Farm Loan Repayment Deferred One Year

Farmers Judged On Case By Case Basis

Friday morning, Sam White, Washington office administrative assistant to Congressman Kent Hance told The Journal that Hance had been successful in efforts to prevent mass foreclosures of U.S. farmers.

White informed this reporter that Farmers Home Administration will finance farmers who have a reasonable chance to repay any 1982 loan issued, plus the principal for that year. With a little help, farmers who are facing foreclosure will have a chance to overcome the past year's economic conditions.

Late Thursday, White said, Secretary of Agriculture Block issued a directive to FmHA National Administrator Charles

Shuman to advise all county offices and supervisors to defer payments on 1981 loans for a period of one year. This would mean that farmers would be starting out the 1982 year from a point of 'scratch' - 'a clean slate.' No indications were given as to the date of repayment of the '81 loans, as they were not mentioned in the directive.

White loans will still be handled and decided on a case by case basis, this directive will allow approximately 90 to 95 percent of farmers in Texas to receive immediate funding for this year and eventually work out their delinquent loans.

Also discussed with White was the proposed set-aside program. While many producers tag the U.S. Department of Agriculture's set-aside program as being generally acceptable, most of them feel that the percentages of these reductions are not enough to result in higher cotton prices to the growers. It is, however, a step in the right direction.

Acreage reduced under the program cannot be planted to a cash crop. But the general land use re-

Muleshoe Federal Land Bank Celebrates 63 Years Service

With the upcoming annual stockholders meeting of the Federal Land Bank of Muleshoe set for February 9 at 2 p.m. at the Corral Restaurant, a time of growth and development will also be observed. Besides the stockholders meeting, there will be an election of directors.

The Federal Land Bank has kept a history of its existence dating back to the original charter and purpose. Much of this was compiled by Mildred Davis former secretary-office assistant for many years. Mildred Davis was first employed as office assistant in February, 1943. She retired January 1, 1973, after thirty years of service.

The following is a partial

condensed history of the activities and happenings through the years. While it was not feasible to recognize all who have served as directors or on loan committees, that is not to say that their service has gone unrecognized.

The Federal Land Bank Association of Muleshoe was chartered May 19, 1919 with a capital stock of \$10,000.00. L. S. Barron, Sr. was the first elected secretary-treasurer of the association with office space in the L. S. Barron Building south of the Bailey County Courthouse.

Tri County Merges With Summit Savings

Don Harmon, president of Summit Savings Association, announced today that final approval of the merger of Tri-County Savings and Loan, Plainview Savings and Loan, and Collin County Savings and Loan into one Association, Summit Savings, has taken place.

This merger means that Summit Savings will now have offices in Plainview, Floydada, Matador, Hale Center, Muleshoe, Littlefield, Friona, Farwell, Plano and Allen, Texas, and will have a combined financial strength of \$140,000,000.

'In this age of higher interest rates, along with the cost of building, it is a must that the lending institution has the financial footings to meet the customer's need. This merger has provided us with one hundred forty million dollars which in turn will help provide financing on a

Muleshoe State Bank Names New Officers

The Board of Directors of the Muleshoe State Bank are proud to announce the election of Paul Cox, Troy Stegemoeller and Mary Moore to new officer positions.

Paul Cox was elected as vice president with his main duties being in the loan department. Paul was formerly employed by Collateral Control Corp. of Dallas. He has also had considerable experience with agriculture as he was in the grain industry for a number of years, and was raised in Tullia where his Dad was in the cotton ginning business. Paul with his wife Pat and their children, Torey, Casey and Colby are enjoying making new friends in Muleshoe.

Bailey County Electric Coop To Meet

The Annual Meeting of the Bailey County Electric Cooperative Association will be held Saturday, February 27, 1982, at the Bailey County Civic Center, Muleshoe, Texas.

Savings Bond Totals Reach 66% Of Goal

Sales of Series EE and HH United States Savings Bonds in Bailey County were reported today by County Bond Chairman Mrs. Dean Gunstream to be \$2,126.00. Sales for the first twelve-month period totaled \$32,967.00 for 66 percent of the 1981 goal of \$50,000.00.

Texas sales during the month amounted to \$19,000.00.

larger scale," Harmon said.

'One other thing that I need to stress is that there have been no major shake-ups in our offices. The same personnel are still there to serve their friends and customers. The same friendly atmosphere while attending to business is still the order of the day. The only thing that has changed is that we now have a universal logo and name for identity purposes. I would invite everyone to feel free to visit any one of our eleven

Tolk Coal Facility Brings \$47 Million

A New Hampshire company has paid \$47 million for the coal handling facility at Southwestern Public Service Company's Tolk power station. Wheelabrator-Frye, Incorporated, of Hampton, N. H. made the announcement Monday by Norman Ritter, vice president of the worldwide engineering and construction company.

Testing of the coal handling equipment began Wednesday, when the first trainload of coal was scheduled to arrive at Tolk Station. The first unit, which cost about \$271 million is to begin operation this summer.

The facility will handle 296 tons of coal for the unit just now beginning its testing. Frank Lee, Manager of communications production for SPS said it will also produce an additional 296 tons per hour for the second unit which is scheduled for completion in 1985.

Approximately 5.2 million tons of Wyoming coal

Ex-Student Homecoming Deemed Huge Success

"Pep Ex-student Association would like to thank everyone for making our 23rd annual Homecoming a big success," said Mrs. Frank Simbacher and Mrs. Anna Belle Walker of Pep. The invocation and benediction were given by Rev. Kevin Clarke, pastor of St. Philip Catholic Church of Pep.

Welcome was given by Francis Green, senior of 1982 and the response by Stanley Albus, senior of the class of 1977, now a student at Texas Tech.

LaFayette Demel was the Master of Ceremonies, as Robert Ralston was unable to attend. LaFayette introduced the speaker, Earl Gerstenberger, vice president of South Plains College of Levelland.

The theme was "Friends Help Put a Song in the Heart," and Gerstenberger spoke as being an outsider since he had never been a part of the Pep School system nor lived in the Pep community.

He gave a talk on the students from Pep coming from a small school and going on to South Plains College as top-notch students, no matter what the subject, be it Math, History, English, Science or whatever the subject be.

Gerstenberger commended the tradition and spirit of the Pep community, of working together in the activities such as the Thanksgiving Festival and Homecoming, and advised the group to continue those activities. Due to these activities, Pep is well known, and thought of in the surrounding areas. He received a standing ovation.

The business meeting was presided over by President Matt Demel. He thanked all that helped to get things ready for the homecoming; the cooks, Evelyn Albus and Ellen Franklin, for the meal; Mrs. Alice Kester and all that helped with the decorations; all of the other committees and everyone

for coming to Homecoming.

Registration chairman James Sokora reported that 110 had registered for the banquet. Winners of the free dance tickets were Janet Kristinek, Sandra Smith and Mrs. Carolyn Castillo.

Chairman of the dance committee, Gaubert Demel invited all to the dance.

Publicity report was given by Mrs. Frank Simbacher, notices were sent to all local radio stations and newspapers, also that the Homecoming is set for the last Saturday of January of each year. We would appreciate anyone knowing a former student, parent or teacher of Pep, to please notify them of our annual Homecoming, we can make this affair bigger and better every year.

Recognitions and remarks were made by Dr. G. C. Smith. He asked for reports from the classes that were to have reunions. Of the class of 1935, two of the three were present, Adolphus Jungman of Pep and Mrs. Ann (Coggins) Simonson of El Paso. She was accompanied by her husband, Roy.

Lydia Green gave the report of the class of 1945, ones attending besides Lydia of Pep were Billy Joe Gerik of Morton and Barney Odom of Grants, New Mexico. No one was present of the class of 1955.

Of the class of 1965, Robert Walker was present but left early due to other commitments. David Albus of Pep gave the report of the class of 1975 when 12 graduated. Others present were Gary Albus of Odessa, Mark A. Lus of Pep, Pam Demel of Lubbock, Steven Albus and Susan (Demel) Gandy of Morton, and Mary Franklin of Lev-

elland. David told a little about each classmate.

Others Dr. Smith called on were former teachers present, Mrs. Alice Kester and Dr. Smith were the only ones present. Superintendent of Whiteface School and two of the school board members were recognized. They included Robert Smotherman, Raymond Marek and Danny Schlottman and their wives.

Ones coming the furthest were Ann Simonson of El Paso, Texas and Glendal Wilson of San Antonio, Texas.

The seniors awarded the \$100.00 scholarships were Francis Green of Pep and Wesley Gage of Idalou. The eldest male graduate present was Adolphus Jungman, and female was Ida Simmacher.

Senior girls taking part in the queen's contest were Lisa Kester, Cynthia Hernandez and Francis Green, all of Pep. Their escorts were Louis Peacock of Bula Michael Clawson and Anthony Albus of Pep.

Liz Demel, Homecoming Queen of 1981, was escorted by Wesley Gage, who announced the Queen for 1982 as being Francis Green, he then placed the crown on her head and Liz Demel presented her with one dozen long stem red roses, and a blue streamer.

Gifts were presented to the speaker Gerstenberger, Master of Ceremonies LaFayette Demel and Mrs. Alice Kester, decorating chairman.

The Alma Mater was led by LaFayette Demel, to close the meeting.

Small Businesses In Line For Refunds

State Comptroller Bob Bullock said Thursday that 16,000 small business corporations in Texas are in line for refunds ranging from \$10 to \$450 because they overpaid their corporate franchise taxes last year.

"A refund on taxes overpaid is just as important to us as a due bill on taxes underpaid," Bullock said of the refunds to small corporations who filed the franchise "long form" when the "shorty form" would have saved them money.

The businesses were identified by computer programs developed by Bullock's office to spot over-

payments as well as tax delinquents.

A corporation with less than \$1 million in assets that does 90 to 100 percent of its business in Texas is eligible to file the shorter return. However, the law requires that copies of a federal income tax return accompany the state short form.

Although these smallest corporations account for 18 percent of the 165,000 firms that pay the Texas franchise tax, they produced only about one percent of the \$417.4 million the state received from this form in 1981.

"The short form is far easier for the taxpayer to

complete and cheaper for us to process," Bullock said. "After we show these companies how much they can save by using it, we expect more of them to take advantage of it next time they pay their taxes."

The Comptroller's Business Tax Division will refigure the companies' taxes and issue refunds.

Diet facts & fallacies

Did you know that the first step to dieting is to remove the "P" from "pounds"? Use these "P's" to "prepare" for the weight-loss battle!

Prepare a menu ahead of time and use it to make a list specifying exact list amounts of each food. Plan your shopping for one day only. The more times you go, the more of those unnecessary "extras" will tempt you! Also, plan to limit your time in the store. The longer you stay, the more impulsive buying you'll do.

Portion control begins at the store; buy only the amounts you need to prevent excesses later when serving or eating. As a precaution, do your shopping when your stomach is full. Everything looks good when you're hungry! Pass up those aisles full of pasta and pastry. Stick to the periphery—these outside aisles provide all the fresh produce, dairy products and meats you need for your diet.

Candlelight Ceremony Unites Miss Stanford, McKillip

Mrs. JAMES ROSS MCKILLIP
(nee Robin Dijon Stanford)

Miss Robin Dijon Stanford of Lubbock became the bride of James Ross McKillip of Odessa in a candlelight ceremony Saturday, February 6, at 7 p.m. in the Broadway Church of Christ at Lubbock. Ken Dye read the double ring ceremony.

Parents of the couple are Mr. and Mrs. Jimmy Joe Stanford of Lubbock and Mr. and Mrs. Morris McKillip of Muleshoe.

Decorations at the church included a candelabra, with greenery, variegated white and burgundy carnations; button mums and a unity candle.

The Broadway wedding chorus provided the musical selections. Horace Chapman sang, "Twelfth of Never," "Follow Me," "Annie's Song," "Love Story," "Sometimes," "Sunrise, Sunset," "There is Love," "The Lord Bless You and Keep You," "Faithful and True," "O, Perfect Love," "The Lord's Prayer" and "Evergreen."

Given in marriage by her father, the bride wore a gown of white chiffonette and alencon lace, designed by Bianchi of Boston. The

moulded bodice featured a Queen Anne neckline which was designed in alencon lace. The bodice fell to a natural waistline. The long chiffonette candlestick sleeves featured inserts of alencon lace circling the waist and featured a loop and covered button opening. The back bodice featured a gathered natural waistline and swept to form a chapel length train. Her chapel length veil featuring alencon lace was designed by Priscilla.

Renee Stanford of Lubbock, sister of the bride, served as maid of honor. Bridesmaids were Teresa O'Malley of San Antonio, Paula McLeod of Arlington, Kelly Brehm of Lubbock and Lisa Savew of Dallas.

The attendants wore identical tea rose silk taffeta gowns featuring modified shirt waists with a soft biased tie accenting the neckline. They carried a nosegay of burgundy and petal pink silk flowers.

Alisa Prather of Abernathy served as flower girl. Her gown was identical to the other attendants.

Best man was Bruce Sanderson of Lubbock. James Coggans of Lubbock, Roger Fowler of Dallas, John Harris of Clovis, N.M. and Bill Gregory of Odessa, were groomsmen. Ring bearer was J. J. Stanford, brother of the bride, of Lubbock.

Ushers were Randy Rose of Steamboat, Colo.; Doug Cummings of Odessa; Grant Morrison and Dusty Morrison of Midland.

For her daughter's wedding, Mrs. Stanford chose a mauve silk print shirt waist dress and a corsage of white silk flowers. Mrs. McKillip, mother of the groom, chose a mauve silk taffeta skirt and blouse and

a white silk flower corsage.

Following the ceremony, a reception was held in the garden room of the church. Members of the houseparty included Zelda Holt, Sally Brehm, Sharon Prather, Bea Ward, Margie Forbes, Debbie Ward and Sheryl Orcutt and Kim Vandiver.

A candelabra accented with greenery, variegated burgundy and white carnations and button mums decorated the bride's table.

After a wedding trip to Austin, the couple will

make their home in Odessa. For traveling, the bride chose a white ultra suede suit with a pink silk blouse.

The bride graduated from Monterey High School and attended Lubbock Christian College.

McKillip graduated from Lubbock Christian College in 1978 with a business degree. He is presently employed at Permian Bank and Trust as a loan officer.

A rehearsal party was held at Gridiron and a bridesmaid luncheon at the University City Club.

TOPS Weekly Meeting

XI Omicron XI Enjoys Program On Costa Rica

Xi Omicron Xi Chapter of Beta Sigma Phi met Tuesday night, February 2, in the home of Lynne Box.

Members of Preceptor Zeta Rho Chapter were special guests for the program presented by Julie Cage.

Mrs. Cage told of her family's life in Costa Rica. The Cages moved to Costa Rica in August of 1968, where they were involved in cattle ranching. "We enjoyed the moderate climate of the country as well as the natural friendliness of the Costa Rican people," says Mrs. Cage.

She reported on customs, eating habits and schools and showed the members a small hand painted ox cart as an example of Costa Rican art.

She stated that their experiences in Costa Rica for nine years not only gave them a deeper understanding and appreciation of a different culture, but also helped them to gain a much deeper appreciation for the advantages available in the United States.

Mrs. Cage concluded her program with a slide presentation.

During the business meeting, Sherri Shipman, treasurer, reported that the \$500 profit from the Christmas Home tour has been donated to the Youth Activities Committee for the miniature golf course.

It was also reported that the Valentine Ball for Beta Sigma Phi members and their guests will be held Saturday, February 6 at the Country Club. "AAA" will provide the music from 8-12 p.m. and \$15 per couple will be collected at the door.

Gayla Toombs was the winner of the door prize which was donated by the hostesses.

After the business meeting, refreshments of hot spiced aectar, Costa Rica coffee, chips, dips and chocolate cake were served.

Members attending were Pat Black, Vicki Black, Lynne Box, Barbara Finney, Rhonda Little, Linda Marr, Doris Scoggin, Sherri Shipman and Gayla Toombs.

Litter Causes High-Priced Cleanup

A total of \$13 million, almost a dollar per Texas man, woman and child - was spent just to pick up trash along the state's highways during the fiscal year that ended August 31, 1981.

The figures, released today by the State Department of Highways and Public Transportation, show an increase of 26 percent over the 1980 litter pickup price tag of \$10.3 million which was an all-time high.

"The litter problem, particularly in heavily populated areas, is growing to gargantuan proportions," said DHT Engineer/Director Mark Goode.

"If motorists would dispose of their trash properly it would save Texas taxpayers millions of dollars and would save DHT thousands of man-hours," according to Goode. "That's time and money that could be spent better on keeping our aging highways in better repair."

Baked Beans

- 1 medium onion, chopped
- 2 T sweet pepper, chopped
- 2 T margarine or oil
- 1 can pork and beans (2 cups)
- 2 T molasses
- 2 T brown sugar
- 1/2 c catsup
- 1 t prepared mustard
- 1/2 c pineapple chunks
- Hot dogs, cut up

Saute onion and sweet pepper in margarine until light brown. Add this mixture to other ingredients which you have blended in the casserole dish. Bake at 350 degrees, 40 minutes to one hour. Serve with hot biscuits and a crisp salad and you'll hear words of praise from your family.

Caroline Liles Computed In Pampa Meet

Caroline Liles, a 12 year old gymnast from the Muleshoe Twisters Gymnastic Team competed at Class Three State Sectionals last weekend in Pampa.

She was one of 13 gymnasts over the entire West Texas area to qualify for sectionals.

Caroline scored an 8.0 on vault, 7.65 on uneven bars, a 7.35 on the beam and a 7.2 on the floor exercise.

Cindy Purdy, one of the coaches said, "Everyone at Hawkins and Purdy School of Dance and Gymnastics is very proud of Caroline for making it this far. She has had a super competitive year and we'll knock 'em dead next year."

How To Win At The Losing Game!

Here's a Sensible Weight-Loss Program That Really Works.

Eleven years ago, Sybil Ferguson was nearly 60 pounds overweight. After years of fad dieting, shots, pills and calorie counting, she weighed more than she ever had. Sybil decided there must be a better way.

Through intensive study and with the help of her personal physician, Sybil Ferguson developed a whole new approach to losing weight. By counting nutrients instead of calories, Sybil was able to lose all those excess pounds quickly and safely... without hunger or loss of energy. Since then,

Sybil Ferguson - Founder, Diet Center, Inc.

Sybil's Diet Center Program has spread to over 1,350 locations all across the United States and Canada. We've grown this big, this fast for one basic reason. The Diet Center Program Works!

 strictions could encourage participation. Charles Bragg of the National Cotton Council stated that the USDA's announcement recently of a 7.67 cent deficiency payment for 1981 will also enter into a producer's decision of participation.

Growers who do not participate in the acreage reduction program will not be eligible for 1982 deficiency payments. If such payments should be required. These 1981 deficiency payments would be the first such payments made to cotton producers since the inception of the target price program. These payments are required when the average calendar year cash price for cotton falls below that year's target price. The target price for 1981 was 70.87 cents. Thus, this payment must equal the difference between the average weighted price and the target price.

In an American Agriculture Movement meeting in Plainview Thursday night, Ted Godfrey, National Marketing committeeman, urged all farmers to comply with the proposed set-aside program. Godfrey further stated that a decrease of inventory will be necessary before an increase in prices to the farmer is available.

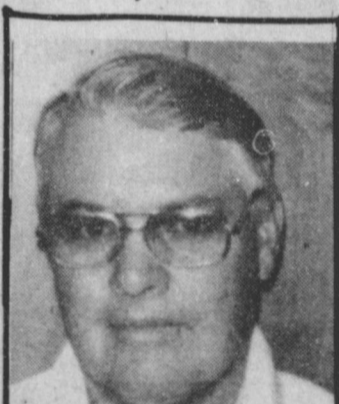

National AAM Chairman Marvin Meeks told the assembled producers that farmers need a minimum of 25 percent set aside across the board.

**Hance Disappointed
 In Low Set-Aside**

WASHINGTON—U. S. Rep. Kent Hance expresses disappointment Friday with the "too low" set-aside program announced by the Department of Agriculture on feed grains, wheat, rice and cotton.

Secretary of Agriculture John Block Friday announced a voluntary set-aside of 15 percent for cotton, rice and wheat and 10 percent for feedgrains. Farmers who already have wheat acres planted will be allowed to graze that 15 percent and still participate in the program.

"We needed at least a 25 percent mandatory set-aside with a substantial increase in loan rates to encourage participation in the program," said Hance. "The farmers of this nation are suffering from depressed commodity prices and a large inventory of grain and cotton due in part to the Russian grain embargo of 1978. Coupled with the failure of the government to implement a farm program that will guarantee an adequate supply of food and fiber for the nation and a reasonable profit for the farmer, our farm industry is in a disastrous state."

"At a time when markets are so depressed, it is totally irresponsible for the Department of Agriculture to continue a policy of asking farmers to plant and produce more than our domestic and export markets can handle."

The Texas Congressman also stated that he and other farm state congressmen will continue to fight for higher farm prices and to seek some way to ease the credit crunch that many farmers and ranchers are now facing.

"High interest rates and low farm prices have left many farmers in Texas facing foreclosures or liquidation this year," he said. "If the Farmers Home Administration (FmHA) and the Small Business Administration (SBA) demand immediate payment of every penny a farm owes them under threat of foreclosure, thousands of farmers will go out of business in West Texas almost overnight."

Hance is trying to convince the FmHA and SBA to finance farmers who can present a realistic repayment plan, until they can overcome this past year's

**Cotton Classing Totals
 Pass Two Million**

About 214,000 samples were classed at Lubbock during the week ended January 28, according to Mack Bennett, Area Director for USDA's Marketing Services Office at Lubbock. This brought the season's total to 2,144,000, well past the record for one season's classing total at one office.

The previous record was 1,805,000 set in 1962, also at Lubbock, Bennett said. The night shift was terminated Thursday after ten weeks of operation. Out-of-town cotton classers were returned to their homes all across the cotton belt.

About 13 percent was grade 42, 42 percent was grade 52 and 25 percent was grade 52 during the week. About 90 percent of

the samples were reduced one grade because of bark. Seven percent was classed below grade.

Staples were 12 percent staple 29, 37 percent staple 30, 36 percent staple 31 and 11 percent staple 32 for an average of 30.5 thirty-seconds of an inch.

Micronaire 35 - 49 was 18 percent, 33 - 34 was 14 percent, 30 - 32 was 31 percent, 27 - 29 was 25 percent and 26 or below was 12 percent for an average of 31.

Fiber strength averaged 23 grams per tex.

Growers sold mixed lots of mostly grades 42 and 52, staples 31 and 32, mike 35 - 49 at about 45.30 cents per pound, unchanged from one week earlier.

Farm Loan Association of Muleshoe was changed to Federal Land Bank Association of Muleshoe, Muleshoe, Texas. On January 9, 1960, the secretary-treasurer was changed to manager.

Noel Woodley resigned as manager and Ernest Kerr of Muleshoe was elected as manager effective September 15, 1960.

Land Bank Building locations were: May 1919 - L. S. Barron building; January 1930 - A. P. Stone Abstract Company building; July 1937 - Satler

Building; November 1938 - Muleshoe State Bank Building and in August 1948 moved to present location at 316 Main Street.

On October 9, 1979, after 19 years, 3 1/2 months of service as manager, Ernest Kerr retired, effective January 1, 1980. William Liles was employed as manager effective the same date.

The Federal Land Bank's outstanding loan volume as of December 31, 1981 was \$26,431,742.00 with the number of loans outstanding reaching the figure of 629.

Nursing Home News

By Joy Stancell

Sunday morning, E. B. Wilson came to have Bible study with the residents.

Members of the Muleshoe United Methodist Church came to sing to the residents Sunday afternoon.

The hospital and nursing home auxiliary came Tuesday to work in their beauty shop. They shampooed and set all of the lady resident's hair that were able to go to the beauty shop. There were about 24 ladies.

Wednesday afternoon, Glenda Jennings, Jackie Johnson, Bro. Louis Crenshaw from the Lazbuddie Methodist Church came to have a sing a long with the residents.

Friday morning, Mrs. Dawson helped the residents paint a picture in crafts. They were put on display afterwards in the dining room. Residents participating were Alma Henley, Russ Duncan, Marie Patton, Ora Roberts, Keith Fuller, Willie Carothers, and Rosemary Pool. Residents visiting were Ruby Gore, Lottie Hall, Effie Smith and Ruby McCamish.

Thursday morning, Mrs. James Williams and Mrs. Frankie Williams from the Nazaren Church came to have a devotional with the residents.

On Thursday afternoon, C. W. Wilhite and Mrs. Bill Millen, Maud Kersey and Rita Shipp came to play 42 and dominoes with the residents. Participating were Willie Mae Carothers, Russ Duncan, Mrs. Bellar and Ora Roberts.

On Friday morning, the

residents listened to a tape of Amos and Andy in the Day Room. We thank Ruby McCamish for letting us use her tape.

Friday afternoon, Carroll Rhodes of the First Baptist Church came to give a devotional to the residents. A lady from Trinity Baptist Church played the piano.

Sunday morning, E. B. Wilson came to have Bible study with Marie Engram, Ora Roberts, Marie Patton, Ruby McCamish, Effie Smith, Russ Duncan, Alma Henley, Willie Mae Carothers, Edith Bruns, Mr. and Mrs. Brinker, Mr. Laney and Archie Scarlett.

Sunday afternoon, members of the American Blvd. Church of Christ came to sing with the residents.

Tuesday afternoon, the Hospital and Nursing Home Auxiliary came to give shampoos and set the ladies' hair and give manicures. They also gave some of the ladies hair cuts. They did about 23 ladies' hair. We really appreciate them doing this for us.

Tuesday morning, the Lazbuddie Young Homemakers came to decorate the Nursing Home for Valentine's Day. They made everything look so pretty and we thank them so much for doing this for us.

On Wednesday afternoon, Glenda Jennings, Jackie Johnson and Bro. Louis Crenshaw from the Lazbuddie Methodist Church came to have a sing-a-long with the residents.

The Spudnut Shop brought us delicious spudnuts Monday. What a special treat.

Our thanks to Mr. and Mrs. J. J. Brothers of Olton for the gift of clothes for the residents.

Edith Bruns got a new perm Tuesday morning.

Kate visited her mother, Russ Duncan, Tuesday.

Rex Steinbock visited his dad, Willie Steinbock on Tuesday.

Jerry Hutton visited the nursing home Monday.

Willie Mae Carothers has regained her health and was able to go home to live Tuesday.

It was good to see Mr. Laney sitting in the hall visiting Tuesday.

Lorna Moravec came on Tuesday morning to give manicures to the ladies.

Mr. Berry was hospital-

ized Monday night. Hurry and get well, Mr. Berry, we miss you.

Mrs. Bartlett, Thurman Bartlett's wife, is in the hospital at this time. We are sorry she is sick, we miss her visits.

Marie Engram was visited by Marjorie Precure, Maud Kersey, Manuella Trejo, Juanita Flores, Wilma Waddle, Joann Puckett, Mr. and Mrs. Tim Campbell, Kristie and Scott, Frankie Williams, Jack Renneis and Jerry Hutton.

lett, Jerry Mudgett, Bertie Hendrix, Cleo Bellar, Ora Roberts, Alma Henley, Russ Duncan, Marie Patton, Lura Northcutt, Maggie London, Ruby Gore, Doshia Dykes. Refreshments of homemade cookies and punch were served on Valentine plates and cups with napkins to match.

On Wednesday, Glenda Jennings, Jackie Johnson and Bro. Louis Crenshaw from the Lazbuddie Methodist Church came to have a sing-a-long with the residents.

On Thursday, work began to install our new whirlpool bath. The auxiliary is doing this for us with the money from the Christmas Card project.

Scientists look at cloning methods to improve cattle

COLLEGE STATION — Recombinant DNA, a practice more commonly known as "cloning" or "genetic engineering," is under study by Texas A&M University veterinary scientists to determine if it can produce healthier, heftier cattle.

Dr. James Womack, a geneticist, and Dr. Duane Kraemer, a pioneer in embryo transfer studies, are about to begin exploratory tests with cattle regarding the insertion of genetic material from one strain of mammal to the embryo of another.

"This study will concentrate on adapting microinjection and cell nuclei fusion techniques already developed in mice to cattle ova," said Kraemer, who will oversee microinjection work on the study.

DECA Making Preparations for Conference, March 5-6

The Muleshoe High School Chapter of Distributive Education Clubs of America are very busy making preparations for the Eleventh Annual Career Development Conference to be held March 5-6 in Lubbock.

Series events involve preparing in the instructional areas of advertising, communications, display,

Mr. Latham Welcomed To Muleshoe

The Muleshoe staff is happy to welcome Mr. Gaylord Latham to Muleshoe High School. He has replaced Mr. Landers. Mr. Latham is teaching computer Math I and II, Trigonometry and Introductory Algebra I. Mr. Latham often spends his extra time playing with calculators and computers; and when he's not doing that, he's playing tennis.

His wife's name is Linda Lou, and his three boys are Galin, Lance and Colby.

Mr. Latham attended South Plains College and Texas Tech, and he received his B.S. and M.Ed. at WTSU.

Junior Class Sell Carnations

The Junior class began selling carnations on Wednesday, February 3. Any person wishing to buy a carnation may do so no later than February 10. Each carnation is \$1.50. The colors are red for love, pink for secret admirer and white for friendship. Selected juniors went to junior high school and took orders for carnations there during their second period on Friday, February 5. If any junior high student did not buy a carnation and would like to, they must notify a junior before Wednesday, February 10.

FFA Spotlights Kelli Overman

This week, the FFA spotlight is on Kelli Overman. She is the 18 year old daughter of Mr. and Mrs. Berle Overman and a senior at Muleshoe High School.

Kellie is an outstanding member of FFA. She serves as the treasurer and the Sweetheart. She shows pigs and lambs at several of the major stock shows, including El Paso and Houston. Kellie currently has a Chapter Farmer-Degree and is working for a State Farmer Degree. In addition to FFA and stock shows, Kellie is also a member of FTA.

After graduation, she plans to attend Clarendon College and major in animal science.

After much pleading Haynes had managed to "touch" his friend for a loan. When it was safely in his possession, he said:
"You are very kind to lend me this money. I feel that I can never repay you."
His friend stared hard at him. "Why the Dickens didn't you say that at first?" he exclaimed.

Student Council Projects Abound

Texas Life Program Scheduled For MHS

Many people are not aware that good health is usually in the hands of an individual. The individual person can do very much to reduce health risks provided he is aware of what to do. The Texas Life Program is a new awareness program that provides information needed in order that individuals may make proper choices concerning their health. Many people believe that their health is entirely due to heredity or to fate. The program emphasized that nothing could be further from the truth. The emphasis is that many causes of poor health are the results of poor choices by any individual.

Mrs. JoAnne Head, director of the local field office of the Texas Department of Health will present the program of Muleshoe High School students during February and March of this year. She will begin the program by encouraging individuals to learn to develop self-responsibility and health awareness by learning to

identify risk factors. Each individual will become more aware of the fact that he often has a choice in helping himself to a longer and healthier life.

The program has a short questionnaire for students on selected risk factors and a biographical data form for which students may use to help themselves identify traits of good and bad health. The entire program is designed as a supplemental reinforcement to current health instruction of students.

Muleshoe High School freshmen will hear the presentations during their English classes on February 23; sophomores will hear the presentation on March 4 during English classes; juniors will receive the instruction on March 9 during English classes and seniors will participate in the program on March 11 during Civics classes.

Muleshoe High School director of health instruction, Mrs. Gwyn Murray, is coordinating the program so that every high school student may hear the presentation.

FFA Members Show Stock In El Paso

The Mule's Tale staff this week is featuring several members of the Muleshoe FFA who will be attending the El Paso Stock Show February 5-11. Friday, February 5, swine and sheep will be entered and they will be weighed in Saturday. On Monday and Tuesday, February 8-9, pigs and lambs will be shown. Thursday, February 11, is the date of the sale for both pigs and lambs that qualify for the sale.

Muleshoe FFA members will be showing. Starla Black is the 17 year old daughter of Mr. and Mrs. Ronnie Black. She is a senior at MHS. She is the president of the FFA chapter and also active in FTA. Starla is showing lambs and pigs at the show and wants to wish everyone good luck.

Micheal Barrett, the 15 year old son of Ricky Barrett, is a sophomore. He is very active in FFA and is exhibiting pigs. Micheal commented, "It is a good experience for anyone. You really learn a lot about animals and how to care for them."

Eighteen year old Kellie Overman is a senior and is exhibiting lambs and pigs at the show. She is the daughter of Mr. and Mrs. Berle Overman. She currently serves as the FFA Sweetheart and the treasurer. Kellie is also a member of FTA.

Kim Farmer is a 16 year old junior at MHS. She is the daughter of Charles and Shirley Farmer. She is the FFA Plowgirl, chaplain and shows pigs. She also participates in 4-H horse-judging. While in El Paso, Kim commented she wants to chase boys, meet new

The 1981-82 Muleshoe High School Student Council members have been involved with several projects the past two months. The month of December was filled mostly with Christmas events for the school and community while January proved to be a planning month for the new 1982 school year.

Monday, December 7, the Christmas tree was put up in the front hall. It was a large tree purchased by the office and Student Council. All new ornaments and lights were bought last year; these helped make the tree attractive.

The Bi-Annual Blood Drive was Thursday, December 17, in the auditorium. Many people donated, helping make the Blood Drive a big success. A 1982 drive will be scheduled later in the year.

The Christmas Concert was put on by members of the Mighty 'M' Band under the direction of Mr. Eddie Chance on Friday, December 18. Everyone who came to listen either paid 50 cents or brought a canned good. The Student Council then donated the food and money to Santa's Helpers. Many needy families in the community were helped through this project.

Also, in the month of December, Student Council collected change from the student body to help pay for the student phone located in the office.

Beginning January 6, the student Council began planning for the '82 school year. Many of the members and Lola Pylant and Keith Taylor, the S.C. sponsors, attended District XVII convention held at South Plains College in Levelland. New district officers were elected, and a speaker talked to the group about body language and new perspectives.

The four classes at MHS had their basketball class participation contest Friday, January 29. Student Council sponsored a Coke party for the seniors, the class with the highest percentage at the game Wednesday, February 3. They had 35 out of 106 people in attendance, giving the seniors 33 percent. The freshmen came in second place with 36 out of 121 attending or 30 percent. Juniors came in third with 28 out of 108 attending or 26 percent and the sophomore class came in fourth

with 25 out of 109 attending or 23 percent.

February 15-19 is State patriotic Week; and to get Muleshoe High in the spirit, Student Council plans to decorate the halls with red, white and blue. Also, there will be special morning watches each day beginning at 8:30.

Student Council is sponsoring something new on February 25. Several of the MHS teachers will present a talent show. Music from the 1940's, 50's, 60's and 70's will be played and certain professional singers will be imitated by faculty members.

For the Easter holidays, Student Council will be showing the movie 'For Pete's Sake.' It is a comedy with Barbara Streisand as the main character.

Many activities and projects have come and gone, but many are still ahead. If there is anyone who believes a project needs to be initiated to benefit the school, student body, or the local community, please contact one of the Student Council members or sponsors.

Research Paper Time Here

It is Research Paper time again. Mrs. Wrinkle's English IV students are beginning to prepare for their research papers by reviewing preliminary steps.

February 1-5 was spent studying the correct way to present footnotes, bibliographies, note cards, outlines, and how to research a topic beneficially.

Thursday, February 4, research papers written in previous years were available for interested students to read. Also, January 18-19 was spent reviewing capitalization and punctuation, hopefully to help students when writing the bodies of their research papers.

This year, the class will travel to Portales for additional research at the Eastern New Mexico University Library, Tuesday, February 16.

Students may choose research topics pertaining to English History or English Literature.

Come, Winter, with thine angry howl.
And raging bend the naked tree:
Thy gloom will soothe my cheerless soul,
When nature all is sad like me.

Reciprocity
A romance of long standing has gone on the rocks, and a friend was questioning the would-be bridegroom.

"Why, after all these years," he inquired, "did you break your engagement to Mary?"

"Well," replied the other sadly, "I only did to the engagement what she did to me."

Government Fiddles While Texas Burns

Texas Municipal League President Alan Henry today announced the formation of a state-wide task force of mayors to develop plans for meeting Texas' long range water resource needs.

The task force is comprised of 50 city officials representing communities of every size throughout the state.

Henry, who is mayor pro tem of Lubbock, said the panel would look at two inter-related factors --water supply and sewage treatment--that will determine whether Texas cities will continue to grow during the 1990s

and beyond. "Our cities and towns face many different challenges," Henry said, "but none is of higher priority than water resources. Without sufficient water supplies and adequate means for disposing of sewage our cities will inevitably wither; it's that simple."

According to Henry, Texas' water-related problems extend to every part of the state --ranging from water shortages in West Texas to overloaded sewer systems in North Texas. "Though varied in form," Henry observed, "these state-wide prob-

lems share one common denominator: a growing urgency."

Henry said that solving the state's water-related problems will require the expenditure of at least \$50 billion, and perhaps as much as \$105 billion, between now and the year 2030.

"The required sums are staggering," Henry noted, "and they are far beyond the ability of local governments--and local taxpayers--to provide without state help." What is needed, Henry said, is a financing plan that would use the resources of the state to alleviate the fi-

cal burden on localities.

Henry said the mission of the new TML task force would be to develop a water resources package for presentation to the 1983 Texas Legislature.

Also, the TML proposal would identify the specific kinds of projects that would be eligible for state financial assistance if it is approved by the 1983 legislature.

Henry said the TML panel would work with members of the legislature, environmental groups and other interested organizations in developing a proposal capable of passing muster with both the legislature and Texas voters. Representatives of several groups, including

county officials and environmentalists, had already contacted the TML and expressed their interest in formulating a new water resources plan, Henry added.

He said the membership of TML was disappointed by the defeat of a similar water resources plan by Texas voters last November 3, adding that the election was "a valuable learning experience."

"The election plainly showed that Texas voters will not approve a water financing plan that lacks specifics," Henry said.

"It will be our task to develop a plan that advises the taxpaying public of exactly what they will be getting for their dollars--and then to publicize the plan to generate the public support necessary to pass it," Henry said.

Bankers Address Financial Survival of Farmers

Texas agricultural producers are groping for survival in an unsettled economic climate, and they must depend heavily on their bankers and lenders as partners in the struggle. Rural banks are also fighting for survival.

At times like these, those who provide operating capital for farmers and ranchers must stay abreast of changing situations.

And, that's the purpose of the 30th Texas Farm and Ranch Credit Conference for Commercial Bankers at Texas A&M University on March 1-3.

Furthermore, bankers and lenders will have an opportunity for in-depth training in agricultural credit during a three-day workshop following the conference.

"A major segment of the conference will be devoted to discussions about bank holding companies, including pros and cons, pricing and tax considerations, management philosophy and personnel policy, and how to compete with a holding company," points out Dr. Bud Schwart. Schwart is a dairy marketing economist with the Texas Agricultural Extension Service, Texas A&M University System, which is sponsoring the annual conference.

"More and more city bank holding companies are incorporating rural banks into the holding company system," adds Schwart, "So there is an acute need for credit officers and bank executives

to become more familiar with the risks, needs and opportunities in production agriculture."

Headlining the conference will be U. S. Congressman Tom Loeffler of Kerville and Phil Gramm of College Station. Loeffler will discuss "Banking -- Now and Future" while Gramm will give an overview of the nation's economy.

Those attending the conference will also hear about "Texas Agriculture in the '80s" from Reagan Brown, Texas Commissioner of Agriculture, and about "The Implication of National Farm Policy for Texas" from Dr. Ron Knutson, Extension economist in marketing and policy.

A session on "Recognizing and Managing Problem Farm Loans" and discussions on the special requirements of crop, livestock, dairy and farm equipment loans will also be featured.

Because many agricultural landowners have witnessed increased oil and gas activity, a discussion also deals with "Oil and Gas Leasing Hints."

Discussions on the outlook for rice, dairy products, soybeans, grain, cotton, sheep, hogs and cattle will give bankers and loan officials an up-to-date perspective of the major agricultural commodities, says Schwart.

Bankers and lending officials taking part in the agricultural credit workshop will be involved in

computer simulation techniques to gain an understanding of agricultural bank management. Computer games will complement seminars dealing with sources of financial information, such as income statements, cash flow and balance sheets, and how these instruments are used in making and servicing loans.

About Service
Improvements
We're Making Them
In Muleshoe**

At General Telephone, better service isn't just a goal, it's a solid commitment. General Telephone spent over 354 million dollars in 1981 on capital expenditure projects (i.e. new electronic switches, expanded cable projects, modernization), and GTE will spend over 410 million dollars in 1982 to provide you the best telecommunications available.

For Muleshoe this investment in service improvement is working as shown below. General Telephone is working hard to continually provide you with the best of service.

The Texas Public Utilities Commission (PUC) has established certain standards in public hearings, and our service results are listed against those standards.

	Muleshoe		
	Texas PUC Standards	January 1981	Most Current Figure
% customer calls answered promptly business office/ repair service	90 90	91.2 88.2	91.6 98.8
% service order commitments met as promised	90	96.2	97.8
% local calls completed on 1st try	98	97.0	98.5

agri-facts

By Bill Wooley

The agricultural system is estimated to employ in excess of 23 million people who make a contribution of 20 percent of the Gross National Product. That's a sizable hunk of both the work force and the nation's output. But, think, for just a moment, where the entire agricultural system is anchored... on the broad shoulders of some four million people who comprise only four percent of the nation's labor force and produce three-percent of the GNP. That's a pretty heavy burden for... four million farmers. Add to the farmers an additional 7.1 million people employed in food marketing. Then, add over 12 million employed in producing the inputs used in farming. Total: 23 million people - almost a quarter of the 97 million employed in the U S in 1979. All focused on the farmer. That is a good definition for the word "awesome".

Slaughter Services Set For Monday

Services for Kirk Slaughter, 72, will be held at 2 p.m. Monday, February 8 at the First Baptist Church.

Cox Services Pending In Missouri

Word was received Friday morning of the death of Laura B. S. Cox in Excelsior Springs, Missouri. Mrs. Cox formerly owned land in Bailey County and was a frequent visitor to the Muleshoe area. Services are pending at Excelsior Springs.

with Rev. Ray Cunningham, a Baptist minister from Fluvanna, and Rev. J.E. Meeks, pastor of the First Baptist Church, officiating.

Interment will be in Bailey County Memorial Park under the direction of Ellis Funeral Home. Slaughter was dead on arrival at West Plains Medical Center at 8:50 a.m. Friday, following a heart attack at the Dinner Bell Cafe.

A cattleman and horseman, Slaughter was born January 20, 1910 in Canton and married Golda T. Ary

KIRK SLAUGHTER

October 2, 1934 in Stigler, Oklahoma. He moved to Stigler from Canton in 1918. In 1936 he moved to the Muleshoe area and worked for the VVN Ranch. He moved to Circleback in 1943 and worked at Paul Brothers Ranch for 20 years. In 1963 he moved to Muleshoe and worked for King Feedlot until his retirement in 1975. He was a member of the Circleback Baptist Church.

Survivors include his wife, Golda; two sons, J.C. Slaughter, Jr. of Muleshoe and James Slaughter of Albuquerque; three sisters, Mrs. Ruby Ford of Avalon, Calif., Mrs. Virgie Koogler of Las Vegas, Nev., and Mrs. Jerry O'Doved of Huntsville, Ala.; and one grandchild.

EXPORTS TO IRAN

WASHINGTON -- Sale of American farm commodities to Iran may reach \$300 million this year, slowly regaining a lucrative market interrupted two years ago by the takeover of the U.S. embassy in Tehran, an Agriculture Department expert said recently.

Trading post comes to Austin

AUSTIN, Texas (Spl.) -- A restored brass-and-oak trading post that stood on the floor of the New York Stock Exchange from 1929 until its replacement in 1980-81 has been acquired by The University of Texas Graduate School of Business.

The piece of American business memorabilia is on view on the third floor of the Graduate School of Business Building.

UT's No. 5 "post" is a horseshoe-shaped structure, standing seven feet tall. Brokers used to gather there to buy and sell stocks. It is fitted with brass frames, an oak counter and 12 leather-covered push-down seats.

Business colleges face critical faculty shortages

COLLEGE STATION -- Business colleges, like engineering schools, face critical shortages of faculty members, warns the dean of Texas A&M University's College of Business Administration.

"We've lost several excellent faculty members over the last three years, nearly 10 percent of our faculty," said Dr. William V. Muse. "We were lucky. We filled most of the openings. Other schools in the nation weren't as fortunate as there are not enough qualified people on the market to fill the number of vacancies nationwide."

The American Assembly of Collegiate Schools of Business reports at the current production rate it would take nearly seven years to fill vacant business faculty positions for the 1980-81 academic years.

ATTEND THE CHURCH OF YOUR CHOICE

A Hollow Shell

What a profound symbol of emptiness, a hollow shell from which the life kernel has been removed. Its purpose for existence is gone; it is fit only to be cast on the rubbish heap. Sometimes life is like that -- an empty shell from which the life force has been removed. It has no meaning and no purpose; it seems to have no conceivable end but the grave. This is a picture of life without God, a shell from which the kernel of meaning has been removed. God has made us for Himself and we are empty until filled with His presence. Only God can make human life meaningful. God's gift to lead us to this meaning is His Church. Go to Church Sunday and open your life to the One who will fill it with significance.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

Is something wrong with you, life -- an inner restlessness, dissatisfaction? The only answer to every human problem comes from God. He alone can give and restore. Through the church God has promised the provision and power of His forgiveness and redemption. Without a church relationship no one is securely related to God. Everyone should be in the Church and the Church in everyone!

LEGAL NOTICES

THE STATE OF TEXAS
TO: Ms. Santos Ramirez aka Santos Ramirez Santos GREETINGS: YOU ARE HEREBY COMMANDED to appear and answer before the Honorable District Court, Bailey County, Texas, at the Courthouse of said County in Muleshoe, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of Manuela Najera Santos, Petitioner, filed in said court on the 29th day of January, 1982, against Ms. Santos Ramirez aka Santos Ramirez Santos, Respondent, and said suit being numbered 4740 on the docket of said Court and entitled "In The Interest of Alfredo Santos, a Child," the nature of which suit is a request to Terminate Parent - Child Relationship. Said child was born the 31st day of August, 1974, in Amherst, Lamb County, Texas. The Court has authority in this suit to enter any judgment or decree in the child's interest which will be binding upon you, including the termination of the parent-child relationship and the appointment of a conservator with authority to consent to the child's adoption. If this citation is not served within ninety days after the date of its issuance, it shall be returned, unserved. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs. Issued and given under my hand and the seal of said Court at Muleshoe, Texas, this 4th day of February, 1982. Nelda Merriott, Clerk District Court Bailey County, Texas 6s-1tc
