

Rain Thursday Recalls Flood In Ballinger 14 Years Ago

Rain Thursday morning was general over Runnels county, and practically the entire county received from a half to two inches. The rain was reported light at Rowena, and Paint Rock reported light showers, while other places reported as follows:

Benoit half inch, Bradshaw 1.4 inches, Bronte good rain, Coleman half inch, Crews good rain, Maverick two inches, Miles 1.25, Norton 1.5 inches, Ovalo 1.25, San Angelo three-quarters, Santa Anna one inch, Talpa half inch, Wilmeth 1.5, Wingate 1.5, Winters .70.

The rain came from the North. Heavy clouds rolled up from the North and Northwest, and with a dash which soon turned down to a gentle down-pour, the rain gauge shortly showed almost an inch, and still it rained.

Telephone reports from the North stated that it had been raining for an hour or more before the rain reached Ballinger. The rain extended over a large territory, and bids fair to be general as well as sufficient for all purposes.

The rain comes in ample time to save the late feed crops, and will bring out the big cotton crop. In some places cotton had begun to suffer seriously for rain, and as to the final outcome of such crops will depend now on a late fall. The cotton crop, however, will be a good one and many pickers will be needed here this fall.

While Ballinger was receiving a good rain Thursday morning, it was recalled that the heaviest rain ever to fall in this county, fell on this date fourteen years ago when the town was threatened with a flood, and many people were forced to flee from their homes to the highlands of the city.

After a series of showers over the county, heavy rains began falling here on Aug. 5th, 1906. The rain fell in torrents and the river began to rise rapidly. The heavy rain continued throughout the night of August 5th, and as the river began to leave its banks and flood the flats, the fire alarm was turned in, and wagons were soon put in use hauling people and their personal effects from the endangered zone.

By daylight on the morning of August 6th, fourteen years ago, people were camped in churches, vacant houses, and in the school house, while some were given shelter in homes on the hill, and the high water was sweeping over the residential district in the

Southern part of the city. The Colorado river bridge and the bridge on Elm creek could be reached only by boat and water was sweeping around the corner of the F. and M. bank building. Watermelons were "gigged" by small boys as they floated by, in the business district.

A good crop followed the flood, and the demand for cotton pickers brought many negroes here. History may not repeat itself, but prospects are promising for all the rain the farmers can use.

NEFF AND BAILEY MEET AT COLEMAN

COLEMAN, Tex., Aug. 4.—Pat M. Neff and Joseph Weldon Bailey spoke to a crowd estimated at more than 5,000 persons at the American Legion picnic here today. It was the first time during the present campaign and in fact in the history of the state that the gubernatorial candidates met in what was practically a joint debate. Bailey was the first to arrive in the city and made his headquarters at the Cottage hotel. Neff arrived about 11 o'clock today and also registered at the Cottage hotel.

Neither of the candidates met until they reached the fair grounds. With a half smile playing about his lips Neff nodded to Bailey. Whether Bailey noticed Neff or ignored him is not known, but he did not return the greeting. Neff was given an ovation when he stepped from the train. The 16th Cavalry band from Ft. Sam Houston joined Neff at Brownwood and played from that point to Coleman. The band is here as the guest of the local post of the American Legion.

Mayor E. P. Searbrough, J. M. Ree, W. R. McClellan and J. W. Golson headed the committee of citizens that met Neff at the station. With both candidates in town, tension ran high among the citizens and many heated arguments ensued on street corners. Bailey was the first to speak this afternoon and was given an ovation when he arose to speak.

Has Never Seen Their Equal.
 "I have used Chamberlain's Tablets for stomach trouble, biliousness and constipation off and on for the past ten years. I have never seen their equal yet. They strengthened my digestion, relieved me of headaches, and had a mild pleasant action on my bowels. I take pleasure in recommending them," writes H. D. F. Parmenter, Cridersville, Ohio.

GOOD RAIN TO MAKE MELON CROP BETTER
 Melon growers have been keeping a keen eye on the clouds, and the rain which came Thursday morning will prove to be of much benefit to the crop. The melons are late, but the South Ballinger melon growers will find a ready market and at a high price. Watermelons have been selling on the local market for three cents a pound, the highest on record.

NEFF FOLLOWERS GO TO COLEMAN

Pat Neff addressed the people at the American Legion picnic at Coleman Wednesday afternoon, following the address of Mr. Bailey. Mr. Bailey began speaking at one-thirty and spoke for two hours and Mr. Neff began speaking at three-thirty and spoke for two hours, both candidates speaking from the same platform, and according to reports received from Coleman, a large crowd remained and heard the two speeches.

J. D. Perkins, R. W. Bruce, E. W. Brownrig and Scott H. Maek, went to Coleman, leaving here about noon. They had car trouble and did not arrive in Coleman in time to hear Joe Bailey, but report that both the candidates were cheered from time to time, according to reports of the Bailey speaking given them. The Ballinger gentlemen were well pleased with Pat Neff's speech, and conferred with Mr. Neff for a speaker at Ballinger, and a date for a Neff speaking will be announced at an early date. Mr. Neff will not be able to visit Ballinger himself, but it is probable Cone Johnson will speak here.

WIRES PARENTS ABOUT WEDDING

One of the matrimonial surprises of the summer came in a wire message from Ranger Sunday. The message was signed by Mr. and Mrs. Williams, or "Oscar and Vera," and came to Mr. and Mrs. J. A. Williams of this city and to Mr. and Mrs. R. A. Nicholson of this city, parents of the victims of cupid.

As told the Ledger reporter, Miss Vera Nicholson went to Ranger a few days ago to visit her friend, Miss Irene Clappitt, who was visiting her sister, Mrs. O. D. Dillingham. Oscar Williams is manager of the Walker Smith wholesale grocery house in Range. The telegram received by the parents of the prominent young folks tells the rest.

Miss Vera is the oldest daughter of Mr. and Mrs. R. A. Nicholson, and is one of Ballinger's most popular girls. She attended C. I. A., at Denton last term and it was reported that she was planning to attend Ward Belmont College at Nashville next term, and the time was rapidly drawing near when she would have said good-by to friends for another school term. In ending her school days she has chosen a good man for her husband.

Oscar Williams is the only son and child of Mr. and Mrs. J. A. Williams of this city. He has stolen one of Ballinger's best, and he deserves the best.

While the wedding comes as a surprise to their many friends, congratulations were not delayed, and the announcement of the wedding was acknowledged by messages of congratulations.

WINTERS FINDS EASY PICKING

Going to Winters with a baseball team made up largely of substitute players cost Ballinger defeat at the hands of the Winters sluggers Friday afternoon. Winters has a good team, all home players, and they do not have to rely on substitutes when they match a game, while some of Ballinger's best players cannot get away from business to play away from home.

The game went to Winters by a score of 1 to 7. The locals made errors which were expensive, 3 or 4 runs resulting from pass balls. The locals failed to connect with the horse hide at the proper time to send their men around the diamond and only sent one man over home plate.

This was the second game with the Winters team for the season, the locals having defeated the Winters team at about the same ratio on the local diamond two or three weeks ago. The third game will be played here when Winters comes next Wednesday or Thursday.

TALPA CITIZEN KILLED IN N. M.

Roy Clayton was here from Talpa Saturday and reported the killing of Tom Hinnard, a former Talpa man, and a good friend of the Clayton's and a son-in-law of W. A. Summers, of the Talpa country.

Mr. Hinnard was killed in New Mexico by two men by the name of Starkey. One of the Starkey brothers was also killed in the gun fight and the other wounded. The trouble was the result of a dispute over water rights.

Mr. Hinnard leased land in New Mexico from F. Beck, of Coleman, about a year ago and was raising sheep on the land. It seems that the only water for a radius of many miles was located on the Beck land, and after a dispute over the land the three men met at the water, and the fight took place.

Hinnard is survived by a wife and several children, and his family was with him in New Mexico. Mrs. Hinnard's father, Mr. Summers went to New Mexico upon receipt of a message of his son-in-law's death and the remains of Hinnard were buried at White Oak, New Mexico.

Deceased lived in the Talpa country for many years, and had many friends in that section who will regret to hear of his death.

Ever Get Bilious? Try This

Take NR at once. Get digestive and eliminative organs working in harmony and relief is immediate. Never causes griping.

NR Tonight - Tomorrow Feel Right

When your liver goes on strike and you feel a sick, bloated, griping, spell coming on, instead of pushing your liver with cathartics and irritating your bowels with astringents, get out your box of mild, gentle-acting NR Tablets and take one right off.

Relief will come just as quickly and with it genuine, lasting benefit. There will be no griping, gas, bloating, pains or doubling stomachache. Nature's Remedy (NR Tablets) work promptly and thoroughly, but the action is gentle, mild and soothing.

Relief comes through the restoration of Nature's Remedy on not only the liver, but on the whole digestive and eliminative system—the stomach, the bowels and even on the kidneys. Stored up accumulations of waste and body poisons that have been clogging the system are completely cleared out, the over-worked stomach is strengthened and the interrupted work of digestion and assimilation is resumed. The inactive liver goes to work with new vigor, the bowels are unburdened, the headache leaves, that dull, "dopey," want-to-crawl-down-a-hole feeling disappears, energy, "pop" and appetite return and you feel yourself entirely, completely re-energized.

There is no better proof of the great value of Nature's Remedy for biliousness and constipation than the fact that more than one million NR Tablets are used every day—more than five million boxes sold every year.

If you've not already done so, get a box of Nature's Remedy (NR Tablets) and take the first tablet tonight. If your constipation is stubborn or persistent, continue to take one each night for a week or so. Then note how you feel. Your bowels will be as regular as clock work, and you'll find yourself in better shape physically, mentally, every way than you've been in many a day. After that you need not take medicine every day. An occasional NR Tablet to keep your system in good condition will be sufficient, and you can always feel your best. Remember it is easier and cheaper to keep well than to get well. Just try it.

Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

\$40 PER ACRE FOR RAW LAND

H. Giesecke reported the sale of 410 acres of land out of the Parramore tract north of Ballinger and east of Winters last week, to Ben Spill, of Winters, for a consideration of \$40 per acre.

This land was cut out of the Parramore ranch, and has no improvements on it, and has never been cut by a plow. Mr. Spill will improve the land and at a later date convert it into a good farm.

Mr. Giesecke stated that he had deals pending in which it was probable improved farming land in this county would go for \$100 per acre. "I feel sure the deal will go through," said Mr. Giesecke.

It is reported that Mr. Johnson is refusing to speak out in the open on account of desiring not to cripple his voice. If that be true and the speaking is held in the court house, it will be a policy of first come, first served when the prominent speaker addresses the people here next Thursday afternoon. However, the committee will make an effort to get Mr. Johnson to speak where the larger crowd can hear him.

The readers of this paper, we feel sure, appreciated the excellent service of the Texas Election Bureau in supplying the election returns from the first primary. The returns were compiled and sent out rapidly and accurately, and it was known in a few hours after the polls closed who was elected. The bureau will handle the returns for the second primary on August 28th. The Ledger is a member of the election bureau and will serve to its readers the returns as fast as they are received. The service is high and comes as a luxury, but with a little assistance in the way of patronage we expect to give the best service possible in the small daily class.

FINISHING THE JOB

If you voted in the first primary, you are duty bound to vote in the second primary. Your vote helped to bring about the present political state of affairs in Texas, and no man should start a job and jump his contract.

It may be your last in the first election, and it may be that you will lose in the second primary, a losing voter is worth more to his country than a "mug-wamp."

Counting the women, Texas has approximately one million voters, and until a larger percent express themselves at the polls, it cannot be said that any man or measure has the endorsement of the people.

Exercise your franchise privilege and this will be a better governed country.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

SALVATION ARMY COUNTY BOARD

After spending a couple of days here in the interest of the Salvation Army, O. N. Verenius, from the research department of the Chicago headquarters of the Salvation Army, directed the organization of a local County Advisory Board Tuesday morning.

A number of business men were called together at the rest room of the Lankford Furniture Store, where the work to be inaugurated here was briefly outlined by Mr. Verenius, and where officers of the board were elected.

T. S. Lankford was elected temporary chairman of the meeting and A. W. Sledge temporary secretary. After brief discussion, the permanent organization was perfected by the election of permanent officers and the appointment of permanent committeemen.

Paul Trimmer was elected permanent chairman, A. K. Doss, vice chairman; W. C. McCarver, secretary; R. G. Erwin, treasurer.

It will be the duty of the county advisory board to direct what will be known as a home service program, and reports will be made out covering the various phases of the work in this county, including poverty, pauperism, unemployed, juvenile delinquency, dependent maternity cases, prison work, Americanization, mission persons, etc. and the different branches named were assigned to the following named gentlemen: Poverty-pauperism, the unemployed—T. S. Lankford.

Juvenile Delinquency—W. C. McCarver.

Dependent Maternity Cases—R. T. Williams.

Prison Work—A. K. Doss.

Americanization—E. Sheppard.

Missing Persons—A. W. Sledge.

Mr. Verenius stated that the object in organizing county advisory boards is to curb unrest, for the prevention of social ills locally, and to co-operate with the Salvation Army in carrying on rescue work among men, women and children.

The Salvation Army is striving to put an end to street soliciting or begging for the support of the work. Mr. Verenius stated that once each year a campaign for finances would be carried on, and this work will be handled by the county advisory board.

The Salvation Army is doing a great work, and the service of the organization has become to be appreciated more since the war on account of the wonderful service the Salvation Army workers did during the war and especially on the battle front.

Those present at the meeting Tuesday morning entered into the work whole heartedly and with a willingness to do what they could for the success of the work.

The county advisory board will meet again on August 24th.

TO THE VOTERS OF RUNNELS COUNTY

I sincerely solicit your vote on August 28th for nomination to the office of Tax Assessor of Runnels County. I have had some experience as deputy and I love the work. Have been a public gunner since 1891, to 1917. Done a successful business to pleased customers until the death put me out. If elected I will work faithfully to the people's interest in the future as I have in the past. "As a man loveth his work so will he do it well." I thank you for the better vote where I am best known.

I will not ask for an office the third time.

Sincerely,
 J. R. Holloway.

HARDLY KNOW HER AT FIRST SIGHT

Mrs. White's Neighbors Are All Talking About Her Wonderful Recovery

"When my wife began taking Tanlac she weighed only ninety-five pounds; now she weighs one hundred and forty-three and her wonderful recovery is the talk of our neighborhood," said Ben White, of 111 Crescent Ave., Peoria Ill.

"Mrs. White has been suffering from stomach trouble and nervousness eighteen years," he continued, "and for a long time had been unable to leave the place. We spent all the money I could get for treatments and medicines but she never got any better. She was a complete nervous and physical wreck and I have seen her nearly die with cramps in her stomach and after eating she could hardly breathe for the gas. Headaches drove her nearly distracted and I have stayed home with her weeks at a time fearing she would never pull through, for she was getting worse all the time."

"After hearing so much talk about Tanlac I bought some for about Tanlac I bought some for she could eat and sleep better. She has now taken about twelve bottles and is the very picture of health. Why, some of her friends hardly know her at first sight now. She is as well and happy as a person can be."

Tanlac is sold in Ballinger by Weeks Drug Store in Tokcen by J. W. Bright and in Winters by Owens Drug Store.

NEWS FROM PAINT ROCK

Mrs. J. W. France of London, wife of Dr. J. W. France, had a serious stroke of paralysis late Monday at their home in London. The stroke was on one side of the body. Dr. France and family lived here for years and the family have a multitude of friends here who deeply sympathize with them in their affliction.

Mrs. Walter Barr of Concho had an attack of paralysis on the right side of the face Thursday caused by hemorrhage of the brain. The doctor considers it serious. Mrs. Barr has been a very active woman, taking care of her home duties, the post office and some times the store. This is a great affliction on her and her family.

Tomorrow the county votes on a fifteen cent road tax. This will be appropriated to each commissioner's precinct in proportion to the tax collected in the several precincts and will be applied to the improvement of roads and to nothing else. This tax when voted as a road special can be used for no other purpose.—Paint Rock Herald.

Lift off Corns!

Doesn't hurt a bit and Freezezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

HORSE BADLY CUT BY FALL Specialist's Prescription Prevents Complication

In telling of the accident to his horse, Mr. Luther Carmen of Valley Park, Mo., stated: "My horse fell down and cut his knees all up. I dressed them with Dr. LeGear's Antiseptic Healing Powder and they are healing fine. It is a wonderful remedy for healing sores on horses."

Mr. Carmen is simply voicing the sentiments of hundreds of others who felt that having Dr. LeGear's personal prescriptions on hand at all times is nearly as good as having Dr. LeGear where they could reach him in a few minutes.

Wounds and sores must be taken care of immediately. Get a can of Dr. LeGear's Antiseptic Healing Powder from your dealer. Dust an enough of it to cover the wound or sore. It forms a protection against insects and infection and promotes healthy healing. Dr. L. D. LeGear Med. Co., St. Louis, Mo.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surface of the system.

We will give one hundred dollars for any case of catarrhal deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All druggists, 75c.

Blanton Not for Bailey

BALLINGER LEDGER:

In your issue of August fifth you published a political advertisement headed "BLANTON AGAINST NEFF." In my letter then published I did not authorize such a deduction, as I merely declared upon certain principles and not for or against any candidate for Governor.

Texas Laws prevents a candidate from in any way, contributing to the campaign of another candidate. Publicly espousing the cause of a candidate in some cases could in effect become a contribution of value, hence under the law I am prohibited from publicly taking sides as between two contending Democrats.

My friend, Mr. Spann, had a perfect right to demand how I stood on an important issue such as the Open Shop, and to such extent I promptly answered his communication. Frankness requires me to state, however, that in the Primary on July 24, I voted neither for Mr. Bailey nor for Mr. Neff. In a personal letter within the last few days I have propounded to Mr. Neff some pertinent pointed vital questions relating to the present industrial situation in Texas embracing the condition at Galveston, and unless he makes satisfactory answers to such questions, he will not get my vote in the second primary.

E. V. Bateman,

Chairman Publicity Committee.

The Headline in the paid advertisement appearing in the Ledger of yesterday with reference to the "Open Shop" issue, and as to which candidate for Governor Blanton would or would not support, was intended to mislead the people, as it is very apparent that at the context of Blanton's communication does not support or justify such "Headlines"

Samuel Gompers, president of the American Federation of Labor catalogued Mr. Blanton and Senator Bailey for defeat in Texas, and went gunning for both candidates on account of their stand on the Open Shop issue. Mr. Blanton was nominated by the voters who were in favor of the Open Shop, his opponent went down in defeat five to one in Runnels County and in the Union Labor section of the District two to one on account of his stand for Closed Shop. Mr. Bailey stands for the Open Shop, and is in perfect harmony with Mr. Blanton while Neff opposes the "Open Shop and Mr. Blanton says "he will not support any man for Governor who does not favor the Open Shop and a law against picketing." **VOTERS** draw your own inference as to whom he is for; you understand the common English language and the meaning of words. Mr. Blanton's explanation of how he stands is very clear to the Bailey supporters, but to a few of the supporters of Neff it is simply a circumlocutory and pleonastic cycle of oratorical sonorosity, circumscribing an atom of ideality lost in verbal profundity.

BLANTON THANKS CONSTITUENTS

I am under renewed deep and lasting obligation to my loyal friends for their dependable support. I deem my splendid majority of 11,217 in the District as simply remarkable. With a majority of over five votes to one in such large representative counties as Burnet and Runnels, proves that it was the new stranger population that caused me to lose even by a small vote, Eastland County, as I carried by a substantial every other County in the district, carrying 18 out of 19 counties. Organized opposition worked for my defeat in every county. No greater effort was ever made against any candidate. Not half so much type was ever set and circulated before to bring about the defeat of any other candidate for Congress. Not one third so many organizations ever before sought the defeat of a Congressman. My good Constituents will never know just how many forces and combinations there were actively and concertedly seeking my political ruin. My tremendous majority demonstrates that the people do appreciate and will reward faithful service.

Honest members of organized Labor will some day realize that after all, instead of being their enemy, I have been their loyal faithful friend, seeking only to protect them against their own worst enemy—selfish lawless anarchy.

The new voters in my District, too, will some day realize that I have been cruelly misrepresented, maligned and treated with great injustice, and that they formed a wrong opinion of me. I ask that they do not believe prejudiced reports, but in the future look to the entire Daily Congressional Record for my official acts.

I leave Texas in a few days for Washington to resume my work in cleaning up the many Departments there, and hope to repay my Constituents those who voted for and against me, with the very best service of which one man is capable. Whenever I may serve any person I hope you will freely call on me. I thank you with all my heart for your confidence and support.

Sincerely your friend

BAPTIST CAMPERS PAY FOR OUTING

Sixteen hundred dollars was asked to defray the expenses of the Christoval encampment this year, and before the Rev. E. F. Lyon could stop the contributions \$1,700 had been subscribed by the people who were attending the meeting.

This year's encampment is said to exceed all others in other ways than in giving money. People from a half dozen different states and from many Texas towns are encamped on the grounds among the pecan trees. When a call was made to see where the majority of the campers were from, Eldorado lead the list with over a hundred. Other localities were represented as follows: San Angelo 75; Abilene, 52; Ozona, 25; Beaumont, 7; Coleman, 15; Winters, 25; Colorado, 15; State of Washington, 2; Havana, Cuba, 2; Brownwood, 50; Temple, 5; Texarkana, 3; Sweetwater, 15; Dallas, 25; Teague, 6; Llano, 2; Sonora, 8; San Saba, 5; Paint Rock 3; and Melin, 10.—San Angelo Standard.

A Real Iron Tonic

It is good to know that there is today a truly effective preparation for the relief of those that suffer from nervousness, weakness, the effects of overwork, of care, anxiety and worry.

It is called Petiron, and has many advantages as a preparation of iron in that it does not cause constipation, nor disturb the stomach, nor injure the teeth.

It is a real tonic, combining iron so as to secure the best effects of this great strengthener, with mung, celery, pepsin and other equally approved tonics and digestives. There is no extravagance, no over-statement in the claim that are made for it. There is no flamboyancy in its advertising. It is a product of the long established and widely known C. I. Hood Company, and this fact is a guarantee of its superior worth. Petiron is sold by all druggists.

TEXAS CORN IS VERY PROMISING

AUSTIN, Aug. 10.—Estimating the Texas corn crop this year will exceed a hundred and sixty million bushels, which will be more than may be disposed of at home, plans are being made by the marketing of the State Warehouse Marketing department for handling the surplus crop. Major Sam H. Dickson, chief of the division, has announced.

The plans contemplate getting buyers from other states to buy the surplus crop and Major Dickson says he already has a list of prospective buyers so that the farmers may be assured of getting the highest market price for their corn.

Reports received by the division from the corn belt of Texas strongly indicate a bumper crop this fall. The list of buyers are not all outside of Texas, as in the state there are many sections that do not produce a sufficient amount of corn for local consumption.

ASKS FOR EXAMINING TRIAL IN CHECK CASE
The young man who is held in the local jail charged with passing three forged checks in Ballinger last Saturday, has asked for an examining trial, and it is alleged that he will attempt to prove that he did not forge any checks, and that the name he signed to the checks was his correct name.

The checks were signed S. S. Phillips.
The young man arrested was going under the name of Ables. He had been going by that name in the community where he had been for the past year, but now claims that Ables was a fictitious name and that his correct name is Phillips. If Ables, or Phillips, should prove that his name is Phillips instead of Ables, the charges would be reduced to a misdemeanor, or swindling, instead of felony. It is reported that the man also has the name of Johnson.

J. H. Price is at home from Los Angeles, where he went in June to visit his daughter. Mr. Price says he had the time of his life, notwithstanding that he experienced forty or fifty earthquakes, one of which caused a sensation not altogether very pleasant. "That thing is going to shake all to pieces sometime," said Mr. Price, "and you can just say for me that I wouldn't give Ballinger for the whole California country."

Mr. Price came back carried away with the good roads in California and says the climate is fine but it is Texas for him. He says he is back and ready for work.

COX IN ACCEPTANCE SPEECH GIVES VIEWS ON PARTY CAMPAIGN ISSUES

DAYTON, Aug. 7.—Governor James M. Cox, in a speech accepting the Democratic nomination, outlined the important issues upon which the democratic party will go to the people and ask that the constructive work of the party be carried on by the election of Mr. Cox in the November election.

Notwithstanding that the weather interfered somewhat with the occasion, the notification program was carried out, and the democratic candidate's message sent to the people, after he was officially notified.

DAYTON, Aug. 7.—An early promise of fair weather for the notification exercises of Gov. Cox was broken by gathering clouds, and by ten o'clock a light rain arrived, with local thunder showers predicted for the day and tomorrow. The rain this morning, however, was not sufficient to drive the crowds to cover.

Gov. Cox began at once the discussion of the League of Nations. He said that Senator Harding had

GIRLS! MAKE A LEMON BLEACH

Lemons Whiten and Double Beauty of the Skin

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White which can be had at any drug store, shake well and you have a quart pint of harmless and delightful lemon bleach for a few cents.

Massage this sweetly fragrant loction into the face, neck, arms and hands each day, then shortly note the beauty of your skin.

Famous stage beauties use lemon juice to bleach and bring that soft, clear, rosy white complexion. Lemons have always been used as a freckle, sunburn and tan remover. Make this up and try it.

made a new pledge of policy in behalf of his party, and quoted Mr. Harding as saying:

"I promise you formal and effective peace so quickly as a Republican congress can pass its declaration for a Republican executive to sign."

This means but one thing—a separate peace with Germany.

"This would be the most disheartening event in civilization since the Russians made their separate peace with Germany, and infinitely more unworthy on our part than it was on that of the Russians. They were threatened with starvation and revolution had swept their country. Our soldiers fought side by side with the allies. So complete was the coalition of strength and purpose that General Foch was given supreme command, and every soldier in the allied cause, no matter what flag he followed, recognized him as his chief. We fought the war together, and now before the thing is through it is proposed to enter into a separate peace with Germany. In good faith we pledged our strength with our associates for the enforcement of terms upon offending powers, and now it is suggested that this be withdrawn. Suppose Germany, recognizing the first break in the Allies, proposes something we can not accept. Does Senator Harding intend to send an army to Ger-

many to press her to our terms? Certainly the allied army could not be expected to render aid. If, on the other hand, Germany should accept the chance we offered of breaking the bond it would be for the express purpose of insuring a German-American alliance, recognizing that the Allies—in fact, no nation in good standing—would have anything to do with either of us.

"This plan would not only be a piece of bungling diplomacy, but plain, unadulterated dishonesty, as well.

"No less an authority than Senator Lodge said, before the heat of recent controversy, that to make peace expect in company with the Allies would 'brand us everlastingly with dishonor and bring ruin to us.'

"And then after peace is made with Germany. Senator Harding would, he says, 'hopefully' approach the nations of Europe and of the earth, proposing that understanding which makes us a willing participant in the concentration of nations to a new relationship."

In short America, refusing to enter the League of Nations (now already established by twenty-nine nations) and bearing and deserving the contempt of the world would submit an entirely new project. This act would either be regarded as arrant madness or attempted international bossism.

"The plain truth is, that the Republican leaders, obsessed with a determination to win the presidential election, have attempted to satisfy too many divergent views. Inconsistencies, inevitable under the circumstances, rise to haunt them on every hand, and they find themselves arrayed in public thought at least, against a great principle. More than that, their conduct is opposed to the idealism upon which their party prospered in other days.

"We advocate immediate ratification of the Treaty without reservations, which would impair its essential integrity, but do not oppose the acceptance of any reservation making clearer or more specific the obligations of the United States to the League associates, said Mr. Cox.

Mr. Cox criticized the Republican congress for laboring for two years without taking any steps to reduce or repeal the war taxes levied on the American people dur-

ing the war. "Federal taxation must be heavily reduced," said Mr. Cox, "and it will be done at once, if a Democratic administration is chosen in November."

Discussing the labor question Mr. Cox said:

"Capital develops into large units without violence to public sentiment or injury to public interest—the same principle should not be denied to labor. Collective bargaining through the means of representatives selected by the employer and employee respectively, will be helpful, rather than harmful to the general interest. Besides, there is no ethical objection that can be raised to it. We should not, by law, abridge a man's right either to labor or to quit his employment. However, neither labor nor capital should at any time or in any circumstances, take action that would put in jeopardy the public welfare.

"There is another reason for the fabulous contributions to the present Republican campaign fund. Much money, of course, has been subscribed in proper partisan zeal, but the great bulk has been given with the definite idea of gaining service in return. Many captains of industry, guided by a most dangerous industrial philosophy, believe that in controversy between employer and employee their will should be enforced, even at the point of the bayonet. I speak knowingly. I have passed through many serious industrial troubles. I know something of their psychology, the stages through which they pass, and the dangerous attempts that are sometimes made to end them. Disputes between labor and capital are inevitable. The disposition to gain the best bargain possible characterizes the whole field of exchange, whether it be product for product, or labor for money. If strikes are prolonged public opinion always settles them. Public opinion should determine results in America. Public opinion is the most interesting characteristic of a democracy, and it is the real safety valve to the institutions of a free government. It may at times, be necessary for government to inquire into the facts of a tie-up, but facts and not conclusions should be submitted. The determining form of unprejudiced thought will do the rest.

Gov. Cox unreservedly in favor of woman suffrage and discussed that question at length, reviewing the constructive service of the women during and since the war. He declared that the women helped to win the war and that there are now entitled to a voice in the readjustment now at hand.

"Their intuition, their sense of the humanitarian in government, their unquestioned progressive spirit will be helpful in problems that require public judgment. Therefore they are entitled to the privilege of voting as a matter of right and because they will be helpful in maintaining wholesome and patriot policy. It requires but one more state to ratify the national amendment and thus bring a long-delayed justice. I have the same earnest hope as our platform expresses, that some one of the remaining states will promptly take favorable action."

DAYTON, Aug. 7.—Hailed as a candidate in whose selection "neither midnight combinations nor plutocratic cabals were instrumental," Governor James M. Cox was formally notified today by senator Robinson of Arkansas, chairman of the notification committee, that he had been chosen by the Democratic National Convention as the party's presidential nominee.

"The convention reached its de-

cision through the exercise of untrammelled judgment by the delegates without inducement of coercion from political masses," the senator said. "The honor and responsibility at this nomination came to you because your position respecting campaign issues is known to be in harmony with the platform adopted and because the quality of your public service demonstrates rare leadership."

Senator Robinson referred to the nominee's exceptional executive ability, his remarkable record as governor of Ohio, pointing out the splendid progressive and constructive measures enacted under his administration, especially mentioning the workman's compensation law, the budget system, rural schools, prison reforms and pointing to how Mr. Cox had successfully handled industrial disturbances and emphasized the great fact that the candidate was in perfect accord with the platform constructed by the progressive democrats at the San Francisco convention.

"The custom of giving formal notice of their selection to party nominees originated when methods of transmitting intelligence were slow and unreliable" said Senator Robinson. "Means of communication now available render notification ceremonies, in a sense superfluous. The practice continues chiefly because it affords an opportune occasion for the candidate to express his interpretation of platform declarations under conditions which give to his views great publicity."

"The circumstances attending your nomination should be highly gratifying to you. The San Francisco convention considered the qualifications of a number of able and loyal Democrats, including leaders of mature experience and nation-wide renown. From the time the delegates first assembled you were a favorite. Throughout the proceedings laudable rivalry and good will prevailed. When on the 44th ballot you were nominated, the action of the Convention was practically unanimous. Seldom a contest so impetuous has terminated so harmoniously. You are not only the choice of the convention but the choice is almost universally approved by Democrats and meets with the favor of many independent voters."

Chamberlain's Colic and Diarrhoea Remedy.

This is unquestionably one of the most successful medicines in use for bowel complaints. A few doses of it will cure an ordinary attack of diarrhoea. It has been used in nine epidemics of dysentery with perfect success. It can always be depended upon to give prompt relief in cases of colic and cholera morbus. When reduced with water and sweetened it is pleasant to take. Every family should keep this remedy at hand.

Virtue is a fad with some people.

R. T. Williams returned home Saturday from Dallas, where he went early in the week on business for the Higginbotham Bros. & Co., store.

J. E. Witt, who has been at work in Hidalgo county, was called home Friday on account of the serious illness of his daughter, Miss Pearl. Mrs. W. C. Peppers, a daughter of Mr. Witt, of Alvarado, also arrived Friday to be at the bedside of her sister.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will then be in perfect health. Pleasant to take. 60c per bottle.

member of your family. The mere fact that no member of your family has ever died from typhoid fever or been killed by a motor car or railroad train does not insure them against death at the hands of any one of these death dealing agencies, to the extent that they need not take any precautions against such a fate, nor does the absence of plague from your locality at this particular time mean that you may not have it with you next week, or at any time in the future," Dr. Goddard declared. "The facts are that no community in Texas is safe or will be safe in years to come," Dr. Goddard continued, "unless every infested rat is killed, and every one with common sense knows that this means that all rats must be killed in some way, either by poisoning, trapping, drowning, starving and stopping their increase, by destroying their homes, and by building houses, barns and store houses in such a manner that they can not get food to live on or find a home to live in. "All garbage and any and every thing that a rat can live on must be kept away from the rat at all times, if we are to succeed in our efforts to protect human life against the ravages of the plague. "Hundreds of thousands of dollars, even millions have been spent by cities that have experienced a plague war. A great amount of labor and money is required in trapping, poisoning, fumigating and examining rats, and in finally rendering these plague infested cities safe."

"The extermination of the rat in the state of Texas is not only a joke, but woe be unto the town or rural community that treats the matter lightly, and fails to act until a case of plague actually develops or kills some of its citizens

Bailey's Baileyism Bumcombe Reflected in False Figures

August 4th, 1920. Highway Department were \$530,000 for two years. This is not the first time that this statement and others of like kind have been attributed to Mr. Bailey. His attention has more than once been called to the fact that the statement is a gross misrepresentation of the

true facts and absolutely false. Still, for reasons best known to himself he persists in making these statements.

The records of the State Highway Department, borne out by those of the Comptroller and State Treasurer, which of course are accessible to everyone, show that the State Highway Commission expended from the date of its organization, June 4th, 1917 to June 1st 1920, a period of Three years, the sum of \$381,474.17 for maintaining the department. This sum includes all salaries of all employees of both engineering and registration departments, all supplies, and office fixtures for establishing the department from its inception, as well as all the costs of the engineering supervision of Federal aid in addition to State aid construction. In fact, all office and field expenses of every kind and character, excepting none.

For the same period the department received from automobile license fees the sum of \$4,328,123.69. It can readily be seen from these figures that the expense of the department is less than nine per cent of the fees accruing to the department and less than 1-2 per cent of the total amount of license fees collected. Including the amount derived from Federal appropriations, the percentage is so small that if it were not for the grievous harm Mr. Bailey's statements are liable to do the department, such wild and extravagant charges would be ridiculous in the extreme. The figures and percentage heretofore given were only for the year 1919, the first of Mr. Bailey's misstatements being directed at the expenditures of that year.

Mr. Bailey while pretending to be the farmer's friend, though in the past an open and avowed opponent of all measures espoused by them, notably among them being the Rural Free Delivery and later the Farm Loan Bank acts, is now with his strictly non-progressive and provincial ideas appealing to them for their votes, and at the same time attempting to ride into office by prejudging all the people against a department of the state that is as important if not more so, to the agricultural interest of our State as any other one department.

Would the people of your county be willing to follow the lead of Mr. Bailey, forego any participation whatever in the distribution of Federal and State aid, following his advice, construct a local system of highways, refuse to connect with their neighboring counties and hold aloof from either a connected system of State or National highways? I think not.

If the people of your county do not want a representative of the Highway Department to visit them, the process of getting rid of his visits is very simple, namely: ask that all the Federal and State aid heretofore allotted to your county be cancelled, and allow it to be granted to some other and more progressive community. Mr. Bailey's "Austin Agent" would then have no excuse for visiting your county and the result would be that the portion of Federal taxes paid by the citizens apportioned for the purpose of aiding in the construction of good roads, would be expended on the roads of the neighboring counties. A good business proposition, when it is considered that the appropriations made by Congress for good roads have just begun.

Very truly,
R. M. HUBBARD,
Chairman State Highway Commission. 9 14&w

Blanton Against Neff

"Open Shop" Most Important Issue.

This space paid for by Bailey Club. E. V. Bateman, Chairman Publicity Committee.

Joseph Weldon Bailey stands for the "OPEN SHOP"--- Pat Neff is against it.

Blanton made his race for re-election to Congress chiefly on the "OPEN SHOP" issue and Grisham opposed him.

The 17th Congressional District, including Runnels County, gave Blanton a majority of more than two to one. Runnels County gave Blanton 1397 votes and Grisham 277.

T. T. Spann, a prominent citizen of Ballinger, and a supporter of Blanton, sent a telegram to Blanton, with reference to the "OPEN SHOP" issue, asking him if he would support Neff, to which Blanton replied as follows:

Albany, Texas, August 3, 1920.

Mr. T. T. Spann,
Ballinger, Texas,

My Dear Mr. Spann:

Your telegram of July 31 was mailed to me here from Abilene and replying to same will state that no candidate for Governor will ever get my vote until he announces unequivocally in favor of the OPEN SHOP, and in favor of a law sufficient to stop picketing places of business.

This is the biggest question before the people of Texas and the United States. It is foolish to state that it is not a State issue, when the Governor now has Galveston under martial law, and not a ship has been loaded or unloaded there for five months except under guard.

Sincerely your friend,

THOMAS L. BLANTON

BALLINGER

BUYS RACKET-GROCERY STORE

A deal was closed this week in which R. P. Conn sells the Globe Store of racket goods, groceries and notions, to Spann & Co. The work of invoicing the stock of goods was completed Tuesday night, and the business turned over to Spann & Co., Wednesday. Spann & Co., will continue the business in the old stand for the present with a probable view of consolidating the stock of goods with their already large stock later.

Mr. Conn stated that he had no intentions of leaving Ballinger,

and expected to engage in the automobile business on a large scale.

"I will be the only registered automobile bootlegger in Ballinger," said Mr. Conn, "and I am lining up my business so that I can sell a man any make of car he wants, new or second hand."

Mr. Conn stated that he had no rented quarters for his new business and could not say where he would be located.

Miss Gardner returned to her home at Corinth, Miss., Monday afternoon. She had been the guest of Miss Pauline Van Pelt for several days.

DODSON KILLING USE OF CALOMEL

Says Drug is Mercury and Acts Like Dynamite on Your Liver

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place. "Calomel is dangerous and people know it while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine, no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

RUNAWAY CAUSES GREAT EXCITEMENT

Wednesday afternoon while a farmer was loading groceries at the rear of the Currie Mercantile Co., into his wagon the team he was driving, which had been in town all day became suddenly restless and started home. They first started in a walk but later increased to a run. Men who saw this team coming ran out intending to stop them but ran back to safety, only caused the mules to become frightened and increase in speed. After running about four blocks, scattering groceries and barbed wire along their route they were checked by a telephone post, which all most gave way under the strain. No one was hurt.

Mr. and Mrs. W. T. Carter, of Killeen, passed through the city Monday afternoon en route to their home. They had been visiting the families of J. F. Hudson and Mrs. J. M. Adam, of the Wilmethe country. Mr. Carter is editor of the Killeen Herald.
