The principle speaker for the B. M. banquet Thursday night will be Hon. Tom Bell, of Brady. Mr. Bell is a genuine "booster" and a speaker of no mean ability. He is a live wire in his home town, and our committee is to be congratulated in securing him for this occasion.

German specialists are admitting that the Friedmann serum is all that is claimed for it by the man who discovered it. Eight scientists of Germany have wired the People's Hospital of New York City to that effect. A prominent Pittsburg physician who has tested the serum by treating his wife also pronounces it a cure for tuberculosis. The waste of human lives that will be stopped if indeed the serum makes good as claimed runs up into the hundreds of thousands.

The American people are almost unanimous in their condemnation of the Huerta policy and the new government which he is trying to establish in Mexico. The American people believe in a constitutional government, and their sympathy is with the Madero faction. However, the American people, as a whole are not in favor of Uncle Sam taking any hand in the Mexican trouble, but we predict that it is only a question of time until some outside nation will be compelled to settle the Mexican disturbances, and the job is going to fall on Uncle Sam's hands. Watch our prediction.

There is a feeling existing between man and man in Ballinger now that is very noticeable and frequently commented upon. The feeling is of the very kindest and neighborly, and is of a tendency that will wipe out all factions and differences that might heretofore have existed. The bright prospects for the year, and the determination on the part of the citizens to all become "boosters" and pull together for the best interest of the town seems to be the prevailing spirit. It should ever be thus. We all know that divided we must fall and that it takes a united effort to accomplish anything. To fight among ourselves does not mean the survival of the fittest, but means only

a wasted life and our children will be made to suffer our folly. Let's continue to cultivate that feeling that means for the building up and discourage that feeling that means destruction of those things that are for the best interest of our town and the people.

Children who have worms, are pale, cross, fretful and sickly most of the time. To rid the little body of these parasites, White's Cream Vermifuge is an approved remedy. When the worms have been driven out the child grows strong, healthy and robust. Price 25c per bottle. Sold by The Walker Drug Co.

COLEMAN PEOPLE GO TO FORT WORTH SHOW

A carload of Coleman boosters, accompanied by a twenty-five piece band under the leadership of Jimmie King, passed through Brownwood last night en route to Fort Worth, where they expect to do a few stunts during the Fat Stock Show. The excursion was under the auspices of the "Coleman County Baby Beef Club," and the members of the party were very enthusiastic rooters for our western neighbor. A pretty selection was rendered at the Santa Fe station by the band during the supper hour last night.—Brownwood Bulletin.

MAMMOTH PREMIUM LIST.
More Than \$40,000 Hung In Purse at Fort Worth.

Nearly \$40,000 will be given away to the stockmen of the Southwest by the National Feeders & Breeders' Show at its meeting, March 8 to 15. The Fort Worth Show this year will carry the biggest prize list since its organization seventeen years ago and every cent of it will be paid to the breeders of pure blood stock.

The preliminary catalogue is now out and has been mailed to the breeders throughout Texas, Oklahoma, New Mexico, Arkansas and Louisiana and the entry list is now open to exhibitors. The prize list covers all breeds of livestock known to the Southwest, and also admits many foreign breeds and northern herds. Special attention has been paid to the southwestern breeder and many valuable prizes aside from those appropriated by the Show will be given by Fort Worth business concerns.

Besides the prizes to be given by the Association and business concerns, the National Swine breeders, state swine breeders, cattle, sheep and poultry association have hung valuable prizes.

S. B. Burnett, Ed C. Lasater and other prominent Texas cattlemen who won valuable prizes at the 1912 International Show in Chicago will bring their famous herd to the Fort Worth Show. Burnett, alone, won seventeen prizes, the majority of these being blue ribbons, and a number of these same cattle will be seen at the Fort Worth Show in March.

Mr. Lasater, who now owns and operates the biggest herd of Jersey cattle in the world, will have an immense representation at Fort Worth when the Show opens. Besides these two men there are hundreds of other important breeders who will increase exhibits.

From present indications there will be more than 6,000 entries alone in the cattle department. Other entries will run the list above 8,000.

SHEEP DIVISION.
Special Attention Will Be Paid to Mutton Stock.

Never has the demand for sheep on the Fort Worth market been so strong as it has been the last year. There has been a general cry among the packers for more mutton, and the receipts for 1912 show that the cry has been answered to a certain extent. The year 1912 marks the heaviest slaughter of mutton since the opening of the market twenty years ago.

The ranges of New Mexico have contributed heavily to the call of the market and the herdsmen of West Texas have shipped more freely than previous, but there is a demand that seems unobtainable. For several years the National Feeders and Breeders' Show at Fort Worth has conducted a sheep division in its big show, and this year from the opening, March 8 to the last day, March 15, the sheep division will be one of the biggest attractions.

PRETTY LADIES AND PRETTY HATS.

The Higdon, Melton, Jackson Co. store was the center of attraction Monday for the ladies of Ballinger, and we might say for many men too, for where the ladies are the men are sure to go. It was the millinery opening day for this store, and the beautiful spring evening brought the ladies out in twos, fours and dozens. The writer dropped in to see the hats, but we couldn't see them for the pretty women. We didn't worry about this however, for we are no judge of all this "tom-foolry" that ladies wear on their head, but we are the best judge, ever, of pretty ladies, and we know that Ballinger has more of them to the square inch than any town in Texas, San Angelo not excepted. It seems that they all tried to visit the opening Monday and we are willing to take their word for it that the hats were pretty, and that Miss Greer, who is in charge of the millinery department of

this store, knows how to handle this end of the business.

The Higdon, Melton, Jackson Co., people believe in using printers ink, and the fact their opening was so successful and the fact that the business in every department was good, is evidence sufficient that advertising pays and that the trading public have confidence in the good quality of goods they sell, and approve of their method of doing business.

Children are much more likely to contract the contagious diseases when they have colds. Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For the quick cure of colds you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers.

Mayor H. W. Bigler, of Miles, was among the legal visitors in Ballinger Tuesday.

AGUA PRIETA WILL BE EVACUATED SOON

Rebels Force Defenders Out of Agua Prieta, Which is in State of Anarchy. Everybody Who Can Fleeting

Douglas, Ariz., March 10.—Five hundred federal soldiers tonight are preparing to evacuate Agua Prieta and leave it in the possession of the 1,000 or more constitutionalists encamped about the town. Gen. Ojeda, commander of the Huerta garrison said late tonight that fear of international complications in event of a battle between his and the rebel forces situated so closely to Douglas has brought about his determination to move eastward along the Arizona border line with this entire command.

Refugee federal troops from Nacozari and Naco, two border towns captured by the state troops, reached Agua Prieta tonight and joined Ojeda's command. One hundred and seventy five federals were driven from Nacozari after a two days' fight beginning Saturday morning.

El Tigre, a mining camp 40 miles southeast of here, was attacked last night by a force of 100 rebels and the garrison there of 160 men surrendered. One hundred federals eluded the constitutionalists with their arms and ammunition. A band of pursuing rebels overtook them and after a sharp skirmish disarmed them.

Word was received here today that the conquerors of Nacozari and El Tigre were marching on Agua Prieta and Nogales, Sonora. Americans of Douglas and Agua Prieta appealed to Gen. Ojeda to avert the battle which they believed would mean destruction of American life and property, both here and in Agua Prieta.

Gen. Ojeda was given to understand that his opposing force in the morning would number more than 1,000 well armed troopers, equipped with Machine guns. Ojeda decided to give up Agua Prieta and march to the defense of Nogales and Lazo, where small federal garrisons now are stationed.

Dr. T. L. Todd, of the Maverick country, made this office a pleasant call while in town Monday. Dr. Todd says the small grain crop in the Maverick country is coming in a hurry and the farmers are pretty well up with their work.

POLLOCK McPHERSON DIED TUESDAY MORNING

Pollock McPherson died at his home Tuesday morning while sitting in his chair. He had been in feeble health for some time, but was able to be up and around the place, and his death came very sudden.

Deceased was 61 years old. He was born in Franklin, Tennessee and moved to Ballinger a little more than a year ago. He was an interesting old character and since coming to Ballinger has made many friends here by his sociability and the jovial life he lived among his daily associates. He leaves a wife and two children, son and daughter.

The funeral will be conducted Wednesday morning from the residence and Rev. Doss, will preach the sermon and the remains will be interred in the Ballinger cemetery.

The friends of the bereaved family extend to them their heartfelt sympathy in their sadness.

BARRARISM IN MEXICO SAYS MADERO

(Continued from first page)

Marcos F. Hernandez was also killed there, brother of the Secretary of the Interior, under Francisco's Administration.

"My brother, Francisco I. Madero, and Pino Suarez were killed in the palace and never resigned office. They pretended he had been shot on his way to the prison. They took them out in the street at midnight and raised a little row and pretended he was killed then. No one was allowed to visit him that day. My sister-in-law, Francisco's wife, and my sister, when they were allowed to see him, say he told them he knew that he had to be killed, but they must be brave and not cry or break down. My brother also told his Vice President, Pino Suarez, that he knew he would be shot down like a rat, but Suarez was his most loyal friend, and declared he would die with him and never desert him, that he wanted to meet the same fate as Francisco. They were always loyal friends.

"After cutting out the one good eye of my brother Gustavo they then mutilated his body terribly and set him up to be fired on by the people, and all other stories to the contrary are lies."

When asked about the talk of Mexico being peaceful on account of Huerta, the two brothers refused to make any statement, only saying: "You will see, and in a few weeks. We don't know anything of conditions there now, not any more than you do, as we read it in the papers. We are out of it, and we certainly do not want to see from 10,000 to 20,000 Mexicans killed just to revenge the death of our noble brother. What would be the use? Where would we be benefited?"—Dallas News.

LADIES WELL PLEASED.

The ladies of the Cemetery Association have been collecting from all persons who have an interest in the Ballinger cemetery and express themselves as well pleased with the liberal amount they have received. About 81 persons have responded to the fund and the ladies have seen in person and phoned to quite a number with reference to the subject and if there are any one that has not yet responded the ladies will be glad to hear from them. The expense of fencing the cemetery lots amounts to \$225.00 and the ladies are anxious to get this amount as soon as possible. At a date in the near future the committee will publish the names of all who have donated towards this fund, and the ladies especially appreciate help from outside parties, who have no direct interest in this cemetery. If you care to help in this laudable cause let the committee hear from you soon.

NEW CANDIDATE FOR CITY SECRETARY

The readers of The Daily Ledger will find in our announcement column the name of G. W. Newman, who comes before the voters of Ballinger asking them to elect him to the office of secretary for the city of Ballinger. Mr. Newman's friends urged upon him to enter the race, and they are solicitous in his behalf. He says he considered the matter thoroughly before enter-

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand on Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles.

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint.

I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women.

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

ing the race, and felt that he had sufficient encouragement to insure his election before he agreed to make the race. He is grateful to those who have pledged him their support, and he expects to see every voter in the city before April first, the day of election and lay his claims before them.

Mr. Newman is one of the pioneer settlers of this county, and has lived in Ballinger for many years. He has had sufficient clerical training to make him capable of handling the duties of the office, and he promises the people faithful and impartial service if elected. He wants the office for the salary it pays and for the good he can do in serving the city.
