ter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."-Mrs. ORPHA TURNER, 431 S. Wayne St., Piqua, Ohio.

Women who are suffering from those distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

Take Plenty of Time to Eat

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating oo rapidly you are most likely suffering from indigestion of constinction, which will result ev entually in serious illness unless corrected. Digestion begins in the mouth. Food should be theroughly masticated and insalivatod. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agree able in effect. Sold by all dealers
