LINING UP AMUSEMENT FOR BIG BARBECUE

Committee Will Provide Entertainment That Will Make Entire Day Interesting and Pleasant. Good Speaking

The committee is still at work on the program for the big barbecue to be given in honor of Ballinger's 27th birthday. They are not ready to submit the program to the printers for publication, but they have "cinched" a number of attractions that will be worth coming to see, and to hear. The usual stands, etc., will be on the grounds, and several speakers will be on the program. The baby show, the ugliest man contest, the prettiest woman contest, and other things in this line will make amusement for many. The big base ball game will take place about four o'clock in the afternoon, and at six o'clock the firemen's race will be pulled off on Hutchings Ave. This within itself will be worth coming to see. There will be four teams in this race: Ballinger, Coleman, Santa Anna and Winters. The team making the best time wins the silver cup and the second prize will be \$2g in cash.

Fire Boys Practicing.

The local fire team practiced yesterday afternoon, and scored with a time of 18 seconds. The team that comes here must go some if they take the cup away from Ballinger. It is not known

yet who will run in the Ballinger team, as there are several who have proven themselves worthy the honor. Those who were in the practice race yesterday were John Phillips, Roy Hull, Dedrick Sheffy, John Syers, and Reuben Dunn.

Good Ball Team Coming.

The base ball team will put a bunch of hands to work early Monday morning putting the park in shape for the coming game. It will be remembered that the storm a few weeks ago badly damaged the fence, and it will require about one hundred dollars to replace the fence. His money is in hand, and work will start Monday.

We understand that Ballinger will line up on this day with an all home team. Big Boy Wooden is at home and in good trim, and also Alex McGregor, who made a "rep" with Daniel Baker during the last college season, is here and ready to help take the game from any team that comes here on June 28th. It is not known what team will come here on the 28th as a number of teams can be secured and the local boys want to get the strongest team possible—one that will give the people something for their money. There will be something doing in base ball.

Mrs. Walter T. White and children, of Winters, are in the city on a visit to her brother Grover McAden and family for a few days.

Van Ness Lewis, of Winters, who had been in our city on business the past few days, left Saturday afternoon for his home.

A Challenge!

We invite the criticism of the public. Appreciate and respect it, we are anxious at all times to have our patrons tell what they think of our show.

BUCKET FULL OF FINE PLUMS.

Uncle George Eskridge remembered the editor with a bucket of as fine plums as ever grew in any country, California not excepted. The plums were raised on Uncle George's orchard in the Southern part of town. The late cold cut the supply down, but it certainly did not hurt the quality, and we never enjoyed anything more than we did this treat.

Good roads is one good thing that cannot be overdone.

In the game of life the worker is the one who scores.

While swatting the fly don't forget to eliminate his breeding place.

If there were no newspapers to boost it how big would your town become?

The true architect of his own fortune is always planning extensions.

Some men only turn the grindstone of boosting when they have an axe to grind.

There must be organized strength harmoniously working together to build a city.

The town that wins is the town that fights every day in the year for better conditions.

A 14 year old boy in knee pants has been placed in the Illinois penitentiary for life for the murder of a woman and two children. by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; 9 cases out of 10 are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

Snake Bite Proves Fatal.

Johnny Elzie, eldest son of Mr. and Mrs. Walter Kiker, residing four miles north of town, in the Union community, was bitten by a rattle snake Friday morning about 9:30 and died at 10:30 at night, despite every effort of the family and attending physician to counteract the deadly effect of the virus. Johnny and his younger brother Alvin, were shocking oats while their father was cutting, and decided to go to the house. They took a nearer course through the oat field and were proceeding when Alvin cried out, "Johnny, there's a snake!" Johnny stepped back and onto the snake and as he did so the reptile buried its fangs in the fleshy part of the calf of the leg. He dragged the snake loose and he and Alvin ran toward where their father was, but the noise of the machine kept him from hearing what they were saying and he did not stop, supposing the boys were playing. Failing to attract his attention the boys ran to the house, their cries bringing the mother out to meet them. On learning what had happened, she picked Johnny up and laid him on the gallery and bathed the wound with coal oil. She then hastened to the oat field to summon her husband. Walter hurried to the house and phoned to Bronte for a physician. Dr. Chambers answered the call and was soon in attendance on the boy. In the meantime, the father had corded the leg above the wound and used coal oil and turpentine freely. Dr. Chambers opened the wound and administered alcohol, but the boy's system was so full of poison that the remedy added to the depression of the heart's action. Other antidotes proved inefficacious, and although the physician made a second visit and remained at the bedside until the end, he was powerless to save the life of the unfortunate lad.

In a newspaper experience of 34 years, this is the first death from snake-bite we have ever been called on to report. It was so sad and unusual that we asked Dr. Chambers if he could have been with the boy immediately after he was bitten would the result have been different. He explained that the snake was a large one and was mad and hit the boy with full force. The boy ran and got warm and quickened the action of the heart and the poison was taken quickly into the circulation, getting beyond the reach of antidotes. As supporting the opinion that the snake was a large one, Walter saw it as he drove the binder along. He thinks it

was four or five feet long, and will always regret that he did not stop and kill it. But he was anxious to get his oats cut, and how could he foresee that a few minutes later his two little boys, unmindful of danger, would follow the snake into the oats and one of them be bitten to death. This is a sad reflection, but hundred of fathers would have done as he did. We say this much by way of consolation to Walter who, with his wife, is brokenhearted over the awfulness of the sorrow that has come into their home and lives.—Bronte Enterprise.

If you have the itch, don't scratch. It does not cure the trouble and makes the skin bleed. Apply Ballard's Snow Liniment. Rub it in gently on the affected parts. It relieves itching instantly and a few applications removes the cause thus performing a permanent cure. Price 25c, 50c and \$1.00 per bottle. Sold by Walker Drug Co.

Jamie Skinner came over last Friday from Ballinger to assist in packing and loading the family effects and household goods. These were sent through in wagon Saturday, Jamie and Edwin going along. Mrs. Skinner and the little girls remained in town visiting among friends until Tuesday, when they went to Ballinger, their former home, and where they own a nice home. May good fortune and happiness ever attend them, is the wish of many friends.—Bronte Enterprise.

Charlie Corder had business at Miles between trains Saturday.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.
