PROSPERITY WITH LOTS OF WORK, SAYS WILSON

WASHINGTON, June 11.—Bumper crops, revival of the iron trade with consequent stimulation of mining and associated industries and the continued activity of the textile business were promised today in a statement given by Secretary of Labor Wilson, promising prosperity with lots of work. Specific requests for more than 80,000 men to harvest crops have already reached the labor department according to the statement. Secretary Wilson is considering negotiating with the railroads for special excursions to the wheat belt of the United States from Eastern cities where labor might be obtained.

Ewing Taylor, as stated in The Daily Ledger of a few days ago, left Wednesday afternoon for West Point, where he will be for the next eight years. He left Ballinger with the best wishes of a host of friends, who will watch with interest the progress he makes in the work he has taken up. He promised to write us a letter occasionally, and keep us posted as to the doings in West Point. We predict that we will be able to give some good reports of Ewing.

Dynamite Kills two Workmen

HOUSTON, June 11.—John Mc. Carthy and A. Hill, employes in dredging the ship channel near here disappeared yesterday. Their mangled bodies were found today where dynamite had been blasted under them.

4 KILLED WHEN TRAIN HITS AUTO

OMAH, Neb., June 11.—Two unidentified women, Oscar Kerug and Carl Berh were killed by a Union Pacific passenger train today when the auto in which they were driving was struck by the moving train. Their automobile was carried several hundred yards before the train could be brought to a stop. The body of each of the party was badly mangled.

BUD'S WIFE SERIOUSLY INJURED

NEW YORK, June 11.—Mrs. Bud Fisher, wife of the famous cartoonist who originated the series, "Mutt and Jeff" was severely injured in an auto accident last night. Mrs. Fisher was on a joy ride when her car struck another machine and overturned at a dark corner road. The wife of the cartoonist sustained a crushed chest and internal injuries.

LAST CEREMONY PERFORMED TODAY

MADRID, Spain, June 11.—With the cream of Spanish aristocracy and the officials of the government in attendance, Kermit Roosevelt and Miss Belle Wyatt Willard were married by the church ceremony in the British embassy chapel today. After a brief honeymoon on the continent, the couple plan to leave for Brazil to establish their home at San Jacinto, where young Roosevelt is in the railroad business. A brilliant gathering comprising the elite of Spanish officialdom and aristocracy, together with practically all the members of the diplomatic corps and their ladies, witnessed the marriage today of Miss Belle Wyatt Willard. 800 FEDERAL CUT TO PIECES

FRESNYLLO, Mexico, June 11.—General Natera has wired General Villa that his troops surrounded 800 federalists at Calera, and cut them to pieces. The battle was raging when the dispatch was sent. Fresnyllo, the second largest city in Zacatecas state, is now General Villa's headquarters. Federal prisoners are being captured daily, the rebel leaders say. The federal garrison at Zacatecas is being depleted by desertion of Huerta's men.

Mrs. Fannie Younger left Wednesday afternoon for Mineral Wells, where she will visit for a few weeks.

FEARS DAUGHTER IS IN WHITE SLAVERS' HANDS

ALEXANDRIA, Ind., June 11.—With frantic fear that her pretty fifteen-year-old daughter, Leona, has fallen a victim to the white slavers, Mrs. Jessie Davis has appealed to the police of all the larger cities over the country to help find her girl.

Leona left Imperial, California, May 22nd, when she completed her freshman year in the high school. She was en route home to visit her mother who lives in this city. Her trunk arrived without the girl's appearance and the mother's anxiety was aroused.

CARRIED TO PENITENTIARY FOR KILLING HIS WIFE

Superintendent State Penitentiary.

Dear Sir:—In view of the fact that Geo. H. Brown has been sentenced to the penitentiary for life and will shortly be delivered to you to begin his sentence, we, the undersigned officers and citizens of Runnels county desire to express our commendation of this prisoner and his unflinching honesty and obedience since he has been a prisoner in our jail, during which time there have been two jail deliveries, at the last one in which a negro ran over the jailor, knocked him down and escaped. This man could have escaped. In each instance he remained and gave the alarm to the officers, and has at other times warned officers of plots to break jail and injure the officers. Mr. Brown has been a model of obedience and cheerfulness, and we heartily commend him to your good graces, and trust that when he shall have proven this character to you, that you will see fit to reward his faithfulness and make his life as easy as possible for a life term.

With the above petition in his pocket, accompanied by the officers and two brothers, George Brown left Ballinger at four-thirty this afternoon for Huntsville, where he will begin serving a life sentence for the murder of his wife. While, as is shown by the above petition, Brown has been a model prisoner and has not been the least bit of trouble since he was placed in the Ballinger jail, Sheriff Flynt left with the prisoner surrounded with precaution, and was not taking any chances Brown was handcuffed, and will be treated as any other prisoner

until he is turned over to the officials at Huntsville.

Brown declined to make any statement before leaving Ballinger. The only thing he would say in discussing the crime for which he was convicted is: "I am not guilty." He professed religion some time ago, and the jail being close to the Nazarene church, he has received the attention of that church, and for more than a year he has been devoting much time to the study of the Bible. A well worn Bible could be seen on his couch any time you visited the jail.

The petition above addressed to the superintendent of the penitentiary was almost unanimously signed when circulated on the streets of Ballinger Thursday morning, less than a half dozen men declining to sign it. Many in affixing their names to the petition, remarked as they did so that they thought Brown was guilty, but with a sympathetic expression felt sorry for the man, and seemed to be willing for him to receive kind treatment at the hands of the pen officials.

Brown has been in the Ballinger jail more than two years, which is the longest period any one prisoner ever remained in the jail here in the history of the county. The crime for which he is now being punished was committed in Brown county in the summer of 1911, and the sentiment against him was so strong in Brown county the case was transferred to this county and tried at the April term of court in 1912. The state proved that he killed his wife with an iron club as she lay asleep on a bed on the porch of their country home five miles from Brownwood. (Continued on Last Page.)

HUERTA MADE CONTRACTS DETRIMENTAL THINKS U. S.

ANTILLA DOCKED TODAY

WASHINGTON, June 11.—Unconfirmed by official dispatches, the rebel junta here claims that it has a message stating that the Antilla, the Cuban steamer which is loaded with arms and ammunition for the rebels in Mexico, docked in Tampico without interference from General Huerta's gunboats or the American navy. The ships delivered fifteen million rounds of ammunition to General Carranza's agents at Tampico.

PERKINS WILL NOT RETIRE

NEW YORK, June 11.—"I have not the slightest intention of retiring as chairman of the executive committee of the progressive national committee," said Geo. W. Perkins, in discussing the Pinchot attack of yesterday. "What Pinchot says can not drive me out of the progressive party." Perkins has not replied to Pinchot's letter.

LAUNCH NEW CAMPAIGN

WASHINGTON, June 11.—The suffragettes launched a new campaign to aid their amendment for votes to new legislation in the state this season.

WASHINGTON, June 11.—The real reason for the United States stand that nothing be done at Niagara Falls which might give General Huerta a basis to claim recognition is not antipathy to Huerta, but the fact that he entered on uncertain agreements as provisional president, made concessions and contracts which the United States considers detrimental to the interests of the Mexican people.

It was stated here today that General Carranza would be allowed the privilege of vetoing any names suggested for the new provisional government.

It was rumored that an alliance of General Villa and Zapata for mutual benefit was being considered.

The administration, however, is confident that General Villa's actions have been in good faith and that he is the strongest friend the United States has in Mexico.

Lampasas Leader says there is no town in Texas of its size that has fewer cement sidewalks than Lampasas. That is a name no town should feel proud of.

The man in town who owns an auto is of course able to keep somebody at the handles of the lawn mower, and the man who has no auto has nothing else to do when he leaves his business at six-thirty. At any rate Ballinger is growing more beautiful every day with its beautiful lawns and flower gardens. Show your pride, if you have any.

Every kind of advertising scheme that the mind of man could devise has been tried out, and lots of them discarded as worthless. The one that still brings results to the advertisers and the one that has made thousands of merchants prosper is the live newspaper. Had it ever occurred to you, Mr. Advertiser, that a paper with a thousand subscribers is read by 5000 people. This is the average. Show us a paper without any advertising and we will show you a paper that there is little demand for.

The Brownwood Bulletin quotes a Brownwood farmer as saying the farmers of that county will be disappointed in the grain yield this year. The farmer says the yield will be from 12 to 15 bushels per acre. The grain in Runnels county is panning out good, but the complaint about loss in handling it is coming in from every section. One man stated that he estimated that his oats shattered out while

harvesting them at least five bushels per acre. This is due to the fact that the grain matured before the ground was dry enough to get in the field with a machine. This loss is greater in some localities than others.

LITTLE STORIES OF THE LONE STAR STATE

The man of action arrived on the scene from a perilous scouting trip on December 4, 1835, and joined the force of 500 volunteer Texans besieging General Cos and his Mexican force garrisoned in San Antonio at the dawn of Texas' fight for independence.

Too many leaders and lack of any practical fighting organization had held the besiegers inactive for more than a month. Came the man of action, drew a line and in stentorian voice appealed to his countrymen to follow him in storming and taking the town, exclaiming:

"Who will follow old Ben Milam?"

"Colonel Milam" he was called in General F. W. Johnson's report of that battle, and a Colonel he died in the onslaught he led on the morning of December 7. From that halting band sprang forth three hundred inspired patriots to answer his challenge "Who will follow?"

How for four days those Texans fought in and out and behind the houses of San Antonio, finally forcing General Cos to capitulate is well known. General Johnson wrote:

"The memory of Colonel Ben R. Milam, the leader of this daring and successful attack, deserves to be cherished by every patriotic bosom in Texas."

Causes Further Talk.

AN ERROR.

An error appearing in the ad. of the Schawe Grocery Store makes the price of beans a little too high, and is calculated, to cause the customer to go some where else to buy his beans. Beans are quoted at ten pounds for \$1 when it should be 18 pounds for \$1. Look up the ad and in making out your bill for groceries figure the beans at nearly double the amount quoted and you will get it right.

Paint as an Investment

PAIN'T adds value as well as beauty to anything to which it is applied. Paint is the Farmer's best friend. A leading scientific editor says: "Thirty-five million dollars a year can be saved in the United States by the use of paint." The paint can is the farmer's savings bank. Keep one on YOUR farm ready for use at any time. When you remember that farm buildings put up only five years ago could not be duplicated today for almost twice the money it shows that it pays to paint your house, barn, implements, and everything that needs a finishing coat of paint. When you use paint use "The Best Paints Made,"—

Minnesota Paints with a reputation of forty years of success. Ground and mixed, in the only oil that will make good paint—pure linseed oil. Minnesota Linseed Oil, in which **Minnesota Paints** are ground, is made in our own mills from Northwestern flax-seed, the best that can be had.

We make "A Special Paint for Every Paintable Surface". The cost per can has nothing to do with the cost of paint. Figure how much surface a gallon will cover and protect satisfactorily. **Minnesota Paints** on this basis, are the cheapest paints on the market.

WILL CAMPAIGN FOR THE SENATE?

By United Press:

AUSTIN, Texas, June 11.—Gov. Colquitt will make several speeches during the present state campaign, independent of the control or jurisdiction of the committee managing the campaign of James E. Ferguson for governor. This is understood to mean that Governor Colquitt will virtually campaign for his own election to the United States Senate.

He has advised friends that he wants to be free to talk on other subjects besides Mr. Ferguson's fitness for Governor. Colquitt may mean by this that he expects to deal largely with matters relating to his administration, or, in other words, to help his own Senatorial candidacy.

It is pretty generally understood that should Mr. Ferguson be elected Governor and there be created a vacancy in the United States senate from Texas, Mr. Colquitt would be given the appointment by Ferguson.

Take Plenty of Time to Eat

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.

BALL SPEAKER FOR FIRST MONDAY

A letter from Ball headquarters at Dallas, state that they will send a man here to address the voters in the interest of Tom Ball on first Monday. At present they say the name of the speaker can not be given as the committee who has arranging speaking dates does not know who will be the best man to send here. A request had been sent in from Ballinger for Ball to be here on the above date, but on account of the demand for Col. Ball to speak at the larger towns in the state, the committee says it would be unwise to change their plans. There is quite a number of speakers on the stump for Col. Ball, including Cullen Thomas, Judge Ramsey, S. P. Brooks, Sam Sparks and beginning on July first the Ball campaign committee state they will start 100 speakers out to cover the state during the last few days of the campaign. Up to the present Mr. Ferguson has had the best of it on speaking dates, making twice as many speeches himself as Mr. Ball and his friends have been shelling the woods for him. On account of the farmers being so busy at this particular time both Ball and Ferguson speakers are not reaching many country people.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind, I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."—Mrs. JOSIE HAM, R. F. D. 1, Box 22, Shamrock, Missouri.

Last Ceremony Performed Today

daughter of Joseph E. Willard, American Ambassador to Spain, and Kermit Roosevelt, son of Col. Theodore Roosevelt, ex-President of the United States. The bridegroom's father came over from New York to attend the wedding. The ceremony, which took place at noon in the British Embassy Chapel, was performed by the Rev. Dr. Watson, rector of the American Church in Paris, assisted by the Rev. Herbert Brown, chaplain of the British Embassy in Madrid. The bride was attended by her sister, Miss Elizabeth Willard, as maid of honor, and by the following bridesmaids: Her Serene Highness the Princess Fella of Thurn and Taxis, daughter of Prince Ratibor, the German Ambassador in Madrid; Miss Katherine Page, daughter of the American Ambassador in London; Mlle. Gilone le Veneur de Tillieres, of Paris, and Miss Virginia, Christian, of Richmond, Va. Following a brief honeymoon on the Continent, the young couple will leave for Brazil to establish their future home at San Paulo, where Kermit Roosevelt is engaged in the railroad business.

The bride, now 21, was one of the most attractive girls in the younger social set at Richmond, the family home of the Willards, where she made her debut two years ago. While en route with her mother and younger sister last February to join her father at his new post she was presented at the Court of St. James in London, and upon her arrival here she quickly became a general favorite in Spanish society. Kermit Roosevelt, 24 years old has seen considerably more of the world than usually falls to the lot of young men of his age. After returning from the big game hunt in Africa with his father in 1910 he went out West on a mountain sheep expedition. Following his graduation from Harvard in 1912 he made a visit in England and later took up railroading in South America. Last winter he accompanied Col. Roosevelt on his hunting, exploring and river-discovering trip in the Amazon country, coming direct from Brazil to this city, where he arrived three weeks ago. Kermit met his future wife through the good offices of his sister, Mrs. Richard Derby, then Miss Ethel Roosevelt, who had become a great chum of Miss Willard's during a sojourn at Hot Springs, Va. Ethel took her new friend to Oyster Bay, where Kermit speedily fell a victim to her charms.

Deafness Cannot Be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

FOUND GUILTY FISHERMAN'S LUCK

The deputy game warden who recently visited Ballinger and undertook to round up a number of prominent citizens for what he called violating the game law, failed to make his bluff stick in at least one case. It will be remembered that several were charged with shooting doves out of season, and of course those so charged were guilty as far as the indictment read, and as far as the letter of the law reads, but they did not take the matter seriously, or feel the remorse of conscious for being classed as law violators, because there is not a man in Ballinger, who owns a gun and goes hunting occasionally that is not guilty of shooting doves out of season. The people here do not uphold this law. In fact they are as a unit in thinking the law is unjust in that the season prescribed by law for shooting doves covers the period of time when all doves have left this country. They do not see any crime any shooting doves when they are through breeding and flock to this country by the millions, fattening on the farmer's grain.

However, its against the law, and when the deputy game warden called on a few of those who had been enjoying the sport, they admitted the coin and readily parted with their cash to adjust the matter, and clear themselves from further trouble.

Seining was another crime that several prominent citizens were accused of. They denied that they had violated any law, but the game warden, or deputy game warden, one who feels his importance in keeping the laws of the land intact, proceeded to file complaints in the county of Concho, where it was alleged the law was brazenly trampled under foot. Those charged with the awful crime employed an attorney, and answered ready when the case was called for trial on Wednesday of this week. The jury was empaneled and several witnesses introduced, when the judge announced that there was nothing to the charge and was in the act of throwing the case out of court, when the attorney for the defendants demanded that the trial proceed and that the defendants be given a fair trial. Without leaving the jury box, the jury wrote out a verdict, and handed it to the defendant to read, an act within itself making the trial a burlesque—a regular kangaroo affair. The defendant read the verdict and it said, "Found guilty of a fisherman's luck."

Aside from putting the state to considerable expense, bringing a man all the way from Austin to represent the state in the prosecution of the case, taking the men charged away from their business for a day, no damage was done.

OTHER TOWNS HAVE PHONE TROUBLE

Special to The Daily Ledger.
HOUSTON, Tex., June 11.—The solution of the telephone rate question is a matter that is confronting the commission in this city. A move to increase the rate caused the city to investigate the inside workings of the Southwestern Telephone Company with a view of ascertaining whether the company was entitled to a raise in rates. The committee appointed to audit the books reported that they could not tell anything about the net earnings of the company, and that the general manager of the company himself did not know what the company was earning.

Waco Opposes Two Phone Systems

Special to The Daily Ledger.
WACO, June 11.—A resolution was passed by the city commissioners Tuesday afternoon calling upon the Brazos Valley and the Southwestern Telephone companies operating in this city to proceed at once in some legal and practical way to connect and consolidate their exchange service. Among other reasons contained in the resolution of the commissioners for a consolidation of the two companies, it was claimed the present condition necessitated a large unnecessary expense to the people of Waco and was a continual inconvenience and nuisance. Their request for this action was placed before the commissioners by Dr. G. B. Fosene, representing the McLennan County Medical association. Dr. Fosene said: "Two telephone systems in this community is an unnecessary nuisance entailing an enormous extra expense without 'compensating' benefit. Information obtained from the telephone companies in Waco show that the Bell system has here 3,500 subscribers inclusive of private exchanges. Independent system has 4,464 subscribers exclusive of private exchanges. The Bell system collects from the citizens of Waco about \$147,000 per annum. The independent about \$189,000. Doing away with one system would mean a saving to the citizens of this city of about \$156,000 per year. Consolidating of the two companies would benefit the entire public and inconvenience no one."

After the kangaroo trial had ended the defendants and the man who came out from Austin to prosecute the case, (not the deputy game warden who filed the charges) spent the remainder of the day on the shady banks of the Concho fishing.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I finally

believe I would have died if I had taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

CONGRESSIONAL CONTEST INTERESTING.

By United Press.
Austin, Texas, June 11.—An extraordinary amount of interest is being taken in state Democratic political circles in the congressional contest in the Fourteenth District between Congressman James L. Slayden and Judge M. D. Slater of Llano. The fact that Judge Slater ran against Sladen in 1902 and came down to Bexar county line with a majority of 1100 makes Slater's friends confident, particularly in view of the reported disaffection of many of Sladen's former supporters in San Antonio.
