

THE BANNER-LEDGER

VOLUME NO. 50.

BALLINGER TEXAS, FRIDAY, NOVEMBER 7, 1930.

NUMBER 8

Court Grinds Steadily; Officers Make Arrests

District court disposed of one case here Monday when Walter Hechler entered a plea of guilty to stealing chickens and was given three days in jail by the jury hearing the case.

Tuesday morning the court took up the case of the state vs John Richards, charged with assault with intent to murder. This case will require some time as a large number of witnesses will be interrogated on the stand before all evidence is finally placed before the jury.

While court was grinding Monday local officers were called on a number of cases. Sheriff McWilliams received a message early Monday from Crosbyton stating that a man by name of Burns had been arrested and was in jail there and had made a complete confession that he was one of the gang who kidnapped the night watchman at Miles two months ago. The watchman was carried into the country and relieved of his clothes, gun and money. The gun belonging to the Miles officer was found on Burns when he was arrested. The Crosbyton officers declared the man's confession implicated two others in crimes that had been committed in West Texas during the past two months. Names of a number of towns plundered, how the booty was taken to Chicago and disposed of to a "fence," and other information was given by the gangster. Sheriff McWilliams stated that he would go to Crosbyton as soon as he could get away from court here and that officers in this section were looking for two others mentioned in the confession of Burns who are also wanted.

B. Vance, negro, was jailed after

his arrest Monday afternoon charged with stealing a bucket of coffee at the local Piggly Wiggly store.

Monday night Sheriff McWilliams was called to the home of Clinton Whitley where he arrested Mrs. Stella Hancock and Richard Winchester and lodged them in jail. Tuesday morning three counts were charged against each, naming assault and battery against Clinton Whitley, drunkenness and disturbing the peace.

Officers expected the criminal docket to be cleared this week unless some case was postponed on account of absent witnesses or for other cause, until next week.

PROFITS ON CABBAGE

CUERO, Texas, Oct. 31.—An average profit of approximately \$150 per acre will be made from a 40 acre cabbage field near Cuero, barring unforeseen setbacks.

The record crop, owned by T. O. Buchel, Cuero banker, has a yield of from seven to eight tons per acre. Buchel's first deliveries brought \$40 per ton, slightly above the ruling market price. The heads are small and solid, requisites for the top price product.

SINGING CLASS TO MEET AT ROWENA, NOVEMBER 9

The Runnels County Singing Class will meet the second Sunday afternoon in November at the Rowena Presbyterian Church. Singing will begin at 2:00 p. m. All singers are invited to be present and take part in the program.

From a single oat seed W. H. Jones, Salmon Creek, Wash., farmer, raised 3,348 kernels of oats.

Harmony Organizes School Attendance New P.-T. A. Unit Much Improved

A large crowd assembled at the Harmony school Thursday night for the purpose of organizing a Parent-Teacher Association. Mr. and Mrs. Joe Simmons of Ballinger met with the citizens here and Mrs. Simmons spoke to them on P.-T. A. work, following which an organization was perfected and the following officers elected:

President, Miss Zula Landrum; vice-president, Mrs. Truett Billups; and secretary-treasurer, Miss Nestella Branaman.

The next meeting of the organization will be held next Friday night at which time a social hour and program will be carried out. Pupils of the school will be presented in a group of numbers on the entertainment program and this will be followed by the social gathering.

The membership will meet the first Friday night in each month and the organization will affiliate with the national organization and the county council. Members displayed much interest Thursday night and Mrs. Simmons predicts a growing and useful organization at Harmony.

BLUEGRASS IS TOUGH; IT SURVIVES DROUGHT

AMES, Iowa, Nov. 3.—Bluegrass pastures that have been dry and brown for months may not necessarily be dead, says L. H. Pamme, former head of the botany department, Iowa State College.

Laboratory tests, he said, showed an almost 100 per cent recovery from drought when water was applied. It may not be necessary to re-seed bluegrass, he says, because of longevity and vitality of the rootstocks.

Mr. and Mrs. A. B. Legate were called to Tom Dean Wednesday to attend the funeral of Mrs. Legate's nephew at that place.

Parents are warned by school officials that children should not be taken out for trivial excuses and allowed to be counted absent from classes. The new rule in force in the Ballinger high school allows each student six cuts each term; after that they are not eligible to classes any more. If they use these six cuts for matters that are not important and for which the school would not accept an excuse, they may find themselves in need of some of these cuts later in the school year.

H. C. Lyon, superintendent of the Ballinger schools, said Friday that the new rule was working fine and attendance at classes is much better since its adoption. The biggest trouble so far with students being charged with cuts is the fault of parents in taking their children out of town for a day and thereby allowing them to be counted absent in all their classes and for a reason that is not accepted as an excuse.

The school authorities ask the cooperation of all patrons of the school in this matter, stating that there will be no changes in this rule for anyone.

LOCAL STORE MOVED TO ANGELO THURSDAY

Claud Renick, who purchased the stock of merchandise and fixtures formerly operated as the G. A. Ludwig Store here moved that stock to San Angelo Thursday and it will be sold there in a bankrupt sale starting Saturday morning at 8:00 o'clock. Large trucks were busy all day Thursday and some time Thursday night in loading the stock and fixtures.

Will Hare, Abilene attorney, is here this week as counsel for cases in 35th district court.

25 Acre Campaign To Go Over Top

C. W. Lehmburg, county agent, said Thursday that the small grain campaign recently started in this county was making good progress and he expected about 100,000 acres to be planted in this county this fall. A large part of this is already in the ground, Mr. Lehmburg stated, and many other farmers are ready to commence planting as soon as the ground dries sufficiently. The county agent further stated that he never saw a better planting time and that there was plenty of time to get good winter pasturage from small grain.

Many farmers who at first agreed to plant the 25 acres have changed their minds and are planting from 50 to 75 acres in oats. The season in the ground will insure the grain being up in a very short time and good growth during the next few weeks before a hard freeze.

Mr. Lehmburg believes that the 25-acre campaign will go over the top in this county and the total small grain acreage will average more than 25 acres to each farm.

E. F. Beck, of Crews, was in Ballinger Monday morning attending to business. Mr. Beck said it was getting dry enough in some places in the Crews section to start grain drills and a small amount of small grain was planted last Saturday. He also stated that he estimated one-third of the acreage in the Crews community would be planted in small grain if seed could be secured by the farmers.

Dr. C. A. Watson has been confined to his bed for more than two weeks suffering from a severe attack of flu. It was reported Wednesday morning that he was just about holding his own.

Be wise and advertise.

County Vote is Light In General Election

The general election held Tuesday recorded perhaps the lightest vote in the history of this county. While no official report of the county returns will be available before next Monday, indications were that the total for the county would be around the 1,000 mark, with the straight Democratic ticket running about 5 to 1 ahead. All boxes returned to the office of County Judge Paul Trimmer Wednesday morning showed a light vote, with the Democrats receiving practically unanimous endorsement except in the larger precincts. First indications were that all amendments carried in the county and state, but the rural vote is expected to cut down the lead gathered in the larger centers of population.

The total vote for governor in both Ballinger boxes was 363, a very low number. The primary vote on the same race in the two boxes was approximately 1,200. William E. Talbott, Republican candidate for governor, received more votes than any other Republican candidate, showing that most of the citizens voted a straight Democratic ticket with the exception of switching a little on the gubernatorial race.

Ballinger No. 1 was reported as follows: For governor: Ross Sterling, 175; William Talbott, 40; legislative term, for 120, against 57; legislature salary increase, for 105, against 72; supreme court terms, for 132, against 48; university investments, for 131, against 49; university land tax, for 137, against 49.

Ballinger No. 24 reported: Ross Sterling 107, Talbott 42; legislative term, for 71, against 60; legislature salaries, for 82, against 80; supreme court terms, for 73, against 56; university invest-

ments, for 62, against 70; university land tax, for 88, against 50.

Monday morning election judges began bringing in their returns to the county judge's office here and a complete canvass will be made next Monday, November 10, and released for publication. With little interest in the election and no closely contested races The Ledger did not gather returns from the 27 precincts Tuesday night, contrary to the usual custom for elections held in Runnels county.

HAIRY VETCH TRIPLES ALABAMA COTTON CROP

LINCOLN, Ala., Nov. 4.—Hairy vetch is responsible for an increase of 340 per cent in the cotton yield on T. J. Watson's 300-acre farm near here.

When Watson bought the farm he was barely able to get 100 pounds of lint cotton per acre by using commercial fertilizers liberally. In 1924 he began experimenting with legumes.

Hairy vetch at once became the favorite. Watson sows it each fall now on land to be planted in cotton next spring. His average production is 440 pounds of lint cotton per acre. Fertilizer still is used, but in small quantities.

A. R. Jones returned Tuesday from Lubbock, where he had been visiting relatives and attending to business for the past few days.

Mr. and Mrs. H. F. Demmer returned from Denton Sunday where they went last week to get their daughter who has been attending school there.

Miss Beulah Baggett, of Ozona, was the week-end guest of Dr. and Mrs. J. G. Douglass.

Entered at the Postoffice at Ballinger as second-class mail matter Subscription, the year \$1.50

At least one Sunday has passed without rain and breaks the prediction of the fortune teller who said that it would rain for seven Sundays. Anyway it rained four and that is pretty good guessing and much better than the weather reports that we carry daily. Runnels county people hate to hollow enough when it comes to rain but sunshine will be welcome in every line for a few weeks.

The election is over and this is one time that no hard feelings remain to be forgotten later. There was not enough interest in the general election here to stir up arguments and only about one-sixth of the county's electorate even took time off to go to the polls. Practically all Democrats voted 'er straight and it appears that a majority of the citizens favored the amendments.

There will probably be less Christmas giving this year than ever before but there are always friends to be remembered and people should start their gift buying now so that bargains being offered here can be included in the list. Many wise shoppers already have a large number of their gifts bought and put away for Christmas.

The progress made in Runnels county against diphtheria this year should soon stamp out the disease here. Parents all over the county have taken up the movement and school children in many sections have been inoculated. This means a saving of children's lives and when the movement is successfully concluded others will follow to further safeguard the lives of the little ones. Support of every individual in the county should be accorded the battle.

One farmer in Ballinger Wednesday telling of the wonderful season in the county at present stated that in building a fence on his place this week post holes dug would fill with water within a very short time if left open. He stated that he had worked all night in order to get small grain in the ground and had planted 39 acres between rains and it was all up and doing fine. He said, "Tell the farmers to get busy and plant oats and wheat."

One farmer in Ballinger Tuesday stated that his community would exceed the 25 acres to every farm in small grain if arrangements could be made for seed. He stated that he expected one-third the acreage in cultivation to be placed in small grain and with the season in the soil he predicted that a good crop would be the result. When the 25 acre campaign was started it was hoped that at least 100,000 acres would be planted and it now appears that the acreage will be much more than that.

Runnels county turkey raisers are entitled to all they can get for their turkeys this year and everything possible should be done to help make this price as good as possible. Ballinger people should start eating turkeys early this year and make it a regular menu. There is no better eating and at present it is the cheapest meat that can be bought. Demand makes the price and if everyone would investigate and see how cheap turkey dinners are they would consume more.

Little by little the big irrigation project in Coke county looks more like a reality. A survey of the district has been ordered and as soon as this is completed an election will be called to create an irrigation district and make plans for the voting of bonds for the construction of the giant project. The idea before the survey is would include 150,000 acres of land for irrigation and a huge dam near Robert Lee would create a lake big enough to water all that territory in the district.

Ballinger will soon be ready to celebrate the completion of a new city hall and a bigger water reservoir. The completion of the city hall has been delayed longer than was expected due to a few changes having to be made after the architect's inspection and heavy rains have caused much loss time on the building of the new dam. Both jobs are not far from being finished and will soon be accepted by the city. Contractors on the dam need good working weather while the only work left on the city hall is the change of tiling on the roof.

MAVERICK MUSINGS

School Notes

The Maverick school opened October 13, with ninety-four pupils present. Interesting talks by the teachers, trustees and J. M. Slaughter were enjoyed by all. The senior class was organized Monday, October 20, with the following officers: Albert Jackson, president; Mattie Lee Tomlinson, vice-president; Myrtle Borders, secretary; and Miss Ann Belle Miller, sponsor.

The P. T. A. met October 24, and after a short school program the following officers were elected: Mrs. A. R. Miller, president; Mrs. Annie McAuley, vice-president; Miss Velva Moreland, secretary; Mr. Carrol, historian; Mr. Brewton, treasurer.

The Bronte girls' basketball team came to Maverick Thursday afternoon and played a very interesting game. The line-up was as follows: Jennie D. Robertson and Annie Doris Martin, forwards; Dink and Thelma Whitley, centers; and Vivian Grimes and Florence Smith, guards. The score was 17 to 6 in our favor.

Our school is expecting to win championships in basketball this year, since the eleventh grade is being taught, and so many of the larger boys and girls are attending school.

Services at both Baptist and Christian churches were well attended Sunday morning, also Sunday evening. There was a nice crowd out for singing at the Baptist church and each report a very good singing. This was the second time they have tried to sing on Sunday evening for several months and we hope there will be a large crowd present next Sunday night.

L. C. Pyle, our school superintendent, gave a very interesting talk at the Christian church Sunday evening on "Christian Growth."

Miss Bonnie Smith left Friday morning for several days visit with her aunt at Sweetwater.

Mrs. A. R. Miller, who recently moved here from Brownwood, is visiting Mrs. Sturgess, of Ballinger.

Mr. and Mrs. K. I. Sharpe, of Norton, were visitors in the home of Clarence Sharpe and wife Sunday.

Mr. and Mrs. L. C. Pyle visited in the home of Mr. and Mrs. J. E. Slaughter last Sunday.

Mr. and Mrs. J. M. Slaughter and Mr. and Mrs. A. M. Smith called on Mr. and Mrs. W. T. Baker Sunday afternoon.

Sore throats Quickly relieved by rubbing on VICKS VAPORUB OVER 17 MILLION JARS USED YEARLY

FINDING THE RIGHT KIND OF POSITION

Young people starting out in life are confronted with a serious problem—that of getting a good start in a profitable worth-while profession. To overcome this difficulty, specialized preparation is needed, and in addition to this, the effective cooperation of an influential organization.

To accomplish these two purposes, Draughon's Colleges have spent more than a million dollars in perfecting and advertising their courses, and in extending the reputation of the Employment Department. Consequently it is only natural for business concerns to call on D. P. B. C. when they are in need of office help of any kind.

Draughon's Colleges have facilities for putting you in touch with good positions, which you will readily recognize as superior and far-reaching. To create a demand for your services after you qualify here, our Affiliated Employments at Dallas, Wichita Falls, Abilene and Lubbock frequently send messages, similar to the following, to thousands of business firms, wholesale houses, law firms, banks and important public officials throughout the Southwest:

"We are in constant touch with many bookkeepers, stenographers—all-round office assistants—with and without experience. Ours is a complete business-training school. Bookkeepers keep actual books; stenographers take actual letters—hundreds of them—before they are recommended for positions. If you will phone your requirements to our Employment Department, we will endeavor to send one or more applicants promptly. This service is FREE."

Through similar messages to thousands of firms, from time to time, through advertising in business journals that bankers and business men read, through big office appliance concerns whose products we use and who are in close touch with big business men everywhere, and through our assistance, we are creating a demand for YOUR services that will enable us to secure you a good position at an attractive salary when we can recommend you, as we have already done for thousands of others.

Through the extensive activities of our Employment Department and because of our broad reputation throughout the South, we now have many times as many positions every year as graduates to recommend. And while in the beginning we had to prove such claims, time and observation have established our reputation, and young people no longer question the fact that there will be positions for them when they merit the diploma and recommendation of Draughon's Colleges.

And so it is unnecessary for us to make extravagant claims in regard to positions as some institutions do. Our Employment Records are open to inspection, and prove month in and month out that positions are always open for those who master the world-famous Draughon Training.

Each month we issue an Employment Report showing names of firms calling on us for help, the kind of positions, the students placed, and the like—actual positive proof that we have more calls each month than graduates to recommend. This should prove an intense interest to young people seeking a worth-while career, for during the last month alone, even in the face of hard-times, we had 43 calls for Draughon Training young men and women, several of which we were unable to fill.

If you want to be ready for a similar place at the earliest possible time, then mail the coupon below for free booklet for "How We Secure Positions." It will convince you that there will be a good place for you as soon as you qualify. Address, Draughon's College, Box 31, Abilene, Texas. Name P. O. 7-11d-11w

Mr. and Mrs. David Duke and little daughter, Mary Ruth, accompanied by David Wood spent Sunday in San Angelo.

Miss Parker of Hatch spent the week-end with Mr. and Mrs. C. A. Womack and family.

Members of the Lutheran Church held their regular services at the Methodist Church Sunday afternoon.

Miss Elsie Gikerson spent the week-end with home folks at Abilene.

Mr. and Mrs. J. W. Archie and family have recently moved to Wall near San Angelo where they will be located this coming year on a farm of Mr. Wilde.

Senior Class Elects Officers The senior class of Bethel high school met in a short session on Wednesday, October 28, to elect their officers. The following were elected: Velma Lange, president; Fay Muncy, vice-president; Alma Lampe, secretary; Mary Emma Hall, chairman of social committee with Bernadine Greenhill and Dora Mae Smith as assistants; Miss Cordelia Bell, play director; D. C. Hornburg, sponsor. Green and white were chosen as the class colors with white lily as the flower. The first Tuesday of each month was chosen as the regular meeting date.

Rev. Ezell and family of Paint Rock spent Thursday night with Hedrick Sheburn and family. They were on their way to the new home at Sterling City.

Last reports from Mrs. W. A. Hall who underwent an operation at Lockhart stated that she was resting well. A sister of Mrs. Hall is staying here and caring for Grandmother Humphreys during her daughter's absence.

How Old Are You? This is the Date I'm 48

My Mind is Keen—My Skin is Clear of Petty Ills. I Have No Fear

No doubt about it—I am 48 and never felt better in my life—I feel like 30 and you can take my word for it—it's the little Daily Dose of Kruschen That Does It.

Once I was fat and forty—had headaches a plenty—was tired out most of the time—my liver was sluggish and my bowels inactive—I searched for a real remedy and by good fortune I found it in Kruschen Salts.

Fat isn't healthy—so Physicians state and I want to say to this world full of fat people—that the Kruschen Method of losing fat is safe, sure and sensible—just cut out sweets—pies, pastries and ice cream for a month—go light on potatoes, rice, butter, cream and sugar—and 'don't forget to take one half a teaspoon of Kruschen Salts in a glass of hot water before breakfast every morning.

I wish I could induce every overweight person on earth to try this splendid method—it surely doesn't cost but a trifle—for an 85 cent bottle lasts 4 weeks and can be bought at L. C. Daugherty Drug Store, J. Y. Pearce Drug Co., or Weeks Drug Store, or any drug store in the world—Get it—Grow Thin—Feel younger.

DON'T let a Cold Settle in your Bowels!

Keep your bowels open during a cold. Only a doctor knows the importance of this. Trust a doctor to know best how it can be done.

That's why Syrup Pepsin is such a marvelous help during colds. It is the prescription of a family doctor who specializes in bowel troubles. The discomfort of colds is always lessened when it is used; your system is kept free from phlegm, mucus and acid wastes. The cold is "broken-up" more easily.

Whenever the bowels need help, Dr. Caldwell's Syrup Pepsin is sure to do the work. It does not gripe or sicken; but its action is thorough. It carries off all the souring waste and poisons, helps your bowels to help themselves.

Take a spoonful of this family doctor's laxative as soon as a cold starts, or the next time coated tongue, bad breath, or a bilious, headachy, gassy condition warns of constipation. Give it to the children during colds or whenever they're feverish, cross or upset. Nothing in it to hurt anyone; it contains only laxative herbs, pure pepsin and other mild ingredients. The way it tastes and the way it acts have made it the fastest selling laxative the drugstore carries!

Dr. W. B. CALDWELL'S SYRUP PEPSIN A Doctor's Family Laxative

Annual Poppy Sale On Next Saturday

The ladies of the American Legion Auxiliary here are planning for their poppy sale which will be conducted here all day next Saturday. Miss Griffie Atkins, president of the organization, stated Monday afternoon that she has not completed with her committees all details but that it would be handled similarly to poppy sales in the past.

The local Auxiliary unit for the past eight years has conducted poppy sales on the Saturday preceding Armistice. On that day everyone is requested to wear a red poppy on his lapel as a remembrance of those who died in the World War.

This little flower is manufactured at Legion, Texas, by disabled veterans and their families who are unable to do any kind of work and who draw no compensation. The flowers are sterilized and boxed ready for shipment to units who conduct the sales all over the country.

This is about the only means of support those veterans have and they are continually begging those in charge to be allowed to make more poppies. They are only allowed to work so many hours per day and their earnings from the job are very limited.

When the campaign is over in a town one-half the money is used to carry on rehabilitation work in the state and the rest remains with the local unit to take care of similar work.

Next Saturday a poppy booth will be erected on the main street here and a large number of girls and ladies will canvass the streets all day selling the little red flowers for 10 cents each.

This year there is a greater need in all charity lines than at any time since the war and the 10 cents from local people will mean very little but will help to carry on a great work over the state when all put together.

The College of Charleston, S. C., opened its 145th term this year. It is estimated there are 153,007 tax-exempt automobiles in the United States.

THIS IS A GOOD YEAR TO BUILD ECONOMICALLY

Well-planned improvements more than pay for themselves

From a strictly dollars-and-cents standpoint, remodeling an old building or home is a good investment. Permanent, well-planned improvements lower the cost of upkeep, increase the rental value and also the selling price. Often a building that does not find a ready market will sell easily after a few well-designed improvements have been made. In such cases, the increased selling price frequently more than covers the cost of the alterations and improvements.

Such improvements as refinishing the exterior of a building with a light-tinted stucco, changing the front, building a waterproof concrete basement or putting on a fireproof roof will often make an attractive property out of a shabby building.

If you own an old building, ask your building material dealer, architect or contractor to help you with suggestions for remodeling. This is a good year to make improvements economically.

Atlas Cement made at Waco—by Texas workers—of Texas materials... Along with other economical quality products, you'll find material dealers quickly furnish you other Atlas Portland Cement (gray) or non-staining Atlas White Portland Cement. Ask for Atlas cement.

Mr. and Mrs. George Wood, of Lawn, spent Sunday with Mr. and Mrs. Claud Brookshire.

Mr. and Mrs. J. L. Green were Ballinger shoppers Monday afternoon.

Mr. and Mrs. Horace Davis spent Sunday with Mr. and Mrs. Lawton Clayton.

Oscar Cox and family were guests of Mr. and Mrs. Tom Arrant, of Ballinger, Sunday.

HATCHEL NEWS

Most of the Hatchel people have been on the loafer list for the last month as it has been too wet to do much picking cotton or anything else. The fields are so wet you can hardly walk through them. It seems queer to people who have seen as much dry dirt as we have for the last two or three years to see the ground as wet as it is now. Several of the farmers who had out drills took advantage of the few days sunshine we had between rains and planted some small grain. It is up now and looking fine and it won't be but a short time until they will have a good winter pasture.

There have not been many services at either church since the rains began, although they have met. The crowd was rather small last Sunday because of the rainy weather and the people were afraid to get out, but when the sun comes again people should attend with new vim as the Lord was good to us by giving us the grand old rain which we needed so long, so we should take a new start on life.

The Hatchel gin has been very quiet for the last several weeks as we have not had much weather for cotton picking, but with a few days of sunshine we will be able to hear it hum again for a few days. However, from all reports there is not much cotton to be picked. Just a few more days of dry weather and the year 1930 will be in the past as far as the cotton picking season is concerned.

The ice cream supper given at the school auditorium on last Friday night by the P-T-A was a grand success. We had lots of good music, plenty of ice cream and cake—just a dandy good time for all—you should have been there. We reorganized the P-T-A, electing all new officers which are as follows: Mrs. Irwin Mathis, president; Miss Inez Parker, vice-president; Miss Gladys Davis, vice-president; Mrs. Ernest Moore, vice-president; and Miss Alma Ryan, secretary and treasurer. Believe me we are going to do something this year in our new organization, so if you want to be in on the best thing we ever had at Hatchel come and join our P-T-A and do your part. It will help both teachers and patrons to know you are interested and that you are ready to carry your part of the load. One of the grandest things that this organization has ever started is the immunization program. The P-T-A in the towns started this and it has now been arranged so that the P-T-A of the rural districts can have same. We have already started this work and the children will receive their first doses next Friday. If you have a child or children in school or a pre-school child that you would like to be immunized from diphtheria send the small sum of 25 cents to one of these officers of the P-T-A at once and then bring your child to the school building next Friday. There will be a doctor there to administer the serum. Just think of your child being made immune from that dreaded disease, diphtheria, for just 25 cents.

Mr. and Mrs. Marvin Clark were the guests of Mr. and Mrs. Wirt Bales Sunday.

Next Friday night at the school on next Friday night at school

children in school every day.

Mr. and Mrs. C. Looney visited in Abilene Saturday and Sunday. They were accompanied home by Mr. Looney's father and mother, Mr. and Mrs. Malze, of Ballinger.

Mr. and Mrs. Luin McWilliams spent Sunday with Mrs. McWilliams' father and mother, Mr. and Mrs. J. H. Tucker.

Mr. and Mrs. Frank Kemp and family were visitors in our community Sunday.

REPORTER

Mr. and Mrs. Tom Ferguson entertained a few friends on last Friday night with a Halloween party given in honor of the birthdays of Tom and Erwin Mahtis.

Miss Lillian Reams spent Saturday night and Sunday with Miss Helen Hinkle of Ballinger.

Mr. and Mrs. Bill Schyler of San Angelo were the guests of Mrs. W. A. Guin Sunday.

REPORTER

The rains and muddy roads have kept people at home for the past week, and no parties have been given.

REPORTER

There was Sunday school at both the Baptist and Methodist churches Sunday with a large crowd and well prepared lessons. There was singing at the Baptist Church Sunday night.

This week-end was the first in five weeks that it hasn't rained.

Most of the farmers are looking forward to catch up with the cotton picking this week.

Mr. and Mrs. Carl Wood spent Saturday night with Mr. and Mrs. George Timms.

Gertrude Blackwell spent Monday night with Earline Hancock.

Elmer Voss spent Monday night with Captain Dean.

Mr. and Mrs. Carl Wood of Wilmett, Miss Tiny Wood and Earl Ball carried Mrs. Emma Ball and son, Willie, to Coleman Sunday.

Mr. and Mrs. Willie Barnette had as their guests Sunday Mr. and Mrs. Tom Wright and family Mr. and Mrs. Elbert Sterns, Mr. and Mrs. W. O. Wood and family, Miss Lizzy Barnette, Frank Barnette and Oliver Barnette.

William Modiste was the guest of R. V. Timms Sunday.

Mr. and Mrs. Roy Polk spent Monday night with Mr. and Mrs. E. C. Mahurin.

Mr. and Mrs. Roy Sligar of Abilene visited Mr. and Mrs. Lee Sligar this week-end.

WILMETH NEWS

John Miller gave a Halloween party to the young people Friday night. Many ghosts and goblins were present. The basketball girls

made some money by selling cakes to those present. A good time was enjoyed by all.

The Methodist people had quarterly conference Saturday. The ladies of the church brought dinner and everyone enjoyed the nice meal.

The Methodists had church Sunday and Sunday night. The pastor, Rev. Swearingen, was present but his child has been ill for quite a while. Everyone sympathizes with the pastor and many people have gone from here to sit up with the little girl and help the family as much as possible. Sam Freeman went and stayed Saturday night in order to help as much as possible.

Darrell Harkins and Hugh Shakerford are in Fort Worth working. Darrell has been accepted as a member of the choir of the First Christian Church and is also taking voice.

Carl Harkins and Arch Hood have returned from a business trip to the plains.

J. E. Campbell has been ill but is better at present.

Lon Mapes and family spent Friday at the Mapes ranch.

Mrs. John Hooks had as her guest Sunday her little brother and sister.

The VanNort family left early Saturday morning for Comanche where they will gather pecans.

There has been quite a bit of moving with us of late. The Shelton family has moved to Benoit where Mr. Shelton has work with the highway department. Both of the Smith families have moved

but we failed to learn just where.

Mrs. Mary Kelly has taken over the Nash House. We regret to lose her but hope she has much success.

Miss Corene Brown attended a Halloween party at the home of Dr. Lasater, Friday night, given by her Sunday school teacher.

Mrs. Murray received a message that her father had undergone a very serious operation at Temple. Later news said he was recovering nicely.

Mrs. Ed Farley, who attended a "lucky" party in town Friday afternoon at the home of Mrs. Rhoden, reported a very pleasant time.

Mr. and Mrs. George McMillan and daughter, Willie Mae, spent Sunday with Mr. and Mrs. Fred Tuckey near Crews.

Mr. and Mrs. Homer Milton and two children spent Sunday, Oct. 26th in the R. E. Brown home. They were accompanied by Mr. Milton's mother, of Brownwood.

Lon Mapes and family spent Friday at the Mapes ranch.

Mrs. John Hooks had as her guest Sunday her little brother and sister.

Miss Bessie Brown returned home Monday night from Altus, Oklahoma, after several week's visit with her sister, Mrs. J. B. Taylor, and family.

Miss Corene Brown spent Friday night with Miss Nellie Mae Midgeley.

Mrs. John Hooks' father and mother, of Blanton, spent Monday with her.

Mr. and Mrs. Frank Midgeley and Miss Happie Sparks, sister of Mrs. Midgeley, all of San Angelo, spent Sunday in the home of Mrs. C. H. Midgeley.

Delbert Brown returned home Monday from Dallas, where he had been with his brother, Bob, for the past two weeks.

Mrs. C. D. Harris and family spent Sunday with her father, Mr. Nichols, of Concho.

We are glad to know that Mrs. Horace Murphy is improving after being quite ill.

The Merry Wives Club met Tuesday at the school house, Mrs. Lura Hollingsworth gave a demonstration on fruit cakes.

Mrs. T. P. Brown was seriously ill Monday, but is improving at this writing.

Silk yarn, when burned, should smell like burned feathers.

Deaths

Nelda Francis McCullough, age 1 year, died at the home of her parents, Mr. and Mrs. M. McCullough, on the Crews road about half way between Ballinger and Crews, Monday evening at 7 o'clock. The child had been ill only a short time when death came.

Funeral services were held at the Crews cemetery Tuesday afternoon at 3 o'clock, with Rev. Smith, Methodist minister at Balpa and Crews, officiating. The baby is survived by the parents and three other children in the family.

Nature Thought of Everything
Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 25c a bottle, and can be bought from Weeks Drug Store.

Removal Notice
I have moved by store across the street to the old O. K. Grocery store building. Here you will find me better prepared than ever to serve you with all that is good in groceries and everything you would expect to find at a filling station.
E. C. SCHOTT

HERRING TOPICS

This community is rejoicing over the pretty sunny weather which we are having now.

There was quite a crowd out for Sunday school and B. Y. P. U. Sunday. Bro. Fulton preached a good sermon to us Sunday night.

We are very glad to learn of Mr. McDaniel being out of the sanitarium. At our last writing he was in a very critical condition. He was taken to San Angelo last Thursday where he will be under a doctor's care for quite a while yet.

Miss Bernice Hale spent Monday night with Mrs. Della Allcorn.

The young folks of this community enjoyed a party in the home of Mr. and Mrs. Farmer Friday night; also one in the Earl Jamerson home Saturday night. These are the first parties we have had in quite awhile, due to the bad weather.

School is progressing nicely, practically all of the pupils having entered now. The boys' basketball team and pep squad girls went to Bowling Friday afternoon, winning over them, 24 to 14. This is a good start for them. We hope they win lots of them this year.

Mrs. S. H. Miller has been confined to her bed for several days but at this writing she is reported better. We are hoping to see her about again soon.

Mr. and Mrs. Tom Brandon were guests of Dr. Watson and wife of Ballinger, Sunday afternoon.

Mr. and Mrs. Farmer were Coleman visitors Saturday afternoon.

Glyde Summers of New Mexico, is here visiting relatives and friends.

Miss Mona Arent and Myrtle Smith were guests of the

Brevard girls Monday night.
—x—
Marvin Hale and Webb Fuller and Misses Alta and Lemma Brevard visited Mr. and Mrs. Clyde Brevard at Blanton Sunday afternoon.

Miss Dora Grissom spent Sunday night with Miss Marie Fuller.

Mr. and Mrs. Barmore had as their guests Sunday afternoon, Mr. and Mrs. J. P. Brevard and family.

Jack Fuller, of Winters, visited home folks over the week-end.

Lim Ray, of Shep, visited relatives and friends here last week. "REPORTER"

Daughter Substitute Is Not Desired

No daughter equals your own and no remedy is as good as your own tried and genuine Carter's Little Liver Pills. Toning up liver, starting bile flowing and relieving constipation, there is none better than Carter's. Red bottles. All druggists. Take Carter's.

NORTON NOTES

Mr. and Mrs. O. L. Conger were shopping in San Angelo Saturday.

Miss Juanita Speer of Milford spent part of last week and this with Mrs. T. J. McCaughan.

Onie Lauder of Tennyson spent last Saturday and Sunday with friends and relatives here.

T. J. McCaughan and T. R. Setser attended to business in Ballinger Monday.

Mr. and Mrs. Joyce Crockett have moved here from Waco. Mr. Crockett is in the Chapman and Poe garage.

Miss Molly Gregory is at home again after spending some time with relatives at Bronte and Marie.

Little Vesta Stewart who has been ill with scarlet fever is improving.

Mr. and Mrs. Dell Poe are moving to Capps this week. We are sorry to lose these fine people, our loss will be Capps' gain.

Mr. and Mrs. A. J. Rawlins and Mr. and Mrs. Ed Rawlins and Mr. and Mrs. T. C. Price all of Bronte were guests of Mr. and Mrs. W. L. Hayley Sunday.

Mr. and Mrs. Frank Strom and children of Ballinger spent Sunday with Mrs. Strom's parents, Mr. and Mrs. W. L. Hayley.

Mrs. T. J. McCaughan attended the meeting of the Baptist Women of Rannels county association at Ballinger.

Mrs. Jake Stubbiefield is spending this week with her sister, Mrs. Nelle Mack.

Mrs. J. L. Drummond is spending this week at Capps.

Henry Davis and son of Loraine spent Monday with W. L. Hayley. Mrs. W. W. M'Intche' and Mrs. Curtis Barrett were shopping in Ballinger Tuesday.

Mrs. W. L. Hayley left Wednesday for Lufkin and Houston where she will visit relatives. "REPORTER"

Changes are Made In Essay Writing

Radical changes in the essay writing rules of the interscholastic league have been made this year, according to Mrs. Bessie Lowe, who was elected director of essay writing in this county. "Heretofore," said Mrs. Lowe, "subjects for the essay contests have been selected from certain prescribed magazines. This year, however, the subjects will be furnished from the state offices of the league within the range of the average pupil's study, observation and experience." Thus it will not be necessary for pupils entering this contest to be prepared on current news, as in the past, but much practice in actual composition will be necessary for those who expect to compete successfully. This change in the rules was made in accordance with the recommendation of the committee in the English faculty of the University of Texas which has charge of the grading of essays in the state contest. Less emphasis on amassing of information and more emphasis upon practice in composition, this committee believes, will give better results.

Would You Know One If You Saw It?

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning, and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers—washing out every cut, no matter how small, thoroughly with Liquid Borozone, the safe antiseptic. You can get Liquid Borozone at Weeks Drug Store.

BARNETT NEWS

Bro. Bowman of Ballinger filled his regular appointment here Sunday afternoon.

Mr. and Mrs. Charlie Gibson of Benoit visited Mr. and Mrs. Gibson of this community on Wednesday of last week.

Mr. and Mrs. W. B. Thompson were present at a birthday dinner Sunday given in honor of their grandson, little Willie Joe Mapes in his home near Ballinger. Willie Joe was seven years old, so the candles on his birthday cake said.

Mr. and Mrs. Doc Camp and Grandma Maxwell visited Mr. and Mrs. Will Tyree and Grandpa Dunn Sunday.

Halley and Leon Gibson are sick with colds.

Leon Watkins attended the Sunday school rally at Mann Sunday and called on Miss Ruby Hubach.

Mr. and Mrs. Howell and family spent Sunday with Mr. and Mrs. Ernest Gaston and family. "REPORTER"

Jas. E. Brewer has let the contract for a new roof on his building now occupied by the Tigner Jewelry Company.

All Schools Open; Fair is Planned

All schools are now running in Rannels county, three having completed their first week last Friday. The last three schools to open were Mazeland, Marie and Victory and each had a fine enrollment on the first day. The general enrollment over the county, however, is still low, due to many children being out of school to help gather the remaining cotton in the fields.

At the recent institute held here it was ordered that a committee of teachers be ordered to make plans for the holding of a school fair in connection with the county interscholastic meet each year. This committee has been named and consists of J. B. Whittenberg, Norton, J. C. Watts, Drasco, Miss Zula Landrum, Harmony, and Miss Elsie Gilkerson, Bethel. The committee will be called together in the near future by Mr. Whittenberg, chairman of the committee, and plans discussed for the fair, which will be held this year at Winters.

For a number of years the Rannels County Fair has had a school division but only a few schools have been able to participate because of the fact that few schools are open in the fall when the fair is held. One of the primary purposes of the school fair in the spring will be to get schools to select their best articles for display and arrange them in a fair exhibit before school is out and to save this display for entrance in the county fair in the fall.

Following the school fair in the spring at Winters the displays will be changed to make them better after their defects are seen and then the rearranged display will be stored and a committee of patrons appointed to arrange and enter it in the county fair here in October.

School attendance is expected to pick up each week from now until the last of the cotton is gathered. The lower grades are full at present but children in upper classes and who are big enough to work on the farm are still being kept at home. Heavy rains for the entire month of October has delayed cotton picking and also delayed children from getting enrolled in their classes.

Lespedeza As Fertilizer

RALEIGH, N. C., Nov. 1.—(AP)—J. T. Yarboro produced 228 bushels of corn to the acre where no lespedeza was plowed under, 32.5 bushels where it was turned under after a year's growth and 47.1 bushels where it was plowed under after two year's growth.

Third Week Jury Sworn in Today

The third week of district court opened in Ballinger Monday morning at 10:00 o'clock to continue the criminal docket for this week. Judge E. J. Miller called court to order at 10:30 and immediately ordered the jury list called. All men summoned for service answered when their names were called with the exception of three who have moved from Rannels county this year and at present reside out of the jurisdiction of the court. Excuses were few and only for extreme emergencies which the court accepted. Twenty-seven of the 36 men summoned took the oath and the first case was called.

Judge Miller in addressing the jury Monday morning reminded them of the oath they had just taken and urged them to consider it more than just a court formality. He showed them how many cases were set aside and the state put to a heavy expense retrying cases where jurors failed to live up to their oath.

Those making up the jury for the third week of court are: H. G. Bradley, A. M. Moreland, H. H. Carter, W. E. Puckett, W. W. King, O. H. Wheeler, R. E. Dorsett, E. A. Brookshier, Ed Glenn, E. E. Jeffries, C. O. McAuley, Jno. H. Gannaway, L. C. Tomlinson, I. A. Hemmeline, Frank Flynt, C. C. Gentry, J. R. Jennings, Henry Pruett, W. A. Mitchell, Harry Lynn, J. M. Jones, S. M. Cameron, M. W. McShan, C. H. Hester, J. H. Schaels, Adolph Halfman, Fritz Redman and Latham Brown.

The court room was well filled Monday morning when court opened to hear the criminal cases that will be brought up this week.

Next week will be the fourth and last week of court here during this term and on Monday morning another jury will report here for duty during the final week.

J. M. PYBURN'S FATHER DIES TUESDAY MORNING

J. M. Pyburn received a message Tuesday stating that his father, Dr. J. M. Pyburn of Coolidge, was near to death and left at once to be at his bedside. Mrs. Pyburn drove him to Brownwood to catch a bus and he reached Coolidge Tuesday, but several hours after his father died. The message was received here Tuesday at 9:30 and his father passed away at 10:30.

Dr. Pyburn is survived by his wife, one son and six daughters.

CREWS SCHOOL NEWS
Crews school opened on Monday morning, October 20. The roads were so very muddy that many of the patrons and the school busses did not get here until late; but the opening exercises were held in the church, new teachers introduced, and announcements made. The plans for the year, as given by Mr. Grounds are: to raise the standard of school work so that the work done here will be equal to the work done in any other school; to make the physical training work worth its place in the schedule; to supervise athletics so that it will be worth most to the greatest number; to stimulate civic pride; and to instill in the pupils habits of thrift and industry. The teachers are using the departmental plan in the high school work. They are earnest and enthusiastic, and are doing their utmost to make this school year perfectly satisfactory. The high school grades have been handicapped quite a bit by the lack of text books, but we have a fairly good supply now.

T. E. Beard, of Brownwood, has charge of the P-T work for the boys and, also, has charge of the senior basketball team. Coach Beard began his work by giving the boys calisthenics and other suitable exercises, but now has twelve boys practicing basketball regularly. The girls, under the direction of Mrs. Della Allcorn, have organized a senior girls' team and are practicing. We hope to have winning teams this year. The boys and girls all looked very much pleased when Mr. Grounds brought in eight new basketballs the other day.

The Crews P-T. A. will meet on Friday night, November 14, for the purpose of perfecting the organization and of planning the work for the years. This is a very important meeting and we urge all members and all patrons of the school to be present.

During the few fair days that we have had quite a number of our pupils were out of school to
