It is with both regret and joy that we see you leave here and re-tire from the active ministry of the church, after fifty years of faithful and unselfish service. We regret to see you retire for we all know that the church will lose two of its most active workers in the ministry. We know that there is other work that is unfinished that you would like to finish, but you deserve a rest and we are glad to see you take it. It is a joy to see you finish fifty years of wonderful service and it is indeed a joy to know of all the good that you have done during these fifty years. The results of your good life will be seen for many years to

As Brother Kirkpatrick preached here last Sunday it was his last regular appointment in the church. Although he is retiring as a pastor we all know that he will still be working for his church and for his God. We have often heard him say that he had rather wear out than to great out and we know that than to rust out and we know that ne will never rust out.

Brother and Sister Kirkpatrick, as you leave Carbon and retire from the active church ministry, the prayers of this church go with May God bless you and give you many happy restful years. Until you go to your final rest, we wish you all the happiness and joy that can come your way. May Gods richest blessings be

yours now and torever.
