"Wrong Number'

Not all the "wrong numbers" are mistakes of the operators-sometimes folks call the wrong number, you

It's mighty easy to transpose "456," for instance, to "465," when you depend on your memory.

The surest way is to consult the directory every time and be sure to call the right number-speaking the figures distinctly, into (not just "at") the telephone, and correcting the operator if she repeats them incorrectly. Then when "Central" does give you the wrong number, if you want to "bless out" the Telephone Company you can do it with a clear conscience, you see.

After all, the percentage of all the "wrong number" calls-the Telephone Company's mistakes and those of the patrons together-is much lower than you probably think especially when you consider the great number of calls that go over the lines every day.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

The Woman's Tonic

She writes further: "T am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, rundown and weak, or suffer from headache, backache, etc., every month, try Cardui. Thomands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

LOCALS GET BEST OF SLUGGING MATCH

The Bear Cats came back in the second game with San Angelo here yesterday and hit the ball all over the lot, rolling up a total of 13 runs to the visitors 6. The game was a sewed-up proposition for the locals from the first inning when they hit the apple for a sum of 3 runs.

Courtney, who won the first game here, took the mound for San Angelo, but one inning convinced him that he was a oneday pitcher and Hancock was sent in in the second frame to relieve. The third and fourth proved disastrous for Hancock, the Bear Cats stepping out 5 runs and Hezzie took the mound but got no further than the eighth when another rally netted four more runs for the home boys. Practically every man on the Ballinger team got some more percentage on his batting average, Penn leading with a percentage of 1000.
