### COOPERATION

The progress and prosperity of a community is a measure of the ability of its citizens to cooperate—to work together Whenever you find a backward or improverished section,

you will almost invariably find that the people of that section do not cooperate with each other; that they are suspicious of each other's motives and envious of each other's success. This failure to work together should not exist, and does not in any community where the people have at heart the

mutual advancement and prosperity of every industry. This bank is here to do its share, and we especially invite the cooperation, confidence and good-will of every citizen.

chosen words introduced the in-Commander Pat Williams Post stand as his name was called Ballinger. With this short installation the new president, C. R. Stone, took the chair amid cheers and yells! for "speech." Mr. Stone thanked the club for the personal honor bestowed upon him in selecting him as its head. The only reason Mr. Stone could think for the honor was the fact that he served the club as tail twister last year and made it so hard on the members that they promoted him to a higher office to get rid of him. He paid a fine tribute to W. Earnshaw, first president of the club, for the fine work he had done in piloting the organization throuh its first year. He also praised R. E. White, re Mrs. Charlie Ransbarger and tiring president, for the unselfdaughters. Miss Nora Ellen and ish effort put forth during the cho. Charlie Ransbarger and son, of the club, Mr. Stone declared

# ANNOUNCEMENT

### The Western Produce Co., Inc. Succeeds the Ballinger Poultry and Egg Co.

Retaining as its manager Mr. Arthur Doose. In the purchase of this institution we feel that we have acquired a valuable property and know from past experience that we are dealing with an appreciative people. Mr. Doose has long and constantly served the poultry raisers of this community and is in position to give you first hand information as to market, etc. In keeping with our policy of honest dealing we shall continue to operate this branch house on a basis of a satisfied customer above all else.

The general headquarters of the Western Produce Co., Inc., is maintained at Abilene, Texas, but we give the same courteous treatment in Ballinger that you would receive at any of our many concentrating houses.

If you have poultry, eggs, turkeys, hides, cream or other produce and want the highest cash prices it will pay you to see Mr. Doose first. We want to see the farmers and poultrymen prosper and will do all in our power to make their undertakings pay them big dividends.

## Forty-four Years Old

1930

### 44 Years of Safe Banking Service in Ballinger

THIS OUR FORTY-FOURTH BIRTHDAY, the Officers and Directors of this bank feel that it would not be inappropriate for them to make a public acknowledgement to the citizens of Ballinger and Runnels County in general and to our friends and patrons in particular who have in many ways, during the past forty-four years contributed to our growth and

success. Some of the most successful farmers and business men in Runnels County have for forty-four years favored us with their patronage and when opportunity permitted have spoken a word of commendation to their friends in our behalf, thereby giving endorsement to the conservative, yet liberal policy, pursued by the management

These evidences of approval have spurred us to even greater efforts in the future and more faithful service will be our aim.

Hoping the same full measure of happiness and prosperity will be enjoyed by those who have so generously contributed to our welfare, we are

Your Friends,

# THE FIRST NATIONAL BANK

### LOCAL SCOUTS DEFEAT OLFEN IN BIG GAME

The baseball team from Boy Scout troop No. 31 defeated the Scout baseball team from Olfen here Tuesday afternoon, 15 to 4. About fifty people witnessed the game and reported it a real exhibition of the national sport with plenty of thrills packed in.

Jack Lynn, first sacker for the home team, was perhaps the hero of the day, being responsible for many of the runs. Three times it was Jack's good luck to step into the batter's box with the bases loaded and each time the lad came through with a twobase blow, accounting for nine of the fifteen runs. He also played a nice game in the field.

Marsh was on the mound for troop 31 and held the Olfen boys at his mercy. Marsh has plenty of stuff with good control of his curve ball. Elwood McWilliams received the slants and hooks and was there with the pep and gab all the way. He displayed good judgment in keeping the assortment of curves, slow and fast ones mixed, and with support from the entire team, helped to keep Marsh out of danger.

Games will be played through the summer. No admission is charged for grandstand seats. The games begin at 5:00 p. m. and are snappy from start to finish.
