TROOPS MAKE NO DISTINCTION

(United Press.)
TRINIDAD, Colo., April 30.—“Federal troops will be absolutely neutral,” stated Major Holbrook here when he arrived today. “We will make no distinction between strikers and mine guards.”
Known dead in southern Colorado coal fields since the strike began 72, according to conservative estimate. Others run as high as 175.
At Ludlow 25 were killed, of whom 14 were little children and two were women.

At Chandler, Empire, McNally and other places 22 more have been killed. These are known deaths; secret assassinations may increase this total.

April 20.—Following the withdrawal of most of the militia a battle occurred at Ludlow, a strikers colony. Two women and 14 children were killed here when the tents burned.

April 21.—Bodies of Ludlow slain lay 36 hours unburied.

April 22.—Acting Governor Fitzgerald asks for troops.

April 24.—Troops under Chase leave for front. Strikers attack Empire mine after giving women and children safe conduct.

April 24.—Many state troops mutiny and refuse to go to the strike district.

April 24.—Empire mine relieved with three strikers dead and four defenders wounded. Gov. Ammons returns to Colorado and takes charge.

April 25.—Governor yields to demands of 1000 voting women of state and calls for Federal troops. Calls special session of state legislature to convene on May 4th. Strikers attack Chandler mine in Fremont county, near Canon City, formerly a peaceful district.

April 26.—Sunday afternoon at mass meeting on state house lawn

VILLA MAY ATTACK PORT OF TAMPICO

(United Press.)
EL PASO, April 30.—The sudden departure of General Villa for the south with subsequent order that troop trains be concentrated at Torreon for southward trip gives rise to a report that Villa has determined upon an attack upon Saltillo and Tampico. It is stated that he desires Tampico in order to gain an open port for cotton shipments to Europe.

NO ARMISTICE FOR GEN. VILLA

(United Press.)
EL PASO, April 30.—Francisco Villa is not to worry about armistice. His plan of action is to be upheld. Carranza will not enter into any armistice involving his troops and those of Huerta. This information was given the United Press correspondent here from a high authority in the constitutional headquarters.

“Villa will proceed against Saltillo at once,” said the authority. “He will not be so foolish as to permit Huerta to concentrate 15,000 federals at Saltillo during the temporary truce.”

WHITE CITY OPENS TOMORROW NIGHT

Manager Reeder, of the local playhouses, has everything in readiness for the opening of the White City, his open air playhouse, and the public will be entertained with a splendid program on this occasion, the wealth-

FIVE BODIES ARE RECOVERED TODAY

ECCLES, W. Va., April 30.—Shaft No. 5 mine was penetrated this morning and five dead bodies piled in a heap were found at the bottom of the shaft, death being caused by suffocation.

Thousands visited the scene of the disaster. The eight bodies of the men who met death in mine No. 6 were prepared for burial. All of the 67 men injured in mine No. 6 are expected to recover.

Governor Hatfield returned to Charleston last night, leaving Chief State Mine Inspector in Charge of the rescue work.

Hope that some of the 178 miners imprisoned in mine No. 5 of the Ne River Collieries company wrecked with mine No. 6, in an explosion, might still be alive, stirred the throng on the mountain sides shortly before noon. A rescue party driven out of No. 6 reported they had heard sounds as of digging beyond the barriers of debris in the connecting entry.

In the party fresh rescuers were hurried to attack the fallen mass of rock with renewed vigor.

The crew from rescue car No. 7 of the bureau of mines has been steadily at work since its arrival, and many experienced miners from the surrounding country have been organized by the government engineers so that the work of clearing a way to the buried men may proceed with the least possible interruption.

Mme. Nordica Ill.

(United Press.)
BATAVIA, Java, April 30.—Physicians here have given up all hope of the recovery of Mrs. Lillian Nordica, who is seriously ill.

Mrs. W. L. McMillan returned home Thursday at noon from Winters where she had been visiting her brother Mr. Bradshaw and family.

MAN ARRESTED AT TEMPLE WANTED HERE

Ike Danley of Little River, was arrested by Officer Huckabee yesterday afternoon charged with forgery. He was taken to Belton last night by Constable Lewellen.

It is alleged that Danley forged a check for \$9 on Jo Alsop of Little River and cashed it in this city. Danley was about to board a train for Austin when apprehended.—Temple Telegram.

It will be remembered that the Ledger told the story of J. R. Arterburn being robbed of his pocket book in Ballinger last Sunday. At least Arterburn left his pocket book containing \$35 under his pillow in a local rooming house.

The man Danley arrested at Temple for forgery, was suspected of getting the money, as he spent most of the day Sunday in the room where the money was left, and was the only man in the room but he left Ballinger on the forty-third train Sunday afternoon and the money was not missed until about six o'clock. Danley borrowed a dollar from a man a few days before the money stealing transaction took place, and it was known that he was broke. He returned the borrowed money before leaving Ballinger, and seemed to be pretty well fixed, and told certain parties that he had received fifty dollars from a man in San Angelo. It has developed that this was not true, as a phone message from the San Angelo party denies the statement of Danley.

Danley has served a term in the pen, having been sent up from Runnels county a number of years ago. It is thought here that the officers will be able to recover a part of the money stolen here, and it is probable that when he answers to the charge filed against him at Temple he will be returned to Ballinger and answer to the charge against him here.

MAKING BALLINGER BEAUTY AND CLEAN

The fight on filth is on in Ballinger and the sanitary committee will insist that the Ballinger people line up with them and help to keep Ballinger the cleanest town in Texas. John Weeks, a member of the sanitary committee, speaking for the committee says that they will do their part towards making Ballinger stay clean. If you will clean up your premises, and pile the trash, cans, etc., where the wagon can get to them the city will do the hauling free. Phone City Secretary Lusk and tell him you are ready for the wagon and they will do the rest.

Now is the time to fight the fly. A flyless town means a healthy and happy citizenship during the summer. The best way to swat the fly is to swat his breeding place.

While the sanitary committee is on the job, the work of making Ballinger a beauty spot is progressing nicely. The court house park is being put in splendid shape and promise to be more beautiful this year than ever before. The Santa Fe park is in good shape, and attracts the attention of travelers. By a united effort we can make Ballinger known far and wide by its splendid sanitary condition and civic beauty. Will you do your part?

W. M. Toliver Jr., who has been lousis, left from this point Wednesday afternoon for Woodmen, Colo. in the early stages of tuberculosis where he will enter the Modern Woodmen sanitarium for the benefit of his health. The Modern Woodmen Lodge of Ballinger bears the expense out of a fund contributed for that special purpose. The order is doing a noble work in this instance and many others.

J. R. PICKETT DIES BY HIS OWN HAND

LAMPASAS, Tex., April 29.—J. R. Pickett of Kempner killed himself at the Wachendorfer hotel here Wednesday morning at 7:30. An automatic pistol was used. He fired one shot through the floor and then shot himself through the head. Mr. Pickett was about 35 years of age and is survived by his wife and a son seven years of age. The body will be buried at his home near Kempner.

Pickett was on trial in the district court here charged with the killing of Ed Smith at Kempner some months since. His case was called Monday and has been before the court for the past two days.

The dead man was a son of Jno. L. Pickett who was drowned near the family home in Kempner on the 2nd day of December, during the severe floods at that time. He was a brother of Engineer Pickett and Conductor T. B. Pickett, and Mrs. J. R. Oliver, all residents of Temple, and all of whom were attending the trial. His sister, Mrs. Oliver, was in conversation with him only a few moments before the tragedy and was probably the last person he talked to.

It is presumed that the ordeal of the trial had preyed upon Mr. Pickett's mind to such an extent that he had become temporarily in sane, though officers of the court and others familiar with the circumstances in connection with the trial state there was absolutely no danger of a conviction, as the state had practically no case at all.

Mrs. Wm. Havenhill, of the Winters country, left for her home Thursday afternoon. She had been here at the bedside of her son Sewell, who was operated upon at the sanitarium first of the week and we are glad to report her son doing very nicely.

AGREEMENT ON COLORADO STRIKE

(United Press.)
TRINIDAD, COLO., April 30.—Following a conference here today between Major Holbrook and the strike leaders, it was announced that satisfactory relations have been established and acts of violence will at once stop. Representatives of strikers expressed themselves as being satisfied. There are great hopes here that peace will follow today's arrival of troops.

Banker A. C. Homann, of Rowena, was among the business visitors in Ballinger Wednesday afternoon.

RICHEST YOUNG MAN MARRIES

(United Press.)
STATSBURG, N. Y., April 30.—Vincent Astor, son of the late John Jacob Astor and the wealthiest young man in this country, and Miss Helen Dinsmore Huntington were married today at Hopland. The ceremony was performed at 12:40 o'clock this afternoon.

FUNSTON TAKES CHARGE AT VERA CRUZ

(United Press.)
VERA CRUZ, April 30.—General Funston has decided to occupy the quarters recently used by General Maas, who fled before the advance of the American Marines. Troops have been landing since seven o'clock this morning, and the formal turning over of the city to Funston will take place at two o'clock this afternoon. The city presented an animated scene as naval forces withdrew and infantry took their places about the city.

S. D. Williams of Hatchel, was among the visitors in Ballinger Thursday between trains.

RESIGNATION NOT IN HUERTA'S MIND

(By W. G. Shepard, Staff Correspondent the United Press.)

VERA CRUZ, April 30.—Mexico's agreement to mediate was not made without reservations. Mexico is to mediate up to a certain point. Dictator Huerta has not made up his mind how far he cares to go and resigning is apparently not in his mind.

The situation was clearly indicated to me in a telegram I received from Senor Portillo Rojas, Mexican Foreign Secretary, in which he states “Mexico accepts the principle of mediation only. When the details are known, I will be in a better position to discuss our attitude. Hope mediation will bring solution acceptable to the dignity of both governments.”

Just what satisfying the dignity of the Mexican government carries with it is obvious, since Huerta is the Mexican government.

It is rumored here today that in seizing Vera Cruz, the United States may be made responsible for the interest on Mexican bonds which are due in August, as by contract with European holders, sixty per cent of the custom receipts of the port of Vera Cruz were to be laid aside for the purpose of paying the interests. During the blockade no customs have been collected.

Manzanillo Not Bombarded.

(United Press.)
WASHINGTON, April 30.—The Navy department today denied the story that the United States warships had bombarded Manzanillo.

SECOND HAND BUSINESS CHANGES HANDS

Drinkard & Carter, who have been running a bicycle and repair shop on Hutchins Ave. south of the Walker Smith Co., have purchased the Knight second hand stock of goods which have been located in the Cady building opposite the court house square. Drinkard & Carter have rented the building formerly occupied by the Davis Mercantile Co., under the opera house and are moving the goods to that place, and will consolidate the two stocks.

NORTON NOTES.

A nice little shower fell Monday morning which was some benefit to the young feed crop, but not enough for the grain.

Mrs. Hattie Williams visited relatives Sunday and Monday.

Mr. J. D. Good returned home Saturday from Rossville, Ga., after a two weeks visit with his father.

Mesdames Ganaway, Mitchell and Taylor attended the school of instruction of the Eastern Star at Ballinger last week.

Norton school closed Friday and Saturday they all enjoyed a picnic on Oak creek.

Miss Myrtle Willis spent Saturday and Sunday with home folks.

Misses Pearl and Mary Kelly who have been teaching in the Norton school left for their home in South Texas Monday.

Mrs. Brown of Sterling City who was here to give instruction in the Eastern Star lodge left for her home Wednesday.

SPRING HILL NEWS.

Health in our community is good at this writing. Mrs. Parr is able to be up a little after being laid up some time with a badly scalded foot.

Crop conditions are very favorable. We had a light rain Monday forenoon that was some help but we need a good soaking rain. Cotton is coming up, Maize is up and most instances a good stand. Small grain needs a good wetting and that would about mature the crop.

Mrs. Henkhaus is visiting relatives in South Texas.

Aug Vogelsang has returned from San Antonio. He was visiting his sister and while there attended the Battle of Flowers, which he describes as a most beautiful and wonderful sight.

Miss Stella Hix closed this term of school at Spring Hill last Friday with a picnic in Mr. Aycock's pasture. There was no prescribed program but nearly all our community people were present for this joyous occasion to help the young people celebrate his freedom. Unpleasant trifles were forgotten and everybody came to have a big time, the little folks boat riding and the older people discussing the scrap down in Mexico.

Mr. Schuchard, Mr. Clappitt, Mr. Day, Mr. Wilmeth, Prof. Hagan and others from Ballinger were present. Mr. Schuchard said he couldn't go down to settle the difficulties in Mexico as he was a candidate for a county office and if he left he would sure get left. At the noon hour great big baskets and boxes were brought forth and snowy white linen was spread under the wide spreading branches of a big Elm and such a feast was spread for those that had gathered there.

In the afternoon there was a ball game and at night Mr. and Mrs. Wheelis gave Miss Stella, our much esteemed teacher, a farewell reception.

FAMOUS OLD PRISON CLEARED BY FLETCHER

VERA CRUZ, April 30.—The fortress on San Juan de Uloa, known for centuries as perhaps the foulest prison on the American Continent, has been ordered by Rear Admiral Fletcher to be completely vacated immediately. When the American sailors and marines occupied Vera Cruz there was in this prison, which is constructed in the form of a little island in the harbor, some 400 prisoners, most of them confined for political offenses. Three hundred of these men already have been released or transferred to other prisoners, but there remain 116 and now these men are to be released or sent elsewhere.

WILL TAKE SCHOOL CENSUS AT ONCE.

At a meeting of the school board held Tuesday, E. D. Futch was appointed to make the rounds and count the school children, recording their names, age, etc., and he will begin upon his duties Friday, May 1st. It is very important that every child in the district be included in the census, and the parents and guardians should assist the enumerator all they can. If he ever looks your child be sure to report the matter to Mr. Futch. It will be remembered that the last legislature amended the age limit, changing the scholastic age to 21 years, but no provisions were made for taking care of these with the free school money.

READY TO FIGHT FOR THEIR COUNTRY

"I heard that the United States had called for volunteers, do you know anything about it?" said a young man, as he walked into The Ledger office Tuesday. The young man stated that he was anxious to go and that he knew of several in his neighborhood that would offer their service to Uncle Sam

just as soon as the opportunity was offered. The horrors of war does not seem to be a consideration for the average young American, and we believe that Colquitt was not far wrong when he said that Texas alone could muster enough soldiers to handle the Mexican situation.

STYLE DE LUXE AT BALL PARK

Ladies, your attention! Nine gallant young gentlemen of Ballinger have agreed to act as living models for your own dear benefit. The latest gowns, head gear and fads will be on display for your comment, Monday afternoon. The wearing apparatus might not show up remarkably well upon male forms but the gentlemen are going to do their level best to entertain you and ease your feelings in regard to the styles of the present time.

The fashion show will be held at Wooden park and will begin promptly at 4:30 o'clock. A small admission price will be charged for charity's sweet sake. It is true that it is not customary for men to parade in the newest Parisian gowns with all their frills and novelties and it is also true that it is not customary for such exercise to be held in a baseball park; But this is such an unusual occasion. In fact, it has no precedent. The Mexican war is demanding so much attention these balmy days that something original must be gotten up or the country around the old home town will go to the dogs or to Mexico which in the end amount to the same thing.

Wooden's park will rival Gay Paree on Monday afternoon. Noel Penn will be dressed in an imported gown of the clinging effect with ankle watch as one of the frills. Around his neck will be worn a string of lemon drops.

WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Logansport, Ind.—"My baby was over a year old and I bloated till I was a burden to myself. I suffered from female trouble so I could not stand on my feet and I felt like millions of needles were pricking me all over. At last my doctor told me that all that would save me was an operation, but this I refused. I told my husband to get me a bottle of Lydia E. Pinkham's Vegetable Compound and I would try it before I would submit to any operation. He did so and I improved right along. I am now doing all my work and feeling fine."

"I hope other suffering women will try your Compound. I will recommend it to all I know." — Mrs. DANIEL D. E. DAVIS, 110 Franklin St., Logansport, Ind.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

"Our Mutual Girl" Shows the latest Spring Styles

WITH the pick of the New York shops at her command one of the best-dressed women in the world is Miss Norma Phillips, who plays "Our Mutual Girl" in the unique fifty-two-reel Mutual Movie Serial by the same name. Miss Phillips appears before the public every week in a fresh chapter of the series, an important part of which is that devoted to fashions. Hence "Our Mutual Girl" must every week display new up-to-the-minute gowns and inspect many more worn by the models in the Fifth Avenue shops she visits.

Here are shown some of the latest gowns worn by "Our Mutual Girl", the cream of her selections from the most select New York stores. They tell the latest mandates of Dame Fashion in Spring styles. Smartness is the keynote. From them may be gleaned an excellent idea of what is come il faut for women's wear, according to the dictates of those who set the styles.

Unusual in its draped skirt and with a wealth of detail in the little jacket this blue serge walking costume of "Our Mutual Girl" from Davids, shown in figure number one is enough to gladden the heart of any girl. The foundation of blue serge is relieved by an Oriental brocade

vest, fantastic in its rich colorings. Trimmings of black taffeta lend distinction. The shoes of black satin give the finishing touch to the costume.

When she would go to a garden party "Our Mutual Girl" dons the gown from Jeannette's of pink moire taffeta with bertha of lace, shown in figure number two. Cool and Summerish is the effect attained by the combinations of the gown, and the parasol of pale pink chiffon. The hat, by the way, is of Milan straw faced with pale pink chiffon, the same material as the parasol, and trimmed with roses of the same tint. The pink-and-white girlish effect is very sweet.

By its sweeping brim and bold lines the hat shown in figure number three

makes an effective frame for the sweet face of "Our Mutual Girl". This is an all black chip affair direct from the famous millinery shop of Joseph's. It is draped with moire ribbon and a large bow of the same material adorns the brim. Although severely plain the effect is not too old for Margaret.

A striking color scheme is afforded in the afternoon frock from Bernard's shown in figure number four. The frock itself is of French blue moire, with big Nellrose flowers and a girdle of the same shade. From beneath the tunic there hang three ruffles of water green taffeta. The hat is of burnt straw with Nellrose trimmings. This gives a combination of three colors. French blue, Nell rose and water green. The posterish effect attained by the big flowers will be seen much this season.

An unusual afternoon costume is this Bernard walking dress which "Our Mutual Girl" wears so effectively in figure number five. Violet predominates. The dress is of violet

aeolian cloth, with cuffs and color of cream French embroidery. The parasol is of violet silk and the hat is of brownish-purple, with violet streamers and flowers. Patent leather shoes with white kid tops give a distinctly smart touch. "Our Mutual Girl" here carries a Victoria of violet leather. The Victoria, let it be said en passant, is society's latest fad. It is cubical in shape, and performs the functions of a vanity box—and then more.

Fifth Avenue with its exclusiveness fairly radiates from the afternoon walking costume. Paquin model, worn by "Our Mutual Girl" in figure number six. Clothes like this must be worn by a person who knows now. Then they become creations. The coat and skirt of this creation are of white broadcloth trimmed with fox.

Smart accessories are the white kid shoes, the tasselled purse, and the ivory enamel walking stick. The hat has a crown of white lace and a white Milan brim. The wreath of flowers is the only touch of color in the entire toilette.

When "Our Mutual Girl" would stroll along Fifth Avenue she could wear nothing more smart than the street costume shown in figure number seven. Cut along very simple lines the wearer gets the benefit of the tailored effect of this Poiret model. The hat is a gray straw, walking shape, with a French blue band. A monocle and "swagger stick" complete this very English toilette. The laced cloth-top shoes complete the trim effect from head to foot. With the big riding-crop pin stuck aslant in the stock of the costume stamps the wearer as distinctly of the smart set.

A huge French blue sash and girdle give a striking effect to the dancing frock. Poiret model, shown in figure number eight.

The frock is of black moire taffeta with a waist of black embroidered chiffon and a big French blue sash and girdle. The hat is of brown straw with French blue ribbon trimming. "Our Mutual Girl" evidently likes ruffles for she is giving them their full due.

able crowd will be Adeg McGregor, Clint Penn, Roscoe Stocks, Wallace Francis, Smith, Thurman and Russel Mangum.

The occasion is a baseball game. The players will be dressed in the latest feminine fashions. The Ballinger High School will contend for honors of winning the game—not hand, mind you, from the impersonators.

Jack Sullivan, the electrician who had been with the West Texas Telephone Co., the past several weeks in improving the phone system in our city left Wednesday for New York en route to his home at Providence.

WHITE CITY OPENS TOMORROW NIGHT

(Continued from first page)

er permitting. The bill for tomorrow night will be the "Squaw Man." In case the weather is threatening the play will be put on at the Princess.

During the last month the White City has undergone many improvements that will make for the convenience of the show going people. The seats have been worked over and made as good as new, and the entire open air theater repainted. The stage also has been remodeled and everything put in better shape for using this place both for the movies and summer entertainment.

GREATEST DAM SITE IN THE WORLD

(Miles Messenger.)

Mr. S. A. Kiker of Bronte who is chief assistant to Engineer Weyer, is in Miles and reports the field work of preparing the profile on the great reservoir is complete and that Engineer Weyer has commenced the drafting of the map. The engineer expresses himself as greatly pleased with the perfection of what he believes to be one of the greatest natural reservoirs in the world and the survey has demonstrated that if it was possible to carry the dam up to any ways near the height of the Elephant Butte, the Roosevelt or the Medina dams the capacity of this reservoir would more than double perhaps the greatest of them, but with a dam 85 feet high as is contemplated, its capacity will be almost equal to theirs. It is expected now by Mr. Stanley that work will commence on the permanent location of the canals within the next ten days, and by the time Engineer Weyer has completed his office work on the profile, the data compiled for the canals will be ready for him to take in hand and it will be speedily turned into a map of the canals and lands to be irrigated. In the meantime Miles is putting the finishing touches on her subscription of the amount of stock to be taken in the project, Bronte having already completed her quota.

If you want to rent or buy a sewing machine I will rent you one or sell you one and I will sell you a machine from \$2.50 to \$65 and will give you from one week to three years time without interest and I will take your old machine or furniture of any kind on new machine. CHILDREN'S DISEASES VERY PREVALENT

Whooping cough is about everywhere. Measles and scarlet fever are almost as bad. At the onset the symptoms are very similar, feverishness and signs of a cold being in evidence. For the raw inflamed throat and mucous membrane, and for coughing, use Foley's Honey and Tar Compound. It is soothing and healing to inflamed surfaces and the bronchial tubes. Mrs. L. C. Hostler, Grand Island, Neb., says: "My three children had very severe attacks of whooping cough and suffered intensely, and a very few doses of Foley's Honey and Tar gave them great relief." For measles cough, and the inflamed throat of scarlet fever, for croup, bronchial and la grippe coughs, for tickling throat and hoarseness it always gives grateful relief. It contains no opiates and is a pure medicine. That is why it suits particular people. In 25c, 50c, and \$1.00 sizes. Do not accept a substitute. For sale by all dealers everywhere. 2-9-16 23-30

Judge M. C. Smith returned home Wednesday night from Waco where he had been on a short legal business trip.

The prudent mother is always on the watch for symptoms of worms in her children. Paleuess, lack of interest in play, and peevishness is the signal for WHITE'S CREAM VERMIFUGE. A few doses of this excellent remedy puts an end to the worms and the child soon acts naturally. Price 25c per bottle. Sold by the Walker Drug Co.

Mr. and Mrs. W. E. Broyles, of Lockney, Texas, passed through Ballinger Thursday en route to Bangs to visit relatives before leaving for their home.

FEDERAL COURT; WOMEN IN POLITICS

(San Angelo Standard.)

San Angelo during the coming week will be host to many prominent attorneys and other visitors from over the state, the April term of the United States Federal Court for the Northern District of Texas, San Angelo division, being called to order Monday morning at the federal building by Judge Edward R. Meeks of Dallas. The majority of the court officials will arrive Monday morning over the Orient. The clients and their attorneys, however, will likely be on hand at an earlier date.

According to Deputy Clerk of the Federal Court Jesse Couch, the docket, which includes three criminal cases, is of usual size, and is composed of many important cases. This court will likely be in session a week or longer. On the criminal docket there are two cases of bottlegging from Ballinger and one violation of the bankruptcy laws. These will in all likelihood be tried.

The announcement was made today that the women of San Angelo would enter the political arena and express their preference for school trustees to be elected at the coming election. As it was too late to launch a campaign for women candidates it is stated on good authority that they have selected four men for whom they will labor for election. These candidates are said to be Charles H. Powell, R. Wilbur Brown, Arthur L. Lair and H. D. Leffel. It is expected that the ladies will make an announcement on Thursday of their intentions.

The many friends in San Angelo of C. B. Metcalfe will be pleased to know that on Monday, April 27, he underwent a very successful operation at Brookline, Mass., a suburb of Boston. Mr. and Mrs. Metcalfe left ten days ago for Boston in the hope of getting relief from neuralgia from which Mr. Metcalfe had suffered for many months. The outcome was looked forward to with anxiety by his friends and those who had insisted upon his making the race for the legislature.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I had taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

FALSE FIRE ALARM WEDNESDAY NIGHT

The big whistle at the power house called the population of Ballinger from slumber land about eleven o'clock Wednesday night, and it was all on account of another one of those mysterious alarms that no one can count for. The alarm in the engine room at the power house was turned on and the engineer pulled the cord that caused people to crawl out of their beds and shoot the question into central, "Where's the fire?" There was no fire, and everything was just as quiet as a cemetery. No one can account for the alarm, if they could business would pick up in the place made for punishing the wicked, for it is against the law to turn in a false alarm.

How Much Service Can You Get From Your Typewriter?

The L. C. Smith & Bros., ball bearing, long wearing typewriter.

It's What a Machine Does, Not What It Costs, That Is Most Important. All Typewriters Do Not Have The Same Efficiency and The Same Operator Does Not Get the Same Results On Every Writing Machine

The L. C. Smith Typewriter

will produce ten to twenty percent more work than any other typewriter ever made.

How is this possible?

Here are a few reasons:

1. It is ball bearing throughout--others are not.
2. All operations are controlled from the keyboard.
3. It is the lightest touch machine made.
4. It does not "smut" the carbon.
5. The ribbon reverses automatically.
6. The type is so protected that it is not battered by collision.
7. One motion of the hand returns the carriage and operates the line space.
8. It has an inbuilt biller and tabulator.
9. No trouble to write on paper as small as a postage stamp
10. It is built for service.
