Thursday afternoon the Colorado River was lined with fishermen setting trot lines and throw lines for the night catch. According to fishermen the water was just right and the sign also was right for Thursday and Friday nights. The recent rises should make fishing excellent and with the number of hooks out the fish will have no trouble getting caught.

Cotton chopping is opening up something for the younger generation to do in Ballinger. A number of high school boys hit the road to the nearby farms Wednesday morning and found ready jobs to greet them in the cotton patches. The recent rains have made weeds plentiful and farmers have gotten behind with their work until they can use some extra help for several weeks.

The clean-up campaign of vacant lots in the city should spread to every home and with everybody co-operating the yards and alleys will soon be made as clean as the streets. There is nothing that detracts from a pretty yard quite so much as a dirty vacant lot next door. If the city will enforce the clean-up campaign and citizens co-operate, Ballinger will look lots

The day of rush marriages is about over. The flapper and jelly bean who under excitement go to the preachers and become man and wife will have a little red tape attached to the matter after June 13th. The new marriage law is one piece of legislation that has met the popular approval of everyone and will do untold good if it is carried out by those who have charge of enforcing the law.

A long stretch of pretty weather will be welcomed by everyone at this time. The soil has all the moisture that it can very well take and with pretty weather much work will get under way in this county. Cotton is needing cultivating after the washing rains and weeds are getting a start that will require quick work to stop. The grain crop over the entire county is ready for the harvest and road work and many other matters need good weather before proper progress can be made.

In Runnels county the old saying is to take the rain when we can get it, but this is about to get to be not true. The county is thoroughly soaked and farmers are needing to get into their fields. A large portion of the oats are now

L. C. Daugherty Drug Store Authorized Victor Dealers

"Quality-Courtesy-Service" Phone 133 Ballinger, Texas

Drugs, medicines and toiletries, like all other articles of commerce are priced by the manufacturer to afford a fair margin of profit to the dealer. When he cuts the price he jeopardizes his business and it is only fair to assume that he makes up the deficit in some other manner. He must, to stay in business. When you buy here you get quality at the lowest prices consistent with good business. Our stock is uneclipsed in Ballinger. Only old established brands of medcines and toiletries are on our shelves. And our stock is absolutely fresh. It does not have to be weeded out by sales to banish "shop-worn" We are Ballinger agents for the famous candies of Hollingsworth, Norris and Elmer. We also use the noted Norris chocolate topping on sundaes and sodas served at our fountain. Some real warm day stop in and try a sundae made of M-B ice cream. It is delicious and if you were as tall as a giraffe it will cool you from head to feet. If you have a friend who is about to become a June bride remember her with a beautiful Lucite toilet set of brush, comb and mirror and some Martha Lee face cream or powder. It is the gift that is never forgotten. And remember we are authorized Victor agents in Ballinger with a full stock of records and machines, radio combinations and portables.

"The Home Buildesr of Ballinger" Ballinger, Texas Home building service that was honest and helpful, to prospective builders, has been our policy for many years, and not merely to sell building supplies. Plan books, showing latest and newest things in homes, including all the built-in features, that make for comfort and pleasure of the housekeeper, are on hand. And in addition, we have in our Oklahoma City office an efficient and complete architectural department where plans for homes are drawn, quickly, after the builder's own ideas are compiled, free of charge to our cus'omers. If you haven't specific ideas of your own, as to just what you want, call on us for this service—it is prompt and satisfactory. Your home should come first. It gives the wife and kiddies a pride and pleasure, and comfort, that nothing else can. And as it is a permanent investment, The roof of a house is most important. We

have it. Carsy's name for many years has been a guarantee of quality and building satisfaction in this community. Wm. P. Carey, owners, established since 1881.

D. E. Moody Music House "Music Hath Charms'

Ballinger, Texas

With summer on us, the nights too warm to go to the movies and auto rides boresome we look for other forms of entertainment. Then it is that a Columbia Phonograph on the front porch or lawn fills the void and provides relaxation, for in the words of the poet, "Music hath charms to still the savage breast."

The Columbia brings the artists of the world to your side and there is no static or electric interference. A storm may rage without but your Grafanola can play on. And don't forget a musical education for your children, for the rich child is even poor without a musical education. He or she may not become a Fritz Kreisler or a Paderewski, but it will broaden his

or her intellect and actually aid in school tasks. We handle the Werner piano and will be glad to install one on demonstration. We also have good used planos in well known makes. Our violins are the product of noted makers. But no matter what your need is musicallywe can supply it. We get new records as soon as issued and our stock of sheet music is the largest in the county.

Parr Brothers Garage "We Make You Like Our Service" Ballinger, Texas

It is precision workmanship that makes the automobile-it is precision workmanship that keeps it in service. Many a car leaves the factory lacking that something that makes for speed, durability, smoothness. We like to work on that kind of a car. We build stamina, speed and smoothness into it. It runs as its maker intended it to run. We are precision workmen. We must be or we would not stay here long. And we have the equipment to work with. We have installed the most up-to-date piece of equipment in the automotive field, a Re-Li-O Grinder. With it we grind the pistons to fit the blocks and can give two-hour service on tractors or automobile pistons. It is this kind of work that makes a man raise the hood to see if the motor is running. And valves are ground here with the same precision. It spells power, speed and economy. We stock gaskets and parts for most cars or can get thom in a hurry. We have piston rings. Cheap food is a menace to health and the costliest in the long run. It is not economical -it is expensive. Take canned corn for instance. We could buy canned corn at a price and sell it for much less than the staple brands on our shelves. But cheap canned corn is largely water-the actual food contents or calories if you please, are in the minority. Besides the flavor is missing. The "M" System stands for quality first, last and all the time. It is incorporated in our franchise. Our prices, considering the class of goods we sell, are the lowest in town. We do not base them on what our competitors are doing but on a basis of small profit, volume business and quick turnover. Our shelves are a revelation even to the buyer who is accustomed to quality food at consistent prices. The best the market affords always in choice canned goods; the fanciest of fresh vegetables daily, the finest only of coffees and teas. For warm weather we are featuring delectable salmon, tuna, sardines, potted meats To try the "M" only the best of fancy meats. System once is to become a habitual customer. Healer Chevrolet Co.

Sales and Service Phone 292 Ballinger, Texas Over Half Million in Service

The man who buys a new Chevrolet six is well looked upon by the community. He is regarded as a shrewd buyer, a keen judge of values and his car, even though he is compelled to buy it upon the installment plan is not a millstone but a decided asset. He becomes the envy of his friends and his prestige takes a decided boost. And why not? A smooth running six instead of the noisy clamor of a four, re-finements only found in the highest priced cars, the richest of upholstery, dignified appearance and last but not least, "Body by Fisher." Twenty years of knowing how and the finest engineering skill gives the Chevrolet an enviable position in the motor car field.

Class, distinction, economy, speed and low upkeep tells the Chevrolet story. Is it any wonder that everyone wants to own a Chevrolet six and that more than 700,000 have been sold since the first cars were placed on the market. Chevrolet has always led the field ever since

the Chevrolet brothers built their famous motor which was so vibrationless that a lead pencil resent powerful valve-in-head motor is the modernized version of that famous motor. Come in-try one out-you will buy it.

"Artistic Photography" Ballinger, Texas Phone 396

People come and go, times change, buildings are razed and new ones built, but photographs live forever. How often we wish for the photograph of some loved one when it is too late. Don't forget the little kiddies. They do not remain young. Have their photograph taken while they are still in the cute age. Pictures taken at this time are far more precious than the rarest of gems, and we are specialists in child photography. We preserve on our negatives the characteristic expression of young and old alike and we give you the benefit of our experience and ability at the lowest prices consistent with the highest type of quality and workmanship. In lighting, pose and finish our portraits are in a class by themselves.

Our aim is to endear outselves to the pepole of Runnels county through art as exemplified in our work. For a limited time we are making high class portraits at a great reduction in price. It will be a pleasure to serve you.

Perry Bros., Inc.

"All Over Texas"

Perry's is a revelation to the shopper who visits our store for the first time. The distinctive entrance is no criterion to the amazing stock of goods inside nor to the equally amazing prices. Perry's is not a five and ten cent store as five and ten cent stores run-you find nothing but quality merchandise at mass buying prices. What we save by huge purchases we pass on to you. For instance: Where in Ballinger can you buy a nifty man's straw hat for \$1? Or beautiful pure silk lingerie as low as \$1? Or a full fashioned silk hose for \$1? Everfast print house dresses for 98 cents? And in home furnishings we lead. Kitchen ware in tin and aluminum from 5 cents up. Table oil cloth-the finest grade-for 29 cents the yard. In toilet articles you will find Hinds' and Woodbury's at slashed prices. Kerosene table lamps at 59c and 89c, complete. And why not make

Ever been out on a hot, sultry night when you would have given a dollar for an iced drink or a plate of ice cream. Of course you have-everybody has. How good the glistening fountain of Parker's would have looked to you with its glistening glasses and suggestion of cooling beverages. And how we can make 'em! No matter what you want in the iced drink or sundae line—our soda dispensers know how and they didn't learn in a day either. We have some drinks here that cannot be obtained anywhere else in town and how they touch the spot. And we can serve delicious ice cream in a hundred different ways-all good-all satisfying. Stop in on your way home-try one of our drinks or take some ice cream with you. We pack it in sealright containers, it keeps hard for an hour. And if you are hungry, just try one of our sandwiches. Dainty morsels of unalloyed goodness-real epicurean treats. They fill the aching void and make life take on a rosy hue. Remember-only at Parker's.

With the advent of summer the problem of food preservation again confronts us. The Department of Agriculture tells us that food keeps best at a temperature of 36 degrees. The old style ice box has been proven more or less inefficient. Frigidaire, the only automatic refrigerator with "cold control" keeps food at a constant temperature. When the door of the food chamber is opened and the interior warms up. Frigidaire automatically cuts in and brings the food chamber back to the temperature at which it is set. In addition it freezes ice cubes for iced drinks. It pays for itself in the saving of food alone and its upkeep is hardly notice-able. Frigidaire is handled in Ballinger by West Texas Utilities and sold on deferred

One man out of line spoils an army's formation. One vertebral spine out of line spoils your health. Through hundreds of letters and through word of mouth we can point with pride to many persons who were brought back to health by he scientific application of chiropractic trea ment. In fact one treatment will start you on the way to health. Chiropractic adjustments are painless and one treatment usually relieves although it may take several to banish the cause of illness and restore perfect health. The vertebrae or backbone has more direct bearing on a person's health than any other organ of the body. Let one segment get out of line and something happens. Disease grips the system and unless the cause is removed continued ill health, possibly death, results. A slight pressure on the spine, the spinal segment slips back into place and lo, the cause being removed-the patient gets well. My message to those in ill health is to try chiropractic. It will help you. But be sure the chiropractor is a good one. I am a graduate of the Texas Chiropractic College of San Antonio, and many persons in Runnels county will testify as to my merits or efficiency. Stop in and let me talk to you.
