AROUND THE HOUSE

Fresh bread stays fresh longer if wrapped carefully and placed in your refrigerator. Do this to prevent early staleness.

White tea towels come from boiling them in a porcelain enameled sauce pan in which a few lemon peels have been added to the water.

There'll be no soggy crust if you place the freshly baked pie in a wire rack to cool instead of on a flat surface. The rack of your broiler will do.

White woolen toys may be cleaned by making a thick paste of dry starch and water. Rub into the toy and let stand until dry; brush off starch.

Keep electric appliances free from accumulations of dust, dirt, food crumbs, rust, water and oil.

To remove old paint or varnish from fine wood, place a wad of steel wool in a rubber crutch pit and rub lightly, being careful to avoid scratching. Then clean wood with turpentine.

THE MENTAL WITNESS

By LOUIE B. NEWTON, D. D.

SCRIPTURE: Acts 8:26-30.
DEVOTIONAL READING: Psalm 57.

The Personal Witness

Lesson for March 7, 1948

DR. ALBERT SCHWEITZER, described by Hermann Hagedorn as "Prophet in the Wilderness," is a living example of what Sunday's lesson is undertaking to follow the lead of the Holy Spirit into the way that goeth down from Jerusalem into Gaza, which is desert. There he found a man in search of God, and through his witness the man was saved.

like our Saviour Jesus did. The lesson passage is found in Acts 8:26-30, and is the story of Philip, leaving his very successful evangelistic campaign in Samaria in the way that goeth down from Jerusalem into Gaza, which is desert. There he found a man in search of God, and through his witness the man was saved.

THE STORY OF JESUS This man was not of Philip's race. He was an Ethiopian. But he was a man. And God loves every man of every race and of every condition of life. Jesus never did meet an unimportant person, nor will any true follower of his. Jesus said, "As the Father has sent Me, even so send I you," John 20:21.

AND THE MAN LISTENED WHEN we faithfully obey the Holy Spirit, he enables us to effectively witness for Jesus. We cannot be effective witnesses if we rely upon our own wisdom and our own judgment. The boy in your street who does not know Jesus will listen to your story if you go in the same glad obedience to the command of the Spirit of God as did Philip.

A lad told me this story. He had a neighbor who had never been to Sunday school, and he wanted to enlist this friend. He thought about it seriously. But he was not quite sure of himself. And then he prayed, asking God to direct him. The next day the boy asked him, "What are you doing Sunday morning?" With this opening the lad invited his neighbor to come along with him, and the result was that the little neighbor, of another race, accepted Christ.

TO WHOM SHALL WE WITNESS? THE question now emerges, To whom shall we bear this witness? We cannot all go as missionaries, as did Dr. Schweitzer. But every Christian can witness. First, to those immediately about us. In every community in our beloved country are people who do not know Jesus Christ as Saviour and Lord. We need to tell them, not to all of them, but to some of them, perhaps to one of them. Second, we can share in the sending of the missionaries to earth's remotest bounds, through our gifts. I delight to think that I am in partnership with many great men and women on foreign fields, through my gifts and through my prayers.

Third, we can witness through personal correspondence with people in other lands. The present far-reaching media of relief for stricken peoples of the world affords a wonderful opportunity for this very witness. Ask your pastor for the name of some person your age in one of the lands to which your church is sending relief, and write that person a letter, telling of your joy in serving God.

The eunuch went on his way rejoicing. Why? Because Philip had taught him the way of salvation. He had been used as an effective witness in leading a man of another race to experience the peace that passeth all understanding. And Jesus is saying to us today, "So send I you."
