COMANCHE GETS NEXT LOG ROLLERS MEET.

The delegates to the mid-winter Log Rollers Association which held a two days session at Coleman this week, returned home Saturday at noon. They report a very successful meeting at Coleman, and the entertainment committee at that place treated them royally. Comanche was added to the list of courtesies in the association and the Association accepted an invitation from Comanche to hold their next meeting at that place.

PETITION COUNTY FOR RIVER BRIDGES

Petitions are being circulated and numerously signed, asking the commissioners' court to build three bridges across the Colorado river. One of the petitions are praying for a bridge across the Colorado river in the R. K. Wylie ranch neighborhood, and another asks the court to build a bridge over the Colorado river in the Lon Mapes neighborhood south of Ballinger and the third is for a bridge to span the river either at the foot of Eighth or Seventh street in Ballinger.

Its a good move, and all the bridges are badly needed. At present the river can not be crossed during high water for a distance of many miles either below or above Ballinger, and there are many days during the year when it is dangerous to cross the river and is impossible to cross it with a loaded wagon.

But, if we are correctly informed, and we believe that we are, it requires something to build bridges besides petitions. It takes money. This the county road and bridge fund is short on. There is no way to get this except by a bond issue, and if those who are signing the petition are consistent in what they have done they will back it up by another petition asking for a bond issue election and help the commissioners to get the money. We believe that the court will be glad to comply with the wishes of the people if they can get the money.

This is a question that is expensive to delay on. The longer it is put off the more it will cost the citizens of this county. Any man who can think for himself can soon figure out that he is losing money by paying fifteen cent road tax every year for which he is not receiving any benefit. Let's figure how many dollars worth of bonds fifteen cents will buy and then get busy and float the bonds.

TAKES FANCY SHOT; IS CUT ON NECK

As a result of trouble that had been brewing for the past year or more, Richard Green, a negro janitor working at one of the local banks, fired a pistol shot Saturday morning at Alec Adams, a negro working at the compress here and narrowly missing him and a by-stander. In return Adams known better as "Raz," made a run at Green with an open knife and slightly cut him about the neck. A complaint of assault and attempt to murder was filed immediately after the affray, against Green.

According to witnesses of the tragedy, "Raz" was working at the compress, trucking cotton at the time. Green made his appearance in the cotton yard and came towards "Raz" with a pistol in his hand. The negro working at the compress was unaware of his approach of Green. Green had been drinking heavily during the morning but was able to get within a distance of probably sixty feet of "Raz." At that distance he raised his pistol and took a fancy shot at the working negro, the ball of the pistol making a line between "Raz" and A. H. Wigle, Santa Fe agent, who was attending to business matters on the compress platform. The two were standing close to each other and the ball came within a very short distance from the heads of both. Only one shot was fired.

The pistol used was a .38 calibre and belonged to W. R. Bogle, assistant cashier of the First National Bank, where Green worked. Mr. Bogle stated today that he had placed the pistol in a dresser drawer in his room some several weeks ago and had not known of its absence from the place. Green in some manner had secured the fire arms from Mr. Bogle's rooms and had proceeded to hunt "Raz" down.

The trouble between the two negroes had been brewing for some time but only lately had conditions reached such conditions that something had to be done by one of the negroes, according to their way of thinking. At a boarding house in this city several nights ago, one of participants in Saturday affray waved a large carving knife in the face of the other. The other negro resented the actions of the one with the butcher knife, but backed off and proceeded to the downtown section of the city where Sheriff J. P. Flynt was seen and later taken to the boarding house to settle the trouble. It was supposed at the time by the officers that the trouble would not result in anything of a serious nature.

When Green made his appearance on the compress grounds Saturday morning, it was supposed by many who saw him that he had called simply to talk with several of the negro workmen in the yards. It was noticed, however, that he had been drinking heavily.

As soon as the first and only shot was fired, workmen ran towards Green hindered him from firing again. "Raz" jerked a long knife from his pocket and proceeded in the direction of Green with the bright blade shining. He struck Green with the knife and cut him in the rear of the neck. Officers and physicians were immediately called to the scene and the wounded negro was carried to a downtown drug store where his wound was dressed. Later he was carried to the county jail. A complaint was filed against him. The charge is assault and intent to

ENCOURAGE PLANTING HIGH GRADE SEED

In an effort to encourage the planting of the very best seed possible to obtain, a number of business firms in Ballinger have put up the money and placed an order for cotton seed. A car load of high grade Mebane seed, genuine and improved Triumph has been received and the farmers can get same at actual cost. In fact they can buy them cheaper this way than they can by ordering them in small quantities. The seed can be bought from the following firms at \$1.50 per bushel:

Van Pelt, Kirk & Mack; Hall Hardware Co.; Miller Mercantile Co.; Higginbotham-Currie-Williams Co.; First National Bank; Farmers & Merchants Bank; C. A. Doose & Co.; R. W. Bruce.

If you intend to get the best seed for your crop this year you should see some of these parties at once and place your order. If this variety of seed does not suit you, of course you can order good seed from reliable people and get the full benefit of your year's labor. Experienced farmers know that it does not pay to plant short crop seed. Seed that are produced on slight rain fall will not pan out as good yield as crop from good seed. There is just as much importance in planting good seed as there is in breeding from good stock. By all means plant nothing but the best.

RECEIVES CAR LOAD FINE MULES.

W. E. Middleton and R. W. Bruce bought a car load of fine mules at Brownwood and shipped them to Ballinger. They have been placed on an oat field in Mr. Bruce's farm, where they will be kept until spring when they will be retailed out to the parties wanting good teams.

MEXICAN DROWNED IN FOOT OF WATER

The news came to Ballinger several days ago, but we failed to make mention of it, of the drowning of an old Mexican on the Daily ranch in the Northwest part of the county, near the Coke county line last Sunday. We failed to learn the Mexican's name further than his given name which was Juan. The old Mexican was living with some of his people on the Daily ranch. He went to a branch nearby after a bucket of water and failing to return in a reasonable length of time some of the other Mexicans went to see what had become of him and they found him dead in the water.

The place where the old man met his death was a shallow hole, in the branch and it is supposed that he fell in and was too feeble to get out, or perhaps he died with heart trouble while in the act of getting the bucket of water from the branch.

The remains were carried to Bronte where they were buried at the expense of Runnels county, neither the dead man or his people having any money to pay the expenses of the funeral and he was a resident of Runnels county when he died.

In boosting for good roads the Brenham Banner says, "Most any kind of a road is preferable to one that has no bottom and is unsafe even for a buzzard to fly over without losing his shadow."

It is strange how hard some people are to please. We have heard at least a dozen men say that none of the candidates in the race for governor suits them. There are only fifteen candidates.

It is funny how a fellow will forget things some times. We heard a man say today that he thought Harry K. Thaw was dead. We changed the subject without asking the gentleman what paper he had been reading.

Since Roosevelt went to Spanish America the currency bill has been adopted, the country has received a good season, and things are looking up in general. But according to press reports things are not running so smoothly down where the big game grow.

tax." Of course that advice is not given to the ladies. We might say to them "Be a lady and see that your husband pays his poll tax. Stay out of his pockets at least for one night and give him a chance to save enough loose change for that purpose.

The San Saba Star says: "Resolve not to be grouchy during 1914," which we take to mean that it is time to make your resolutions over. A man that has traveled to this date in 1914 without making resolutions is lost, and there is no use to waste time giving him advice.

January 25th is being boosted as church going day all over Texas. Tomorrow is church going day, but if you only go to church once a year it would probably be more interesting to you to wait and go on the 25th as that is when the largest crowd will attend. An effort is being made to get the largest number of people to attend church on the 25th than ever attended on any one day in the history of Texas.

The poll tax paying season will soon close, and then some fellow is going to say, "I forgot to pay my poll tax." It is strange how easy it is to forget so important a matter. Are you going to be able to look a candidate square in the face and say "I can't vote?" We are not concerned in the matter, further than the fact we have some friends who we know will not make good road hards. We are more interested in good roads and if we thought you would make a good road hand we would never mention poll tax again to any body.

PAINT ROCK NEWS.

(From Paint Rock Herald.)
Claud Currie while working with cattle Tuesday was kicked in the face and pretty badly cut and bruised.

Dail Currie paid Ballinger a business visit Monday returning home Tuesday.

Tom Bengé has a hundred head of his fine cattle on the high oats in the oat field of the Wordlow farm on the Concho river. Mr. King is also pasturing probably more than two hundred head of stock on ats on his farm on the Concho. Oats are fine, stock or getting fat, and the oat patch is bringing its owner a goodly sum of money.

W. Y. Bengé, Mrs. Smythia Tom erlin, and Grandma Bengé went to Ballinger Saturday when Grandma Bengé had her hand treated of a sore that has been bothering for some three of four weeks. Mrs. Bengé and her daughter, Mrs. H. J. Crozier went to San Angelo Monday for the doctors there to see it.

We are glad to note that our young friend, Dick Trail has been elected assistant cashier of the Guaranty State Bank of Paint Rock. Dick is the son of Mr. and Mrs. E. A. Trail of Ballinger. He has been with the Paint Rock bank for some time.

Gerard Huston is in the race for county and district clerk of Concho county. Mr. Huston has not been in public life for several years, but he served Concho county as clerk for a long time, and the man who beats him will have to run fast.

A Doctor's First Question Is ?

Liept. G. W. Vaughn.

"How are Your Bowels? A Simple Remedy that Guarantees Good Bowel Action.

Trace the origin of the common you will find that constipation was the cause. It is not to be expected or ill of life and almost invariably that a mass of fermented food can remain in the system beyond its time without vitiating the blood and affecting the nerves and muscles. It congests the entire body.

The results are colds, fevers, piles, headaches, and nervousness, with its accompanying indigestion and sleeplessness. There is only one thing to do, and that is to remove the trouble; and when nature seems unable to do it, outside aid is necessary. You will find the best of all outside aid a remedy that many thousands are now using for this very purpose, called Dr. Caldwell's Syrup Pepsin. Many hundreds of letters are received by Dr. Caldwell telling of the good results obtained, and among the enthusiastic letters is one from Lieut. G. W. Vaughn, of 623 W. North St., Decatur, Ill. He is 72 and has had a bad liver and stomach since he came out of the army. He says he tried about everything, but never succeeded in getting permanent relief until he took Dr. Caldwell's Syrup Pepsin. He is never without a bottle in the house, and he is never without health.

It has untold advantages over pills, salts and the various coarse cathartics and purgatives, for which the dose but temporary good. Syrup Pepsin cures permanently. The effect of its action is to train the stomach and bowel muscles to do their work naturally again, and in a short time all forms of medicine can be dispensed with. It can be bought without inconvenience at any nearby drug store for fifty cents and one dollar a bottle, the latter size being regularly bought by those who already know its value. Results are always guaranteed or money will be refunded. Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

already know. You will agree with us to violate a part of the laws of business means partial failure, and to violate all the laws means complete failure. You are also aware that to observe part of the laws of business means partial success, and to observe all of the laws means complete success. Our aim is to help you observe a higher percent of the laws of success, and therefore, enable you to be nearer the maximum success. The late Prof. James of Harvard declares that the average man only uses ten per cent of his brain power. Suppose you are twice as capable as the average man? Even that would mean that you are only twenty per cent of your maximum possibilities. The purpose of our course is to produce a maximum of proficiency with a minimum effort. Did you ever stop to think that eighty-five percent of the men of this country are only earning \$15 a week or less? That ninety-two percent fail in business between the ages of 40 and 50? That ninety-five percent have no money at the age of 60? We have been very successful in getting men out of the eighty-five, the ninety-two and the ninety-five percent class. Why not let us help you? We have been marvelously successful in raising salaries, as is conclusively proven by the letters in our catalogue from former students. The business world wants thinkers and doers. There's a famine of high priced men today; there are a thousand of men worth a thousand dollars a year, but only a few worth ten thousand a year. Be the latter kind of a man; you can if you will. We know that a man is worth only about \$2.00 a day from the chin down, selling muscle, but as high as a hundred thousands dollars a year from the chin up, selling brains. Be a chin upper and sell the higher type of brains; you can't afford to be a chin downer; there's no room for such a man in the high salaried class. Take our thorough, practical courses of Bookkeeping, Shorthand business administration and finance and telegraphy, learn how to think, to remember, to imagine and act.

Are You One Of Those Who Habitually Catch Cold?

Investigation Shows That Certain Occupations and Professions Are Constantly Prolific Causes For Frequent Colds. What Can Be Done About It?

We read a lot of medical literature that only entertains, but does not instruct. In this strenuous period, when life is put to such a severe strain, we need light and facts how to prevent disease more than talk that entertains.

Do you know that the clerk and the shop girl, the merchant and the professional man, confined to sedentary work, are daily creating those conditions that conduce to colds?

Mental fatigue, worry, heavy strain, nervousness resulting from desk or store work are the easiest means for the development of colds. The average life of a clergyman is less than that of a farmer—cause, sedentary work.

Sedentary life, especially where it means the consumption of brain tissue, often leads to over-eating; there is no more common cause of colds than over-eating.

When the digestive organs are weighed down with an excess of food, the liver and kidneys and other important vital organs are overworked, vitality is lower and there is less resistance; slight exposure, which under ordinary conditions causes no harm, results in a bad cold.

To relieve a cold, a good expectorant or cough remedy such as PERUNA should be conveniently at hand to be taken at the very first attack of the cold. But what can be done to stop the frequency of colds to such people that are confined to sedentary work?

Start with a cold water towel bath, walk to your place of business, or devote an hour of each day to outdoor life, take a dose of PERUNA before each meal to tone up your system, eat moderately, retire early and sleep in a room full of fresh air.

Mr. L. A. Richardson, a substantial druggist from Marine, Illinois, commenting on the merits of proprietary medicines, writes as follows:

"I have been engaged in the retail drug business here for the past forty years. During this time I have seen many patent medicines come into use, flourish for one or two years and then gradually disappear. There are very few of these remedies that possess enough real merit to insure them long life. Peruna has always been a good seller with us, with a marked increase from year to year. The change in the formula some years ago, by the addition of the slightly laxative properties, has made it a reliable remedy for constipation and for colds. I take pleasure in urging my brother druggists to recommend it for these two ailments."

Those who wish to begin the cold water towel bath should have a copy of the *Life of Life*. Sent free by the Peruna Co., Columbus, Ohio.

murder. He will be held to await the action of the grand jury to convene next April. No complaint was filed against 'Raz,' it being understood by the county officers that the negro was acting in self-defense and made no approach up on Green until the latter had fired his pistol.

The negro in jail was arrested some time ago, charged with carrying a concealed weapon. He pleaded guilty to the charge and was paying out his fine at the time of Saturday's affray. The privilege of paying out the fine was revoked this morning. Green will spend the remainder of the equivalent fine in jail.

In a difficulty about a year ago between these two negroes, 'Raz' cut Green up considerably with a knife. He was released from jail a few months ago. The two had been on bad terms with each other for some time.

BALLINGER TO HAVE BOY SCOUT PATROL

At three o'clock this (Saturday) afternoon Rev. A. C. Smith will organize a Boy Scouts Patrol. He has held two meetings with the boys and instructed them as to the method of organizing and maintaining a patrol and the organization will be perfected this afternoon with fifteen or twenty members. The Scout law requires nine charter members before a certificate will be issued.

The name selected for the new organization is Wolf Patrol Boy Scouts of America. As soon as the boys can get together and get in working shape they expect to order their uniforms and Ballinger will have the pleasure of seeing them parade and the boys will have the pleasure of making some hikes across the country.

In joining the Boy Scouts each boy is required to take the following pledge: "Upon my honor I will do my best to do my duty to God and my country, and to obey the Scout law. To help other people at all times. To keep myself physically strong, mentally awake and morally straight."

Rev. Smith has had considerable experience in the Scout work. He organized one of the strongest and most successful Boy Scouts at Stamford, where he has been serving his church as pastor. He was master of the Patrol there when he left, and in selecting a master to succeed him one of the boys has written him as follows: "I thought I would write you and tell you that our patrol is getting along fine. How do you think Mr. Hodges, pastor of the Presbyterian church would do for a Scout master? All the boys voted for him. We would like for you to help us in getting him because we want to become a second class Scout by summer. I wish you would write to headquarters and tell all the good things about him that you will and help him to get a certificate."

Yours very truly,
BILLY BRYANT,
Asst. Patrol Leader.

Baltimore, Md. — "I am more than glad to tell what Lydia E. Pinkham's Vegetable Compound did for me. I suffered dreadful pains and was very irregular. I became alarmed and sent for Lydia E. Pinkham's Vegetable Compound. I took it regularly until I was without a cramp or pain and felt like another person, and it has now been six months since I took any medicine at all. I hope my little note will assist you in helping other women. I now feel perfectly well and in the best of health." — Mrs. AUGUST W. KONDNER, 1632 Hollins Street, Baltimore, Md.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
