72,000 TRAIN MEN THREATENING TO STRIKE

CHICAGO, June 2.—A majority of 72,000 enginemen and firemen employed of railroads west of Chicago will vote a strike unless the demands for increased wages are conceded by the railroads, the opinion of union officials here today.

A committee representing the employes are now in executive session. They are planning to take a referendum vote on the question of striking.

Managers of railroads last night broke off negotiations by issuing a statement to the effect that the demands were unwarranted by business conditions.

The statement also said the agreement to increase the wages of railroad employes, as desired would cost the railroads three millions of dollars annually.

THAW CASE IN SUPREME COURT

Washington, June 2.—The famous Harry K. Thaw case reached the Supreme Court this afternoon. The case is up for hearing upon an appeal taken from the Aldrich decision sustaining the habeas corpus writ.

PERMANENT SERBIAN LEGATION AT WASHINGTON

Belgrade, Serbia, June 2.—Parliament today formally approved the project for the establishment of a permanent Serbian legation at Washington. This has been made necessary by the increased political and commercial importance acquired by Serbia as a result of having doubled its territory during the two recent Balkan wars.

Refugees Bring Many Stories

VERA CRUZ, June 2.—Refugees from the capital of Mexico brought more tales and many conflicting rumors about the movement and aims of Dictator Huerta.

Mexicans arriving here from the capital were astonished not to find Huerta's family on the same train with them.

Huerta's cabinet is aboard the Y Peronga which cleared last night for Hamburg.

"We know," one of the members said, "that Huerta left the capital last Wednesday." He stuck to the story despite the fact that the dictator is still in Mexico City. Brig. General Funston is doubtful of the flight.

Village Teems with I. W. W. Fear

TARRYTOWN, June 2.—This village teems with fear of a serious trouble when the expected five hundred I. W. W. members arrive here from New York to continue waddy clashes against Rockefeller and his followers.

Mrs. E. L. Rasbury and daughter, Miss Bertha, returned home Monday afternoon from a short visit to friends at San Angelo.

NO MORE ARMS FOR MEXICO

Washington, June 2.—Further embargo against shipment of arms from the United States to Mexico has been ordered by one of the executive departments. This is stated here this afternoon upon good authority.

Carranza Demands that His Envoys Enter Conferences

NIAGARA FALLS, Ont., June 2.—A decision was animated today from the mediators on the Carranza and Bryan ultimatum that the constitutionalists must be admitted to the peace conferences. General Carranza's statements made at Durango brought the crisis.

Carranza said that mediation should deal with international affairs and declared that he would not recognize mediators or allow

Inquiry of Disaster June 9th

MONTREAL, Canada, June 2.—All investigation of the Empress disaster will await the convocation of the high court.

The inquiry will be held June 9th. The board will be composed of representatives of the imperial government of Canada, the British Board of Trade and the Quebec Admiralty Court.

Captains Kendall and Anderson refuse to recite their conflicting stories until they go before the high court. The crews of both the Empress and the Storstad have also been warned to keep silent.

Will Be Forced to Testify

WASHINGTON, June 2.—Despite the certificates of physicians that William Rockefeller endangers his life if he is forced to tell of the wrecking of the New York New Haven and Hartford railway, he will be forced to testify before the Interstate Commerce Commission, said Joseph Folk, counsel for the commission. The exact time for the millionaire's testimony has not been decided.

Morton Plant also pleaded sick when called upon to testify, but he will be forced also to appear before the commission.

Patronage Picking Scarce

AUSTIN, Texas, June 2.—Patronage picking have been mighty scarce for the men in Texas who were opposed to President Wilson's nomination. Politicians have noticed a possible realignment of Democratic leaders in the gubernatorial contest. It is claimed by the men promoting Thomas H. Ball's campaign that he belongs to the progressive wing of the party. This being true it would be easy for the former reactionary leaders who have come out for Ball for Governor to get into the Wilson bandwagon.

Some observers here view the realignment of the former anti-prohibition leaders in Texas in another light. The influence of the new adherents to Ball will be felt when it comes to making up the platform of the party at the coming state convention and in the deliberations of the next legislature.

Texas Democratic leaders believe events are shaping themselves for a second term for Wilson. There may still be time for his former opponents in Texas to right themselves with the element of the party in power and thus perhaps share in some of the good plums being handed around.

GARFIELD RE-ELECTION IS RECALLED TODAY

Washington, June 2.—Barely a handful of political old timers today recalled that President Garfield and Vice President Chester A. Arthur, successor to the Presidency after Garfield's assassination, were nominated by the Republican convention at St. Louis thirty-four years ago today—June 2, 1880.

When the city council met in regular session Tuesday morning, the first question to come before that body was the question of telephone rates. In the mass meeting of the citizens held Monday afternoon protesting against the increase in rates, the city council was asked to take some steps in the matter. The question of passing a resolution, as provided by law, as a preliminary looking towards a suit to determine whether or not the phone company was entitled to an increase in rates, was taken up and discussed. Before acting on this resolution the council, or some of its members, suggested that the telephone people be given an opportunity to come before the council and present the inside of the case.

Judge Harrison, vice president of the company, and F. W. Greber general manager, came up from Brownwood Monday night, and appeared before the council. They presented figures showing what their investment here paid last year, and explained at length their method of bookkeeping, etc. For the physical year just closed they claimed that rentals on local phones amounted to \$10,868.45 and receipts from long distance tolls amounted to \$1554.06. Other income \$997.05, or a total income of \$13,524.26 and after paying all expenses they made a profit of about six per cent on an investment of \$40,000.

The morning session of the council was taken up in discussing the question, and no action was taken until afternoon. W. L. Ellis is out of town, and at noon Judge Wilkingsham was called to his farm, but the council convened again at two o'clock and took up the question and the three aldermen present voted for the resolution, and the council took a recess until the other aldermen returned to town. It requires the vote of four aldermen to adopt the resolution, and it is not known what stand the other two aldermen will take.

Following is the text of the resolution as presented to the council.

Proof In Your Own Hand Writing.

That's what you should have when you disburse funds for any purpose. It's not the part of business wisdom to depend upon the memory or receipts for a record of money paid out.

When you write out your personal check on the Ballinger State Bank & Trust Co., a record is made in your own hand writing that is dispute-proof. It is always more business like to pay by check.

Detective Admits Was Wrong in Making Arrests

INDIANAPOLIS, June 2.—Louis Wien head of a detective agency under whose direction Robert Able worked on the Dr. Winters case, said today that he and Able now agreed that it was a very foolish move to have filed charges against Dr. W. A. Winters Mrs. Winters and W. R. Cooper.

Wien said Dr. Winters knows nothing of the alleged murder of his daughter Catherine.

No Solution As Yet.

New Castle, Ind., June 2.—With Robert Able having left the Winters case in a hurry, following a quarrel with Prosecutor Myers, the impression is that recent developments do not advance the solution of the mystery of the disappearance of Catherine Winters.

Winters' attorneys today declared that Able had no evidence of the case. Winters' bail was reduced to \$1000.

LETTERS FROM THE PEOPLE.

Favors Elimination Candidates To Banner-Ledger: Ballinger, Texas.

I had rather have a double primary than to elect a minority candidate but it would suit me better if the candidates would get together and select the best two men running and only have two men for one office at July primary, say for instance we have a bunch running for assessor, let them get together and every man vote for his own choice, then let the two run that get the most votes.

If they would do that now it would save we farmers lot of time. I like to see the boys, but haven't got time to get acquainted with all of them and I guess they are all good men, at least they recommend themselves and each other, so they would be able to pick a better man than we out siders would.

I don't mean just for assessor alone, but for every office that more than two men are running for.

17 PERSONS ARE INJURED IN WRECK

Seventeen were injured, three or four seriously, when three coaches of the Wichita Valley passenger train No. 1, due in Abilene at 9:30 p. m. Saturday, rolled off of a dump eight miles north of Abilene, caused by the track spreading from a cloudburst. Those most seriously injured were:

Mrs. Nannie Mae Jones, Spur, seriously injured about the face, cuts from glass and abrasions to body.

Rev. J. M. McMahan, a Baptist minister, injured about the body.

M. B. Moore, Dallas, injured about face and body and several bruises.

J. F. Waddell, a traveling salesman, Abilene, shaken up considerably and minor injuries about the body.

President J. D. Sandefer of Simmons College, Abilene, wrenching of knee and other injuries.

Charles Williams of Gordon, injured seriously about the body and unable to walk.

Eleven others were injured, more or less, not to speak of abrasions and scratches received by almost every one of the 25 passengers traveling on this train.

The derailment was one of the worst in the history of the line and came near ending fatally for all passengers. The accident occurred at Little Mulberry creek bridge, eight miles north of Abilene, at eleven o'clock Saturday night. Torrential rains were encountered all the way from Anson southward and water was running over much of the track. When the engineer approached the Mulberry bottom he noticed a wall of water coming down the stream. He stopped the train, reversed his engine and in attempting to back to higher grade, the rear coach toppled and fell down the embankment east of the track into several feet of water. Two other coaches followed when the swift current washed the track out where the rear coach toppled. Nearly all of the passengers were thrown into the water and for a while it appeared that many would be drowned.

BRAINS DULLED BY CONSTIPATION

Some People Only Half Alive; Dodson's Liver Tone Cleans You Out and Wakes You Up.

When constipation is having its evil effects on your body and brain, Nature is doing her best to offset them and overcome the cause itself. But usually Nature cannot do this unaided.

In the past, many sufferers at such a time used to turn to dangerous calomel in hope of relief. For some people calomel does appear to give a temporary benefit, but as a matter of fact it is a poison that proves to be injurious and even dangerous to many. If you have taken calomel you probably have suffered from evil conditions following its use.

But nowadays great number of people have learned how to feel better, brighter and healthier by taking Dodson's Liver Tone, instead of calomel. Indeed, this harmful vegetable liquid is recommended and guaranteed by The Walker Drug Co., who will refund the purchase price to you without question if you are not completely satisfied with it.

Get a bottle of Dodson's Liver Tone for only 50c, and learn for yourself how easily and naturally it assists Nature in getting rid of and correcting constipation and biliousness, how it clears away the sick headache and coated tongue and sets you right without ache or gripe, without any interference with your regular habits. Fine for the children. They like to take it.

OAT STUBBLE FOR FETERITA

If the farmers can get the seed and labor to plant the crop the opportunity was never greater for making two crops on the same land than it is at present. With the splendid season the oat stubble land offers much if planted in feterita. The Daily Live Stock Reporter, in a recent issue, says:

B. E. Miller, of Carton, proprietor of the Seven Oak Farm, is a great believer in feterita, for a summer forage crop.

"Grain harvest will soon be here," he said, "after which we want to plant our stubble ground in some quick maturing crop that will stand the hot, dry weather that is almost sure to come in July and August.

"Red top and amber cane have been the main stubble crops for the last few years, but they have failed very often and when they do make it is hard to get the crop properly cured and put up.

"This year cane seed is very high and good seed hard to get at any price. There has been quite a little said of Feterita, and I have tried it out and found it to be one of, if not the most valuable, crops to plant at any time from the first of May to the last of July. It is especially desirable for planting in summer, as the hot, dry weather seems to have no effect on it. It is extra early and matures several days sooner than maize. It makes more grain and of better quality than maize and the forage is superior to kaffir corn. It grows about five feet high and has a sweet stalk that is somewhat slenderer than maize or kaffir. The grain is white and about twice as large as that of maize, soft and very rich in food value.

"Last summer when the hot, dry weather was burning up my cane, my feterita thrived and made a good crop right between them. It seems to get considerable of its substance from the air as it makes well on poor land. One end of my patch last year ran up on the hillside where the land was so poor it had never made a paying crop of anything but my feterita made a good crop regardless of the drouth.

"I advise all to plant feterita on their stubble ground. By buying seed in quantities it will not cost more than 25 cents to seed an acre. If desired I will write again and give method of planting and cultivating, and later method of harvesting, curing and storing. I also will give method of selecting seed for planting. I think so much of feterita I have planted thirty acres and will plant all my stubble ground, about sixty acres. "Land values have just begun to move up in this section, being on a standstill for the last few years. Crops here are fine except cotton, which will be extremely late, many having to plant over on account of floods. I have fifty head of registered Duroc Jersey hogs which I expect to feed on feterita to get them ready for market."

HOG GROWERS MAKING PORK

The regular monthly meeting of the Hog Growers Association of Rannels County was held at the City Hall in Ballinger Monday afternoon with the following members present: President N. J. Wardlaw; Vice President J. F. Rushing and Secretary J. H. Taylor, also W. A. Taylor, Hugh Wilburn, J. J. Henkhaus, Robert Corum, H. Kasburg, W. E. Blair, J. F. Dean and Geo. P. McLelland. A set of by-laws and constitution were read and adopted and it was voted that 5000 of the same be ordered printed and distributed over the country and vote of thanks was given the three banks of Ballinger for paying the expense of printing the same.

It was decided to elect a business manager or buyer and a treasurer for the association and they will be added to the president, vice-president and secretary and the five to constitute the board of directors for the association. The association will be known as The Rannels County Hog Growers and Shippers Association and the annual meetings will be held the first Monday in March of each year.

A called meeting was ordered for Saturday, June 13th at 2 o'clock p. m. at the City Hall at which time the buyers and treasurer will be elected and added to the board of directors.

All persons desiring to purchase stock of any kind and also registered hog will notify the secretary J. H. Taylor, of Ballinger, Texas, Route No. 4, as he is keeping in touch with prominent hog men over the state and by buying in quantities this association will be able to buy at a closer figure and also get better freight rates.

Quite an enthusiasm was brought about by a splendid talk by Mr. McLelland who spoke of the future possibilities of Rannels county along the line of hog raising and in fact all kinds of meat products and the talk brought one of the members to his feet who told of himself and two prominent Ballinger citizens who were at Austin a few weeks ago and enjoyed a hearty meal at a swell hotel and afterwards learned that among the articles on the bill of fare was some nicely served jack rabbits from Rannels county and the trio greatly enjoyed the same not knowing they were rabbits of the long ear species.

Paint as an Investment

PAIN'T adds value as well as beauty to anything to which it is applied. Paint is the Farmer's best friend. A leading scientific editor says: "Thirty-five million dollars a year can be saved in the United States by the use of paint." The paint can is the farmer's savings bank. Keep one on YOUR farm ready for use at any time. When you remember that farm buildings put up only five years ago could not be duplicated today for almost twice the money it shows that it pays to paint your house, barn, implements, and everything that needs a finishing coat of paint. When you use paint use "The Best Paints Made."

Minnesota Paints
with a reputation of forty years of success. Ground and mixed, in the only oil that will make good paint—pure linseed oil. Minnesota Linseed Oil, in which **Minnesota Paints** are ground, is made in our own mills from Northwestern flax-seed, the best that can be had.

We make "A Special Paint for Every Paintable Surface". The cost per can has nothing to do with the cost of paint. Figure how much surface a gallon will cover and protect satisfactorily. **Minnesota Paints** on this basis, are the cheapest paints on the market.

SON OF BALLINGER MAN ENDS LIFE

SAN ANGELO, June 1.—George Schonka, aged 21 years, head baker at the Sanitary Grocery & Bakery, Sunday night snuffed out his life when at 9 o'clock he pointed a revolver at his breast and fired twice. One of the bullets took effect and this morning at 4 o'clock after hours of suffering, Schonka died at St. John's sanitarium. The suicide was committed in the bakery room of the local establishment at 218 South Chadbourne street, and W. K. Bailey, second baker, was the only eye-witness to the affairs. A .32 calibre pistol was used.

Somewhat perturbed over trouble he had with his motorcycle, although in his usual good humor, Schonka came on duty Sunday afternoon at shortly after 3 o'clock, and took up his work which would not end until this morning. He went about his affairs in his usual manner, and according to Mr. Bailey talked but little. However, now and then he made ominous comments and stated that he might never bake at the shop again.

Schonka is survived by a father and mother, Mr. and Mrs. V. Schonka, three brothers, Frank of this city, Arthur of Galveston, and Alford, and two sisters, Miss Mary and Nellie Schonka. Mr. Schonka is a bootmaker at Ballinger and arrived here on the 2 o'clock Santa Fe this morning; Miss Mary is a nurse in Galveston and is expected to arrive Tuesday morning.

Deafness Cannot Be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

POPE IS 79 TODAY.

Rome, June 2.—Pope Pius X was seventy-nine years old today. From early yesterday until late today a veritable flood of congratulatory letters and telegrams from all over the civilized world poured into the Vatican. Many hundreds came from Missionaries and other representatives of the Catholic Church who are in the wilds of countries uncivilized. The good wishes to the Pope came from all classes of people. The name of every ruler and head of every nation was among the list of messages. But perhaps the messages most highly prized and those which more dearly touched the heart of the pontiff were those from his relatives and the lowly friends he had made as Giuseppe Sarto, a poor boy, where he lived at Riese, Italy.

Take Plenty of Time to Eat

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.

Miss Louise Doss Editor

"Lucky Thirteen Club."

Miss Lois Crews was the hostess Saturday afternoon of a most enjoyable meeting of the Lucky Thirteen Club at her home on Eleventh Street. The reception rooms were beautifully decorated in roses and ferns. During the afternoon Misses Lucy Minor Crofford and Louise Doss gave several vocal selections after which the whole club joined in and sang old time songs. Later in the afternoon delicious refreshments of grape ice and cake were served. The members present were: Misses Katie Belle Gregory, Nell Alexander, Lena Belle Doss, Lucy Minor Crofford, Winnie Trail, Etta Hutton, Mamie Gregory and Louise Doss. The visitors present were: Miss Wooten of Paris, Texas, Miss Mae Stockard of Santa Anna and Miss Purn Schooler. Miss Crews was assisted by her sister Mrs. Homer Alexander of San Antonio.

Visitor Complimented.

Misses Lena Belle and Louise Doss entertained very delightfully Friday afternoon to compliment their visitor Miss Mae Stockard of Santa Anna. The house was effectively decorated with ferns, roses, house plants and beautiful gift bouquets. The guest were met at the door by Miss Lena Belle Doss where they were introduced to the honoree. They were then taken to the punch bowl and charmingly served by Mrs. A. K. Doss. Six tables were arranged in the dining room and parlor where progressive "42" was played, the score cards being in cupid design. After playing several games an ice course was served on the card tables to the following: Misses Lois Crews, Bettie Miller, Nell Alexander, Etta Hutton, Bertha Van Pelt, Sammie Padgett, Winnie Trail, Lucy Minor Crofford, Hester Padgett, Wotten of Paris, Purn Schooler, Mamie Gregory, Louise Harris, Katie Belle Gregory, Mesdames J. F. Currie, J. B. Wade, Lawrence Harris, Harold Tucker, Garland Parks, of Kennedy Tex., and Abney of Lampasas.

Miss Wooten Honored.

A charming hospitality of last Tuesday afternoon was the "42" party given by Miss Purn Schooler to compliment her visitors, Miss Wooten of Paris, Texas. The house was attractively decorated with La France roses and ferns. Tables were laid in the reception rooms where "42" was played. During the afternoon music on the Victrola and piano was very much enjoyed. Later an elegant salad course was served. Those present were: Misses Bertha Van Pelt, Winnie Trail, Bettie Miller, Sammie Padgett, Lucy Minor Crofford, Lois Crews, Louise Harris, Kathleen Francis, Mamie Gregory, Nell Alexander, Etta Hutton and Katie Belle Gregory.

Missionary Society Entertained.

Mrs. J. G. Douglass entertained the ladies of the Woman's Home Missionary Society of the Methodist Church last Monday afternoon at her home on Broadway with a social meeting. The most enjoyable feature of the afternoon was the paper on missions read by Mrs. Legate. Later a salad course was served. About thirty-five ladies enjoyed the afternoon.

Can't Keep it Secret.

WOMEN FROM 45 to 55 TESTIFY

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me. — "I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial." — Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis. — "At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since." — Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

oil, and which we feel safe in saying will be adopted when the council meets again tomorrow to finish up its work for the regular term.

WHEREAS, The West Texas Telephone Company, a corporation having its principal offices in the city of Brownwood, Brown county, Texas, is operating and maintaining in said City of Ballinger a telephone system, conducting a central exchange and furnishing telephones to the public for business and residence use, and maintaining long distance service in connection with said exchange.

AND WHEREAS, said company has been maintaining said telephone service in said city for a number of years, and has during said time charged for its service a uniform rate for business phones and for residence phones, to-wit: \$2.00 per month for phones in business houses and offices, and \$1.50 per month for phones in residences.

AND WHEREAS, it is the sense of the City Council of said

city, that said rates for phone service above mentioned as having been the uniform rates for said time, are sufficient to give said company a reasonable recompense for such service, and that any rate in excess of said rates for such phone service would be unreasonable and exorbitant.

AND WHEREAS, said Council believes such proposed increase in said rate to be exorbitant and unreasonable, and therefore an advised rate under the law.

NOW THEREFORE, be it resolved by the City Council of the City of Ballinger, that it is the sense of said Council that such proposed increase in said rates should not be enforced, and that a rate no higher than that heretofore charged for phone service, i. e., \$2.00 per month for unlimited single line business phones, and \$1.50 per month for unlimited single line residence phones, shall be charged and collected by said corporation for its telephone service, and that the proposed increase or any increase of said rates is unreasonable and exorbitant, and unwarranted by law. That this resolution be spread upon the minutes of said Council, and that a certified copy thereof be transmitted to F. W. Greber, General Manager of said corporation, residing at Brownwood, Brown County, Texas.

On motion of C. C. Cockrell, seconded by R. A. Nicholson, the above resolution was put to a vote and carried, the following members of said council voting as follows: C. C. Cockrell votes yes; Jno. A. Weeks votes yes; R. A. Nicholson votes yes.

The old phone rate will be maintained in Ballinger, or the citizens will know the reason why, is the sum and substance of a mass meeting of citizens held at the City Hall Monday afternoon. The meeting was well attended by representative citizens, and there was telephone talk over many lines.

R. W. Bruce called the meeting to order, and J. Y. Pearce was elected chairman and Paul Trimmer secretary. Mr. Pearce stated the object of the meeting and the discussion that followed was participated in by quite a number of those present. Mayor Powell was called for, after considerable preliminary discussion of the question before the meeting. Mayor Powell stated that he had not posted himself, and was not in a position to discuss the question of telephone rates, and did not know whether the present rates were too high or too low. He stated that capital was entitled to a fair return on invest-

ment, but that the citizens of Ballinger had been loyal to the West Texas Telephone Co., and had been instrumental in keeping out competition and keeping the telephone troubles down until this question came up. He called attention to the fact that the independent company would have run a line into Ballinger had the people encouraged it. He discussed the question of dividends, what it had been reported that the phone company was making, etc., but stated that he had no remedy to offer, and that the council preferred to hear from the people before taking any action in the matter.

Judge A. K. Doss, city attorney, and who had posted himself on the law governing such matters, explained briefly the law, and what power the council had to act in the matter. Judge Doss stated that where a city like Ballinger was maintained under the general statutes, the council had the authority to pass a resolution condemning the increase in rates of public utilities, and that such rates could be regulated by the court, after it had been shown by the books of the company what the company had been making on the investment. In other words the city can require the company to bring its books into court, and if it is shown that they are making more than ten per cent. on the investment the court can reduce the rates accordingly. This plan seemed to strike a popular cord in the meeting, and later a motion unanimously carried asking the city council to take such action.

Judge Jno. I. Guion opposed the increase in rates in a strong and emphatic way. He stated that when the telephone company presented him with a bill for \$3 for his phone, he would tell them to take the phone. Judge Guion talked at considerable length upon the principle involved and what it would lead to later. He stated that the one dollar per month increase in his phone rent would not break him, but he illustrated what it would amount to on the 200 or more business phones Ballinger, while all other business rates would be raised. Judge Guion quoted statistics to show what was reasonable as revenue for the phone company. He went back and took up the history of the telephone company in Ballinger. He called to mind the promise made by the telephone company many years ago that the rates would remain \$2 for business phone and \$1.50 for residence phones. He called attention to how the system had grown in Ballinger, while all other businesses were struggling for an existence. He emphasized how loyal the people had been to the West Texas Telephone Company in keeping out competition and how they had put up with the sorry service and patiently waited the good service that had been promised for so many years. Judge Guion stated that no reasonable man would doubt but what the West Texas Telephone Co., had prospered; their growth proved this. Their eagerness to buy other lines proves this. They have just closed a deal for the Brady exchange. He stated that it was not right to make the people pay for the improvements that had been made here, and that the people had paid for something for many years in the past they have never received.

Judge Guion had the audience with him in his talk, and he was heartily applauded from time to time.

Some one in the meeting stated that he understood that you could not buy West Texas Telephone stock at any price that sounded reasonable, and that it was reported that the stock was worth \$3.50.

Judge J. B. Wade endorsed the plan outlined by some of the other speakers. He related some experience had along the same line that is now confronting the Ballinger people in his old home town in Tennessee. He stated that the company first raised their business phone rent and later increased the residence phone rates. He called attention to the long distance toll that was collected each month at Ballinger, and stated that the company would be acting very foolish to make the \$20,000 improvements here they claim they have made if they were operating a business at a loss.

"There is no question but what they are profiting," said Judge Wade. Judge Wade suggested that when the city went into the matter to ascertain the revenue being derived from the investment of the West Texas Telephone Co., that they not be contented with a statement or an affidavit of some of the subordinate officers of the company, but they get the real facts, and when they did that he felt sure that it would be shown that the company was not being operated at a loss, but that the profit would be most surprising. Judge Wade stated that the people had been loyal to the West Texas Telephone Co., and stood by them and seen them grow and prosper through the years when practically all other investments in this country had paid nothing, on account of the short crops, and that if the West Texas Telephone Co. were not willing to do the right thing that he was in favor making them do it. Judge Wade was heartily applauded showing that the citizens assembled were in sympathy with what he said.

Jo Wilmett was called for. Mr. Wilmett stated that this was a meeting of business men, and should be handled in a business way. He made a motion that the city council be asked to pass the resolution as outlined by Judge Doss, and if necessary to employ competent experts to audit the books of the company and find out what the people were paying in the way of profit on the service the telephone company was giving. The motion unanimously carried.

There were fifteen or twenty rural subscribers present, and they were called on to say whether they were satisfied with the service. They all stated that the service had been very unsatisfactory, and that recently it had been worse than usual.

There seemed to be a desire among those present to get quick action on the trouble, and a motion was made authorizing the chair to appoint a committee to draft a petition and circulate same asking the telephone company to maintain the \$2 rate, or remove the phones from the places of business and residence. The motion carried by about three to one, those voting against it stating that they thought it best to work the matter out through the city council.

The chairman appointed as a committee to circulate the petition R. W. Bruce, Jno. I. Guion, C. R. Stephens and J. F. Currie. The petition was drawn up and put in circulation early Tuesday morning by noon there was more than one hundred names on it, representing over 200 business and residence phones, and the petition was still in the hands of the committee. A number of the committee stated that it was their purpose to have the list published, but they decided best to wait until they were through with the work, and stated that only a few had refused to sign it.

BALLINGER SCHOOLS SEEN ABROAD

The recent issue of the Ballinger Ledger, devoting considerable space to portraying the splendid advantages of the high school education in Ballinger, has attracted attention over the state, wherever the paper was received. The Waco Times-Herald, after reading the school issue of the paper said: "Ballinger is a town on the Santa Fe railroad about midway between Coleman and San Angelo. It has a splendid citizenship. One of the things contributing to the town's prosperity is its public school system. The board of trustees is made up of men who give to the schools first consideration. The Central building is to be enlarged this summer. The installation of the sanitary drinking fountains will be looked after during the vacation period, and other minor improvements made looking to the comfort and convenience and health of the children during the next term. Work of completing the faculty for the 1914-15 term was a small matter this year. The old faculty was retained with one exception, the exception not being an applicant. All the teachers elected have signed their contract for another year's work, and only one vacancy remains to be filled. Isn't that good reading? Some persons away off yonder fancy that Texas is far behind in educational concerns; they simply don't know, that's all. Texas is a pioneer in public education. In 1839 each county was granted three leagues of land for school purposes, and in 1840 another league was added, while fifty leagues were set apart for a State University. Ballinger is not an exception to the general rule; all over the State are the evidences of care for educational concerns."

Tuesday's issue of the Ballinger Daily Ledger was especially devoted to school affairs, giving a full report of the closing exercises of Ballinger's fine school, photos of the classes, essays by the graduating classes—in fact many school interests generally. The issue of the Ledger was twice the usual size and made altogether a creditable showing for the paper, the school and city generally.—Winters Enterprise.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good. Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 16 pounds in weight.

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year. Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.
