DEMONSTRATION FARMER ON THE JOB

Government Sends Man Here to Co-operate With the Farmer in Effort to Produce More and Better Crops.

Geo. P. McClelland, who is in the employ of the United States Government arrived here Sunday night, bringing with him his horse and saddle, and says he is ready to go out and camp with the farmers and give them the benefit of his experience and help them all he can. He will make headquarters at the Business League room when he is in town, and states in the beginning that he is ready for business, and requests that the farmers call on him and make their wants known.

Mr. McClelland has been a resident of Southwest Texas for 29 years, coming here from Uvalde county. For the past few years he has been doing demonstration work around San Antonio and down towards Corpus Christi. He was formerly a resident of Limestone county and strikes us as being a mighty good man for the place he is filling. He goes right in the field and gives the farmer the benefit of what he knows from actual experience. He will visit the schools of the county, as soon as they open, or as soon as he can get to them, and later he expects to organize some clubs among the boys on the farms.

Mr. McClelland's services does not cost the farmer anything and he is here to help and not hinder. He will get out and meet the farmers just as fast as possible, and will be glad to have them call on him when they can find him in town. His family will remain in San Antonio, for awhile, but he will bring them here and comes here to make this his home.

LEWIS-CURMAN.

Judge M. Kleberg spoke the words Sunday afternoon that united in marriage Mr. J. F. Lewis and Mrs. Maggie Curman. The couple came over from San Angelo on the afternoon train and in the presence of a few witnesses were united in marriage and return home on the night train.

Miss Lois Crews gave a toast to the bride. Miss Florence Westbrook to the groom. Miss Kate Guion the have-beens, are-nows and may-be's. This was followed by a lovely response from the bride to be, to the girls left behind.

BROWNWOOD TO HAVE HOSPITAL.

The contract has been let and work started on a modern 12 room hospital at Brownwood. Brownwood has been losing a great deal in the past by not having a good hospital. Ballinger's hospital is worth as much to the town as any enterprise we have. There is hardly a day passes that some one from surrounding country is not brought here for treatment, and the physicians have been very successful in the treatment of cases brought here. The operations for appendicitis average one about every other day.

Rev. E. V. Cox has returned from Cranfill's Gap, where he has been conducting revival services. He reported a most successful meeting throughout the entire time.—Temple Mirror.

BLUE SKY GRAFTERS GOT HIS MONEY.

A. N. Iden, of the Crews country, was here Monday, and reports that he received a pretty good rain Friday afternoon, but says he thinks the rain is too late to do cotton much good.

Mr. Iden is interested in some parties who operated in this county a few years ago, and who were recently arrested for working "blue sky" graft in another part of the State. Mr. Iden suffered about \$1500 loss at the hands of the "blue sky" grafters, and he would like to see full justice dished out to them in their present trouble.

BOY GETS ARM DISLOCATED.

The son of Ed Gaston of the Valley creek country, had the misfortune to get his arm dislocated while riding a donkey last Saturday. A hurry up call came to town for a physician just as the heavy shower of rain came up. It was reported that the boy was seriously hurt, but later the good news came that it was nothing serious.

ADVISES TEXAS CATTLE MEN NOT TO MARKET.

R. R. Russell, a well known cattleman and banker of San Antonio, advises Texas cattlemen not to market their cattle now. He says the drouth in Kansas and Nebraska and Missouri is forcing thousands of head of cattle on the packing houses and for that reason, Texas cowmen, who have grass and water should wait until the present rush of drouth-stricken cattle is over before attempting to market stock.

LEFT FOR PAINT ROCK.

Judge J. W. Goodwin, District Attorney Walter Early and Court Stenographer Charlie Miller, of Brownwood, and Judge Goodson of Comanche, came in Sunday night and left for Paint Rock Monday to open District court.

Judges Jno. I. Guion, J. B. Wade, A. K. Doss and M. C. Smith, local attorneys, also left Monday morning to look after legal business at this term.

IN GOOD OLD MILAM COUNTY

Prospects for a good cotton crop for this season has vanished entirely, and now about the best we can hope for is a little more than half a crop, but then the people will be in a better condition than they have for some years, for they have plenty of feed stuff.—Cameron Enterprise.

SAM SPARKS FOR GOVERNOR

There is a rumor afloat that Sam Sparks will be a candidate for Governor. Sam is a man that has served in almost every office in Bell county and the high office of state treasurer. He may not be gifted with that flow of eloquence that some of the aspirants have, or the legal knowledge that some may expect of him, but there could not be found in the state, a man more loyal and more honorable.—Temple Mirror.

10c outings all colors reduced to 7 3-4 cents. The Globe.

FREE DEMONSTRATION AGAIN THIS WEEK.

Mrs. Barksdale is spending another week at the Higdon, Melton, Jackson Co., store and will demonstrate the Vanity Toilet articles. Treatment and care of the skin will be demonstrated free. The ladies are invited to call any time this week. 1-dff

HOMES SECURED FOR S. S. DELEGATES

Committee Meets With Splendid Success and Thanks People for Co-operating in Plans.

R. W. Bruce, chairman of the entertainment committee, who had in charge the work of securing homes and providing entertainment for the delegates who are expected here to attend the great State Sunday school convention, which meets here Thursday afternoon, Sept. 11th at two o'clock, states his committee have completed their work, and that he has listed homes for 208 delegates and others, that can be had if needed.

Mr. Bruce in speaking of the entertainment part of the work says he believes that 208 homes will be able to take care of all the delegates that we have, but in case he needs more homes he will send the delegates to the homes of those who promised to phone him of the number of delegates they would take, but who failed to do so. Remember this, and if you are called on you will not be surprised. "I want to thank my committee," said Mr. Bruce, "for their splendid work, and also extend to the people of the town my thanks for their liberality, hospitality and co-operation. We have had very little trouble, and I don't think we will have more delegates than we can find homes for."

The publicity committee has been busy sending out advertising matter, and the great state convention is being advertised over twenty-three counties, and the work of arranging for the convention is well in hand.

Green Velva Syrup reduced to 54 cents per gallon. The Globe.

CARNIVAL COMPANY DELAYED TWO DAYS

Carnival Company Changes Route and Report That They Will Arrive at Ballinger Later.

The small boy was disappointed Monday when the carnival failed to arrive as advertised, but were consoled when informed that they were only delayed and that the show would be here later in the week.

The carnival company that had billed the town to show here all this week, spent last week in Abilene, and it was thought that they would come direct from Abilene to Ballinger. They failed to do this, however, and offer as a reason for failure to arrive on time, the refusal of the Abilene & Southern Railway Company to accept their cars for transportation to Ballinger, stating that the car inspector turned them down. This is the statement given out by their advance agent who has been here advertising for the past week.

The advance man stated that the T. & P. moved the show over to Strawn, where they would show for the first two days, giving them time to have their cars repaired, and then they would return and make the trip to Ballinger and open here Wednesday night, and would remain here until Saturday night. Hand bills were printed and distributed Monday advertising the dates as above stated.

Mr. Thompson, of Hatchel, was among the visitors in Ballinger Monday.

Lon Mapes, of the Pony creek country, was transacting business in Ballinger Monday.

SAVE SOME MONEY AT EVERY TURN AND PUT IT IN THE BANK IT WILL BE SAFE IN OUR BANK

The road to prosperity looks like an up-hill climb. It may be at first but it keeps getting EASIER. The nearer you get to the top the more joy you experience in knowing that soon you will be up and the climb will be over. Toward the top the money you have in the bank begins to assist and boost you. Nothing succeeds like success, and everyone will push you the way you are going, down or up

Make OUR Bank YOUR Bank.

The First National Bank

OF BALLINGER

"The Bank That Does Things For You."

Lost Money

By reason of the short crops and a commendable desire to promptly meet his obligations, a good farmer sold one of his work mules, receiving a check or which he took the cash, but before he had time to apply any of the funds, lost the entire amount. Had he deposited it and used a check-book he would have enjoyed the benefits of ready cash and removed every possibility of loss.

It pays to do business with this bank. Try us.

A SODA FOUNTAIN IN YOUR HOUSE

A case of bottled soda water in your home and a few bottles on ice is really better than a soda fountain in your own house. Because bottled soda water as we produce it is more sanitary and more richly carbonated than the soda water that is sold at most soda fountains. Purity and cleanliness are the first consideration in the matter of food and drink. We have from the start endeavored to maintain the highest standard. Pure distilled water, granulated sugar and best extracts that money can buy. You have no idea how handy it is to have a case of our delicious soda on hand to serve your guests or the children when they come in hot and tired and want something to refresh them. Phone 482 and let us send you a case, more good drinks for the money than you can buy anywhere.

UNCLE SAM TO EXHIBIT "MOVIES."

Knoxville, Tenn., Sept. 1.—At the National Conservation Exposition which opened here today the government is making extensive use of moving picture films to teach the lesson of conservation and as a means of teaching the masses of the people along many different lines.

Some of the most interesting of these films are those of the United States Department of Mines. During the Exposition the Department of Mines will show one picture that illustrates every step taken in the mining of iron ore and its transformation into the manufactured product.

This picture shows the miners at first going to work in the morning; it shows the actual mining of the ore, its course to the surface of the earth, its loading of the ore into the holds of the lake steamers, the unloading by means of the giant machines, and finally the mills in which the ore is made into steel rails and other products.

Another of the moving pictures of the Department of Mines one showing an actual mine explosion and the work of rescue carried on. The picture is unlike any other ever taken.

The Governors of many southern states have accepted invitations to take a part in the exercises on "Governor's Day."

Perry Bonswell of the Jameson community, was among the visitors in Ballinger Saturday evening and requests us to announce that Rev. J. W. Raby will preach at the Jameson school house on next Saturday night, Sunday and Sunday night.

Sept. 6th and 7th. Bear the date in mind, Sept. 5th and 7th. You are cordially invited to attend each service.

SEPTEMBER 1st IN HISTORY.

1804.—Planet of Jupiter discovered by Harding, of Germany.
 1818.—State prison at Auburn, N. Y., opened.

1829.—President Jackson returned to Washington from Old Point, Va., much improved in health.

1852.—The railroad in Russia from St. Petersburg to Moscow inaugurated.

1864.—General Sherman had broken his communication at Nashville and was on his way to Atlanta.

1894.—Nearly 500 persons perished and \$12,000,000 worth of property destroyed by forest fires which swept over northern portions of Minnesota, Michigan and Wisconsin.

1904.—Russians evacuate Liao-Yang and move north.

1904.—Manitoba openly favors reciprocity with the United States.

A Chew of Gum absolutely free with each school tablet sold for 4 cents. The Globe.

John H. Webb, who lives ten miles down the river, was here Monday and reports nice rains recently which will benefit late feed and make cotton mature better.

INDIAN LANDS OPENED TO PUBLIC.

Helena, Mont., Sept. 1.—The sale of 2,608,693 acres of government agricultural lands near Ft. Peck, Mont., begins today. The registration places the Glasgow, Havre, and Great Falls, Mont. The final drawing is to be at Glasgow, commencing September 23. The reservation is located in Sheridan and Valley counties.

The opening of Fort Peck reservation marks the last big opening of agricultural land in the United States. Six new towns will be started on this big land area.

The total acreage of the Fort Peck Indian Reservation is 2,068,693.

Land allotted to the Indians is 723,693 acres.

Land remaining vacant or unoccupied is 1,345,000 acres.

Land now under cultivation is 3,800 acres. Last year there were only 1,500 acres under cultivation and the year before practically none.

It is estimated by agricultural experts that when this land is cultivated by the white settlers it will add about twenty millions more bushels of grain to the nation's annual production.

Flax this year is running from eighteen to twenty-six bushels per acre, wheat from twenty to twenty-five bushels per acre and oats sixty to eighty-five bushels per acre.

The total acreage of the reservation is 2,068,693. The land allotted to the Indians is 723,693 acres. The land that is thus left vacant is soon to be opened for settlement and covers 1,345,000 acres.

160 acres land 6 miles east of Winters to trade for stock of dry goods or groceries. R. P. Conn.

A CAT STORY.

A certain party in this town was over-burdened with cats, so he sacked up an old cat and four kittens and hauled them in his wagon out in the country four miles and deposited them by the roadside.

The next day when he arose from his peaceful rest he discovered the old mother cat, on the front gallery. She stayed around that day, but disappeared that night. The next evening on going out on the gallery he found the mother cat and four kittens playing in the sunshine as if nothing had ever happened to disturb the even tenor of their way. The kittens were just able to travel and he is wondering if the old cat carried them home one at a time. If she did she traveled about forty miles makink the rounds. He says he is going to let them stay.—Talpa Post.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism, and bladder in both men and women. Regulates bladder troubles in children. K. O. and H. Kay Berry, of the Norton country, were transacting business in Ballinger Monday.

FAVORITE RETURNS; ACCEPTS POSITION

Professor R. L. Stephenson, the famous pianist, has returned from a short visit to Oklahoma and has accepted a position from the new manager of the White City, Roy Reeder. This accomplished young gentleman is a marvel at the piano and plays like an old master. His endurance is some thing extra ordinary playing from three to four hours on a stretch, rendering the latest of rag, sentimental, popular and classic music. He is also a good accompanist and makes quite an addition to this popular place of amusement, and is well worth the price of admission alone. The piano used is a beautiful, sweet toned instrument and gives forth incomparable music. If you want to forget your troubles, worries and the heat, just visit the White City for an hour or two and see the varied program they are now putting on.

Why do You use cheap flour and pay \$1.50 per sack when you can get "Light Crust" at \$1.44 a sack at The Globe.

Rev. J. V. Havener, of the New Home community, was among the visitors in Ballinger Monday. He had just returned from an extended visit to Comanche and other towns in that section.
