## DISTRICT COURT

### TAME AFFAIR

Judge Goodwin closed his docket here Wednesday afternoon and left for his home at Brownwood, where he will rest and be with his family until next Monday when he will return here and put the grand jury to work and take up the criminal docket.

The two days of this week in which court was in session was devoted to the non-jury civil docket. The clerk, Miss Mary Phillips, informs us that the civil docket for the present term was fifty per cent lighter than it was six months ago, and the criminal docket is a joke. There are a few cases on the criminal docket, but most of them are being carried against parties who are not serving time on some other charge, and it is probable that there will not be a case tried. The case against Matt McKinney, charged with driving cattle from their accustomed range, has been continued by agreement, and the witnesses notified, and unless the grand jury stirs up something the present term of court will be a tame affair.

Of the civil cases disposed of this week, there were eleven divorce suits and eleven applications for naturalization papers. Some of the divorces were granted, and others were passed up for the present. Out of the eleven applicant for citizenship only three were granted. Some were dismissed on account of applicants moving from county, and others were continued on the docket. Judge M. W. Anthony, of St. Paul, Minn. was here to represent the United States government in the citizenship cases. Most of the other cases on the civil docket consisted of foreclosure suits.

### ORCHESTRA WILL FURNISH MUSIC.

To assist a new Victrola in furnishing music for the members of Public, the Ballinger Club, and their guests, a large orchestra has been secured from Abilene for the entertainment at the club rooms tonight. The young people will enjoy a little dance, music being furnished by the orchestra from Abilene. Other members of the club who might happen to be present will be entertained by music from the Victrola.

### Weather Forecast.

Tonight and Friday fair and warmer, probably frost Friday.

## PROFIT YIELDING

### BROOD MARES

Dee Oliver was in from his farm west of town Wednesday, and when a man approached him and proposed to trade him a horse for a mare, Mr. Oliver solemnly "wagged" his head and said nothing doing, and he remarked that work mares were more profitable than work horses and as an evidence of the truthfulness of his statement he said he would get four colts this year from the teams he made a crop with last year.

Hearing this remark the writer proceeded to use his pump a little, and we learned from Mr. Oliver that he owns a mare that has brought him during the last twelve years eleven colts and missed two seasons. The colts netted him a handsome profit each year to say nothing of the work she has done. He sold the colts all the way from \$50 to \$125. Mr. Oliver has six mares that will bring him five colts this spring, and he is not in the horse raising business. He is a farmer and raises a few colts to make up for the crop failures that strikes this country some time.

What Dee Oliver has done and is doing every farmer in Runnels County can do. And when they see the advantage to be gained in dollars and cents, and then refuse to grasp the opportunity they should not cuss the country because their bank account does not come up with the other fellows. W. H. Weeks has just compiled a splendid reference book for the tax payers of this county and their post office addresses arranged alphabetically in precincts. Also the changes during the past year. It is a very valuable reference book and should be in the hands of every business man in the county.

## PIONEER CITIZEN

### DIED WEDNESDAY

Billie Hoenic is no more. This pioneer citizen passed away at his home on Eleventh street at nine o'clock Wednesday night, surrounded by a few neighbors and friends and a brother, Ike Hoenic, who has been making his home with Billie for some time.

The death of this man ends the life of one of the early settlers of Runnels County. Mr. Hoenic came to this county in 1888, just a short time after Ballinger was placed on the map. He was born in Radvany, Hungary, 49 years ago, and came to America when he was only fifteen years old, and located in Texas in 1884. Mr. Hoenic's first work in Texas was on a cow ranch in Southwest Texas, and he made his way from a cheap ranch hand to where he was independently rich, owning several thousand acres of land in West Texas at the time of his death.

When Mr. Hoenic came to Runnels County he accepted a position with Thomson Brothers on what was known as the Mud creek ranch, and he was manager of that ranch until it was sold, and when Thomson Brothers went West and purchased another ranch he remained with them up until 1899 when he engaged in business for himself and was a successful stock man.

Death of this pioneer citizen was due to paralysis, caused by being thrown from a horse. After the accident that crippled Mr. Hoenic he never regained his health. After being injured Mr. Hoenic disposed of his cattle and leased his ranch, and in 1911 he moved back to Ballinger, a place he has always called home. He purchased a home here, and seemed to be getting along very well, until more than a year ago when he lost his wife very suddenly, and the shock caused another break in his health, and he gradually grew worse until death relieved him. The remains of his wife were carried to Pueblo, Colorado, her former home, and where relatives live and laid to rest. The remains of Mr. Hoenic have been prepared for burial by J. A. Oster-tag and will also be shipped to Pueblo on Friday afternoon's Santa Fe train where they will be interred by the side of his wife.

Deceased was well known among the old timers of this county, of Tom Green County, Schleicher county and throughout this section of the state. He was a big hearted broad minded Hungarian, and by his friendship connection many will be grieved to learn of his death. He is survived by two brothers; the one who is here and another who lives in Tennessee. He also has a sister at Pueblo, Col., and other relatives. Ike, the brother, who has been here nursing the sick man, will accompany the remains.

### MAJORITY VOTE LAW

In view of the fact that Gov. Colquitt has volunteered to call the legislature together for the purpose of amending the Terrell election law so as to require a majority of all votes polled to nominate a candidate for any office, a reporter for this paper called on Representative Griggs to-day with the question: "Judge Griggs, are you in favor of amending the Terrell Election Law so that it will require a majority vote to elect?" "I am certainly in favor of the proposed amendment." "Well, are you in favor of a special session of the legislature for that purpose?" "I am not in favor of a special session of the legislature

### SOLDIERS IN TEXAS

The action of the war department Wednesday in dispatching to Eagle Pass and Laredo two additional regiments of American infantry, places 18,000 soldiers in Texas, 3000 more than General Shafter led into Cuba during the Spanish-American war. The two regiments coming to Texas under the orders issued Wednesday are from Kentucky and Georgia, the Ninth Infantry coming from Kentucky and the Seventeenth from Georgia, and the new troops will be used to strengthen the border patrol.

It is not known what prompted this action on the part of the war department, but it is the opinion of many that it is the result of the

No use to rub or apply a plaster to the back if the kidneys are weak. You cannot reach the cause. Ballinger residents would do well to profit by the following example.

George Onslow, Coleman, Texas, says: "One of my family was troubled by kidney complaint for several years, although never so bad as to be laid up. When Doan's Kidney Pills were advertised, I took home a box and they were used. A second box was used, and there is no doubt that they did a world of good. The person who used them now has no trouble from the kidney secretions and her back is much stronger."

## The Woman Will Be Here Saturday.

Any Woman is an entertainer, to a certain extent, but The Woman has caused more talk than any other woman of the American continent. The Woman has made a success both on the stage and in books and newspapers. For that reason The Ledger has secured the rights to run The Woman in its columns for the next several weeks.

"The Woman" is a serial story. It was originally a play but so successful was it on the American and European stage that Bert Payson Terhune secured the rights to novelize it. Terhune, as nearly everyone knows, is one of those delightful, enterprising, educative writers who has made a great success at anything he has gone at. "The Woman" has been put in serial form by this popular writer.

At no small expense The Ledger has secured the rights to publish the story in Central West Texas. It is a rip-shorter and that's why The Ledger got it for its readers. "Broadway Jones" which was recently completed in The Ledger was such a hit with The Ledger's readers that the management decided to run another story for the benefit of its readers.

"The Woman" is chucked full of good literature. It tells of a plucky little telephone operator who has more sense than a gang of politicians who are noted the world over for their mighty scheming brains. Despite all their scheming gray matter, Wanda Kelly, for that is the name of the operator, keeps a secret which would mean unlimited success to the politicians. It's a remarkable story of love and politics and one that every reader of The Ledger will appreciate.

The first bow of "The Woman" will be made in Ballinger Saturday, March 14th. Those who read the story dish out the tip: "If you are not a subscriber to The Ledger, better hand in forty cents now and get every copy of the famous story."

# 5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

- HODGDON, ME.**—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWERS, Hodgdon, Me.
- CHARLOTTE, N. C.**—"I was in bad health for two years, with pains in both sides and was very nervous. I had a growth which the doctor said was a tumor, and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and I gladly say that I am now enjoying fine health."—Mrs. ROSA SIMS, 16 Winona St., Charlotte, N. C.
- HANOVER, PA.**—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILT, 196 Stock St., Hanover, Pa.
- DECATUR, ILL.**—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2300 Blk. East William Street, Decatur, Ill.
- CLEVELAND, OHIO.**—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. News comes from Waco to the effect that Willard Wooden, a Ballinger boy, who is attending Howard, Payne College at Brownwood, pitched a great game against Baylor University Tuesday afternoon. The score stood 2 to 1 in favor of the Waco college, but Wooden showed form that he had not displayed within the past two years. According to reports Wooden was the same pitcher he was two years ago when he set the Brownwood college afire with his fine pitching and batting records. Thirteen men were struck out by the Ballinger man. Henry was his opponent in the box. Wooden allowed three hits while Henry was touched for a half dozen. Today Howard Payne is in Austin playing the University. The Ballinger youngster is scheduled to leave for the Brownwood school.

confusion and agitation brought about by the recovery of Vergara's body from Mexico, and the rumors that has reached Washington about the disturbed state of affairs along the Texas border.

This may sound like a large army for Texas, but when one stops and consider that Uncle Sam

has 8000 miles of border between Texas and Mexico, one will see that it would require a larger army to protect Uncle Sam's interest in case of war. When the two new regiments coming reach Eagle Pass and Laredo General Bliss will designate their exact location. There are 832 men in each one of the regiments that are en route to Texas. This will place under General Bliss' command about 4,200 cavalry and 2,400 infantry.

General Bliss secured photo-

graphs of the body of Vergara and forwarded them to Washington by mail.

for that purpose alone, but I am in favor of a special session for the purpose of amending the election law and passing bills taking care of the University and A. & M. Colleges, and a number of other measures that Go. Colquitt recently mentioned in a statement he gave out."

In speaking of the conditions of the educational and eleemosinary institutions Judge Griggs says he thinks they should be attended to before the state tax board fixes the tax rate, and that the appropriations should be made and deficiencies not allowed to accumulate at the whims of the governor.

Representative Kennedy of Kerrville, has sent a message to each member of the legislature and asked his views on the proposed amendments, and 82 representatives and 20 senators have expressed themselves as favoring the amendment, and it is very probably that the special session of the law makers will be held, as considerable pressure is being brought to bear upon the governor to get him to carry out his threat made at the Dallas convention last Saturday.
