### YOUNG LADY KILLED AT COLEMAN.

Miss Addie McClelland, the sixteen year old daughter of a widow lady, was found at her home in Coleman about six o'clock Thanksgiving evening with a bullet hole in her head. The young lady was dead when found and it is supposed that death was instant. It is not known how the bullet was fired, but notes found indicates that the young lady ended her own life.

Mr. and Mrs. G. M. Allen, of Miles, came down Thursday and spent Thanksgiving with C. E. Allen, of the Higdon, Melton, Jackson store.

### FITTING OBSERVANCE THANKSGIVING DAY

With the horn of plenty overflowing with a bountiful yield of valuable products, garnered from the fields of Runnels county, and with the auditorium of the Methodist Church most beautifully decorated with flowers, vines, etc., a large crowd gathered in that church at ten o'clock Thursday morning where an appropriate program was carried out and where impressive services were held.

On each side of the preacher's stand columns had been erected by the decorating committee and golden vines were beautifully entwined around these columns and leading out over the railings of the rostrum formed a back ground for the decorations made with all kinds of farm and garden products each of a specimen that did credit to the farmer who produced them. A large horn was stationed on a table in front of the pulpit, with the small end of the horn reclining on the pulpit and the horn appeared to be overflowing with harvest. Just behind the bank of flowers and farm products a large choir was stationed and rendered music appropriate for such an occasion, and the congregation joined in singing the hymns of praise.

Rev. Doss, as leader announced the order of service. Rev. Fred Carter offered the invocation, and after the scripture reading Rev. Bion W. Adkins lead in prayer. Rev. E. W. Wells preached the sermon, and after taking an offering for charity Rev. Hammock pronounced the benediction.

The entire day was fittingly observed in Ballinger. All business for the day was suspended. Turkey dinners were provided for many, and if there were any who did not enjoy the day, it was perhaps due to some negligence on their own part. The entire people seemed to be in the very best of spirit and realized that they had much to be thankful for.

The day closed with a down pour of rain that amounted to one and one-half inches, and it also came in with the rain, a shower fell in the early morning.

The collection taken, and which was turned over to the Charity Committee to be used as there is a demand for it in taking care of the poor, amounted to \$17.22.

Mrs. Ed Williams and children returned to their home at Miles Thursday after a visit to W. B. Page and family.

### W. J. NUTT CAPTURED AT RIO VISTA, TEXAS

W. J. Nutt, who eloped with Mrs. J. J. Pope more than a week ago, has been arrested at Rio Vista, a little town near Cleburne, and will be turned over to the penitentiary authorities upon advice received from Governor Colquitt.

It will be remembered that Nutt deserted Mrs. Pope at Cleburne, and the latter phoned to Ballinger for money, and in response to her phone message officers appeared and took charge of her and turned her over to her husband. At that time Nutt's whereabouts were unknown, but the officers did not give up the chase, and suspecting that he might communicate with his wife at Miles, Sheriff Flynt went to Miles, and found that a telegram had been received at that place from Rio Vista addressed to Mrs. Nutt. The Western Union Telegraph Co., would not permit Mr. Flynt to see the contents of the telegram as it had not been delivered to Mrs. Nutt, but he was permitted to see where the telegram was from, and he took chances on it being from Nutt, and wired the sheriff at Cleburne to that effect. In a very short while the sheriff wired Mr. Flynt that he had Nutt in jail.

It is not thought that Nutt will be returned to Ballinger, as this would entail expense unnecessary. He has been out on a conditional pardon and Gov. Colquitt has revoked his pardon and ordered his return to the pen, and it is expected that he will be returned to the pen direct from Cleburne.

With the returning to the pen of Nutt and the restoring of Mrs. Pope to her husband, the curtain has fallen on a case that has attracted the attention of the people of this section of the country.

LATER—Nutt's capture is due to a telegram he sent his wife asking her to come to him. A phone message from the sheriff at Cleburne to Sheriff Flynt late this afternoon (Friday) stated that the Cleburne sheriff would leave Cleburne with Nutt in a short time and asked Sheriff Flynt to meet him at Temple and get his prisoner. Mr. Flynt stated that he would bring Nutt to Ballinger tomorrow (Saturday.)

### SOME MILK FOR ONE COW.

Spokane, Wash., Nov. 28.—An average of 75 pounds of milk a day for three weeks is the record made by Duchess Hengarveld de Kol, a registered Holstein-Friesian cow owned by the Washington State college at Pullman, 85 miles south of Spokane. Each day of the animal gives a trifle over nine gallons of milk, which at the prevailing price for family consumption, would return nearly \$3 each day. The duchess comes from a good family of milk producers and as yet has shown no indication of falling off in her milk supply. A careful record of her production is being kept.

### CELEBRATES 86TH BIRTHDAY ON THANKSGIVING

In honor of her 86th birthday Mrs. M. A. Miles had a number of her relatives with her Thanksgiving. Grandma Miles is still enjoying good health for one of her age, and she enjoyed her Thanksgiving and birthday dinner all in one. She is one of the pioneers of this county, having moved here in the early days and she has many friends over Runnels County, who will join The Ledger in best wishes for a happy return of the day.

### REPORT WHOLESALE CATTLE STEALING

Ward and Cameron who have been running a bunch of cattle in the Bair & Conn pasture down the river, are short thirteen head, and after putting in a week looking for the cattle they have reached the conclusion that the cattle have been stolen and have reported the matter to the officers.

Cattle thieves have not been operating in this section in a long time, and this is the largest theft that has occurred here in many years, if theft it is.

The officers have taken hold of the case and are working on it, but it is not known when the theft occurred, and it is very probable that the guilty party or parties will not be apprehended.

### WILL DRAG ROADS AFTER RAIN

Arrangements have been perfected for dragging the road south of town as soon as it begins to dry. It will be remembered that the county has just completed the work of grading this piece of road, and a splendid "dump" has been built and it is the purpose of the good roads enthusiastic to cover this grade with gravel and crushed rock as soon as possible, and in the mean time the grade will be kept level by dragging it after each rain.

Mrs. Mike C. Boyd and baby are in Brownwood this week, visiting relatives and friends.

Audiee Reese and family spent Thanksgiving with relatives at Benoit.

### ARRESTED FOR STEALING CATTLE

Upon information furnished by T. E. Brown, of the Crews country a complaint was filed against Mat McKinney and Tip Edwards, of Coleman County charging McKinney and Edwards with cattle theft. Two complaints were filed against McKinney, one for stealing cattle and one for receiving stolen property. The parties are charged with stealing cattle from Brown.

The papers were sent to Coleman and Constale Purchell of Coleman arrested McKinney and Edwards, and they were released under \$500 bond to appear in Ballinger Saturday for examining trial. It is understood that McKinney will waive examining trial.

**STATEMENT FROM THE BOARD OF WATER ENGINEERS STATE OF TEXAS**

Under the provisions of the General Irrigation Act, Chapter 171 of the General Laws, passed by the 33rd Legislature in regular session a Board of Water Engineers has been appointed, one from each of the three water divisions fixed by the law. The Act became operative by its terms, ninety days after the adjournment of the regular session of the Legislature, namely, July 1, 1913, but the Board of Water Engineers did not actually begin its work until September 1, 1913.

The first two sections of said Act read as follows:

Section 1. Certain waters declared State property. The unappropriated waters of the ordinary flow and underflow and tides of every flowing river or natural stream, of all lakes, bays or arms of the Gulf of Mexico, collections of still water, and of the storm, flood or rain waters of every river or natural stream, canyon, ravine, depression or watershed within the State of Texas, the title to which has not already passed from the State, are hereby declared to be the property of the State, and the right to the use thereof may be acquired by appropriation in the manner and for the uses and purposes hereinafter provided.

Section 2. Purposes for which storm, flood or rain waters may be diverted: The storm, flood, or rain waters described in the preceding section may be held or stored by dam, in lakes, or reservoirs, or diverted by means of canals, ditches, intakes, pumping plants, or other works, constructed by any person, corporation, association of persons or irrigation district created under the statutes for the purpose of irrigation, mining, milling, manufacturing, the development of power, the construction and operation of water works for cities and towns, or for stock raising.

This Act provides that all parties who have made beneficial use of any of the public waters of this State prior to January 1, 1913, may preserve their priority of right to such waters by filing with the Board certified copies of their original filings made with the county clerks under prior irrigation laws, together with certified copies of maps, and also sworn statements showing what has been

done since making filings with the county clerks, wherever such filings with the county clerks have been heretofore made. Also, in cases where filings have not been heretofore made with said clerks, same may be made. Also in cases where filings have not been heretofore made with said clerks, same may be made now; provided beneficial use of the public waters was made prior to January 1, 1913. All such certified copies of appropriations and maps, together with the required sworn statements; must be filed with the Board of Water Engineers before July 1, 1914, in order to preserve priority rights.

Attention is called to the fact that this Act covers not only irrigation from impounding reservoirs and flowing streams, but also from wells. It also covers the use of water where power is generated for any purpose, such as mining, milling, etc., and applies also to water supplies for cities and towns, and for stock raising.

Sections 91-95 of the Act apply to wells; 91 defining artesian wells, 92 and 93 applying to waste, 94 providing a penalty for waste, and 95 requiring records of borings.

The Board has prepared an information sheet and forms relating to filings under the provisions of Sections 12, 13 and 14; also of Sections 15 and 16, which last mentioned sections cover the steps necessary in making applications for permits to appropriate public waters. Parties desiring to make personal use of same, may obtain these forms, free of charge, on application to this Board.

The Board is issuing this statement for the purpose of disseminating information, generally, to all parties who may be interested.

Mrs. W. B. Kearney returned to her home at Comanche Wednesday, after a visit to her son George Kearney and daughter Mrs. S. H. Daugherty. We are glad to report that Mr. Kearney, who was operated on for appendicitis has recovered sufficient to be removed to his home, and is getting along nicely.

**NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS**

THE STATE OF TEXAS,

Notice is hereby given, to whom concerned, that C. S. Miller, whose postoffice address is Ballinger, Texas, did on the 4th day of November, A. D., 1913, file an application in the office of the Board of Water Engineers of the State of Texas in which he applies for a permit to appropriate 400 acre-feet of water per annum, or 3 1-2 cubic feet of water per second of time for the period of 55 days in each year, for the purpose of irrigation, to the extent of irrigating 200 acres of land described in said application, from the unappropriated waters of the State of Texas, to be diverted from Colorado River, at or near City of Ballinger, Runnels County Texas.

You are hereby further notified that the land proposed to be irrigated is 150 acres out of the C. D. from survey No. 421 and 50 acres out of the John Pape survey No. 422, lying adjacent to the Colorado River in said Runnels County, Texas.

A hearing on the said application of the said C. S. Miller will be held by the Board of Water Engineers of the State of Texas, at its office, in the City of Austin County of Travis, said State, on Monday, the 5th day of January, A. D., 1914, beginning at 10 o'clock, A. M., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time and from place to place, if necessary, until such determination has been made relative to said application as the Board of Water Engineers may deem right, equitable and proper.

### "SIS PERKINS."

An enthusiast who writes for the Kansas City Star, saw "Sis Perkins" at the Auditorium Theatre in that city last spring and write of it as follows:

"If a comedy may be rated by the quantity of laughter it evokes from the audience, then Sis Perkins must be the funniest comedy ever written. The crowd at the Auditorium last night laughed itself sick and then laughed itself well again. I had never heard so much laughter in a theatre. It wasn't ordinary laughter; it was not merely the vocal smile; it was

screaming, shrieking laughter and it sounded as though a thousand people had gone mad with joy.

"Sis Perkins makes the thin fat, and the fat, thin; it polishes the theatre and exercises the ribs; it is pepsin for indigestion and massage for nerves; invalids are never well made well while they wait; cripples leave their crutches at the box office, and callously healthy persons find a new use for their well being.

"Sis Perkins" is presented this season by a company of unusual ability. It is meeting with marked success all along the line and the people of Ballinger will have a treat, in store for them on tonight.

### HAD LAND PRICED TOO HIGH

A local appeared in The Ledger Wednesday in which Chas. S. Miller is offering for sale some land in the Norton country. The land was priced at \$21.50 per acre, when it should have been \$12.50. The error was caused in copying the ad. The ad appears again today, and any one looking for an investment where they can double their money quick should investigate this.

### 2 DOUBLE WEDDINGS ON THANKSGIVING

It is not often that we can report such a thing as a wholesale wedding, but weddings on the wholesale plan were performed at Rowena and Olfin on Thanksgiving.

Promptly at ten o'clock on Thanksgiving morning at the Catholic church at Olfin Father Gorman performed the ceremony that united for better or for worse P. J. Bloek and Miss Hettie Matthiesen, and at the same time and place he performed the ceremony that also made man and wife Joe A. Matthiesen and Miss Rosa Englert. After the ceremony the remainder of the day was spent in making merry for the brides and grooms and the homes of the contracting parties.

These young people are among the most prominent citizens of the Olfin neighborhood, and they have many friends who will join The Banner-Ledger in best wishes for a long life of prosperity, happiness and usefulness in this world.

### FOUR MARRY AT ROWENA

The culmination of the work of dame cupid was witnessed at Rowena on Thanksgiving day when Father Gorman, said the words that united two happy couples in wedlock. The ceremony was performed at nine o'clock and J. G. Schuhmann was married to Miss Annie Feist, and J. J. Mees to Miss Bettie Feist. The wedding was a double affair, and was surrounded with much merriment, after the solemn ceremony had been performed.

Mr. Schuhmann is a prominent young business man of Rowena, and Mr. Mees is numbered among the best young men of that section of the county, while the brides are the daughters of one of the best families in the Rowena country.

After the wedding dinner both couples left on the afternoon train for the East. Mr. and Mrs. Mees went to Victoria, where they will make their home, and Mr. and Mrs. Schuhmann went to Dallas where Mr. Schuhmann had business.

### AFTER GRIPPE

Made Strong by Vinol

John C. Fuman, of Clarion, Pa., says: "After a very severe attack of the grippe my system was in a weakened, nervous and run-down condition. I had no appetite at all. I was obliged to continue with my work, and nothing seemed to help me until a friend induced me to take Vinol. I began to note good results from the first bottle. I continued its use and am now sound and well as ever.

In health one cannot realize how depressed a person may become after trying one remedy after another without benefit for such a condition as Mr. Fuman was in, or what a relief it is to find help and be restored to health and strength.

It is the combined action of the medicinal curative element of cod's livers without the greasy oil aided by the blood-making and strength-creating properties of tonic iron, that makes Vinol efficient in building up the weakened run-down system.

We guarantee Vinol to give perfect satisfaction. The Waler Drug Co., Ballinger, Texas.

P. S. For rough, scaly, skin, try our Saxo Salve. We guarantee it.

Mrs. J. L. Kennedy, of the Mud Creek neighborhood, left Thursday for Fort Worth, to visit and attend the fat stock show.

Mr. and Mrs. J. L. Elkins were among those who left Thursday for Fort Worth to spend a few days at the fat stock show.

Miss Mildred Herring left last Thursday for Fort Worth on a visit.

### THE THANKSGIVING DAY AT HACHEL

In accordance with a Proclamation issued by Prof. G. Seerest, asking the citizens and patrons of the Hatchel Public School to assemble themselves together on Thanksgiving Day for the purpose of beautifying the school grounds, and notwithstanding the unfavorable weather this call was met by a goodly number of patriotic and enterprising citizens, men, women and children. They came armed with picks, shovels, mattocks, and axes, and last but not least, the ladies served a dinner on the grounds fit for the Kings, and everybody made merry over the occasion, the young and old made merry, while setting out ornamental shade trees, and planning for the future.

The ball has started to rolling and it is planned that on the 22nd day of February, Geo. Washington birthday, they will commence. The writer had a special invitation to be there, and so I went, for it has never been my pleasure to meet a more hospitable people. I made the suggestion to them and I am now making the same suggestions to other schools, try it and see if you don't feel proud of it, and yourselves to.

Arbor Day, get the habit, 22nd of February.

GEO. P. McLELLAND.

John Norman, of Dallas, is here visiting his sister, Mrs. J. B. Wade.

### EVERYBODY

old and young enjoy a Good Cigar one that lights rapidly, draws easily and burns evenly. These are the pleasures you find the celebrated Girard 10c cigar. It has the proper shape, just the right amount of Pure Havana in its make-up to impart that pleasant sensation we like so much in an After Dinner Smoke.

Try One of Them and you will be another customer for the Girard cigars.
