### REVIVAL MEETING CALLED OFF.

On account of commencement week covering a part of the time selected for the Grafton-Mallard revival, it was decided to call off or postpone the meeting and a phone message to that extent was delivered to the evangelist Saturday at noon. The evangelist had accepted the invitation to come and had sent advertising matter. It is very probable that a date for the meeting will be selected later.

### BURNING OF SALTILLO DENIED

(By United Press.)  
EL PASO, May 2.—The report that was circulated here last night to the effect that the federalists had evacuated Saltillo, the principal city of Coahuila, where the remnant of various federal forces rallied after their defeat at Torreon, Monterey and other lesser strongholds, and that the city had been destroyed by fire, was denied today by the Constitutionalist. They say there is no truth in the statement, and that the city is still in the hands of the federalists.

### MEDIATION PLANS ASSUMING SHAPE

(By United Press.)  
WASHINGTON, May 2.—Mediation plans are assuming definite shape today in Washington. Pressure has been brought to bear upon President Wilson to withdraw the ultimatum sent Dictator Huerta that he withdraw himself. Eventually Huerta, it is believed will go before the mediators and agree. At the same time it is pointed out that if President Wilson is allowed to remain in his present position, in a short time he will be forced to face Huerta, who might let out finally and allow mediation to end successfully.

Generals Cerranza and Villa, who are still refusing to stop fighting until Mexico City is entered by a victorious Mexican army, are providing the mediators with a big problem.

It is rumored that the trouble between former Charge de Affaires O'Shaughnessy and John Lind, special envoy to Mexico City, will be aired before congress.

### American Is Safe.

(By United Press.)  
WASHINGTON, May 2.—E. B. Emery of Boston, who was reported as being held for a ransom by federalists at Zacatecas, is safe in Mexico City. The dispatch from Consul Canada did not state whether the ransom was paid.

### GRAIN MAKING; RAIN PARTIAL

The rain Saturday morning was not as general as one might judge from the way the clouds gathered and the thunder roared. Some places in the county were skipped entirely, but such places received rain first of the week, and was not in need of rain.

Farmers say that the rain will bring the oats to the front in a hurry and all crops that have been planted will get a start that will carry them through a considerable drought.

Following is the complete report as compiled by the West Texas Telephone Co:

Abilene none, Ballinger 95-100 inch, Benoit, Blackwell Coleman, Conecho, Crews, Eden Hatchel, Leaday, Offen, Pony, Truitt, Wilmeth, Winters all report a good rain; Bronte, Ft. Chadbourne, Maverick, Millersview, Norton, Santa Anna light rain; Miles one inch; Paint Rock one inch; Rowena one inch; San Angelo 39-100 inch; Stacy, Wingate, Ovalo Bradshaw, Brady, Brownwood, all report no rain; Talpa two inches

(By United Press.)  
WASHINGTON, May 2.—Secretary of War Garrison has proclaimed an order for the surrender of all arms and ammunition in the Colorado strike district. The order applies to all individuals, firms and corporations alike. It is not thought that it will be necessary to use force to carry out the order, as there has been no disorder since the regular troops arrived on the scene of trouble.

### TELEGRAPH NEWS EACH DAY.

We are pleased to announce to our readers that all arrangements have been perfected whereby we will carry a regular telegraph news service. The business men of Ballinger have shown their appreciation in our efforts by giving us additional advertising contracts enough for one year to enable us to make a year's contract for this service.

We will receive each day by wire the latest important world's news. Of course we can not go into details of every happening and give you the full particulars, but we will carry a brief account of the important news, and that too on the day that such events take place.

We wish to say that the service we are taking is as reliable as any news gathering organization in the world. The news is gathered by the United Press, one of the most perfect news gathering organizations in the world, and they cover the entire world.

This service has been secured at no small cost, and we know of no other town as small as Ballinger in Texas that is supporting a daily paper carrying such a service. As stated above, the business men of Ballinger have made this possible, and we feel that the space they have purchased in this paper, if properly used, will be money well invested. As for our part, we will keep the paper up to the standard, continuing to make the local news a feature of the paper. This is only one of the promised improvements made some time ago. Others will follow as fast as the business justifies the expense.

### GANZ ARRESTED THIS MORNING

(By United Press.)  
NEW YORK, May 2.—Marie Ganz was arrested today charged with threatening the life of John D. Rockefeller Jr. It is stated that Ganz had repeatedly declared that he would shoot him down like a dog for refusing to arbitrate the Colorado strike. Ganz was going to his office when arrested.

Both Rockefeller Senior and Junior are closely guarded. Tarrytown estate is picketed with guards.

### JUMPED FROM SECOND STORY WINDOW WITH BABY.

(United Press.)  
DALLAS, May 2.—When trapped in his rooms by flames here today, Joe S. Kendall, a prominent citizen of this city, jumped from the second story window with his eight months old baby in his arm, Kendall was seriously injured, but the baby was not injured.

Walter Allen, the stockman, left Friday afternoon for Lometa, where he goes to ship out a bunch of cattle to the Fort Worth market. Mr. Allen and L. P. Wood bought this bunch of stock last week near the point where they ship out.

### FIRE RAGING IN COAL CAMP

(By United Press.)  
DENVER, Colo., May 2.—Fire is raging in Oak creek coal camp in Northern Colorado. Two men have been burned to death. It is believed that the fire is of incendiary origin as an outgrowth of the strike in Colorado. Sixteen strike leaders who departed from Oak creek several months ago resulted in a reign of terror.

### MEXICO DISSATISFIED WITH HUERTA

(By United Press.)  
VERA CRUZ, May 2.—The resignation of Foreign Minister Rojas is regarded here as further indication that the citizens of Mexico, and especially of Mexico City, are becoming dissatisfied with Huerta. It is also reported that the army officials are trying to force Huerta to resign.

The Mexican farmers in this section have asked General Funston to extend the line of his pickets to take in their farms, because the Mexican snipers refuse to allow them to enter Vera Cruz with their produce. O'Shaughnessy is said to be en route to Galveston and it is expected that he will reach Washington early next week.

### DR. RYAN IS RELEASED.

MEXICO CITY, May 1.—Dr. Edward Ryan, of the American Red Cross, who was captured at Zacatecas by command of General Joaquin Maas and sentenced to death as a spy, was saved by an order signed by Minister of War Blanquet at 11 o'clock last night.

Dr. Ryan will be brought to this City and turned over to the Brazilian legation.

The release was ordered after urgent personal representations to President Huerta by Wm. W. Canada, the American consul of Vera Cruz.

W. A. Eaker, of the Leaday country, was among the business visitors in Ballinger Saturday.

### DOUBLE LYNCHING FEARED AT HOUSTON

(By United Press.)  
HOUSTON, May 2.—C. H. Hase lit, a farmer at Crockett, was seriously wounded and his brother killed by negroes today. Two negroes are being chased by an angry mob and it is feared that there will be a double lynching when they are caught. This city is seething with excitement over the killing and the threatened lynching of the two negroes.

A religious debate is on at Glen Cove today and will hold over for tomorrow. The devil continues to get in his work in various and peculiar ways.

Argentine has a law that makes it a felony to kill a female of the cattle tribe until after it is six years old. Argentine is a great cattle country.

San Angelo is working for a \$200,000 hotel. Santa Anna is to have a \$12,000 hotel and Brownwood has landed a \$50,000 Harvey House. Balling will furnish the water mains.

The limit of postal saving accounts are to be increased. Uncle Sam is great on his increasing rules, and if Mexico fails to be good we will increase our acreage.

There are many farmers in Runnels county digging away trying to make a living raising cotton while calves are selling on the Ft. Worth market for \$9.50 per cwt., and half feathered chicks are bringing from 35 to 50 cents.

We haven't time to figure the exact value of the splendid rain but we feel safe in saying it is worth a million dollars to Runnels County alone. We pass the matter up to State Press Joe Taylor and Craeks at the Crowd Callan.

It is said that the Colorado strikers are made up almost as a whole of foreigners who can not speak the English language. They came to this country for the freedom our government offers, and they indicate their determination to have that freedom even though they have to shoot for it.

The United States will never win out in dealing with Mexico with "soft soap" methods. It takes an iron hand to rule a nation that has grown fool hearted through a bloody life of oppression. It will require yours to restore confidence in the people of the Mexican republic.

We would be glad to hear how our brother editors come out on that big string of ads they are running from Dayton, Ohio. The proposition didn't look good to us, and we passed it up. We hope you'll get the money boys, but we have a tip that you have been "stung."

According to press reports Huerta turned the saloons in Mexico City over to his soldiers. Secretary Daniels of the Navy shut his boys out of the saloons just a short time before the Mex-

ican problem became so serious. The results will be shown when the final conflict comes.

With war in Mexico and war in Colorado, and the socialist chasing J. D. Rockefeller Jr., with a hearse in New York, Tom Ball and Jim Ferguson are finding it hard to hold their audience of newspaper readers in Texas. It is such a pity that we did not postpone this war business until Ball and Ferguson settle the political battle.

The state inspector says that the train law and eight hour law are both being flagrantly violated. We are not guilty of violating any train law, but we work more than eight hours every day. If the law will provide some way whereby we can take care of Louisiana and the little 'uns without work, we will be good and not violate the "eight hour" law.

Cyclone Davis has turned down the good job of agricultural agent offered him in the Philippines by the Wilson administration, and will stay in the race for congressman-at-large. Cyclone showed good judgement for there is no doubt in our mind but what he will make a better candidate than he would a farmer among the Philippines. He has been running for office so long he has acquired the habit.

The press reports say the fact that the citizens of Peacock, the Stonewall County town that was destroyed by a storm recently, took refuge in storm houses accounts for the fact that no lives were lost. Yet, some people will not patronize a storm house. Even a prairie dog will crawl in his hole when he sees danger coming his way. Every business house and about twenty residences were destroyed at Peacock, and not a life lost.

Many people are inclined to criticize newspaper reports of

conditions in Mexico, but the refugees who are arriving at Galveston tell the story that confirms the newspaper reports, and the treatment that Americans are receiving are sufficient grounds alone for the United States to step in and defend them. "Oh, well," says some one, "they have had plenty time to get out." That may be true, but we have a right to demand protection for our citizens from every nation in a civilized land.

Just a few days before George Poinsett fell to his death at the crack of a Mexican rifle in Vera Cruz, his father, William Poinsett, a retired business man in Philadelphia, received a letter from his son, and the young man expressed much joy at the thought of probable conflict with Mexico and the opportunities the boys would have to see real service. Is it patriotism, or what is it that leads a young man right in to the mouth of the deadly cannon?

Those who are inclined to criticize the school board for their action in authorizing the improvement of the old school building should visit the school, and see the great need of the improvements. But, then we hear a man saying, "I went to school in a log 'hut' and used a split log for a bench." Yes, and just for that reason alone you should demand that your child have the best school advantage that the modern day and way can give. You can leave nothing more valuable to your children than a good education. The best is none too good for mine in the school room.

**OUR FUTURE HOME.**

An editor died and slowly wended his way to where he supposed a warm reception awaited him. The devil met him and said: "For many years thou hast borne the blame for the many errors the printers made in the paper. The paper has gone alas for \$1.50 and \$1.50 has often failed to come in. The printers have deviled thee on Saturday nights for wages when thou hadst not a cent to thy name. Men have taken the paper without paying for it and you have been cursed for not getting out a better one. Thou canst not come in here." And he fired him. **WAIT PAINT.**

There are painters and waiters. Which am I going to do? Paint or wait? Which is better? How much am I worth with my property waiting? How much if I paint? Will my house be worth more or less if I paint? Say it costs \$2 a gallon Devco — I wouldn't paint any other — and \$3 or \$4 more for putting in on. That's \$50 or \$60 a 10-gallon job.

The money is gone. Is it in the house? Is it all in the house? Suppose I were selling; what should I get for that house fresh painted and what should I get for it needing paint? I wonder why men paint before selling!

## What is Woman's Beauty but Health

And the Basis of Health and Vigor Lies in the Careful Regulation of the Bowels.

If woman's beauty depended upon cosmetics, every woman would be a picture of loveliness. But beauty lies deeper than that, it lies in health. In the majority of cases the basis of health, and the cause of sickness, can be traced to the action of the bowels.

The headaches, the lassitude, the sallow skin and the lusterless eyes are usually due to constipation. So many things that women do habitually conduce to this trouble. They do not eat carefully, they eat indigestible foods because the foods are served daintily and they do not exercise enough. But whatever the particular cause may be it is important that the condition should be corrected.

An ideal remedy for women, and one especially suited to their delicate requirements, is Dr. Caldwell's Syrup Pepsin, which thousands of women endorse highly, among them Mrs. C. S. Vance, of 511 S. Ray St., New Castle, Pa. At times she had spells of indigestion so severe that she thought she would die. Syrup Pepsin regulated her stomach and bowels, and she attributes her excellent health today to this remedy.

All the family can use Dr. Caldwell's Syrup Pepsin, for thousands of mothers give it to babies and children. It is also admirably suited to the requirements of elderly people, in fact to all who by

Mrs. C. S. Vance.

reason of age or infirmity cannot stand harsh salts, cathartics, pills or purgatives. These should always be avoided, for at best their effect is only for that day, while a genuine remedy like Syrup Pepsin acts mildly but permanently.

It can be conveniently obtained at any drug store at fifty cents or one dollar a bottle. Results are always guaranteed or money will be refunded. You will find it gentle in action, pleasant in taste, and free from griping, and its tonic properties have a distinct value to women. It is the most widely used laxative- tonic in America today and thousands of families are now never without it.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

### HENRY ZDARIL SPOKE.

In mentioning the speakers at the Fireman's smoker Tuesday night The Press reporter inadvertently failed to mention the name of Judge Henry Zdaril, prawnik, who, being called upon made a most excellent speech, complimenting the City of Taylor and praising unstintingly the Taylor Fire Department, a component part of which is made up of Bohemian fire-fighters. His remarks were well received and loudly applauded. Like the other speakers, he complimented the band and firemen highly.—Taylor Evening Press.

### CHASING RUNAWAY TEAM ON MOTOCYCLE.

Winters, May 1.—The motor-cycle was brought into play yesterday afternoon in a manner that brings much praise to the machine and rider. A team hitched to a surrey in which were Mrs. R. Gotschalk and her little daughter, broke loose and, after demolishing a delivery wagon ran down Main street and headed straight for the country. W. J. McFarland, rural carrier on route 3, hastily mounted his machine and soon slowed down and brought under control with no damage except that mentioned and great scare on the part of the occupants of the surrey.

**Health a Factor in Success**  
The largest factor contributing to man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated. For constipation you will find nothing quite so good as Chamber-lain's Tablets. They not only move the bowels but improve the appetite and strengthen the di-gestion. They are sold by all dealers.

**A BRAVE ACT.**  
Young Truman Robinson, grand son of C. A. Freeze, deserves a Car-negie medal and if his heroic act was known would no doubt re-ceive one, besides the lasting gratitude of the parents of the lit-tle boy whose life he saved.

A few little boys were playing on the bank of Elm creek Friday afternoon near the railroad bridge when the little Parnell boy fell in to the creek beyond his depth and no doubt would have drowned had it not been for the young man who was nearby and jumped into the deep water, at the risk of his own life, and succeeded in bring-ing the little boy out to land. Young Robinson came up to the ice plant drenched to the skin and almost exhausted from the effort of rescuing the child, and deserves the Carnegie medal and the sincere commendation of our entire citizenship.

### Colorado Strikers Must Lay Down Arms

(Continued from first page)

Individuals in the Colorado strike district has been received with satisfaction by both sides. J. F. Welborn, representative of the mine operators, is confident that the order to disarm will result in peaceful conditions. John Melennan, district president of the miners union, said the strikers were willing to lay down arms if the private gunmen were also disarmed. It is thought that this will put an end to warfare that has been going on between the strikers, strike breakers and mine guards for some time.

### MRS. ANDY SPREEN DEAD.

Mrs. Andy Spreen died at her home four miles east of Ballinger early Friday morning, May 1st, after an illness of several months. It had been known for some time that Mrs. Spreen could not live long, but this did not rob death of its sorrow, and the husband and relatives are grieved over the loss of one who was so young and a life that was a promise of happiness in the home only a few months ago to her young husband.

Deceased was the daughter of Mr. and Mrs. J. M. Schneider, who live a few miles southeast of Ballinger on the Colorado river. After all that medical skill could do to stay the hand of death had failed, the loved ones submitted to the hand of Him who doeth all things for the best.

At three o'clock Saturday afternoon, the remains were brought to the City Cemetery and laid to rest, surrounded by the grief stricken loved ones and friends and neighbors. Rev. A. C. Smith, conducted the funeral services, and spoke the tender words of sympathy and consolation to the bereaved relatives.

### HIGH SCHOOL SENIORS ENTERTAIN JUNIORS

The Senior Class of the High School gave a most beautiful reception to the Juniors and the teachers of the High School on last Saturday evening at the lovely home of Mrs. Maude Vance, Mr. Delbert Vance being a member of the Senior Class.

The guests were met by Mrs. Vance in her usual charming manner and carried down the receiving line of Seniors into the handsome library which was arranged representative of the athletics of the school. Base ball and basket ball attire was in evidence and pennants of all descriptions were tastefully arrayed on the walls.

**GO TO-- Security Title Company for your abstract work.**

**SEE-- Chas. S. Miller for eight per cent money choice land loans.**

The tennis court was especially attractive, the net being vase of beautiful golden sunflowers—the class flower—was resting on each post with a Ballinger High School pennant waving above it. Back of the net stood Miss Hattie Miller and Mr. Delbert Vance in their tennis costumes who served most delightful punch.

The hall, music room and dining room were artistically arranged in the class colors of gold and black and the class flower served as a charming center piece for the dining table and great clusters caught the soft ribbons of gold and black which loosely dropped from the chandeliers.

Ten tables were arranged for "42" and after-punch games were played a lovely ice course was served. Musicians of the class delighted those present with their merry songs and a number of the young ladies displayed great talent at the piano.

Juniors, teachers and others present owe to the seniors and to Mrs. Vance lasting obligations for this delightful evening.

### SMOTHERING SPELLS

#### Sour Stomach, Heart Burn

In October, 1910, we received a letter from Mrs. Hall, from which we make the following extracts:

MRS. JAMES A. HALL, Box 36, Norris City, Illinois.

"About twelve years ago my health began to fail. I couldn't eat anything without suffering for it. I had heart burn, sour stomach, palpitation of the heart, smothering spells, pains in my sides and back. In fact, I suffered all over, and a cough almost like consumption. Doctors failed to relieve me; in fact, they didn't seem to know what ailed me. I continued to grow worse until I was able to sit up only a part of the time. I had almost lost all hopes of ever being any better.

"But one day some one threw some books in at my door. I read them and found them to be Peruna books. I sent at once and got a bottle and began taking it. You pronounced my ailment systemic catarrh, and gave me some advice.

"When I had taken two and one-half bottles I began to eat without suffering. I continued to improve.

"When I had taken eight I was like a new person. That was nine years ago.

"I think Peruna the greatest family remedy there is for so many ailments are due to catarrhal trouble. I would advise any one afflicted with catarrh to take Peruna and I am sure it will leave."

In the Revised "Bills of Life" we have many similar testimonials which should interest sick people everywhere. Sent free by the Peruna Co., Columbus, Ohio.

People who object to liquid medicines can now obtain Peruna Tablets.
