Semi-Annual White Sale

Owing to delayed deliveries our white sale is much later than it has been in the past six years. We have been expecting our white goods for the past eight weeks, that we might inaugurate this Semi-Annual event. Our goods were mis-shipped by the transportation company, and as a result we are just now receiving them. As the season has so far advanced we will necessarily have to mark our goods down; so it will pay you as an investment, even, though you should have to keep them till next season. Our entire stock of white lawns, flaxons, dress linens, table damasks, dimities, nainsooks, crepes, long cloth and all other white goods in the store will be included in this sale with all ladies muslin underwear, laces and embroideries. We don't think it necessary for us to quote you prices on white goods as you know prices on white goods as well as we do. It is better that you call in person and inspect the goods, as quoting prices would only be on paper. Our stock was never more complete and our prices never lower.

We have a nice assortment of ladies' hats that will go in this sale at 25 per cent. reduction in prices.

This sale commences Saturday, April 5th and closes Saturday, April 12th.

A bargain week for you. Come early and get the best assortment.

REPRESENTATIVE

RETURNS HOME

Talks of Work of Legislature and Points Out Good Laws Passed. Says He Will Remain in Ballinger.

Hon. R. S. Griggs returned from Austin Thursday night. His family will visit relatives and friends at Taylor and Gatesville before returning home. When informed that it had been reported in Ballinger that he would leave Ballinger, Judge Griggs said he would continue to make his home here and practice his profession. He said the report leaked out through the fact that he had considered the idea of moving, but that he had decided to remain in Ballinger. This will be good news to Judge Griggs many friends.

In discussing the work of the Legislature Judge Griggs pointed out a number of good laws that were passed, and said he felt that the Legislature did some splendid work, and others will be passed at the special session of the Legislature, which the Governor has called for July 21st. "There are many platform demands that we didn't get to," said Judge Griggs, "and several bills were passed to engrossment, that will be finished."

Mack D. Smith and son, W. L. and F. M. Marsh and John Cline, who had been at San Angelo with the Ballinger Cotton Oil Mill the past several weeks, returned home Friday morning, having wound up this season's run at that place.

GOV. OFFERS REWARD

FOR JUDGE BLEDSOE

Governor Colquitt Adds \$250 to Amount Already Hung up for Thomas A. Bledsoe.

Austin, April 3.—Governor Colquitt Thursday offered a reward of \$250 for the capture of Thomas A. Bledsoe, former county judge of Abilene, wanted on a charge of embezzlement of county funds. Sheriff Weir of Taylor county furnished the first reward of \$50 and this was increased to \$250 by the Taylor county commissioners. The state's reward brings the total to \$500.

Judge Bledsoe escaped from Sheriff Weir immediately after his arrest on a Texas & Pacific train near Abilene three weeks ago. At the February convention of the Texas County Judges and Commissioners' association in Ft. Worth Judge Bledsoe was elected president.

MEXICO TO CHANGE

PRESIDENTS AGAIN

Is Said to Have Offered to Resign Provisional Presidency in Favor of Pedro Lascurain.

El Paso, April 3.—To satisfy all factions in the Mexican melee, Gen Huerta has agreed to the naming of Pedro Lascurain as provisional president, said advices received here today directly from the national capital. Lascurain would serve out the uncompleted term of the late President Madero.

As minister of interior relations in Madero's former cabinet Lascurain is entitled to serve as next in line, in view of the deaths of Madero and Vice-President Suarez. The Huerta cabinet would be retained by the compromise.

This arrangement, it is stated, has been offered to the constitutionalists now fighting the Huerta government in northern Mexico. It is declared that Governor Carranza of Coahuila has agreed and that the Sonora insurrectionists will fall in line. The decision of the president is said to have been occasioned by the recent uprising of Zapata in the south, which places the Huerta forces between two fires.

The Coleman Democrat say, "As yet, Coleman is not included in the flood area." Well, did you ever hear of a flood in a desert any way?

Neighbor exchanges are requested to be as kind as consistency will permit in their editorial criticism of Coleman's water supply. We are doing all we can to keep clean, inside and out, with the cooperation of the Lord and a generous weather prophet, think we will make it thru till grass rises. In the meantime, remember our Trades Day and poultry show, Monday, April 7th; no need of bringing your water, as we keep a reserve for fire and special occasions.—Coleman Democrat.

Ballinger has had a daily paper for 8 or 9 years and perhaps at no time during the life of the paper has there been a time when fewer homes were not receiving it. We figure that the paper is now going into ninety per cent of the homes of the town, and the subscribers are paying for the paper because they want it. There is no better way to get your advertisement into the home than through the columns of The Daily Ledger. No, a circular is not as good, because circulars are distributed promiscuously, and are not read by fifty per cent of the people whose hands they fall into. Everybody reads the newspaper.

The business men and farmers at Stamford have made up \$1,200 in prizes which will be awarded to the farmers that produce the best crops in that county. It's a good move, and the Runnels County Fair Association will offer some valuable prizes for the best agricultural exhibits.—Ballinger Ledger.

The idea is a good one and when ever tried has been productive of good results. It not only is good as to crops, but is good when applied to stock raising. The first and best boost hog raising ever had in Tarant county was given it by prizes offered for the best hogs raised in the county.—Fort Worth Record.

New newspapers are reaching the Bulletin office so fast these days that we have lost track of the number. Some of them are good, but the majority of the new newspapers show that inexperienced men are at their head.—Brownwood Bulletin.

Few lines of business are abused like the newspaper business, and

that too all because some inexperienced man gets the idea that the newspaper business is a "snap". To succeed in many business a man must begin at the bottom and learn the business. It is easy to stand off and figure how you would conduct a business, but when you rub up against some of the rough places brought out in handling the details of that business you are not long in realizing that your figures did not balance. There are few lines of business that require more attention and carry a greater responsibility than the newspaper business, and the men who succeed are not found in every town.

MARSHAL McKAY THANKS FRIENDS.

I wish to thank the voters of Ballinger who by their votes made it possible for me to serve you another term as city marshal. I will strive to show my appreciation by doing my duty as I see it. It will be my pleasure to serve you when called on, and any time I overlook a matter that needs my attention I will appreciate it if you will call my attention to same. I thank you all.

Your Marshal,
5-11d J. N. McKAY.

BROWNWOOD ELEUTS NEW OFFICERS

In the city election at Brownwood Tuesday the voters undertook to clean out the "ring," as it is frequently called, and the mayor was the only one of the old administration that was elected. A new board of aldermen were elected. Mayor Looney was re-elected by the small margin of twenty-one votes out of nearly eight hundred votes polled. San Antonio recently cleaned out the ring and Houston did the same thing, and we presume that Brownwood was determined to keep in the class with the big cities.

FIRST MONDAY CROWD COMING

Next Monday will be First Monday and public trades day. It is the day when the breeders of high grade stock will be here to organize a breeder's association, and if the weather is favorable it will perhaps be the largest crowd Ballinger has had on First Monday in a long time. It is also trading season, and many people will come here to buy their spring bill of dry goods.

THE ADMISSION IS NOT TWO CENTS

In an announcement of the concert to be given at the Library tonight The Daily Ledger stated in yesterday's issue that the admission was 2 cents, when it should have said 25 cents. It was just one of those errors caused by the figure 5 being dropped from the line. People who appreciate good music cannot afford to miss this concert.

WILL PREACH HERE SUNDAY.

Rev. Reeves, of McKinney, will preach at the Eighth Street Presbyterian church Sunday morning and evening. Rev. Reeves is an able man and a splendid preacher. Every member of the church is urged to be present, and the public is cordially invited.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

IT DID THE WORK

"Take that ad out of The Daily quick," said John Weeks, "or I will have more gloves than I can use." It was all caused by Mr. Weeks placing a little want ad for a lost glove in The Daily Ledger. The paper had only been in circulation a short time when his glove was returned to him. Ledger ads do the work.

In order to prevent the tubercu-

discovered by Dr. Friedrich Franz
Friedmann, from falling into the
hands of speculators, who would
use it to enrich themselves at the
expense of suffering humanity,
the local Chamber of Commerce,
through Thomas F. Owen, secre-
tary, has written to Congressman
Smith, urging him to use his ef-
forts to have the government get
control of the cure. In addition
the Chamber of Commerce has
written to the Texas Commercial
Secretaries as well as to other or-
ganizations formed for the good of
the people, prevailing on them to
take similar steps wherever they
have influence at Washington.

Press dispatches have already
told of a syndicate of druggist
who have offered Dr. Friedmann
\$2,000,000 for the sole right of
handling the cure. So far the dis-
coverer of the cure has declined
the offer and the government
still has time to secure control of
the remedy which will be of bene-
fit to so many unfortunate people.

**BEAUTIFUL BRIDE
HELD FOR BIGAMY**

**Fort Worth Horse Show Romance
Ends in Arrest, Tears and
Court Preceedings.**

Fort Worth, Tex., April 3.—
Mrs. Edwina Whitlow-Witten-
Barlow, 30, petite and beautiful
was arrested last night at her
home on Gordon street in Frisco
Heights on an indictment charg-
ing bigamy, returned by the Par-
ker county grand jury. She is
charged with having carried Clar-
ence L. Barlow before the court
of appeals had passed on an ap-
peal granting a divorce in the
district court from G. P. Whitten.

It was following testimony of
Witten that the Parker county
grand jury acted. He went to
Weatherford on Monday, laid the
matter before the grand jury and
a bill of indictment was returned
Tuesday. He accompanied Sheriff
Gilbert here in an automobile from
Weatherford on Tuesday.

Mrs. Whitlow, or Witten, or
Barlow—there is question as to
what is her legal name—pleaded
that she was too ill to go to Par-
ker county, and she accompanied
the officers to Sheriff Rea's office
where relatives made bond for her
in the sum of \$750.

Attorneys say that this is one
of the first instances in Texas in
which the question has been rais-
ed of a woman marrying after
she had been granted a divorce
in the district court, but before
the appeal to the higher court was
acted upon.

Mrs. Whitten's life story is an
interesting one and her marriage

to Whitten, a man 58 years old,
was romantic. At the age of 19
years she married Whitlow, a
breeder of fine horses. He was ac-
cidentally killed February 13,
1910.

It was a few weeks later, at the
Fort Worth Horse Show that busi-
ness relations between Mrs. Whit-
low and Witten began. Whitten
himself a breeder of fine horses
was a friend of the family. Their
father had been fast friends back
as far as 1854 when both were
pioneer citizens of Tarrant coun-
ty.

Witten consented to look after
her horses, which were on exhibi-
tion at shows throughout the state
and it was not long until they be-
came friends. Soon their friend-
ship had ripened into love and she
and Whitten were married in San
Antonio, Sept. 17, 1910. It was in
the nature of an elopement, for
Mrs. Witten said that her moth-
er had married a short time before
without telling her about it in
advance, and she wished to sur-
prise her in the same way.

Judge Griggs was a member of the irrigation committee and it was through his efforts that irrigation bills of great importance were passed. A general irrigation bill was passed and a district bill was passed.
Another good bill passed was the bill abolishing the insurance rating board, and creating the state insurance commission, to be composed of three men, to be appointed by the Governor. The new law provides for a maximum insurance rate, but gives the insurance companies the right to reduce the rate as low as they wish, which will make competition between companies.

MEXICO TO CHANGE PRESIDENTS AGAIN

(Continued from First page.)
Mexican military men here estimate that Huerta has not more than 14,000 troops in all Mexico with which to meet the situation. This is even less than Porfirio Diaz possessed in combatting the Madero revolution. Madero, on taking office began recruiting volunteer troops with the ex-insurrecto corps as a basis. In the meantime the regular army was recruited to normal strength. The desertion to the opposing side from the volunteer groups has left the actual government forces far below par.

WHITLEY-WILLIAMS.

Judge M. Kleberg, spoke the solemn and impressive marriage ceremony Thursday afternoon at the courthouse, that united in marriage Mr. H. C. Whitley and Mrs. Mamie L. Williams, in the presence of a few friends and relatives.
Mr. Whitley is the son of Mr. and Mrs. W. H. Whitley, of the Dry Ridge community and is an industrious and highly esteemed young man, and the bride is one of Runnels county's splendid young ladies, and the Banner-Ledger joins friends in congratulations and best wishes for a long and happy married life for the young couple.

The law making it a felony to carry concealed weapons when a man was convicted of the second time was passed.

A law fixing a road tax of \$3 on autos and \$1 on motorcycles was passed. This is in addition to the regular property tax, and the money will be used in building good roads and building public experimental highways.

The law which many prohibitionist were interested in, making it a severe penalty for shipping booze into a dry territory was passed, and this law is much more drastic than was at first thought by those who were not familiar with it. Intoxicating liquors can not be shipped into dry county for any purpose except for scientific, sacramental and medicinal. This law carries a penalty of from one to three years in the pen, and goes into effect the first of June.

The scholastic age was changed from 7 to 17 to 7 to 21 years and this law pleases many of those who have children to send to school.

Judge Griggs says the Governor's message in which he so bitterly criticised the Legislature was unjust and uncalled for, and that Speaker Terrell's reply to the message was very pleasing to the members of the House. He says the members of the Legislature worked hard, and considering the delay and confusion caused by the meningitis scare, he feels that they turned out a good lot of work, and that he voted on every question that came up and is not ashamed of any vote he cast.

SCHOOL TRUSTEE ELECTION TOMORROW.

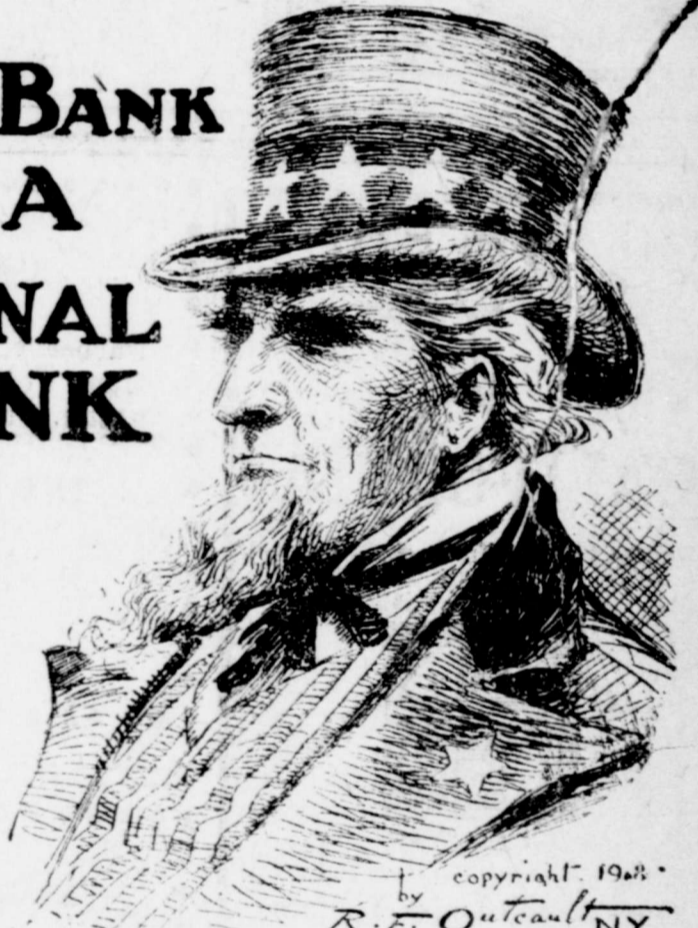

An election will be held tomorrow for the selection of three school trustees for the Ballinger Independent District. A notice was run in this paper some time ago asking those who wished to suggest names for the place to hand names into the board by two o'clock today. 2 o'clock arrived, not a single name had been handed in, and the friends of the three members whose term expires prevailed upon them to serve again and the election tomorrow will be nothing more than the formality of giving the three gentlemen sufficient vote to declare them elected. There is no issue at stake and the fact that there is no opposition to the old board is very complimentary to them and speaks a great deal for the successful way in which the school's affairs have been conducted.

Dr. W. W. Fowler, W. B. Ray and E. D. Walker are the names on the ticket, and all three are to be elected. While there is no opposition you should manifest sufficient interest in the matter to go and vote.

Sheriff Flynn and little daughter and two little sons visited relatives and friends at Winters between trains Friday.
