instantly killed a man at San Antonio. The details of the killing was not known here until the San Antonio Express was received Saturday giving an account of the tragedy.

Ernest Plummer spent his boy-hood days in Ballinger, coming here when he was a little fellow. He attended the Ballinger school and after leaving school he engaged in the insurance business. Disposing of his insurance busines, he moved to Del Rio, Texas, where he engaged in the hard-ware business. He was popular with all classes during his life in Ballinger, and has many friends here who will regret to hear of his trouble.

The San Antonio Express gives he following account of the trag-

"T. E. Plummer, 37, government imploye at Camp Noroyle, was placed in the county jail Thursday night at 6:30 o'clock, following the killing of George Marday afternoon at the latter's home 840 Eldorado Street. Marshall who was 47 years old, was shot A charge of murder was filed a-

### Only One Corn Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off.

The Only Peel-It-Off Way is "Gets-It."

It" anyhow, sooner of later; might as well use it sooner. Then you are absolutely sure that the corn will loosen from your toe so that you can peel the whole thing off painlessly with your fingers, in one complete piece—just like peeling a banana. It takes a second or two to apply "Gets-It." There's no fussing or puttering. Corn-pains will vanish—that'll keep you sweet while the "Gets-It" does the rest. Nothing new for corns has been discovered since "Gets-It" was born. Follow the judgment of the millions; use "Gets-It" and be sure to be corn and pain free! You'll say it's magic. "Gets-It" the guaranteed, moneyback corn-remover, the only sure way, costs but a trifle at any drug store. M'td by E. Lawrence & Co., Chicago, Ill. Sold in Ballinger and recommended as The Only Peel-It-Off Way Is "Gets-It."

# The good old times? There were none.

THEY'RE here now. You are getting more and paying less for it I in effort and hours - your welfare is guarded with more privileges - your independence is more thorough - your rights are more absolute than those of any generation since Ancestor Adam developed a fondness for apples." - Herbert Kaufman

There are more opportunities for men with ready money today than ever before. Ready money comes only with steady saving.

# The Flow of Meat

Two-thirds of the live stock in the United States has to be raised in the West.

One-half of the consumers of meat live in the East.

In other words, most of the live stock is one or two thousand miles distant from most of the people who need it in the form of food.

Fifty years ago, when live stock was raised close to every consuming center, the country butcher could handle the job after a fashion.

But the job got too big.

Now millions of animals have to be moved hundreds of miles to millions of people. Somewhere on the way they have to be turned into meat.

The packers solved the problem. They set up plants where the "live haul" and the "meat haul" were in the right balance. They built up distributing systems-refrigerator cars, refrigerating plants, branch houses. They saved time, money and meat everywhere. The stockraiser benefited in better markets and higher prices; the consumer, in better meat and lower prices.

As the country grew, the packers had to grow, or break down. Because of its present size and efficiency, Swift & Company is able to perform its part in this service at a fraction of a cent per pound profit.

Swift & Company, U.S. A.

# OLLIE STEELE IN JAIL AT ANGELO

News was received here several days ago to the effect that Ollie Steele, Norton postmaster, had been arrested for embezzelment, and carried to San Angelo. No details were given out here until Thursday when the San Angelo Standard published an account of

Steele is well known in Ballinger, having formerly attended the Ballinger schools, and was employed in local stores as delivery boy. He came to this county with his father about ninteen years ago The San Angelo Standard gives

the following account of the case: "L. O. Steele, postmaster at Norton, Runnels county, was lodged in the Tom Green county jail in San Angelo Wednesday morning when he failed to furnish bond in the sum of \$1,500 after waiving an examining trial before United States Commissioner Jesse, Couch on a charge of embezzlement.

"Steele was brought to San Angelo Tuesday night on the Orient in custody of Ben Corneilson deputy United States marshal. He was arrested Tuesday at Norton on a warrant issued here following the filing of a complaint on Monday by Mark Williams, postoffice inspector from El Paso. It is charged that \$900 in postoffice funds is missing at Norton.

"In conversation with Inspector Williams, Steele is said to have stated that he used the money in buying a soda fountain and in replenishing his stock of confections and groceries at Norton. He intended to return the money to its proper source, he asserts. Mr. Williams said Wednesday morning that a few days ago he received a check from Steele for \$320, but when he presented it at Bronte ank Tuesday it was turned down.

"Steele is about thirty-two years old and single and has lived in Runnels county eighteen or nine At a depth of 3120 feet the bit | Wrinkled with age bent with teen years. His parents, two time ago. No friends accompain-

# TREATY DELIVERED TO THE **GERMANS IS VERY EXACTING**

VERSAILLES, May 7-The German peace delegates received the peace treaty at three-seventeen o'clock this afternoon, following a brief speech of welcome by Premier Clemenceau.

The manuscript of the treaty was translated into German language and handed to the German delegates by French Secretary Duasta. The speech of Premier Cleamenceau and the delivery of the peace treaty to the Germans by the French secretary lasted only fourteen minutes and the Geman delegates returned to their headquarters and they have fifteen days with in which to sign the treaty and return it to the peace conference.

VERSAILLES, May 7 .- An official summary of the peace treaty as presented to the Germans here today, and given out to the press this afternoon, provides fofr a number of concession which will be hard for the Germans to make.

Among the most important terms specified in the treaty are the

"Germany must cede Alsace-Lorarine to France.

"The former kaiser must be tried by an international tribunal.

"The German army must be reduced to one hundred thousand men, including officers.

"The German navy must be reduced to fifteen thousand men, including officers.

Germany cannot have any submarines.

Germany must give France permanent possession of German coal mines in Saar Basins.

'Germany must pay for ships sunk by her submarines.

The total text of the treaty consists of about eighty thousand
