Solid Geometry. Any text book as the instructor recommends.

Methods and Management will be based on Sutton and Horn's Schoolroom Essentials, C. A. Bryant and Co., Dallas, Texas.

EXTRA CAR PUT ON FOR BENEFIT OF ONE WOMAN

In order to comply with the state "Jim Crow" requirements the Santa Fe was compelled Saturday afternoon to put on an extra car for the accommodation of one negro woman who wanted to go to Sterling City.

The car that has been in use on the Sterling City branch this week was without a partition. Saturday when the negress purchased her ticket there was considerable activity at the depot until an extra car was secured. When the train pulled out she was as much to herself as though she had been riding in a private car.—San Angelo Standard.

J. E. BOGG-SCOTT PUTS STEERS ON SILAGE.

J. E. Bogg-Scott put 250 coming 3-year-old steers and 100 calves on silage feed first of the week. This is the first cattle to be put on silage in this immediate section, so far as we have heard, and the result will be watched with interest. Mr. Scott says the cattle took to it readily, cleaning up all the waste and heavings. The cattle will be given a ration of cotton seed meal along with the silage.—Coleman Democrat.

2540 POLL TAX RECEIPTS FOR COUNTY

The tax collector's records show that there were 2540 poll tax receipts issued up to the closing last Friday night, which is better than was at first expected. It is estimated that with the exemption and overs that the voting strength will amount to about 3000.

City Polls.

The city tax collector issued 393 receipts, which falls short of last year's receipts by about 75.

CONSIDER STOCK AND BOND AMENDMENTS

Austin, Texas, Feb. 3.—Hon. J. E. Kaufman, chairman of the Committee on Internal Improvements in the Senate and Hon. J. T. Goodner, chairman of the Committee on Common Carriers in the House, have before them the consideration of the amendments to the Stock and Bond law, railroad consideration bills, and other important measures.

These committees have in their power, subject to the approval of the Legislature, the influencing of millions of dollars of capital to Texas; they can double-track the state, standardize the service, and inaugurate an era of railroad building and improvement in Texas by squaring our statutes with Twentieth Century conditions.

W. A. NORMAN GOES WITH COTTON BELT

W. A. Norman left last Saturday for Paris, where he goes to report for duty and accept a position with the Cotton Belt railroad. Mr. Norman will be given the agency at same station and as soon as he gets located will move his family to that place.

Walter Norman came to Ballinger about fifteen years ago, and he was active in business circles and did much work towards making Ballinger a good town. His first business in Ballinger was to take over the local telephone exchange, and later he branched out in other lines and helped to put on foot some of our best business enterprises, and was connected with some of the local banks. At one time Mr. Norman was in comfortable circumstance, so to speak, but met reverse and was unfortunate in financial matters, and the panic handled him pretty rough. However, Mr. Norman is a level headed business man, thorough in his training, and we predict that he will make good and the Cotton Belt is fortunate in securing his services.

The family has many friends in Ballinger who will regret to see them move away from Ballinger, and will wish them all that's good in this life and the life to come.

Sam McBee, of the Talpa was among the business visitors in Ballinger Saturday afternoon.

J. H. Wilke left Sunday afternoon for Temple, where he goes to look after his Temple Heights addition and other business affairs for a week or two.

FOR RENT—Two furnished rooms with or without board, nice, pleasant rooms, close in. Apply to phone 177. No. 400 10th street.

We are sorry to note Guy Adkins confined to his home and quite indisposed with la grippe.

LUCKY 13 CLUB.

The Lucky Thirteen Club held their regular meeting with Miss Crews Saturday afternoon at three o'clock p. m. With exchange of social chats and the girls dainty embroidery ideas, the afternoon was indeed interesting and pleasantly spent. As each girl takes an active interest in one another.

Help thou thy brothers boat across and lo! thine own has reached the shore, says the Hindoo proverb.

After their business meeting, delicious refreshments was served: Pimento salad, olives, saratogo chips, lovely sandwiches and coffee.

In addition to the hostess and her sister, Mrs. Homer Alexander, those present were: Misses Fraizer, McGreggor, Gregory, Rasbury, Allen, Westbrook Hutton, Beaula and Grace Kendall, Taylor and Mrs Lawrence Harris.

About six o'clock the girls departed assuring Miss Crews a delightful hostess. The club will meet next Saturday with Miss Armour McGregor.

BALLINGER MEN ORGANIZE NEW DRY GOOD FIRM

It is reported that W. A. Jackson, who recently sold his interest in the Higdon-Melton-Jackson Co. and R. Kunitz, who has been with A. J. Zappe, will locate at Teague, Texas, where they will engage in the dry goods business. A new firm, composed of Mr. Higdon, of Lampasas, and the above named gentlemen, has been organized and will be known as the Higdon-Jackson-Kunitz Co.

We regret to lose the two families from Ballinger, but wish for them unbounded success in their new field.

Price Maddox, of the Hatchel country, was transacting business in Ballinger Saturday afternoon.

MILES HAS THE IRRIGATION FEVER

ProPosition Submitted to Make Survey and Take In The Miles Section of County On Irrigation Scheme.

Irrigation is the order of the day, and Miles is right in the swim. One of the engineers connected with the big project to build a mammoth dam on the Colorado river, near Bronte, submitted a proposition to the citizens of Miles the other day to make the survey and ascertain whether or not the country around Miles can be brought under the ditch. The proposition was accepted, the money raised and the survey is now being made.

The plan is to take in 75,000 acres on this side of the Colorado river, and let it extend by Miles, on down to the D. E. Simms plantation on the Concho river. If the plan is feasible it will mean that Miles will be the leader in the way of towns in all this country because of the fact that it has more first class tillable land than any other town. With the water to put on it and make it productive this section will produce enough almost to feed the world. On with the water, and let every one sing the praises of Miles.—Miles Enterprise.

THE BIG COTTON COUNTIES

The report on cotton ginned thus far shows Ellis County in the lead with 159,307 bales, while its nearest competitor is McLennan with 126,587 bales. Williamson County, which heretofore has always given Ellis a close race for supremacy, reports but 118,333 bales. The six leading counties are as follows: Ellis, 159,307; McLennan, 126,587; Hill, 119,320; Williamson, 118,333; Navarro, 96,454; Kaufman, 92,213. Ellis County has an area in square miles of Williamson, 1,197; Navarro, 1,055; 346; McLennan, 1,083; Hill 1,030, and Kaufmann 832.—Waco Times.

The little wood-chuck found it fine weather when he made his appearance on groundhog day. Another sign of early spring.

The Texas hens produced only \$12,000,000 worth of eggs during 1912, and yet some of our good farmer friends will argue that there is no money in poultry.

The sanitary care about your home and about your business regulates the sanitary condition of the town. You should clean up your premises. Don't be an ugly place on the city's map.

Tom Green county tax collector issued 2021 poll tax receipts for 1912 against 2478 for a year ago. The city collector issued 1484 against 1525 a year ago.

Yes, Ballinger will have a summer normal the coming summer and there will be something like one hundred pretty "school mams" here for six weeks, and the young men of the community will have an opportunity to spend some of their summer wages

Ballinger, like many other towns, has a crop of young "sprouts" coming on who are getting pretty wiry, and they are not controlled by their parents the officers will take the job of looking after them, and then some father and mother will have to pay the bill.

According to Texas tax assessors records 23,328 dogs were rendered for taxes last year, a decrease of 4,693 over the previous year. It is claimed that the dog is most valuable where primitive hardships and privations exist and becomes worthless where order and industry prevail.

The convention of "Hobos," scheduled to be in New Orleans, Tuesday of this week, was temporarily postponed on account of belated freight trains and vagrancy laws which detained a large number of the delegates. Seventy-five delegates that have arrived in New Orleans are said to be held in the house of detention on vagrancy charges and it may be necessary to hold the convention at this place in order to get a quorum.

The writer has a feeling of a sympathetic character for any persons who are struggling against great odds to make a livelihood for themselves and for those dependent upon them, but especially do we sympathize with the modest woman who by death has been deprived of her companion and is battling against great adversity to

make an honorable livelihood for herself and little children who are entirely dependent upon her efforts. The world as a rule is not as mindful as it should be of these unfortunate people. In the great rush for profit and business advantage, this class of unfortunate people who are usually not accustomed to cold, hard driven business dealings are not only neglected, but too often are the victims of unscrupulous men in dealings of a business character. These unfortunate people deserve the most thoughtful and sympathetic consideration at our hands

Consolidation

The West Times, owned by a stock company, has sold its business and equipment to the West News, of which Senator H. B. Terrell is editor. Both the West papers were high-class and creditable to the community, but the town simply could not sustain both, and the absorption one by the other is the consequence. This is the tendency everywhere. Fewer newspapers and better is the commandment in the small but progressive cities. Wm. Baldrige, former editor of the Times, is a highly competent editor and publisher, and doubtless will soon find a fortuitous location.—State Press

Consolidation is what usually follows an overtaxation of newspapers in any town. Fellows will butt in and make it hard for the fellow who has been fighting the battles for years. Town people as well as newspaper men as a rule are beginning to see the fallacy of doubling up in the newspaper business and are advocating one good paper for the town rather than two or three weaklings—Lubbock Avalanche.

The Way of Life.

It seems the way of life that the innocent most suffer along with the guilty. Lieutenant Becker is under sentence of death, in Sing Sing prison, awaiting electrocution, the penalty he is to pay for his part in the Rosenthal murder in New York City. Becker has a mother, 90 years of age, living in a Long Island town, and her son is dear to her aged heart. This is one time however, where Providence intervenes with mercy, and shields the innocent mother. And it is a blessed thing that this is true, that in her declining years she may be spared the humiliation of the death of her favorite son at the hands of the law. For about 9 years the old lady has been too blind to read, and friends have read to her what they thought would interest her. They have shielded her from any knowledge of her son's crime. He writes to her every day, and in her simple faith she believes that he is in a hospital, recuperating from a spell of sickness.

It is seldom that conditions are so merciful. Generally the poor old mother is bowed down with the terrible agony of it all, crushed by the humiliation and the sorrow, and is punished many times more than the son, whose derelictions and faults have brought him to the electric chair.

We cannot separate the lives of the innocent and the guilty, but they are so interwoven that when any one is punished for a crime, innocent relatives participate in the punishment.—Cleburne Enterprise

That is not all. A baby was born to Mrs. Becker last Friday and it is easy to imagine the thoughts of that mother as she looks upon her offspring and dreams of the future of blighted life.

JANUARY BUSINESS GOOD

The balance sheet of the Ballinger merchants show that January was not the bad month from a business standpoint that some were expecting. In fact the month was a good business month, and the cash receipts for some of the merchants at least, show that the country is not broke and that 1913 will be a good year, if the first month is to be an index for the year to come. The Banner-Ledger and the Daily Ledger affords a good medium for the merchants to reach out and get what they are entitled to, and by judicious advertising bring much business towards Ballinger. Our weekly subscription list number right at 2500, which means that there are very few homes in Runnels county by the paper, and the Daily Ledger by the paper, and the Daily Ledger is a household necessity and brings results to advertisers.

BALLINGER DRUGGIST MAKES A STATEMENT

We always advise people who have stomach or bowel trouble to see a doctor. But to those who do not wish to do this we will say try the mixture of simple buckthorn bark, glycerine etc., known as Adler-i-ka. This simple new remedy is so powerful that just one dose usually relieves sour stomach, gas on the stomach and constipation quickly. People who try Adler-i-ka are surprised at its quick action. CURED IN FIVE DAYS

VARICOCELE, HYDROCELE, STRICTURE, HERNIA, PILES AND FISTULA

If you have been taking treatment for weeks and months and paying out your hard earned money without being cured, don't you think it is high time to accept MY GRAND OFFER and be cured quickly? As you will certainly not be out any more money if not cured. If I decide that your condition will not yield readily to my treatment, I will be honest with you and tell you so and not accept your money under promise of a cure.

NERVOUS DEBILITY, BLOOD POISON, PIMPLES, ULCERS, SORETHROAT AND ALL SKIN DISEASES, KIDNEY, BLADDER, URINARY and PROSTATIC TROUBLES Cured to Stay Cured. Special Diseases Newly Contracted and Chronic Cases Cured, all Burning, Itching and Inflammation Stopped in 24 hours, and All Catarrhal Troubles, Chronic Disorders of Men and Women Successfully Treated.

You may pay others for failures but you pay me for cures only. I never disappoint my patients. I fulfill my promises. I never hold out false hopes in incurable cases.

I am against high and extortionate fees charged by some physicians and specialists. You will find my charges very reasonable and no more than you are willing to pay for skillful treatment. Consult me in person or by letter and learn the truth about your condition, and perhaps save much time, suffering and expense. I am a regular graduate and licensed, long established, thoroughly reliable.

CALL OR WRITE—No detention from business. Treatment and advice confidential. Hours 9 a. m. to 5 p. m. Sunday 9 to 12. If you can not call, fill out the following coupon:

YOUR APPEARANCE SPEAKS FOR ITSELF

It is the duty of every one to look their very best. Putting the best foot forward is not only pleasing, but it is good business.

Your income and its amount has a great deal to do with the way you can dress, but not everything. If you buy as the impulse strikes you it is a certainty that you will not always get full value. Your buying should be done with forethought. You can gain full knowledge of when, where, and what to buy in a few moment's time each day.

It takes no longer than that to go through the advertisements of the merchants of this city, the best of whom advertise in this paper. Read these advertisements closely and constantly each day, then you can be sure of getting the best that money can buy at the lowest price for which it can be sold.

Gas in the stomach or bowels is a disagreeable symptom of a torpid liver. To get rid of it quickly take **Herbine**. It is a marvelous liver stimulant and bowel purifier per bottle. Sold by Walker Drug Co.

APPRECIATES THE NEW PAPER

Galveston, Tex., Jan. 30, 1913
Mr. A. W. Sledge,
Ballinger, Texas.

My Dear Mr. Sledge:
I received the first issue of The Daily Ledger published under its new management, a few minutes ago. I enjoyed reading it and appreciate the new paper to the fullest extent. It was a newsy issue and one that every person in Ballinger should feel proud of.

Please accept my best wishes for The Ledger.

Sincerely,
EDWARD SPILL.

A heavy cold in the lungs that was expected to cure itself has been the starting point in many cases of disease that ended fatally. The sensible course is to take frequent doses of Ballard's Horehound Syrup. It checks the progress of the disorder and assists nature to restore normal condition. Sold by Walker Drug Co.

MERCHANTS MUST SELL GOODS

This is the season when shoppers can pick up many bargains in dry goods and wearing apparel line. The bargains consist of goods that the merchants can't very well afford to carry over. It means a big loss to them to have to hold these goods for another season. They prefer to turn them loose at a loss—below cost than to keep their money tied up in them and stands the insurance and other cost through to next winters season. There will be "good picking" during the next thirty days and if you watch the advertising columns of the Daily Ledger and the Banner-Ledger you will have an opportunity to save money, and get articles that you need.

COURT AT PAINT ROCK

Judge J. W. Goodwin, district judge and Walter Early, district attorney of Brownwood, passed through Ballinger Monday morning en route to Paint Rock, where they will convene the regular February term or District court. Judges Jno. I. Guion, M. C. Smith, B. B. Stone and J. B. Wade attorneys of Ballinger, also left Monday morning to attend to legal business at that place during this term of court.

JUDGE C. K. BELL SERIOUSLY ILL

When this splendid gentleman was a candidate for governor of Texas, this paper gave him cordial support. He had served as district attorney, as state senator, as district judge, as congressman and as attorney general, making good all along the line. He would have made a great record as the state's chief executive, for his is a vision that comprehends the past, the present and the future. But the people prefer another and so Judge Bell went back to his law practice and ceased to woo the popular favor as to public office.

It has come to the Times-Herald's knowledge that Judge Bell is a very sick man, with no prohim, life's tide is ebbing, and swiftly. With his intimate friends he discusses calmly his condition, and to one and all he says: "I am not afraid to die. I have tried to live a clean, decent and to the best of my ability a helpful life. I believe in God. I believe in the resurrection of the body. I expect to spend eternity in Heaven with those whom I have loved on the earth."

A faith like that, backed by a life of purity and goodness, is more to be desired than great riches and high honors; these last this man has had and yet he is entering the kingdom of heaven as a little child. —Waco Times-Herald.
