MILES EXHIBITS AT COUNTY FAIR

By Weldon Moreland

The Miles domestic and art exhibition was principally a junior display, consisting of hand embroidered work, cross stitch work, and hand paintings. Ten of seventeen pieces of hand work was entered by girls, ten years old; one piece was made by a seven year old girl. All the hand work was centerpieces and scarfs, except the piece by the seven year old girl; it being a pillow case. Mrs. H. M. Alagood entered four hand worked scarfs, two white and two linen; one, being a colored hand embroidered. Mrs. B. E. Baugh displayed a cross stitched sheet and bed spread.

The art displays were drawings made by children; some only ten and twelve years old; consisting of wooded scenes, water scenes, flowers, and two Western pictures; one, a subject taken from the great novel, "The Last Sand," and the other, "The Lone Wolf." Mrs. H. M. Alagood had two large pictures; one, a dark, rough water scene, and the other, a snow scene. Mrs. Ira Hart displayed several pieces of hand-enameled and water painted vases and platters. A lady's dust cap with hand-painted flowers was also shown with Mrs. Hart's paintings. Mrs. Alagood had an oil painted vase and some enameled ware.

The children showing needlework were: little Misses, Maxine Baugh, 10; Homa Lee Childress, 11; Minnie Katherine Thiele, 10; Eloise Jennings, 10; Louise Alagood, 10; Willie Mae Childress, 7;

and Mrs. B. E. Baugh and Mrs. H. M. Alagood. Those showing art pictures were Misses Winnie T. Jackson and Lena Mae Pittman, Mrs. Calvin Boykin, Mrs. H. M. Alagood; and the boys were: Evans Moreland, Harlan Echols and George Echols.

Agricultural and Stock

The agricultural exhibit was small, but was decorated. With dry land and also irrigated corn, cotton, cane heads, maize heads, feterita, and tobacco, the exhibit was noticeable. The South American butterbean, raised by W. W. Jackson, measuring thirty inches long, attracted considerable attention.

W. R. Hinton displayed sixteen head of Jersey cattle and they were features in the parade. Many prizes were won in every type of cattle; more than \$50 was taken in prizes by the Jersey herd.

90 NEW MEMBERS IN THE LEGISLATURE

AUSTIN, Sept. 14.—Communications were sent out today to the approximately ninety new members of the House of Representatives of the Texas Legislature by O. P. Basford, reading clerk, for complete information on their residence and addresses. Basford expects to have the House roll completed immediately following the general election in November. He is also making preparations for using the new automatic electric voting recorder which has been installed in the House of Representatives.

Approximately sixty of the 150 members of the House were renominated at the Democratic primary elections, reports received here show.

FORMER CITIZEN ENDS LIFE AT GALVESTON

(By Associated Press)

GALVESTON, Sept. 15.—A verdict of death by gunshot wounds, with suicidal intent, was rendered by Justice of Peace Kupsa today in the case of J. D. Creath, a prominent groceryman of Galveston. Mr. Creath was found dead Thursday.

J. D. Creath was a former citizen of Ballinger. He was manager of the local wholesale house for the Walker-Smith Co., being succeeded here by Tom Watkins about eighteen years ago. While living at Ballinger he married

The remains of J. D. Creath, formerly manager of the Walker-Smith Company at Ballinger, passed thru Ballinger Saturday afternoon en route to San Angelo, where the funeral was held at four o'clock Saturday afternoon.

Mr. Creath killed himself at Galveston Wednesday, and the remains were not found until Thursday afternoon, about one mile down the bay shore from Virginia Point. A pistol was found near the body and a bullet wound showed that life was taken by a bullet wound in the left temple.

Mr. Creath had been missing from his home since Wednesday, according to reports from Galveston. He was seen to get off an interurban car at Virginia Point Wednesday morning. A justice of the peace held an inquest and pronounced death due to suicide.

Miss McGruder, the daughter of a prominent physician of San Angelo. Mr. Creath left Ballinger to manage a wholesale grocery house for Walker-Smith at Galveston. He was very successful at Galveston, according to reports coming back to Ballinger, and a few years ago he engaged in the wholesale grocery business for himself.

The above story sent out by the Associated Press Friday is the only report of the tragedy received in Ballinger, but it is believed here that the J. D. Creath referred to is the J. D. Creath who formerly lived here.

Luther Creath, a brother of the deceased, stated that J. D. had been despondent for some time, and had been worrying over financial matters.

J. D. Creath was 39 years old. While living at Ballinger he married Miss Kate Conerly, the daughter of a San Angelo physician, and he is survived by his wife and two sons and a daughter, and other relatives. Mr. Creath passed thru Ballinger about two weeks ago en route home from San Angelo. The remains were being accompanied to San Angelo Saturday by his brother, Luther Creath, who was at Galveston at the time of the tragedy.

Walter Back was among the San Angelo fair boosters here Thursday.

AUTOMOBILE TRAVEL STAMPEDES CATTLE

Jake Stubblefield shipped a bunch of calves from Ballinger to market Saturday. He undertook to drive the calves from his ranch at Norton to Ballinger Friday night, thinking that they could make the trip better at night on account of it being cooler at night and less travel on the roads, but he realized that he had made a serious mistake before he reached Ballinger a short time before daylight Saturday morning. Everybody and his girl came to the Runnels County Fair at Ballinger Friday night, and the fair visitors monopolized the road in going home just as Mr. Stubblefield was trying to get to Ballinger with his calves, and he declares that he didn't know that there were as many autos in Runnels county as traveled the Ballinger-Norton highway Saturday morning. He experienced much trouble in getting to town with his cattle and lost five or six head.

CAN'T PASS BONUS OVER PRESIDENT

WASHINGTON, Sept. 18.—A sufficient number of votes in the senate to sustain the presidential veto of the soldier bonus bill were declared assured today. A canvass of the senate was made by advisors of the president to determine whether the bill could go over the veto, and those canvassing the senate declared that a sufficient number of votes would be polled against the measure to prevent it from passing by the two-thirds majority. President Harding announced last Saturday that he had determined to disapprove the bill, it was said.

SOUTH BALLINGER HOME DESTROYED

The home of T. A. Knight, about three miles South of Ballinger, was destroyed by fire about four o'clock Monday. Mr. Knight had been ill and got up and stepped from the house, leaving the light burning, and while out of the room it is believed that the lamp exploded as the room was enveloped in flames when he returned. The house and contents were insured for \$1500.

This is the second home Mr. Knight has lost by fire, his home burning down about nine years ago. He has had a series of other misfortunes during the last few years, losing his son wife, sister, and other relatives.

SLOW WORK TO RESCUE BODIES

JACKSON, Calif., Sept. 20.—California today turned its attention towards relieving the plight of the families and dependents of the forty-seven men who died after being imprisoned by fire in the Argonaut mine three weeks ago, and whose bodies are being removed from the death mine.

The rescue crew continued to bring the bodies to the surface today, and funds for the stricken families are already coming in. Thirty-eight of the bodies still remained in the mine early this morning, and it will require several days to recover them all. It requires about two hours to bring a body from the mine; the work being slow and the air in the mine bad. The bodies are in a bad state of decomposition, and some are almost unrecognizable.

JACKSON, Calif., Sept. 19.—Jackson today awaits the bringing of the bodies of the forty-seven entombed miners from the Argonaut mine. All of the men died early on the morning of August 28th, and only a few hours after they had been imprisoned by fire which broke out in the shaft of the mine, it was learned last night.

Bulkheads were erected by the entombed men to keep the smoke back, it was discovered by the rescue crew yesterday. When the bulkheads were broken through the bodies of the 47 unfortunate men were found.

Notes left by two of the men showed that they had lived but little more than three hours after erecting barricades, death being due to suffocation.

Identification of the bodies will be difficult because of their condition. They have been dead 21 days. Jackson took the blow calmly, as hopes of rescuing the men alive had practically been abandoned.

Mine officials stated this afternoon that the first bodies will be brought to the surface in the Kennedy mine late today. It will require about two hours to bring each body from the death chamber in the Argonaut.

The fire which cost the lives of the forty-seven men was discovered in the Argonaut gold mine on the night of August 27th. The men were working at a depth of almost one mile. Rescue crews were organized and heroic efforts have been carried on day and night to reach the men, but hopes of finding them alive waned after the first week.

The notes left by two of the men shows that they only lived a few hours, death coming on Aug. 28th, during the early morning after the fire broke out Sunday night about midnight.

CALOMEL GOOD BUT AWFUL TREACHEROUS

Next Dose may Salivate, Shock Liver or Attack Your Bones.

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get our money.

Don't take calomel! It makes you sick the next day; it loses on a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

FORMER BALLINGER CITIZEN DIES AT HOUSTON

Mrs. Will Dooze received a message Monday announcing the death of her brother-in-law, Will Carroll. Mr. Carroll formerly lived in Ballinger for several years and was with the Dooze abstract office, and he has visited here since moving away. Mrs. Carroll and Mrs. Dooze are sisters. He made many friends during his stay here who will regret to hear of his death.

GRIDIRON CREW GETTING READY

The football squad of the Ballinger High School is working out and getting ready for the first fracas with the Chalk Eaters of San Angelo. A coach is due to come on the team in a few days, and a course of hard practise will be put on to make ready for the first game on Sept. 29th or 30th.

The locals are to go up against the strongest team in the district in the first engagement of the season, when the San Angelo highs come here on one of the above dates. Word from San Angelo says that twenty-four husky athletes responded to the call of Coach Higginbotham of the Angelo team, and a try-out was started to select an eleven to send against the Ballinger aggregation. Higginbotham started his team to practising on "dummy" tackling.

The Ballinger team is composed of some husky fellows this season and with hard practice and proper coaching they will be able to interest any team in the district. The schedule for the season is being worked out and will no doubt be ready for publication soon.

THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Ballinger residents recommend Doan's Kidney Pills. Read this Ballinger statement.

L. F. Gressett, prop., blacksmith shop, 8th St. says: "I am bending a lot at my work and this weakened my back. It was hard for me to straighten and when I did, the pains across the small of my back were pretty bad."

The action of my kidneys was so disordered I had no control over the passage of the secretions. I heard of Doan's Kidney Pills and bought a box at Weeks' Drug Store. Doan's brought me great relief and regulated the kidney action and strengthened my back."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gressett had. Foster-Melburn Co., Mfgs., Buffalo, N. Y. d&w

MOVE UNDERWAY TO HAVE A BAND

Prospects for a two dozen piece band are brightening up in Ballinger, and if the activities of some of the musicians count for anything, this city will have a good band for the summer season of 1923.

This can be made possible by those who wish to become members and receive the benefit of an instructor free by giving their time to the band, and by the city supporting the instructor.

If organized the band will probably be a military band, and the instruments will be furnished through the National Guard. The proposition is being worked out, and it is said that an instructor will be given employment here and that the expense of the band will be very light.

By all means Ballinger should have a good band. There is material here for a band, and a town without music sometimes appears almost dead and out. The city recently paid out enough for the services of a band for three days to support an instructor for two or three months, or more.

BAPTIST SPEAKER TO TOUR COUNTY

The State Executive Board of the Baptist Church in Texas has planned an "All State Motor Tour" for the week beginning Sept. 25th, and a schedule for Rannels county has been announced by Dr. Alvin Swindell, Associational Organizer, and Rev. M. A. Quindlen, Associational Missionary.

Rev. T. A. Binford, of San Saba, is coming to make an address in every Baptist church in Rannels county during the six days beginning Sept. 25th. The purpose of the all state tour is to discuss the achievements and aims of the Baptist endeavor as related to the "75 million campaign."

The pastor of each church has been urged to co-operate with the campaign speaker and the county missionary in this tour, and the following dates have been arranged for Rannels county.

Monday, Sept. 25—11 a. m., Drasco; 3 p. m., Pumphrey; 8 p. m., Wingate.

Tuesday, Sept. 26—11 a. m., Mann School House; 3:00 p. m., Maverick; 8:00 p. m., Norton.

Wednesday, Sept. 27—11 a. m., at Wilmeth; 3 p. m., Bronte; and 8:00 p. m., Robert Lee.

Thursday, Sept. 28—11 a. m., Ray School House; 3 p. m.; 3:00 p. m., Brookshurt; 8:00 p. m., Miles.

Friday, Sept. 29—11 a. m., Paint Rock; 3:00 p. m., Union; 8:00 p. m., Valley View.

Saturday, Sept. 30—11 a. m., Hatchel; 3:00 p. m., New Home; 8:00 p. m., Mud Creek.

Sunday, Oct. 1—11:00 a. m., Ballinger; 3:00 p. m., Antelope; 8:00 p. m., Winters.

The Key that Unlocks the Door to Long Living

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.

MAKE SHOWING AT ABILENE FAIR

Rannels county will be represented at the West Texas Fair at Abilene next week with an agricultural exhibit which promises to make it interesting for the county which wins the first county exhibit award in the agricultural division.

The West Texas Fair, one of the most successful sectional fairs in the United States, is offering a \$250 cash prize for the county making the best agricultural exhibit and \$200 for second prize. The Rannels County Fair at Ballinger last week proved a good feeder in making up an exhibit from this county, and Farm Agent Eaton and Secretary Stuart L. Williams of the Young Men's Business League, are packing up the exhibits and will take them to Abilene next week, where they will arrange an exhibit that will no doubt prove a winner. Messrs. Eaton and Williams worked all day Tuesday selecting agricultural products to take to the Abilene fair.

Those who did not enter anything in the local county fair, and who have anything which would help to make a county exhibit, are being urged to do a good turn and help make the county's exhibit at Abilene a success by placing such articles in the hands of the fair exhibit committee.

Watch the little folks speed home for Kellogg's Corn Flakes

"Mudder, I always wins the race when I carry home Kellogg's Corn Flakes. I can't hardly wait till I have some more, mudder!"

It's great to see child-enthusiasm for Kellogg's; great to see every one in the family enjoy their crisp crunchiness and wonderful flavor! To sit down before a heaping bowlful of these joyous oven-browned "sweet-hearts-of-the-corn" and some milk or cream—and fresh fruit, if it's handy—is just about the very last word in appetizing appeal! And, your good taste will prove that!

Kellogg's Corn Flakes ought to be superior—they are the original Corn Flakes! Kellogg's are never tough or leathery; never hard to eat; never a disappointment!

Be certain to get Kellogg's—the delicious kind of Corn Flakes in the RED and GREEN package—because none are genuine without the signature of W. K. Kellogg, the originator of Toasted Corn Flakes.

SOCIETY

Tyler-Esmond

A wedding of interest to many people of this county took place Monday at noon when Glenn Esmond and Miss Lucile Tyler, after driving to the Baptist parsonage and finding Bro. Swindell out of town, went to the Methodist parsonage and were united in marriage by Bro. Simpson. Misses Inez Esmond and Velma Tindal accompanied the bride and groom.

The young people are well known here as Mr. Esmond is the son of Mr. and Mrs. W. A. Esmond of this city and Miss Tyler is the daughter of Mr. and Mrs. J. A. Tyler of Miles. During the past three years both have taught school in Runnels county and this year they are to teach at Victory.

Immediately after the ceremony they left for Lamesa for a brief visit with friends and relatives. Their many friends wish them all happiness and prosperity in a long life.

BRITISH AND FRENCH SPLIT ON TURK POLICY

LONDON, Sept. 19.—The British cabinet takes the attitude that Great Britain will undertake military action alone, if necessary, independent of France and Italy, to protect the freedom of the Dardanelles, it was authoritative. ly stated today after a cabinet meeting.

Official communiques issued by the British government declare that it will stand by its pronouncement of policy made last Saturday that the freedom of the Dardanelles would be protected.

PARIS, Sept. 19.—The French cabinet today unanimously approved what it characterized as the pacific policy of Premier Poincare in the Near East, with the withdrawal of all French troops from Asia Minor to the French side of the straits of the Dardanelles. The French cabinet went firmly on record as being opposed to any form of military action as means of settlement in the Turko-Greek situation.

CONSTANTINOPLE, Sept. 18.—The entire British Atlantic fleet is being sent to reinforce the Mediterranean squadron for the protection of the Constantinople straits and the Dardanelles. This will create the most formidable armada of warships ever assembled in an area of like size.

There is increasing apprehension for the security of the city among the population as the result of Great Britain's energetic measures to protect it. The circulating of the report that the warships were coming to protect the city restored order where much confusion and excitement prevailed.

WASHINGTON, Sept. 18.—The war department today ordered detached Major Sherman Miles from the artillery school at Fort Sill, Oklahoma, and assigned him as American attache at Constantinople on the staff of Rear Admiral Bristol, and was ordered to proceed to his new post without unnecessary delay.

CONSTANTINOPLE, Sept. 20.—The Turkish Nationalist Assembly at Angora, by an overwhelming majority has extended a dictatorship to Mustapha Kemal Pasha. The dictator was also authorized to continue war until all conditions prescribed in the national pact have been fully achieved.

WATER BOARD BUSY ON MAPS

Sept. 12, 1922.
"Mr. Stuart L. Williams, Sec. Ballinger, Texas.
"My dear Mr. Williams:
"Your letter for the 11th inst. finds us at work on the details of the Ballinger project, using the maps as a basis; in fact, we have been wrestling with it for some time.

"We understand the value of speed in this particular matter, and we have determined that, if necessary, we shall increase our force in order to get this report out as early as practicable.

"We appreciate your writing us, and we hope to hear from you any time anything occurs of mutual interest. We expect to visit your territory at no very distant day, and hope we shall see you.

"Very truly yours,
"BOARD OF WATER ENGINEERS,
"By Jno. A. Norris, Chairman.

Pronounced Success

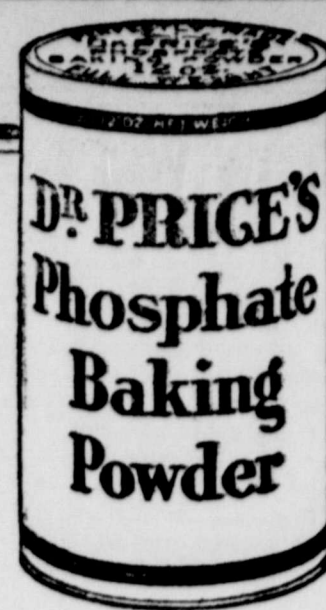

The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief and cure of bowel complaints, both for children and adults, has brought it into almost universal use, so that it is practically without a rival and as everyone who has used it knows it is without an equal.

TWO INCHES RAIN FALLS IN HURRY

According to the government gauge, 2.20 inches of rain fell in Ballinger Tuesday afternoon, and it was not very long about it. The downtown streets were converted into a lake of water in a short time.

The rain came from the Southwest, extending Southwest, and rain was reported at San Angelo and points South. The rain did

not extend far North, or Northeast from Ballinger, very little rain falling at Hatchell and none farther North and Northwest. The rain extended only about five miles East of Ballinger. The heaviest fall was South in the direction of Paint Rock.

Cotton damage where the rain was the heaviest will result, and picking will be suspended for a day or two.

Dad, Mother, Ironized Yeast for Rheumatism

Do You Realize What Ironized Yeast-Vitamins Will Do for Rheumatism and Lumbago?

Do you know that vitamins and iron are part of your very life? Do you know that the tissue-and-blood factory in your body needs these two materials, and needs them badly? Do you know that if your body furnace does not get enough of these, that

As a remedy for rheumatism, lumbago, and other ailments, Ironized Yeast-Vitamins is recommended. It is a powerful tonic and blood purifier. It is sold and recommended by Weeks' Drug Store.

BIG SAND SUPPLY FOR OTHER CITIES

A payroll of from \$300 to \$500 per week is being put out in Ballinger in a line of industry which has been given little notice.

From two to four cars of sand and gravel a day are being shipped from Ballinger to neighboring cities for private and public builders. More than 400 cars of sand and gravel were shipped to San Angelo and Abilene last year, and Coleman and other places were supplied with the valuable building material.

H. W. Greer is perhaps the largest local shipper of sand and gravel and Mr. Greer stated to a Ledger reporter that his payroll ran from \$250 to \$300 per week for help, and that he was shipping from two to four cars of sand and gravel. He stated that he furnished Abilene with about 300 cars last year, shipped a large quantity to San Angelo and furnished 20 cars to Coleman county for bridge and road work. A contract for 40 cars has just been closed for Coleman, the sand and gravel to be used in road and bridge construction in that county.

The Ballinger sand and gravel supply is inexhaustible and has been declared to be equal to the best in Texas for building purposes. It has less dirt and waste to it, and practically all of it screens out perfectly and is material that can be used in concrete and masonry. The demand for the Ballinger material increases in proportion to the improvement work put underway in cities depending on Ballinger for this character of material.

PIONEER DROPS DEAD AT ANGELO

SAN ANGELO, Sept. 16.—Geo. J. Bird, a pioneer capitalist of this city, dropped dead at his home while shaving Friday morning. Mr. Bird got up feeling as well as usual and went into his dressing room to shave. In a few minutes Mrs. Bird heard him fall and rushing in the room found him dead.

Deceased was 68 years old. He was born in Cambridge, Mass., and came to West Texas in 1881 and engaged in the ranching business with M. L. Mertz. Their ranches were located in Concho county and Menard county and during the first four years they engaged in the sheep business, handling 214,000 head of sheep.

When the Santa Fe reached Ballinger Bird & Mertz opened an office in that city and made Ballinger headquarters. In 1887 when the Santa Fe moved Westward from Ballinger and made San Angelo the terminus, they moved their office to this city. Mr. Bird was extensively interested throughout this country in real estate and commercial lines. He was one of the founders and heavy stockholders in the Ballinger Cotton Oil Company until a few years ago.

The funeral was held this afternoon at five o'clock from the residence.

GIRLS! BLEACH SKIN WHITE WITH LEMON

Squeeze the juice of two lemons into a bottle containing three ounces of Orebard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

BALLINGER BABY DIES AT FORT STOCKTON

The six months old baby girl of Mr. and Mrs. C. C. Ridings died at Fort Stockton Saturday morning as a result of tubercular meningitis, according to a telegram received here by friends later in the day. Mr. Ridings is in the Carlsbad sanitarium, where he went about two weeks ago. Last Sunday R. E. Lane carried Mrs. Ridings and the children to San Angelo and they went from there to Fort Stockton to make their temporary home with their son, Youree, pending the recovery of Mr. Ridings. The baby had been sick some time before leaving Ballinger last week, but nothing serious was expected. No funeral arrangements had been announced, but the child will probably be buried at Ft. Stockton.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which colorates the face, and as a rule, there is more of this stomach disturbance. GROVE'S LAXATIVE SYRUP is especially for two or three weeks will cure the child, improve the digestion, and act as a general strength-giving tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 50¢ per bottle.

FORMER CITIZEN SENDS FAIR EXHIBIT

The Ledger is in receipt of a letter from H. C. Moten, in which Mr. Moten states that he is shipping a box of pears to the Rannels County Fair.

Mr. Moten formerly lived in Rannels county, but is now living at Kennedale. He says the pears he is sending to the fair were raised at Handley. "I hope the fair will be a great success," states Mr. Moten in his letter, "and will add much to your county."

A. B. Forbus, one of the citizens of the Winters country, was here Thursday on business and took advantage of the opportunity to see some of the fair.

Mr. and Mrs. C. C. Gilliam, and two children, have arrived from McAllen to make Brownwood their home. Mr. Gilliam plans to engage in business in Brownwood. They are at present guests of Mr. and Mrs. Roy H. Dunean.—Brownwood Bulletin.

Miss Mary Phillips came in Friday at noon to visit home folks during the fair. Miss Mary is now living in Brownwood.

BALLINGER GETS DEMONSTRATION OF COOKING AT COUNTY FAIR

Ballinger is getting the Dixie baseball championship series, played by the Fort Worth Panthers and the Mobile, (Ala.) Bears, by radio. Sunday afternoon at the Ballinger Electric Co. shop on Eighth Street a crowd gathered to get the game play by play. The report started coming at 3:30 o'clock and good service was given throughout the game, with the exception of a little interference by amateurs trying to "tune in." The reports were very clear and could be understood a few feet from the receiver.

At the end of the sixth inning, A. L. Dunn, who was one of the audience in the "grand stand," took up a contribution and phoned a rush message to the radio department of the Fort Worth Record, the station that was broadcasting the game and told them of the splendid service and how clear the reports could be heard in Ballinger. At the end of the ninth inning, after the broadcaster had announced that the Cats had won by a score of 9 to 0, he called the Ballinger Electric Company at Ballinger and stated that he was glad that we were receiving the reports so clear and hoped that we continued to do so. Thanks were passed to Mr. Teague of the local radio station for the reports of the game.

Correction

STREET SHOW FOR SATURDAY

As a special Saturday "trade drawing" feature, the Young Men's Business League has arranged with Willie Fairchild, of Prescott, Arizona, and Frank Hoffman, of Laredo, to stage a bull-dogging and trick roping exhibition on the streets.

Fairchild is one of the few bull-doggers who throws a steer with his teeth. The leap to the steer's back is made from a rapidly moving car and is said to be a real thriller. Before the bull-dogging, Hoffman will stage a trick roping exhibition, the same exhibition he gave while with the Miller Bros. 101 Ranch Show, and with Buffalo Bill's Show.

Willis Fairchild is a world war veteran, having been a member of the 358th Infantry Regiment, 90th Division. He was decorated by the French, English and American governments with the Croix de Guerre, the Silver Star on the Victoria Medal Ribbon, and the Distinguished Service Cross.

The attraction is to be financed if possible by small contributions from each business house, and is expected to draw large crowds, and to provide excellent entertainment for the people of our trade territory for that day. The Business League urges everyone in this section to spend next Saturday in Ballinger, "where there's something doing all the time."

J. D. Tinsley, agricultural agent for the Santa Fe, was among the fair visitors Friday and Saturday. Mr. Tinsley says the fair is a wonder for Rannels county.

Miss Veta Wells, who has been spending the summer here with her sister, Mrs. Priddy, left Sunday afternoon for Brownwood, where she will enter Howard-Payne College.

Roy Mack and Morris Nicholson left Sunday afternoon for Ft. Worth, where they will enter T. C. U. again.

The art of biscuit making was demonstrated Friday morning and afternoon at the Hall Hardware Company booth, Merchants' Exposition hall by Mrs. J. L. Landrum, when she mixed and baked and served several hundred biscuits to the exposition visitors. Calumet baking powder was featured in the baking demonstration and hundreds of slips of information pertaining to the merits of this product were given out. Liberty flour and Crescent shortening, furnished by the E. A. Jeanes Company played an important second to Calumet baking powder in the demonstration. A handsome Florence coal oil stove, carried by Hall Hardware Company, was used in the cooking program and its merits as a quick method of turning out the finished product were easily proven to the numerous visitors who thronged the exhibition space where the demonstration was given.

Mrs. Landrum will present Calumet baking powder and the other products of her cookery program again Saturday morning and afternoon at the same place.

Correction

A Tough Situation

"My wife and four children were dependent on me for their living. My stomach and liver trouble of five years had made me despondent as no medicine seemed to help me, and I was gradually wasting away. It was a tough situation. My cousin in Columbus wrote me about having taken Mayr's Wonderful Remedy and advised me to try it. I am now feeling better than for fifteen years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convalesce or money refunded. At drugists everywhere.

PAYS FINE FOR STEALING TIRES

Caught in the act, two young men from Concho county by the names of Wooten Stephenson and Randal Whitson, plead guilty to stealing auto casings in Ballinger Saturday night and squared the matter with the court.

The young men, it is alleged, were caught in the act of removing casings from a car near the court house during the dance Saturday night. It is alleged that they had already stolen one casing and were in the act of "swiping" the second one when the officers nabbed them.

The young men were traveling in a Ford car, and are said to have come from Concho county to take in the fair. The fine assessed was \$25 and costs for petty theft.

BROWN COUNTY MAN WINS FAIR PRIZES

J. M. Day received a telegram from Clarence Remington, president of the Brown County Poultry Association, who is attending the Rannels County Fair, which has been in progress at Ballinger several days, to the effect that Mr. Day, who had chickens at the fair, had won prizes for first cock and first cockrel; also first and second hen; and second pullet. Mr. Remington stated in the telegram that he had won a prize on first pen. Those who have returned from the Rannels County Fair state it was a great success, the attendance being large and from a large area of country, the exhibits large in number and variety, and worthy in character.—Brownwood Bulletin.

Dr. and Mrs. Alvin Swindell returned from Brownwood Monday night, where they went to attend a conference of the Baptist church, and where Dr. Swindell addressed the conference.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* on the wrapper all these years just to protect the coming generations. STOLEN FORD FOUND AT ALPINE

Sheriff Flynt and Joe Spoons left for Alpine Tuesday morning, where they went to get Mr. Spoons's Ford which was stolen here last week and to bring back two men held in jail at Alpine charged with the theft of the car. After receiving notice Monday night that the car had been recovered, Mr. Flynt received another message Tuesday morning stating that two men were being held for him. The message stated that the two men were found in possession of the car and had no bill of sale, or offered no satisfactory explanation as to how they came in possession of the Ford.

Sheriff Flynt received a message Monday night notifying him that a Ford car stolen at Ballinger had been recovered at Alpine. The Ford is one lost by Joe Spoons one night here during the fair, according to the number reported by the Alpine officer and verified here.

Mr. Spoons left his car standing near the carnival grounds and when he returned to get it to go home it was missing. The officers got on the job and notified officers throughout West Texas. The message received by Sheriff Flynt did not state whether anyone had been arrested in connection with the recovery of the car or not.

Mr. Flynt also received a message from Ft. Stockton officers asking if a car was missing from Ballinger, and the sheriff is communicating with the Ft. Stockton authorities and it is probable that another car stolen here may be recovered. Two other Fords have been missing from Ballinger since about a month ago.

WICHITA FALLS—Barkburnett, named after Captain Burk Burnett, recently gave a "watermelon carnival," its first expression of hospitality to neighbors of Electra, Wichita Falls, Clara and the country lying between these places. Oil, bringing prosperity has paved streets, replaced wooden shacks with modern brick buildings, and brought automobiles. Barkburnett in 1912 was a country trading post. In 1918 it had turned into a franchised oil camp, and now is a busy oil city.

Mrs. Harold Tucker, who is here visiting her father, W. C. Penn, underwent an operation at the Halley & Love sanitarium Tuesday morning. She was on the operating table for more than two hours, but is getting along as well as could be expected, according to last reports.

Mrs. Nell Routh came down from Abilene Saturday and attended the fair and visited her parents, Mr. and Mrs. W. D. Gregory.

CARNIVAL MANAGER REMAINS IN BALLINGER

Mr. and Mrs. J. E. Rowe, who came to Ballinger with the Donald McGregor Shows last week, are remaining here and will make Ballinger their home. Mr. Rowe has been with the McGregor carnival for six years, with the exception of what time he spent in the army during the World War, and served as manager of the shows for four years and secretary-treasurer for two years. He resigned while the carnival was here and decided that he would locate in Ballinger and engage in some other line of work on account of his wife and baby. He stated that life on the road was too hard for his wife and baby and he wanted to settle down and picked Ballinger as good place to stop. He is on the lookout for some kind of employment.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Theford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Theford's Black-Draught," is on the package. Ask your druggist.

OFFICERS RAID POKER GAMES

There was not a single arrest made during the three days fair in Ballinger, but local poker sharks staged a game Sunday following the fair in a downtown building. The officers were on the job and made a raid, rounding up six white boys, who plead guilty and paid for the fun. No doubt the game was not the first during the fair, but in the end the officers broke up the game and arrested the participants.

Ten negroes and two white men were also caught gambling at Winters and plead guilty to the charges filed against them, and arrangements were made for settling the matter with the court.

There was a little sign of booze in Ballinger Saturday night, but no drunks were reported and everything passed off in perfect order, the crowd being good humored and not a single fight was reported.

ATKINS MAKES LEGION REPORT

M. C. Atkins returned Thursday at noon from Waco, where he represented the local post of the American Legion at the annual convention of the state department.

Mr. Atkins gave The Ledger the following report of the convention:

"Convention called to order at 10 o'clock Monday morning by State Commander Wayne Davis. The convention was addressed by some of the most prominent men of the United States, some of whom were: Ben C. Richards, mayor of Waco; Tom Connelly, of Martin; Claude V. Birkhead, of San Antonio; Alvin Owsley of Denton; Mrs. Murray, President of the American Legion Auxiliary of Austin.

"The convention this year will be long remembered for its constructive work, the men being unanimous at all times in upholding the lofty ideals for which the Legion was organized, upholding the constitution of the organization by refusing to have questions brought before the body that would in any way cause friction in the ranks of our members, some of these questions that were turned down dealing in politics, labor and the Ku Klux Klan.

"Resolutions heartily endorsing the adjusted compensation bill were read and adopted, telegrams being sent to all Texas representatives in congress and the senate urging them to use their influence in the passage of the measure, also a telegram to President Harding urging that he sign the bill immediately on the passage of both houses.

"Resolutions were passed commending the high officials of the Veteran's Bureau and Gen. Sawyer for their lack of interest shown in the welfare of the disabled veterans, it having been shown that thousands of ex-service men are in dire need of compensation, medical treatment and hospitalization. Of the over \$30,000,000 passed by congress in 1922 for the construction of hospitals only one has been built and that men are being placed in public institutions where a net profit of \$40 of each \$100.00 paid them was made by the institutions. That men are being placed in old barracks that are not fire proof and very unsanitary. That in some places black, demented men are being placed in the same cells with whites. It was urged that all Legion men should interest the public in this matter and urge them to demand immediate adjustment of the condition.

"The state headquarters was kept in Dallas after a resolution was introduced asking the convention to change same to Austin.

"The report of the State Adjutant showed a successful year for the Legion, headquarters having taken up over \$7,000 of old debts that were inherited by the present officers. \$8,000 was set aside to take up hospital loan bonds on the first of October.

"Galveston was selected as the meeting place for the 1923 convention over Amarillo after Brownwood withdrew from the race.

"A committee of 18 was appointed to organize the Texas delegation to the national convention at New Orleans in October."

The Pat Williams Post No. 8, had a very fine report to turn in for the past year's work, also having the distinction of having the largest post in the 17th Congressional District. Mr. Atkins was appointed and served thru the convention as a member of the resolutions committee, and in the election of officers was elected District Committeeman from the 17th District to represent all posts in the district on the executive board of the state department.

W. A. Hale, of Talpa, was seeing the Runnels County Fair in Ballinger Saturday. Mr. Hale said the agricultural exhibit "took his eye," and made a whole show within itself.

AUTO THIEF GETS FORD AT FAIR

Joe Spoons lost a Ford Thursday night. Mr. Spoons drove his car to town and left it parked on Eighth Street near the carnival grounds. After taking in the fair and carnival and starting home he failed to find his car where he left it, and it is still missing, and will probably not be recovered.

This theft constitutes the only case of law violations reported by the sheriff's department, perfect order having been maintained throughout the day and night of the opening day of the fair.

The theft of the Ford makes the third stolen here within the last few weeks, and the thieves seem to have made a clean getaway with them all, leaving no clue for the officers to follow up. Mr. Spoons's car was a 1922 model, and he had not used it very long. He was protected by insurance.

Mayfield to Fight Attack on Democrats

AUSTIN, Sept. 14.—Earle B. Mayfield, Democratic nominee for United States senator, declared here this afternoon that he would fight most vigorously the attacks now being made upon the Democratic party in Texas.

"I will contest the attacks of those who would destroy the integrity of the Democratic party," said Mr. Mayfield in a statement commenting on the proposed fusion of the anti-Ku Klux Democrats and Republicans to nominate a candidate to oppose him.

"There can be no fusion because Democrats do not fuse with the Republican party or with any other political party that would destroy democratic principles," Mr. Mayfield said in his statement. Mr. Mayfield referred to a meeting of prominent Texas Democrats and Republicans in New York on August 30th, at which time he said that an opponent to him was agreed upon. He did not say who the opponent agreed upon is, but said that it was "all out and dried at the New York meeting."

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health. REV. HARDON LEAVES FOR COLORADO

Rev. C. W. Hardon left Monday afternoon for Durango, Colorado, where he goes with the view of accepting the pastorate of the Methodist church in that city. Rev. Hardon received notice a few days ago that the conference had assigned him to work in Colorado and he goes to look the situation over and in all probability he will remain there. Mrs. Hardon and daughter will join Rev. Hardon as soon as he gets located.

Rev. Hardon has not been actively engaged in the ministry for some time, having been forced to temporary retirement on account of his health. He has been a citizen of Ballinger for four years and during that time has been engaged in other lines of work and has been identified with the best interests of Ballinger. He is a member of the Ballinger school board and his removal will create a vacancy on the board. He has made many friends here who will regret to know that he is leaving, and who will wish him well wherever he goes.
